Section 3 – Securities and Trading Markets

Item 3.02 Unregistered Sales of Equity Securities

Between January 27 and February 9, 2010, Tri-Valley Corporation issued 269,230 shares of shares of restricted common stock to 6 accredited investors, including 5 U.S. residents and one non-U.S. resident. These sales were made to the U.S. residents in privately negotiated transactions in reliance on the exemption from registration requirements contained in Section 4(2) of the Securities Act of 1933 and to the non-U.S. resident in reliance on Regulation S under the Securities Act of 1933. The sales are made subject to and conditioned upon approval of the shares for listing on the Company's primary market, the NYSE Amex LLC. Prices paid for the shares ranged from \$1.48 to \$1.56 per share, for total sales proceeds of \$406,150. Tri-Valley intends to use the proceeds of these sales for working capital and to accelerate its oil and gas field development programs already underway.

In addition, in January 2010, the Company issued 5,000 shares of restricted common stock to each of its six independent directors (a total of 30,000 shares) as compensation for services. These shares were issued in reliance on the exemption from registration requirements contained in Section 4(2) of the Securities Act of 1933.

Although the shares described in this report total less than 1% of the currently outstanding shares of common stock of the Company, we have elected to report them earlier than required on this Form 8-K.
