**INDEPENDENT AUDITORS REPORT**

To the Trustees and Participants of  
401(k) Savings Plan of Fiserv, Inc.  
and its Participating Subsidiaries:

We have audited the accompanying statements of net assets available for benefits of 401(k) Savings Plan of Fiserv Inc. and its Participating Subsidiaries (the Plan ) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements, and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**1. PLAN DESCRIPTION**

The following description of the 401(k) Savings Plan of Fiserv, Inc. and Its Participating Subsidiaries (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

*General* Employees who have completed one year of service with Fiserv, Inc. or its participating subsidiaries are eligible to participate in the Plan. Employer contributions are made equal to 100% of the first 1%, and 40% of the next 5% of salary reduction contributions made by the participants. However, to the extent permitted by the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code, the Board of Directors of Fiserv, Inc. may determine that such a contribution is not appropriate for a particular business unit due to the business unit's profitability, in which case they may determine that there will be a lesser contribution, or even none at all. Additional employer contributions are also made at the discretion of the Board of Directors of Fiserv, Inc. subject to federal tax limitations. Employer and employee contributions are invested solely as directed by Plan participants.

*Participation and Vesting* The Plan is subject to the provisions of ERISA. Plan participants are entitled to the accumulated interest in their respective participant accounts as of the date of retirement, death or permanent disability. In the event of termination of employment, a participant is entitled to receive the vested balance in his account under the Plan. Amounts contributed by Fiserv, Inc. vest according to a five-year vesting schedule, pursuant to which participants become 40% vested after two years and vest an additional 20% each year thereafter. Amounts contributed by participants vest immediately.

*Investment Options* Participants direct the investment of their account balance into various investment options of the Plan in 5% increments. The Plan currently offers 18 mutual funds and the Fiserv Stock Fund as investment options for participants. Certain restrictions applied to the investment in the Fiserv Stock Fund, which were removed on January 1, 2003. Employer contributions are invested in the same manner as the employee contributions.

*Forfeitures* Non-vested forfeitures totaled \$672,317 and \$1,028,089 at December 31, 2002 and 2001, respectively, and are used to reduce future employer contributions. The Plan provides for restoration of forfeited funds upon re-employment of former participants in specified circumstances.

*Employee Contributions and Loans* Participants may elect to make salary reduction contributions not to exceed a maximum percentage of compensation designated by the Board of Directors, 15% at December 31, 2002. The maximum salary reduction contribution was increased to 50% of eligible compensation on January 1, 2003. Contributions are subject to federal tax limitations.

## Edgar Filing: FISERV INC - Form 11-K

Participants may request a loan against their respective accounts of up to the lesser of \$50,000 or 50% of the current market value of the vested and non-forfeitable balances in their accounts. The rate of interest charged on participant loans is determined by the administrator of the Plan and is set at a market

-4-

rate as of the loan request date (6.25% to 11.50% at December 31, 2002). Generally, loans require repayment within five years, however, certain loan maturities can be up to 30 years.

*Rollover Contributions* Rollover contributions consist of participants' transfers of balances into the Plan from other plans.

*Distributions* Upon termination of employment for any reason, including death or disability, a participant may elect to receive a distribution in a lump sum of the vested portion of his accounts. If no such election is made and the participant's vested interest in the Plan does not exceed \$5,000, payment will be made in a lump sum. If a participant's vested interest exceeds \$5,000, the vested portion of his or her account will remain in the Plan until the participant elects to receive a distribution. At December 31, 2002 and 2001, amounts due to participants who have elected to withdraw from participation in the plan were \$566,834 and \$351,678, respectively.

Upon termination of employment, as part of a distribution in a lump sum, a participant may request that amounts invested in the Fiserv Stock Fund be distributed entirely in cash or stock.

The Plan contains special rules prescribed by the Internal Revenue Code regarding the commencement of distributions to participants who attain age 70-1/2.

*Plan Termination* Although Fiserv, Inc. has not expressed an intent to terminate the Plan, it reserves the right to do so at any time. In the event of termination, all participants will become fully vested in their accounts.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

*Basis of Accounting* The accompanying financial statements have been prepared on the accrual basis of accounting.

*Investment Valuation and Income Recognition* The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Fiserv Stock Fund is valued at its year-end unit closing price (comprised of the year-end market price plus the uninvested cash position). Participant loans are valued at cost which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

*Payment of Benefits* Benefit payments to participants are recorded when paid.

*Risks and Uncertainties* The Plan invests in various investments, including pooled investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is

## Edgar Filing: FISERV INC - Form 11-K

reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

*Use of Estimates* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets

and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Reconciliation of Financial Statements to Form 5500* The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
