Gilat Announces 2004 Results

Petah Tikva, Israel, February 2, 2005 Gilat Satellite Networks Ltd. (Nasdaq: GILTF), a worldwide leader in satellite networking technology, today reported its results for the year ending December 31, 2004.

Revenues for the fourth quarter of 2004 were \$US61.8 million and net loss was US\$(1.0) million or US\$(0.04) diluted per share. By comparison, revenues for the fourth quarter of 2003 were US\$42.4 million and net income was US\$33.8 million or US\$1.65 diluted per share. The net income for the fourth quarter of 2003 includes a gain from restructuring of debt in the amount of US\$58.6 million offset by charges relating to inventory write offs and impairment of long-lived assets in the amount of US\$8.1 million. Included in the fourth quarter of 2004 results are US\$8.1 million in depreciation and amortization expenses as compared to US\$6.4 million for the same period last year.

Revenues for the year ended December 31, 2004 were US\$241.5 million and net loss was US\$(9.5) million or US\$(0.42) diluted per share. The net loss for the year ended December 31, 2004 includes charges relating to inventory write offs and impairment of long-lived assets in the amount of US\$4.2 million. By comparison, revenues for the year ended December 31, 2003 were US\$190.2 million and net income was US\$143.6 million or US\$11.24 diluted per share. The net income for the year ended December 31, 2003 includes a gain from restructuring of debt in the amount of US\$244.2 million offset by charges relating to inventory write offs, restructuring charges and impairment of long-lived assets in the amount of US\$39.0 million. Included in the year ended December 31, 2004 results are US\$31.7 million in depreciation and amortization expenses as compared to US\$26.3 million for the year ended December 31, 2003.

In accordance with the FASB Interpretation No.46, Consolidation of Variable Interest Entities, (FIN 46), Gilat has consolidated the financial results of StarBand Communications beginning from the first quarter of 2004. As a result of the above, the Company recorded revenues of US\$6.9 million, and a net income of US\$0.8 million in the fourth quarter of 2004 and revenues of US\$28.4 million, and a net income of US\$1.3 million for the year ended December 31,2004.

The Company reported total cash balances (including cash and cash equivalents, short-term bank deposits, short- and long-term restricted cash and restricted cash held by trustees less short-term bank credits) of US\$122.9 million as of December 31, 2004, an increase of US\$11.0 million from the cash balance of US\$111.9 million as of September 30, 2004.

Gilat Chief Executive Officer and Chairman of the Board Shlomo Rodav said, We are back on the growth path. Our revenues are continuing to grow and overall our financial parameters are getting stronger. For the fourth consecutive quarter, we have generated significant growing

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

positive earnings before interest, taxes, depreciation and amortization (EBITDA). In addition, for the first time in several years, this quarter we demonstrate a positive operating income. We have structured the company for growth into 2005 in our solution sales and operation business. Separate growth patterns were defined for each one of the new business units. GNS who will focus on sales of solutions to operators and GNO, which is composed of two service entities, Spacenet, will focus on Enterprise / SoHo networks and our rural networks will focus on public communication services to remote communities.

Fourth Quarter Events

Continued deal funnel Gilat announced new deals in Turkey and the United States

New solutions Gilat introduced new solutions: Sky-Abis, an Integrated Solution for GSM operators and hybrid VSAT/DSL services to its Connexstar family, Spacenet's Prysm application-enhancement services

- n Gilat announced an agreement with IsNet in Turkey for the supply of a SkyEdge network to include two hubs and 1,500 VSAT terminal sites. The satellite-based remote sites will be dispersed throughout Turkey. The SkyEdge network will allow IsNet to provide data, voice, embedded VPN and video applications to its wide customer base.
- n Spacenet Inc. expanded its Connexstar channel partner program with the addition of Enterprise Satellite Solutions, LLC (ESS), an Arizona-based provider of commercial-grade networking services. ESS, which specializes in complete solutions for multi-location retail businesses, announced a three-year contract to provide a 308-site Connexstar broadband satellite network to the Allsup's convenience store chain in New Mexico and West Texas.
- n Gilat introduced the Sky-Abis, an integrated satellite solution for GSM operators. This solution allows mobile operators to expand their network coverage by providing cellular connectivity to customers located in remote communities while significantly reducing operating costs for existing or new deployments.
- n Spacenet Inc. added commercial-grade, hybrid VSAT/DSL services to its Connexstar family of broadband connectivity solutions. This expansion offering allows the Company to provide DSL, VSAT and hybrid network solutions, depending on the needs of its customers. Spacenet also introduced a new suite of application-enhancing services to be marketed under the brand Prysm as a complement to its satellite and hybrid network solutions.
