REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Plan Administrator and Participants  
Flushing Savings Bank, FSB 401(k) Savings

We have audited the accompanying statements of net assets available for benefits of the Flushing Savings Bank, FSB 401(k) Savings Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for plan benefits for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2011 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of Flushing Savings Bank, FSB 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Flushing Savings Bank, FSB (the "Bank") is a wholly-owned subsidiary of Flushing Financial Corporation (the "Company"), a publicly-held corporation whose stock trades on the Nasdaq under the symbol FFIC.

a. General:

The Plan is a tax-deferred savings plan which began on September 1, 1987, and covers all salaried employees of the Bank and participating affiliates. However, participants are not eligible to receive Bank contributions until they have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Trustee is Prudential Bank & Trust, FSB. The Plan is comprised of the following three components, participant deferrals (including Bank matching contributions), Profit Sharing Plan ("PSP") contributions and Defined Contribution Retirement Plan ("DCRP") contributions. All three components of the Plan as well as all earnings and losses thereon are segregated by component.

b. Contributions:

Participant contributions can be no less than 1% nor greater than 25% of the participant's base compensation for each plan year. Participant contributions could not exceed \$16,500 annually for the plan year ended December 31, 2011, adjusted as prescribed under the Internal Revenue Code. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Bank will match 50% of each participant's base contributions up to a maximum of 3% of the participant's base compensation. Of the 50% match, one half of the match will be made in Flushing Financial Corporation Common Stock, which the participant has the ability to immediately re-allocate. The remaining half of the match will be invested into corresponding participant directed investment accounts. Currently, contributions to the Plan are not subject to Federal, State, or Local income taxes until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Under the DCRP, eligible employees who have met the Plan's age and service eligibility requirements will annually have a contribution made to their individual accounts equal to 4% of their base compensation. PSP contributions will be made annually at the Company's discretion. Any such contribution shall be allocated among eligible employees in proportion to each such employee's eligible compensation for the entire year in which the effective date occurs. PSP and DCRP contributions will be initially made in the form of Flushing Financial Corporation Common Stock, which the participant has the ability to immediately re-allocate. Employer non cash contributions reported on the Statements of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2011, include \$1,866,296 in contributions receivable. This receivable represents \$1,116,172 contribution to the PSP and \$750,124 contribution to the DCRP for the year ended December 31, 2011, which was made in February 2012.

FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

Notes to Financial Statements

c. Participant accounts:

Each participant's account is credited with the participant's contributions, the Bank's matching contributions, PSP contributions and DCRP contributions, and related net earnings and losses thereon. The Plan assets, at December 31, 2011, were segregated into twelve investment accounts. All Plan assets are held at Prudential Retirement Services.

d. Vesting:

Participants are immediately 100 percent vested in their salary deferral contributions plus earnings and losses thereon. Vesting of employer contributions plus earnings and losses thereon is based on continuous years of service. A participant vests 20 percent per year of credited service and is 100 percent vested after five years of credited service. In addition, a participant also becomes 100 percent vested when they reach their normal retirement date, early retirement date, the occurrence of a change of control, upon the participant's death, or the date the participant becomes disabled.

e. Forfeitures:

Under the Plan if a Participant who is not fully vested in the net value of his/her account terminates employment, the non-vested portion of the account shall constitute forfeiture upon the earlier of when the participant takes a lump sum distribution of the vested portion of the account or the participant has been terminated from the Plan for five years. PSP forfeitures shall be allocated among all participants who were eligible employees during the year in proportion to their compensation for the portion of the plan year during which they were eligible employees. Such allocation shall be made after allocation of any employer contributions for the plan year. In the event any such allocation causes the allocations to a participant's account for a plan year to exceed the limits of the Internal Revenue Service, such excess amount shall be allocated among all remaining participants in repeated applications of this paragraph. All other forfeitures, when available, arising from DCRP contributions or matching contributions to the 401(k) will be used to pay certain administrative expenses of the Plan. In 2011, \$33,000 in forfeitures were used to pay certain Plan administrative expenses. At December 31, 2011 forfeited non-vested accounts totaled \$168,579 of which \$141,950 were PSP forfeitures. At December 31, 2010 forfeited non-vested accounts totaled \$129,476 of which \$109,269 were PSP forfeitures.

FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

Notes to Financial Statements

f. Investment options:

Upon enrollment in the Plan, a participant may direct employee contributions in one percent increments into the twelve offered investment accounts. Thereafter, a participant may direct investment changes in their accounts daily.

g. Payment of benefits:

Upon termination of service, a participant is entitled to receive a lump sum equal to the value of his or her account to the extent such funds are vested. If a participant's employment with the Company is terminated for any other reason than death, disability or retirement and the account balance does not exceed \$1,000, the Plan will automatically distribute a lump-sum payment to the participant.

h. Voting rights:

With respect to the Flushing Financial Corporation Common Stock, each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account, and is notified by the Trustee prior to the time that such rights are to be exercised. With respect to shares of stock credited to participant accounts as to which the Trustee did not receive timely voting instructions and shares of stock not credited to participant's account, the Trustee shall vote all such shares of stock in the same proportion as were voted shares as to which participants provided timely instructions. For the other stock funds, the shares are voted at the discretion of the Plan Trustee.

i. Loans to participants:

Loans are made available to all participants. All loans must be collateralized by a security interest in the participant's vested interest under the Plan equal to the amount of the loan. Loans are limited by the Internal Revenue Code Section 72(p) and may not exceed the lesser of: (i) 50% of the net value of a participant's vested account balance (excluding PSP and DCRP contributions and any earnings or losses thereon) or (ii) \$50,000 reduced by the largest outstanding loan balance in the Plan during the preceding 12 months.

The term of a loan to a participant shall be no greater than five years, except to acquire a principal residence in which case the term shall be no greater than 10 years. Loans bear a rate of interest (currently prime plus one percent rounded to the nearest one quarter of one percent). Prior to May 1, 2008, the rate charged was prime rate rounded to the nearest one quarter of one percent. At December 31, 2011, outstanding loans bore interest rates in the range of 4.25% to 8.25%.

FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

Notes to Financial Statements

2. Summary of Significant Accounting Policies:

a. Basis of presentation:

The accompanying financial statements have been prepared using the accrual method of accounting as required by accounting principles generally accepted in the United States of America (“GAAP”). Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of the plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. At December 31, 2011, the Plan invested in one fund that was considered a fully benefit-responsive investment, the Prudential Guaranteed Income Fund.

b. Estimates:

The preparation of the Plan’s financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements, the changes in net assets available for plan benefits during the period, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment valuation and income recognition:

The Plan presents interest and dividend income and net appreciation (depreciation) in the fair value of its investments in the statement of changes in net assets available for plan benefits. Net appreciation (depreciation) in the fair value of its funds and common stock consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Interest and dividends consist of interest payments received or accrued on interest bearing securities such as money market securities and dividend payments received or accrued on the ex-dividend date from individual securities such as common and preferred stock. Dividend and interest income on investments held by the funds are reinvested by each fund. Purchases and sales of securities are recorded on a trade date basis. The contract value of the Prudential Guaranteed Income Fund represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The fair value of traditional guaranteed investment contracts (“GIC”) are based on the present value of future cash flows using the current discount rate. However, the Prudential Guaranteed Income Fund is not considered a traditional GIC and therefore there are not any known cash flows that could be discounted. As a result, the fair value is equal to the contract value.

Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis. Certain factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer’s general account are used to establish interest crediting rates. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%. The Prudential Guaranteed Income Fund’s average yield earned and average yield credited to participants was 2.60% and 2.85% for 2011 and 2010, respectively.

FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

d. Expenses:

The ordinary administrative expenses of the Plan, including compensation of the Trustee and other administrative expenses of the Trustee are paid from the Plan unless paid by the Bank at its discretion.

e. Payment of benefits:

Benefit payments to participants are recorded upon distribution.

f. Fair value measurements:

Financial assets and financial liabilities reported at fair value are required to be measured based on either: (1) quoted prices in active markets for identical financial instruments (Level 1), (2) significant other observable inputs (Level 2), or (3) significant unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – where quoted market prices are available in an active market.

Level 2 – when quoted market prices are not available, fair value is estimated using quoted market prices for similar financial instruments and adjusted for differences between the quoted instrument and the instrument being valued. Fair value can also be estimated by using pricing models, or discounted cash flows. Pricing models primarily use market-based or independently sourced market parameters as inputs, including, but not limited to, yield curves, interest rates, equity or debt prices, and credit spreads. In addition to observable market information, models also incorporate maturity and cash flow assumptions.

Level 3 – when there is limited activity or less transparency around inputs to the valuation, financial instruments are classified as Level 3.

## FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

## Notes to Financial Statements

The following table sets forth the Plans assets that are carried at fair value on a recurring basis, and the method that was used to determine their fair value, at December 31, 2011 and 2010.

	At December 31, 2011			Total
	(Level 1)	(Level 2)	(Level 3)	
Assets at fair value:				
Mutual funds	\$8,195,001	\$-	\$-	\$8,195,001
Common stock	10,191,789	-	-	10,191,789
Guaranteed income fund	-	-	2,763,488	2,763,488
<b>Total assets at fair value</b>	<b>\$18,386,790</b>	<b>\$-</b>	<b>\$2,763,488</b>	<b>\$21,150,278</b>

	At December 31, 2010			Total
	(Level 1)	(Level 2)	(Level 3)	
Assets at fair value:				
Mutual funds	\$7,781,221	\$-	\$-	\$7,781,221
Common stock	9,666,241	-	-	9,666,241
Guaranteed income fund	-	-	2,323,108	2,323,108
<b>Total assets at fair value</b>	<b>\$17,447,462</b>	<b>\$-</b>	<b>\$2,323,108</b>	<b>\$19,770,570</b>

Mutual funds – (Level 1) Valued at the net asset value (quoted market prices) of shares held by the plan at December 31, 2011 and 2010.

Common stock – (Level 1) Valued at the closing price reported on the active market on which the security is traded at December 31, 2011 and 2010.

Guaranteed income fund – (Level 3) Valued based on book value which is the same as fair value of the fund at December 31, 2011 and 2010, which was calculated by adding deposits made with earnings at guaranteed crediting rates, less withdrawals and fees.

## FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

## Notes to Financial Statements

The following table sets forth the Plan's assets that are carried at fair value on a recurring basis, classified within Level 3 of the valuation hierarchy for the year ended December 31, 2011:

	Guaranteed income fund
Beginning balance	\$ 2,323,108
Contributions, net exchanges	501,256
Interest income	68,608
Sales, repayments, settlements, net	(129,484 )
Ending balance	\$ 2,763,488

Contributions receivable are valued on the date of grant, which approximate fair value at December 31, 2011.

## g. Risks and uncertainties:

The Plan currently invests in ten mutual funds, one guaranteed income fund and one equity security. These investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities in which these funds may invest, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

## h. Recent accounting pronouncements:

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, which amends the authoritative accounting guidance under Accounting Standards Codification ("ASC") Topic 820. The update requires the following additional disclosures: (1) separately disclose the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describe the reasons for the transfers; and (2) separately disclose information about purchases, sales, issuances and settlements in the reconciliation for fair value measurements using Level 3. The update provides for amendments to existing disclosures as follows: (1) fair value measurement disclosures are to be made for each class of assets and liabilities; and (2) disclosures are to be made about valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. The update also includes conforming amendments to guidance on employers' disclosures about postretirement benefit plan assets. The update is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Adoption of this update did not have a material effect on the financial statements of the Plan.

## FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

## Notes to Financial Statements

In September 2010, the FASB issued ASU No. 2010-25, which amends the authoritative accounting guidance under ASC Topics 310 and 962. The update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments in this update should be applied retrospectively to all prior periods presented, effective for fiscal years ending after December 15, 2010. Early adoption was permitted. The changes required by the adoption of this update are included in the Statement of Net Assets Available for Plan Benefits.

## 3. Investments

The following table presents investments that represent five percent or more of the Plan's net assets.

	As of December 31,	
	2011	2010
Flushing Financial Corporation Common Stock, 806,950.829 and 690,445.780 shares, respectively.	\$10,191,789	\$9,666,241
PIMCO Total Return Fund, 106,590.133 and 109,313.432 shares, respectively.	1,188,237	1,156,503
Prudential Guaranteed Income Fund, 96,923.888 and 83,597.020 shares, respectively.	2,763,488	2,323,108
Dryden Stock Index Fund, 57,652.554 and 51,934.194 shares, respectively.	1,596,399	1,435,980
Pioneer Cullen Value Fund, 85,579.578 and 81,291.199 shares, respectively.	1,457,420	1,475,435

## FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

## Notes to Financial Statements

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$1,460,155, as follows:

	For the year ended December 31, 2011
Flushing Financial Corporation Stock	\$ (1,143,532 )
PIMCO Total Return Fund	8,936
Alger MidCap Growth Institutional Portfolio	(37,062 )
Dryden Stock Index Fund	266
Growth Fund of America	(43,537 )
Thornburg International Value Fund	(112,346 )
Victory Special Fund	(20,378 )
Pioneer Cullen Value Fund	(94,811 )
Allianz NFJ Small Cap Value Fund	2,687
Lord Abbett Development Growth Fund	(18,779 )
Oakmark Equity and Income Fund	(1,599 )
Net depreciation	\$ (1,460,155 )

## 4. Plan Termination:

Although it has not expressed any intent to do so, the Bank specifically reserves the right, at any time, to terminate the Plan or to amend, in whole or in part, any or all of the provisions of the Plan, subject to the provisions of ERISA and approval of the Directors. In the event of termination or partial termination of the Plan or upon complete discontinuance of contributions under the Plan, the accounts of each affected participant shall become 100% vested and fully distributable, in accordance with the Internal Revenue Code and all income tax regulations promulgated thereunder.

## 5. Federal Tax Status:

The Internal Revenue Service ("IRS") has determined and informed the Company by a signed letter dated July 25, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. To the best of management's belief, the Plan is operating in accordance with the Internal Revenue Code as of December 31, 2011.

FLUSHING SAVINGS BANK, FSB 401(k) SAVINGS PLAN

Notes to Financial Statements

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. Related-Party Transactions

Plan investments include shares of a mutual fund managed by Prudential Investments LLC and a guaranteed income fund issued by the Prudential Retirement Insurance and Annuity Company. For the year ended December 31, 2011, the Plan Trustee was Prudential Bank & Trust, FSB. The Plan also includes the common stock of Flushing Financial Corporation, the parent company of the Bank. Accordingly, these transactions qualify as party-in-interest transactions.
