Enclosure No.1

Tuesday 22 January 2008

BT GROUP PLC

TRANSACTION IN OWN SHARES - VOTING RIGHTS AND CAPITAL

BT Group plc announces that it has today transferred in connection with its employee share plans 425,425 ordinary shares at a minimum price of 146 pence per share and a maximum price of 227 pence per share. The transferred shares were all formerly held as treasury shares.

BT Group plc's capital consists of 8,640,654,852 ordinary shares with voting rights. Following the above transfer, BT Group plc holds 660,562,284 ordinary shares as treasury shares. Therefore, the total number of voting rights in BT Group plc is 7,980,092,568.

The above figure (7,980,092,568) may be used by shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, BT Group plc under the FSA's Disclosure and Transparency Rules.

Enclosure No.2

DC08-31
2008

23 January

CHANGE TO PRESENTATION OF BT'S FINANCIAL RESULTS FOLLOWING IMPLEMENTATION OF NEW ORGANISATIONAL STRUCTURE

Key points:

- * Presentation of BT's financial results is being changed to reflect the implementation of its new organisational structure announced in April 2007.
- * New organisational structure provides greater visibility on end-to-end profitability of the lines of business.
- * As previously announced, results for third quarter 2007/08 and onwards will be reported under the new structure.
- * Historical results at BT group level and financial targets are unaffected by these changes.
- * BT continues to comply with the requirements of the regulatory

Edgar Filing: BT GROUP PLC - Form 6-K

Undertakings and obligations.

In April 2007, BT announced its plans to accelerate its transformation into a communications services company. Key to this acceleration is the creation of a new organisational structure that will enable the delivery of faster, more resilient and cost effective services to customers. BT moved to this new structure with effect from 1 October 2007 and, as a result, is changing the presentation of its financial results to reflect the impact of the transformation. As previously stated, BT's results for the third quarter of 2007/08, to be announced on 7 February 2008, and onwards will be reported under the new structure. Historical results at BT group level and financial targets are unaffected by these changes.

The new organisational structure is based around two new internal operating divisions, namely BT Design and BT Operate, which support the existing four customer-facing lines of business. BT Design is responsible for the design and development of services and BT Operate is responsible for their deployment and operation. The divisions will help BT deliver software driven products over next generation networks as well as drive the achievement of cost savings.

For comparative purposes, BT is today providing historical results for its lines of business for the 2006/07 financial year and for the first half of the 2007/08 financial year on a quarterly basis under the new structure. The main changes are that a significant amount of intra-group trading is removed and there is greater visibility on the end-to-end profitability of the lines of business downstream of Openreach. Trading between Openreach and other parts of the group is broadly unchanged.

The summary financial results for the 2006/07 financial year and for the first half of the 2007/08 financial year on a quarterly basis under the old and new structures, showing the adjustments, are attached at Appendix I.

An analysts' conference call and presentation by Phil Moses, Group Controller and Director of Investor Relations, will be held at 10:00 today and will be audiowebcast simultaneously on the BT website at www.btplc.com/investorcentre

Performance indicators updated to reflect the impact of the new organisational structure are also available on the BT website.

About BT

BT is one of the world's leading providers of communications solutions and services operating in 170 countries. Its principal activities include networked IT services; local, national and international telecommunications services; higher-value broadband and internet products and services and converged fixed/mobile products and services. BT consists principally of four lines of business: BT Global Services, Openreach, BT Retail and BT Wholesale.

In the year ended 31 March 2007, BT Group plc's revenue was GBP20,223 million with profit before taxation of GBP2,484 million.

British Telecommunications plc (BT) is a wholly-owned subsidiary of BT Group and encompasses virtually all businesses and assets of the BT Group. BT Group plc

Edgar Filing: BT GROUP PLC - Form 6-K

is listed on stock exchanges in London and New York.

Enclosure No.12

DC08-025

1 February, 2008

BT ACQUIRES FRESCA LIMITED

BT today announced the acquisition of Fresca Limited, the specialist retail e-commerce service provider. The acquisition will significantly strengthen the e-commerce and IT integration capabilities of BT Expedite, the retail solutions division of BT, enabling it to provide a seamless multichannel shopping experience for retail customers.

Established in 2000 and headquartered in High Wycombe, Fresca provides fully managed and hosted e-commerce services to over 20 retailers and e-tailers such as Mosaic Fashions (whose brands include Oasis, Karen Millen, Warehouse, Shoe Studio, Principles and Coast), Thomas Pink, Great Little Trading Co., Habitat, Moss, Phase Eight, Whistles and Harvey Nichols.

The acquisition of Fresca will allow BT Expedite to offer a comprehensive e-commerce platform, highly customisable web store front and the flexible integration capabilities of its e-commerce engine. Fresca's domain expertise and complementary technologies will provide BT Expedite with the platform to deliver an integrated multichannel shopping experience to retailers and customers.

Helen Slaven, CEO of BT Expedite, said: "We are delighted with the acquisition of Fresca. Through its existing products Fresca gives BT Expedite a full suite of solutions to support multichannel retailing. Fresca brings to us a strong product set and one of the sector's leading experts in online retailing. We look forward to working with retailers as their multichannel strategies develop."

John Bovill, Group IT Director of Mosaic Fashions, commented: "We congratulate BT Expedite on their acquisition of Fresca. We have worked with both companies for several years as jointly they provide the solutions for our entire multichannel supply chain systems from sourcing to store and online. We look forward to working closely with them as we continue to strengthen our multichannel capability."

Sarah Hughes, MD of Fresca, said: "We are delighted to have been acquired by BT. From our earliest discussions with Helen and her colleagues at BT Expedite, the benefits of an acquisition by BT were clear for both our customers and employees. We look forward to working as part of BT in strengthening its e-commerce offering in the retail market."

BT is acquiring the shares in Fresca from the management and employees. The gross assets of the company as at 31 March 2007 were GBP0.85 million.

Notes to editors:

About Fresca

Fresca is the company behind many of the world's fastest-growing and most successful e-commerce websites.

Leading retailers such as Mosaic Fashions (Oasis, Karen Millen, Warehouse, Shoe Studio, Principles and Coast), Thomas Pink, Great Little Trading Co., Habitat, Moss, Phase Eight, Whistles and Harvey Nichols retain Fresca to operate their e-commerce websites, running their software and infrastructure on Fresca's commerce platform.

The Fresca commerce platform offers complete web-store flexibility.

Additionally, multichannel support is built-in, as are back-office systems for customer ordering, call-centre and fulfillment functionality. The platform is feature-rich and covers all key retail functions, including campaign and promotions management, catalogue management, trading analysis, and a highly developed content management system for "magazine-style" content. It integrates with leading web analytics and email campaigning software, and offers standards-based integration with merchandising, fulfillment and payment systems.
