Board and Committee Activity and Structure

The Company's operations are managed under the broad supervision and direction of the Board of Directors, which has the ultimate responsibility for the establishment and implementation of the Company's general operating philosophy, objectives, goals and policies. Pursuant to delegated authority, certain Board functions are discharged by the Board's standing Audit and Compensation Committees. Members of the Audit and Compensation Committees for a given year are selected by the Board following the annual stockholders' meeting. During the fiscal year ended December 31, 2003, the Company's Board of Directors held seven meetings, and in addition there were five written consents in lieu of meetings, and each incumbent member of the Board attended or participated in at least 75% of the aggregate number of (i) Board meetings and (ii) committee meetings held by all committees of the Board on which he served during his period of service as a director in the year 2003. Although members of the Board of Directors are not required to attend annual stockholder meetings, they are encouraged to attend such meetings. At the 2003 annual meeting of stockholders, all members of the Board of Directors were present.

Audit Committee

The function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities to stockholders, potential stockholders and the investment community through regular or special meetings with management and the independent accountants on matters relating to:

the integrity of the Company's financial statements, financial reporting in the Quarterly Reports on Form 10-Q and the Annual Report on Form 10-K and disclosure controls and procedures,

the performance of the Company's system of internal controls over financial reporting,

the performance of the Company's audit and accounting processes generally,

the qualifications and independence of the Company's independent accountants, and

the Company's systems and policies to comply with applicable laws and regulations.

In carrying out this function, the Audit Committee provides independent and objective oversight of the performance of the Company's financial reporting process, system of internal controls and legal and regulatory compliance system. The Audit Committee provides for open, ongoing communication among the independent accountants, financial and senior management, compliance officers and the Board concerning the Company's financial and compliance position and affairs. The Audit Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities and has sole authority to retain special legal, accounting or other consultants to advise the committee and to approve the fees and other retention terms of such consultants. The Audit Committee's responsibility is oversight, and it recognizes that the Company's management is responsible for preparing the Company's financial statements and complying with applicable laws and regulations.

The Audit Committee held four meetings during the fiscal year ended December 31, 2003. The Audit Committee's members at December 31, 2003 were: David B. Kilpatrick, Nuno Brandolini and Paul J. Hoenmans. Mr. Kilpatrick has served as Chairman of the Audit Committee since July 30, 2003; John K. Howie, formerly a member of the Board, served as Chairman from April 15, 2003 to July 30, 2003, prior to which time Mr. Carney served as Chairman. Each of the members of the Committee are independent as defined by the American Stock Exchange's listing standards and the Securities and Exchange Commission, and the Board has determined that Mr. Brandolini is an audit committee financial expert as defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission.

Compensation Committee

The Compensation Committee reviews and approves the salaries and other compensation for the executive officers of the Company. The Compensation Committee also determines the eligible persons to whom stock options may be granted, the time or times at which options shall be granted, the number of shares of common stock subject to each option, the exercise price for the purchase of shares subject to each option, the time or times when each option shall become exercisable and the duration of the exercise period. The committee also has discretionary authority to interpret the Company's stock option plan and stock incentive plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the details and provisions of each stock option agreement, and to make all determinations necessary or advisable in administration of the plan.

Edgar Filing: CHENIERE ENERGY INC - Form DEF 14A

The Compensation Committee held five meetings during 2003. The committee's members during 2003 were: Keith F. Carney, Nuno Brandolini and Paul J. Hoenmans. Mr. Carney served as Chairman of the Compensation Committee.

Director Nominations

The Company considers suggestions for potential director nominees to the Board of Directors from any source, including current members of the Board of Directors, the Company's management, advisors to the Company and stockholders of the Company. The Company does not have an official nominating committee and does not have a nominating committee charter. The Company believes that obtaining input from all independent directors in connection with nominations to the Board of Directors enhances the nomination process. The independent directors evaluate potential nominees by reviewing their qualifications, reviewing results of personal and reference interviews and reviewing such other information as may be deemed relevant. Director nominees are recommended for selection by the Board of Directors by a majority of directors who meet the independence standards of the American Stock Exchange rules. The full Board of Directors then selects and recommends candidates for nomination as directors for stockholders to consider and vote upon at the annual stockholders meeting. The Board of Directors reviews and considers any candidates submitted by a stockholder or stockholder group in the same manner as all other candidates.

Qualifications for consideration as a board nominee vary according to the particular areas of expertise being sought as a complement to the existing board composition. However, minimum criteria for selection of members to serve on the Company's Board of Directors include the following:

the highest ethical standards and integrity,

a willingness to act on and be accountable for Board decisions,

high level of education and/or business experience,

broad-based business acumen,

understanding of the Company's business and industry,

strategic thinking and willingness to share ideas,

loyalty and commitment to driving the success of the Company,

network of contacts, and

diversity of experiences, expertise and backgrounds among members of the Board of Directors.

A stockholder of the Company who is entitled to vote at a meeting of stockholders called for the election of directors may nominate candidates for election to the Board of Directors. Nominations made by a stockholder must be made by giving notice in writing to the Secretary of the Company before the later to occur of (i) 60 days prior to the date of the meeting of stockholders called for the election of directors or (ii) 10 days after the Board of Directors makes public disclosure of the date of such meeting. In no event shall the public disclosure of an adjournment of an annual meeting of stockholders commence a new time period for the giving of a stockholder's notice as described above. Such stockholder's notice must set forth the following information as to each person whom the stockholder proposes to nominate for election or re-election as a director: (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of capital stock of the Company that are then beneficially owned by such person, (iv) any other information relating to such person that is required by law or regulation to be disclosed in solicitations of proxies for the election of directors of the Company, and (v) such person's written consent to being named as a nominee for election as a director and to serve as a director if elected. Such

stockholder's notice must also set forth the following information as to the stockholder giving the notice: (i) the name and address, as they appear in the stock records of the Company, of such stockholder, (ii) the class and number of shares of capital stock of the Company that are then beneficially owned by such stockholder, (iii) a

Director Compensation

During the fiscal year ended December 31, 2003, directors received no cash remuneration for serving on the Board of Directors of the Company, nor were they compensated for attending Board or committee meetings. From time to time, outside members of the Board of Directors (those who do not serve as executive officers of the Company) are compensated for their services to the Company through the grant of options to purchase Common Stock of the Company. During 2003, Mr. Kilpatrick was granted options to acquire 50,000 shares of common stock, which options have not yet been exercised. In February 2004, each outside director of the Company was awarded a bonus in the form of 10,000 shares of Company common stock.

Code of Conduct and Ethics

Copies of the Company's Code of Conduct and Ethics, which is applicable to all directors, officers and employees of the Company, are available on the Company's website at <http://www.cheniere.com>.

The Board of Directors recommends a vote FOR the election of the seven nominees as directors of the Company, to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified.

Changes in the Company's Certifying Accountant

Edgar Filing: CHENIERE ENERGY INC - Form DEF 14A

As previously reported in Item 4 of its Current Report on Form 8-K dated October 22, 2002 (the "8-K"), on October 17, 2002, the Company dismissed PricewaterhouseCoopers LLP ("PWC") as the Company's principal accountant and engaged Mann Frankfort as the principal accountant for the fiscal year ending December 31, 2002. The change in principal accountant was approved by the Audit Committee of the Company's Board of Directors.

In connection with the audits of the Company's two fiscal years ended December 31, 2001, and the subsequent interim period through such dismissal, there were no disagreements between PWC and the Company on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PWC, would have caused them to make a reference thereto in their report on the financial statements for such year.

The reports of PWC on the consolidated financial statements of the Company and subsidiaries as of and for the years ended December 31, 2001 and 2000 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except the report on the consolidated financial statements as of and for the year ended December 31, 2001 included an explanatory paragraph regarding the existence of substantial doubt about the Company's ability to continue as a going concern and the report on the consolidated financial statements as of and for the year ended December 31, 2000 included an explanatory paragraph regarding the recoverability of the Company's unevaluated oil and gas properties.

The Company provided PWC with a copy of the disclosures made in Item 4 of the 8-K and requested that PWC furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agreed with the statements made by the Company in Item 4 of the 8-K and, if not, stating the respects in which it did not agree. A copy of the letter from PWC to the Commission was attached to the 8-K as Exhibit 16.1 thereto.

During the Company's two most recent fiscal years ending December 31, 2001 and through the date of the 8-K, the Company did not consult Mann Frankfort with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K promulgated by the Securities and Exchange Commission.

The stock portion of the bonuses was granted on February 2, 2004 and was issued in the form of bonus shares and restricted shares. The bonus shares fully vested on the date of grant; the restricted shares will vest 50% on February 2, 2005 and 50% on February 2, 2006. The amount of the bonus awards was determined by the Board at the end of 2003, contingent upon stockholder approval of the 2003 Stock Incentive Plan in February 2004; as a result of an appreciation in the Company's stock price during such time, the value of the bonuses that were awarded increased. Messrs. Souki, Williams, Turkleson, Gross and Meyer were granted a total of 100,000, 40,000, 30,000, 30,000 and 30,000 shares, respectively, of which 66,667, 26,667, 20,000, 20,000 and 20,000, respectively, are restricted; the cash portion of the bonuses consisted of \$120,000, \$75,000, \$75,000, \$75,000 and \$90,000, respectively.

REPORT OF THE AUDIT COMMITTEE

During fiscal 2004, the Committee of the Board of Directors developed an amended and restated charter for the Committee, which was approved by the full Board. The complete text of the charter, which reflects standards set forth in new SEC regulations and the American Stock Exchange rules, is reproduced in Appendix A to this proxy statement.

In overseeing the preparation of the Company's financial statements, the Committee met with both management and the Company's independent accountants to review and discuss all audited financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards (SAS) No. 61 (Codification of Statements on Auditing Standards, AU § 380) as amended by SAS 90. With respect to the Company's outside auditors, the Committee, among other things, discussed with Mann Frankfort Stein & Lipp CPAs, L.L.P. matters relating to its independence, including the written disclosures and the letter from the outside accountants provided to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Finally, the Committee continued to monitor the scope and adequacy of the Company's internal control system. On the basis of these reviews and discussions, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

All services (audit and non-audit) provided to the Company during the fiscal year ended December 31, 2003 were pre-approved.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation for the fiscal year ended December 31, 2003:

The Compensation Committee, which is comprised of non-employee directors of the Company, establishes the general compensation policies of the Company, establishes the compensation plans and compensation levels for officers and certain other key employees and administers the Company's stock option plan and stock incentive plan. The Committee also establishes salary ranges for officers and certain key employees, and generally approves specific amounts within those ranges on the recommendation of management.

In establishing compensation policies, the Committee believes that total compensation of executive officers, as well as other key employees, should be competitive with other similar oil and gas companies or other business opportunities available to such executive officers and key employees while, within the Company, being fair and discriminating on the basis of personal performance.

The Committee has from time to time retained outside compensation consultants to conduct compensation surveys and advise the Committee concerning compensation matters, and the Committee has surveyed the executive compensation levels of companies in the oil and gas industry that are similar to the Company. Base compensation for senior executive officers is intended to afford a reasonable degree of financial security and flexibility to those individuals who are regarded by the Committee as acceptably discharging the levels and types of responsibility implicit in their respective executive positions.

The Company seeks to relate a significant portion of the potential total executive compensation to the Company's financial performance and the creation of value for the Company's stockholders. In general, executive financial rewards at Cheniere may be segregated into the following components: salary and stock-based benefits. In 2003, the Committee awarded bonus compensation to all of the executive officers in the form of both cash and stock. The factors considered in awarding such bonuses included the significant increase in the market value of the Company's stock, and the increase in estimated net asset value through the achievement of significant objectives for the Company's LNG business.

In order to attract qualified individuals to the Company, the Committee considers awarding stock options and warrants to such persons upon their employment with the Company. In addition, periodic awards of stock options are made in order both to retain executives and to motivate them to accomplish long-term growth objectives and improve long-term market performance. The Committee is of the view that properly designed and administered stock-based incentives for senior executives closely align the executives' economic interests with those of stockholders and provide a direct continuing focus upon the goal of constantly striving to increase long-term stockholder value. Toward that goal, the Company established the Cheniere Energy, Inc. 1997 Stock Option Plan and the Cheniere Energy, Inc. 2003 Stock Incentive Plan and has made periodic grants of stock options to its officers and other key employees. See Management Executive Compensation and Management Option Grants.

Chief Executive Officer's Compensation. The Committee determines the compensation of the Chief Executive Officer in substantially the same manner as the compensation of the other officers. In 2003, Mr. Souki became an employee of the Company and was awarded 250,000 warrants as a signing bonus related to his assuming the position of President and Chief Executive Officer of the Company in December 2002. In establishing the base salary for Mr. Souki for the 2003 fiscal year, the Committee assessed the following factors: (i) the performance of the Company, (ii) the increase in total return to stockholders, (iii) progress toward implementation of the Company's strategic business plan, particularly in the LNG business, (iv) Mr. Souki's contributions toward the accomplishments described in items (i) through (iii), and (v) compensation levels of chief executive officers of similar companies in the oil and gas industry. The performance by the Company is measured by, among other things, the development of the Company's business segments, as measured by growth in estimated net underlying asset value, stock price and a comparison to similar companies in the oil and gas industry. Based on these factors, the

Committee established Mr. Souki's base salary for 2003 at \$240,000. Based on the factors discussed above for determining bonuses, Mr. Souki was awarded a bonus for 2003 performance comprised of cash and stock valued at \$1,620,000. See Management Executive Compensation.

Omnibus Budget Reconciliation Act of 1993. Section 162(m) of the Omnibus Budget Reconciliation Act of 1993 limits the deductibility to the Company of cash compensation in excess of \$1 million paid to the Company's chief executive officer and the next four highest paid officers during any fiscal year, unless such compensation meets certain requirements. During 2003, the Committee reviewed the Company's compensation programs in light of the requirements of this law. The Committee does not expect the law to impact the Company in 2004 or for the foreseeable future in any significant way, if at all.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

BSR Investments, Ltd. (BSR), an entity holding approximately 6.9% of the outstanding shares of the Company's Common Stock, is under the control of Nicole Souki, the mother of Charif Souki, Chairman of the Board of Directors, President and Chief Executive Officer. Charif Souki has been engaged, from time to time, as a consultant to BSR. Charif Souki disclaims beneficial ownership of all shares held by BSR.

In December 2003, Cheniere LNG Services, Inc. (Cheniere LNG), a wholly-owned subsidiary of the Company, entered into a shareholders agreement with J & S Group S.A. regarding the ownership and operation of J & S Cheniere S.A., a company in which the brother of Charif Souki, the Company's Chairman of the Board of Directors, President and Chief Executive Officer, is a director. Cheniere LNG owns a minority interest in the stock of J & S Cheniere.

In conjunction with the Company's private placement of equity in January 2004, placement fees were paid to T. R. Winston & Company, Inc., a company in which the son of Charif Souki, Cheniere's Chairman, President and Chief Executive Officer, is employed. Placement fees to T. R. Winston for such placement totaled \$965,250.

All such transactions were approved by the Board of Directors of the Company, and the Company believes that each such transaction was on terms that were comparable to, or more favorable to the Company than, those that might have been obtained by the Company on an arm's length basis from unaffiliated parties.

OTHER MATTERS

Required Vote

Only holders of Common Stock as of the Record Date will be entitled to vote in person or by proxy at the meeting. A majority of issued and outstanding shares of Common Stock as of the Record Date represented at the meeting in person or by proxy and entitled to vote thereat will constitute a quorum for the transaction of business. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Provided that a quorum is present at the meeting, (i) the seven director nominees who receive the greatest number of votes cast for election by stockholders entitled to vote therefor will be elected directors, and (ii) ratification of Mann Frankfort Stein & Lipp CPAs, L.L.P. as independent accountants will require approval by a majority of shares represented in person or by proxy and entitled to vote at the annual meeting. Because broker non-votes are not considered shares present with respect to matters requiring the affirmative vote of a majority of shares represented in person or by proxy at the meeting, broker non-votes will not affect the outcome with respect to the ratification of Mann Frankfort Stein & Lipp CPAs, L.L.P. as independent accountants. Abstentions with respect to the ratification of Mann Frankfort Stein & Lipp CPAs, L.L.P. as independent accountants will have the same effect as a vote against approval thereof, but will have no effect with respect to the election of directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, directors, certain officers, and beneficial owners of 10% or more of any class of the Company's stock (Reporting Persons) are required from time to time to file with the Securities and Exchange Commission and the American Stock Exchange reports of ownership and changes of ownership. Reporting Persons are required to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of forms and written representations received from Reporting Persons by it with respect to the fiscal year ended December 31, 2003, the Company believes that all filing requirements applicable to the Company's officers, directors and greater than 10% stockholders have been met, except for a late Form 4 filing by Charif Souki in connection with a grant of 250,000 warrants to him on April 16, 2003, a late Form 4 filing by David B. Kilpatrick when he became a director of the Company, a late Form 4 filing by David B. Kilpatrick for the grant of stock options to him on July 30, 2003, a late Form 3 filing by Keith M. Meyer when he became an officer of the Company on June 11, 2003, and a late Form 4 filing by Charles M. Reimer when he disposed of his stock options and acquired warrants in connection with becoming an officer of Freeport LNG Development, L.P. on February 27, 2003.

The Committee shall monitor the qualifications, independence and performance of the Corporation's internal and independent auditors and shall prepare the report required to be included in the Company's annual proxy statement (or any other report) under the rules of the Securities and Exchange Commission (SEC). The Committee provides for open, ongoing communication among the independent auditor, financial and senior management, internal auditors (if any), compliance officers (if any) and the Board concerning the Corporation's financial and compliance position and affairs.

The Committee meets as frequently as necessary, but at a minimum it shall meet four times per year. The Committee shall conduct special meetings as determined by the Chairman of the Audit Committee or at the request of the President or Chief Financial Officer or the independent public accounting firm engaged by the Company to perform audit services on behalf of the Corporation (referred to in this Charter as the independent auditor). The Committee shall maintain minutes of all of its meetings.

The Committee maintains independence both in establishing its agenda and directly accessing various officers and employees of the Corporation. The Committee shall have the authority to meet with management, internal auditing personnel, the independent auditor or any other person in a separate independent session. For the transaction of any business at any meeting of the Committee, a majority of the members shall constitute a quorum. The Committee shall take action by the affirmative vote of a majority of the Committee members present at a duly held meeting. The Committee may meet by telephone or videoconference and may take action by unanimous written consent to the fullest extent permitted by the Delaware General Corporation Law. A Chairman of the Committee shall be designated by the Board.

A-1

The Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities. The Committee shall have the sole authority to retain special legal, accounting or other consultants to advise the Committee and to approve the fees and other retention terms of these consultants.

III. Committee Membership

The Audit Committee shall be comprised of at least three Board members, none of whom has been an officer or employee of the Corporation, its subsidiaries or affiliates for the current year or any of the prior three years. Committee members shall be independent of management and free of any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a committee member. Each of the members of the Committee shall meet the requirements of being independent as set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act) and the listing standards of the American Stock Exchange (AMEX), as interpreted by the Board. In addition, at least one member of the Committee shall be an audit committee financial expert, as such qualification is set forth under the Exchange Act, as interpreted by the Board.

IV. Responsibilities

The Audit Committee's responsibility is oversight, and it recognizes that the Corporation's management is responsible for preparing the Corporation's financial statements and complying with applicable laws and regulations. In addition, the Committee recognizes that financial management (including the internal audit staff, if any), the independent auditor and the Corporation's compliance officers (if any) have more knowledge and more detailed information about the Corporation than do the members of the Committee. Consequently, in carrying out its oversight responsibilities it is not the duty of the Committee to plan or conduct audits or determine that the Corporation's financial statements are complete and accurate or are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor.

It is not the intent of this Audit Committee Charter to subject individual members of the Committee to any increased exposure to liabilities in excess of those generally imposed on members of the Board under applicable laws.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight responsibility. The Committee shall have and may exercise all powers and authority of the Board in connection with carrying out its functions and responsibilities. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances. In carrying out its responsibilities, the Committee shall:

- A. Maintain a channel of communication between the Board and each of (i) the independent auditors, (ii) the principal financial and accounting officer(s), (iii) the internal auditor (if any) and (iv) the chief compliance officer (if any) and provide sufficient opportunity for each to meet with the members of the Committee to discuss any matter within the scope of each of their respective responsibilities.
- B. Review with management and the independent auditor the financial information contained in each of the Corporation's Quarterly Report on Form 10-Q prior to its filing, the Corporation's earnings announcements prior to release, and the results of the independent auditor's review of interim financial information pursuant to SAS 71. This review may be conducted, either in person or by telephone conference call, by the entire Committee, an appropriate quorum thereof or the Chairman of the Committee.

- C. Review with management and the independent auditor at the completion of the annual audit of the Corporation's financial statements included in the Annual Report on Form 10-K for the last fiscal year and prior to its filing:
- (1) the Corporation's annual financial statements and related footnotes;
 - (2) the results of the independent auditor's audit of the financial statements and its report with respect thereto;
 - (3) any significant changes required in the independent auditor's examination plan;
 - (4) any serious difficulties or disputes with management encountered during the course of the audit; and
 - (5) other matters related to the conduct of the audit which are to be communicated to the Committee under generally accepted auditing standards, including discussions relating to the independent auditor's judgments about such matters as the quality, not just the acceptability, of the Corporation's accounting practices and other items set forth in SAS 61 (Communication with Audit Committees) or other such auditing standards that may in time modify, supplement or replace SAS 61.
- D. Recommend to the Board whether the Corporation's annual audited financial statements and accompanying notes should be included in the Corporation's Annual Report on Form 10-K.
- E. Prepare and review the Audit Committee Report for inclusion in the proxy statement for the Corporation's annual meeting of stockholders. In addition to all of the other items required to be included in such report by the rules promulgated by the SEC or other applicable law, the Audit Committee Report must state whether the Audit Committee:
- (1) has reviewed and discussed the audited financial statements with management;
 - (2) has discussed with the independent auditor the matters required to be discussed by SAS 61, as may be modified or supplemented;
 - (3) has received the written disclosures from the independent accountants required by Independence Standards Board Standard No. 1, as may be modified or supplemented, and has discussed with the independent accountants their independence; and
 - (4) has recommended to the Board of Directors, based on the review and discussions referred to in above items (1) through (3), that the Corporation's audited financial statements be included in the Annual Report on Form 10-K for the last fiscal year for filing with the SEC.
- F. Engage the independent auditor to audit the financial statements of the Corporation, with selection for the ensuing calendar year being submitted to the stockholders for ratification or rejection at the annual meeting of stockholders.
- G. Discuss periodically with members of management and the Corporation's independent auditors the adequacy of the Corporation's disclosure controls and procedures, including applicable internal controls and procedures for financial reporting and changes in internal controls designed to address any significant deficiencies in the design or operation of

internal controls or material weaknesses therein and any fraud involving management or other employees that are reported to the Committee.

- H. Review and discuss with management and the independent auditors: (a) the annual report of management affirming management's responsibility for establishing and maintaining internal controls over financial reporting and assessing the effectiveness of the internal control structure over financial reporting and (b) the independent auditors' report on, and attestation of, management's report when those reports are required by SEC rules.
- I. Review and approve the scope of the engagement of the independent auditor.
- J. Review the experience and qualifications of the senior members of the independent auditor's team and the quality control procedures of the independent auditor. Review and discuss with the independent auditor the independence of the independent auditor, giving consideration to the range of audit and non-audit services performed.
- K. Review and approve in advance all audit and lawfully permitted non-audit services to be provided by the independent auditor and the fees for such services. The Committee may delegate to one or more members the authority to pre-approve auditing and non-auditing services that are otherwise permitted by law, provided that such pre-approval shall be presented to the full Committee at its next scheduled meeting. Pre-approval of non-audit services (other than review and attestation services) shall not be required if such services fall within exceptions established by the SEC.
- L. Recognize that the independent auditor is ultimately accountable to the Committee.
- M. Review the scope and results of the annual audit, the report of the audit, any related management letter, management's responses to recommendations made by the independent auditor, reports of the internal auditor that are material to the Corporation as a whole, and management's responses to those reports.
- N. Ensure the annual receipt from the independent auditor of a formal written statement delineating all relationships between the independent auditor and the Corporation, consistent with Independence Standards Board Standard No. 1, actively engage in a dialogue with the accountants with respect to any disclosed relationships or services that may impact the objectivity and independence of the accountants and take, or recommend that the Board take, appropriate action to oversee the independence of such auditor.
- O. Review the appointment and replacement of the Chief Financial Officer and the chief compliance officer, if any.
- P. Consider major changes and other major questions of choice respecting the appropriate auditing and accounting practices to be used in the preparation of the financials when presented by the independent auditor or management.
- Q. Review with management and the independent auditor the effect of regulatory and accounting initiatives as well as off-balance sheet structures, if any, on the Corporation's financial statements.
- R. Review and approve procedures to receive and handle complaints received from customers, stockholders, employees and other individuals regarding accounting, internal accounting controls or auditing matters.

- S. Review and reassess the adequacy of the audit committee charter on an annual basis and recommend any proposed changes to the Board for approval.
- T. Review and approve all related party transactions.
- U. Obtain reports from management and the independent auditor that the acts and conduct of the Corporation's executives are in conformity with applicable legal requirements.
- V. Review with outside legal counsel matters that may have a material impact on the financial statements, the Corporation's compliance policies and any material reports or inquiries received from regulators or governmental agencies.
- W. Report the Committee's activities to the Board on a regular basis and otherwise when it deems necessary or desirable.
