BAYER PROPOSES EUR 0.50 DIVIDEND PER SHARE

Operating result improved in 2003 /  
Balance sheet impacted by impairment charges as announced

---

LEVERKUSEN - Bayer AG's Supervisory Board today accepted the proposal of the Board of Management to recommend to the Annual Stockholders' Meeting on April 30, 2004, a dividend for fiscal 2003 of EUR 0.50 per share. With some 730 million shares, this would represent a payout of EUR 365 million. In 2002, a dividend of EUR 0.90 per share was paid.

"We improved earnings from operations in 2003. However, our balance sheet was impacted by impairment charges - announced in December - prompted by the planned carve-out of certain chemicals and polymers activities. The dividend proposal takes account of these special items but remains in line with Bayer's dividend policy, which is based on the earnings capability of our business activities and our strong cash flow," said Werner Wenning, Chairman of the Board of Management of Bayer AG.

The Group's annual financial statements will be presented and discussed at the Spring Financial News Conference on March 18.
