Item 3. Source and Amount of Funds or Other Consideration

There has been no change to the information previously reported under this item.

Item 4. Purpose of Transaction

Degerstrom entered into the Settlement Agreement and related agreements described in Item 6 below for the following reasons:

Degerstrom, formerly a significant shareholder of Minera Andes, holds a decreasing percentage of the company's outstanding shares, currently about 10.5%.

Minera Andes has become a more seasoned company and no longer requires Degerstrom's services under the Operating Agreement.

Minera Andes' management and board of directors thought it prudent for business and corporate governance reasons to separate that company from Degerstrom.

Except as otherwise disclosed in this Statement, Degerstrom does not have any plans or proposals that relate to or would result in any of the following:

- (a) The acquisition by any person of additional securities of Minera Andes, or the disposition of securities of Minera Andes;
- (b) An extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving Minera Andes or any of its subsidiaries;
- (c) A sale or transfer of a material amount of assets of Minera Andes or any of its subsidiaries;
- (d) Any change in the present board of directors or management of Minera Andes, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the board;
- (e) Any material change in the present capitalization or dividend policy of Minera Andes;
- (f) Any other material change in Minera Andes' business or corporate structure;
- (g) Changes in Minera Andes' charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of Minera Andes by any person;
- (h) Causing a class of securities of Minera Andes to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association;

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer**Background**

Pursuant to an Asset and Share Acquisition Agreement dated March 8, 1995 among Degerstrom, Minera Andes, Minera Andes S.A. (MASA), NAD S.A. (NADSA) and certain other parties, Degerstrom transferred its interest in a number of claims to NADSA and MASA in consideration for a royalty (the Degerstrom Royalty) and transferred its ownership in MASA and NADSA to Minera Andes. The effective date of the transfer of such interests was July 1, 1994.

The Degerstrom Royalty is a percentage of the net smelter return royalty earned on the claims held (Claims) or any future claims acquired by these parties. The Claims are subject to a royalty equal to the difference between 3% and the underlying royalty which may be assigned by the province subject to a maximum royalty of 2% and a minimum royalty of 0%, payable to Degerstrom. In the event that Degerstrom allocated and levied the Degerstrom Royalty on a Claim, the party could buy back such royalty upon payment of a certain consideration.

After completion of this transaction, Degerstrom conveyed the shares it held in MASA and NADSA to Minera Andes. In consideration Minera Andes issued to Degerstrom 4,000,000 common shares of Minera Andes and a performance right (Performance Right), agreed to pay royalty on any property held by Minera Andes or its affiliates and any future properties acquired and agreed to pay the aggregate amount of cost and

Edgar Filing: MINERA ANDES INC /WA - Form SC 13D/A

expenses incurred by Degerstrom on behalf of Minera Andes from July 1, 1994 to the closing date of the transaction. The Performance Right would be payable by Minera Andes issuing 1,213,409 common shares if any of the properties comprising the Claims reached a standard of feasibility as set forth in the bankable feasibility study.

In addition, NADSA, MASA Degerstrom and Minera Andes entered into an Operating Agreement pursuant to which Degerstrom was appointed as operator of the Claims and any future claims acquired in Argentina. Under the terms of the Operating Agreement, Degerstrom operated and managed the exploration program on all the properties and provided related offsite administrative assistance as required. Under that agreement, Degerstrom was entitled to a management fee of 15% of the costs incurred by Degerstrom to cover offsite administration plus the costs for labor, materials and supplies.

Settlement Agreement

On December 2, 2003, Degerstrom, Minera Andes, MASA and Minera Andes (Cayman) Inc. (MACI) entered into a Settlement Agreement to terminate the Operating Agreement, terminate a lock-up agreement, assign the Degerstrom Royalty to Minera Andes wholly owned subsidiary, MACI, and cancel the Performance Right for the consideration of US\$500,000. The parties to the Settlement Agreement acknowledged that the Degerstrom Royalty covered the current properties held by Minera Andes and its subsidiaries. The Settlement Agreement was subject to board approval, which was obtained on December 5, 2003, and TSXV approval, which was obtained on December 30, 2003. The closing occurred on January 13, 2004 with an effective date of December 31, 2003.

Pursuant to the Settlement Agreement, the parties terminated the Operating Agreement effective December 31, 2003. As a result of the termination, Minera Andes vacated the office space provided by Degerstrom under the operating agreement. In addition, Minera Andes set up its own accounting systems.

The consideration for the above was the payment of U.S.\$500,000. In addition, a further payment of U.S.\$250,000 is payable if any of the current properties other than the properties comprising the San José project meet certain conditions, i.e., bankable feasibility or commercial production.

After giving effect to the transactions giving rise to the filing of this Statement, the reporting persons continue to beneficially own 6,275,000 common shares (including direct and indirect holdings) of Minera Andes, representing 10.5% of the issued and outstanding common shares, but no longer hold the Performance Right to acquire an additional 1,213,409 common shares of Minera Andes.
