Item 2.02. Results of Operations and Financial Condition

Attached and being furnished hereby as Exhibit 99.1 is a copy of a press release of International Flavors & Fragrances Inc. ("IFF" or the "Company") dated August 9, 2011 reporting IFF's financial results for the quarter ended June 30, 2011.

An audio webcast to discuss the Company's second quarter 2011 financial results and full year 2011 outlook will be held today, August 9, 2011, at 10:00 a.m. EDT. Interested parties can access the webcast and accompanying slide presentation on the Company's website at www.iff.com under the Investor Relations section. For those unable to listen to the live broadcast, a replay will be available on the Company's website approximately one hour after the event and will remain available on the IFF website for one year.

Non-GAAP financial measures: The Company uses non-GAAP financial operating measures which exclude restructuring charges (including costs associated with the Company's restructuring efforts in Europe in 2010 and 2011). In addition, in certain instances, we exclude the effects of exchange rate fluctuations when discussing our historical performance. The Company also discloses, from time to time, non-GAAP effective tax rates, which exclude the effect of the benefits of tax rulings relating to prior periods, as additional information in seeking to assess and compare our tax rates without the benefit of those tax rulings. Such information is supplemental to information presented in accordance with GAAP and is not intended to represent a presentation in accordance with GAAP. In discussing our historical and expected future results and financial condition, we believe it is meaningful for investors to be made aware of and to be assisted in a better understanding of, on a period-to-period comparative basis, of financial amounts both including and excluding these identified items, as well as the impact of exchange rate fluctuations on operating results and financial condition. We believe such additional non-GAAP information provides investors with an overall perspective of the period-to-period performance of our core business. In addition, management internally reviews each of these non-GAAP measures to evaluate performance on a comparative period-to-period basis in terms of absolute performance, trends and expected future performance with respect to our core continuing business. A material limitation of these non-GAAP measures is that such measures do not reflect actual GAAP amounts, restructuring charges include actual cash outlays; and we compensate for such limitations by presenting the accompanying reconciliation to the most directly comparable GAAP measure. These non-GAAP measures may not be comparable to similarly titled measures used by other companies. Management compensates for such limitations by clarifying that these measures are only one operating metric used for analysis and planning purposes and by providing the corresponding GAAP financial measures and a reconciliation to the corresponding GAAP financials measures on IFF's website at www.iff.com under the Investor Relations section.
