BT applies for NLD & ILD licences in India to provide
end-to-end Managed Services

Announces joint venture with Jubilant Enpro Pvt Ltd

New Delhi, 13 November 2006 -- BT today announced it has lodged applications with the Indian Department of Telecommunications for national long distance and international long distance licences. When granted, the licences will enable BT's newly-formed joint venture company, BT Telecom India Pvt. Ltd., to offer services for the first time directly to multisite corporate customers in the Indian market.

In addition, the company announced it has reached a joint venture agreement with Jubilant Enpro Pvt. Ltd., a New Delhi-based company engaged in the businesses of oil and gas, food and services. Jubilant Enpro is a member company of Jubilant Group, a business group having diverse business interests with Jubilant Organosys as the flagship company and which is a public limited company listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE) in India.

Andy Green, CEO, BT Global Services, said: "India is one of the fastest growing markets for BT and our strategic partnership with Jubilant Enpro will strengthen our ICT deployment in India. With this alliance and under local licensing, customers can be assured of world class end-to-end global services."

Edgar Filing: BT GROUP PLC - Form 6-K

BT's initial intention is to provide both domestic and international managed services to corporate customers who have sites in India. It will provide these companies with virtual private network-based (VPN) services using technologies such as ATM and internet protocol-based multi-protocol label switching (MPLS). Currently, BT assists its customers wanting connectivity to India through an arrangement it has with a local licensed operator.

Under the joint venture agreement, BT holds a 74 per cent interest while Jubilant Enpro holds 26 per cent.

Hari S. Bhartia, Co-Chairman and Managing Director, Jubilant Group, said: "We are delighted to partner with BT for this joint venture. As a company that has transformed into a global networked IT services company, BT offers the highest levels of customer service in terms not only of the success of its customer but also its commitment to compliance with the law. We strongly believe that this is the beginning of a long-standing relationship which will not only benefit Indian companies but also contribute to the further development of the country's telecoms industry."

With Indian headquarters located in New Delhi, BT has been present in India since 1987. It set up its first customer relationship management office in 2004, offering services through a fully licensed partner.

According to Green, BT has strong growth plans for its Indian operations, predicting that its revenues from India will be US\$250 million by 2009. BT employs over 15,000 people in Asia Pacific (both directly and indirectly), of which the majority are based in India. BT is looking to increase its Indian employee strength by hiring an additional 6,000 people within the next two years.

Andy Green added: "Establishing and managing our own operations in India is a landmark development. With these licences and planned investment, we will be able to provide the same high levels of services in Bangalore as we do in Boston, and in Mumbai as we do in Madrid. This will allow our India customers access to a BT managed network which is connected to BT's comprehensive global network across Asia Pacific, Europe and North America."

In the past three years, BT in Asia Pacific has invested more than US\$100 million in rebuilding its regional network. Most recently in February 2006, BT announced a US\$21 million investment in a global IP-based voice platform which will see the current legacy TDM network replaced by an MPLS-based network across over 30 countries worldwide. BT has plans to invest a significant portion of this in India.

In January 2005, BT set up a regional Customer Management Centre in collaboration with Infosys in Pune, India to focus on the quality and performance of BT's services to customers. The centre handles the majority of BT's customer service activities for multinational customers in the Asia Pacific region.

BT Telecom India Pvt. Ltd. is a subsidiary of BT plc, a global leader in networked IT services with revenues of \$30 billion and a customer base of over 20 million. BT is contributing approximately US\$1.6 million in cash for its 74 per cent stake in BT Telecom India.

Enclosure 3

DC06-604 13 November, 2006

BT OUTLINES NEW WHOLESALE BROADBAND PRICING

BT today revealed how it plans to reduce its wholesale broadband pricing once 1.5m lines have been unbundled. 1 The indicative prices are aimed at offering service providers a cost effective alternative to Local Loop Unbundling (LLU).

The new pricing structure 2 is intended to come into effect from May 2007 - at which point BT believes the UK will have achieved 1.5 million LLU lines - and

Edgar Filing: BT GROUP PLC - Form 6-K

will be implemented in two stages. The unveiling of the proposals will enable service providers to plan ahead.

From May 2007, service providers will see the rental charge for the most highly used wholesale broadband product - BT IPstream - reduced by 9 per cent, with the price coming down from GBP8.40 per line per month to GBP7.63. This price is expected to be reduced further in the second round of changes planned for January 2008.

There will also be further savings for service providers at high density exchanges. The current rebate scheme that applies at 561 of these exchanges is set to be revised to cover 1,016 exchanges. The level of this rebate is also set to increase from GBP1.10 to GBP1.24 from May 2007. The rebate reflects the lower cost of providing broadband in these areas.

The increase in the rebate - combined with the lower rental price - will reduce the net monthly rental price (i.e. rental less rebate) in these exchanges from GBP7.30 to GBP6.39. This is a reduction of 12.5 per cent. Further increases to the rebate are also planned from January 2008.

Cameron Rejali, BT Wholesale managing director for products and strategy, said: "These pricing proposals will help our ISP customers develop their business plans and compete effectively in the broadband market. The proposed prices better reflect the economies of scale and input costs we face, meaning we can deliver lower average costs to ISPs. The industry has been waiting to hear how we will enable them to compete with the local loop unbundlers and so these proposals should allow them to plan ahead."

Service providers choosing the BT Datastream product - a simpler service than that provided by the BT IPstream product - are also set to benefit from the revised rebate scheme. The existing rebate of GBP1.15 for connections to the current 561 exchanges will be extended to the 1,016 designated exchanges. This will effectively reduce the rental charge per end user from GBP7.05 to GBP5.90 in those areas from May 2007.

BT Wholesale has started to purchase the LLU product and will consequently be charged for the provision and cessation of a line from Openreach. From May 2007, BT Wholesale intends to reflect these charges through connection and cessation charges for its service provider customers. As a result, the connection charge for BT IPstream and BT Datastream products will come down from GBP40 (ex VAT) to GBP34.86 (ex VAT) reflecting the charges from Openreach.

A cessation charge is also set to be introduced where service providers order the termination of service on an end user's line. This charge of GBP33.75 (ex VAT) reflects the input costs from Openreach. The cessation charge will not apply when a consumer wants to move from one service provider to another and both service providers use the MAC process. BT's aim is to encourage more service providers to participate in the MAC process, which is designed to make it simpler for consumers to move from one service provider to another. The cessation charge will also not apply where there are bulk migrations to LLU.

Finally, BT Wholesale also confirmed today it intends to trial Wholesale Broadband Connect in selected exchanges across the UK from Summer 2007. This is a new next generation broadband service created using 21CN. Using ADSL and ADSL2+ technology, it will provide national connectivity enabling communications providers to connect their broadband and data customers to their own networks and services efficiently and cost effectively. With planned speeds of up to 24 Mbit/s, BT Wholesale Broadband Connect is set to be available to almost half the UK from early 2008, with nationwide coverage linked to the rollout of 21CN.

Note: Prices are subject to BT's ongoing legal and regulatory obligations and

Edgar Filing: BT GROUP PLC - Form 6-K

commitments and are indicative and could be subject to change prior to formal pricing notification.

1 Under the Telecommunications Strategic Review, BT made a commitment that it would not lower the prices of its wholesale broadband offerings until the UK achieved 1.5 million LLU lines.

2 The pricing proposals are in line with additional commitments made to Ofcom to ensure pricing stability in the broadband marketplace.

Dealing disclosure requirements

Under the provisions of Rule 8.3 of the City Code, if any person is, or becomes, 'interested' (directly or indirectly) in one per cent. or more of any class of 'relevant securities' of PlusNet, all 'dealings' in any 'relevant securities' of PlusNet (including by means of an option in respect of, or a derivative referenced to, any such 'relevant securities') must be publicly disclosed by no later than 3.30 pm (London time) on the London business day following the date of the relevant transaction. This requirement will continue until the date on which the Offer becomes, or is declared, unconditional as to acceptance, lapses or is otherwise withdrawn or on which the 'offer period' otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an 'interest' in 'relevant securities' of PlusNet they will be deemed to be a single person for the purpose of Rule 8.3 of the City Code.

FOR IMMEDIATE RELEASE

16 November 2006

RECOMMENDED CASH OFFER FOR PLUSNET PLC ("PLUSNET") BY BRITISH TELECOMMUNICATIONS PLC ("BT"), A SUBSIDIARY OF BT GROUP PLC

1. Introduction

Edgar Filing: BT GROUP PLC - Form 6-K

The boards of BT and PlusNet are pleased to announce the terms of a recommended cash offer by BT for the whole of the issued and to be issued share capital of PlusNet. BT is a wholly-owned subsidiary of BT Group plc.

The Offer values each PlusNet Share at 210 pence and the entire issued and to be issued share capital of PlusNet at approximately GBP66.7 million.

2. Recommendation

The PlusNet Directors, who have been so advised by Bridgewell, unanimously consider the terms of the Offer to be fair and reasonable. In providing advice on the Offer to the PlusNet Directors, Bridgewell has taken into account the commercial assessments of the PlusNet Directors.

Accordingly, the PlusNet Directors have voted unanimously to recommend that PlusNet Shareholders accept the Offer when it is made and have irrevocably undertaken to BT to accept the Offer in respect of their entire beneficial holdings of PlusNet Shares, which amount, in aggregate, to 1,688,691 PlusNet Shares, representing approximately 5.7 per cent. of the existing issued share capital of PlusNet. Further details of these undertakings are set out in paragraph 12 of this Announcement. These undertakings will continue to be binding if any higher competing offer is made for PlusNet.

BT has received further irrevocable undertakings to accept the Offer in respect of 3,803,817 PlusNet Shares in aggregate, representing approximately 12.8 per cent. of the existing issued share capital of PlusNet. In addition, BT has received a letter of intent to accept the Offer in respect of 2,015,000 PlusNet Shares, representing approximately 6.8 per cent. of the existing issued share capital of PlusNet. Further details of these undertakings and the letter of intent are set out in paragraph 12 of this Announcement.

3. Summary of the Offer

Under the Offer, which will be subject to the conditions and further terms set out in Appendix I to this Announcement and to be set out in the Offer Document and, in respect of PlusNet Shares in certificated form, the Form of Acceptance, PlusNet Shareholders will receive:

210 pence in cash for each PlusNet Share

The Offer values the entire issued and to be issued share capital of PlusNet at approximately GBP66.7 million.

The Offer represents a premium of approximately 17 per cent. to the Closing Price of 179.5 pence per PlusNet Share on 11 October 2006, being the last Business Day prior to the announcement by PlusNet on 12 October

Edgar Filing: BT GROUP PLC - Form 6-K

2006 of the receipt of a preliminary approach that may or may not lead to an offer being made for PlusNet.

Furthermore, the Offer represents a premium of approximately 65 per cent. to 127 pence and approximately 47 per cent. to 143 pence, being the average Closing Prices of PlusNet Shares in the periods of, respectively, three months and one month immediately preceding the announcement by PlusNet on 12 October 2006 referred to above.

PlusNet Shares will be acquired fully paid and free from all liens, charges, equitable interests, encumbrances, rights of pre-emption and other third party rights or interests and together with all rights attaching thereto, including, without limitation, the right to receive all dividends and other distributions (if any) announced, declared, made or paid thereafter.

4. Background to and reasons for the Offer

BT considers that PlusNet has established a successful ISP business focusing on the discerning broadband user. Furthermore, PlusNet benefits from an industry leading internet based service platform (Workplace).

BT intends to continue to leverage and develop PlusNet's Workplace platform and has no immediate plans to integrate PlusNet into existing BT services, maintaining its focus on the internet serviced, discerning user, at competitive broadband rates. BT believes that, by combining this platform with its existing resources and expertise within BT Retail, the customer experience will be enhanced.

The Offer will allow PlusNet Shareholders to realise their investment in PlusNet Shares at a significant premium to the average Closing Price of PlusNet Shares in the three months immediately preceding the announcement by PlusNet on 12 October 2006 of the receipt of a preliminary approach, at a level which BT and the PlusNet Board believe is unlikely to be achieved by PlusNet Shareholders in the near to medium term.

5. Background to and reasons for recommending the Offer

The PlusNet Directors believe that the terms of the Offer represent an opportunity for PlusNet Shareholders to realise their investment for cash, providing certainty of value in a turbulent market environment.

PlusNet is a successful ISP focusing on the discerning broadband user. Workplace, its internet based service platform, drives competitive advantage through efficient management of wholesale networks and low back office costs.

The PlusNet Directors consider that it is important that an approach for the business should deliver a good return for shareholders whilst ensuring an enhanced strategy for PlusNet's business. Due to the nature of PlusNet's business and its key relationships with customers and employees, in evaluating the Offer, the PlusNet Directors have given due consideration to BT's intention to maintain and develop those

Edgar Filing: BT GROUP PLC - Form 6-K

relationships.

-The PlusNet Directors believe that, during 2006, the UK broadband sector has been impacted by the following factors:

-increased competition as new entrants and existing broadband providers have announced plans to bundle broadband with other services, such as fixed line voice, mobile telephony and content;

-underlying infrastructure changes, including the launch of BT Openreach and the associated systems and process changes, the emergence of LLU and the roll-out of faster broadband connection speed; and

-possible changes in wholesale broadband pricing.

Due to PlusNet's focus on the discerning broadband user and its low cost Workplace platform, PlusNet continued to operate profitably in the six months to 30 June 2006 notwithstanding a period of uncertainty in the broadband sector.

On 1 August 2006, PlusNet announced an increase in turnover to GBP22.5 million (2005: GBP16.4 million) and profit before tax of GBP3.0 million (2005: GBP2.3 million) for the six month period to 30 June 2006. However, the PlusNet Directors also reported that the recent turbulence and technological changes in the broadband sector had adversely affected customer acquisition rates. PlusNet's customer base grew from 176,000 to 198,000 in the six months to 30 June 2006, in line with the first half of 2005. The PlusNet Board was disappointed with this growth rate, which slowed between the first and second quarters of 2006 and was below expectations.

On 13 November 2006, BT announced reductions in its wholesale broadband pricing which will come into effect in phases. In May 2007, the rental end user charge for BT's IP stream is expected to be reduced by approximately 9 per cent., followed by a further reduction in January 2008. Whilst this change in wholesale pricing represents a positive development for PlusNet, the PlusNet Directors believe that the proposed timing and extent of the May 2007 pricing change is unlikely to have a material impact on PlusNet's financial performance.

Whilst the PlusNet Directors believe that PlusNet's focus on the discerning broadband user and its industry leading internet based service platform, Workplace, will allow PlusNet to increase its customer base in the long term, the PlusNet Directors also believe that ongoing turbulence and the technology changes experienced in the broadband sector this year will continue to affect the broadband sector, hence providing limited visibility as to future trends in PlusNet's customer acquisition rate.

The PlusNet Directors believe that PlusNet has positive long-term prospects as an independent company. However, the PlusNet Directors believe that the cash Offer from BT provides immediate certainty of value to PlusNet Shareholders at a level which is unlikely to be achieved by PlusNet Shareholders during the period of ongoing turbulence in the broadband sector, which the PlusNet Directors believe will continue for an uncertain period of time.

6. Information on PlusNet

Edgar Filing: BT GROUP PLC - Form 6-K

PlusNet is a successful ISP business. PlusNet's strategy relies on the provision of services for discerning users, using Workplace, a scalable and flexible platform, to offer existing and new products and services at low cost, and on sourcing broadband connections from BT as well as other suppliers. As at 30 June 2006, PlusNet had 198,000 broadband customers.

For the year ended 31 December 2005, PlusNet reported consolidated turnover of GBP35.2 million (2004: GBP27.8 million) and consolidated profit before tax of GBP4.5 million (2004: GBP1.8 million).

7. Current trading and prospects

On 1 August 2006, PlusNet issued its interim results for the 6 month period ended 30 June 2006.

Since 30 June 2006, as a consequence of operational problems in connection with the roll-out of 8MB services, PlusNet's customer acquisition rate has been slower than anticipated, resulting in customer numbers as at 30 September 2006 being at a similar level to those announced at the time of PlusNet's interim results. The operational problems in connection with the 8MB roll-out have now been substantially resolved.

As stated at the time of PlusNet's interim results for the 6 month period ended 30 June 2006 and in paragraph 5 of this Announcement, the PlusNet Board believes that, despite long term positive prospects for PlusNet, recent turbulence and technological changes will continue to affect the PlusNet Group in the short term, hence providing limited visibility as to future trends in PlusNet's customer acquisition.

8. Information on the BT Group and BT

The BT Group is one of the world's leading providers of communications solutions, serving customers in Europe, the Americas and Asia Pacific. Its principal activities include networked IT services, local, national and international telecommunications services and higher-value broadband and internet products and services. In the UK, the BT Group serves more than 20 million business and residential customers with more than 30 million exchange lines, as well as providing network services to other licensed operators.

BT is a wholly-owned subsidiary of BT Group plc.

9. Financing for the Offer

The consideration payable under the Offer will be funded using BT's existing cash resources. Rothschild is satisfied that the necessary financial resources are available to BT to enable it to satisfy in full the consideration payable by BT as a result of full acceptance of the Offer.

10. Management, employees and location

Edgar Filing: BT GROUP PLC - Form 6-K

The BT Board has given assurances to the PlusNet Directors that, on the Offer becoming or being declared wholly unconditional, the existing contractual employment rights of all management and employees of PlusNet will be honoured and pension obligations complied with.

As noted above, BT intends to keep the PlusNet Workplace platform separate and has no immediate plans to integrate PlusNet into existing BT services, maintaining its focus on the internet serviced, discerning user, at competitive broadband rates. BT recognises that the PlusNet management team and employees have been key to the success of PlusNet to date. BT intends to retain the management and employees in order to continue the development and success of PlusNet's business.

BT's immediate plans are to continue to operate PlusNet as a separate entity within the BT Group from its Sheffield offices. It is of great importance to BT to retain PlusNet's distinct identity and culture and for it to continue to trade under the PlusNet brand.

Immediately following the Offer becoming or being declared wholly unconditional, BT intends to appoint new directors to the PlusNet Board and procure that PlusNet conforms to the BT Group's corporate governance guidelines. It is expected that the existing non-executive PlusNet Directors will resign from the PlusNet Board to accommodate the new appointments.

11. PlusNet Share Option Schemes

The Offer will extend to any PlusNet Shares which are unconditionally allotted or issued fully paid (or credited as fully paid) prior to the date on which the Offer ceases to be open for acceptance (or before such earlier time as BT may decide in accordance with the terms and conditions of the Offer), including any such shares unconditionally allotted or issued pursuant to the exercise of options under the PlusNet Share Option Schemes.

To the extent that options remain unexercised at the time the Offer becomes or is declared unconditional in all respects, appropriate proposals will be made to the PlusNet Optionholders in connection with the Offer. Details of the proposals will be set out in a letter to PlusNet Optionholders which will be sent in due course.

12. Irrevocable undertakings

BT has received irrevocable undertakings and a letter of intent to accept the Offer in respect of a total of 7,507,508 PlusNet Shares, representing approximately 25.2 per cent. of the existing issued share capital of PlusNet. This is made up as follows:

- (a) Kevin Adams has irrevocably undertaken to accept the Offer in respect of an aggregate of 37,200 PlusNet Shares in which he is interested, representing approximately 0.1 per cent. of the existing issued share capital of PlusNet. This undertaking will continue to be binding if a higher competing offer is made;

Edgar Filing: BT GROUP PLC - Form 6-K

(b) Lee Strafford has irrevocably undertaken to accept the Offer in respect of an aggregate of 1,528,432 PlusNet Shares in which he is interested, representing approximately 5.1 per cent. of the existing issued share capital of PlusNet. This undertaking will continue to be binding if a higher competing offer is made;

(c) Neil Comer has irrevocably undertaken to accept the Offer in respect of an aggregate of 94,099 PlusNet Shares in which he is interested, representing approximately 0.3 per cent. of the existing issued share capital of PlusNet. This undertaking will continue to be binding if a higher competing offer is made;

(d) Michael Sherwin has irrevocably undertaken to accept the Offer in respect of an aggregate of 22,704 PlusNet Shares in which he is interested, representing approximately 0.1 per cent. of the existing issued share capital of PlusNet. This undertaking will continue to be binding if a higher competing offer is made;

(e) Robert Moya has irrevocably undertaken to accept the Offer in respect of an aggregate of 6,256 PlusNet Shares in which he is interested, representing approximately 0.02 per cent. of the existing issued share capital of PlusNet. This undertaking will continue to be binding if a higher competing offer is made;

(f) Montanaro Investment Managers Ltd has irrevocably undertaken to accept the Offer in respect of 1,371,000 PlusNet Shares over which it has discretionary control, representing approximately 4.6 per cent. of the existing issued share capital of PlusNet. This undertaking will cease to be binding if a competing offer is made for PlusNet which represents a value of not less than the sum which is 110 per cent. of the value per PlusNet Share under the Offer;

(g) Cazenove Capital Management Limited has irrevocably undertaken to accept the Offer in respect of 2,432,817 PlusNet Shares over which it has discretionary control, representing approximately 8.2 per cent. of the existing issued share capital of PlusNet. This undertaking will cease to be binding if a competing offer is made for PlusNet which represents a value of not less than the value per PlusNet Share under the Offer; and

(h) AXA Framlington Investment Management Limited intends to accept the Offer in respect of 2,015,000 PlusNet Shares over which it has discretionary control, representing approximately 6.8 per cent. of the existing issued share capital of PlusNet. This intention is likely to change if a competing offer is made for PlusNet which represents a value of not less than the sum which is 105 per cent. of the value per PlusNet Share under the Offer or if the Offer is referred to the Office of Fair Trading.

13. Disclosure of interests in PlusNet

Neither BT nor any BT Director nor his family has an interest in, or has

Edgar Filing: BT GROUP PLC - Form 6-K

any right to subscribe for, any relevant securities of PlusNet, nor are they party to any short positions (whether conditional or absolute and whether in the money or otherwise) relating to relevant securities of PlusNet, including short positions under derivatives, agreements to sell or any delivery obligations or rights to require another person to take delivery.

Neither BT nor any BT Director has borrowed or lent any relevant securities of PlusNet. Nor does any such person have any arrangement in relation to relevant securities of PlusNet. For these purposes, "arrangement" includes any indemnity or option arrangement and any agreement or understanding, formal or informal, of whatever nature, relating to relevant securities of PlusNet which may be an inducement to deal or refrain from dealing in such securities.

14. Compulsory acquisition and cancellation of trading

Following the Offer becoming or being declared unconditional in all respects, BT intends, as soon as practicable and in accordance with the AIM Rules, to procure the making of an application by PlusNet to the London Stock Exchange for the cancellation of the admission to trading of PlusNet Shares on AIM and also intends that PlusNet will be re-registered as a private company. It is anticipated that such cancellation of admission to trading will take effect no earlier than twenty Business Days after the date on which the Offer becomes or is declared unconditional in all respects. The cancellation of the admission of PlusNet Shares to trading on AIM will significantly reduce the liquidity and marketability of any PlusNet Shares not assented to the Offer and their value may be affected in consequence.

BT also intends, assuming that it receives sufficient acceptances under the Offer to entitle it to do so, to use the procedures set out in sections 428 to 430F (inclusive) of the Companies Act to acquire compulsorily, on the same terms as the Offer, any outstanding PlusNet Shares in respect of which the Offer has not been accepted.

15. Inducement fee

In consideration of, and as an inducement to, BT continuing its discussions with PlusNet with a view to making the Offer, PlusNet has agreed to pay BT an inducement fee equal to one per cent. of the Offer Value (plus value added tax thereon to the extent that it is recoverable by PlusNet). It is payable only if, following the making of this Announcement by BT:

(a) (i) any director of PlusNet:

(a) withdraws or qualifies his recommendation of the Offer; or

(b) modifies it in a manner which is adverse to BT or which reduces the likelihood of the Offer becoming wholly unconditional; and

(ii) subsequently the Offer lapses or is withdrawn in accordance with its terms in relation to the non-fulfilment of the condition requiring a minimum of 90% acceptances of the Offer, whether or not the Offer also lapses or is withdrawn in relation to the non-fulfilment of any other condition; or

Edgar Filing: BT GROUP PLC - Form 6-K

(b) during the period before the Offer becomes or is declared wholly unconditional or lapses or is withdrawn, either:

(i) a public announcement is made in respect of an actual or contemplated Competing Offer and the Offer subsequently lapses or is withdrawn in accordance with its terms in relation to the non-fulfilment of the condition requiring a minimum of 90% acceptances of the Offer, whether or not the Offer also lapses or is withdrawn in relation to the non-fulfilment of any other condition; or

(ii) any other Substantial Transaction is publicly announced and the Offer subsequently lapses or is withdrawn in accordance with its terms in relation to the non-fulfilment of the condition requiring a minimum of 90% acceptances of the Offer, whether or not the Offer also lapses or is withdrawn in relation to the non-fulfilment of any other condition.

Nothing in the inducement fee agreement obliges PlusNet to pay any amount which the Panel determines would not be permitted by Rule 21.2 of the City Code.

16. Other

The BT Directors accept responsibility for the information contained in this Announcement other than information relating to PlusNet, the PlusNet Group, the PlusNet Directors and members of their immediate families and persons connected with them (within the meaning of section 346 of the Companies Act) and other than the opinion of Bridgewell contained in paragraph 2 of this Announcement. To the best of the knowledge and belief of the BT Directors (each of whom has taken all reasonable care to ensure that such is the case), the information contained in this Announcement for which they are responsible is in accordance with the facts and does not omit anything likely to affect the import of such information.

Cautionary statement regarding forward-looking statements

This Announcement contains statements about BT and PlusNet (and their respective groups and/or subsidiary undertakings) that are or may be forward-looking statements. All statements other than statements of historical facts included in this Announcement may be forward-looking statements. Without limitation, any statements preceded or followed by or that include the words "targets", "plans", "believes", "expects", "aims", "intends", "will", "may", "anticipates", "estimates", "projects" or words or terms of similar substance or the negative thereof are forward-looking statements. Forward-looking statements include statements relating to the following (i) future capital expenditures, expenses, revenues, earnings, synergies, economic performance, indebtedness, financial condition, dividend policy, losses and future prospects; (ii) business and management strategies and the expansion and growth of BT's or PlusNet's operations and potential synergies resulting from the Offer; and (iii) the effects of government regulation on BT's or PlusNet's business. These forward-looking statements are not guarantees of future performance. They have not been reviewed by the auditors of BT or of PlusNet. These forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of any such person, or industry results, to be materially different from any results, performance or achievements expressed or implied by such forward-looking statements. All subsequent oral or written forward-looking statements attributable to BT, PlusNet or any members of their respective groups or any persons acting on their behalf are expressly qualified in their entirety by the Cautionary Statement above. Dealing disclosure requirements

Under the provisions of Rule 8.3 of the City Code, if any person is, or becomes, 'interested' (directly or indirectly) in one per cent. or more of any class of 'relevant securities' of PlusNet, all 'dealings' in any 'relevant securities' of PlusNet (including by means of an option in respect of, or a derivative referenced to, any such 'relevant securities') must be publicly disclosed by no later than 3.30 pm (London time) on the London business day following the date of the relevant transaction. This requirement will continue until the date on which the Offer becomes, or is declared, unconditional as to acceptance, lapses or is otherwise withdrawn or on which the 'offer period' otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an 'interest' in 'relevant securities' of PlusNet they will be deemed to be a single person for the purpose of Rule 8.3 of the City Code.

Under the provisions of Rule 8.1 of the City Code, all 'dealings' in 'relevant securities' of PlusNet by BT or PlusNet or by any of their respective 'associates' must be disclosed by no later than noon (London time) on the London business day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose 'relevant securities' 'dealings' should be disclosed, and the number of such securities in issue, can be found on the Panel's website at www.thetakeoverpanel.org.uk.

'Interests in securities' arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an 'interest' by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative reference to, securities.

Terms in quotation marks are defined in the City Code, which can also be found on the Panel's website. If you are in any doubt as to whether or not you are required to disclose a 'dealing' under Rule 8 of the City Code, you should consult the Panel.

impose any limitation on the ability of any member of the Wider BT Group or any member of the Wider PlusNet Group to integrate its business, or any part of it, with any business of any member of the Wider BT Group or any member of the Wider PlusNet Group to an extent which is material to BT in the context of the Offer or, as the case may be, in the context of the Wider PlusNet Group taken as a whole; or
