ADMT- A Green Company

Dear Shareholder,

I would like to take this opportunity to introduce myself and update you on the progress we are making with respect to our green , environmentally-safe, water-based chemical technologies. During the past 12 months I have been working closely with our President Andre DiMino to identify markets, re-brand our products and launch our new division **Aqua Based Technologies** .(www.aquabased.com)

In this short period we have endeavored to increase our presence in the marketplace. We believe these efforts will translate into increased sales for our four core product lines: coatings, adhesives, primers and additives. Moving forward, our plan is to continue to establish our products in the marketplace and become a leading supplier to the food and medical packaging, graphic arts, wall covering and converting industries.

Marketing Highlights

Websites: We have created new, attractive and informative websites. Please be sure to visit them at: admtronics.com, aquabased.com and pros-aide.com

Advertising: We have launched a new and dynamic advertising program which should help us gain access to the market and help grow our company. Concentrated efforts include: trade publication advertising, postcards and direct mail, brochures, press releases, trade shows, website SEO and internet advertising.

The right products at the right time

We are excited about the popularity of advanced water-based technology in today's marketplace, especially with the market's growing interest in green products. This continued movement will give ADMT the ability to grow and prosper both now and in the future.

Thank you for your continued support and interest in ADMT. Please feel free to drop me a line with any questions or comments you may have.

Best Regards,

Thomas Kistler
Director, Sales & Marketing
