ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 6, 2005

This proxy statement is being furnished to stockholders by the Board of Directors (the **Board**) of Hudson Highland Group, Inc. (the **Company**) beginning on or about March 28, 2005, in connection with a solicitation of proxies by the Board for use at the annual meeting of stockholders to be held on Friday, May 6, 2005, at 10:00 A.M., local time, at the Hudson Highland Group, Inc. Corporate Headquarters, 622 Third Avenue, between 40th and 41st Street, 38th Floor, New York, New York, 10017, and all adjournments or postponements thereof (the **Annual Meeting**) for the purposes set forth in the attached Notice of Annual Meeting of Stockholders.

Execution of a proxy given in response to this solicitation will not affect a stockholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a stockholder who has signed a proxy does not in itself revoke a proxy. Any stockholder giving a proxy may revoke it at any time before it is exercised by giving notice thereof to the Company in writing or in open meeting.

A proxy, in the enclosed form, which is properly executed, duly returned to the Company and not revoked, will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted FOR each proposal set forth in the Notice of Annual Meeting of Stockholders. The Company's management knows of no matters other than those set forth in the Notice of Annual Meeting of Stockholders to be brought before the Annual Meeting. However, if any other business or matters properly shall come before the Annual Meeting, then the persons named as proxies in the enclosed form of proxy will vote the shares represented by each such proxy in accordance with their judgment on such matters.

Only holders of record of the Company's common stock (the **Common Stock**) at the close of business on March 16, 2005 are entitled to vote at the Annual Meeting. On that date, the Company had outstanding and entitled to vote 20,602,893 shares of Common Stock, each of which is entitled to one vote per share. All share and per share amounts have been adjusted for the two-for-one stock split of the Company's Common Stock paid on February 25, 2005 to holders of record as of February 14, 2005 (the **Stock Split**).

ELECTION OF DIRECTORS

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

The Company's Certificate of Incorporation and By-Laws provide that the Company's directors are divided into three classes, with staggered terms of three years each. At the Annual Meeting, the stockholders will elect two directors to hold office until the 2008 annual meeting of stockholders and until their successors are duly elected and qualified. Unless stockholders otherwise specify, the shares represented by the proxies received will be voted in favor of the election as directors of the persons named as nominees herein. The Board has no reason to believe that the listed nominees will be unable or unwilling to serve as directors if elected. However, in the event that any nominee should be unable to serve or will not serve, the shares represented by proxies received will be voted for another nominee selected by the Board. Each director will be elected by a plurality of the votes cast at the Annual Meeting (assuming a quorum is present). Consequently, any shares not voted at the Annual Meeting, whether due to abstentions, broker non-votes or otherwise, will have no impact on the election of the directors.

Listed below are the nominees of the Board of Directors for election at the Annual Meeting and each director of the Company whose term will continue after the Annual Meeting. The following sets forth certain information about each nominee and continuing director as of March 16, 2005.

At a minimum, each director nominee must have displayed the highest personal and professional ethics, integrity and values and sound business judgment. In addition, the Nominating and Governance Committee believes that the following minimum qualifications are necessary for a director to possess to be recommended by the Committee to the Board:

A director must be highly accomplished in his or her respective field, with superior credentials and recognition and broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest.

Table of Contents

Company's Nominating and Governance Committee Charter. Recommendations for consideration by the Nominating and Governance Committee should be sent to the Corporate Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee. With respect to an election of directors to be held at an annual meeting, a stockholder must, among other things, give notice of an intent to make such a nomination to the Corporate Secretary of the Company in advance of the meeting in compliance with the terms and within the time period specified in the By-Laws. Pursuant to these requirements, a stockholder must give a written notice of intent to the Corporate Secretary of the Company not less than 45 days or more than 75 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the preceding year's annual meeting of stockholders.

Jon F. Chait (Chairperson), David G. Offensend and Richard W. Pehlke are the current members of the Executive Committee. The Executive Committee held no meetings in 2004.

Agreements with Named Executive Officers

In March 2003, the Company entered into an employment agreement with Richard W. Pehlke pursuant to which the Company agreed to employ Mr. Pehlke as Executive Vice President and Chief Financial Officer. Under this agreement, Mr. Pehlke is entitled to (i) a base salary of \$350,000 per year, (ii) medical dental, disability and life insurance coverage and other benefit plan eligibility comparable to other senior management, (iii) four weeks of vacation per year, (iv) an annual bonus of up to \$600,000 based on satisfaction of performance goals, and (v) reimbursement of up to \$25,000 for expenses for personal financial planning on or prior to February 24, 2006. The agreement may be terminated at any time by the Company. If the Company terminates the agreement other than for cause (as defined in the agreement), then, subject to Mr. Pehlke executing the Company's then current form of separation agreement and general release, Mr. Pehlke will be entitled to (i) severance equal to twelve months of his then applicable base salary plus an assumed bonus equal to the greater of \$150,000 or 50% of the largest single calendar year bonus received by Mr. Pehlke during the five years preceding termination and (ii) have the Company make available medical and dental benefits at no cost for two years after termination and thereafter at Mr. Pehlke's cost until December 31, 2008.

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

In November 2002, the Company entered into an employment agreement with Richard A. Harris pursuant to which the Company agreed to employ Mr. Harris as Chief Information Officer. Under this agreement, Mr. Harris is entitled to (i) a base salary of \$250,000 per year, subject to automatic annual increases of 2% or more based on increases in the Consumer Price Index, (ii) medical, dental, disability and life insurance coverage, 401(k) plan and other benefit plan eligibility comparable to other senior management, and (iii) four weeks of vacation per year. The agreement is for a term of three years, but may be terminated at any time by the Company. If the Company terminates the agreement other than for cause (as defined in the agreement), then, subject to Mr. Harris executing the Company's then current form of separation agreement and general release, Mr. Harris will be entitled to severance equal to twenty-four months of his then applicable base salary.

In August 2004, the Company entered into employment agreements with Margareta Noonan, Latham Williams and certain other executive officers to employ the executive officers for one-year terms, with automatic, annual extensions of additional one-year terms. Under the employment agreements, the executives are

entitled to (i) an annual base salary (\$250,000 per year for Ms. Noonan and \$265,000 per year for Mr. Williams); (ii) eligibility to receive an annual bonus as provided in the Company's senior management bonus plan; (iii) other benefits of employment comparable to other senior management and (iv) four weeks of vacation per year. Under the agreements, the Company has the right to terminate the executive's employment at any time. If the Company terminates the executive's employment without cause (as defined in the agreements), then, subject to the executive executing the Company's then current form of separation agreement and general release, the executive will be entitled to receive a severance payment equal to one year of his or her then current base salary, plus the Company's portion of the premiums for providing continued health and dental benefits to the executive for twelve months after termination (with the amount of such premiums deducted from the executive's severance payment). In connection with entering into the employment agreements, the executives also executed confidentiality, non-solicitation and work product assignment agreements and mutual agreements to arbitrate claims with the Company.

The Company was spun off from Monster on March 31, 2003. Shares of Common Stock began trading on an actual basis on the Nasdaq National Market on April 1, 2003. The following graph compares on a cumulative basis changes since April 2, 2003 in (a) the total stockholder return on the Common Stock with (b) the total return on the Russell 2000 Index and (c) the total return on the companies in a peer group selected in good faith by the Company, in each case assuming reinvestment of dividends. Such changes have been measured by dividing (a) the difference between the price per share at the end of and the beginning of the measurement period by (b) the price per share at the beginning of the measurement period. The graph assumes \$100 was invested on April 1, 2003 in Common Stock, the Russell 2000 Index and the peer group consisting of Kforce Inc., MPS Group, Inc., Manpower, Inc., Spherion Corporation, CDI Corp. and Robert Half International Inc. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board is composed solely of non-employee directors who meet the independence requirements of Nasdaq and qualify as outside directors under Section 162(m) of the Internal Revenue Code of 1986. The Compensation Committee is responsible for all aspects of the compensation arrangements for the Company's executive officers, including the named executive officers. The Compensation Committee works with independent compensation consultants it retains, and management, to develop the Company's overall compensation philosophy and the specific program provided for the Company's executive officers.

Compensation Philosophy

The central objective of the Compensation Committee's compensation philosophy is to attract and retain the talented individuals needed to achieve long-term success, and to incent them to achieve goals expected to enhance long-term shareholder value. The key executive compensation policies that underpin this philosophy are as follows:

Base salaries, equity grants and benefit programs are targeted at median market levels for comparable companies.

Cash incentives (bonuses) are designed to provide awards above median market levels for comparable companies for above median performance.

Consequently, the Company's executive officers should have the opportunity to earn above median compensation for outstanding performance both from above median bonuses and from above median appreciation of equity grants resulting from above median company performance.

Application for 2004

By most any measure, 2004 was a strongly improved year for the Company. Rebounding from a \$313.6 million operating loss in 2003, the Company's operating loss was \$23.2 million in 2004, with the Company's Hudson businesses reporting operating income in each of the last three quarters of 2004 and the Company's Highland Partners businesses reporting operating income in two quarters. The Company's stockholders realized substantial returns, both relative to the market generally and to comparable companies.

During 2003, the Committee approved base salaries and initial equity awards for all executive officers. In establishing base salaries and initial equity awards for each individual executive officer, Jon Chait, the Company's Chief Executive Officer, made specific recommendations for salary and equity awards (other than his own) to the Committee based on guidance provided by the Committee as well as a review of industry comparables prepared by the Committee's independent compensation consultants, the level of responsibility delegated to the particular executive officer, the expertise and skills offered by each officer, the officer's individual job performance and the performance of the group over which the individual has responsibility. These various factors were considered on a case-by-case basis and no specific formula was used to give any one factor a relative weight as compared to the others. The Committee reviewed the recommendations and other information and then made final decisions on the base salaries and equity awards for all executive officers. When the Committee set salaries and equity awards in 2003, it did so with the expectation that these topics generally would not be revisited again until 2005. Accordingly, Mr. Chait's salary of \$500,000 was not changed and he did not receive any additional equity awards during 2004. Similarly, the other named executive officers' salaries were not changed and they did not receive any additional equity awards during 2004.

It is difficult to draw crisp parallels between the Company and other comparable companies due to differences in business model, geographic footprint, size and maturity. However, after consultation with its independent compensation consultant and based on a review of option grants made by a group of peer companies

Table of Contents

to their executive officers and to all employees as a whole, the Committee concluded that the Company's equity grants to executive officers and to all employees as a whole were significantly below those of the most comparable companies. Accordingly, in January 2005, the Committee granted options to purchase 627,000 additional shares of Common Stock of which 156,200 were granted contingently, to bring the Company's executive officers' equity opportunity more nearly in line with those of the most comparable companies. Several of the Company's most senior executive officers who have received these grants, including Mr. Chait, understand that the Committee does not presently expect to grant additional equity awards to them over the next three years. Additionally, the Committee expects that total equity grants for all employees will be limited to approximately 2% of total shares outstanding each year over the next three years.

The Committee adopted a senior management cash bonus program for 2004, which provided an annual incentive for certain employees of the Company, including the named executive officers. Awards under the program were based on the achievement of pre-determined financial targets approved by the Committee for the Company and, where applicable, a specific business unit. Pursuant to the pre-determined targets, which were higher for Messrs. Chait and Pehlke than for other executives, Messrs. Chait and Pehlke would have been ineligible for bonuses in 2004. However, given the Company's performance in 2004 and the returns the Company's stockholders realized, the Committee awarded Messrs. Chait and Pehlke with bonuses equal to the minimum for which they would have been eligible under the 2004 bonus program. The named executive officers other than Messrs. Chait and Pehlke received bonuses under the 2004 bonus program based on meeting their pre-determined targets.

In addition to base salary, bonuses and equity awards, the Company has an objective to provide its employees, including its executive officers, with benefits comparable to those provided by comparable companies. In keeping with this objective, during 2004, the Committee approved a deferred compensation plan to enable the Company's executive officers to defer up to 25% of their base salaries and up to 100% of cash bonuses. In addition to benefits provided to all company executives, Mr. Chait receives a per diem stipend when staying over night on business in New York City (where he owns a residence) in lieu of staying in a hotel, and he is entitled to travel first class on commercial airlines while traveling on Company business.

In connection with the Long Term Incentive Plan, the Company endorses the policy that stock ownership by management is an important factor in aligning the interests of management and stockholders. The Company has adopted stock ownership guidelines that are intended to encourage stock ownership by management. Under these guidelines, management personnel are expected to own shares of Common Stock with a specified value equal to 100% of their respective base salaries. These share ownership requirements may be met over a period of five years. The Committee will consider an individual's compliance with the stock ownership guidelines in determining the size of future equity-based grants. As of March 16, 2005, Mr. Chait owned in excess of 200,000 shares of Common Stock, thereby exceeding these share ownership requirements.

Under Section 162(m) of the Internal Revenue Code, the tax deduction by corporate taxpayers, such as the Company, is limited with respect to the compensation of certain executive officers unless such compensation is based upon the performance objectives meeting certain regulatory criteria or is otherwise excluded from the limitation. The Compensation Committee currently intends, in all appropriate circumstances, to qualify compensation paid to the Company's executive officers for deductibility by the Company under Section 162(m) of the Internal Revenue Code.

REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to oversee the Company's accounting and financial reporting processes and the audits of the financial statements of the Company. The Committee's function is more fully described in its written charter, which the Board has adopted. The Committee reviews the charter on an annual basis. The Board annually reviews the independence of the members of the Committee under standards of independence for audit committee members and established by the Nasdaq National Market listing standards and Security and Exchange Commission rules and has determined that each member of the Committee is independent under those standards.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditors, BDO Seidman, LLP, are responsible for performing an independent audit of the consolidated financial statements and management's assessment of internal controls over financial reporting and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles and management's assessment of internal controls over financial reporting and the effectiveness of those internal controls.

The Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2004 and management's assessment of internal controls over financial reporting as of December 31, 2004, with the Company's management and has discussed with BDO Seidman, LLP the matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. In addition, BDO Seidman, LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with BDO Seidman, LLP their independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements and management's report on its assessment of internal controls over financial reporting be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

APPROVAL OF AMENDMENT TO HUDSON HIGHLAND GROUP, INC.

LONG TERM INCENTIVE PLAN

General

The Hudson Highland Group, Inc. Long Term Incentive Plan (the Incentive Plan) initially authorized the issuance of up to 1,500,000 shares of Common Stock (subject to adjustment to prevent dilution in certain cases described below). As a result of the Stock Split, as of February 25, 2005 (the payment date for the Stock Split), the number of shares of Common Stock authorized for issuance under the Incentive Plan increased to 2,503,626. On February 2, 2005, subject to stockholder approval at the Annual Meeting, the Board approved an amendment to the Incentive Plan to increase the aggregate number of shares of Common Stock available for grants under the Incentive Plan by 1,200,000 (after taking into account the Stock Split) to 3,703,626 (subject to adjustment to prevent dilution in certain cases described below). As of March 16, 2005, stock options covering an aggregate of 2,415,716 shares of Common Stock were granted and outstanding, leaving 87,910 shares of Common Stock available for grants of additional awards under the Incentive Plan. As of March 16, 2005 236,850 restricted shares of Common Stock were issued and outstanding and 259,524 options for shares of Common Stock had been exercised. Other than grants of stock options and restricted stock, no other awards had been made under the Incentive Plan as of the record date of the Annual Meeting. The Compensation Committee has approved grants for 222,200 options, contingent upon the approval by the stockholders of the proposed amendment to the Incentive Plan.

The following is a summary of the material provisions of the Incentive Plan, a copy of which is attached to this proxy statement as Annex A and is incorporated by reference. This summary is qualified in its entirety by reference to the full and complete text of the Incentive Plan.

Purpose

The purpose of the Incentive Plan is to establish a flexible vehicle through which the Company can offer equity-based compensation incentives to eligible recipients with a view toward promoting long-term financial success of the Company and enhancing stockholder value.

Administration of the Plan

The Incentive Plan must be administered by a committee of the Board. Unless the Board determines otherwise, the committee must consist of at least two members of the Board, each of whom is both a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 and an outside director within the meaning of Section 162(m)(4)(C) of the Internal Revenue Code. The Board serves as the committee with respect to awards made to members of the Board who are not employees of the Company or of its affiliates. The Compensation Committee (the Committee) administers the Incentive Plan, which, subject to the limitations of the Incentive Plan, has complete authority to:

select the persons to whom awards will be made under the Incentive Plan;

make awards to persons under the Incentive Plan and prescribe the terms and conditions of the awards, including non-solicitation, confidentiality and mandatory dispute resolution conditions;

interpret and apply the provisions of the Incentive Plan and of any agreement or other document evidencing an award made under the Incentive Plan;

carry out any responsibility or duty specifically reserved to the committee under the Incentive Plan; and

make any and all determinations and interpretations and take such other actions as may be necessary or desirable in order to carry out the provisions, intent and purposes of the Incentive Plan.

The determinations, interpretations, or other actions the Committee makes or takes under the provisions of the Incentive Plan will be final and binding and conclusive for all purposes and upon all persons.

Table of Contents

Participation

The Committee may grant awards under the Incentive Plan to any director, officer or other employee of the Company or its affiliates and to any consultant or other independent contractor who performs or will perform services for the Company or its affiliates. Approximately 200 persons are currently eligible to participate in the Incentive Plan. The number of eligible participants may increase over time based upon future growth of the Company.

Awards Under the Incentive Plan; Available Shares

The Incentive Plan authorizes the granting of (a) stock options, which may be either incentive stock options meeting the requirements of Section 422 of the Internal Revenue Code (ISOs) or non-qualified stock options; (b) stock appreciation rights (SARs); (c) awards of restricted stock; (d) performance-based awards; and (e) such other types of equity-based awards as the Committee may deem advisable.

The Incentive Plan, as amended, provides that up to a total of 3,703,626 shares of Common Stock (subject to adjustment as described below) will be available for the granting of awards thereunder. The aggregate maximum number of shares of Common Stock that may be issued in the form of restricted stock, performance-based awards and other equity-based awards (other than stock options) is 1,000,000 shares.

If an award terminates or is cancelled without having been exercised or earned in full, cash is delivered to the holder of an award in lieu of shares, shares of restricted stock are forfeited or shares are withheld in order to pay the purchase price of an award or to satisfy tax withholding obligations, then those shares will be available for the granting of new awards under the Incentive Plan.

Individual Award Limitations

Subject to adjustment in the event of specified adjustments in the Company's capitalization, during any one calendar year, the Committee may not grant to any participant:

options or stock appreciation rights for more than a total of 500,000 shares of Common Stock; or

awards, other than options or stock appreciation rights, for more than a total of 500,000 shares of Common Stock.

The Committee may not pay any participant more than \$1,000,000 with respect to any single performance-based award that is settled in cash. Multiple performance-based awards to the same individual will be subject to a single \$1,000,000 limit if they are either:

determined by reference to performance periods of one year or less ending with or within the same fiscal year; or

determined by reference to one or more multi-year performance periods ending in the same fiscal year.

Adjustments Upon Changes in Capitalization

If any split-up or consolidation of shares or any like capital adjustment, or the payment of any stock dividend, increases or decreases the number of issued shares of Common Stock, or if a readjustment or recapitalization of the Company's capital stock changes the character or class of shares covered by the Incentive Plan, then the following will be adjusted proportionately: the aggregate number and class of shares that may be issued under the Incentive Plan; the maximum number of shares covered by awards that may be granted to any individual in any calendar year; the number and class of shares covered by each outstanding award; and the exercise price per share.

Table of Contents

Stock Option Awards

The Committee may grant either non-qualified stock options or ISOs to eligible participants on the terms and conditions it prescribes, provided that the Committee may only grant incentive stock options to its employees and employees of its subsidiary corporations within the meaning of Section 424 of the Internal Revenue Code. The Committee will set the term of each option, but no option will be exercisable more than ten years after the date it is granted. All ISOs granted under the Incentive Plan will also be required to comply with all other terms of Section 422 of the Internal Revenue Code.

The Committee will determine the per share exercise price of any option it grants, but the exercise price may not be less than the fair market value of a share of Common Stock on the date the Committee grants the option. The fair market value of a share of Common Stock on any date will be equal to the closing price per share of Common Stock as reported on The Nasdaq National Market on that date. The Committee may establish vesting and other restrictions on the exercise of an option and upon the disposition of the stock acquired upon the participant's exercise of an option (including, without limitation, acceleration of vesting, to the extent permitted by the Committee, in the event of a change in control (as defined by the Committee)). Unless the Committee establishes otherwise, during a participant's employment with the Company or one of its affiliates, each option granted to the participant will be subject to a four-year vesting schedule, with twenty-five percent of the option vesting at the end of each of the first four years following the date of the grant.

A participant may exercise an option by payment in full of the exercise price, either (at the discretion of the Committee) in cash, certified or bank check, shares of previously acquired Common Stock or pursuant to a cashless exercise procedure approved by the Committee and permitted by law.

Unless otherwise approved by the Company's stockholders, the Board or the Committee may not amend the terms of an option to lower its exercise price, take any other action that is treated as a repricing under generally accepted accounting principles or cancel an option at a time when its exercise price is equal to or greater than the fair market value of the underlying shares of Common Stock, in exchange for another option, restricted stock or other equity award.

Stock Appreciation Rights

A SAR granted under the Incentive Plan entitles the holder, upon exercise, to receive an amount, in cash or shares of Common Stock or a combination thereof (at the discretion of the Committee), equal to the product of (a) the number of shares with respect to which the stock appreciation right is being exercised and (b) the difference between the fair market value of a share of Common Stock on the date the participant exercises the stock appreciation right (or any other exercise price as may be specified in the award) and the exercise price per share.

The Committee may grant SARs to participants at any time in tandem with or independently from any stock option granted. The Committee may impose service or performance-based vesting conditions upon the exercise of a stock appreciation right as it deems appropriate. Unless otherwise provided, a participant may exercise a stock appreciation right granted in tandem with a stock option only at the same time and to the same extent and subject to the same conditions as the related option may be exercised. A participant's exercise of a tandem stock appreciation right will cancel the related option for the shares of Common Stock with respect to which the stock appreciation right is exercised, and vice versa. A participant may exercise tandem stock appreciation rights only when the fair market value of the Common Stock to which it relates exceeds the option exercise price. The Committee may at any time defer delivery of any shares or cash the participant is entitled to receive as payment for a stock appreciation right.

Restricted Stock

The Committee may grant shares of restricted stock to participants in the amounts and upon the terms and conditions that it determines. The Committee will determine the purchase price payable for the shares of

Table of Contents

restricted stock under the Incentive Plan. The purchase price may be as low as zero, but will be no less than the par value of the shares covered by the restricted stock award. The Committee will establish the conditions on the grant or vesting of restricted stock awarded under the Plan (including, without limitation, acceleration of vesting, to the extent permitted by the Committee, in the event of a change in control (as defined by the Committee)).

Except as otherwise determined by the Committee, a participant will have with respect to his or her restricted stock all of the rights of a holder of shares of Common Stock, including the right to receive dividends, the right to vote the shares and, at the time of vesting, the right to tender the shares. The participant will not be permitted to transfer shares of restricted stock before the applicable vesting conditions are satisfied.

Performance-Based Awards

The Committee may condition the exercise, vesting or settlement of an award made under the Incentive Plan on the achievement of specified performance goals. The Committee may make awards performance-based for the award to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

The Committee will determine the performance period and the performance goal or goals to be achieved during any performance period. The performance goals must be expressed as an attainment of target levels or increases or reductions, as the case may be, in any one or more of the following business criteria:

revenue, income or earnings;

profits;

operational cash flow;

public or private debt;

earnings per share or earnings per share from continuing operations;

return on capital employed or on invested capital;

after-tax return on stockholders' equity;

economic value added targets based on cash flow return;

fair market value of Common Stock; and

growth in the value of an investment in Common Stock.

The Committee will also determine whether the performance goals are achieved and the percentage of each performance-based award that the participant has earned. The Committee may reduce the amount payable for a performance-based award, but the Committee may not increase the amount.

Other Equity-Based Awards

The Committee may also grant other types of equity-based awards under the Incentive Plan, including the grant of phantom stock awards, stock bonus awards, restricted stock unit awards and dividend equivalent awards. In addition, the Committee may also grant or offer for sale unrestricted shares of Common Stock. The Committee may determine the amounts and the terms and conditions of the other equity-based awards. The other equity-based awards may involve the transfer of actual shares of Common Stock to participants, or the payment in cash or otherwise of amounts based on the value of shares of Common Stock.

Limits on Transfer of Awards

Except as otherwise provided by the Committee, no award granted under the Incentive Plan may be transferred by any participant, other than on the participant's death to a beneficiary designated by the participant.

Table of Contents

in a manner acceptable to the Committee, or, if no designated beneficiary survives the participant, pursuant to the participant's will or by the laws of descent and distribution. All stock options and stock appreciation rights will be exercisable during the participant's lifetime only by such participant. A participant may transfer tandem stock appreciation rights only with the underlying stock option. A participant may not transfer shares of restricted stock before the shares have vested and are free of any restrictions under the Incentive Plan. Any attempt to transfer any award in violation of the Incentive Plan or law will be void. The Committee may, however, determine that a non-qualified stock option is transferable in whole or in part.

Termination of Employment

The following rules apply with respect to vesting and exercise of awards held by a participant at the time of his or her termination of employment or other service with the Company and its affiliates, unless otherwise determined by the Committee at the grant, or, if the participant's rights are not reduced, after the grant.

Stock Options and Stock Appreciation Rights.

Death. If a participant's employment terminates by reason of his or her death, then any stock option or stock appreciation right held by the participant will become fully exercisable and may be exercised by the participant's beneficiary within one year from the date of death or until the earlier expiration of the award.

Disability. If a participant's employment terminates by reason of his or her disability, then the participant's beneficiary may exercise any stock option or stock appreciation right held by the participant, to the extent exercisable at termination, within one year of the termination or until the earlier expiration of the award. Any stock option or stock appreciation right held by the participant on the date of termination that was not yet exercisable will immediately terminate.

For Cause. If a participant's employment is terminated for cause (as defined in the Incentive Plan), then any stock option or stock appreciation right held by the participant shall terminate immediately.

Other Reason. If a participant's employment is terminated other than for death, disability or cause, then, unless otherwise determined by the Committee, a participant may exercise any stock option or stock appreciation right held by the participant, to the extent exercisable on the termination date, within six months from the termination date or the earlier expiration of the award. Any stock option or stock appreciation right held by the participant that was not yet exercisable will immediately terminate.

Restricted Stock. If a participant's employment is terminated for any reason or no reason, then the participant will automatically forfeit all of his or her shares of restricted stock that have not yet become fully vested, unless otherwise determined by the Committee.

Performance-Based Awards. If a participant's employment is terminated for any reason or no reason, then the participant's outstanding performance-based awards will immediately expire, unless otherwise determined by the Committee. The participant will not be entitled to

receive any amount in respect of the performance period or cycle during which the participant's employment terminated.

Other Equity-Based Awards. If a participant's employment is terminated for any reason or no reason, then rules similar to those relating to restricted stock will apply in connection with other equity-based awards granted under the Incentive Plan that have not yet vested and/or is contingent upon future performance of services.

Amendment and Termination of the Plan

The Board may amend, suspend or terminate the Incentive Plan at any time. The Board, however, may not amend the Incentive Plan without stockholder approval if:

Table of Contents

the amendment increases the number of shares that may be issued under the Incentive Plan or pursuant to any limitations on individual participants, except in the event of a change in the Company's capitalization;

the amendment expands the class of persons eligible to participate under the Incentive Plan;

stockholder approval is required by the Internal Revenue Code or any rules promulgated thereunder; or

stockholder approval is required by the listing requirements of The Nasdaq National Market or any principal securities exchange or market on which Common Stock is then traded.

Any amendment or termination of the Incentive Plan may not affect the rights of any participant under any award previously granted under the Incentive Plan without the participant's consent.

Term of the Plan

The Incentive Plan will terminate on March 12, 2013. The rights of participants with respect to an unexpired award at the time of the Incentive Plan's termination will not be affected solely by reason of the termination, and will continue after the Incentive Plan terminates in accordance with the terms of the award and the Incentive Plan.

U.S. Federal Income Tax Considerations

This summary of some of the significant U.S. Federal income tax consequences of incentive stock options, non-qualified options, stock appreciation rights, shares of restricted stock and performance-based awards under the Incentive Plan is not a complete discussion of all the Federal income tax aspects of the Incentive Plan and does not include any discussion of state, local or foreign income or other tax laws.

Incentive Stock Options. The grant of an incentive stock option under the Incentive Plan will create no income tax consequences to a participant or to the Company. In addition, a participant will not recognize income or gain as a result of exercise of an incentive stock option, except that the alternative minimum tax may apply. Except as described below, any gain or loss the participant realizes on the disposition of Common Stock acquired pursuant to the exercise of an incentive stock option will be treated as a long-term capital gain or loss, and the Company will not be allowed a deduction with respect to the grant or exercise of the incentive stock option. If the participant fails to hold the shares of Common Stock acquired pursuant to the exercise of an incentive stock option for at least two years from the grant date of the incentive stock option and one year from the date of exercise, then the disposition of the shares will be a disqualifying disposition and the participant will recognize ordinary income at the time of the disposition equal to the lesser of:

the gain realized on the disposition; or

the excess of the fair market value of the shares of Common Stock on the date of exercise over the exercise price.

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

The Company generally will be entitled to a deduction in the same amount and at the same time as ordinary income is recognized by the participant. Any additional gain the participant realizes over the fair market value at the time of exercise will be treated as a capital gain. This capital gain will be a long-term capital gain if the Common Stock has been held for more than one year from the date of exercise, otherwise the capital gain will be short-term capital gain. If the amount realized is less than the exercise price, then the difference will be treated as a short-term or long-term capital loss, depending on the participant's holding period.

Non-Qualified Options. The grant of a non-qualified option under the Incentive Plan will create no income tax consequences to the participant or to the Company. However, the participant will recognize ordinary compensation income, or self-employment income if the participant is a non-employee director, when the option is exercised. The participant will treat as ordinary income the amount by which the fair market value of acquired

Table of Contents

Common Stock, determined at the time income is recognized, exceeds the exercise price. The Company generally will be entitled to a deduction in the same amount and at the same time as ordinary income is recognized by the participant. If a participant subsequently disposes of Common Stock acquired through exercise of a non-qualified option, then the participant will recognize capital gain or loss to the extent that the amount realized upon disposition differs from the tax basis of the Common Stock. This capital gain or loss will be short-term or long-term gain or loss, depending on the length of time the participant held the shares after the exercise date.

Stock Appreciation Rights. The grant of a stock appreciation right will create no income tax consequences for the participant or the Company. When a participant exercises a stock appreciation right, the participant will recognize ordinary compensation income equal to the amount of any cash and the fair market value of any shares of Common Stock or other property received, except that if the participant receives an option or shares of restricted stock upon exercise of a stock appreciation right, recognition of income may be deferred in accordance with the rules applicable to such other awards. The Company generally will be entitled to a deduction in the same amount and at the same time as income is recognized by the participant.

Restricted Stock. A participant will not recognize income at the time an award of restricted stock is made under the Incentive Plan unless he or she makes the election described below. If a participant does not make this election, then the participant will recognize ordinary compensation income when all applicable restrictions lapse. The amount of income recognized equals the fair market value on the date the restrictions lapse reduced by the amount, if any, paid by the participant for the restricted stock. The Company generally will be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. Any otherwise taxable disposition of the restricted stock after the end of the applicable restriction period will result in capital gain or loss, which will be long-term or short-term, depending on the length of time the shares of restricted stock are held after the end of the applicable restriction period. Dividends paid in cash and received by a participant before the end of the applicable restriction period will constitute ordinary compensation income to the participant. The Company generally will be entitled to a corresponding deduction for these dividends. Any dividends the Company pays in stock will be treated as an award of additional shares of restricted stock subject to the tax treatment described herein.

A participant may, within thirty days after the date of the award of restricted stock, elect to recognize ordinary compensation income on the date of the award in an amount equal to the fair market value of the restricted stock on the date of the award reduced by the amount, if any, the participant pays for the restricted stock. The Company generally will be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. If the election is made, then any cash dividends received with respect to the restricted stock will be treated as dividend income to the participant in the year of payment, to the extent of the Company's earnings and profits, and will not be deductible by us. Any otherwise taxable disposition of the restricted stock, other than by forfeiture, will result in capital gain or loss, which will be long-term or short-term, depending on the holding period, which starts the day after the grant date. If the participant elects to recognize income at the date of the award and then subsequently forfeits the restricted stock, then the participant will not be entitled to deduct any loss except to the extent of the amount, if any, the participant paid for the restricted stock. However, the Company is required to include as ordinary income the amount of the deduction the Company originally claimed with respect to the forfeited shares.

Performance Shares. The grant of performance shares will create no income tax consequences for the participant or the Company. Upon the receipt of shares of Common Stock at the end of the applicable performance period, the participant will recognize ordinary compensation income equal to the fair market value of the shares of Common Stock received, except that if the participant receives shares of restricted stock in payments of performance shares, recognition of income may be deferred in accordance with the rules applicable to restricted stock. In addition, the participant will recognize ordinary compensation income equal to the dividend equivalents paid on performance shares prior to or at the end of the performance period. The Company will be entitled to a deduction in the same amount and at the same time as income is recognized by the participant.

New Plan Benefits

On January 18, 2005, the Compensation Committee, subject to stockholder approval at the Annual Meeting, granted options to purchase 222,200 shares of Common Stock to employees of the Company who were executive officers under the Incentive Plan, as amended. Except for those grants, the Company cannot currently determine the number or type of awards that may be granted to eligible participants under the Incentive Plan, as amended, in the future. Such determinations will be made from time to time by the Committee.

During 2004, the Committee approved grants of stock options and restricted stock that are not subject to stockholder approval of the proposed amendment to the Incentive Plan. See Executive Compensation and Board of Directors and Corporate Governance-Directors Compensation. During 2004, the Committee had not approved any grants of awards that require stockholder approval of the proposed amendment to the Incentive Plan.

On March 16, 2005, the closing price per share of Common Stock on the Nasdaq National Market was \$17.14.

Vote Required

The affirmative vote of the holders of a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting (assuming a quorum is present) is required for approval of the proposed amendment to the Incentive Plan. Consequently, broker non-votes will have no impact on the approval of the proposed amendment to the Incentive Plan, but abstentions will act as a vote against approval of the proposed amendment. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the above proposal. In the event that the proposed amendment to the Incentive Plan is not approved by the stockholders at the Annual Meeting, the Incentive Plan (except for the proposed amendment) will remain in full force and effect.

THE BOARD RECOMMENDS EACH STOCKHOLDER VOTE FOR THE PROPOSED AMENDMENT TO THE INCENTIVE PLAN. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR SUCH AMENDMENT.

Table of Contents**RATIFICATION OF THE APPOINTMENT OF BDO SEIDMAN, LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS****General**

The Audit Committee has appointed BDO Seidman, LLP as independent registered public accountants to audit the Company's financial statements and management's assessment of internal controls over financial reporting for fiscal year 2005. The Board of Directors is seeking stockholder ratification of the resolution appointing BDO Seidman, LLP as independent registered public accountants for the fiscal year 2005. - (2) Tax fees consist of the aggregate fees billed for professional services rendered by BDO Seidman, LLP for tax compliance, tax advice and tax planning (domestic and international).

The Audit Committee has concluded the provision of the non-audit services listed above is compatible with maintaining the independence of BDO Seidman, LLP, and all such services were approved by the Audit Committee.

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

The Audit Committee is responsible for appointing, setting compensation of, and overseeing the work of the independent auditor. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent auditor.

The service request must be specific as to the particular services to be provided. If the initial assessment from the Company's local management is favorable, the request is forwarded for review to a group whose members come from one or more of the Company's Finance, Legal, Tax and Internal Audit departments. Requests approved by the group are aggregated and submitted to the Audit Committee in one of the following ways:

1. Request for approval of services at a meeting of the Audit Committee; or
2. Request for approval of services by a designated member of the Audit Committee, generally the Chairman of the Audit Committee.

The request must be made for specific services, including a description of the services to be rendered, the type of service (audit or other services), and the duration of the services.

Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent registered public accountant at any time during the year if it feels that such a change would be in the best interest of the Company.

THE BOARD RECOMMENDS EACH STOCKHOLDER VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF BDO SEIDMAN, LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS TO AUDIT THE COMPANY'S FINANCIAL STATEMENTS AND MANAGEMENT'S ASSESSMENT OF INTERNAL CONTROLS OVER FINANCIAL REPORTING FOR THE FISCAL YEAR 2005. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file reports concerning their ownership of Company equity securities with the Securities and Exchange Commission and the Company. Based solely on a review of the copies of such forms furnished to the Company, or written representations that no Form 5 was required to be filed, the Company believes that, during the fiscal year ended December 31, 2004, all of its directors and executive officers complied with the Section 16(a) filing requirements, except that one Form 4 for each of Richard Gray, Richard Harris, Margaretta Noonan and Latham Williams reporting withholding of stock by the Company to satisfy income tax withholding requirements on the vesting of restricted shares and one Form 4 for Neil Funk reporting the grant of restricted shares were inadvertently filed late.

MISCELLANEOUS**Stockholder Proposals**

Proposals which stockholders of the Company intend to present at and have included in the Company's proxy statement for the 2006 annual meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (Rule 14a-8), must be received at the offices of the Company by the close of business on December 4, 2005. In addition, a stockholder who intends to present business other than pursuant to Rule

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

14a-8 at the 2006 annual meeting (including, nominating persons for election as directors) must comply with the requirements set forth in the Company's By-Laws. Among other things, to bring business before an annual meeting, a stockholder must give written notice thereof, complying with the By-Laws, to the Secretary of the Company not less than 45 days and not more than 75 days prior to the first anniversary of the date on which the Company first mailed proxy materials for the preceding year's annual meeting (subject to certain exceptions if the annual meeting is advanced or delayed a certain number of days). Under the By-Laws, if the Company does not receive notice of a stockholder proposal submitted otherwise than pursuant to Rule 14a-8 (*i.e.*, proposals

stockholders intend to present at the 2006 annual meeting but do not intend to include in the Company's proxy statement for such meeting) prior to February 11, 2006, then the notice will be considered untimely and the Company will not be required to present such proposal at the 2006 annual meeting. If the Board chooses to present such proposal at the 2006 annual meeting, then the persons named in proxies solicited by the Board for the 2006 annual meeting may exercise discretionary voting power with respect to such proposal.

Other Matters

The cost of soliciting proxies will be borne by the Company. In addition to soliciting proxies by mail, proxies may be solicited personally, by telephone or by electronic communication by certain officers and other employees of the Company. The Company will reimburse brokers and other nominees for their reasonable expenses in communicating with the persons for whom they hold Common Stock. The Company has retained Georgeson Shareholder Communications to aid in the solicitation at an estimated cost of \$10,000 plus reimbursable out-of-pocket expenses.

Pursuant to the rules of the Securities and Exchange Commission, services that deliver the Company's communications to stockholders that hold their stock through a bank, broker or other holder of record may deliver to multiple stockholders sharing the same address a single copy of the Company's annual report to stockholders and proxy statement. Upon written or oral request, the Company will promptly deliver a separate copy of the annual report to stockholders and/or proxy statement to any stockholder at a shared address to which a single copy of each document was delivered. Stockholders may notify the Company of their requests by calling or writing Latham Williams, Corporate Secretary, Hudson Highland Group, Inc., 622 Third Avenue, 38th Floor, New York, New York 10017.

ANNEX A

HUDSON HIGHLAND GROUP, INC.

LONG TERM INCENTIVE PLAN

(Adopted March 12, 2003

As Amended through February 2, 2005)

1. *General.*

(a) *Purpose.* The purpose of the Hudson Highland Group, Inc. Long Term Incentive Plan (the "Plan") is to establish a flexible vehicle through which Hudson Highland Group, Inc., a Delaware corporation (the "Company"), can offer equity-based compensation incentives to eligible recipients with a view toward promoting the long-term financial success of the Company and enhancing stockholder value.

(b) *Types of Awards.* Awards under the Plan may be in the form of any one or more of the following: (i) stock options, including options intended to qualify as incentive stock options ("ISOs") within the meaning of Section 422 of the Internal Revenue Code of 1986 (the "Code") and options which do not qualify as ISOs ("NQSOs"), described in Section 5; (ii) stock appreciation rights ("SARs") described in Section 6; (iii) awards of restricted stock described in Section 7; (iv) performance-based awards described in Section 8; and (v) such other types of equity-based awards described in Section 9 as the Committee (as defined below) deems advisable.

(c) *Stock Covered by Awards.* Awards made under the Plan will be made in the form of or with reference to shares of the Company's common stock, \$.001 par value ("Common Stock"). Shares of Common Stock available for issuance under the Plan may be either authorized and unissued or held by the Company in its treasury. No fractional shares of Common Stock will be delivered under the Plan.

(d) *Documentation of Awards.* Each award made under the Plan will be evidenced by a written agreement or other written instrument the terms of which will be established by the Committee. To the extent not inconsistent with the provisions of the Plan, the written agreement or other instrument evidencing an award will govern the rights and obligations of the parties with respect to the award.

2. *Administration.*

(a) *Committee.* The Plan will be administered by the Compensation Committee of the Company's Board of Directors (the "Board") or such other committee or subcommittee thereof appointed by the Board from time to time (the "Committee"); provided, however, that the Board will serve as the Committee with respect to awards made to members of the Board who are not employees of the Company or its affiliates. Unless the Board

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

determines otherwise, each member of the Committee will be a non-employee director within the meaning of Rule 16b-3 issued under the Securities Exchange Act of 1934, as amended (the Exchange Act) and an outside director within the meaning of Section 162(m)(4)(C)(i) of the Code and the applicable Treasury regulations thereunder. If for any reason any member of the Committee does not qualify as a non-employee director or as an outside director, such non-qualification will not affect the validity of the awards, interpretations or other actions of the Committee.

(b) *Authority of Committee.* Subject to the limitations of the Plan, the Committee, acting in its sole and absolute discretion, will have full power and authority to: (i) select the persons to whom awards will be made under the Plan; (ii) make awards to such persons and prescribe the terms and conditions of such awards (including, without limitation, nonsolicitation, confidentiality and mandatory dispute resolution conditions); (iii) interpret and apply the provisions of the Plan and of any agreement or other document evidencing an award made under the Plan; (iv) carry out any responsibility or duty specifically reserved to the Committee under the Plan; and (v) make any and all determinations and interpretations and take such other actions as may be necessary or desirable in order to carry out the provisions, intent and purposes of the Plan. A majority of the members of the Committee will constitute a quorum. The Committee may act by the vote of a majority of its members present at a meeting at which there is a quorum or by unanimous written

Table of Contents

consent. The decision of the Committee as to any disputed question, including questions of construction, interpretation and administration, will be final and conclusive on all persons.

(c) *Indemnification.* The Company will indemnify and hold harmless each member of the Committee and any employee or director of the Company or an affiliate to whom any duty or power relating to the administration or interpretation of the Plan is delegated from and against any loss, cost, liability (including any sum paid in settlement of a claim with the approval of the Board), damage and expense (including legal and other expenses incident thereto) arising out of or incurred in connection with the Plan, unless and except to the extent attributable to such person's fraud or willful misconduct.

3. *Participation.* Awards may be granted under the Plan to any member of the Board (whether or not an employee of the Company or an affiliate), to any officer or other employee of the Company or an affiliate and to any consultant or other independent contractor who performs or will perform services for the Company or an affiliate. In selecting participants and determining the nature and terms of awards made under the Plan, the Committee may give consideration to the functions and responsibilities of a potential recipient, his or her previous and/or expected contributions to the business of the Company or its affiliates and such other factors as the Committee deems relevant under the circumstances.

4. Limitations on Awards under the Plan.

(a) *Aggregate Number of Shares.* Subject to adjustment as provided in Section 13 below, the maximum number of shares of Common Stock that may be issued under the Plan is 3,703,626, provided, however, that the aggregate maximum number of shares of Common Stock that may be issued under the Plan pursuant to Sections 7, 8 and 9 below is 1,000,000. In determining the number of shares that remain issuable under the Plan at any time after the date the Plan is adopted, the following shares will be deemed not to have been issued (and will be deemed to remain available for issuance) under the Plan: (i) shares remaining under an award that terminates or is canceled without having been exercised or earned in full; (ii) shares subject to an award where cash is delivered to the holder of the award in lieu of such shares; (iii) shares of restricted stock that are forfeited in accordance with the terms of the applicable award; and (iv) shares that are withheld in order to pay the purchase price of an award or to satisfy the tax withholding obligations associated with an award.

(b) *Individual Award Limitations.* Subject to adjustment as provided in Section 13 below, (i) the maximum number of shares of Common Stock for which stock options or SARs may be granted under the Plan to any person in any calendar year shall be 500,000, and (ii) the aggregate maximum number of shares of Common Stock subject to awards, other than options or SARs, that may be granted under the Plan to any person in any calendar year shall be 500,000. Subject to these limitations, each person eligible to participate in the Plan will be eligible in any year to receive awards covering up to the full number of shares of Common Stock then available for awards under the Plan. No more than \$1,000,000 may be paid to any individual with respect to any single performance-based award covered by Section 8 which is settled in cash. In applying this limitation, multiple performance-based awards to the same individual will be subject to a single \$1,000,000 limit if they are either (i) determined by reference to performance periods of one year or less ending with or within the same fiscal year of the Company, or (ii) determined by reference to one or more multi-year performance periods ending in the same fiscal year of the Company (in each instance, determined without regard to any amounts paid as a result of the acceleration of the ending date of a performance period or of the vesting of such an award arising in connection with the individual's termination of employment or other service or a change in control of the Company (as defined by the Committee)).

5. Stock Options.

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

(a) *ISOs and NQSOs*. Subject to the provisions hereof, the Committee may grant ISOs and NQSOs to eligible personnel to purchase shares of Common Stock upon such terms and conditions as the Committee deems appropriate, provided that the Committee may only grant ISOs to employees of the Company and its subsidiary corporations within the meaning of Section 424 of the Code.

Table of Contents

(b) *Exercise Price.* The exercise price per share of Common Stock covered by an option granted pursuant to this Section 5 will be determined by the Committee when the option is granted. The exercise price per share of Common Stock covered by an option must be at least equal to the Fair Market Value (as defined below) per share of Common Stock on the date the option is granted (or, in the case of an ISO granted to an optionee who, at the time the option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its subsidiary corporations within the meaning of Section 424 of the Code, 110% of the Fair Market Value per share of Common Stock on the date the option is granted).

(c) *Option Period.* Except as otherwise provided herein, if not previously exercised or terminated, all such options will expire ten years after the date the option is granted (or, in the case of an ISO granted to a ten percent stockholder described in Section 424 of the Code, five years).

(d) *Vesting Conditions.* The Committee may establish such vesting and other restrictions on the exercise of an option and/or upon the disposition of the stock acquired upon the exercise of an option as it deems appropriate (including, without limitation, acceleration of vesting, to the extent permitted by the Committee, in the event of a change in control of the Company (as defined by the Committee)). Unless the Committee prescribes otherwise, during an optionee's employment or service with the Company or an affiliate, each option granted pursuant to this Section 5 will be subject to a four-year vesting schedule pursuant to which, unless sooner terminated or accelerated, the option will become vested as to 25% of the shares originally covered thereby at the end of each of the first four years following the date of grant.

(e) *Exercise of Options.* An option may be exercised by transmitting to the Company (i) a notice specifying the number of shares to be purchased and (ii) payment of the exercise price. The Committee may establish such rules and procedures as it deems appropriate for the exercise of options under the Plan, including, without limitation, procedures for telephonic exercise. The exercise price of shares of Common Stock acquired pursuant to the exercise of an option granted under the Plan may be paid in cash, certified or bank check and/or such other form of payment as may be approved by the Committee from time to time and permitted under applicable law, including, without limitation, shares of Common Stock which, if acquired from the Company, have been owned by the holder (free and clear of any liens or encumbrances) for at least six (6) months or pursuant to a cashless exercise procedure approved by the Committee and permitted by law.

(f) *Rights as a Stockholder.* No shares of Common Stock will be issued in respect of the exercise of an option granted under the Plan until full payment therefor has been made. The holder of an option will have no rights as a stockholder with respect to any shares covered by an option until the date a stock certificate for such shares is issued to him or her. Except as otherwise provided herein, no adjustments shall be made for dividend distributions or other rights for which the record date is prior to the date such stock certificate is issued.

(g) *Limitation on Repricing of Options.* Unless and to the extent otherwise approved by the Company's stockholders, under no circumstances may the Board or the Committee authorize a Repricing (as defined below) of any outstanding options. For these purposes, a Repricing means any of the following (or any other action that has the same effect as any of the following): (i) amending the terms of an option to lower its exercise price, (ii) any other action that is treated as a repricing under generally accepted accounting principles, or (iii) canceling an option at a time when its exercise price is equal to or greater than the fair market value of the underlying Common Stock, in exchange for another option, restricted stock, or other equity award, unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction.

(h) *Other Provisions.* The Committee may impose such other conditions with respect to the exercise of options, including, without limitation, any conditions relating to the application of federal or state securities laws or exchange or listing requirements, as it may deem necessary or advisable.

Table of Contents

6. Stock Appreciation Rights.

(a) *General.* Subject to the provisions hereof, the Committee may award SARs to eligible personnel upon such terms and conditions as it deems appropriate. A SAR is an award entitling the holder, upon exercise, to receive an amount, in cash or shares of Common Stock or a combination thereof, as determined by the Committee in its sole discretion, determined with reference to the appreciation, if any, in the Fair Market Value of Common Stock during the period beginning on the date the SAR is granted and ending on the date the SAR is exercised.

(b) *Types of SARs.* SARs may be awarded under the Plan in conjunction with a stock option award (tandem SARs) or independent of any stock option award (stand-alone SARs). Tandem SARs awarded in conjunction with a NQSO may be awarded either at or after the time the NQSO is granted. Tandem SARs awarded in conjunction with an ISO may only be awarded at the time the ISO is granted.

(c) *Exercisability of SARs.* Except as otherwise provided herein, a tandem SAR will be exercisable only at the same time and to the same extent and subject to the same conditions as the related option is exercisable. The exercise of a tandem SAR will cancel the related option to the extent of the shares of Common Stock with respect to which the SAR is exercised, and vice versa. Tandem SARs may be exercised only when the Fair Market Value of the Common Stock to which it relates exceeds the option exercise price. The Committee may impose such additional service or performance-based vesting conditions upon the exercise of a SAR (tandem or stand-alone) as it deems appropriate.

(d) *Exercise of SARs.* A SAR may be exercised by giving written notice to the Company identifying the SAR that is being exercised, specifying the number of shares covered by the exercise and containing such other information or statements as the Committee may require. The Committee may establish such rules and procedures as it deems appropriate for the exercise of SARs under the Plan, including, without limitation, procedures for telephonic exercise. Upon the exercise of a SAR, the holder will be entitled to receive an amount (in cash and/or shares of Common Stock as determined by the Committee) equal to the product of (i) the number of shares with respect to which the SAR is being exercised and (ii) the difference between the Fair Market Value of a share of Common Stock on the date the SAR is exercised (or such other exercise price as may be specified in the award) and the exercise price per share of the SAR.

(e) *Deferral of Payment.* The Committee may at any time and from time to time provide for the deferral of delivery of any shares and/or cash for which an SAR may be exercisable until such date or dates and upon such other terms and conditions as the Committee may determine.

7. Restricted Stock.

(a) *General.* Subject to the provisions hereof, the Committee may award shares of Common Stock to eligible personnel upon such terms and subject to such forfeiture and other conditions as the Committee deems appropriate.

(b) *Stock Certificates for Restricted Stock.* Unless the Committee elects to use a different method (such as, for example, the issuance and delivery of stock certificates) shares of restricted stock will be evidenced by book entries on the Company's stock transfer records pending the expiration of restrictions thereon. If a stock certificate for restricted stock is issued in the name of the grantee, it will bear an appropriate legend to reflect the nature of the restrictions applicable to the shares represented by the certificate, and the Committee may require that such stock certificates be held in custody by the Company until the restrictions on such shares have lapsed. The Committee may establish such other conditions as it deems appropriate in connection with the issuance of stock certificates for shares of restricted stock, including, without limitation, a requirement that the grantee deliver a duly signed stock power, endorsed in blank, for the shares covered by the award.

(c) *Purchase Price.* The purchase price payable for shares of restricted stock awarded under the Plan will be determined by the Committee. To the extent permitted by applicable law, the purchase price may be as low as zero and, to the extent required by the applicable law, the purchase price will be no less than the par value of the shares covered by the award.

A-4

(d) *Restrictions and Vesting.* The Committee will establish such conditions as it deems appropriate on the grant or vesting of restricted stock awarded under the Plan (including, without limitation, acceleration of vesting, to the extent permitted by the Committee, in the event of a change in control of the Company (as defined by the Committee)). Such conditions may be based upon continued service, the attainment of performance goals (which, in the case of grants of restricted stock intended to qualify for the performance-based compensation exception under Section 162(m)(4)(C) of the Code, satisfy the requirements of Section 8) and/or such other relevant factors or criteria designated by the Committee. The holder of restricted stock will not be permitted to transfer shares of restricted stock awarded under the Plan before the time the applicable vesting conditions are satisfied.

(e) *Rights as a Stockholder.* Except as provided herein and as otherwise determined by the Committee, the recipient of a restricted stock award shall have with respect to his or her restricted stock all of the rights of a holder of shares of Common Stock, including, without limitation, the right to receive any dividends, the right to vote such shares and, subject to satisfaction of the applicable vesting conditions, the right to tender such shares. The Committee may, in its sole discretion, determine at the time of grant that the payment of dividends will be deferred until, and conditioned upon, the satisfaction of the applicable vesting conditions.

(f) *Lapse of Restrictions.* If and when the vesting conditions are satisfied with respect to a restricted stock award, a certificate for the shares covered by the award, to the extent vested, will be delivered to the grantee. All legends shall be removed from said certificates at the time of delivery except as otherwise required by applicable law.

8. Performance-Based Awards.

(a) *General.* Subject to the provisions hereof, the Committee may condition the exercise, vesting or settlement of an award made under the Plan on the achievement of specified performance goals. The provisions of this Section will apply in the case of a performance-based award that is intended to generate qualified performance-based compensation within the meaning of Section 162(m) of the Code.

(b) *Objective Performance Goals.* A performance goal established in connection with an award covered by this Section must be (1) objective, so that a third party having knowledge of the relevant facts could determine whether the goal is met, (2) prescribed in writing by the Committee before the beginning of the applicable performance period or at such later date (when fulfillment is substantially uncertain) as may be permitted under Section 162(m) of the Code, and (3) expressed in the following manner with respect to any one or more of the following business criteria:

(i) attainment of certain target levels of, or a specified percentage increase in, revenues, income before income taxes and extraordinary items (determined in accordance with standards established by Opinion No. 30 of the Accounting Principles Board), net income, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing;

(ii) attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits;

(iii) attainment of certain target levels of, or a specified increase in, operational cash flow;

(iv) achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Committee;

(v) attainment of a specified percentage increase in earnings per share or earnings per share from continuing operations;

(vi) attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital;

(vii) attainment of certain target levels of, or a percentage increase in, after-tax return on stockholders' equity;

(viii) attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula;

(ix) attainment of certain target levels in the Fair Market Value of the Common Stock; and

(x) growth in the value of an investment in the Company's Common Stock assuming the reinvestment of dividends.

If and to the extent permitted under Section 162(m) of the Code, such performance goals may be determined without regard to (or adjusted for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar types of events or circumstances occurring during the applicable performance period. The Committee may not delegate any responsibility with respect to the establishment or determination of performance goals to which awards covered by this Section are subject.

(c) *Calculation of Performance-Based Award.* At the expiration of the applicable performance period, the Committee will determine the extent to which the performance goals established pursuant to this Section are achieved and the percentage of each performance-based award that has been earned. The Committee may reduce the amount that would otherwise be payable pursuant to an award covered by this Section, but may not exercise its discretion to increase such amount.

9. *Other Equity-Based Awards.* Subject to the provisions hereof, the Committee may grant other types of equity-based awards, including, without limitation, the grant or offer for sale of unrestricted shares of Common Stock and/or the grant of phantom stock awards, stock bonus awards, restricted stock unit awards and dividend equivalent awards, in such amounts and subject to such terms and conditions as the Committee shall determine. Awards pursuant to this Section 9 may entail the transfer of actual shares of Common Stock to Plan participants, or payment in cash or otherwise of amounts based on the value of shares of Common Stock and may include, without limitation, awards designed to comply with or take advantage of the applicable local laws or jurisdictions other than the United States.

10. *Fair Market Value of Common Stock.* For all purposes of the Plan, the Fair Market Value of a share of Common Stock on any date will be equal to the closing price per share as published by the principal national securities exchange (including, but not limited to, Nasdaq) on which shares of the Common Stock are traded on such date or, if there is no sale of Common Stock on such date, the average of the bid and asked prices on such exchange at the close of trading on such date, or if shares of the Common Stock are not listed on a national securities exchange on such date, the closing price or, if none, the average of the bid and asked prices in the over the counter market at the close of trading on such date, or if the Common Stock is not traded on a national securities exchange or the over the counter market, the value of a share of the Common Stock on such date as determined in good faith by the Committee.

11. *Non-Transferability of Awards.* No stock option, SAR, performance-based award or other equity-based award under the Plan shall be transferable by the recipient other than upon the recipient's death to a beneficiary designated by the recipient in a manner acceptable to the Committee, or, if no designated beneficiary shall survive the recipient, pursuant to the recipient's will or by the laws of descent and distribution. All stock options and SARs shall be exercisable during the recipient's lifetime only by the recipient. Tandem SARs shall be transferable, to the extent permitted above, only with the underlying stock option. Shares of restricted stock may not be transferred prior to the date on which shares are issued or, if later, the date on which such shares have vested and are free of any applicable restriction imposed hereunder. Except as

otherwise specifically provided by law or the provisions hereof, no award received under the Plan may be transferred in any manner, and any attempt to transfer any such award shall be void, and no such award shall in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any person who shall be entitled to such award, nor shall it be subject to attachment or legal process for or against such person. Notwithstanding the foregoing, the

Committee may determine at the time of grant or thereafter that a NQSO is transferable in whole or part to such persons, under such circumstances, and subject to such conditions as the Committee may prescribe.

12. *Effect of Termination of Employment or Service.* Unless otherwise determined by the Committee at grant or, if no rights of the participant are thereby reduced, thereafter, and subject to earlier termination in accordance with the provisions hereof, the following rules apply with regard to vesting and exercise of awards held by a participant at the time of his or her termination of employment or other service with the Company and its affiliates.

(a) *Rules Applicable to Stock Options and SARs.*

(i) *Termination by Reason of Death.* If a participant's employment or service terminates by reason of his or her death, then any stock option or SAR held by the deceased participant will thereupon become fully exercisable and may be exercised by the deceased participant's beneficiary at any time within one year from the date of death, but in no event after expiration of the stated term thereof, and shall thereupon terminate.

(ii) *Termination by Reason of Disability.* If a participant's employment or service terminates by reason of his or her disability (as defined below), then (1) any stock option or SAR held by the participant, to the extent exercisable on the termination date, may be exercised by the participant at any time within one year from the termination date, but in no event after expiration of the stated term thereof, and shall thereupon terminate, provided that, if the participant dies during such one-year period, then the deceased participant's beneficiary may exercise the option or SAR, to the extent exercisable by the deceased participant immediately prior to his or her death, for a period of one year following the date of death, but in no event after expiration of the stated term, and (2) any stock option or SAR held by the participant, to the extent not exercisable on the termination date, shall immediately terminate. For the purposes hereof, unless otherwise determined by the Committee at the time of grant, the term disability means the inability of a participant to perform the customary duties of his or her employment or other service for the Company or an affiliate by reason of a physical or mental incapacity or illness which is expected to result in death or be of indefinite duration.

(iii) *Termination for Cause.* If a participant's employment or service is terminated by the Company or its affiliates for Cause (or at a time when grounds for a termination for Cause exist), then, notwithstanding anything to the contrary contained herein, any stock option or SAR held by the optionee, whether or not otherwise exercisable on the termination date, shall immediately terminate and cease to be exercisable. A termination for Cause means (1) in the case where there is no employment, consulting or similar service agreement between the participant and the Company Group or where such an agreement exists but does not define cause (or words of like import), a termination classified by the Company or its affiliates, in their sole discretion, as a termination due to the participant's dishonesty, fraud, insubordination, willful misconduct, refusal to perform services or materially unsatisfactory performance of duties, or (2) in the case where there is an employment, consulting or similar service agreement between the participant and the Company or its affiliates that defines cause (or words of like import), a termination that is or would be deemed for cause (or words of like import) as classified by the Company or its affiliates, in their sole discretion, under such agreement.

(iv) *Other Termination.* If a participant's employment or service terminates for any reason other than described in Section 12(a)(i), 12(a)(ii) or 12(a)(iii) above, then, unless otherwise determined by the Committee, (1) any stock option or SAR held by the participant, to the extent exercisable on the termination date, may be exercised by the participant at any time within a period of six months from the termination date, but in no event beyond the expiration of the stated term thereof, and shall thereupon terminate, and (2) any stock option or SAR held by the participant, to the extent not exercisable on the termination date, shall immediately terminate.

(b) *Rules Applicable to Restricted Stock.* Upon the termination of a participant's employment or service for any reason (including death and disability) or no reason, restricted stock which has not yet become fully

vested will, unless otherwise determined by the Committee, automatically be forfeited by the participant (or the participant's successors) and any certificate therefor or book entry with respect thereto or other evidence thereof will be canceled.

(c) *Rules Applicable to Performance-Based Awards.* Upon termination of a participant's employment or service for any reason (including death and disability) or no reason, then the participant's outstanding performance-based awards will, unless otherwise determined by the Committee, thereupon expire and the participant (or his or her beneficiary, as the case may be) will not be entitled to receive any amount in respect of the performance period or cycle within which the participant's employment or service is terminated.

(d) *Rules Applicable to Other Equity-Based Awards.* Rules similar to those set forth in subsection (b) (relating to restricted stock awards) will apply in connection with the termination of employment or service of a participant who holds any other form of equity-based award granted under the plan that has not yet vested and/or is contingent upon future performance of services.

13. *Capital Changes.*

(a) *Adjustments Upon Changes in Capitalization.* The aggregate number and class of shares for which may be issued under the Plan, the maximum number of shares covered by awards that may be granted to any individual in any calendar year, the number and class of shares covered by each outstanding award and, if applicable, the exercise price per share shall all be adjusted proportionately or as otherwise appropriate to reflect any increase or decrease in the number of issued shares of Common Stock resulting from a split-up or consolidation of shares or any like capital adjustment, or the payment of any stock dividend, and/or to reflect a change in the character or class of shares covered by the Plan arising from a readjustment or recapitalization of the Company's capital stock.

(b) *Fractional Shares.* In the event of any adjustment in the number of shares covered by any option or SAR pursuant to the provisions hereof, any fractional shares resulting from such adjustment will be disregarded, and each such option or SAR will cover only the number of full shares resulting from the adjustment.

(c) *Determination of Board to be Final.* All adjustments under this Section shall be made by the Board, and its determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive.

14. *Amendment and Termination.* The Board may amend or terminate the Plan, provided, however, that no such action may affect adversely the accrued rights of the holder of any outstanding award without the consent of the holder. Except as otherwise provided in Section 13, any amendment which would increase the maximum number of shares of Common Stock which may be issued under the Plan (on an aggregate or individual basis) or the aggregate maximum number of shares which may be issued pursuant to Sections 7, 8 and 9 of the Plan or modify the class of recipients eligible to receive awards under the Plan shall be subject to the approval of the Company's stockholders. The Committee may amend the terms of any agreement or certificate made or issued hereunder at any time and from time to time provided, however, that any amendment which would adversely affect the accrued rights of the holder may not be made without his or her consent.

15. *Tax Withholding.* As a condition to the exercise of any award or the delivery of any shares of Common Stock pursuant to any award or the lapse of restrictions on any award, or in connection with any other event that gives rise to a federal or other governmental tax withholding obligation on the part of the Company or its affiliates relating to an award, (a) the Company or its affiliates may deduct or withhold (or cause to be deducted or withheld) from any payment or distribution to an award recipient whether or not pursuant to the Plan, or (b) the Company or its

Edgar Filing: HUDSON HIGHLAND GROUP INC - Form DEF 14A

affiliates shall be entitled to require that the recipient remit cash to the Company or its affiliates (through payroll deduction or otherwise), in each case in an amount sufficient to satisfy such withholding obligation. If the event giving rise to the withholding obligation involves a transfer of shares of Common Stock, then, at the sole discretion of the Committee, the recipient may satisfy the withholding

obligation described under this Section 15 by electing to have the Company withhold shares of Common Stock (which withholding shall be at a rate not in excess of the statutory minimum rate) or by tendering previously-owned shares of Common Stock, in each case, having a Fair Market Value equal to the amount of tax to be withheld (or by any other mechanism as may be required or appropriate to conform with local tax and other rules).

16. *Compliance with Law.* Shares of Common Stock shall not be issued pursuant to the Plan unless the issuance and delivery of such shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act, the Exchange Act and the requirements of any stock exchange or market upon which the Common Stock may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance. All certificates for shares of Common Stock delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange or market upon which the Common Stock may then be listed, and any applicable federal or state securities law. The Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.

17. *No Rights Conferred.* Nothing contained herein will be deemed to give any individual any right to receive an award under the Plan or to be retained in the employ or other service of the Company or any affiliate of the Company.

18. *Governing Law.* The Plan and each award agreement shall be governed by the laws of the State of Delaware, without regard to its principles of conflicts of law.

19. *Decisions and Determinations of Committee to be Final.* Any decision or determination made by the Board pursuant to the provisions hereof and, except to the extent rights or powers under the Plan are reserved specifically to the discretion of the Board, all decisions and determinations of the Committee are final and binding.

20. *Term of the Plan.* The Plan shall be effective upon its adoption by the Board, subject to the approval of the stockholders of the Company within one year from the date of adoption by the Board. The Plan will terminate on the tenth anniversary of the date of its adoption by the Board, unless sooner terminated by the Board. The rights of any person with respect to an award made under the Plan that is outstanding at the time of the termination of the Plan shall not be affected solely by reason of the termination of the Plan and shall continue in accordance with the terms of the award (as then in effect or thereafter amended) and the Plan.
