**MARINE PRODUCTS CORPORATION
NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
2801 Buford Highway, Suite 520, Atlanta, Georgia 30329**

TO THE HOLDERS OF THE COMMON STOCK:

PLEASE TAKE NOTICE that the 2007 Annual Meeting of Stockholders of Marine Products Corporation, a Delaware corporation (“Marine Products” or the “Company”), will be held at 2170 Piedmont Road, NE, Atlanta, Georgia, on Tuesday, April 24, 2007, at 12:00 noon, or any adjournment thereof, for the following purposes:

1. To elect three Class III directors to the Board of Directors;
2. To transact such other business as may properly come before the meeting or any adjournment thereof.

The Proxy Statement dated March 27, 2007 is attached.

The Board of Directors has fixed the close of business on March 16, 2007 as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting.

PROXY STATEMENT

This Proxy Statement and a form of proxy were first mailed to stockholders on or about March 27, 2007. The following information concerning the enclosed proxy and the matters to be acted upon at the Annual Meeting of Stockholders to be held on April 24, 2007, is submitted by the Company to the stockholders in connection with the solicitation of proxies on behalf of the Company's Board of Directors.

SOLICITATION OF AND POWER TO REVOKE PROXY

A form of proxy is enclosed. Each proxy submitted will be voted as directed, but if not otherwise specified, proxies solicited by the Board of Directors of the Company will be voted in favor of the candidates for election to the Board of Directors.

A stockholder executing and delivering a proxy has power to revoke the same and the authority thereby given at any time prior to the exercise of such authority, if he so elects, by contacting either proxy holder or by attending the meeting and voting in person. However, a beneficial stockholder who holds his shares in street name must secure a proxy from his broker before he can attend the meeting and vote.

CAPITAL STOCK

The outstanding capital stock of the Company on March 16, 2007 consisted of 38,060,028 shares of Common Stock, par value \$0.10 per share. Holders of Common Stock are entitled to one vote (non-cumulative) for each share of such stock registered in their respective names at the close of business on March 16, 2007, the record date for determining stockholders entitled to notice of, and to vote at the meeting or any adjournment thereof.

A majority of the outstanding shares will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business. In accordance with the General Corporation Law of the state of Delaware, the election of the nominees named herein as Directors will require the affirmative vote of a plurality of the votes cast by the holders of shares of Company Common Stock entitled to vote in the election provided that a quorum is present at the Annual Meeting. In the case of a plurality vote requirement (as in the election of directors), where no particular percentage vote is required, the outcome is solely a matter of comparing the number of votes cast for each nominee, with those nominees receiving the most votes being elected, and hence only votes for director nominees (and not abstentions or broker non-votes) are relevant to the outcome. In this case, the three nominees receiving the most votes will be elected. There are no rights of appraisal or similar dissenter's rights with respect to any matter to be acted upon pursuant to this Proxy Statement. It is expected that shares held of record by officers and directors of the Company, which in the aggregate represent approximately 69 percent of the outstanding shares of Common Stock, will be voted for the nominees for directors.

The executives named in the Summary Compensation Table, and the name and address of each stockholder (or "group" as that term is used in Section 13(d)(3) of the Exchange Act) who owned beneficially five percent (5%) or more of the shares of Common Stock of the Company on March 16, 2007, together with the number of shares owned by each such person and the percentage of outstanding shares that ownership represents, and information as to Common Stock ownership of the directors and executive officers of the Company as a group (according to information received by the Company), are set out below:

**CORPARATE GOVERNANCE AND BOARD OF DIRECTORS,
COMMITTEES AND MEETINGS**

Board Meetings

The Board of Directors met five times during the fiscal year ended December 31, 2006. No director attended fewer than 75 percent of the aggregate of all Board meetings and meetings of committees on which he or she served during 2006. Board members are encouraged to attend the Company's Annual Stockholder Meetings and all Board members were in attendance at last year's meeting.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

Audit Committee

The Audit Committee of the Board of Directors of the Company consists of Henry B. Tippie (Chairman), Wilton Looney, James B. Williams and Bill J. Dismuke all of whom are independent, as discussed below. The Audit Committee held five meetings during the fiscal year ended December 31, 2006. The Board of Directors has determined that all of the Audit Committee members are independent as that term is defined by the rules of the Securities and Exchange Commission ("SEC") and the New York Stock Exchange ("NYSE"). The Board of Directors has also determined that all of the Audit Committee members are "Audit Committee Financial Experts" as defined in the SEC rules. Additionally, the Board of Directors has determined that the simultaneous service by Mr. James B. Williams on the Audit Committees of three other publicly traded companies does not impair his ability to effectively serve on the Audit Committee of Marine Products. The Audit Committee meets with the Company's independent registered public accountants, internal auditor, Chief Executive Officer and Chief Financial Officer to review the scope and results of audits and recommendations made with respect to controls over financial reporting and specific accounting and financial reporting issues. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from the Company for outside legal, accounting or other advisors as it deems necessary to carry out its duties. The Audit Committee charter is available on the Company's website at www.marineproductscorp.com under the Governance section. A written copy of the charter can be obtained free of charge by writing to the Secretary, Marine Products Corporation, 2170 Piedmont Road NE, Atlanta, Georgia 30324.

Compensation Committee

The Compensation Committee of the Board of Directors of the Company consists of Henry B. Tippie (Chairman), Wilton Looney, and James B. Williams. It held one meeting during the fiscal year ended December 31, 2006. The function of the Compensation Committee is to review the base salary and cash based incentive compensation for all of the executive officers, and to administer the compensation of James A. Lane, Jr. in accordance with the Performance-Based Compensation Agreement. The Compensation Committee also administers the 2001 and 2004 Marine Products Corporation Employee Stock Incentive Plans. The Compensation Committee does not have a formal charter, and is not required to have one under the "controlled company" exemption under the NYSE rules, as described in the section titled "Director Independence and NYSE requirements" below.

Nominating and Governance Committee

The Nominating and Governance Committee of the Board of Directors of the Company consists of Henry B. Tippie (Chairman), Wilton Looney, and James B. Williams, all of whom are independent, as discussed more fully under "Director Independence and NYSE Requirements." The Committee was formed in 2002 pursuant to a resolution passed by the Board of Directors for the following purposes:

- to recommend to the Board of Directors nominees for director and to consider any nominations properly made by a stockholder;
- upon request of the Board of Directors, to review and report to the Board with regard to matters of corporate governance; and

6

to make recommendations to the Board of Directors regarding the agenda for Annual Stockholders Meetings and with respect to appropriate action to be taken in response to any stockholder proposals.

The Nominating and Governance Committee held one meeting during the fiscal year ended December 31, 2006.

Director Nominations

Under Delaware law, there are no statutory criteria or qualifications for directors. No criteria or qualifications have been prescribed by the Board at this time. The Nominating and Governance Committee does not have a charter or a formal policy with regard to the consideration of director candidates. However, it acts under the guidance of the Corporate Governance Guidelines approved by the Board of Directors and posted on the Company's website at www.marineproductscorp.com under the Governance section. A written copy of the Corporate Governance Guidelines can be obtained free of charge by writing to the Secretary, Marine Products Corporation, 2170 Piedmont Road NE, Atlanta, Georgia 30324. The Board believes that it should preserve maximum flexibility in order to select directors with sound judgment and other desirable qualities. According to the Company's Corporate Governance Guidelines, the Board of Directors will be responsible for selecting nominees for election to the Board of Directors. The Board delegates the screening process to the Nominating and Governance Committee. This Committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of the then current make-up of the Board. This determination takes into account all factors which the Committee considers appropriate, such as independence, experience, strength of character, mature judgment, technical skills, diversity, age and the extent to which the individual would fill a present need on the Board. The Company's Bylaws provide that nominations for the election of directors may be made by any stockholder entitled to vote for the election of directors. Nominations must comply with an advance notice procedure which generally requires, with respect to nominations for directors for election at an annual meeting, that written notice be addressed to: Secretary, Marine Products Corporation, 2170 Piedmont Road, NE, Atlanta, Georgia 30324, not less than ninety days prior to the anniversary of the prior year's annual meeting and set forth the name, age, business address and, if known, residence address of the nominee proposed in the notice, the principal occupation or employment of the nominee for the past five years, the nominee's qualifications, the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person and any other information relating to the person that would be required to be disclosed in a proxy statement or other filings. Other requirements related to the notice are contained in the Company's Bylaws. The Committee will consider nominations from stockholders that satisfy these requirements. The Committee is responsible for screening the nominees that are selected by the Board of Directors for nomination to the Board and for service on committees of the Board. To date, the Company has not received a recommendation for a director nominee from a stockholder. All of the nominees for directors being voted upon at the Annual Meeting to be held on April 24, 2007 are directors standing for re-election.

Director Independence and NYSE Requirements

Controlled Company Exemption

The Company is not required by law or NYSE listing requirements to have a Nominating or Compensation Committee composed of independent directors, nor to have a Board of Directors, the majority of which are independent. Because the Company is a "controlled corporation," as defined by NYSE Rule 303A.00, the Company is exempt from NYSE Rules 303A.01, 303A.04 and 303A.05 and does not undertake compliance with those provisions. The Company is a "controlled corporation" because a group that includes the Company's Chairman of the Board, R. Randall Rollins, his brother Gary W. Rollins who is also a director and certain companies under their control, possesses in excess of fifty percent of the Company's voting power.

The Company's Audit Committee is composed of four "independent" directors as defined by the Company's Corporate Governance Guidelines, the NYSE rules, the Securities Exchange Act of 1934, SEC regulations thereunder, and the

Company's Audit Committee Charter. All of the members of the Compensation and Nominating and Governance Committees are also independent directors. The independent directors of the Company are Henry B. Tippie, Wilton Looney, James B. Williams and Bill J. Dismuke.

Independence Guidelines

Under NYSE listing standards, to be considered independent, a director must be determined to have no material relationship with the Company other than as a director. The NYSE standards set forth a nonexclusive list of relationships which are conclusively deemed material.

The Company's Independence Guidelines (Appendix A to the Company's Corporate Governance Guidelines) are posted on the Company's website at www.marineproductscorp.com under the Governance section. These independence guidelines provide that to be independent, a director must not have any relationship that would be considered material under NYSE Standards. In addition, the Company's Guidelines provide that, except in special circumstances as determined by a majority of the Board, the following relationships are not material:

- (i) If the director, or a member of the director's immediate family, has received less than one hundred thousand dollars (US \$100,000) in direct compensation from the Company (other than director and committee fees and compensation for prior service which are not contingent in any way on continued services) during every 12 month period within the past three (3) years;
- (ii) If the director is a director or officer, or any member of the director's immediate family is a director or officer of a bank to which the Company is indebted, and the total amount of the indebtedness does not exceed one percent (1%) of the total assets of the bank for any of the past three (3) years;
- (iii) If the director or any member of the director's immediate family serves as an officer, director, trustee or primary spokesperson of a charitable or educational organization, and donations by the Company do not exceed the greater of one million dollars (US \$1,000,000) or two percent (2%) of the organization's consolidated gross revenues within the preceding three (3) years;
- (iv) If the director has a relationship with the Company of a type covered by item 404(a) and/or item 407 of the Securities and Exchange Commission's Regulation S-K (or any successor regulation), and that relationship need not, according to the terms of those items and any then-current proxy regulations, be disclosed in the Company's annual Proxy Statement (except for relationships described elsewhere in the Company's guidelines in which case the other guidelines will govern);
- (v) If the director, or a member of the director's immediate family, has direct or beneficial ownership (as defined by Rule 13d-3 under the Securities Exchange Act of 1934) of any amount of any class of common stock of the Company.

Audit Committee Charter

Under the Company's Audit Committee Charter, in accordance with NYSE listing requirements and the Securities Exchange Act of 1934, all members of the Audit Committee must be independent of management and the Company. A member of the Audit Committee is considered independent as long as he or she (i) does not accept any consulting, advisory, or compensatory fee from the Company, other than as a director or committee member; (ii) is not an affiliated person of the Company or its subsidiaries; and (iii) otherwise meets the independence requirements of the NYSE and the Company's Corporate Governance Guidelines.

Nonmaterial Relationships

After reviewing all of the relationships between the members of the Audit Committee and the Company, the Board of Directors determined that none of the members of the Audit Committee had any relationships not included within the categorical standards set forth in the Independence Guidelines and disclosed above except as follows:

1. Mr. Tippie was employed by Rollins from 1953 to 1970, and held several offices with that company during that time, including as Executive Vice President - Finance, Secretary, Treasurer and Chief Financial Officer. Messrs. Randall and Gary Rollins are directors and executive officers of Rollins and are part of a group that has voting control of Rollins.
2. Mr. Tippie is Chairman of the Board of Directors of Dover Motorsports, Inc. and Dover Downs Gaming and Entertainment, Inc. Mr. Randall Rollins is also a director of these companies.

3. Mr. Tippie is the trustee of the O. Wayne Rollins Foundation and of the Rollins Children's Trust. O. Wayne Rollins is the father of Gary and Randall Rollins. The beneficiaries of the Rollins Children's Trust include the immediate family members of Gary and Randall Rollins.

4. Each of Messrs. Dismuke, Looney, Tippie and Williams also serve on the Boards of Rollins, Inc. and RPC, Inc., of which Messrs. Gary and Randall Rollins are directors, and voting control over which is held by a control group of which Messrs. Randall and Gary Rollins are a part; Mr. Randall Rollins is an executive officer of RPC, Inc.

As required by the Independence Guidelines, the Board of Directors unanimously concluded that the above-listed relationships would not affect the independent judgment of the independent directors, based on their experience, character and independent means, and therefore do not preclude an independence determination. All of the members of the Audit Committee are also independent under the heightened standards required for Audit Committee members.

In accordance with the NYSE corporate governance listing standards, Mr. Henry B. Tippie was elected as the Presiding Director. The Company's non-management directors meet at regularly scheduled executive sessions without management. Mr. Tippie presides during these executive sessions.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to promote better understanding of our policies and procedures. At least annually, the Board reviews these guidelines. As required by the rules of the New York Stock Exchange, our Corporate Governance Guidelines require that our non-management directors meet in at least two regularly scheduled executive sessions per year without management.

At the Company's website at www.marineproductscorp.com, under the Governance section, you may access a copy of our Corporate Governance Guidelines, our Audit Committee Charter, our Code of Business Conduct and our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions. REPORT OF THE AUDIT COMMITTEE

Management is responsible for the Company's internal controls, assessing the effectiveness of these controls and the financial reporting process. The Company's independent registered public accountants are responsible for performing independent audits of the Company's consolidated financial statements and management's assessment that the Company maintained effective control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing reports thereon. The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles; that is the responsibility of management.

In fulfilling its oversight responsibilities with respect to the year ended December 31, 2006, the Audit Committee:

- Approved the terms of engagement of Grant Thornton LLP as the Company's independent registered public accountants for the year ended December 31, 2006;
- Reviewed with management the interim financial information included in the Forms 10-Q prior to their being filed with the SEC. In addition, the Committee reviewed all earnings releases with management and independent public accountants prior to their release;
- Reviewed and discussed with the Company's management and the independent registered public accountants the audited consolidated financial statements of the Company as of December 31, 2006 and 2005 and for the three years ended December 31, 2006;
- Reviewed and discussed with the Company's management and the independent registered public accountants, management's assessment that the Company maintained effective control over financial reporting as of December 31, 2006;
- Discussed with the independent registered public accountants matters required to be discussed by the American Institute of Certified Public Accountants Statement on Auditing Standards ("SAS") No. 61, "Communications with Audit Committees," as amended by SAS 90, "Audit Committee Communications," the rules of the Securities and Exchange Commission and the standards of the Public Company Accounting Oversight Board (United States); and
- Received from the independent registered public accountants the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," as amended, as adopted by the Public Company Accounting Oversight Board, and discussed with the registered public accountants the firm's independence from the Company.

Based upon the review and discussions referred to above, the Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company and subsidiaries as of December 31, 2006 and 2005 and for the three years ended December 31, 2006, management's report on internal control over financial reporting as of December 31, 2006 and the report of the Company's independent registered public accounting firm on internal control over financial reporting as of December 31, 2006, be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 and for filing with the Securities and Exchange Commission.

In giving its recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and (ii) the report of the Company's independent registered public accounting firm with respect to such financial statements.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee

During the fiscal year ended December 31, 2006, the members of our Compensation Committee held primary responsibility for determining executive compensation levels. The Committee is composed of three of our non-management directors who do not participate in the Company's compensation plans. The Committee determines the compensation and administers the performance-based cash compensation plan for our executive officers. In addition, the Committee also administers our Stock Incentive Plans for all the employees.

The members of our Compensation Committee have extensive and varied experience with various public and private corporations - as investors and stockholders, as senior executives, and as directors charged with the oversight of management and the setting of executive compensation levels. Henry B. Tippie, the Chairman of the Compensation Committee, has served on the board of directors of twelve different publicly traded companies and has been involved in setting executive compensation levels at all of these companies. Messrs. Wilton Looney and James B. Williams have served on the board of directors of several different publicly traded companies and have similarly been involved in setting executive compensation levels at many of these companies.

The Compensation Committee has authority to engage attorneys, accountants and consultants, including executive compensation consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more directors or members of management where it deems such delegation appropriate and permitted under applicable law. The Committee has not used the services of any compensation consultants in determining or recommending the amount or form of executive compensation.

The Compensation Committee believes that determinations relative to executive compensation levels are best left to the discretion of the Committee. In addition to the extensive experience and expertise of the Committee's members and their familiarity with the Company's performance and the performance of our executive officers, the Committee is able to draw on the experience of other Directors and on various legal and accounting executives employed by the Company, and the Committee has access to the wealth of readily available public information relative to structuring executive compensation programs and setting appropriate compensation levels. The Committee also believes that the structure of our executive compensation programs should not become overly complicated or difficult to understand. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels.

General Compensation Objectives and Guidelines

The Company is engaged in a highly competitive industry. The success of the Company depends on its ability to attract and retain highly qualified and motivated executives. In order to accomplish this objective, the Company structures the executive compensation in a fashion that takes into account the Company's overall performance and the individual performance of the executive.

The Compensation Committee endorses the philosophy that executive compensation should reflect Company performance and the contribution of executive officers to that performance. The Company's compensation policy is designed to reward growth in sales, net income and increase in shareholder value. The Committee recognizes that there are many intangibles involved in evaluating performance and in motivating performance, and that determining an appropriate compensation level is a highly subjective endeavor. The analysis of the Committee is not based upon a structured formula and the objectives referred to above are not weighted in any formal manner.

The Company's executive officers are also executive officers of RPC and receive compensation directly from RPC. The members of the Company's Compensation Committee also constitute the Compensation Committee of RPC. In

determining the compensation for the executive officers at the Company, the Committee considers the dual responsibilities and sources of compensation. The Company sets compensation of its executives at such levels so that, the aggregate compensation received from both RPC and the Company is reasonable in light of their respective responsibilities and the performance of both companies, and the compensation from the Company for services solely to the Company is reasonable. A discussion of the Company's executive officers' compensation at RPC is contained in its annual Proxy Statement filed with the SEC.

Pursuant to the Company's compensation philosophy, the total annual compensation of its executive officers is primarily made up of base salary, cash based incentives and stock-based incentive compensation. In addition, the Company provides retirement compensation plans, group welfare benefits and certain perquisites.

We believe a competitive base salary is important to attract, retain and motivate top executives. We believe a performance-based incentive cash compensation plan is valuable in recognizing and rewarding individual achievement. Finally, we believe stock-based incentives makes executives "think like owners" and, therefore, aligns their interests with those of our stockholders.

The Company does not have any formal stock ownership requirements for its executive officers but notes that its directors and executive officers are stockholders of the Company, as is disclosed elsewhere in this Proxy Statement. The Company is mindful of the stock ownership of our directors and executive officers but does not believe that it is appropriate to provide a mechanism or formula to take stock ownership (or gains from prior option or stock awards) into account when setting compensation levels. The Company provides in its insider trading policies that directors and executive officers may not sell Company securities short and may not sell puts, calls or other derivative securities tied to our Common Stock.

The Company does not have a formal policy relative to the adjustment or recovery of incentives or awards in the event that the performance measures upon which incentives or awards were based are later restated or otherwise adjusted in a manner that would have reduced the size of an incentive or award. However, as all incentives and awards remain within the discretion of the Compensation Committee, the Committee retains the ability to take any such restatements or adjustments into account in subsequent years. In addition, the Sarbanes-Oxley Act requires in the case of accounting restatements that result from material non-compliance with SEC financial reporting requirements, that Chief Executive Officers and Chief Financial Officers must disgorge bonuses and other incentive-based compensation and profits on stock sales, if the non-compliance results from misconduct.

Base Salary

The salary of each executive officer is determined by the Compensation Committee. In making its determinations, the Committee gives consideration to the recent financial performance of the Company, the magnitude of responsibilities, the scope of the position, individual performance and compensation paid by Marine Products. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels. During 2006, the base salaries of our executive officers, with the exception of Mr. James A. Lane, Jr. were increased to the following amounts: Mr. Richard A. Hubbell: \$350,000 (\$5,000 increase from 2005); Mr. Ben M. Palmer \$175,000 (\$25,000 increase from 2005); Mr. R. Randall Rollins: \$300,000 (\$5,000 increase from 2005); and Ms. Linda H. Graham \$115,000 (\$15,000 increase from 2005). These increases were subjectively based on increased growth in net sales and recent profit performance of the Company. No increases in base salaries were granted to the executive officers by the Committee in its meeting on January 23, 2007.

Cash Based Incentives

The annual cash based incentive compensation for the executive officers with the exception of Mr. James A. Lane, Jr., is based upon broad performance objectives. The executive officers participate in a variety of individualized performance bonus programs designed by the Committee. These plans all have payouts subjectively based on net sales, net income, budget objectives, and other individual performance objectives. The individual performance objectives relate to each executive officer improving the contribution of his functional area of responsibility to further enhance the earnings of the Company. Bonuses are not made subject to any plan or program, written or unwritten, that is communicated in advance to the executive officers. No specific performance criteria are established in advance, and no specific ranges for bonuses are established in advance. Bonuses for a particular fiscal year are generally determined during the first quarter of the following fiscal year and paid at the discretion of the Compensation Committee.

Discretionary bonuses were paid in early 2007 to our executive officers for performance during fiscal year ended 2006 in the following amounts: Mr. Richard A. Hubbell: \$140,000; Mr. Ben M. Palmer: \$88,000; Mr. R. Randall Rollins: \$176,000; and Ms. Linda H. Graham: \$32,000. Performance based incentive paid to Mr. James A. Lane, Jr. is discussed below.

Mr. James A. Lane, Jr. has a performance based compensation agreement that was approved by the shareholders under which he receives an incentive bonus equal to 10 percent of pre-tax profits of the Company as defined, monthly, determined in accordance with generally accepted accounting principles. Pursuant to this plan, Mr. Lane was paid \$3,994,137 for his performance during fiscal year 2006.

Stock-Based Incentive Plans

Our Stock Incentive Plan allows for a wide variety of stock based awards such as stock options and restricted stock awards. We last issued stock options to the executive officers in fiscal year ended 2003 and have no current plans to issue additional stock options. We have never issued any stock appreciation rights. Partially in response to changes relative to the manner in which stock options are accounted for under generally accepted accounting principles, we have modified the structure and composition of the long-term equity based component of our executive compensation. In recent years, we have awarded time-based restricted stock in lieu of granting stock options. The terms and conditions of these awards are described in more detail below.

Awards under the Company's Stock Incentive Plans are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. For the past three years, we have granted time-based restricted stock to various employees, including our executive officers, in early January during our regularly scheduled meetings of the Compensation Committee during which the Committee reviews executive compensation. Consistent with this practice, we granted restricted stock awards to our executive officers in January 2006 and January 2007 in amounts which are reasonably comparable to grants made in prior years. The number of shares awarded was as follows: Mr. Richard A. Hubbell: 15,000 shares in 2006 (15,000 shares in 2007); Mr. Ben M. Palmer: 6,000 shares in 2006 (6,000 shares in 2007); Mr. R. Randall Rollins: 15,000 shares in 2006 (15,000 shares in 2007); Mr. James A. Lane, Jr.: 10,000 shares in 2006 (10,000 shares in 2007); and Ms. Linda H. Graham: 4,000 shares in 2006 (4,000 shares in 2007). When considering the grant of stock based awards, the Committee gives consideration to our overall performance and the performance of individual employees. It is our expectation to continue yearly grants of restricted stock awards although we reserve the right to modify or discontinue this or any of our other compensation practices at anytime.

All of our restricted stock awards granted since 2004 have had the same features. The shares vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death, disability, or retirement on or after age 65), the unvested shares will be forfeited. In the event of a "change in control" of the Company, the Compensation and Stock Incentive Committee has the discretion to accelerate vesting of the shares.

Employment Agreements

There are no agreements or understandings between the Company and any executive officer which guarantee continued employment or guarantee any level of compensation, including incentive or bonus payments, to the executive officer.

Retirement Plans

The Company maintains a defined benefit pension plan for all our eligible employees, a non-qualified supplemental retirement plan for our executives and certain other highly compensated employees and a 401(k) Plan for the benefit of all regular full time employees. In 2002, the Company's Board of Directors approved a resolution to cease all future benefit accruals under the Retirement Income Plan effective March 31, 2002. In lieu thereof, beginning in 2002, the Company began providing enhanced benefits in the form of cash contributions on behalf of certain long-service employees who were 40 to 65 years of age on or before December 31, 2002. These enhanced benefit contributions are

discretionary and may be made annually, subject to a participant's continued employment, for a maximum of seven years. The contributions are made either to the non-qualified Supplemental Retirement Plan ("SRP") or to the 401(k) Plan for each employee who is entitled to the enhanced benefits. The Company contributed \$21,350 towards enhanced benefits for Mr. James A. Lane, Jr., in 2006. Beginning late in 2002, the Company began permitting selected highly compensated employees to defer a portion of their compensation into the SRP.

Other Compensation

Mr. Lane participates in regular employee benefit programs, including the 401(k) Plan with Company match, group life insurance, group medical and dental coverage and other group benefit plans at Chaparral Boats, Inc. Messrs. Hubbell, Palmer and Ms. Graham participate in similar employee benefit programs at RPC.

Mr. Lane is entitled to the use of a Company owned automobile. The Company pays to insure and maintain the automobile. The Company also pays all fuel expenses.
