Petah Tikva, Israel, August 13, 2014 – Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, today reported its results for the second quarter ended June 30, 2014.

Key Financial Highlights:

- Revenues for the second quarter increased to \$54.1 million compared to \$50.9 million in the first quarter of 2014.
- Non-GAAP operating income was \$1.5 million, compared to operating income of \$0.5 million in the first quarter of 2014. GAAP operating loss was \$0.5 million compared to a loss of \$1.5 million in the first quarter of 2014

Revenues for the second quarter were \$54.1 million, compared to \$50.9 million in the first quarter of 2014 and to \$61.9 million for the comparable period in 2013. The difference between the second quarter of 2014 and the comparable quarter in 2013 is mostly attributed to the decrease in revenues in our Services Division.

On a non-GAAP basis, operating income was \$1.5 million in the second quarter as compared to operating income of \$0.5 million in the first quarter of 2014 and of \$1.9 million in the comparable quarter of 2013. On a non-GAAP basis, net income for the quarter was \$0.6 million or an income of \$0.01 per diluted share compared to a net loss of \$0.6 million or a loss of \$0.01 per diluted share in the first quarter of 2014 and to a net loss of \$0.9 million or \$0.02 per diluted share in the comparable period in 2013.

GAAP operating loss for the second quarter was \$0.5 million as compared to an operating loss of \$1.5 million in the first quarter of 2014 and of \$0.1 million in the comparable period in 2013. GAAP net loss from continuing operations for the quarter was \$1.4 million, or a loss of \$0.03 per diluted share, compared to a net loss from continuing operations of \$2.6 million, or a loss of \$0.06 per diluted share for the first quarter of 2014 and compared to a net loss from continuing operations of \$2.9 million, or a loss of \$0.07 per diluted share in the comparable period in 2013.

EBITDA for the second quarter was \$3.9 million compared to \$2.8 million in the first quarter of 2014 and to \$5.3 million in the comparable period in 2013.

Erez Antebi, Chief Executive Officer of Gilat stated, “Our improved results in the second quarter come from both of our Commercial and Defense Divisions, as well as from the cost-reduction measures we took last year. Our Defense business continued to grow, with increase in demand for both On-The-Pause as well as On-The-Move solutions.”

Antebi concluded, “We anticipate the second half of 2014 to be stronger than the first half thanks to significant revenues to be generated by projects in Peru and Colombia as well as growth in the commercial and defense activities. We are confident that we are on track to meet our previously stated 2014 management objectives.”

Notes:

(1) The attached summary financial statements were prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP). The attached summary financial statements are unaudited. To supplement the consolidated financial information and statements presented in accordance with GAAP, the Company presents its EBITDA before the impact of non-cash stock based compensation, depreciation and amortization, other income and other costs related to acquisition transactions. Non-GAAP presentations of net income, EBITDA and earnings per share are provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

We regularly use supplemental non-GAAP financial measures internally to understand manage and evaluate our business and make operating decisions. We believe these non-GAAP financial measures provide consistent and comparable measures to help investors understand our current and future operating cash flow performance. These non-GAAP financial measures may differ materially from the non-GAAP financial measures used by other companies.

(2) Operating income before depreciation, amortization, non-cash stock based compensation as per ASC 718 and other costs related to acquisition transactions ('EBITDA') is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. EBITDA, however, should not be considered as an alternative to operating income or net income for the period as an indicator of the operating performance of the Company.

Similarly, EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. EBITDA is not a measure of financial performance under generally accepted accounting principles and may not be comparable to other similarly titled measures for other companies. EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. . A reconciliation of specific adjustments to GAAP results is provided in the tables below.
