Form 10-K
March 11, 2013

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, DC 20549

FORM 10-K

Annual Report Pursuant to Section 13 or 15(d)

of the Securities Exchange Act of 1934

For the fiscal year ended December 31, 2012

Commission File Number 1-12928

AGREE REALTY CORPORATION

(Exact name of Registrant as specified in its charter)

Maryland	38-3148187
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)

31850 Northwestern Highway, Farmington Hills, Michigan 48334

(Address of Principal Executive Offices)

Registrant's telephone number, including area code: (248) 737-4190

Securities Registered Pursuant to Section 12(b) of the Act:

Edgar Filing: AGREE REALTY CORP - Form 10-K

Title of Each Class	Name of Each Exchange	On Which Registered
Common Stock, \$.0001 par value	New York Stock Exchange	

Securities Registered Pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.
Yes ☐ No ☒

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☒

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☒

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer ☐ Accelerated filer ☒ Non-accelerated filer ☐ Smaller reporting company ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The aggregate market value of the Registrant's shares of common stock held by non-affiliates was approximately \$252,079,654 as of June 29, 2012, based on the closing price of \$22.13 on the New York Stock Exchange on that date.

At February 28, 2013, there were 13,243,094 shares of common stock, \$.0001 par value per share, outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the registrant's definitive proxy statement for the annual stockholder meeting to be held in 2013 are incorporated by reference into Part III of this Annual Report on Form 10-K as noted herein.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This report contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Securities Exchange Act”). We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and described our future plans, strategies and expectations, are generally identifiable by use of the words “anticipate,” “estimate,” “should,” “expect,” “believe,” “intend,” “may,” “will,” “seek,” “could,” “project,” or similar expressions. Forward-looking statements in this report include information about possible or assumed future events, including, among other things, discussion and analysis of our future financial condition, results of operations, our strategic plans and objectives, occupancy and leasing rates and trends, liquidity and ability to refinance our indebtedness as it matures, anticipated expenditures of capital, and other matters. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors, which are, in some cases, beyond our control and which could materially affect actual results, performances or achievements. Factors which may cause actual results to differ materially from current expectations, include but are not limited to: the global and national economic conditions and changes in general economic, financial and real estate market conditions; changes in our business strategy; risks that our acquisition and development projects will fail to perform as expected; the potential need to fund improvements or other capital expenditures out of operating cash flow; financing risks, such as the inability to obtain debt or equity financing on favorable terms or at all; the level and volatility of interest rates; our ability to re-lease space as leases expire; loss or bankruptcy of one or more of our major tenants; a failure of our properties to generate additional income to offset increases in operating expenses; our ability to maintain our qualification as real estate investment trust (“REIT”) for federal income tax purposes and the limitations imposed on our business by our status as a REIT; legislative or regulatory changes, including changes to laws governing REITs; and other factors discussed in Item 1A. “Risk Factors” and elsewhere in this report and in subsequent filings with the Securities and Exchange Commission (“SEC”). We caution you that any such statements are based on currently available operational, financial and competitive information, and that you should not place undue reliance on these forward-looking statements, which reflect our management’s opinion only as of the date on which they were made. Except as required by law, we disclaim any obligation to review or update these forward-looking statements to reflect events or circumstances as they occur.

PART I

Item 1: Business

General

Agree Realty Corporation, a Maryland corporation, is a fully-integrated, self-administered and self-managed REIT. The terms “Registrant”, “Company”, “we”, “our” or “us” refer to Agree Realty Corporation and/or its majority owned operating partnership, Agree Limited Partnership (“Operating Partnership”), and/or its majority owned and controlled subsidiaries, including its taxable REIT subsidiaries (“TRSs”), as the context may require. Our assets are held by and all of our operations are conducted through, directly or indirectly, the Operating Partnership, of which we are the sole general

partner and in which we held a 97.05% interest as of December 31, 2012. Under the partnership agreement of the Operating Partnership, we, as the sole general partner, have exclusive responsibility and discretion in the management and control of the Operating Partnership.

We are focused primarily on the ownership, development, acquisition and management of single tenant retail properties net leased to national tenants. We were incorporated in December 1993 to continue and expand the business founded in 1971 by our current Executive Chairman of the Board, Richard Agree. We specialize in acquiring and developing single tenant net leased retail properties for industry leading retail tenants. As of December 31, 2012, approximately 97% of our annualized base rent was derived from national tenants and regional tenants. As of December 31, 2012, approximately 44% of our annualized base rent was derived from our top three tenants: Walgreens Co. (“Walgreens”) – 30%; Kmart Corporation (“Kmart”) - 7% and CVS Caremark Corporation (“CVS”) – 7%.

At December 31, 2012, our portfolio consisted of 109 properties, located in 27 states containing an aggregate of approximately 3.2 million square feet of gross leasable area (“GLA”). As of December 31, 2012, our portfolio included 100 freestanding single tenant net leased properties and nine community shopping centers that were 98% leased with a weighted average lease term of approximately 12.1 years remaining. Substantially all of our freestanding property tenants and the majority of our community shopping center tenants have triple-net leases, which require the tenant to be responsible for property operating expenses including property taxes, insurance and maintenance. We believe this strategy provides a generally consistent source of income and cash for distributions. See Item 2. “Properties” for a summary of our developments and acquisitions in 2012, as well as other information regarding our tenants, leases and properties as of December 31, 2012.

We expect to continue to grow our asset base primarily through the development and acquisition of single tenant net leased retail properties that are leased on a long-term basis to industry leading retail tenants. Historically we have focused on development because we believe, based on our historical returns we have been able to achieve, it generally provided us a higher return on investment than the acquisition of similarly located properties. However, beginning in 2010, we commenced a strategic acquisition program to acquire retail properties net leased to industry leading retail tenants. Since our initial public offering in 1994, we have developed 56 of our 109 properties, including 47 of our 100 freestanding single tenant properties and all nine of our community shopping centers. As of December 31, 2012, the properties that we developed accounted for approximately 60% of our annualized base rent. We expect to continue to expand our tenant relationships and diversify our tenant base to include other quality industry leading retail tenants through the development and acquisition of net leased properties.

Growth Strategy

Our growth strategy includes the development and acquisition of industry leading single tenant net leased retail properties.

Development. We believe that our development strategy produces superior risk adjusted returns. Our development process commences with the identification of land parcels that we believe are situated in an attractive retail location. The location must be in a concentrated retail corridor, have high traffic counts, good visibility and demographics compatible with the desires of a targeted retail tenant. After assessing site feasibility we propose long-term net leases that commence prior to the development of the site.

Upon the execution of the lease, we acquire the land and pursue all necessary approvals to commence development. We direct all aspects of the development process, including land acquisition, due diligence, design, construction, lease negotiation and asset management.

Acquisitions. We strategically acquire single tenant net leased retail properties when we have determined that a potential acquisition target meets our return on investment criteria and such acquisition will diversify our rental

income either by tenant, geographically or retail sector concentration. Since the commencement of our acquisition program in April 2010, we have acquired 44 single tenant net leased retail properties in 22 states in 15 retail sectors.

Financing Strategy

As of December 31, 2012, our total mortgage debt was approximately \$117.4 million with a weighted average maturity of 5.7 years. Including our mortgages that have been swapped to a fixed interest rate, our weighted average interest rate on mortgage debt is 4.4%.

In addition to our mortgage debt, in October 2011, we replaced our \$55 million and \$5 million credit facilities with an \$85 million unsecured revolving credit facility (the "Credit Facility"). Subject to customary conditions, the total commitments under the Credit Facility may be increased up to an aggregate of \$135 million. In December 2012, we entered into an amendment to the Credit Facility which extended the maturity to October 26, 2015, and may be extended, at our election, for two one-year terms to October 2017, subject to certain conditions. Borrowings under the Credit Facility, as amended, are priced at LIBOR plus 150 to 215 basis points, depending on our leverage ratio. As of December 31, 2012, we had \$43.5 million outstanding under the Credit Facility with a weighted average interest rate of 2.39%, and \$41.5 million was available for borrowings, subject to customary conditions to borrowing.

We intend to maintain a ratio of total indebtedness (including construction and acquisition financing) to total enterprise value of 65% or less. At December 31, 2012, our ratio of indebtedness to total enterprise value assuming the conversion of limited partnership interests in the Operating Partnership (“OP units”), was approximately 33.8%.

We evaluate our borrowing policies on an on-going basis in light of current economic conditions, relative costs of debt and equity capital, market value of properties, growth and acquisition opportunities and other factors. There is no contractual limit or any limit in our organizational documents on our ratio of total indebtedness to total enterprise value, and accordingly, we may modify our borrowing policy and may increase or decrease our ratio of debt to total enterprise value without stockholder approval.

Asset Management

We maintain a proactive leasing and capital improvement program that, combined with the quality and locations of our properties, has made our properties attractive to tenants. We intend to continue to hold our properties for long-term investment and, accordingly, place a strong emphasis on the quality of construction and an on-going program of regular maintenance. Our properties are designed and built to require minimal capital improvements other than renovations or expansions paid for by tenants. At our nine community shopping center properties, we subcontract on site functions such as maintenance, landscaping, snow removal and sweeping. The cost of these functions is generally reimbursed by our tenants. Personnel from our corporate headquarters conduct regular inspections of each property and maintain regular contact with major tenants.

We have a management information system designed to provide management with the operating data necessary to make informed business decisions on a timely basis. This system provides us rapid access to lease data, tenants’ sales history, cash flow budgets and forecasts. Such a system enables us to maximize cash flow from operations and closely monitor corporate expenses.

Major Tenants

As of December 31, 2012, approximately 39% of our GLA was leased to Walgreens, Kmart, and CVS and approximately 44% of our total annualized base rent was attributable to these tenants. At December 31, 2012, Walgreens occupied approximately 14% of our GLA and accounted for approximately 30% of our annualized base rent. At December 31, 2012, Kmart occupied approximately 23% of our GLA and accounted for approximately 7% of our annualized base rent. At December 31, 2012, CVS occupied approximately 2% of our GLA and accounted for approximately 7% of our annualized base rent. No other tenant accounted for more than 6% of annualized base rent in 2012. The loss of any of these anchor tenants or a significant number of their stores, or the inability of any of them to pay rent, would have a material adverse effect on our business.

Borders

As of December 31, 2010, we had 14 properties leased to Borders, Inc. (“Borders”) under triple net leases, including 13 retail properties and the corporate headquarters in Ann Arbor, Michigan. As of December 31, 2010, we had annualized base rent of approximately \$7.4 million from Borders, Inc., amounting to approximately 20% of our total annualized base rent. In addition, as of December 31, 2010, we owned two additional Borders locations that were occupied by subtenants under sublease agreements with Borders.

On February 16, 2011, Borders filed a petition for reorganization relief under Chapter 11 of the Bankruptcy Code. In July 2011, Borders, unable to sell itself as a going concern, sought and received the bankruptcy court's approval for the liquidation of all of the assets of Borders, including its leases, under Chapter 11 of the Bankruptcy Code. The Borders liquidation commenced in July 2011 under a phased program and concluded in September 2011. During the year ended December 31, 2011, Borders closed stores and rejected the leases at all of our properties leased to Borders.

In January 2011, we completed the sale of two of our former Borders properties located in Tulsa, Oklahoma. The properties were sold to an unrelated party for approximately \$6.5 million. The proceeds from the sale were used to pay down amounts outstanding under our credit facilities. In addition, in December 2011, we completed the sale of one former Borders location in Norman, Oklahoma for approximately \$1.6 million.

As discussed above, two of our Borders locations were occupied by subtenants under sublease agreements with Borders. In connection with the Chapter 11 bankruptcy proceedings, effective July 1, 2011, our affiliates took control of the two properties through an assignment of those subleases. We waived certain bankruptcy rejection damage claims against Borders for its unencumbered stores to facilitate this transaction, and Borders is no longer obligated under the two leases. The two properties are located in Boynton Beach, Florida (subleased to Off Broadway Shoes) and Indianapolis, Indiana (subleased to Simply Amish Furniture). We also have the ability to develop a 16,000 square foot building adjacent to the Boynton Beach property. In July 2011, we leased the former Borders location in Wichita, Kansas to Vitamin Cottage Natural Food Markets, Inc. The new tenant opened a Natural Grocers by Vitamin Cottage store in the location during November 2011. In addition, in September 2011, the former Borders location in Columbia, Maryland was assigned to Books-A-Million.

During the quarter ended September 30, 2011, we recognized various non-cash items amounting to net charges of \$5.4 million related to the Borders properties. These included non-cash impairment charges of \$13.5 million, offset by non-cash deferred revenue recognition of \$5.7 million which is included in discontinued operations and a non-cash gain on extinguishment of debt of \$2.4 million.

During the fourth quarter of 2011, we conveyed the former Borders corporate headquarters property in Ann Arbor, Michigan, which was subject to a non-recourse mortgage loan in default, to the lender pursuant to a consensual deed-in-lieu-of-foreclosure process that satisfied the loan. In addition, during the fourth quarter of 2011, we entered into a settlement agreement that provided for the termination of the ground lease on a former Borders property in Ann Arbor, Michigan, and conveyed the retail portion of the property to the ground lessor and retained the office portion of the property. On March 6, 2012, we conveyed the four former Borders properties located in Germantown, Maryland; Oklahoma City, Oklahoma; Omaha, Nebraska and Columbia, Maryland, which were subject to non-recourse mortgage indebtedness in default, to the lender pursuant to a consensual deed-in-lieu-of-foreclosure process that satisfied the loans. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources—Debt.”

As of December 31, 2011, we had no rental income attributable to Borders. At that date we had five vacant former Borders locations in Ann Arbor, Michigan (office); Columbus, Ohio; Lawrence, Kansas; Monroeville, Pennsylvania; and Omaha, Nebraska.

In March 2012, we sold the Ann Arbor, Michigan (office) property for \$.6 million, in May 2012 we sold the Omaha, Nebraska property for approximately \$2.7 million, and in September 2012 we sold the Columbus, Ohio property for \$1.7 million. We entered into a lease with the City of Lawrence for the Lawrence, Kansas location and rent commenced in the fourth quarter of 2012. In addition, we announced the execution of a lease with HomeGoods for the Monroeville, Pennsylvania property and anticipate rent commencement in the third quarter of 2013.

Tax Status

We believe that we have operated, and we intend to continue to operate, in a manner to qualify as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”). In order to maintain our qualification as a REIT, we must, among other things, distribute at least 90% of our REIT taxable income and meet certain asset and income tests. Additionally, our charter limits ownership of our Company, directly or constructively, by any single person to 9.8% of the value of our outstanding common stock and preferred stock, subject to certain exceptions. As a REIT, we are not subject to federal income tax with respect to that portion of our income that meets certain criteria and is distributed annually to the stockholders.

We established TRS entities pursuant to the provisions of the Internal Revenue Code. Our TRS entities are able to engage in activities resulting in income that would be nonqualifying income for a REIT. As a result, certain activities

of our Company which occur within our TRS entities are subject to federal and state income taxes.

Competition

The U.S. commercial real estate investment market continues to be a highly competitive industry. We actively compete with many other entities engaged in the development, acquisition and operation of commercial properties. As such, we compete for a limited supply of properties and financing for these properties. Investors include large institutional investors, insurance companies, credit companies, pension funds, private individuals, investment companies and other REITs, many of which have greater financial and other resources than we do. There can be no assurance that we will be able to compete successfully with such entities in our development, acquisition and leasing activities in the future.

Potential Environmental Risks

Investments in real property create a potential for environmental liability on the part of the owner or operator of such real property. If hazardous substances are discovered on or emanating from a property, the owner or operator of the property may be held strictly liable for all costs and liabilities relating to such hazardous substances. We have obtained a Phase I environmental study (which involves inspection without soil sampling or ground water analysis) conducted by independent environmental consultants on each of our properties. Furthermore, we have adopted a policy of conducting a Phase I environmental study on each property we acquire and if necessary conducting additional investigation as warranted.

During 2012, we conducted Phase I environmental studies for the 25 properties that we acquired and the six properties that we developed. In addition to the Phase I environmental study, we conducted additional investigation, including a Phase II environmental assessment, on one of the properties that we acquired and two of the properties that we developed. This additional investigation indicated no further action was required.

During 2011, we conducted Phase I environmental studies for the 10 properties that we acquired and one property we developed. The results of all of the Phase I studies on the acquisition properties indicated that no further action was warranted. On the development property, in addition to the Phase I environmental study, we conducted an additional investigation including a Phase II environmental assessment which indicated no further action was required.

In addition, we have no knowledge of any hazardous substances existing on any of our properties in violation of any applicable laws; however, no assurance can be given that such substances are not located on any of the properties. We carry no insurance coverage for the types of environmental risks described above.

We believe that we are in compliance, in all material respects, with all federal, state and local ordinances and regulations regarding hazardous or toxic substances. Furthermore, we have not been notified by any governmental authority of any noncompliance, liability or other claim in connection with any of the properties.

Employees

As of December 31, 2012, we employed 14 persons. Employee responsibilities include accounting, land acquisition, construction, management, leasing, acquisition sourcing and underwriting, property coordination and administrative functions for the properties. Our employees are not covered by a collective bargaining agreement, and we consider our employee relations to be satisfactory.

Financial Information About Industry Segments

We are in the business of development, acquisition and management of freestanding single tenant net leased properties and community shopping centers. We consider our activities to consist of a single industry segment. See the Consolidated Financial Statements and Notes thereto included in this Annual Report on Form 10-K.

Available Information

Our headquarters is located at 31850 Northwestern Highway, Farmington Hills, MI 48334 and our telephone number is (248) 737-4190. Our website address is www.agreerealty.com. Our reports electronically filed with or furnished to the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act can be accessed through this site, free of

charge, as soon as reasonably practicable after we electronically file or furnish such reports. These filings are also available on the SEC's website at www.sec.gov. Our website also contains copies of our corporate governance guidelines and code of business conduct and ethics as well as the charters of our audit, compensation and nominating and corporate governance committees. The information on our website is not part of this report.

**Item 1a: Risk
Factors**

Risks Related to Our Business and Operations

The current global economic and financial conditions may have a negative effect on our business and operations.

While economic conditions in many of our markets have improved, current economic and financial conditions continue to be challenging and volatile and any worsening of such conditions, including any disruption in the capital markets, could adversely affect our business and operations. The nature of the recovery in the economic, credit and financial markets remains uncertain, and there can be no assurance that market conditions will continue to improve in the near future or that our results will not continue to be materially and adversely affected. Potential consequences of the current economic and financial conditions include:

- the financial condition of our tenants may be adversely affected, which may result in tenant defaults under the leases due to bankruptcy, lack of liquidity, operational failures or for other reasons;
- current or potential tenants may delay or postpone entering into long-term net leases with us which could continue to lead to reduced demand for commercial real estate;
- the ability to borrow on terms and conditions that we find acceptable may be limited or unavailable, which could reduce our ability to pursue acquisition and development opportunities and refinance existing debt, reduce our returns from acquisition and development activities, reduce our ability to make cash distributions to our stockholders and increase our future interest expense;
- our ability to access the capital markets may be restricted at a time when we would like, or need, to access those markets, which could have an impact on our flexibility to react to changing economic and business conditions;
- the recognition of impairment charges on or reduced values of our properties, which may adversely affect our results of operations or limit our ability to dispose of assets at attractive prices and may reduce the availability of buyer financing; and
- one or more lenders under the Credit Facility could fail and we may not be able to replace the financing commitment of any such lenders on favorable terms, or at all.

We are also limited in our ability to reduce costs to offset the results of a prolonged or severe economic downturn given certain fixed costs and commitments associated with our operations. Such conditions make it very difficult to forecast operating results, make business decisions and identify and address material business risks.

Single-tenant leases involve significant risks of tenant default.

We focus our development and investment activities on ownership of real properties that are leased to a single-tenant. Therefore, the financial failure of, or other default in payment by, a single-tenant under its lease is likely to cause a significant reduction in our operating cash flows from that property and a significant reduction in the value of the property, and could cause a significant reduction in our revenues and a significant impairment loss. We may also experience difficulty or a significant delay in re-leasing such property. The current economic and financial conditions may put financial pressure on and increase the likelihood of the financial failure of, or other default in payment by,

one or more of the tenants to whom we have exposure.

Failure by any major tenant with leases in multiple locations to make rental payments to us, because of a deterioration of its financial condition or otherwise, would have a material adverse effect on us.

We derive substantially all of our revenue from tenants who lease space from us at our properties. Therefore, our ability to generate cash from operations is dependent on the rents that we are able to charge and collect from our tenants. At any time, our tenants may experience a downturn in their business that may significantly weaken their financial condition, particularly during periods of economic uncertainty. As a result, our tenants may delay lease commencements, decline to extend or renew leases upon expiration, fail to make rental payments when due, close a number of stores or declare bankruptcy. Any of these actions could result in the termination of the tenant's leases and the loss of rental income attributable to the terminated leases. In addition, lease terminations by a major tenant or a failure by that major tenant to occupy the premises could result in lease terminations or reductions in rent by other tenants in the same shopping centers under the terms of some leases. In that event, we may be unable to re-lease the vacated space at attractive rents or at all. The occurrence of any of the situations described above would have a material adverse effect on our results of operations and our financial condition. See “—We rely significantly on three major tenants, and therefore, are subject to tenant credit concentrations that make us more susceptible to adverse events with respect to those tenants” below.

We rely significantly on three major tenants, and therefore, are subject to tenant credit concentrations that make us more susceptible to adverse events with respect to those tenants.

As of December 31, 2012, we derived approximately 44% of our annualized base rent from three major tenants:

- Approximately 30% of our annualized base rent was from Walgreens;
- Approximately 7% of our annualized base rent was from Kmart; and
- Approximately 7% of our annualized base rent was from CVS.

In the event of a default by any of these tenants under their leases, we may experience delays in enforcing our rights as lessor and may incur substantial costs in seeking to protect our investment. Any bankruptcy, insolvency or failure to make rental payments by, or any adverse change in the financial condition of, one or more of these tenants, or any other tenant to whom we may have a significant credit concentration now or in the future, would likely result in a material reduction of our cash flows and material losses to our company.

Bankruptcy laws will limit our remedies if a tenant becomes bankrupt and rejects the lease.

If a tenant becomes bankrupt or insolvent, that could diminish the income we receive from that tenant's leases. We may not be able to evict a tenant solely because of its bankruptcy. On the other hand, a bankruptcy court might authorize the tenant to terminate its leasehold with us. If that happens, our claim against the bankrupt tenant for unpaid future rent would be an unsecured prepetition claim subject to statutory limitations, and therefore such amounts received in bankruptcy are likely to be substantially less than the remaining rent we otherwise were owed under the leases. In addition, any claim we have for unpaid past rent could be substantially less than the amount owed.

Certain of our tenants at our community shopping centers have the right to terminate their leases if other tenants cease to occupy a property.

In the event that certain tenants cease to occupy a property, although under most circumstances such a tenant would remain liable for its lease payments, such an action may result in certain other tenants at our community shopping centers having the right to terminate their leases at the affected property, which could adversely affect the future income from that property. As of December 31, 2012, each of our community shopping centers had tenants with those provisions in their leases.

Our portfolio has limited geographic diversification, which makes us more susceptible to adverse events in these areas.

Our properties are located primarily in the mid-western United States and in particular, the State of Michigan (with 47 properties). An economic downturn or other adverse events or conditions such as terrorist attacks or natural disasters

in these areas, or any other area where we may have significant concentration now or in the future, could result in a material reduction of our cash flows or material losses to our company.

Risks associated with our development and acquisition activities.

We intend to continue the development of new properties and to consider possible acquisitions of existing properties. We anticipate that our new developments will be financed under the Credit Facility or other forms of construction financing that will result in a risk that permanent financing on newly developed projects might not be available or would be available only on disadvantageous terms. In addition, new project development is subject to a number of risks, including risks of construction delays or cost overruns that may increase anticipated project costs, and new project commencement risks such as receipt of zoning, occupancy and other required governmental permits and authorizations and the incurrence of development costs in connection with projects that are not pursued to completion. If permanent debt or equity financing is not available on acceptable terms to finance new development or acquisitions undertaken without permanent financing, further development activities or acquisitions might be curtailed or cash available for distribution might be adversely affected. Acquisitions entail risks that investments will fail to perform in accordance with expectations, as well as general investment risks associated with any new real estate investment.

Properties that we acquire or develop may be located in new markets where we may face risks associated with investing in an unfamiliar market.

We may acquire or develop properties in markets that are new to us. When we acquire or develop properties located in these markets, we may face risks associated with a lack of market knowledge or understanding of the local economy, forging new business relationships in the area and unfamiliarity with local government and permitting procedures.

We own several of our properties subject to ground leases that expose us to the loss of such properties upon breach or termination of the ground leases and may limit our ability to sell these properties.

We own several of our properties through leasehold interests in the land underlying the buildings and we may acquire additional buildings in the future that are subject to similar ground leases. As lessee under a ground lease, we are exposed to the possibility of losing the property upon termination, or an earlier breach by us, of the ground lease, which may have a material adverse effect on our business, financial condition and results of operations, our ability to make distributions to our stockholders and the trading price of our common stock. Our ground leases contain certain provisions that may limit our ability to sell certain of our properties. In order to assign or transfer our rights and obligations under certain of our ground leases, we generally must obtain the consent of the landlord which, in turn, could adversely impact the price realized from any such sale.

Joint venture investments will expose us to certain risks.

We may from time to time enter into joint venture transactions for portions of our existing or future real estate assets. Investing in this manner subjects us to certain risks, among them the following:

- We will not exercise sole decision-making authority regarding the joint venture's business and assets and, thus, we may not be able to take actions that we believe are in our company's best interests.

- We may be required to accept liability for obligations of the joint venture (such as recourse carve-outs on mortgage loans) beyond our economic interest.

- Our returns on joint venture assets may be adversely affected if the assets are not held for the long-term.

The availability and timing of cash distributions is uncertain.

We expect to continue to pay quarterly distributions to our stockholders. However, we bear all expenses incurred by our operations, and our funds generated by operations, after deducting these expenses, may not be sufficient to cover desired levels of distributions to our stockholders. In addition, our board of directors, in its discretion, may retain any portion of such cash for working capital. We cannot assure our stockholders that sufficient funds will be available to pay distributions.

We depend on our key personnel.

Our success depends to a significant degree upon the continued contributions of certain key personnel including, but not limited to, our executive officers, each of whom would be difficult to replace. If any of our key personnel were to cease employment with us, our operating results could suffer. Our ability to retain our executive officers or to attract suitable replacements should any members of the management group leave is dependent on the competitive nature of the employment market. The loss of services from key members of the management group or a limitation in their availability could adversely impact our future development or acquisition operations, our financial condition and cash flows. Further, such a loss could be negatively perceived in the capital markets. We have not obtained and do not expect to obtain key man life insurance on any of our key personnel.

We face significant competition.

We face competition in seeking properties for acquisition and tenants who will lease space in these properties from insurance companies, credit companies, pension or private equity funds, private individuals, investment companies, other REITs and other industry participants, many of which have greater financial and other resources than we do. There can be no assurance that we will be able to successfully compete with such entities in our development, acquisition and leasing activities in the future.

General Real Estate Risk

Our performance and value are subject to general economic conditions and risks associated with our real estate assets.

There are risks associated with owning and leasing real estate. Although many of our leases contain terms that obligate the tenants to bear substantially all of the costs of operating our properties, investing in real estate involves a number of risks. Income from and the value of our properties may be adversely affected by:

- Changes in general or local economic conditions;
- The attractiveness of our properties to potential tenants;
- Changes in supply of or demand for similar or competing properties in an area;
- Bankruptcies, financial difficulties or lease defaults by our tenants;
- Changes in operating costs and expense and our ability to control rents;
- Our ability to lease properties at favorable rental rates;
- Our ability to sell a property when we desire to do so at a favorable price;
- Unanticipated changes in costs associated with known adverse environmental conditions or retained liabilities for such conditions;
- Changes in or increased costs of compliance with governmental rules, regulations and fiscal policies, including changes in tax, real estate, environmental and zoning laws, and our potential liability thereunder; and
- Unanticipated expenditures to comply with the Americans with Disabilities Act and other similar regulations.

The current economic and financial market conditions have and may continue to exacerbate many of the foregoing risks. If a tenant fails to perform on its lease covenants, that would not excuse us from meeting any mortgage debt obligation secured by the property and could require us to fund reserves in favor of our mortgage lenders, thereby reducing funds available for payment of cash dividends on our shares of common stock.

The fact that real estate investments are relatively illiquid may reduce economic returns to investors.

We may desire to sell a property in the future because of changes in market conditions or poor tenant performance or to avail ourselves of other opportunities. We may also be required to sell a property in the future to meet secured debt obligations or to avoid a secured debt loan default. Real estate properties cannot always be sold quickly, and we cannot assure you that we could always obtain a favorable price, especially in light of the current global economic and financial market crisis. We may be required to invest in the restoration or modification of a property before we can sell it. This lack of liquidity may limit our ability to vary our portfolio promptly in response to changes in economic or other conditions and, as a result, could adversely affect our financial condition, results of operations, cash flows and our ability to pay distributions on our common stock.

Our ability to renew leases or re-lease space on favorable terms as leases expire significantly affects our business.

We are subject to the risks that, upon expiration of leases for space located in our properties, the premises may not be re-let or the terms of re-letting (including the cost of concessions to tenants) may be less favorable than current lease terms. If a tenant does not renew its lease or if a tenant defaults on its lease obligations, there is no assurance we could obtain a substitute tenant on acceptable terms. If we cannot obtain another tenant with comparable structural needs, we may be required to modify the property for a different use, which may involve a significant capital expenditure and a delay in re-leasing the property. Further, if we are unable to re-let promptly all or a substantial portion of our retail space or if the rental rates upon such re-letting were significantly lower than expected rates, our net income and ability to make expected distributions to stockholders would be adversely affected. There can be no assurance that we will be able to retain tenants in any of our properties upon the expiration of their leases.

A property that incurs a vacancy could be difficult to sell or re-lease.

A property may incur a vacancy either by the continued default of a tenant under its lease or the expiration of one of our leases. Certain of our properties may be specifically suited to the particular needs of a tenant. We may have difficulty obtaining a new tenant for any vacant space we have in our properties. If the vacancy continues for a long period of time, we may suffer reduced revenues resulting in less cash available to be distributed to stockholders. In addition, the resale value of a property could be diminished because the market value of a particular property will depend principally upon the value of the leases of such property.

Potential liability for environmental contamination could result in substantial costs.

Under federal, state and local environmental laws, we may be required to investigate and clean up any release of hazardous or toxic substances or petroleum products at our properties, regardless of our knowledge or actual responsibility, simply because of our current or past ownership or operation of the real estate. If unidentified environmental problems arise, we may have to make substantial payments, which could adversely affect our cash flow and our ability to make distributions to our stockholders. This potential liability results from the following:

- As owner we may have to pay for property damage and for investigation and clean-up costs incurred in connection with the contamination.

- The law may impose clean-up responsibility and liability regardless of whether the owner or operator knew of or caused the contamination.

- Even if more than one person is responsible for the contamination, each person who shares legal liability under environmental laws may be held responsible for all of the clean-up costs.

- Governmental entities and third parties may sue the owner or operator of a contaminated site for damages and costs.

These costs could be substantial and in extreme cases could exceed the value of the contaminated property. The presence of hazardous substances or petroleum products or the failure to properly remediate contamination may adversely affect our ability to borrow against, sell or lease an affected property. In addition, some environmental laws create liens on contaminated sites in favor of the government for damages and costs it incurs in connection with a contamination.

We own and may in the future acquire properties that will be operated as convenience stores and gas station facilities. The operation of convenience stores and gas station facilities at our properties will create additional environmental concerns. We require that the tenants who operate these facilities do so in material compliance with current laws and regulations.

A majority of our leases require our tenants to comply with environmental laws and to indemnify us against environmental liability arising from the operation of the properties. However, we could be subject to strict liability under environmental laws because we own the properties. There is also a risk that tenants may not satisfy their environmental compliance and indemnification obligations under the leases. Any of these events could substantially increase our cost of operations, require us to fund environmental indemnities in favor of our secured lenders and reduce our ability to service our secured debt and pay dividends to stockholders and any debt security interest payments. Environmental problems at any properties could also put us in default under loans secured by those properties, as well as loans secured by unaffected properties.

Uninsured losses relating to real property may adversely affect our returns.

Our leases require tenants to carry comprehensive liability and extended coverage insurance on our properties. However, there are certain losses, including losses from environmental liabilities, terrorist acts or catastrophic acts of nature, that are not generally insured against or that are not generally fully insured against because it is not deemed economically feasible or prudent to do so. If there is an uninsured loss or a loss in excess of insurance limits, we could lose both the revenues generated by the affected property and the capital we have invested in the property. In the event of a substantial unreimbursed loss, we would remain obligated to repay any mortgage indebtedness or other obligations related to the property.

Risks Related to Our Debt Financings

Leveraging our portfolio subjects us to increased risk of loss, including loss of properties in the event of a foreclosure.

At December 31, 2012, our ratio of indebtedness to total enterprise value (assuming conversion of OP units) was approximately 33.8%. The use of leverage presents an additional element of risk in the event that (1) the cash flow from lease payments on our properties is insufficient to meet debt obligations, (2) we are unable to refinance our debt obligations as necessary or on as favorable terms or (3) there is an increase in interest rates. If a property is mortgaged to secure payment of indebtedness and we are unable to meet mortgage payments, the property could be foreclosed upon with a consequent loss of income and asset value to us. Under the “cross-default” provisions contained in mortgages encumbering some of our properties, our default under a mortgage with a lender would result in our default under mortgages held by the same lender on other properties resulting in multiple foreclosures.

We intend to maintain a ratio of total indebtedness (including construction or acquisition financing) to total enterprise value of 65% or less. Nevertheless, we may operate with debt levels which are in excess of 65% of total enterprise value for extended periods of time. Our organization documents contain no limitation on the amount or percentage of indebtedness which we may incur. Therefore, our board of directors, without a vote of the stockholders, could alter the general policy on borrowings at any time. If our debt capitalization policy were changed, we could become more highly leveraged, resulting in an increase in debt service that could adversely affect our operating cash flow and our ability to make expected distributions to stockholders, and could result in an increased risk of default on our obligations.

Covenants in our credit agreements could limit our flexibility and adversely affect our financial condition.

The terms of the Credit Facility and other indebtedness require us to comply with a number of customary financial and other covenants. These covenants may limit our flexibility in our operations, and breaches of these covenants could result in defaults under the instruments governing the applicable indebtedness even if we have satisfied our payment obligations. The Credit Facility contains certain cross-default provisions which could be triggered in the event that we default on our other indebtedness. These cross-default provisions may require us to repay or restructure the Credit Facility in addition to any mortgage or other debt that is in default. If our properties were foreclosed upon, or if we are unable to refinance our indebtedness at maturity or meet our payment obligations, the amount of our distributable cash flows and our financial condition would be adversely affected.

Credit market developments may reduce availability under our credit agreements.

Due to the current volatile state of the credit markets, there is risk that lenders, even those with strong balance sheets and sound lending practices, could fail or refuse to honor their legal commitments and obligations under existing credit commitments, including but not limited to: extending credit up to the maximum permitted by a credit facility, allowing access to additional credit features and/or honoring loan commitments. If our lender(s) fail to honor their legal commitments under our credit facilities, it could be difficult in the current environment to replace our credit facilities on similar terms. The failure of any of the lenders under the Credit Facility may impact our ability to finance our operating or investing activities.

Our hedging strategies may not be successful in mitigating our risks associated with interest rates and could reduce the overall returns on your investment.

We use various derivative financial instruments to provide a level of protection against interest rate risks, but no hedging strategy can protect us completely. These instruments involve risks, such as the risk that the counterparties may fail to honor their obligations under these arrangements, that these arrangements may not be effective in reducing our exposure to interest rate changes and that a court could rule that such agreements are not legally enforceable. These instruments may also generate income that may not be treated as qualifying REIT income for purposes of the 75% or 95% REIT income tests. In addition, the nature and timing of hedging transactions may influence the effectiveness of our hedging strategies. Poorly designed strategies or improperly executed transactions could actually increase our risk and losses. Moreover, hedging strategies involve transaction and other costs. We cannot assure you that our hedging strategy and the derivatives that we use will adequately offset the risk of interest rate volatility or that

our hedging transactions will not result in losses that may reduce the overall return on your investment.

Risks Related to Our Corporate Structure

Our charter and Maryland law contain provisions that may delay, defer or prevent a change of control transaction.

Our charter contains a 9.8% ownership limit. Our charter, subject to certain exceptions, authorizes our directors to take such actions as are necessary and desirable to preserve our qualification as a REIT and to limit any person to actual or constructive ownership of no more than 9.8% of the value of our outstanding shares of common stock and preferred stock, except that the any member of the Agree-Rosenberg Group (as defined in our charter) (the “Agree-Rosenberg Group”) may own up to 24%. Our board of directors, in its sole discretion, may exempt, subject to the satisfaction of certain conditions, any person from the ownership limit. However, our board of directors may not grant an exemption from the ownership limit to any person whose ownership, direct or indirect, in excess of 9.8% of the value of our outstanding shares of common stock and preferred stock could jeopardize our status as a REIT. These restrictions on transferability and ownership will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT. The ownership limit may delay or impede, and we may use the ownership limit deliberately to delay or impede, a transaction or a change of control that might involve a premium price for our common stock or otherwise be in the best interest of our stockholders.

We have a staggered board. Our directors are divided into three classes serving three-year staggered terms. The staggering of our board of directors may discourage offers for our company or make an acquisition more difficult, even when an acquisition is in the best interest of our stockholders.

We have a shareholder rights plan. Under the terms of this plan, we can in effect prevent a person or group from acquiring more than 15% of the outstanding shares of our common stock because, unless we approve of the acquisition, after the person acquires more than 15% of our outstanding common stock, all other stockholders will have the right to purchase securities from us at a price that is less than their then fair market value. This would substantially reduce the value and influence of the stock owned by the acquiring person. Our board of directors can prevent the plan from operating by approving the transaction in advance, which gives us significant power to approve or disapprove of the efforts of a person or group to acquire a large interest in our company.

We could issue stock without stockholder approval. Our board of directors could, without stockholder approval, issue authorized but unissued shares of our common stock or preferred stock. In addition, our board of directors could, without stockholder approval, classify or reclassify any unissued shares of our common stock or preferred stock and set the preferences, rights and other terms of such classified or reclassified shares. Our board of directors could establish a series of stock that could, depending on the terms of such series, delay, defer or prevent a transaction or change of control that might involve a premium price for our common stock or otherwise be in the best interest of our stockholders.

Provisions of Maryland law may limit the ability of a third party to acquire control of our company. Certain provisions of Maryland law may have the effect of inhibiting a third party from making a proposal to acquire us or of impeding a change of control under certain circumstances that otherwise could provide the holders of shares of our common stock with the opportunity to realize a premium over the then prevailing market price of such shares, including:

“Business combination” provisions that, subject to limitations, prohibit certain business combinations between us and an “interested stockholder” (defined generally as any person who beneficially owns 10% or more of the voting power of our shares or an affiliate thereof) for five years after the most recent date on which the stockholder becomes an interested stockholder and thereafter would require the recommendation of our board of directors and impose special appraisal rights and special stockholder voting requirements on these combinations; and

“Control share” provisions that provide that “control shares” of our company (defined as shares which, when aggregated with other shares controlled by the stockholder, entitle the stockholder to exercise one of three increasing ranges of voting power in electing directors) acquired in a “control share acquisition” (defined as the direct or indirect acquisition of ownership or control of “control shares”) have no voting rights except to the extent approved by our stockholders by the affirmative vote of at least two-thirds of all the votes entitled to be cast on the matter, excluding all interested shares.

The business combination statute permits various exemptions from its provisions, including business combinations that are approved or exempted by the board of directors before the time that the interested stockholder becomes an interested stockholder. Our board of directors has exempted from the business combination provisions of the MGCL any business combination with Mr. Richard Agree or any other person acting in concert or as a group with Mr. Richard Agree.

In addition, our bylaws contain a provision exempting from the control share acquisition statute any members of the Agree-Rosenberg Group, our other officers, our employees, any of the associates or affiliates of the foregoing and any other person acting in concert of as a group with any of the foregoing.

Additionally, Title 3, Subtitle 8 of the Maryland General Corporation Law, or MGCL, permits our board of directors, without stockholder approval and regardless of what is currently provided in our charter or our bylaws, to implement takeover defenses. These provisions may have the effect of inhibiting a third party from making an acquisition proposal for our company or of delaying, deferring or preventing a change in control of our company under circumstances that otherwise could provide the holders of our common stock with the opportunity to realize a premium over the then-current market price.

Our charter, our bylaws, the limited partnership agreement of our operating partnership and Maryland law also contain other provisions that may delay, defer or prevent a transaction or a change of control that might involve a premium price for our common stock or otherwise be in the best interest of our stockholders.

Our board of directors can take many actions without stockholder approval.

Our board of directors has overall authority to oversee our operations and determine our major corporate policies. This authority includes significant flexibility. For example, our board of directors can do the following:

- Change our investment and financing policies and our policies with respect to certain other activities, including our growth, debt capitalization, distributions, REIT status and investment and operating policies;
- Within the limits provided in our charter, prevent the ownership, transfer and/or accumulation of shares in order to protect our status as a REIT or for any other reason deemed to be in the best interests of us and our stockholders;
- Issue additional shares without obtaining stockholder approval, which could dilute the ownership of our then-current stockholders;
- Classify or reclassify any unissued shares of our common stock or preferred stock and set the preferences, rights and other terms of such classified or reclassified shares, without obtaining stockholder approval;
- Employ and compensate affiliates;
- Direct our resources toward investments that do not ultimately appreciate over time;
- Change creditworthiness standards with respect to third-party tenants; and
- Determine that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT.

Any of these actions could increase our operating expenses, impact our ability to make distributions or reduce the value of our assets without giving our stockholders the right to vote.

Future offerings of debt and equity may not be available to us or may adversely affect the market price of our common stock.

We expect to continue to increase our capital resources by making additional offerings of equity and debt securities in the future, which would include classes of preferred stock, common stock and senior or subordinated notes. Our ability to raise additional capital may be adversely impacted by market conditions, and we do not know if market conditions will continue to stabilize or improve. Future market dislocations could cause us to seek sources of potentially less attractive capital. All debt securities and other borrowings, as well as all classes of preferred stock, will be senior to our common stock in a liquidation of our company. Additional equity offerings could dilute our stockholders' equity, and reduce the market price of shares of our common stock. In addition, we may issue preferred stock with a distribution preference that may limit our ability to make distributions on our common stock. Our ability to estimate the amount, timing or nature of additional offerings is limited as these factors will depend upon market conditions and other factors.

The market price of our stock may vary substantially.

The market price of our common stock could be volatile, and investors in our common stock may experience a decrease in the value of their shares, including decreases unrelated to our operating performance or prospects. Among the market conditions that may affect the market price of our common stock are the following:

- Our financial condition and operating performance and the performance of other similar companies;
- Actual or anticipated variations in our quarterly results of operations;
- The extent of investor interest in our company, real estate generally or commercial real estate specifically;
- The reputation of REITs generally and the attractiveness of their equity securities in comparison to other equity securities, including securities issued by other real estate companies, and fixed income securities;
- Changes in expectations of future financial performance or changes in estimates of securities analysts;
- Fluctuations in stock market prices and volumes; and
- Announcements by us or our competitors of acquisitions, investments or strategic alliances.

Certain officers and directors may have interests that conflict with the interests of stockholders.

Certain of our officers and members of our board of directors own OP units in the Operating Partnership. These individuals may have personal interests that conflict with the interests of our stockholders with respect to business decisions affecting us and the Operating Partnership, such as interests in the timing and pricing of property sales or refinancings in order to obtain favorable tax treatment. As a result, the effect of certain transactions on these unit holders may influence our decisions affecting these properties.

Federal Income Tax Risks

Complying with REIT requirements may cause us to forego otherwise attractive opportunities.

To qualify as a REIT for federal income tax purposes we must continually satisfy numerous income, asset and other tests, thus having to forego investments we might otherwise make and hindering our investment performance.

Failure to qualify as a REIT could adversely affect our operations and our ability to make distributions.

We will be subject to increased taxation if we fail to qualify as a REIT for federal income tax purposes. Although we believe that we are organized and operate in such a manner so as to qualify as a REIT under the Internal Revenue Code, no assurance can be given that we will remain so qualified. Qualification as a REIT involves the application of highly technical and complex Internal Revenue Code provisions for which there are only limited judicial or administrative interpretations. The complexity of these provisions and applicable Treasury Regulations is also increased in the context of a REIT that holds its assets in partnership form. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify as a REIT. A REIT generally is not taxed at the corporate level on income it distributes to its stockholders, as long as it distributes annually at least 100% of its taxable income to its stockholders. We have not requested and do not plan to request a ruling from the Internal Revenue Service that we qualify as a REIT.

If we fail to qualify as a REIT, we will face tax consequences that will substantially reduce the funds available for payment of cash dividends:

- We would not be allowed a deduction for dividends paid to stockholders in computing our taxable income and would be subject to federal income tax at regular corporate rates.
- We could be subject to the federal alternative minimum tax and possibly increased state and local taxes.
- Unless we are entitled to relief under statutory provisions, we could not elect to be treated as a REIT for four taxable years following the year in which we failed to qualify.

In addition, if we fail to qualify as a REIT, we will no longer be required to pay dividends (other than any mandatory dividends on any preferred shares we may offer). As a result of these factors, our failure to qualify as a REIT could adversely affect the market price for our common stock.

Changes in tax laws may prevent us from maintaining our qualification as a REIT.

As we have previously described, we intend to maintain our qualification as a REIT for federal income tax purposes. However, this intended qualification is based on the tax laws that are currently in effect. We are unable to predict any future changes in the tax laws that would adversely affect our status as a REIT. If there is a change in the tax laws that prevent us from qualifying as a REIT or that requires REITs generally to pay corporate level income taxes, we may

not be able to make the same level of distributions to our stockholders.

An investment in our stock has various tax risks that could affect the value of your investment, including the treatment of distributions in excess of earnings and the inability to apply “passive losses” against distributions.

An investment in our stock has various tax risks. Distributions in excess of current and accumulated earnings and profits, to the extent that they exceed the adjusted basis of an investor’s stock, will be treated as long-term capital gain (or short-term capital gain if the shares have been held for less than one year). Any gain or loss realized upon a taxable disposition of shares by a stockholder who is not a dealer in securities will be treated as a long-term capital gain or loss if the shares have been held for more than one year, and otherwise will be treated as short-term capital gain or loss. Distributions that we properly designate as capital gain distributions will be treated as taxable to stockholders as gains (to the extent that they do not exceed our actual net capital gain for the taxable year) from the sale or disposition of a capital asset held for greater than one year. Distributions we make and gain arising from the sale or exchange by a stockholder of shares of our stock will not be treated as passive income, meaning stockholders generally will not be able to apply any “passive losses” against such income or gain.

Excessive non-real estate asset values may jeopardize our REIT status.

In order to qualify as a REIT, at least 75% of the value of our assets must consist of investments in real estate, investments in other REITs, cash and cash equivalents, and government securities. Therefore, the value of any properties we own that are not considered real estate assets for federal income tax purposes must represent in the aggregate less than 25% of our total assets. In addition, under federal income tax law, we may not own securities in any one issuer (other than a REIT, a qualified REIT subsidiary or a TRS) which represent in excess of 10% of the voting securities or 10% of the value of all securities of any one issuer, or which have, in the aggregate, a value in excess of 5% of our total assets, and we may not own securities of one or more TRSs which have, in the aggregate, a value in excess of 25% of our total assets. We may invest in securities of another REIT, and our investment may represent in excess of 10% of the voting securities or 10% of the value of the securities of the other REIT. If the other REIT were to lose its REIT status during a taxable year in which our investment represented in excess of 10% of the voting securities or 10% of the value of the securities of the other REIT as of the close of a calendar quarter, we may lose our REIT status.

Compliance with the asset tests is determined at the end of each calendar quarter. Subject to certain mitigation provisions, if we fail to meet any such test at the end of any calendar quarter, we will cease to qualify as a REIT.

We may have to borrow funds or sell assets to meet our distribution requirements.

Subject to some adjustments that are unique to REITs, a REIT generally must distribute 90% of its taxable income. For the purpose of determining taxable income, we may be required to accrue interest, rent and other items treated as earned for tax purposes but that we have not yet received. In addition, we may be required not to accrue as expenses for tax purposes some items which actually have been paid, including, for example, payments of principal on our debt, or some of our deductions might be disallowed by the Internal Revenue Service. As a result, we could have taxable income in excess of cash available for distribution. If this occurs, we may have to borrow funds or liquidate some of our assets in order to meet the distribution requirement applicable to a REIT.

Future distributions may include a significant portion as a return of capital.

Our distributions may exceed the amount of our income as a REIT. If so, the excess distributions will be treated as a return of capital to the extent of the stockholder's basis in our stock, and the stockholder's basis in our stock will be reduced by such amount. To the extent distributions exceed a stockholder's basis in our stock; the stockholder will recognize capital gain, assuming the stock is held as a capital asset.

Our ownership of and relationship with our TRSs will be limited, and a failure to comply with the limits would jeopardize our REIT status and may result in the application of a 100% excise tax.

A REIT may own up to 100% of the stock of one or more TRSs. A TRS may earn income that would not be qualifying income if earned directly by the parent REIT. Overall, no more than 25% of the value of a REIT's assets

may consist of stock or securities of one or more TRSs. A TRS will typically pay federal, state and local income tax at regular corporate rates on any income that it earns. In addition, the TRS rules impose a 100% excise tax on certain transactions between a TRS and its parent REIT that are not conducted on an arm's-length basis. Our TRSs will pay federal, state and local income tax on their taxable income, and their after-tax net income will be available for distribution to us but will not be required to be distributed to us. There can be no assurance that we will be able to comply with the 25% limitation discussed above or to avoid application of the 100% excise tax discussed above.

Liquidation of our assets may jeopardize our REIT qualification.

To qualify as a REIT, we must comply with requirements regarding our assets and our sources of income. If we are compelled to liquidate our investments to repay obligations to our lenders, we may be unable to comply with these requirements, ultimately jeopardizing our qualification as a REIT, or we may be subject to a 100% tax on any gain if we sell assets in transactions that are considered to be "prohibited transactions," which are explained in the risk factor below.

We may be subject to other tax liabilities even if we qualify as a REIT.

Even if we qualify as a REIT for federal income tax purposes, we will be required to pay certain federal, state and local taxes on our income and property. For example, we will be subject to income tax to the extent we distribute less than 100% of our REIT taxable income (including capital gains). Additionally, we will be subject to a 4% nondeductible excise tax on the amount, if any, by which dividends paid by us in any calendar year are less than the sum of 85% of our ordinary income, 95% of our capital gain net income and 100% of our undistributed income from prior years. Moreover, if we have net income from "prohibited transactions," that income will be subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of property held primarily for sale to customers in the ordinary course of business. The determination as to whether a particular sale is a prohibited transaction depends on the facts and circumstances related to that sale. While we will undertake sales of assets if those assets become inconsistent with our long-term strategic or return objectives, we do not believe that those sales should be considered prohibited transactions, but there can be no assurance that the Internal Revenue Service would not contend otherwise. The need to avoid prohibited transactions could cause us to forego or defer sales of properties that might otherwise be in our best interest to sell.

In addition, any net taxable income earned directly by our TRSs, or through entities that are disregarded for federal income tax purposes as entities separate from our TRSs, will be subject to federal and possibly state corporate income tax. To the extent that we and our affiliates are required to pay federal, state and local taxes, we will have less cash available for distributions to our stockholders.

Dividends payable by REITs do not qualify for the reduced tax rates on dividend income from regular corporations.

The maximum tax rate for dividends payable to domestic stockholders that are individuals, trusts and estates is 20%. Dividends payable by REITs, however, are generally not eligible for the reduced rates. The more favorable rates applicable to regular corporate dividends could cause investors who are individuals, trusts and estates to perceive investments in REITs to be relatively less attractive than investments in the stocks of non-REIT corporations that pay dividends, which could adversely affect the value of the stock of REITs, including our stock.

Our ownership limit contained in our charter may be ineffective to preserve our REIT status.

In order for us to qualify as a REIT for each taxable year, no more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals during the last half of any calendar year (the “5/50 Rule”). Individuals for this purpose include natural persons, private foundations, some employee benefit plans and trusts, and some charitable trusts. In order to preserve our REIT qualification, our charter generally prohibits (i) any member of the Agree-Rosenberg Group from directly or indirectly owning more than 24% of the value of our outstanding stock and (ii) any other person from directly or indirectly owning more than 9.8% of the value of our outstanding common stock and preferred stock, subject to certain exceptions. Because of the way our ownership limit is written, including because the limit on persons other than a member of the Agree-Rosenberg Group is not less than 9.8%, our charter limitation may be ineffective to ensure that we do not violate the 5/50 Rule.

Complying with REIT requirements may limit our ability to hedge effectively and may cause us to incur tax liabilities.

The REIT provisions of the Internal Revenue Code substantially limit our ability to hedge our liabilities. Any income from a hedging transaction we enter into to manage risk of interest rate changes, price changes or currency fluctuations with respect to borrowings made or to be made to acquire or carry real estate assets does not constitute qualifying income for purposes of income tests that apply to us as a REIT. To the extent that we enter into other types of hedging transactions, the income from those transactions is likely to be treated as non-qualifying income for purposes of the income tests. As a result of these rules, we may need to limit our use of advantageous hedging techniques or implement those hedges through a TRS. This could increase the cost of our hedging activities because our TRS would be subject to tax on gains or expose us to greater risks associated with changes in interest rates than we would otherwise want to bear. In addition, losses in our TRSs will generally not provide any tax benefit, except for being carried forward against future taxable income in the TRSs.

Item 1B: Unresolved Staff Comments

There are no unresolved staff comments.

Item 2: Properties

Our properties consist of 100 freestanding single tenant net leased retail properties and nine community shopping centers that, as of December 31, 2012, were 98% leased, with a weighted average lease term of 12.1 years. Approximately 87% of our annualized base rent was attributable to national retailers. Among these retailers are Walgreens, Kmart and CVS, which, at December 31, 2012, collectively represented approximately 44% of our annualized base rent. A majority of our properties were built for or are leased to national tenants who require a high quality location with strong retail characteristics. We developed 47 of our 100 freestanding single tenant net leased retail properties and all nine of our community shopping centers. Properties we have developed (including our community shopping centers) account for approximately 60% of our annualized base rent as of December 31, 2012. Our 100 freestanding single tenant net leased retail properties are comprised of 100 retail locations. See Notes 5 and 6 to the Consolidated Financial Statements included herein for information regarding mortgage debt and other debt related to our properties.

A substantial portion of our income consists of rent received under net leases. A majority of our leases provide for the payment of fixed base rentals monthly in advance and for the payment by tenants of a pro rata share of the real estate taxes, insurance, utilities and common area maintenance of the shopping center as well as payment to us of a percentage of the tenant's sales. We received percentage rents of \$27,616, \$34,404 and \$34,518 for the fiscal years 2012, 2011 and 2010, respectively. Leases with Walgreens and Kmart do contain percentage rent provisions; however, no percentage rent was received from these tenants during these periods. Some of our leases require us to make roof and structural repairs, as needed.

Development and Acquisition Summary

During 2012, we completed the following developments and redevelopments:

Tenant(s)	Sector	Location	Cost (1)	Cost Per Square Foot
McDonald's	Quick Service Restaurant	Southfield, Michigan	\$ 1.2 million	(2)
Miner's Super One Foods	Grocery	Ironwood, Michigan	\$ 1.2 million	\$ 188
Chase	Banks	Venice, Florida	\$ 1.3 million	(2)

(1) All costs related to planning, development and construction of buildings prior to the date they become operational, including interest and real estate taxes during the construction period, are capitalized for financial reporting purposes. Leasing costs associated with the lease up of development properties are not included in development costs. See Note 2 to our Consolidated Financial Statements.

(2) Represents land cost. Tenant built the improvements under the terms of the ground lease.

During 2012 and 2011, we completed the following acquisitions:

Tenant(s)	Sector	Location	Cost
2012			
National Tire & Battery	Auto Service	Madison, Alabama	\$2.3 million
Chase	Financial Institutions	Macomb, Michigan	2.3 million
Advance Auto Parts	Auto Parts	Walker, Michigan	1.4 million

Edgar Filing: AGREE REALTY CORP - Form 10-K

Lowe's Home Improvement	Home Improvement	Portland, Oregon	14.1	million
Jared, The Galleria of Jewelry (1)	Specialty Retail	Baton Rouge, Louisiana	1.8	million
Dollar General Market	Grocery	Cochran, Georgia	3.1	million
Walgreens	Pharmacy	Ann Arbor, Michigan	2.9	million
Wawa Portfolio	Gas & Convenience Store	Newark, Delaware	14.2	million
		Clifton Heights, Pennsylvania		
		Vineland, New Jersey		
Goodyear	Auto Service	Fort Mill, South Carolina	2.4	million
Family Dollar	Dollar Stores	Spartanburg, South Carolina	1.2	million
AutoZone	Auto Parts	Springfield, Illinois	0.9	million
USAA/US Cellular	Financial	Jacksonville, North Carolina	3.1	million
Mattress Firm	Specialty Retail	Morrow, Georgia	1.9	million
Harris Teeter	Grocery	Charlotte, North Carolina	2.9	million
Dollar General Market	Grocery	Lyons, Georgia	2.2	million
Big Lots	Big Box Discount	Fuquay-Varina, North Carolina	3.1	million
AutoZone	Auto Parts	Minneapolis, Minnesota	1.8	million
LA Fitness	Health & Fitness	Lake Zurich, Illinois	9.8	million
Advance Auto Parts	Auto Parts	Lebanon, Virginia	1.0	million
Applebee's Portfolio	Casual Dining	Harlingen, Texas	9.1	million
		Wichita Falls, Texas		
		Pensacola, Florida (two properties)		
2011				
AT&T	Specialty Retail	Wilmington, North Carolina	\$3.3	million

CVS Caremark	Pharmacy	Roseville, California	8.4	million
Aldi	Grocery	New Lenox, Illinois	1.9	million
Big O Tires	Auto Service	Chandler, Arizona	2.6	million
Kohl's (1)	Apparel	Salt Lake City, Utah	8.1	million
Walgreens	Pharmacy	Fort Walton Beach, Florida	2.7	million
Wawa	Gas & Convenience Store	Baltimore, Maryland	3.5	million
CVS Caremark	Pharmacy	Leawood, Kansas	4.2	million

(1) Property subject to a long-term ground lease where a third party owns the underlying land and has leased the property to us.

The weighted average capitalization rate for the 2012 acquisitions was 8.6%. The weighted average capitalization rate for these single tenant net leased properties was calculated by dividing the property net operating income by the purchase price. Property net operating income is defined as the straight-line rent for the base term of the lease less any property level expense (if any) that is not recoverable from the tenant.

The weighted average capitalization rate for the 2011 acquisitions was 8.6%. The weighted average capitalization rate for these single tenant net leased properties was calculated by dividing the property net operating income by the purchase price. Property net operating income is defined as the straight-line rent for the base term of the lease from each property less any property level expense (if any) that is not recoverable from the tenant.

During 2012 and 2011, we completed the following dispositions:

Tenant(s)	Sector	Location	Sales Price	
2012				
Former Borders	Office	Ann Arbor, Michigan	\$0.6	million
Former Borders	Book Store	Omaha, Nebraska	2.7	million
Former Borders	Book Store	Columbus, Ohio	1.7	million
Charlevoix Commons	Shopping Center	Charlevoix, Michigan	3.4	million
Plymouth Commons	Shopping Center	Plymouth, Wisconsin	3.7	million
Shawano Plaza	Shopping Center	Shawano, Wisconsin	3.8	million
2011				
Borders	Book Store	Tulsa, Oklahoma	\$6.7	million
Former Borders	Book Store	Norman, Oklahoma	1.6	million
Borders	Headquarters	Ann Arbor, Michigan		
Former Borders	Book Store	Ann Arbor, Michigan		

Major Tenants

The following table sets forth certain information with respect to our major tenants:

Tenant	Number of Leases	Annualized Base Rent as of December 31, 2012	Percent of Total Annualized Base Rent as of December 31, 2012	
Walgreens	31	\$ 11,494,744	30	%
Kmart	9	2,748,691	7	
CVS Caremark	6	2,463,490	7	

Total	46	\$ 16,706,925	44	%
-------	----	---------------	----	---

Walgreens is a leader of the U.S. chain drugstore industry and trades on the New York Stock Exchange (“NYSE”) under the symbol “WAG”. Walgreens operated 8,385 locations in 50 states, the District of Columbia, Puerto Rico and Guam. For its fiscal year ended August 31, 2012, Walgreens had total assets of approximately \$33.5 billion, annual net sales of \$71.6 billion, annual net income of \$2.1 billion, and stockholders’ equity of \$18.2 billion.

Kmart is a wholly-owned subsidiary of Sears, which trades on the Nasdaq stock market under the symbol “SHLD”. Kmart is a mass merchandising company that offers customers quality products through a portfolio of brands and labels. As of February 2, 2013, Kmart operated approximately 1,221 stores across 49 states, Guam, Puerto Rico and the U.S. Virgin Islands. Sears is a broadline retailer with approximately 2,019 full-line and 54 specialty retail stores in the United States. As of February 2, 2013, Sears had total assets of \$19.3 billion, total liabilities of \$16.1 billion and stockholders’ equity of \$3.2 billion. All of our Kmart properties are in the traditional Kmart format and these Kmart properties average 85,000 square feet per property.

CVS is a leading pharmacy provider in the United States and trades on the NYSE under the symbol “CVS”. As of December 31, 2012, CVS operated over 7,458 retail stores in 42 states, the District of Columbia and Puerto Rico. For its fiscal year ended December 31, 2012, CVS had net revenues of \$123.1 billion, its annual net income was \$3.9 billion and it had shareholders’ equity of \$37.7 billion.

The financial information set forth above with respect to Walgreens, Kmart and CVS was derived from the annual reports on Form 10-K filed by Walgreens and CVS with the SEC with respect to their 2012 fiscal year, and the quarterly report on Form 10-Q filed by Sears Holdings Corporation with the SEC with respect to the third quarter of 2012. Additional information regarding Walgreens, Kmart or CVS may be found in their respective public filings. These filings can be accessed at www.sec.gov. We are unable to confirm, and make no representations with respect to, the accuracy of these reports and therefore you should not place undue reliance on such information as it pertains to our operations.

Location of Properties in the Portfolio

The following table presents information about our properties as of December 31, 2012.

State	Number of Properties	Total GLA (Sq. Feet)	Percent of GLA Leased on December 31, 2012	
Alabama	1	6,000	100	%
Arizona	1	6,228	100	%
California	1	15,791	100	%

Lease Expirations

The following table shows lease expirations for our community shopping centers and wholly-owned freestanding single tenant net leased retail properties, assuming that none of the tenants exercise renewal options.

Expiration Year	Number of Leases Expiring	December 31, 2012		Annualized Base Rent		Average Per	
		Gross Leasable Area Square Footage	Percent of Total	Amount	Percent of Total	Square Foot	
2013	14	295,622	9.2	% \$ 1,044,724	2.7	%	3.53
2014	18	288,569	9.0	% 1,429,933	3.8	%	4.96
2015	20	506,682	15.8	% 2,536,788	6.7	%	5.01
2016	15	108,341	3.4	% 1,011,132	2.6	%	9.33
2017	11	88,369	2.7	% 1,580,510	4.1	%	17.89
2018	11	136,841	4.3	% 1,704,739	4.5	%	12.46
2019	7	85,170	2.6	% 1,820,559	4.8	%	21.38
2020	5	114,101	3.6	% 1,101,778	2.9	%	9.66
2021	11	204,568	6.4	% 3,670,185	9.6	%	17.94
2022	5	156,212	4.9	% 1,166,390	3.1	%	7.47
Thereafter	67	1,220,391	38.1	% 21,061,042	55.2	%	17.26
Total	184	3,204,866	100.0	% \$ 38,127,780	100.0	% \$	11.90

We have made preliminary contact with the 14 tenants whose leases expire in 2013. Of those tenants, two tenants have extended their lease term, five tenants' leases will terminate, and seven tenants have leases expiring in 2013. We expect those seven tenants to extend their leases or enter into lease extensions at rates similar to the expiring leases.

During the year ended December 31, 2012, we leased or re-leased 368,000 square feet of space, for a total annualized base rent of approximately \$2.2 million. During that period, total tenant improvements for such leases were \$1,230,000 and total leasing commissions were \$56,000. Annualized base rent under such leases were \$5.92 per square foot, or 28.8% lower than under leases expiring in 2013.

Annualized Base Rent of our Properties

The following table sets forth annualized base rent as of December 31, 2012 for each type of retail tenant:

Type of Tenant	Annualized Base Rent as of December 31, 2012	Percent of Total Annualized Base Rent as of December 31, 2012	
National (1)	\$ 33,408,661	88	%
Regional (2)	3,508,638	9	%
Local	1,210,481	3	%
Total	\$ 38,127,780	100	%

- Includes the following national tenants: Walgreens, Kmart, Wal-Mart, CVS, Lowe's, Dick's Sporting Goods, PNC Bank, Kohl's, Fashion Bug, Rite Aid, JC Penney, Applebee's, GNC Group, AT&T, Advance Auto, Radio Shack,
- (1) Super Value, McDonalds, AutoZone, Dollar General, Payless Shoes, Family Dollar, H&R Block, Sally Beauty, Goodyear, Jo Ann Fabrics, LA Fitness, Staples, JP Morgan Chase, Best Buy, Dollar Tree, TGI Friday's and Pier 1 Imports.
- (2) Includes the following regional tenants: Wawa, Meijer, Dunham's Sports, Christopher Banks, Harris Teeter, and Beall's Department Stores.

Freestanding Properties

At December 31, 2012, our 100 operating freestanding properties were leased to Walgreens (30), Rite Aid (7), CVS (6), Kmart (2), JP Morgan Chase (5), Los Tres Amigos (1), Dick's Sporting Goods (1), Lake Lansing RA Associates, LLC (1), Meijer (1), Wal-Mart (Sam's Club) (1), Kohl's (2), PNC Bank (1), Lowe's (2), Off Broadway Shoes (1), Wawa (4), Simply Amish (1), Advance Auto (3), Aldi (1), Natural Grocers (1), AT&T (1), TBC Tire stores (3), Applebee's (4), AutoZone (3), Big Lots (1), Famous Dave's (1), Dollar General (2), Family Dollar (1), Goodyear (1), Harris Teeter (1), Sterling Jewelers (1), USAA/US Cellular (1), McDonalds (1), Mattress Firm (1), TGI Fridays (1), LA Fitness (1), and other/vacant (5). Our freestanding properties provided \$30,423,786, or approximately 79.8%, of our annualized base rent as of December 31, 2012, at an average base rent per square foot of \$16.10. These properties contain, in the aggregate, 1,885,421 square feet of GLA or approximately 58% of our total GLA as of December 31, 2012. Our freestanding properties tend to have high traffic counts, are generally located in densely populated areas and are leased to a single-tenant on a long term basis. Of our 100 operating freestanding properties, 48 were developed by us. Our freestanding properties had a weighted average remaining lease term of 14.1 years as of December 31, 2012.

Our freestanding properties range in size from 3,215 to 170,393 square feet of GLA and are located in the following states: Alabama (1), Arizona (1), California (1), Connecticut (1), Delaware (1), Florida (11), Georgia (5), Illinois (6), Indiana (2), Kansas (4), Louisiana (1), Maryland (1), Michigan (42), Minnesota (1), Nebraska (1), New Jersey (2), New York (2), North Carolina (5), Ohio (1), Oregon (1), Pennsylvania (3), South Carolina (2), Texas (3), Utah (1), and Virginia (1).

The following table sets forth more information about our freestanding properties as of December 31, 2012.

- Properties subject to long-term ground leases where a third party owns the underlying land and has leased the land to us to construct or operate freestanding properties. We pay rent for the use of the land and we are generally
- (1) responsible for all costs and expenses associated with the building and improvements. At the end of the lease terms, as extended (Petoskey, MI 2074, Tallahassee, FL 2032, Baton Rouge, LA, 2052), the land together with all improvements revert to the land owner. We have an option to purchase the Petoskey property after August 7, 2019.
 - (2) At the expiration of tenant's initial lease term, each tenant (except Simply Amish and Citizens Bank) has an option, subject to certain requirements, to extend its lease for an additional period of time.
 - (3) This 2.03 acre property is leased from us by Los Tres Amigos pursuant to a ground lease. The tenant occupies a 5,448 square foot building.
 - (4) This 11.3 acre property is leased from us by Lake Lansing RA Associates, LLC pursuant to a ground lease. The ground lessee has constructed a 14,564 square foot building.
 - (5) This 32.5 acre property is leased from us by Meijer pursuant to a ground lease. Meijer expects to construct an estimated 210,000 square foot super center.
 - (6) This 12.68 acre property is leased from us by Wal-Mart pursuant to a ground lease. Wal-Mart has constructed a Sam's Club retail building containing approximately 132,332 square feet.
 - (7) This 1.0 acre property is leased from us by JP Morgan Chase Bank pursuant to a ground lease. JP Morgan Chase has constructed a retail bank branch containing approximately 4,270 square feet.
 - (8) Properties subject to a mortgage/debt or pledged pursuant to the Credit Facility.
 - (9) Classified as held for sale as of December 31, 2012.

Community Shopping Centers

Our nine community shopping centers range in size from 20,000 to 241,458 square feet of GLA. The community shopping centers are located in five states as follows: Florida (1), Illinois (1), Kentucky (1), Michigan (5) and Wisconsin (1). Our community shopping centers tend to be located in high traffic, market dominant centers in which customers of our tenants purchase day-to-day necessities. Our community shopping centers are anchored by national tenants.

The location, general character and primary occupancy information with respect to the community shopping centers as of December 31, 2012 are set forth below:

Property Location	Location	Year Completed/ Expanded
