Note 1: Summary of Significant Accounting Policies

Plan Administration

The Compensation Committee (Committee) of the Board of Directors of Symmetry Medical Inc. (Company) administers the Symmetry Medical Inc. 2004 Employee Stock Purchase Plan (Plan). The Committee has the authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, and to make all other determinations necessary or advisable for the administration of the Plan. The administration, interpretation or application of the Plan by the Committee will be final, conclusive and binding upon all persons. The Company will bear the expenses of administering the Plan, except that any stamp duties or transfer taxes applicable to participation in the Plan may be charged to the accounts of the participants.

The purpose of the Plan is to provide employees of the Company the opportunity to purchase the Company's common stock through semiannual offerings financed by payroll deductions. Employees are eligible once they have completed three months of service and are an employee as of an offering date of an exercise period, provided they are expected on a regularly-scheduled basis to work more than 30 hours per week for more than ten months per calendar year. Participants may elect to have up to 10% of compensation deducted from their pay annually to purchase shares. Participant contributions for any Plan year may not, in the aggregate, exceed an amount that allows the participant to purchase Company stock with an aggregate fair market value of more than \$25,000 on the date of the grant to purchase Company stock or allow for purchase of more than 750 shares of Company stock per exercise period. Participants can purchase shares at 95% of the closing price on the last day of each exercise period.

Organization

The Plan was originally adopted by the Board of Directors on December 2, 2004. A total of 600,000 shares of common stock have been reserved for issuance under the Plan. The number of shares reserved for issuance will be increased each year until 2014 by the lowest of 100,000 shares, 1% of all shares outstanding at the end of the previous year or a lower amount determined by the Board of Directors. The shares of common stock issued under the Plan may be newly issued shares or shares reacquired in private transactions or open market purchases. Shares are issued to participants in their name, and the shares are not included in Plan assets.

In 2008, the Company issued 6,821 shares at \$15.41 per share and 14,429 shares at \$7.57 per share in June and December, respectively, to participants in the Plan. As of December 31, 2009, the Plan had 149 participants.

In 2009, the Company issued 11,986 shares at \$8.85 per share and 12,332 shares at \$7.66 per share in June and December, respectively, to participants in the Plan. As of December 31, 2010, the Plan had 187 participants.

In 2010, the Company issued 8,063 shares at \$10.01 per share and 9,824 shares at \$8.79 per share in June and December, respectively, to participants in the Plan. As of December 31, 2010, the Plan had 107 participants.

Note 2: Income Tax Status

The Plan is not and will not be qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (Code). The Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Code. Consequently, the difference between the purchase price and the fair market value of the stock purchase under the Plan is not includable in the participant's gross income for federal income tax purposes, unless a disqualifying distribution occurs.

Note 3: Subsequent Events

On April 14, 2011, the Plan was amended to remove waiting periods and eligibility requirements. The only limitation on enrollment in the Plan is the requirement that the participant be employed at the time of enrollment and as of the respective purchase dates, which shall continue to be offered on two occasions per year.

SIGNATURE
