PROXY STATEMENT 2014 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JANUARY 9, 2015

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Why am I being asked to review these materials?

A: Ebix, Inc. (Ebix, the Company or we) is providing these proxy materials to you in connection with the solicitation of proxies by the Ebix Board of Directors (the Board) for use at the 2014 Annual Meeting of the Company s Stockholders (the Annual Meeting). The Annual Meeting will take place at the Marriott Atlanta Perimeter Center Hotel, located at 246 Perimeter Center Parkway NE, Atlanta, Georgia 30346, at 10:00 a.m., Eastern Standard Time on Friday, January 9, 2015. Stockholders are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of certain of our most highly paid executive officers and our directors, and certain other required information. Our 2013 Annual Report on Form 10-K, which includes our audited consolidated financial statements for the year ended December 31, 2013, is also being furnished with this proxy statement.

Q: What does it mean if I received more than one proxy or voting instruction form?

A: It means that your shares are registered differently or are in more than one account. Please provide voting instructions for each proxy you receive to help ensure that all of your shares are voted.

Q: On what proposals will Ebix stockholders vote at the Annual Meeting?

A: There are three proposals to be considered and voted on at the Annual Meeting. The proposals to be voted on are as follows:

Proposal 1 To elect eight directors, each to hold office for a one-year term ending on the date of the next succeeding annual meeting of stockholders or until such director s successor shall have been duly elected and qualified;

Proposal 2 To ratify the appointment of Cherry Bekaert LLP as our independent registered public accounting firm for the year ending December 31, 2014; and

Proposal 3 To approve, by a non-binding advisory vote, the compensation of the Company's named executive officers.

For a more detailed discussion of each of these proposals, please see the information included elsewhere in the proxy statement relating to these proposals.

Q: What are the Board's voting recommendations?

A: The Board recommends that you vote your shares as follows:

FOR the election of each of the eight nominees to the Board (Proposal 1);

FOR the approval and ratification of the appointment of Cherry Bekaert LLP as our independent registered public accounting firm (Proposal 2); and

1

FOR the approval of the compensation of the Company's named executive officers (Proposal 3).
If you give us your signed proxy but do not specify how to vote, we will vote your shares FOR each of the above proposals.

We are not aware of any matter to be presented at the Annual Meeting other than those described in the Notice of Meeting. If any other matters are properly brought before the Annual Meeting for consideration, the person named on your proxy will have the discretion to vote your shares according to such person's best judgment.

Q: Who is entitled to vote at the Annual Meeting?

Holders of our common stock outstanding as of the close of business on November 13, 2014, the record date, are
A: entitled to vote at the Annual Meeting. On each proposal presented for a vote at the Annual Meeting, each stockholder is entitled to one vote for each share of common stock as of the record date.

Q: What is the difference between a stockholder of record and a stockholder who holds stock in street name?

If your shares are registered in your name, you are a stockholder of record with respect to those shares. As a
A: stockholder of record, you have the right to vote in person at the Annual Meeting or to vote by proxy on the proxy card included with these materials.

If your shares are held in the name of your broker, bank or other nominee, you are considered to be the beneficial owner of such shares, which are held in street name. If your shares are held in street name, your bank or brokerage firm (the record holder of your shares) forwarded these proxy materials, along with a voting instruction card, to you. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to routine items, but it will not be permitted to vote your shares with respect to non-routine items. In the case of a non-routine item, your shares will be considered broker non-votes on that proposal.

Q: If I hold my shares in street name through my broker, will my broker vote these shares for me?

If you provide instructions on how to vote by following the instructions provided to you by your broker, your broker will vote your shares as you have instructed. If you do not provide your broker with voting instructions,
A: your broker will vote your shares only if the proposal is a routine management proposal on which your broker has discretion to vote. On matters considered non-routine, brokers may not vote your shares without your instruction. Shares that brokers are not authorized to vote are referred to as broker non-votes.

Under NASDAQ Stock Market Business Conduct Rules, to which your broker is subject, brokers are prohibited from voting uninstructed shares for elections of directors and the compensation of our named executive officers, in which case a broker non-vote will occur and your shares will **not** be voted on these matters.

Q: What are the quorum requirements for the Annual Meeting?

The presence of holders of a majority of our outstanding shares of common stock in person or by proxy constitutes
A: a quorum for the Annual Meeting. Both abstentions and broker non-votes are counted as present for purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve each of the proposals?

Proposal 1 Pursuant to our Bylaws, the director candidates who receive the most votes will be elected to fill the
A: eight available seats on our Board. This means that the eight director candidates or nominees who receive the greatest number of votes will be elected. Because abstentions, failures to vote or broker non-votes are not counted as cast votes, none of them will have any effect on the outcome of the proposal.

Proposal 2 The proposal to ratify the appointment of Cherry Bekaert LLP as our independent registered public accounting firm requires the affirmative vote of a majority in voting interest of the Ebix stockholders present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal. Because brokers may vote your shares on this proposal without instruction, there will be no broker non-votes for this proposal. If you fail to vote your shares in person or by proxy, your shares are not considered present at the Annual Meeting, and they will have no effect on the outcome of the proposal. If you return a signed proxy card but abstain from voting on the proposal, your shares will be considered as present and entitled to vote at the Annual Meeting and on the proposal but will not be voted for the proposal, and they will have the same effect as votes against the proposal.

Proposal 3 The proposal to approve, by a non-binding advisory vote, the compensation of the Company's named executive officers requires the affirmative vote of a majority in voting interest of the Ebix stockholders present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal. The proposal with respect to the approval of the 2013 executive compensation paid to our named executive officers is advisory and not binding upon the Board. However, the Board will consider the results of the votes on this proposal in formulating future executive compensation policy. Because broker non-votes are not entitled to vote on the proposal because it is considered non-routine, broker non-votes have no effect on the outcome of the proposal. If you fail to vote your shares in person or by proxy, your shares are not considered present at the Annual Meeting, and they will have no effect on the outcome of the proposal. If you return a signed proxy card but abstain from voting on the proposal, your shares will be considered as present and entitled to vote at the Annual Meeting and on the proposal but will not be voted for the proposal, and they will have the same effect as votes against the proposal.

Q: What do I need to do now to vote at the Annual Meeting?

A: Stockholders of record may vote their shares in any of four ways:

Submitting a Proxy by Mail: If you choose to submit your proxy by mail, simply mark your proxy, date and sign it and return it in the postage-paid envelope provided;

Submitting a Proxy by Telephone: Submit a proxy for your shares by 11:59 p.m., Eastern Standard Time, on January 8, 2015; telephone by using the toll-free telephone number provided on your proxy card. Telephone voting is available 24 hours a day;

Submitting a Proxy by Internet: Submit your proxy via the internet. The website for internet proxy voting is on your proxy card. Internet proxy voting is also available 24 hours a day and will close at 11:59 p.m., Eastern Standard Time, on January 8, 2015; or

Voting in Person: If you were registered as a stockholder on our books on November 13, 2014 or if you have a letter from your broker identifying you as a beneficial owner of our shares as of that date and granting you a legal proxy, you may vote in person by attending the Annual Meeting.

If you submit a proxy by telephone or via the internet, you should not return your proxy card. Instructions on how to submit a proxy by telephone or via the internet are located on the proxy card enclosed with this proxy statement.

Street name holders may submit a proxy by telephone or the internet, if their bank or broker makes these voting methods available, in which case the bank or broker will enclose related instructions with this proxy statement. If you hold your shares through a bank or broker, follow the voting instructions you receive from your bank or broker.

Q: Can I change my vote or revoke my proxy?

A: Yes. If you are a stockholder of record, you may change your vote or revoke your proxy at any time before the applicable vote at the Annual Meeting by:

Delivering to Computershare Shareowner Services a written notice, bearing a date later than the proxy, stating that you revoke the proxy;

Submitting a later-dated proxy relating to the same shares by mail, telephone or the internet prior to the applicable vote at the Annual Meeting; or

Attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

You should send any written notice or a new proxy card to: Ebix, Inc. c/o Computershare Shareowner Services, P.O. Box 3550, South Hackensack, NJ 07606-9250, or follow the instructions provided on your proxy card to submit a proxy by telephone or via the Internet. You may request a new proxy card by calling Computershare Shareowner Services, Proxy Processing at 1-800-370-1163 (toll-free).

Q: Will anyone contact me regarding this vote?

A: We have retained Computershare Shareowner Services to distribute proxy solicitation materials to brokers, banks, and other nominees and to assist in the solicitation of proxies from our stockholders. The fee for this firm's services is estimated to be \$5,000, plus reimbursement for reasonable out-of-pocket costs and expenses.

In addition to solicitation by mail, our directors, officers and employees may solicit proxies from stockholders by telephone, letter, facsimile or in person but will not receive any additional compensation for these services. Following the original mailing of the proxy solicitation materials, we will request brokers, custodians, nominees and other record holders to forward copies of the proxy statement and related soliciting materials to beneficial owners for whom they hold shares of our common stock and to request authority for the exercise of proxies. In such cases, upon the request of the record holders, we will reimburse such holders for their reasonable expenses.

Q: Who has paid for this proxy solicitation?

A: All expenses incurred in connection with the solicitation of proxies, including the printing and mailing of this proxy statement, will be borne by Ebix.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting and publish final detailed voting results on a Form 8-K, which we expect to file with the U.S. Securities and Exchange Commission (the SEC) within four business days after the Annual Meeting.

Q: May I propose actions for consideration or nominate individuals to serve as directors at next year's annual meeting?

A: You may submit proposals for consideration at future annual stockholder meetings. In order for a stockholder proposal to be considered for inclusion in our proxy materials for the 2015 Annual Meeting of the Company's Stockholders (the 2015 Annual Meeting) pursuant to SEC Rule 14a-8, your proposal must be received by our Corporate Secretary no later than August 18, 2015 (unless the meeting date is changed by more than 30 days from January 9, 2016, in which case a proposal must be received a reasonable time before we print proxy materials for the 2015 Annual Meeting) and must be submitted in compliance with the rule. Proposals should be directed to our Corporate Secretary, Ebix, Inc., Five Concourse Parkway, Suite 3200, Atlanta, Georgia 30328, and should comply with the requirements of Rule 14a-8.

If our Corporate Secretary receives at the address listed above any stockholder proposal intended to be presented at the 2015 Annual Meeting without inclusion in the proxy statement for the meeting after November 1, 2015 (unless the meeting date is changed by more than 30 days from the anniversary of the Annual Meeting, in which case a proposal must be received a reasonable time before we print proxy materials for the 2015 Annual Meeting), SEC Rule 14a-4(c) provides that the proxies designated by the Board will have discretionary authority to vote on such proposal. The proxies designated by the Board also will have such discretionary authority, notwithstanding the stockholder's compliance with the deadlines described above, if we advise stockholders in the proxy statement for the meeting about the nature of the matter and how management intends to vote on such matter, and the stockholder does not comply with specified provisions of the SEC's rules.

Stockholders who wish the Corporate Governance and Nominating Committee to consider their recommendations for nominees for the position of director should submit their recommendations in writing by mail to our Corporate Secretary, Ebix, Inc., Five Concourse Parkway, Suite 3200, Atlanta, Georgia 30328. Nominations for the 2015 Annual Meeting must be received by August 18, 2015.

PROPOSALS

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR EACH OF PROPOSALS 1 THROUGH 3 BELOW.

PROPOSAL 1 ELECTION OF DIRECTORS

Proposal

Proposal 1 is the election of eight nominees to the Board. In accordance with our Bylaws, the number of directors constituting the entire Board is fixed between four and eight directors. In accordance with the Director Nomination Agreement (defined below), the Corporate Governance and Nominating Committee of the Board has recommended that the size of the Board be increased from six to eight directors and that James A. Mitarotonda and Joseph R. Wright, Jr. (collectively, the New Nominees), as well as all of our six current directors, be nominated for election or re-election, as applicable. If elected, each will hold office until the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified. Information concerning all director nominees appears below.

The Board expects that all of the nominees will, if elected, be available to serve. Except as otherwise provided for in the Director Nomination Agreement, if a nominee should decline re-election or become unable to serve for any reason, votes will be cast for a substitute nominee, if the Board designates any such substitute nominee, or, if no substitute nominee is so designated prior to the election, votes will be cast according to the judgment of the person or persons named in the proxy. If, however, a New Nominee dies, becomes incapacitated or is otherwise impeded from serving due to circumstances outside of his control, the Director Nomination Agreement provides that the Barington Group (defined below) may nominate a replacement nominee who is reasonably acceptable to the Board and the Nominating and Corporate Governance Committee, and if such situation arises and the Barington Group nominates such replacement nominee prior to the 2014 Annual Meeting, votes will be cast for such replacement nominee.

The Board unanimously recommends that stockholders vote FOR the election of each of its nominees for director named below.

The Areas of Relevant Experience identifies each director's experience and qualifications necessary to hold a position on our Board.

ROBIN RAINA, 48, has been a director at Ebix since 2000 and Chairman of the Board since May 2002. Mr. Raina joined Ebix, Inc. in October 1997 as our Vice President of Professional Services and was promoted to Senior Vice President of Sales and Marketing in February 1998. Mr. Raina was promoted to Executive Vice President and Chief Operating Officer in December 1998. From 1981 to 1982, he served as Deputy Secretary of the United States Department of Commerce and later on the President's Export Council as Chairman of the Export Control Subcommittee.

Areas of Relevant Experience. Mr. Wright has extensive experience in leading businesses, having served as the Chief Executive Officer, Chairman or as a board member of numerous companies, as well as extensive commercial and governmental experience.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal

Based on the recommendation of our Audit Committee, we have retained Cherry Bekaert LLP (CB) as our independent registered public accounting firm for the fiscal year ending December 31, 2014. CB has served as our independent registered public accounting firm since December 2008.

Although our Bylaws do not require that the stockholders ratify the appointment of CB as our independent registered public accounting firm, we are submitting the appointment of CB to the stockholders for ratification as a matter of good corporate governance. If our stockholders do not ratify the appointment, the Board and the Audit Committee will reconsider whether or not to retain CB. Even if the appointment is ratified, the Board and the Audit Committee, in their discretion, may change the appointment at any time during the year if they determine that such a change would be in the best interests of Ebix and its stockholders.

A representative of CB is expected to be present at the Annual Meeting and will be given an opportunity to make a statement if he or she so chooses and will be available to respond to appropriate questions.

The Board unanimously recommends that the stockholders vote FOR ratification of the appointment of Cherry Bekaert LLP as our independent registered public accounting firm for 2014.

Fees Paid to Our Independent Registered Public Accounting Firm

CB served as our independent registered public accounting firm for the years ended December 31, 2013 and 2012.

The following table sets forth fees for all professional services rendered by CB for the audit of our financial statements for 2013 and 2012 and fees billed for other services rendered by CB:

Services Rendered by Cherry Bekaert LLP	2013	2012
Audit Fees ⁽¹⁾	\$ 497,160	\$ 429,000
Audit Related Fees ⁽²⁾	\$ 282,514	\$ 89,500
Tax Compliance Service Fees	\$ 13,750	\$
All Other Fees ⁽³⁾	\$ 54,400	\$ 42,016

(1) Includes fees for the audit of our annual financial statements included in our Form 10-K and reviews of the financial statements in our Forms 10-Q, but excluding audit-related fees.

(2) Includes fees associated with the review of valuation reports associated with business acquisition and audits of the Company's 401(K) plans, and related out of pocket expenses incurred by the auditors.

(3) Includes fees related to the audit of the financial statements and the Company's purchase accounting for certain acquired businesses.

Audit and Non-Audit Services Pre-Approval Policy

Consistent with SEC policies regarding auditor independence, our Audit Committee has the responsibility to appoint, set compensation and oversee the work of our independent auditor. In recognition of this responsibility, the Audit

Committee has established a policy that requires it to pre-approve all audit and permitted non-audit services performed by our independent registered public accounting firm. Pre-approval is generally detailed as to the particular service or category of services and is subject to a specified budget. Management is required to seek pre-approval of services that will exceed the budget or for services that are not detailed in an existing pre-approval. The Chair of the

Audit Committee has been delegated the authority to pre-approve certain services between regularly scheduled meetings, with ratification by the Audit Committee at the next regularly scheduled meeting. Management reports quarterly to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval and the fees for the services performed to date. All services performed by CB during fiscal years 2013 and 2012 were approved in accordance with this policy.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Proposal

Proposal 3 is to approve the compensation of our named executive officers, disclosed pursuant to the SEC's compensation disclosure rules, including the compensation discussion and analysis, compensation tables and narrative discussion. As provided by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act" or the "Act"), the Company submitted to a nonbinding vote of its stockholders at its 2011 Annual Meeting of Stockholders whether a nonbinding vote of stockholders as to the compensation paid its named executive officers (the so-called "say on pay" vote) should be held every one, two or three years (the "frequency vote"). The Company recommended, and the stockholders agreed, that the say-on-pay vote should be held annually. Thereafter, our Board confirmed the stockholders' recommendations.

As described more fully in the Compensation Discussion and Analysis (the "CD&A") section of this proxy statement, the compensation package of the Company's named executive officers (as identified in the Executive Compensation section of this proxy statement under the heading *Compensation Discussion and Analysis - Named Executive Officers*) is designed to act as both an incentive for superior performance and as an inducement to attract and retain highly qualified senior executives, while at the same time mitigating against excessive risk. The Company's executive compensation program promotes a performance-based culture and aligns the interests of stockholders and executives through variable, at-risk compensation. The program is also designed to attract and retain highly talented executives who are critical to the successful implementation of the Company's strategic plan. A significant portion of an executive officer's overall compensation is performance-based, in that it is dependent upon the achievement of pre-determined corporate and/or personal performance goals and strategic objectives. Stockholders are encouraged to read the CD&A, which discusses in detail how our compensation policies and procedures implement our compensation philosophy.

The say-on-pay vote gives stockholders the opportunity to endorse or not endorse our executive compensation program by voting for or against the following resolution:

RESOLVED, that the stockholders of Ebix approve, on an advisory basis, the compensation of the named executive officers of the Company, as disclosed in the Compensation Discussion and Analysis and the tabular and narrative disclosures contained in this proxy statement.

The Board urges stockholders to endorse the executive compensation program by voting in favor of this resolution. This advisory vote is non-binding, meaning that our Board will not be obligated to take any compensation actions or adjust our executive compensation in response to the vote. Although the say-on-pay vote is non-binding, the Board and the Compensation Committee will review the voting results and will consider the vote, as well as other communications from stockholders relating to our compensation practices and take them into account in future determinations concerning our executive compensation program. To the extent there is a significant vote against the compensation of our named executive officers, we would expect to communicate with our stockholders to better understand the concerns that influenced that vote. The Board and Compensation Committee would consider constructive feedback obtained through this process in making future determinations concerning our executive compensation.

The Board unanimously recommends that the stockholders vote FOR the approval, on an advisory basis, of the compensation paid to our named executive officers as described in the sections of this proxy statement entitled Compensation Discussion and Analysis and Executive Compensation.

INFORMATION CONCERNING THE BOARD OF DIRECTORS, EXECUTIVE OFFICERS AND THE CORPORATE GOVERNANCE OF THE COMPANY

Generally

Our business is managed by the Company's employees under the direction and oversight of the Board. Except for Mr. Raina, none of our current directors is an employee of the Company. We keep directors informed of our business through discussions with management, materials we provide to them, visits to our offices and facilities and their participation in Board and Board committee meetings.

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. Members of each of these Committees are nominated by the Corporate Governance and Nominating Committee (the Corporate Governance Committee) and are appointed annually at the meeting of the Board held following each annual meeting of stockholders. Each of these committees is composed entirely of independent, non-management directors and operates under a charter approved by the Board which sets out the purposes and responsibilities of each committee. These committees annually renew and, as appropriate, seek revisions of their charters to reflect, among other things, changing regulatory developments. All three of these charters are available for review at our website at www.ebix.com. The principal responsibilities of these committees are described below.

Corporate Governance Practices and Policies

Our Board carefully follows the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the Dodd-Frank Act, the rules adopted thereunder by the SEC and the NASDAQ Marketplace Rules. Each Board committee has adopted a charter and our Board has established Corporate Governance Guidelines.

Our Corporate Governance Guidelines address, among other things, the Board's composition, qualifications and responsibilities, director education and stockholder communication with directors.

Our Board also has adopted a Code of Ethics for Senior Financial Officers, which is applicable to our CEO, Chief Financial Officer (CFO), Corporate Controller and other persons designated as senior financial managers. Our Board also has adopted a Code of Conduct, articulating standards of business and professional ethics, which is applicable to all of our directors, officers and employees.

These charters, guidelines and codes are reviewed annually and amended as necessary or appropriate in response to changing regulatory requirements and evolving best practices.

Director Independence

Under our Corporate Governance Guidelines, we require that a majority of the Board consist of independent, non-management directors, who also meet the criteria for independence required by the NASDAQ Marketplace Rules. Under such rules, a director is independent if he or she does not have a material relationship with the Company. Our Board annually evaluates each member's independent status.

The Board has determined that, as of December 16, 2014, the following five of the Company's six incumbent directors are independent under the NASDAQ Marketplace Rules: Messrs. Benz, Bhalla, Eckert, Herter and Keller. Mr. Raina, as a management director, participates in the Board's activities and provides valuable insight and advice. Additionally, the Board has determined that, as of December 16, 2014, Messrs. Mitarotonda and Wright are also independent under the NASDAQ Marketplace Rules.

Non-management directors have access to individual members of management or to other employees of the Company on a confidential basis. Directors also have access to Company records and files and directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

Audit Committee

The Audit Committee's principal responsibility is to assist the Board in its general oversight of the Company's financial reporting, internal controls, ethics compliance and audit functions. This committee is directly responsible for the appointment, compensation and oversight of the work of the Company's independent public accounting firm, reviews the annual financial results and the annual audit of the

Company's financial statements and approves the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K.

The Audit Committee assists the Board in monitoring: (a) the integrity of our financial statements, (b) the effectiveness of our internal control over financial reporting, (c) the effectiveness of our disclosure controls, (d) the qualifications and independence of our independent registered public accounting firm, (e) the performance of our independent registered public accounting firm, and (f) our compliance with legal and regulatory requirements. The Audit Committee is also responsible for oversight of the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Audit Committee reviews all related party transactions in accordance with the Company's formal written policy and is responsible for reviewing and monitoring compliance with the Company's Code of Ethics for Senior Financial Officers. In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, financial reporting, internal accounting controls or auditing matters and the confidential and anonymous submission by Company employees of concerns regarding accounting and auditing matters.

In discharging this responsibility, the Audit Committee, among other things, holds the authority to approve or remove the independent registered public accounting firm and to pre-approve the audit and any non-audit service to be provided by the auditors and reviews the results and scope of the annual audit performed by the auditors. The Audit Committee has three members, who currently are Messrs. Bhalla (Chairman), Benz and Keller. After reviewing the qualifications of the current members of the Audit Committee, and any relationships they may have with the Company that might affect their independence from the Company, our Board has determined that: (1) all current members of the Audit Committee are independent as that concept is defined in Section 10A of the Securities Exchange Act of 1934, (2) all current members of the Audit Committee are independent as that concept is defined in the NASDAQ listing standards, (3) all current members of the Audit Committee are financially literate, and (4) Mr. Bhalla qualifies as an audit committee financial expert as defined under SEC rules promulgated under the Sarbanes-Oxley Act of 2002. The Audit Committee met seven times during 2013.

Compensation Committee

The principal responsibilities of the Compensation Committee are to: (a) review and make recommendations to the Board concerning the compensation of the named officers of the Company, (b) provide input and make recommendations to the Board regarding the general compensation goals, guidelines, and policies for the Company's employees, (c) administer the Company's equity incentive programs and awards under such programs, and (d) consider and make recommendations with respect to the Company's existing and proposed compensation and bonus plans, including the adoption of new equity incentive plans or other executive compensation programs. The Compensation Committee also is responsible for a review and recommendation to the Board as to the compensation and benefits to be paid to non-employee directors.

The Compensation Committee is responsible for periodically reviewing our incentive compensation arrangements to confirm that the design of incentive pay does not encourage unnecessary risk-taking. The Compensation Committee also reviews the Compensation Discussion and Analysis contained in our proxy statement and prepares a report for inclusion in our proxy statement. The Compensation Committee currently consists of Messrs. Keller (Chairman) and Benz. The Compensation Committee met seven times during 2013. The Compensation Committee does not delegate its authority to management. In the past, the Compensation Committee has used compensation consulting firms.

Corporate Governance and Nominating Committee

The Corporate Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance and oversight, including reviewing and monitoring implementation of our Corporate Governance Guidelines. It oversees the identification and evaluation of director candidates, consistent with the criteria approved by the Board, and it makes recommendations to the Board with respect to director nominees, membership on the Board committees, and the appointment of committee chairs. The Corporate Governance Committee also prepares and supervises the Board's annual review of director

independence and the Board's performance self-evaluation. In addition, the Corporate Governance Committee considers matters of corporate governance generally and it annually evaluates our Corporate Governance Guidelines, making any recommendations or changes that it deems appropriate to the Board for its consideration. To the extent that we receive any stockholder proposals that relate to corporate governance matters, the Corporate Governance Committee is responsible for reviewing such proposals and making recommendations to the Board. The Corporate Governance Committee currently consists of Messrs. Eckert (Chairman) and Herter. The Corporate Governance Committee met once in 2013. See [Director Qualifications](#) and [Our Director Nominations Process](#) below.

Director Qualifications

The Board seeks members from diverse personal and professional backgrounds and who combine a broad spectrum of experience and expertise. At a minimum, directors should also have an inquisitive and objective perspective, practical wisdom and mature judgment. Directors should also possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interest of the stockholders. While the Company's Corporate Governance Guidelines do not prescribe specific diversity standards, as a matter of practice, our Corporate Governance Committee takes into account the personal characteristics (e.g., gender, ethnicity and age) and experience (e.g., industry, professional and public service) of current and prospective directors to facilitate Board deliberations that reflect a broad range of perspectives.

In evaluating a director candidate, it is preferable that directors possess a considerable amount of business management (such as experience as a chief executive officer or chief financial officer) and educational experience. However, the Corporate Governance Committee also considers other factors that are in the best interests of the Company and its stockholders, including: (a) the knowledge, experience, candor, integrity and judgment of each candidate, (b) the alignment of the candidates' knowledge and experience, both individually and as a group, with the needs of the business, (c) the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board desires to have represented, (d) each candidate's ability to devote sufficient time and effort to his or her duties as a director, (e) independence and willingness to consider all strategic proposals, and (f) any other criteria established by the Board and any core competencies or technical expertise necessary to staff Board committees.

In addition, the Corporate Governance Committee assesses whether a candidate possesses the integrity, judgment, knowledge, experience, skills, and expertise that are likely to enhance the Board's ability to manage and direct the affairs and business of the Company, including, when applicable, to enhance the ability of committees of the Board to fulfill their duties. The Corporate Governance Committee and the Board as a whole believe that diversity, including gender, race and national origin, education, professional experience, and differences of viewpoints and skills is an important consideration when screening and evaluating candidates for nomination to the Board. The Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees and continuing directors.

The Corporate Governance Committee believes that it is important that the Board members have complementary skills that together can best guide the Company to a successful future. In considering whether the nominees meet the requirements necessary to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Corporate Governance Committee and the Board focused on the information provided in the directors' individual biographies set forth above, as well as their personal knowledge and experience in having worked with one another as members of the Board. Each nominee brings a strong and unique background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas. Certain individual qualifications and skills of our directors that contribute to the Board's effectiveness as a whole are also described under [Proposal 1 – Election of Directors](#).

The information provided in Proposal 1 presents information as of the date of this proxy statement about each director nominee. The information presented includes the names of each of the nominees, along with his or her age, all positions held with the Company, term of office as a director, principal occupations or employment for the past five years or more, involvement in certain legal proceedings, if applicable, and the name of all other publicly-held companies of which he or she currently serves as a director or has served as a

director during the past five years. In addition, the information presented also includes a description of the specific experience, qualifications, attributes and skills of each nominee and continuing director that led our Corporate Governance Committee to conclude that he or she should serve as a director of the Company for the ensuing term.

Director Nomination Agreement

On November 26, 2014, we entered into a Director Nomination Agreement, by and among the Company, Barington Companies Equity Partners, L.P., Barington Companies Investors, LLC (together with Barington Companies Equity Partners, L.P., Barington), Ancora Advisors, LLC (together with Barington, the Barington Group), James A. Mitarotonda and Joseph R. Wright, Jr. (the Director Nomination Agreement). Pursuant to the Director Nomination Agreement, the Board expanded the size of the Board by two directorships to eight directors, and has nominated James A. Mitarotonda and Joseph R. Wright, Jr., as well as all of the incumbent directors, for election at the Annual Meeting. The Director Nomination Agreement also provides, among other things, that:

The Board and the Corporate Governance Committee will consider the New Nominees for inclusion on committees of the Board, in good faith and in a manner consistent with other members of the Board in accordance with past practice; During the Standstill Period (defined below), if either New Nominee is unable to serve (or to continue to serve) as a director of the Company as a result of such person's death, incapacity or an impediment resulting from events or circumstances outside of his control, then Barington shall be entitled to designate a replacement New Nominee so long as such replacement is reasonably acceptable to the Board and the Corporate Governance Committee; Through the Standstill Period, the Barington Group and its affiliates are prohibited from taking certain actions, customarily restricted by an agreement of this kind, including soliciting proxies or written consents of stockholders, presenting proposals for action by stockholders, commencing legal action against the Company or certain of its representatives or launching a tender offer for shares of the Company; and Through the Standstill Period, the Barington Group must vote all of its Company common stock for the Company's nominees to the Board and according to the Board's recommendations on any other routine matters, such as ratification of auditors and the advisory vote on executive compensation.

With respect to the Director Nomination Agreement, the Standstill Period means the period from the effective date of the Director Nomination Agreement until 90 days before the date of the Company's 2015 Annual Meeting or, if earlier, 10 days before any advance notice deadline for making director nominations at the 2015 Annual Meeting; provided, that if the Company recommends (or has notified Barington in writing of its commitment to recommend) that its stockholders vote for the re-election of the New Nominees at the 2015 Annual Meeting (regardless of whether the New Nominees agree to stand for re-election) and supports the New Nominees for election in no less rigorously and favorably a manner than it supports all of its other nominees, then the Standstill Period will continue until 90 days prior to the date of the 2016 Annual Meeting of Stockholders (the 2016 Annual Meeting) or, if earlier, 10 days prior to any advance notice deadline for making director nominations at the 2016 Annual Meeting.

The Board has determined that the New Nominees satisfy the requirements of independence under the NASDAQ listing standards. Each New Nominee will be eligible to receive compensation for services as a director on the same terms as the other non-employee directors.

Our Director Nominations Process

The Board is responsible for selecting director candidates. The Board has delegated the process to the Corporate Governance Committee. Notwithstanding the requirements set forth in the Director Nomination Agreement, the Corporate Governance Committee identifies individuals qualified to become Board members and recommends such individuals to the Board for its consideration. While the Corporate Governance Committee has the authority to retain a third party to assist in the nomination process, it has not done so to date.

Directors may also be nominated by our stockholders. Eligible stockholders may nominate a candidate for election to the Board. Those stockholders who wish to submit nominees for election at an annual or special meeting of stockholders should follow the procedure generally described in *Stockholder Proposals* on page 33 of this proxy statement. The Board applies the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the Board. The Board does not have a separate policy with regard to the consideration of candidates recommended by stockholders other than the procedures generally described in *Stockholder Proposals* on page 33 of this proxy statement.

Board Committee Membership and Meetings

The following table lists our three Board committees, the directors who served on them as of the end of 2013 and the number of committee meetings held in 2013.

Mr. Benz			
Mr. Eckert			C
Mr. Herter			
Mr. Keller		C	
Mr. Raina*			
2013 Meetings	7	7	1

C = Chair

= Member

* = Executive Officer/Director

It is the Company's policy that directors should attend each meeting of the Board and each meeting of the committees on which they serve. During 2013, the Company's full Board met in person five times and sixteen times over telephonic conference calls. Each member of the Board attended all of the regular meetings of the Board and the Board committees on which the director served and for which he or she was eligible to participate. In addition to participation at Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including considerable telephone contact with the Chairman and CEO and sometimes with other pertinent members of management regarding matters of interest and concern to the Company. The Company's 2013 Annual Meeting of Stockholders was attended by one director. The Company has no formal policy with regard to the attendance of its directors at its annual meeting of stockholders.

Executive Sessions of the Board

It is the policy of the Company for the independent directors of the Company to meet in executive session following meetings of the Board. The independent directors may call upon members of management and outside consultants, including auditors and executive compensation consultants to participate in executive sessions. To the extent any specific issues surface or it is appropriate to provide feedback to management following an executive session, one of

the independent directors acts as a liaison with the Chairman to convey information or coordinate action with management.

Stockholder Communications

The Board has established a process for stockholders and other interested parties to communicate with the Board or to individual members of the Board. Such communications, whether by letter, e-mail or telephone, should be directed to the Secretary of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary or his designee, may not be forwarded to the directors. If the communication is specifically marked as a private communication for the Board, or for a specific director, the Secretary will not open the correspondence, but will forward it to the addressee. These procedures may change from time to time, and you are encouraged to visit our website for the most current means of contacting our directors.

If a stockholder wishes to communicate to the Chairman of the Audit Committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern likewise should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the stockholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary. The Company's whistleblower policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a stockholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Secretary at the Company's headquarters or by telephone at (678) 281-2028.

The Board's Role in Risk Oversight

The Board has an active role, both as a whole and at the committee level, in overseeing the management of the Company's risk. The Board is responsible for establishing and reviewing the Company's strategic direction and determining the acceptable risk tolerance of the Company, engaging management to implement its strategic plan within approved risk tolerances and monitoring the effectiveness of and exercising oversight over management, the compensation of management and the Company's internal controls over financial reporting. Risk can take different forms, including operating risk, financial risk, risk related to the economy in general and unemployment in particular, risks related to management succession, risk of fraud and reputational risk. The Board discharges many of its responsibilities and oversight functions with respect to risk through its Audit Committee, Compensation Committee and Corporate Governance Committee. The Corporate Governance Committee is responsible for establishing corporate governance procedures designed to effectively administer the Board's strategic planning and oversight duties, including an annual evaluation of the Board's leadership structure, along with risks associated with the independence of the Board members and potential conflicts of interest. The Audit Committee supports the Board's risk oversight functions through its review of the Company's internal controls over financial reporting, fraud risks identified by management and the Company's financial statements and their preparation, as well as its oversight of the Company's Code of Conduct and the administration of the Company's whistleblower procedures. The Compensation Committee establishes the appropriate compensation incentives in light of its views regarding an appropriate impact that the Company's compensation policies have on risk. Because all of these committees are comprised solely of independent directors, our independent directors have a significant role in the Board's risk oversight function. While each committee is responsible for evaluating and overseeing certain risks, the entire Board is apprised of such risks through regular committee reports. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. See *Board Committee Membership and Meetings* for further discussion of the roles, responsibilities and inter-relationships of the Board Committees. We believe our current Board leadership structure is appropriate and helps ensure proper risk oversight for Ebix.

Board Leadership Structure

Robin Raina serves as both the CEO and Chairman of the Board. We combine this traditional leadership structure with a board structure in which Mr. Raina is the only non-independent director. The Board believes its members have no reticence about forcefully expressing their views while at the same time fully and fairly considering the views of their fellow directors, and that the members of the Board have the experience and ability to critically evaluate the performance of our CEO and chairman and in implementing the strategic, as well as day-to-day, goals of the Company. Although the Board periodically evaluates alternative board governance models and refinements to the existing structure, it believes, after assessing the current service of the Company's CEO and chairman and the current composition of the Board, that the current Board leadership structure is appropriate for the Company.

Code of Conduct and Ethics

The Board has adopted the Code of Conduct and Ethics (the "Code of Conduct"), which applies to the Company's CEO, CFO and other senior financial officers (the "Senior Financial Officers") of the Company and its subsidiaries, including its principal executive officer, principal financial officer and principal accounting officer. The Company is committed to the highest standards of professional and ethical conduct, and the Code of Conduct provides guidance as to upholding these standards.

The Code of Conduct consists of basic standards of business practice, as well as professional and personal conduct, including prohibitions against any conduct or transactions that might constitute a conflict of interest between the Senior Financial Officers and the Company. Any action that might constitute a conflict of interest is reviewed by Company management, and potential conflicts of executive officers or members of the Board are reviewed by the Board.

Any amendment to or waiver of the Code of Conduct must be approved by the Audit Committee and will be promptly disclosed by the Company. The Company's Compliance Officer, Robert Kerris, is charged with monitoring, overseeing and reviewing compliance with the Code of Conduct.

Availability of Corporate Governance Documents

The charters of the Audit Committee, the Compensation Committee and the Corporate Governance Committee, as well as other documents relating to corporate governance at Ebix, are available in the corporate governance section of our website, www.ebix.com. You may also obtain copies of these materials, free of charge, by sending a written request to Ebix, Inc. at Five Concourse Parkway, Suite 3200, Atlanta, Georgia 30328, Attn: Investor Relations.

Director Compensation

Following each annual meeting of our stockholders, non-employee members of the Board are typically granted an option to purchase 9,000 shares of common stock at an exercise price per share of 100% of the fair market value for each share of common stock on the date of the grant.

On December 30, 2013, the Board granted to each non-employee director 9,000 stock options of which one-fourth will vest on December 30, 2014, and the remaining options will vest ratably each quarter in the years 2015, 2016 and 2017. Such grants were made pursuant to Board's policy set forth on November 11, 2007. In addition each non-employee director received an annual cash retainer of \$14,000 during 2013. Mr. Keller and Benz received an additional cash retainer of \$5,000 following the 2013 Annual Meeting for serving on both the Audit and Compensation Committees. Mr. Bhalla received an additional cash retainer of \$5,000 following the 2013 Annual Meeting for serving as the Audit Committee Chairman. Messrs. Keller, Bhalla, Benz and Eckert also received fees in amounts of \$27,000, \$58,500, \$27,000 and \$27,000, respectively, for serving on a special committee of the Board in connection with a proposed sale of the Company in 2013 that was not completed.

Director Compensation Chart

The following director compensation table sets forth the total cash and non-cash compensation paid to, or received by, each person who served as a director of the Company for 2013. No directors who are employees of the Company receive any fees or payments for service on our Board.

EXECUTIVE COMPENSATION

Compensation Disclosure and Analysis

Objectives and Goals

The objectives of the Compensation Committee are to adopt a compensation approach that is simple, internally equitable and externally competitive and that attracts, motivates and retains qualified people capable of contributing to the growth, success and profitability of the Company, thereby contributing to long-term stockholder value.

Simplicity. The Compensation Committee believes that a compensation package with three major elements of compensation is the simplest approach, consistent with the Company's goals. The Company generally does not utilize special personal perquisites, such as private jets, payment of country club dues, Company-furnished motor vehicles, permanent lodging or defrayment of the cost of personal entertainment.

Internal Equity. Internal equity has generally been evaluated based on an assessment of the relative contributions of the members of the management team. In 2013, the Compensation Committee did not undertake any formal audit or similar analysis of compensation equity with respect to either the CEO relative to the other members of the management team or with respect to the management team relative to the Company's employees generally. However, the Compensation Committee believes that the relative difference between CEO compensation and the compensation of the Company's other executives is consistent with such differences found in the Company's insurance services peer group and the market for executive-level personnel for public companies of similar size.

External Competitiveness. The Compensation Committee believes it is important to management retention and morale that compensation be competitive with our competitors. In setting annual compensation, the Compensation Committee generally reviews market data and compares total annual compensation opportunities for our executive officers with compensation opportunities for similar positions at comparable companies. Based on this review, the Compensation Committee approves compensation levels and opportunities for our CEO and our other executive officers that the Compensation Committee believes are competitive with the marketplace and provide appropriate retention and incentive value.

Major Compensation Components

The principal components of compensation for our executive officers are: (a) base salary, (b) short-term incentives, generally in the form of cash bonus programs, and (c) long-term incentives, generally in the form of equity-based awards such as stock awards. We believe the Company's goals are best met by utilizing an approach to compensation with these three distinct elements.

Base Salaries. The Company's base salaries are intended to be consistent with the Compensation Committee's understanding of competitive practices, levels of executive responsibility, qualifications necessary for the particular executive position and the expertise and experience of the executive officer. Salary adjustments reflect the Compensation Committee's belief as to competitive trends, the performance of the individual and, to some extent, the overall financial condition of the Company.

Base salaries for our executive officers are established based on the scope of their responsibilities, prior relevant background, professional experience, and technical training. In this regard, the Compensation Committee takes into account competitive market compensation paid by the companies represented in the compensation data it reviews for similar positions, and the overall market demand for such executives. Although the Company considered the same factors in establishing the base salaries of each of its executive officers, due to the different levels of roles played by each executive, the base salaries are justifiably substantially different.

Effective August 16, 2012, the Compensation Committee increased the base salary of Robin Raina, the Company's President and CEO, from \$800,000 to \$1,300,000, in recognition of his leadership and significant contributions to the growth of the Company and the creation of stockholder value. This was the first increase to the CEO's base salary since 2008. No changes to his salary were made for 2013.

Effective April 1, 2014, the Compensation Committee increased the base salary of Robert Kerris, the Company's CFO from \$175,000 to \$225,000 in recognition of his service to the Company.

Short-Term Incentives. Executive officers have the opportunity to earn short-term incentives in the form of discretionary annual cash bonuses. These annual bonus opportunities are not guaranteed or formulaic, but rather are approved by the Compensation Committee following the end of the fiscal year based on its qualitative, subjective assessment of the Company's overall performance and the executive's individual performance and contributions to the Company's success.

For the fiscal year ended December 31, 2013, the Company's CEO, Robin Raina, chose not to accept a performance-based annual incentive. Mr. Raina did, however, receive a bonus payment of \$800,000 that was earned based on his performance and service in 2012, but was paid in 2013. Mr. Raina also received a \$1,200,000 retention bonus under an arrangement that was entered into to ensure that he stayed with the Company through a proposed sale of the Company in 2013, which was not completed. The arrangement was entered into because the prospective buyers had mandated Mr. Raina's retention as a key issue in the proposed transaction and because it was not clear whether Mr. Raina would agree to stay with the Company through any such proposed sale of the Company.

For 2013, the Compensation Committee awarded Robert Kerris, the Company's Senior Vice President and CFO, an incentive bonus of \$65,000 based on his strong leadership in the role of CFO and for maintaining a strong regulatory and compliance framework across the Company.

Long-Term Incentives. While salary and short-term incentives are primarily designed to compensate current and past performance, the primary goal of the long-term incentives, such as stock options and restricted stock awards, is to link executive officer compensation with the long-term interests of the stockholders.

For 2013, the Compensation Committee, in consultation with the entire Board, determined that no new long-term incentive awards would be granted to executive officers.

Use of Compensation Consultants and Benchmarking

During 2013, the Compensation Committee did not retain any compensation consultants or engage in any formal benchmarking. The Compensation Committee may decide to retain, but has not yet retained, a compensation consulting firm to review and evaluate the compensation arrangements for the Company's executive officers for future periods.

Other Compensation Components

Company executives are eligible to participate in the Company's health care, insurance and other welfare and employee benefit programs, which are the same for all eligible employees, including Ebix's executive officers.

Use of Employment and Severance Agreements

In the past, the Compensation Committee has determined that competitive considerations merit the use of employment contracts or severance agreements for certain members of senior management. Presently, however, no member of senior management is employed under an employment contract.

Recapture and Forfeiture Policies

Historically, the Company has not had formal policies with respect to the adjustment or recapture of performance-based awards where the financial measures on which such awards are, or will be, based on or adjusted for changes in reported results such as, but not limited to, instances where the Company's financial statements are restated. The Compensation Committee does not believe that repayment should be required where the Plan participant has acted in good faith and the errors are not attributable to the participant's gross

negligence or willful misconduct. In such later situations, the Compensation Committee believes the Company has or will have available negotiated or legal remedies. However, the Compensation Committee may elect to take into account factors such as the timing and amount of any financial restatement or adjustment, the amounts of benefits received, and the clarity of accounting requirements leading to any restatement in fixing of future compensation.

Deductibility of Compensation and Related Tax Considerations

As one of the factors in its review of compensation matters, the Compensation Committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) generally limits to \$1 million the amount that a publicly held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and the corporation's three most highly compensated executive officers, other than the chief executive officer and chief financial officer. However, compensation that qualifies as performance-based under Section 162(m) is not subject to the \$1 million deduction limit.

Although the Company's stock option plans generally have been structured with the goal of complying with the requirements of Section 162(m), and the Compensation Committee believes stock options awarded thereunder should qualify as performance-based compensation exempt from limitations on deductibility under Section 162(m), the deductibility of any compensation was not a condition to any compensation decision. With the exception of compensation payable to the CEO, the Company does not expect its ability to deduct executive compensation to be limited by operation of Section 162(m). However, due to interpretations and changes in the tax laws, some types of compensation payments and their deductibility depend on the timing of an executive's vesting or exercise of previously granted rights and other factors beyond the Compensation Committee's control which could affect the deductibility of compensation.

The Compensation Committee will continue to consider carefully the impact of Section 162(m) when designing compensation programs, and in making compensation decisions affecting the Company's Section 162(m) covered executives. The Compensation Committee believes, however, that in certain circumstances factors other than tax deductibility are more important in determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its stockholders. Accordingly, it may award compensation in excess of the deductibility limit, with or without requiring a detailed analysis of the estimated tax cost of non-deductible awards to the Company. Given our dynamic and rapidly changing industry and business, as well as the competitive market for outstanding leadership talent, the Compensation Committee believes it is important to retain the flexibility to design compensation programs consistent with its compensation philosophy for the Company, even if some executive compensation is not fully deductible.

Section 280G. Code Section 280G generally denies a deduction for a significant portion of certain compensatory payments made to corporate officers, certain stockholders and certain highly compensated employees if the payments are contingent on a change of control of the employer and the aggregate amounts of the payments to the relevant individual exceed a specified relationship to that individual's average compensation from the employer over the preceding five years. In addition, Code Section 4999 imposes on that individual a 20% excise tax on the same portion of the payments received for which the employer is denied a deduction under Section 280G. In determining whether to approve an obligation to make payments for which Section 280G would deny the Company a deduction or whether to approve an obligation to indemnify (or gross-up) an executive against the effects of the Section 4999 excise tax, the Compensation Committee has adopted an approach similar to that described above with respect to payments which may be subject to the deduction limitations of Section 162(m).

Committee Conclusion

Attracting and retaining talented and motivated management and employees is essential to create long-term stockholder value. Offering a competitive, performance-based compensation program with a large equity component helps to achieve this objective by aligning the interests of the Company's CEO and other executive officers with those of stockholders. The Compensation Committee believes that Ebix's 2013 compensation program met these objectives.

Likewise, based on our review, the Compensation Committee finds the total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) to the Company's CEO and other named executive officers in the aggregate to be reasonable and not excessive.

Stockholder Advisory Vote

While the decisions regarding total compensation for the Company's executive officers were made prior to the Company's 2013 Annual Meeting, the Compensation Committee will consider the approval of the Company's stockholders in their vote on executive compensation.

Risk Considerations

Our Compensation Committee has reviewed risks arising from our compensation policies and practices for both our executives and non-executive employees and has determined that they are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with the Company's CEO and CFO the above Compensation Disclosure and Analysis. Based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and in this proxy statement.
