GMAC Demand Notes

The GMAC Demand Notes Program is designed to provide investors with a convenient means of investing funds directly with GMAC. The Demand Notes pay a floating rate of interest that is always above the most recent seven-day average yield (simple) on taxable U.S. money market funds as published in the Money Fund Report Averages All Taxable. The interest rate is determined each Friday by the GMAC Demand Notes Committee, with any change in the rate effective on the following Monday.

The Demand Notes are unsecured and unsubordinated debt obligations of GMAC and are not obligations of or guaranteed by General Motors Corporation, the Processing Agent or any other company. The Demand Notes are not represented by a certificate and have no stated maturity. Your Demand Notes are redeemable by you on your demand.

The Demand Notes do not have the protection of the Federal Deposit Insurance Corporation or any other insurance. An investment in the Program does not create a checking, bank account or depositor relationship between you and GMAC or The Northern Trust Company, the Processing Agent for the Program. The Program is not subject to the requirements of the Investment Company Act of 1940 (including diversification of investments) or the Employee Retirement Income Security Act of 1974. We have appointed The Northern Trust Company as Processing Agent to handle the day-to-day administration of the Program. See Processing Agent.

Interest Rate

The Demand Notes pay interest at a floating rate as determined by the Demand Notes Committee. The interest rate on the Demand Notes is subject to change on Friday of each week, with any change being effective the following Monday. In deciding on the interest rate, the Committee examines the level and the changes in interest rates that occur from time to time. However, at all times, the interest rate on the Demand Notes is

Table of Contents

greater than the most recent seven-day average yield (simple) on taxable money market funds in the United States as published in the Money Fund Report Averages All Taxable.* The rate of interest paid for any period in the Demand Notes is not an indication or representation of future rates of interest to be paid on the Demand Notes. If in any week the Money Fund Report Averages All Taxable is not available or publication of such seven-day average is suspended, the seven-day average yield at such time will be an approximately equivalent rate determined by the Demand Notes Committee. The Demand Notes Committee has the authority to provide for differing interest rates based on, among other criteria, the size of individual Demand Notes accounts. The Demand Notes Committee has no present intention to have multiple interest rates; but if it decides to do so, you will be notified by mail.

Interest on the Demand Notes accrues in accordance with the provisions governing the different particular methods of investment, as described under How to Invest. Interest on the Demand Notes is compounded daily, at the rate in effect each day, based on a 365-day year. Interest payable on the Demand Notes accrues daily and is credited to your account on the last day of each calendar month. You may obtain the current interest rate at any time by calling 1-800-426-8323 or accessing our website at www.demandnotes.com.

*Money Fund Report is a service of iMoneyNet, Inc. (formerly IBC Financial Data Inc.). Money Fund Report states that the yield information obtained from money market funds is screened by the publisher, but no guarantee of the accuracy of the information is made by us.

Fees

We do not charge you for any account maintenance or management fees nor do we charge you for checks, check redemptions or wire redemptions. Fees for checks returned for insufficient funds, stop payment requests, and checks written for less than the \$250 minimum requirement are directly debited from your account. You may, however, be charged a fee by your commercial bank if you make an investment or receive a redemption amount by wire transfer. In addition, you may incur charges in obtaining signature guarantees where requested.

HOW TO INVEST

You may invest in Demand Notes at any time, without charge, by check, by wire transfer, by charge to your bank account or by other means permitted by the Demand Notes Committee. The minimum initial investment is \$1,000. To open an account, you must complete the investment form accompanying this Prospectus and provide a personal check. The minimum amount for subsequent investments is \$50. You must maintain a minimum investment balance in each of your accounts see Optional Redemptions By GMAC Investor Balance Below Program Minimum . All investments must be in U.S. dollars and investments by check must be drawn on a financial institution incorporated in the United States. We will reject all checks drawn on a foreign bank or a United States branch of a foreign bank.

The maximum balance of all your Demand Notes accounts having the same social security or tax identification number cannot exceed \$15,000,000. We reserve the right to redeem at our sole discretion your account(s) for any amount in excess of \$15,000,000, as we shall determine; such amount redeemed will be in the form of a check mailed to your address of record.

For purposes of the Program, a business day is a day on which both The Northern Trust Company and the Federal Reserve Bank of Chicago are fully open for business. We reserve the right at any time to modify, suspend or terminate any of the investment methods described below.

Table of Contents

Investments by Check

Your initial and subsequent investments by check are to be made payable to GMAC Demand Notes and must be mailed to GMAC Demand Notes, The Northern Trust Company, P.O. Box 75920, Chicago, Illinois 60675-5920. Your initial investment (personal checks only) must be accompanied by the investment form. Your subsequent investments by check must include your tax identification or Social Security number and the Demand Notes number assigned to you by The Northern Trust Company. Initial and subsequent investments by check that are received and processed by the Processing Agent before 9 a.m. EST are invested in your Demand Notes on the next Business Day after your check's receipt. Initial and subsequent investments by check that are received and processed by the Processing Agent after 9 a.m. EST are invested in your Demand Note on the second Business Day from such date after the check's receipt. Interest begins to accrue on the day it is invested. Neither the Processing Agent nor GMAC are responsible for delays in the receipt of checks mailed to The Northern Trust Company. **Your investments made by check are available for redemption on the sixth business day after the Processing Agent invests your check.**

Investments by Wire Transfer

Once your Demand Notes account has been opened, you may make subsequent investments by transferring funds via bank wire. You may instruct your bank to wire the funds to The Northern Trust Company (ABA No. 071000152). The bank wire must include the designation GMAC Demand Notes, your name and address, your tax identification or Social Security number, and your 10-digit Demand Notes number. We charge you no fees for wire transfers; however, your commercial bank may charge you a fee if you make an investment by wire transfer.

An investment by wire transfer of funds is invested in your Demand Notes on the business day the funds are received by the Processing Agent in proper form and begins accruing interest on that day provided the funds have been received by the Processing Agent by 2:00 p.m. Eastern Time. Funds received after 2:00 p.m. Eastern Time are invested and begin to accrue interest on the next business day. Neither the Processing Agent nor GMAC is responsible for delays in the transfer and wiring of funds. **Your investments made by wire transfer are available for redemption on the same business day the Processing Agent invests your wire transfer into your Demand Notes.**

Investments by Automatic Monthly or Periodic Charge from a Bank Account

You may elect to authorize the Processing Agent to make an automatic monthly or periodic charge of \$50 or more to your personal banking account for purposes of investing in Demand Notes. Upon receipt of proper written authorization, the Processing Agent prepares an electronic transfer drawn against your banking account for the prescribed amount. The proceeds from the electronic transfer are invested in your Demand Notes and begins accruing interest on the first business day after the Processing Agent receives the electronic transfer. **Your investments made by electronic transfer are available for redemption on the sixth business day after the Processing Agent invests your electronic transfer.**

To establish the automatic monthly or periodic charge to your checking account, you must elect this option on your investment form or obtain the necessary authorization form directly from the Processing Agent or from our website at www.demandnotes.com. You may change the amount of your monthly investment (subject to the \$50 monthly minimum) or terminate such investment entirely at any time by providing written notice to the Processing Agent. Your notice is effective as soon as practicable after its receipt by the Processing Agent.

Table of Contents

Investments by Direct Investment of Entire Net Paycheck, Pension or Social Security Check

You may elect to invest in Demand Notes by instructing your place of employment, or the Social Security Administration, to invest your entire paycheck, pension, Social Security or other recurring check directly into your Account. To terminate your direct investments, you must notify the issuers of such checks. **Your direct investments are available for redemption on the same business day that the Processing Agent receives your investment and interest begins to accrue on that day.**

Investments by Deduction From GM Payroll or GM Pension

This option is available to you only if you are an employee of a company participating in Demand Notes payroll deductions through any General Motors Corporation compensation system. You may elect this option after your account is established.

Your investments by GM payroll or GM pension deduction must be specified as a fixed dollar amount. Your minimum investment by payroll deduction is \$50 per month. If you are paid weekly, the minimum investment is \$11.50 per week, your payroll deduction investments are invested in your Demand Notes on the last business day of the week in which the paycheck is issued, and interest begins accruing on that day. If you are paid on other than a weekly basis, your payroll deduction investment is invested in your Demand Notes and begins accruing interest on the payday it was withheld. Your pension deduction investment is invested in your Demand Notes and begins accruing interest on the first business day of each month you are eligible to receive retirement benefits. The Demand Notes Committee may authorize changes in the minimum monthly and weekly investment from time to time.

Investments by deduction from a GM payroll or pension are available for redemption the same business day that the Processing Agent receives your investment.

Unless otherwise permitted by the Demand Notes Committee, an employee may make investments by payroll or pension deduction in only one Demand Notes. No deduction will be made in any period in which an employee is not receiving a salary, wage or pension benefit.

Subject to the foregoing provisions and this paragraph, the deduction amount authorized by an employee may be started, increased, decreased or terminated at any time in writing or through the automated phone system at 1-800-548-7923. Your change in deduction will be effective as soon as practicable after the Processing Agent receives it.

In addition, a retiree is only entitled to receive pension benefits terminating with the last monthly payment preceding the retiree's death. We will refund any pension deduction(s) made subsequent to the retiree's death to the Trustee for the General Motors Pension Plan or other General Motors subsidiary pension plan and redeem an amount equal to such refund from the deceased retiree's Demand Notes. If the amount of the redemption exceeds the principal amount in the deceased retiree's Demand Notes, the retiree's estate will be liable to GMAC for the difference between the amount of the redemption and the amount of the pension deduction to be refunded to the retiree's pension plan.

HOW TO REDEEM

You may redeem all or part of your Demand Notes by following the procedures described below. If the amount to be redeemed represents an investment made by check or charge to your bank account, the redemption instructions will not be honored if the instructions are received within five business days from the investment day of that investment check or charge. We reserve the right at any time to modify, suspend or terminate any of

Table of Contents

the redemption methods described below. No redemption proceeds are paid in cash. **Interest on a redeemed investment accrues to, but does not include, the date of redemption.**

A signature guarantee may be required in certain circumstances in order for you to add or change your redemption options. Our purpose in requiring a signature guarantee is to prevent fraud or misrepresentation and is for your protection. Guarantees must be signed by an authorized signatory and the statement "Signature Guaranteed" must appear with the signature. Notarized signatures are not sufficient. In certain instances, additional documentation may be required including, but not limited to, copies of trust instruments, birth certificates, or court appointments as executor or administrator. Any request for a change to your method of redemptions or notice regarding your Demand Notes must be mailed to the Processing Agent's correspondence address at the Northern Trust Company, GMAC Demand Notes, P.O. Box 75919, Chicago, Illinois 60675-5919.

Redemption by Written Check

If you select this option on the investment form, we will provide you with a free supply of checks. You may redeem your Demand Notes by writing a check, payable to the order of anyone, in an amount of \$250 or more. If the amount of the redemption check is greater than the balance in your Demand Notes account or is for less than \$250, the check will not be honored and a fee will be debited from your account by the Processing Agent. Checks are deposited and processed through normal bank clearing systems. There is no limit on the number of checks you may write. We will not accept facsimile signatures on checks.

Where there is more than one registered owner of a Demand Notes, only the signature of one registered owner is required on the check unless you otherwise specify on the Demand Notes investment form. When your check is presented to the Processing Agent for payment, the Processing Agent redeems your Demand Notes sufficient to cover the amount of the check. If you request a stop payment of a check, the Processing Agent assesses a service charge for each stop payment request made. The Processing Agent may review any Demand Notes check to verify its validity.

You may also request the redemption by written check option after you have submitted the initial investment form by providing the Processing Agent with a written request to add this option to your Demand Notes. Your written request requires the signatures of all registered owners (including joint owners) of the Demand Notes exactly as the name(s) appear on the Demand Notes investment form. A signature guarantee stamp for each owner is also required.

Redemption by Wire

If you select this option on the investment form, you may redeem your Demand Notes during the Processing Agent's regular business hours by having redemption proceeds of \$1,000 or more wired to a predesignated bank account. By use of this option, you authorize the Processing Agent to act on telephone or written redemption instructions from any person or persons representing themselves to be the registered owners of the Demand Notes. The Processing Agent's record of your instructions is binding.

To select the Redemption by Wire option, you must designate on the investment form an account at a bank in the United States to receive the redemption proceeds. OPTIONAL REDEMPTIONS BY GMAC

Investor Misuse of Redemption Provisions

We reserve the right to redeem immediately any Demand Notes of an investor who we believe, in our sole judgment and discretion, is abusing or misusing the redemption provisions of the Program, i.e., the writing of multiple checks where the amounts of the checks are greater than the principal amount of the Demand Notes. In such situation, we will notify the investor of our intention to redeem in full the Demand Notes on the third business day following the date of our notice. A final redemption check will be sent to the investor in an amount equal to the principal amount of the redeemed Demand Notes, including accrued and unpaid interest. In the event that Demand Notes with a principal amount below \$0 are redeemed, the investor will be liable to us for the amount required to restore the principal amount to \$0 as of the date the Demand Notes were redeemed.

Investor Balance Below Program Minimum

We will redeem any particular Demand Notes account that maintains a principal amount of less than \$1,000 for a period consisting of the two consecutive months immediately following the month in which the average principal amount of the Demand Notes falls below \$1,000. If your account has an average principal amount of less than \$1,000, you will receive written notice from us reminding you of the minimum investment requirement and providing you with the proposed date of redemption of your Demand Notes. If your Demand Notes are redeemed, you will be mailed a check in an amount equal to the principal amount of such redeemed Demand Notes, including accrued and unpaid interest. In the event that Demand Notes with a principal amount below \$0 are redeemed, you will be liable to GMAC for the amount required to restore the principal amount to \$0 as of the date the Demand Notes were redeemed.

Investor Balance Above Program Maximum

We may redeem any particular Demand Notes account(s) that exceeds \$15,000,000 where the account(s) have the same social security or tax identification number. If your Demand Notes is so partially redeemed by us, you will be mailed a check in an amount equal to the principal amount above \$15,000,000.

Other GMAC Redemption Option

Other than as described above, we will give prior written notice of at least thirty days but not more than ninety days to you if your Demand Notes are subject to full or partial redemption. Any partial redemption of Demand Notes will be effected by lot or pro rata or by any other method that is deemed fair and appropriate by the Trustee. The notice from us will specify the effective date of redemption, the amount being redeemed and the effective date the redeemed amount will become due and payable and that interest will cease to accrue as of that date. All partial redemption notices will list the remaining principal amount of the Demand Notes. The full or partial Demand Notes being redeemed, plus accrued and unpaid interest thereon to the date of redemption, will be paid by check mailed to the registered

owner(s) of the redeemed Demand Notes. Interest on the redeemed amount will cease to accrue on and after the effective date the redeemed amount will become due and payable.

THE INDENTURE

General Information

The Demand Notes are issued under an Indenture dated as of October 15, 1985 between GMAC and U.S. Bank Trust National Association, as successor Trustee, and all supplemental indentures thereto. The summary description of the Demand Notes contained in this Prospectus does not purport to be complete and is subject to, and qualified in its entirety by, the detailed provisions of the Indenture, and to the complete text of the Program, copies of which are filed as exhibits to the Registration Statement filed with the SEC.

The Demand Notes constitute unsecured and unsubordinated debt obligations of GMAC. You do not have any priority or secured claim against any of the assets of GMAC with respect to the principal amount of your Demand Notes or accrued and unpaid interest. **Funds invested in the Demand Notes are not subject to the protection of the Federal Deposit Insurance Corporation or any other insurance.**

Limitation on Liens

GMAC will not at any time pledge or otherwise subject to any lien any of its property or assets without thereby expressly securing the due and punctual payment of the principal of and interest on the Demand Notes equally and ratably with any and all other obligations and indebtedness secured by such pledge or other lien, so long as any such other obligations and indebtedness shall be so secured. This restriction shall not apply to:

(1) the pledge of any assets to secure any financing by GMAC of the exporting of goods to or between, or the marketing thereof in, foreign countries (other than Canada), in connection with which GMAC reserves the right, in accordance with customary and established banking practice, to deposit, or otherwise subject to a lien, cash, securities or receivables, for the purpose of securing banking accommodations or as the basis for the issuance of bankers' acceptances or in aid of other similar borrowing arrangements;

(2) the pledge of receivables payable in foreign currencies (other than Canadian dollars) to secure borrowings in foreign countries (other than Canada);

(3) any deposit of assets of GMAC with any surety company or clerk of any court, or in escrow, as collateral in connection with, or in lieu of any bond on appeal by us from any judgment or decree against it, or in connection with other proceedings in actions at law or in equity by or against GMAC;

(4) any lien or charge on any property, tangible or intangible, real or personal, existing at the time of acquisition of such property (including acquisition through merger or consolidation) or given to secure the payment of all or any part of the purchase price thereof or to secure any indebtedness incurred prior to, at the time of, or within 60 days after, the acquisition thereof for the purpose of financing all or any part of the purchase price thereof; and

(5) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any lien, charge or pledge referred to in the foregoing (1) to (4) inclusive of this paragraph; provided, however, that the amount of any and all obligations and indebtedness secured thereby will not exceed the amount thereof so secured immediately prior to the time of such extension, renewal or replacement, and that such extension, renewal or replacement will be limited to all or a part of the property which secured the charge or lien so extended, renewed or replaced (plus improvements on such property).

Merger and Consolidation

The Indenture provides that GMAC will not merge or consolidate with another corporation or sell or convey all or substantially all of its assets unless either GMAC is the continuing corporation or the new corporation shall expressly assume the interest and principal due under the Demand Notes. In either case, the Indenture provides that neither GMAC nor a successor corporation may be in default of performance immediately after a merger or consolidation. Additionally, the Indenture provides that in the case of any such merger or consolidation, either GMAC or the successor company may continue to issue Demand Notes under the Indenture.

Events of Default

The following events are defined in the Indenture as Events of Default :

failure to pay all or any part of the principal of or interest on any Demand Notes as and when the same will be due and payable (subject to certain exceptions described in the Indenture);

failure to perform or observe any other covenants or agreements in the Indenture or the Program for thirty days after written notice; and

certain events of bankruptcy, insolvency or reorganization.

The Indenture provides that the Trustee will, within ninety days after the occurrence of a default, give investors notice of all uncured defaults known to it (the term default to include the events specified above without grace periods); provided, however, that except in the case of default in the payment of the principal of or interest on any of the Demand Notes, the Trustee will be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the investors.

We are required to furnish to the Trustee annually a statement of certain officers of GMAC stating whether or not to their knowledge we are in default in the performance and observance of certain terms of the Indenture and, if we are in default, specifying each such default.

Investors holding a majority in aggregate principal amount of the Demand Notes then outstanding have the right to waive certain defaults and, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee. The Indenture provides that, in case an Event of Default will occur (which will not have been cured or waived), the Trustee is required to exercise such of its rights and powers under the Indenture, and to use the degree of skill and care in their exercise, that a prudent man would exercise or use under the circumstances in the conduct of his own affairs, but otherwise need only perform such duties as are specifically set forth in the Indenture. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the investors unless they will have offered to the Trustee reasonable security or indemnity.

Concerning the Trustee

U.S. Bank Trust National Association is the Trustee under the Indenture. U.S. Bank Trust National Association acts as depository for funds of, makes loans to, and performs certain other services for, GMAC and certain of its affiliates in the normal course of its business. As trustee of various trusts, it has purchased securities of GMAC and certain of its affiliates.

Modification of the Indenture

With certain exceptions, under the Indenture, the rights and obligations of GMAC and the rights of the investors may be modified by GMAC with the consent of investors holding not less than 66 ²/₃% in aggregate

Table of Contents

principal amount of the Demand Notes then outstanding; but no such modifications may be made which would:

extend the maturity of any Demand Notes or reduce the principal amount of any Demand Notes or the accrued and unpaid interest thereon or

reduce the stated percentage of the Demand Notes, the consent of the investors of which is required to modify or alter the Indenture, without the consent of investors holding all of the Demand Notes then outstanding.

MODIFICATION, SUSPENSION OR TERMINATION OF PROGRAM

The Demand Notes Committee may amend or modify the Program at any time as it deems necessary or appropriate. Written notice of any material amendment or modification will be provided to investors at least fifteen days prior to the effective date of such amendment or modification. No such amendment or modification, however, will reduce the principal amount of any Demand Notes, or accrued and unpaid interest thereon, as of the effective date of such amendment or modification and no such amendment or modification will have a retroactive effect that would prejudice the rights of investors.

GMAC may terminate the Program in its entirety for any reason. We may, at our discretion, temporarily or permanently suspend the acceptance of investments in the Demand Notes without such a suspension amounting to a termination of the Program. Written notice of suspension or termination will be provided to investors at least thirty days prior to the effective date of such suspension or termination. We may omit, restrict, suspend or terminate the Program in any jurisdiction in which we, at our discretion, deem such action advisable in view of local law and regulations.

Investments in Demand Notes are not open for Individual Retirement Accounts nor otherwise deductible for Federal income tax purposes. Interest accrued and reinvested in your Demand Notes is taxable to you in the year in which such interest is accrued and reinvested. No part of such interest is excludable from taxable income. Backup withholding and information reporting requirements may apply to certain non-corporate U.S. holders. The interest income also may be subject to taxation by some state and local governments.

For Federal estate tax purposes, the principal amount of your Demand Notes at the time of your death will be includable in your gross estate and may be subject to the Federal estate tax. Such amount also may be subject to estate or inheritance tax in some states.

You will receive a December statement from the Processing Agent each year that states the full amount reported as taxable income. In certain cases, non-U.S. persons holding a Demand Note, although exempt from withholding tax, may be subject to regular U.S. income tax and taxed in the same manner as U.S. persons discussed above. Information reporting and backup withholding generally will not apply to payments made to non-U.S. persons provided GMAC receives certain certifications or statements.

The U.S. Federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a holder's particular situation. **Holders should consult their own tax advisors with respect to the tax consequences to them of the ownership and disposition of the Demand Notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in federal or other tax laws.**
