PLAN OF DISTRIBUTION

The Selling Securityholders and any pledgees, donees, transferees or other successors in interest of the Selling Securityholders (collectively, all shall be referred to as the "Selling Securityholders") may sell their Shares in various ways and at various prices. Some of the methods by which the Shares may be sold include:

ordinary brokerage transactions and transactions in which the broker solicits purchasers or makes arrangements for other brokers to participate in soliciting purchasers;

- privately negotiated transactions;

• block trades in which the broker or dealer will attempt to sell the Shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

• purchases by a broker or dealer as principal and resale by that broker or dealer for the Selling Securityholder's account under this prospectus on the Nasdaq National Market at prices and on terms then-prevailing in the market;

• sales under Rule 144, if available, rather than using the Prospectus and any subsequent Prospectus Supplement(s);

- a combination of any of these methods of sale; and
- any other legally permitted method.

The applicable sales price may be affected by the type of transaction.

When selling Shares, the Selling Securityholders intend to comply with the prospectus delivery requirements under the Securities Act, by delivering the Prospectus, Prospectus Supplement No. 1, Prospectus Supplement No. 2 and this Prospectus Supplement No. 3 and any other supplements or amendments to these documents to each purchaser. We may file any supplements, amendments or other necessary documents in compliance with the Securities Act that may be required if a Selling Securityholder defaults under any customer agreement with brokers.

Brokers and dealers may receive commissions or discounts from the Selling Securityholders or, if the broker-dealer acts as agent for the purchaser of the Shares, from that purchaser, in amounts to be negotiated. These commissions are not expected to exceed those customary in the types of transactions involved. We cannot estimate at the present time the amount of commissions or discounts, if any, that will be paid by the Selling Securityholders in connection with any sales of the Shares.

The Selling Securityholders and any broker-dealers or agents that participate with a Selling Securityholders in sales of the Shares may, in certain instances, be deemed to be "underwriters" within the meaning of the Securities Act in connection with these sales. In that event, any commissions received by the broker-dealers or agents and any profit on the resale of the Shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

Under the securities laws of certain states, the Shares may be sold in those states only through registered or licensed broker-dealers. In addition, the Shares may not be sold unless the Shares have been registered or qualified for sale in the relevant state or unless the Shares qualify for an exemption from registration or qualification.

We have agreed to pay all of our out-of-pocket expenses and our professional fees and expenses incident to the registration of the resale of the Shares. The Selling Securityholders and other persons participating in any distribution of the Shares offered under the Prospectus, Prospectus Supplement No. 1, Prospectus Supplement No. 2 and this Prospectus Supplement No. 3 are subject to the applicable requirements of Regulation M promulgated under the Exchange Act in connection with sales of the Shares.
