Eduardo Padilla, FEMSA’s CEO, commented:

“The fourth quarter results were generally consistent with the performance trends set earlier in the year. FEMSA Comercio’s Proximity Division achieved double-digit growth up and down its income statement, delivering stable operating margins on the back of strong expansion at the gross level. The Health Division generated mid-single digit growth and stable operating margins, as the Mexico operations continued to improve sequentially. The Fuel Division delivered solid growth in revenues and gross margin, but we were unable to carry that strength down to the bottom line. For its part, Coca-Cola FEMSA delivered top line and volume growth in several markets, with particularly encouraging trends coming out of Brazil.

2018 was an interesting year, with our two main markets going through major electoral processes and the changes that come with new administrations. We continue to see a resilient, confident consumer in Mexico, and a resurgent one in Brazil. And we are optimistic about most of the markets where we operate, across businesses. Most of all, we are optimistic about our platform, about the progress we made in 2018, and about the opportunities we have ahead of us.”

¹ Excludes the effects of significant mergers and acquisitions in the last twelve months and the results of Coca-Cola FEMSA Venezuela in 2017. For this quarter, it includes the consolidation of Caffenio, our sole coffee supplier in Mexico, which we now control with 50% share ownership.

Income tax was Ps. 3,570 million in 4Q18.

Net consolidated income increased significantly to Ps. 14,318 million, reflecting an undemanding comparison base caused by the change in the accounting method for Coca-Cola FEMSA's Venezuela operation, which resulted in a non-cash, one-time impact to the *Other non-operative expenses* line of the income statement during 4Q17, coupled with higher interest income during the quarter. This was partially offset by a decrease in foreign exchange gains related to FEMSA's U.S. dollar denominated cash position.

Total revenues increased 6.1% in 4Q18 compared to 4Q17, mainly driven by growth in our South American operations as well as by gradually improving trends in Mexico. As of December 31, 2018, FEMSA Comercio's Health Division had a total of 2,361 points of sale across our territories. This figure reflects the addition of 58 net new stores in the quarter to reach 136 total net new store openings for the last twelve months. Same-store sales for drugstores increased an average of 4.5%, reflecting a negative currency translation effect related to the appreciation of the Mexican peso compared to the Chilean and Colombian pesos in our operations in South America.

Gross profit increased by 5.3%, while gross margin contracted 30 basis points to 31.9% of total revenues, reflecting price adjustments in Colombia and increased promotional activity for loyalty customers in Chile, partially offset by improved efficiency and more effective collaboration and execution with our key supplier partners in Mexico.

Income from operations grew 6.1%. Operating expenses increased 5.1% to Ps. 3,602 million, below revenues. Operating margin remained flat at 5.0% of total revenues reflecting the gross margin contraction described above, offset by increased operating leverage generated by cost efficiencies and tight expense control across our territories.

Total revenues increased 6.8%, mainly reflecting solid growth at FEMSA Comercio's three divisions. On an organic basis,¹ total revenues increased 6.6%.

Gross profit increased 8.1%. Gross margin increased 50 basis points to 37.3% of total revenues, reflecting gross margin expansion across all business units.

Income from operations increased 3.3%. On an organic basis,¹ income from operations decreased 1.9%. Our consolidated operating margin decreased 30 basis points to 8.9% of total revenues, reflecting an operating margin contraction at Coca-Cola FEMSA and the faster growth of FEMSA Comercio's three divisions, whose lower margins tend to compress FEMSA's consolidated margins over time.

Net consolidated income decreased 11.1% to Ps. 33,079 million, reflecting a demanding comparison base stemming from: i) a foreign exchange gain related to FEMSA's U.S. dollar-denominated cash position, impacted by the depreciation of the Mexican peso during 2017; ii) a higher participation in Heineken's results for most of the comparable period; and iii) other financial income related to Coca-Cola FEMSA's hyperinflationary operations. This was partially offset by growth in our income from operations, and lower financing expenses.

Net majority income per FEMSA Unit² was Ps. 6.70 (US\$ 3.41 per ADS).

Capital expenditures amounted to Ps. 24,266 million, reflecting higher investments in most business units.

On February 26, FEMSA announced that its subsidiary Cadena Comercial OXXO, S.A. de C.V. (“OXXO”) had signed an agreement with Cervezas Cuauhtémoc Moctezuma, S.A. de C.V. (“HEINEKEN Mexico”), and both companies have agreed to an extension of their existing commercial relationship, with certain important changes. The current successful commercial relationship between OXXO and HEINEKEN Mexico began in 2010 and has been conducted under a ten-year agreement, whereby the only beer brands sold by OXXO have been those of the HEINEKEN Mexico portfolio. This announcement represents an early renegotiation of the agreement with HEINEKEN Mexico. Under the terms of the agreement announced today, starting in April of 2019 and following a gradual process, OXXO will also start selling the beer brands of Grupo Modelo in certain regions of Mexico, and will cover the entire Mexican territory by the end of 2022. As an example, the markets where OXXO will start selling both brand portfolios simultaneously during 2019 include Guadalajara and Mexico City. The new commercial agreement will increase the productivity of the beer category within OXXO stores and will contribute to the growth of the beer industry in Mexico. Furthermore, the agreement is consistent with OXXO’s permanent efforts to evolve its value proposition, committed to its consumers and offering more and better solutions to their daily needs. The agreement is expected to be formalized through the signing of a definitive contract, which is expected to take place during March of 2019.

Message from the Chief Executive Officer

“In a year marked by high volatility, I am very pleased with our organization’s capability to navigate challenges and capitalize on opportunities, allowing us to achieve strong results and providing an encouraging outlook for 2019. Mexico and Central America’s top-line continues to grow; in South America, a recovering environment in Brazil coupled with a strengthened portfolio, enabled us to deliver consistent volume growth; in Colombia and Argentina, we continue to offer appealing options for difficult consumer environments. Finally, in 2018, we achieved significant milestones that reaffirm our disciplined approach to capital allocation. We closed important acquisitions in Guatemala and Uruguay, and we are positioned for further sustainable and profitable growth by adding flexibility to our balance sheet and capital structure, underscoring our commitment to deliver value for all our stakeholders,” said John Santa Maria Otazua, Chief Executive Officer of the Company.

Our positive performance in colas was driven by growth in Brazil and Colombia. Our still beverage category increased 6.3%, driven mainly by the positive performance of Brazil, Colombia and Mexico, partially offset by a decline in Central America. Finally, our water category's transactions increased by 9.2%, driven by growth in Brazil, Colombia, and Mexico, partially offset by a decline in Central America.

Volume: Comparable sales volume increased 0.9% in the fourth quarter of 2018 as compared to the same period in 2017. Gross profit: Comparable gross profit grew 5.9%. Our volume growth, lower sweetener prices in most of our operations, and favorable currency hedging positions in South America were offset by higher PET prices across most of our operations, higher concentrate prices in Mexico, and the depreciation in the average exchange rate of all of our operating currencies as applied to our U.S. dollar-denominated raw material costs.

Operating Income: Comparable operating income increased 4.3% for the fourth quarter of 2018 as compared to the same period of 2017.

Operating cash flow: Comparable operating cash flow increased 4.1% in the fourth quarter of 2018.

As reported figures:

According to IFRS 5, the Philippines is presented as a discontinued operation as of January 1, 2018 and the consolidated income statements presented herein are re-presented as if the Philippines had been discontinued from February 2017.

Revenues: Total revenues increased 2.0% to Ps. 50,165.6 million in the fourth quarter of 2018, driven mainly by volume growth in Brazil, Central America and Colombia, price increases above inflation in Argentina, Brazil, and Mexico and the consolidation of recently acquired territories in Guatemala and Uruguay. These factors were partially offset by the negative translation effect resulting from the depreciation of the Argentine Peso, the Brazilian Real and the Colombian Peso as compared to the Mexican Peso, combined with volume decline in Argentina and Mexico, hyperinflationary accounting in Argentina and the deconsolidation of Coca-Cola FEMSA de Venezuela as of December 31, 2017.

Press Release 4Q 2018

February 26, 2019

Equity method: The reported share of the profits of associates and joint ventures recorded a loss of Ps. 108 million in the fourth quarter of 2018, compared to a loss of Ps. 103 million recorded in the fourth quarter of 2017. This is mainly due to a loss in our dairy joint venture in Panama and in our Jugos del Valle joint venture in Mexico, partially offset by gains in our joint ventures in Brazil.

Operating Income: Operating income increased 0.3% to Ps. 7,342.0 million, and operating margin contracted 30 basis points to 14.6% during the fourth quarter of 2018 as compared with the same period of 2017.

Other non-operative expenses, net: Other non-operative expenses, net, recorded an expense of Ps. 632 million, driven mainly by an impairment of Ps. 432 million to our investment in our dairy joint venture Estrella Azul, in Panama, coupled with provisions related to contingencies in Brazil and Colombia. This is compared to an expense of Ps. 29,090 million during the fourth quarter of 2017 which was driven by a one-time non-cash charge related to the deconsolidation of Venezuela as of December 31, 2017.

Comprehensive financing result: Comprehensive financing result in the fourth quarter of 2018 recorded an expense of Ps. 2,149 million, compared to an expense of Ps. 1,090 million in the same period of 2017.

During the fourth quarter of 2018, we recorded an interest expense net, of Ps. 1,770 million, compared to Ps. 1,744 million in the fourth quarter of 2017. This increase was driven by additional financing of Ps. 10,100 million during the second quarter of 2018 for the acquisition of new territories in Guatemala and Uruguay. However, this effect was partially offset by the average exchange rate depreciation of the Brazilian Real compared to the Mexican Peso as applied to existing Brazilian Real-denominated interest expense; the maturity of our five year Yankee bond in November and the reduction of the debt in Colombia.

In addition, for the fourth quarter, we recorded a foreign exchange loss of Ps. 371 million as compared to a gain of Ps. 505 million in the same period of 2017. This loss was driven mainly by the appreciation of the Mexican Peso as applied to our U.S. dollar cash position, which included income related to the sale of our stake in Coca-Cola FEMSA Philippines, Inc.

Moreover, due to the reporting of our Argentina operation as a hyperinflationary subsidiary, during the fourth quarter of 2018, our monetary position in inflationary subsidiaries recorded a gain of Ps. 59 million as compared to a gain of Ps. 460 million during the same period of 2017, which was generated by Venezuela.

Market value on financial instruments recorded a loss of Ps. 67 million as compared to a loss of Ps. 310 million in the fourth quarter of 2017.

Income tax: During the fourth quarter of 2018, reported income tax as a percentage of income before taxes was 30.1%.

Net income: Consolidated net controlling interest income reached Ps. 5,541 million which includes the sale of the Philippines stake in the fourth quarter 2018, as compared to a loss of Ps. 24,245 million during the same period of the previous year, which included a one-time non-cash charge related to the deconsolidation of Venezuela. For the fourth quarter 2018, earnings per share (EPS) was Ps. 2.64 (Ps. 26.37 per ADS). Earnings per share from continuing operations was Ps. 1.38 (Ps. 13.75 per ADS).

Operating cash flow: Operating cash flow decreased 2.0% to Ps. 10,215 million, and operating cash flow margin contracted 80 basis points to 20.4%.

The weighted average cost of debt for the quarter, including the effect of debt swapped to Brazilian Reals and Mexican Pesos, was 8.21%, an increase as compared to the fourth quarter 2017 due mainly to our fixed exposure to Brazilian reals denominated debt and the effect of the increase of the THIE rate on our bilateral loans in Mexican Pesos. Comprehensive financing result: Comprehensive financing result in 2018 recorded an expense of Ps. 6,943 million, compared to an expense of Ps. 5,362 million in the same period of 2017.

In 2018, we recorded an interest expense, net, of Ps. 6,564 million, compared to Ps. 7,987 million in 2017. This decrease was driven by the decline of short-term interest rates in Brazil; the average exchange rate depreciation of the Brazilian Real compared to the Mexican Peso as applied to existing Brazilian Real-denominated interest expense; and the reduction of debt in Argentina, Brazil, and Colombia. However, these factors were partially offset by: (i) financing of Ps. 10,100 million for the acquisition of our new territories in Guatemala and Uruguay; and (ii) an interest rate increase in Mexico.

In addition, in 2018, we recorded a foreign exchange loss of Ps. 277 million as compared to a gain of Ps. 788 million in 2017, which resulted from the depreciation of the Mexican Peso as applied to our U.S. dollar-denominated cash position that included income related to the sale of our stake in Coca-Cola FEMSA Philippines, Inc.

Due to the deconsolidation of Coca-Cola FEMSA de Venezuela, no monetary position in hyperinflationary subsidiaries was recorded in the first six months of 2018. Nevertheless, with the reporting of Argentina as of July 1, 2018, a gain of Ps. 212 million was recorded in monetary position in hyperinflationary subsidiaries for the second half of 2018, compared to a gain of Ps. 1,591 million related to Venezuela for the full year of 2017.

Market value on financial instruments recorded a loss of Ps. 314 million, compared to a gain of Ps. 246 million in 2017, due to the decrease in long-term interest rates in Brazil as applied to our fixed rate cross-currency swaps, during the period.

Income tax: In 2018, reported income tax as a percentage of income before taxes was 31.0%.

Net income: Consolidated net controlling interest income reached Ps. 13,910.2 million in 2018, which includes one-time income related to the sale of the stake in the Philippines, as compared to a loss of Ps. 12,802.1 million during 2017, which included a one-time non-cash charge related to the deconsolidation of Venezuela. For 2018, earnings per share (EPS) was Ps. 6.62 (Ps. 66.21 per ADS). Earnings per share from continuing operations was Ps. 5.21 (Ps. 52.05 per ADS).

Operating cash flow: Operating cash flow decreased 2.3% to Ps. 35,455.7 million, and operating cash flow margin contracted 40 basis points.

Results from discontinued operations

On August 16, 2018, KOF announced the exercise of the put option to sell its 51% stake in Coca-Cola FEMSA Philippines, Inc. The transaction was subsequently closed on December 13, 2018. Therefore, the Philippines is presented as a discontinued operation as of January 1, 2018, and the consolidated income statements presented herein are re-presented as if the Philippines had been discontinued from February 2017, date of the consolidation of said operation.

During 2018, the result of discontinued operations reached Ps. 3,366 million as compared to Ps. 3,726 million in the same period of the previous year. This result includes the operations result for 2018, the income from re-measurement of fair value less cost to sell, and the accumulated current translation effect, resulting in net income of Ps. 2,524 million.
