You have the right to receive notice of, and to vote at, the Annual Meeting if you were a Stockholder of record at the close of business on June 6, 2018. PROXY STATEMENT

For

**2018 Annual Meeting of Stockholders
To Be Held on August 1, 2018**

This document will give you the information you need to vote on the matters listed on the accompanying Notice of Annual Meeting of Stockholders (“Notice of Annual Meeting”). Much of the information in this proxy statement (“Proxy Statement”) is required under rules of the Securities and Exchange Commission (“SEC”), and some of it is technical in nature. If there is anything you do not understand, please contact us at (305) 381-6999.

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the “Board”) of WhiteHorse Finance, Inc. (the “Company,” “WhiteHorse Finance,” “we,” “us” or “our”) for use at our 2018 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Wednesday, August 1, 2018 at 12:00 p.m., Eastern Time, at the offices of Dechert LLP, located at 1095 Avenue of the Americas, 28th Floor, New York, New York 10036, and at any postponements or adjournments thereof. This Proxy Statement and the Company’s annual report on Form 10-K (the “Annual Report”) for the fiscal year ended December 31, 2017 are being provided to stockholders (“Stockholders”) of the Company of record as of June 6, 2018 (the “Record Date”) via the Internet on or about June 22, 2018. In addition, a Notice of Annual Meeting and a Notice of Internet Availability of Proxy Materials are being sent to Stockholders of record as of the Record Date.

We encourage you to vote your shares, either by voting in person at the Annual Meeting or by voting by proxy, which means that you authorize someone else to vote your shares. Shares represented by duly executed proxies will be voted in accordance with your instructions. If you execute a proxy without specifying your voting instructions, your shares will be voted in accordance with the Board’s recommendation. If any other business is brought before the Annual Meeting, your shares will be voted at the Board’s discretion unless you specifically state otherwise on your proxy.

You may revoke a proxy at any time before it is exercised by notifying the Company’s Secretary in writing, by submitting a properly executed, later- dated proxy or by voting in person at the Annual Meeting. Any Stockholder

entitled to vote at the Annual Meeting may attend the Annual Meeting and vote in person, whether or not he or she has previously voted his or her shares via proxy or wishes to change a previous vote.

You will be eligible to vote your shares electronically via the Internet, by telephone or by mail by following the instructions on the Notice of Internet Availability of Proxy Materials.

Purpose of Annual Meeting

At the Annual Meeting, you will be asked to vote on the following proposals (the "Proposals"):

1. To elect two Class III directors of the Company who will serve until the 2021 annual meeting of Stockholders or until their successors are duly elected and qualify ("Proposal 1");
2. To ratify the selection of Crowe Horwath LLP ("Crowe") as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018 ("Proposal 2"); and
3. To approve the application of the reduced asset coverage requirements in Section 61(a)(2) of the Investment Company Act of 1940, as amended (the "1940 Act"), to the Company, such that the Company's required asset coverage ratio would be reduced to 150% of senior securities from the current level of 200% ("Proposal 3").

Voting Securities

You may vote your shares at the Annual Meeting only if you were a Stockholder of record at the close of business on the Record Date. There were [20,531,948] shares of common stock, par value \$0.001 per share ("Common Stock") outstanding on the Record Date. Each share of Common Stock is entitled to one vote.

Quorum Required

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding which are entitled to vote on the Record Date will constitute a quorum. Abstentions will be treated as shares that are present for purposes of determining the presence of a quorum for transacting business at the Annual Meeting. Shares held by a broker or other nominee for which the nominee has not received voting instructions from the record holder and does not have discretionary authority to vote the shares on non-routine proposals are considered "broker non-votes" with

respect to such proposals. However, because Proposal 2 is a routine matter, broker non-votes will be treated as shares that are present for quorum purposes at the Annual Meeting. Therefore, a broker non-vote will make a quorum more readily attainable.

Votes Required

Election of Directors

The election of a director requires the affirmative vote of a majority of the votes cast by Stockholders at the Annual Meeting in person or by proxy and entitled to vote. Stockholders may not cumulate their votes. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this Proposal.

Ratification of Selection of Independent Registered Public Accounting Firm

The ratification of the selection of Crowe requires the affirmative vote of a majority of the votes cast by Stockholders at the Annual Meeting in person or by proxy and entitled to vote. Stockholders may not cumulate their votes. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this Proposal.

Approval of Application of Reduced Asset Coverage Requirements

Approval of the application of reduced asset coverage requirements under Section 61(a)(2) of the 1940 Act requires the affirmative vote of a majority of the votes cast by stockholders at the Annual Meeting in person or by proxy and entitled to vote. Stockholders may not cumulate their votes. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this Proposal.

Broker Non-Votes

Broker non-votes are described as votes cast by a broker or other nominee on behalf of a beneficial holder who does not provide explicit voting instructions to such broker or nominee and who does not attend the Annual Meeting. Proposal 1, the election of two Class III directors, and Proposal 3, the approval of the application of reduced asset coverage requirements, are non-routine matters. As a result, if you hold shares in “street name” through a broker, bank or other nominee, your broker, bank or nominee will not be permitted to exercise voting discretion with respect to Proposal 1 or Proposal 3. Therefore, if you do not give your broker or nominee specific instructions on how to vote for you or you do not vote for yourself via the Internet by returning a proxy card or by other arrangement with your

broker or nominee, then your shares will have no effect on Proposal 1 or Proposal 3.

Proposal 2, the ratification of the selection of Crowe to serve as the Company's independent registered public accounting firm, is a routine matter. As a result, if you beneficially own your shares and you do not provide your broker or nominee with proxy instructions, either by voting in accordance with the voting instructions on the proxy card, by returning a proxy card or by other arrangement with your broker or nominee, then your broker or nominee will be able to vote your shares for you on Proposal 2.

Adjournment and Additional Solicitation

If there are not enough votes to establish a quorum or to approve the Proposals at the Annual Meeting, then either the presiding officer of the Annual Meeting or the Stockholders who are represented in person or by proxy may vote to adjourn the Annual Meeting to permit further solicitation of proxies. Marco Collazos and Edward J. Giordano are the persons named as proxies for the Company and will vote proxies held by them for an adjournment, to permit the further solicitation of proxies for purposes of establishing a quorum.

A Stockholder vote may be taken on any of the Proposals in this Proxy Statement prior to any such adjournment if there are sufficient votes for approval of such Proposal.

Information Regarding This Solicitation

The Company will bear the expense of the solicitation of proxies for the Annual Meeting, including the cost of preparing and posting this Proxy Statement and the Annual Report to the Internet and the cost of mailing the Notice of Annual Meeting, the Notice of Internet Availability of Proxy Materials and any requested proxy materials to Stockholders. The Company intends to use the services of Broadridge Financial Solutions, Inc., a leading provider of investor communications solutions, to aid in the distribution and collection of proxy votes. The Company expects to pay market rates for such services. The Company reimburses brokers, trustees, fiduciaries and other institutions for their reasonable expenses in forwarding proxy materials to the beneficial owners and soliciting them to execute proxies.

In addition to the solicitation of proxies by use of the Internet, proxies may be solicited in person and/or by telephone, mail or facsimile transmission by directors or officers of the Company, officers or employees of H.I.G. WhiteHorse Advisers, LLC, the Company's investment adviser ("WhiteHorse Advisers"), H.I.G. WhiteHorse Administration, LLC, the Company's administrator ("WhiteHorse Administration"), and/or by a retained solicitor. No additional compensation will be paid to such directors, officers or regular employees for such services. If the Company retains a solicitor, the Company has estimated that it would pay approximately \$20,000 for such services. If the Company engages a solicitor, you could be contacted by telephone on behalf of the Company and urged to vote. The solicitor will not

attempt to influence how you vote your shares, but only ask that you take the time to cast a vote. You may also be asked if you would like to vote over the telephone and to have your vote transmitted to our proxy tabulation firm. The address of each of WhiteHorse Advisers and WhiteHorse Administration is 1450 Brickell Avenue, 31st Floor, Miami, Florida 33131.

Stockholders may provide their voting instructions through the Internet, by telephone or by mail by following the instructions on the Notice of Internet Availability of Proxy Materials. These options require Stockholders to input the control number, which is provided with the Notice of Internet Availability of Proxy Materials. If you vote using the Internet, after visiting *www.proxyvote.com* and inputting your control number, you will be prompted to provide your voting instructions. Stockholders will have an opportunity to review their voting instructions and make any necessary changes before submitting their voting instructions and terminating their Internet link. Stockholders that vote via the Internet, in addition to confirming their voting instructions prior to submission, will, upon request, receive an e-mail confirming their instructions.

If a Stockholder wishes to participate in the Annual Meeting but does not wish to give a proxy by the Internet, the Stockholder may attend the Annual Meeting in person or request and submit a proxy card by following the instructions on the Notice of Internet Availability of Proxy Materials.

Any proxy authorized pursuant to this solicitation may be revoked by notice from the person giving the proxy at any time before it is exercised. A revocation may be effected by resubmitting voting instructions via the Internet voting site, by telephone, by obtaining and properly completing another proxy card that is dated later than the original proxy card and returning it, by mail, in time to be received before the Annual Meeting, by attending the Annual Meeting and voting in person, or by a notice, provided in writing and signed by the Stockholder, delivered to the Company's Secretary on any business day before the date of the Annual Meeting.

Corporate Governance

We believe that maintaining the highest standards of corporate governance is a crucial part of our business, and we are committed to having in place the necessary controls and procedures designed to ensure compliance with applicable laws, rules and regulations.

Director Independence

The NASDAQ Global Select Market (“NASDAQ”) corporate governance requirements require listed companies to have a board of directors with at least a majority of Independent Directors. Under NASDAQ corporate governance requirements, in order for a director to be deemed independent, our Board must determine that the individual does not have a relationship that would interfere with the director’s exercise of independent judgment in carrying out his responsibilities. On an annual basis, each of our directors is required to complete an independence questionnaire designed to provide information to assist the Board in determining whether the director is independent under NASDAQ corporate governance requirements, the 1940 Act and our corporate governance guidelines. Our Board has determined that each of our directors, other than Messrs. Aronson, Bolduc and Carvell, is independent under the NASDAQ listing standards and the 1940 Act. Our corporate governance guidelines require any director who has previously been determined to be independent to inform the Chairman of the Board, the Chairman of the Nominating

and Corporate Governance Committee (the “Nominating and Corporate Governance Committee”) of the Company, once appointed, and the Secretary of any change in circumstance that may cause his status as an Independent Director to change. The Board limits membership on the Audit Committee (the “Audit Committee”) of the Company and the Nominating and Corporate Governance Committee to Independent Directors.

The Board’s Oversight Role in Management

The Board’s role in management of the Company is one of oversight. Oversight of the Company’s investment activities extends to oversight of the risk management processes employed by WhiteHorse Advisers as part of its day-to-day management of our investment activities. The Board reviews risk management processes at both regular and special Board meetings throughout the year, consulting with appropriate representatives of WhiteHorse Advisers as necessary and periodically requesting the production of risk management reports or presentations. The goal of the Board’s risk oversight function is to ensure that the risks associated with our investment activities are accurately identified, thoroughly investigated and responsibly addressed. Stockholders should note, however, that the Board’s oversight function cannot eliminate all risks or ensure that particular events do not adversely affect the value of the Company’s investments.

The Board’s Composition and Leadership Structure

The 1940 Act requires that at least a majority of the Company’s directors not be “interested persons” (as defined in the 1940 Act) of the Company. Currently, four of the Company’s seven directors are Independent Directors (and are not “interested persons”). Mr. Aronson, the Group Head of the U.S. direct lending platform of H.I.G. Capital, serves as the Chief Executive Officer of the Company. Mr. Bolduc, an Executive Managing Director of H.I.G. Capital, and therefore an interested person of the Company, serves as Chairman of the Board. Our Board believes that it is in the best interests of our investors for Mr. Bolduc to lead the Board because of his familiarity with our portfolio companies, his broad experience with the day-to-day management and operation of other investment funds and his significant background in credit investing and in the financial services industry, as described below. The Board does not have a lead Independent Director. However, Mr. Puckett, the Chairman of the Audit Committee, is an Independent Director and acts as a liaison between the Independent Directors and management between meetings of the Board. Mr. Puckett is involved in the preparation of agendas for Board and committee meetings. The Board believes that its leadership structure is appropriate because the structure allocates areas of responsibility among the individual directors and the committees in a manner that enhances effective oversight. The Board also believes that its small size creates an efficient corporate governance structure that provides opportunity for direct communication and interaction between WhiteHorse Advisers and the Board.

Information About Each Director's Experience, Qualifications, Attributes or Skills

Below is additional information about each director (supplementing the information provided in the table above) that describes some of the specific experiences, qualifications, attributes and/or skills that each director possesses and which the Board believes has prepared each director to be an effective member of the Board. The Board believes that the significance of each director's experience, qualifications, attributes and/or skills is an individual matter (meaning that experience or a factor that is important for one director may not have the same value for another) and that these factors are best evaluated at the Board level, with no single director, or particular factor, being indicative of Board effectiveness. However, the Board believes that directors need to have the ability to review, evaluate, question and discuss critical information provided to them and to interact effectively with Company management, service providers and counsel, in order to exercise effective business judgment in the performance of their duties. The Board believes that its members satisfy this standard. Experience relevant to having this ability may be achieved through a director's professional experience, education and/or other personal experiences. The Company's counsel has significant experience advising funds and fund board members. The Board and its committees have the ability to engage other experts as appropriate. The Board evaluates its performance on an annual basis.

The Board believes that, collectively, the directors have balanced and diverse experience, qualifications, attributes and skills, which allow the Board to operate effectively in governing the Company and protecting the interests of its Stockholders. Below is a description of the various experiences, qualifications, attributes and/or skills with respect to each director considered by the Board.

With the exception of John Bolduc, who attended four of the six meetings of the Board (including each of quarterly in-person meetings) during the fiscal year ended December 31, 2017, all directors attended at least 75% of the aggregate number of meetings of the Board and of the respective committees on which they served that were held while they were members of the Board. The Company requires each director to make a diligent effort to attend all Board and committee meetings and encourages directors to attend the annual meetings of Stockholders. Each of the then-serving directors attended the 2017 annual meeting of Stockholders.

Certain Relationships and Related Party Transactions

Policies and Procedures for Managing Conflicts

Our executive officers and directors and the members of WhiteHorse Advisers and members of our investment committee serve or may serve as officers, directors or principals of entities that operate in the same, or related, lines of business as we do or of investment funds, accounts or other investment vehicles managed by our affiliates.

WhiteHorse Advisers and its affiliates have both subjective and objective procedures and policies in place that are designed to manage the potential conflicts of interest between WhiteHorse Advisers' fiduciary obligations to us and its similar fiduciary obligations to other clients. For example, such policies and procedures are designed to ensure that investment opportunities are allocated in a fair and equitable manner among us and WhiteHorse Advisers' other clients. An investment opportunity that is suitable for multiple clients of WhiteHorse Advisers and its affiliates may not be capable of being shared among some or all of such clients and affiliates due to the limited scale of the opportunity or other factors, including regulatory restrictions imposed by the 1940 Act. There can be no assurance that WhiteHorse Advisers' or its affiliates' efforts to allocate any particular investment opportunity fairly among all clients for whom such opportunity is appropriate will result in an allocation of all or part of such opportunity to us. Not all conflicts of interest can be expected to be resolved in our favor.

WhiteHorse Advisers may manage investment vehicles with similar or overlapping investment strategies with us and has put in place a conflict-resolution policy that addresses the co-investment restrictions set forth under the 1940 Act and seeks to ensure the equitable allocation of investment opportunities when we are able to invest alongside other accounts managed by WhiteHorse Advisers and its affiliates. When we invest alongside such other accounts as permitted, such investments are made consistent with the allocation policy of H.I.G. Capital and WhiteHorse Advisers. Under this allocation policy, a fixed calculation, based on the type of investment, will be applied to determine the amount of each opportunity to be allocated to us. This allocation policy will be periodically approved by WhiteHorse Advisers and reviewed by our Independent Directors. We expect that these determinations will be made similarly for other accounts sponsored or managed by WhiteHorse Advisers and its affiliates. Where we are able to co-invest consistent with the requirements of the 1940 Act, if sufficient securities or loan amounts are available to satisfy our and each such account's proposed demand, we expect that the opportunity will be allocated in accordance with WhiteHorse Advisers' pre-transaction determination. If there is an insufficient amount of an investment opportunity to satisfy us and other accounts sponsored or managed by WhiteHorse Advisers or its affiliates, the allocation policy further provides that allocations among us and such other accounts will generally be made pro rata based on the amount that each such party would have invested if sufficient securities or loan amounts were available. However, we cannot assure you that investment opportunities will be allocated to us fairly or equitably in the short-term or over time. We expect that these determinations will be made similarly for other accounts sponsored or managed by H.I.G. Capital and its affiliates. In situations where co-investment with other accounts managed by WhiteHorse Advisers or its affiliates is not permitted or appropriate, H.I.G. Capital and WhiteHorse Advisers will need to decide which client will proceed with the investment. WhiteHorse Advisers' allocation policy provides, in such circumstances, for investments to be allocated on a rotational basis to assure that all clients have fair and equitable access to such investment opportunities.

Co-Investment Opportunities

We have in the past and expect in the future to co-invest on a concurrent basis with other affiliates, unless doing so is impermissible under existing regulatory guidance, applicable regulations, the terms of our exemptive relief order or our allocation procedures. On July 8, 2014, we received exemptive relief from the SEC, which permits us to participate in negotiated investments with our affiliates that would otherwise be prohibited by the 1940 Act, subject to certain conditions. The exemptive relief order to co-invest with affiliated funds provides Stockholders with access to a broader range of investment opportunities. Pursuant to the terms of the exemptive relief order, certain types of negotiated co-investments may be made only if our Board determines that it would be advantageous for us to co-invest with other accounts managed by WhiteHorse Advisers or its affiliates in a manner consistent with our investment objectives, positions, policies, strategies and restrictions, as well as regulatory requirements and other pertinent factors. We cannot assure you, however, that we will develop opportunities that comply with such limitations.

Material Non-Public Information

Our senior management, members of our investment committee and other investment professionals from WhiteHorse Advisers may serve as directors of, or in a similar capacity with, companies in which we invest or in which we are considering making an investment. Through these and other relationships with a company, these individuals may obtain material non-public information that might restrict our ability to buy or sell the securities of such company under the policies of the company or applicable law.

Investment Advisory Agreement

We have entered into an investment advisory agreement (the “Investment Advisory Agreement”) with WhiteHorse Advisers pursuant to which we pay WhiteHorse Advisers a fee for investment management services consisting of a base management fee and an incentive fee. The Investment Advisory Agreement became effective upon the pricing of our initial public offering on December 4, 2012. WhiteHorse Advisers also provides us with access to the resources necessary for us to perform our obligations as portfolio manager of our wholly owned subsidiary, WhiteHorse Finance Credit I, LLC (“WhiteHorse Credit”), under the \$200 million secured revolving credit facility (the “Credit Facility”) between WhiteHorse Credit, as borrower, and JPMorgan Chase Bank, N.A., as lender. Our incentive fee structure may create incentives for our investment adviser that are not fully aligned with the interests of our Stockholders and may induce WhiteHorse Advisers to invest in certain types of securities. Additionally, we rely on investment professionals from H.I.G. Capital or WhiteHorse Advisers to assist our Board with the valuation of our portfolio investments. At a meeting held on August 3, 2017, the Board, including a majority of the Independent Directors, determined that the investment advisory fee rates are reasonable in relation to the services to be provided and re-approved the Investment Advisory Agreement. The Investment Advisory Agreement may be terminated by either party without penalty upon not less than sixty (60) days’ written notice to the other party. Any termination by us must be authorized either by the Board or by vote of our Stockholders.

The management fee and incentive fee paid to WhiteHorse Advisers are based on the value of our investments and there may be a conflict of interest when personnel of WhiteHorse Advisers are involved in the valuation process for our portfolio investments. For the fiscal year ended December 31, 2017, WhiteHorse Advisers earned a base management fee, net of fees waived, of \$9.5 million and a performance-based incentive fee of \$6.6 million.

Staffing Agreement

WhiteHorse Advisers entered into a staffing agreement (the “Staffing Agreement”) with an affiliate of H.I.G. Capital, under which the affiliate has agreed to make experienced investment professionals available to WhiteHorse Advisers and to provide access to its senior investment personnel to enable WhiteHorse Advisers to perform all of its obligations under the Investment Advisory Agreement. The Staffing Agreement provides WhiteHorse Advisers with access to deal flow generated by H.I.G. Capital in the ordinary course of business and commits certain members of H.I.G. Capital’s investment committee to serve as members of WhiteHorse Advisers’ investment committee. In addition, under the Staffing Agreement, H.I.G. Capital is obligated to allocate investment opportunities among its managed affiliates fairly and equitably over time in accordance with its allocation policy. The Staffing Agreement provides WhiteHorse Advisers with the deal origination, credit underwriting, due diligence, investment structuring, execution, portfolio management and monitoring experience of H.I.G. Capital’s senior investment professionals.

Administration Agreement

We have entered into an administration agreement (the “Administration Agreement”), pursuant to which WhiteHorse Administration and its affiliates furnish us with office facilities, equipment and clerical, bookkeeping and record keeping services to enable us to operate. WhiteHorse Administration also provides us with access to the resources necessary for us to perform our obligations as portfolio manager of WhiteHorse Credit, under the Credit Facility and for certain portfolio companies. Under the Administration Agreement, WhiteHorse Administration performs, or oversees the performance of, our required administrative services, which include being responsible for the financial records which we are required to maintain and preparing reports to our Stockholders and reports filed with the SEC. In addition, WhiteHorse Administration assists us in determining and publishing our net asset value, oversees the preparation and filing of our tax returns and the printing and dissemination of reports to our Stockholders and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Payments in respect of the obligations of WhiteHorse Administration and its affiliates under the Administration Agreement equal an amount based upon our allocable portion of WhiteHorse Administration’s overhead in performing its obligations under the Administration Agreement, including rent and our allocable portion of the cost of our chief compliance officer and chief financial officer along with their respective staffs. Under the Administration Agreement, WhiteHorse Administration also provides managerial assistance on our behalf to portfolio companies that request such assistance. The renewal of the Administration Agreement was approved by our Board in November 2017. The Administration Agreement may be terminated by either party without penalty upon 60 days’ written notice to the other party. To the extent that our administrator outsources any of its functions, we will pay the fees associated with such functions on a direct basis, without any profit to WhiteHorse Administration. For the fiscal

year ended December 31, 2017, WhiteHorse Administration received \$0.7 million for the services described above.

License Agreement

We have entered into a license agreement (the “License Agreement”) with an affiliate of H.I.G. Capital pursuant to which we have been granted a non-exclusive, royalty-free license to use the “WhiteHorse” name. Under this agreement, we have a right to use the WhiteHorse name for so long as WhiteHorse Advisers or one of its affiliates remains our investment adviser. The License Agreement is terminable by either party at any time in its sole discretion upon sixty (60) days’ prior written notice to the other party and is also terminable by the affiliate of H.I.G. Capital in the case of certain events of non-compliance. Other than with respect to this limited license, we have no legal right to the “WhiteHorse” name.

Related Party Transactions Policy

The Audit Committee, in consultation with the Company’s Chief Executive Officer, Chief Compliance Officer and legal counsel, has established a written policy to govern the review of potential related party transactions. The Audit Committee conducts quarterly reviews of any potential related party transactions and, during these reviews, it also considers any conflicts of interest brought to its attention pursuant to the Code of Conduct or Joint Code of Ethics.

PROPOSAL 2: RATIFY CROWE HORWATH LLP AS INDEPENDENT AUDITORS FOR 2018 FISCAL YEAR

Crowe, an independent registered public accounting firm, audited our consolidated financial statements for the fiscal years ended December 31, 2017 and 2016 and has been selected as the independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2018. A majority of the Board, including all of the Independent Directors, selected Crowe, based on the recommendation of the Audit Committee. We do not know of any direct or indirect financial interest of Crowe in WhiteHorse Finance. A representative of Crowe is expected to attend the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to questions from Stockholders.

Principal Accountant Fees and Services

The following table sets forth Crowe's fees pertaining to the fiscal years ending December 31, 2017 and 2016 (dollars in thousands):

“*All Other Fees*” are those fees billed for services, other than the services reported above, related to our registration statements and related prospectuses.

The Audit Committee has established a pre-approval policy that describes the permitted audit, audit-related, tax and other services to be provided by Crowe. The policy requires that the Audit Committee pre-approve the audit and permissible non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor’s independence. Any requests for audit, audit-related, tax and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the Audit Committee may delegate pre- approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management. All services described in the table above were pre-approved by the Audit Committee.

THE BOARD, INCLUDING EACH OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF CROWE HORWATH LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018.

Audit Committee Report⁽¹⁾

The following is the report of the Audit Committee of WhiteHorse Finance, Inc. (the “Company”) with respect to the Company’s consolidated audited financial statements for the fiscal year ended December 31, 2017 (the “Audited Financial Statements”).

The Audit Committee has reviewed and discussed the Audited Financial Statements, along with management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's evaluation of the Company's internal control over financial reporting, with management and Crowe Horwath LLP (“Crowe”), the Company’s independent registered public accounting firm, with and without management present. The Audit Committee included in its review results of Crowe’s examinations, the Company’s internal controls and the quality of the Company’s financial reporting. The Audit Committee also reviewed the Company’s procedures and internal control processes designed to ensure full, fair and adequate financial reporting and disclosures, including procedures for certifications by the Company’s chief executive officer and chief financial officer that are required in periodic reports filed by the Company with the Securities and Exchange Commission (the “SEC”). The Audit Committee is satisfied that the Company’s internal control system is adequate and that the Company employs appropriate accounting and auditing procedures.

The Audit Committee also has discussed with Crowe matters relating to Crowe’s judgments about the quality, as well as the acceptability, of the Company’s accounting principles as applied in its financial reporting as required by Statement of Auditing Standards No. 1301 (Communications with Audit Committees). In addition, the Audit Committee has discussed with Crowe their independence from management and the Company, as well as the matters in the written disclosures received from Crowe and required by Public Company Accounting Oversight Board Rule 3526 (Communication with Audit Committee Concerning Independence). The Audit Committee received a letter from Crowe confirming their independence and discussed it with them. The Audit Committee discussed and reviewed with Crowe the Company’s critical accounting policies and practices, internal controls, other material written communications to management and the scope of Crowe’s audit and all fees paid to Crowe during the fiscal year. The Audit Committee adopted guidelines requiring review and pre-approval by the Audit Committee of audit and audit-related services performed by Crowe for the Company. The Audit Committee has reviewed and considered the compatibility of Crowe’s performance of audit-related services with the maintenance of Crowe’s independence as the Company’s independent registered public accounting firm.

Based on the Audit Committee’s review and discussions referred to above, the Audit Committee recommended to the Board of Directors (the “Board”) of the Company (and the Board approved) that the Audited Financial Statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2017 filed with the SEC. In addition, the Board, based on the recommendation of the Audit Committee has engaged Crowe to serve as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2018 and has directed that the selection of Crowe should be submitted to the Company’s stockholders for ratification.

PROPOSAL 3: APPROVAL OF APPLICATION OF REDUCED ASSET COVERAGE REQUIREMENTS TO THE COMPANY

Background and 1940 Act Requirements

The Company is an externally managed, non-diversified, closed-end management investment company that has elected to be treated as a business development company (“BDC”) under the 1940 Act. The 1940 Act contains asset coverage requirements which limit the ability of BDCs to incur leverage, and BDCs are generally only allowed to borrow amounts by issuing debt securities or preferred stock (collectively referred to as “senior securities”) if the BDC’s asset coverage, as defined in the 1940 Act, equals at least 200% after such borrowing. For purposes of the 1940 Act, “asset coverage” means the ratio of (1) the total assets of a BDC, less all liabilities and indebtedness not represented by senior securities, to (2) the aggregate amount of senior securities representing indebtedness (plus, in the case of senior securities represented by preferred stock, the aggregate involuntary liquidation preference of such preferred stock).

On March 23, 2018, the Small Business Credit Availability Act (the “SBCAA”) was enacted into law. The SBCAA, among other things, amended Section 61(a) of the 1940 Act to add a new Section 61(a)(2) that reduces the asset coverage requirement applicable to BDCs from 200% to 150% so long as the BDC meets certain disclosure requirements and obtains certain approvals. The reduced asset coverage requirement would permit a BDC to have a debt-to-equity ratio of a maximum of 2x (i.e., \$2 of debt outstanding for each \$1 of equity) as compared to a maximum of 1x (i.e., \$1 of debt outstanding for each \$1 of equity) under the 200% asset coverage requirement. Effectiveness of the reduced asset coverage requirement to a BDC requires approval by either (1) a “required majority,” as defined in Section 57(o) of the 1940 Act, of such BDC’s board of directors with effectiveness one year after the date of such approval or (2) a majority of votes cast at a special or annual meeting of such BDC’s stockholders at which a quorum is present, which can be effective as soon as the day after such stockholder approval.

At a meeting of the Board held on May 3, 2018, the Board, including a “required majority” (as defined in Section 57(o) of the 1940 Act) thereof, approved the application of the reduced asset coverage requirement in Section 61(a)(2) of the 1940 Act as being in the best interests of the Company and its Stockholders. As a result, and subject to certain additional disclosure requirements as described below and provided such approval is not later rescinded, the reduced asset coverage requirement will apply to the Company effective as of May 3, 2019, unless earlier approved by a vote of a majority of the Stockholders at the Annual Meeting as described below.

In addition, the Board has determined that it is advisable and in the best interests of the Company and its Stockholders that the reduced asset coverage requirement for senior securities in Section 61(a)(2) of the 1940 Act apply to the Company as soon as practicable. Therefore, the Board has decided to seek the approval of the Stockholders at the Annual Meeting which, if successful, would accelerate the effectiveness of the reduced asset coverage requirement. If this Proposal 3 is approved by the Stockholders at the Annual Meeting, the asset coverage required for the Company’s

senior securities will be 150% rather than 200% commencing on the first day after such approval, or August 2, 2018, unless the Annual Meeting is adjourned or otherwise postponed.

Recommendation and Rationale

The Board has approved and unanimously recommended that the Stockholders vote in favor of the application of the reduced asset coverage requirements in Section 61(a)(2) of the 1940 Act to the Company. The Board concluded that Proposal 3 is in the best interests of the Company and the Stockholders. In doing so, the Board considered and evaluated various factors, including the following (each, as discussed more fully below):

- the additional flexibility to manage the Company's capital to take advantage of attractive investment opportunities and flexibility to delay potential equity capital raises until times when the trading price of the Common Stock exceeds net asset value per share;
- the Company's investment strategy and focus on first lien senior secured loans;
- the ability to broaden the Company's portfolio;
- the potential impact (both positive and negative) on net investment income, return to stockholders and net asset value;
- the additional flexibility to make required regulated investment company distributions without violating the 1940 Act; and
- the impact on advisory fees payable by the Company to WhiteHorse Advisers and the related conflicts of interest.

Flexibility to manage capital to take advantage of attractive investment opportunities and flexibility to delay potential equity capital raises until a time when the trading price of the Common Stock exceeds net asset value per share

The Company cannot predict when attractive investment opportunities will present themselves, and attractive opportunities may arise at a time when market conditions are not favorable to raising additional equity capital or the Company is unable to raise additional equity due to the 1940 Act limitations on the issuances of common stock at prices below net asset value per share absent stockholder approval (which the Company does not currently have). If the Company is not able to access additional capital (either at all or on favorable terms) when attractive investment opportunities arise, including because the trading price of the Common Stock is less than the then-current net asset value per share, the Company's ability to grow over time and to continue to pay distributions to Stockholders could be adversely affected. Based on the Company's balance sheet as of March 31, 2018, reducing the asset coverage

requirements applicable to the Company from 200% to 150% would allow the Company to borrow nearly \$586 million in capital (representing an increase of approximately \$239 million). This amount would provide additional flexibility to pursue attractive investment opportunities. The Board believes that the greater deal flow that may be achieved with this additional capital would enable the Company to participate more meaningfully in the private debt markets by allowing the Company to make additional investments in both new and existing portfolio companies with no loss of diversification of the overall portfolio. With more capital, the Company expects that it would, over time, increase its diversification of the overall portfolio, be a more meaningful capital provider to the middle market and be able to better compete for high-quality investment opportunities with other companies having greater resources than the Company currently has.

In addition, the Board believes that the capital made available by incurring additional leverage would allow the Company to better manage its capital and to only undertake equity capital raises when market conditions are optimal for doing so and when the trading price of the Common Stock exceeds the then-current net asset value per share.

Investment strategy and focus on first lien senior secured loans

The Board noted that the Company has primarily invested in senior secured loans and expects that the Company's portfolio will include a majority of first lien senior secured financings. As of March 31, 2018 and December 31, 2017, 51.9% and 47.4%, respectively, of the Company's total assets at fair value were invested in first lien senior secured loans. A portfolio comprised of such assets is well suited to take advantage of additional leverage. As noted below, additional leverage would magnify increases in the Company's income, if any, which could cause the Company's net income to exceed the quarterly hurdle rate for the incentive fee the Company pays to WhiteHorse Advisers with comparatively lower absolute unlevered returns on the Company's investments. The Board further noted that the increase in total assets available for investment as a result of incurring additional leverage would increase the assets available for investment in assets considered "non-qualifying assets" for purposes of Section 55 of the 1940 Act, which will also give the Company greater flexibility when evaluating investment opportunities.

Ability to broaden the Company's portfolio

The Board noted that, as of March 31, 2018, the Company was invested in the securities of 34 portfolio companies across 22 industries with an average investment size of \$9.7 million. The ability to access additional capital through a reduced asset coverage requirement applicable to the Company will allow the Company to make additional loans to new portfolio companies, and, as a result, increase diversification of its current portfolio (whether by number of portfolio companies or industries to which the Company has investment exposure); additionally, the Company could make additional loans to existing portfolio companies with no corresponding loss of diversification of its current portfolio.

Potential impact on net investment income, return to stockholders and net asset value

The Board also considered the potential impact of additional leverage on the Company's net investment income, noting that any increases would be magnified if the Company employed additional leverage. Thus, the Board noted that additional leverage may allow the Company to maintain its historical distribution rate while investing in assets with lower absolute, but better, or more favorable, risk-adjusted, returns than the Company's current portfolio. Similarly, the Board considered that, if the value of the Company's assets increases, additional leverage could cause net asset value to increase more rapidly than it otherwise would have if the Company did not employ such additional leverage.

However, the Board noted that the converse was also true and, if the Company's net investment income or the value of the Company's assets decreased, additional leverage would cause the Company's income and/or net asset value to decline more sharply than it otherwise would have if the Company did not employ such additional leverage, increasing the risk of investing in the Common Stock. In addition, the Company would have to service any additional debt that it incurs, including interest expense on debt and dividends on preferred stock, that the Company may issue, as well as the fees and costs related to amendments to the Credit Facility or the entry into new credit facilities. These expenses (which may be higher than the expenses on the Company's current borrowings due to the rising interest rate environment) would decrease net investment income and, as a result, net asset value, and the Company's ability to pay such expenses will depend largely on the Company's financial performance and will be subject to prevailing economic conditions and competitive pressures.

Effect of Leverage on Return to Stockholders

The following table illustrates the effect of leverage on returns from an investment in the Common Stock assuming that the Company employs leverage such that its asset coverage equals its actual asset coverage ratio as of March 31, 2018 and hypothetical asset coverage ratios of both 200% and 150%, at various annual returns on the Company's portfolio as of March 31, 2018, net of expenses. The purpose of this table is to assist investors in understanding the effects of leverage. The calculations in the table below are hypothetical, and actual returns may be higher or lower than those appearing in the table below.

Assumed Return on the Company's Portfolio (Net of Expenses)	(10.00)%	(5.00)%	0.00%	5.00%	10.00%
Corresponding return to common stockholder assuming actual asset coverage as of March 31, 2018 (259%) ⁽¹⁾	(19.2)%	(11.2)%	(3.3)%	4.7 %	12.7 %
Corresponding return to common stockholder assuming 200% asset coverage ⁽²⁾	(24.6)%	(14.8)%	(5.0)%	4.9 %	14.7 %
Corresponding return to common stockholder assuming 150% asset coverage ⁽³⁾	(39.3)%	(24.5)%	(9.7)%	5.1 %	19.9 %

Assumes \$492.6 million in total assets, \$185.0 million in debt outstanding and \$293.5 million in net assets as of (1) March 31, 2018, and an average cost of funds of 5.1%, which is the Company's weighted average borrowing cost as of March 31, 2018.

Assumes \$601.2 million in total assets, \$293.5 million in debt outstanding and \$293.5 million in net assets as of (2) March 31, 2018, and an average cost of funds of 5.0%, which would be the Company's weighted average borrowing cost assuming 200% asset coverage as of March 31, 2018.

(3)

Edgar Filing: WhiteHorse Finance, Inc. - Form PRE 14A

Assumes \$894.0 million in total assets, \$586.3 million in debt outstanding and \$293.5 million in net assets as of March 31, 2018, and an average cost of funds of 4.9%, which would be the Company's weighted average borrowing cost assuming 150% asset coverage as of March 31, 2018.

Additional flexibility to make required regulated investment company distributions without violating the 1940 Act

Prior to the passage of the SBCAA, the 1940 Act prohibited BDCs from declaring any dividend or other distribution to holders of any class of capital stock, in the case of debt securities, or common stock, in the case of preferred stock, unless the asset coverage with respect to such senior securities was at least 200%. By lowering the asset coverage requirement to 150%, the Company will have additional flexibility, subject to compliance with the covenants under any debt facilities, to continue making the distributions to Stockholders required to maintain its qualification as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. This additional flexibility may be helpful in circumstances where the value of the Company's assets, and thus the Company's asset coverage, declines, but the level of the Company's net investment income remains relatively constant (i.e., the Company continues to have cash available to make any necessary distributions to Stockholders). If the Company were to fail to make required distributions and no longer qualify as a regulated investment company, the Company would be subject to corporate-level U.S. federal income taxes.

Impact on advisory fees paid by the Company

The base management fee payable to WhiteHorse Advisers pursuant to the Investment Advisory Agreement is calculated at an annual rate of 2.0% of the average value of the Company's consolidated gross assets, including cash and cash equivalents and assets purchased with borrowed funds, at the end of the two most recently completed calendar quarters. The Board considered the fact that incurring additional leverage will increase the base management fee payable to WhiteHorse Advisers irrespective of the return on the incremental assets and also noted that sourcing additional investment opportunities to deploy any additional capital will require additional time and effort on the part of WhiteHorse Advisers and its investment personnel.

In addition, as additional leverage would magnify positive returns, if any, on the Company's portfolio, as noted above, the Company's net investment income may exceed the quarterly hurdle rate for the incentive fee on income payable to WhiteHorse Advisers pursuant to the Investment Advisory Agreement at a lower average unlevered return on the Company's portfolio. Thus, if the Company incurs additional leverage, WhiteHorse Advisers may receive additional incentive fees without any corresponding increase (and potentially with a decrease) in the Company's performance. The Board also noted that the incentive fee payable by the Company to WhiteHorse Advisers may create an incentive for it to make investments on the Company's behalf that are risky or more speculative than would be the case in the absence of such compensation arrangement, which could result in higher investment losses, particularly during cyclical economic downturns.

Other Considerations

The Board noted that holders of any senior securities, including any additional senior securities that Company may be able to issue as a result of the reduced asset coverage requirements, will have fixed-dollar claims on the Company's assets that are superior to the claims of the Stockholders. In the case of a liquidation event, holders of these senior securities would receive proceeds to the extent of their fixed claims before any distributions are made to the Stockholders, and the issuance of additional senior securities may result in fewer proceeds remaining for distribution to the Stockholders if the assets purchased with the capital raise from such issuances decline in value.

The Board also discussed the additional disclosures required upon the modification of the asset coverage requirement. Such additional disclosure includes a requirement to disclose the approval of the 150% asset coverage requirement in a filing with the SEC within five business days of such approval. Following such approval, the Company will be required to include in its quarterly reports on Form 10-Q and annual reports on Form 10-K the principal amount or liquidation preference of its senior securities and its asset coverage ratio as of the date of the most recent financial statements, the fact that the 150% asset coverage had been approved by the Company and the effective date of such approval along with the principal risk factors associated with the Company's senior securities. The Board noted that such disclosure requirements were not anticipated to be burdensome to the Company.

Based on its consideration of each of the above factors and such other information as the Board deemed relevant, the Board concluded that Proposal 3 is in the best interests of the Company and the Stockholders and recommended that the Stockholders approve this Proposal.

THE BOARD, INCLUDING EACH OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE APPLICATION OF THE REDUCED ASSET COVERAGE REQUIREMENTS IN SECTION 61(A)(2) OF THE 1940 ACT TO THE COMPANY.

OTHER BUSINESS

The Board knows of no other matter that is likely to come before the Annual Meeting or that may properly come before the Annual Meeting, apart from the consideration of an adjournment or postponement.

If there appears not to be enough votes for a quorum or to approve the Proposals at the Annual Meeting, then either the presiding officer of the Annual Meeting or the Stockholders who are represented in person or by proxy may vote to adjourn the Annual Meeting to permit the further solicitation of proxies. The person(s) named as proxies will vote proxies held by them for such adjournment.
