PROXY STATEMENT

March 24, 2005

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Southwest Gas Corporation (the Company) of proxies representing the common stock of the Company (the Common Stock) to be voted at the Annual Meeting of Shareholders of the Company to be held on May 5, 2005, in the convention facilities at the Rio Pavilion Convention Center, Rio All-Suite Casino Resort, 3700 West Flamingo Road, Las Vegas, Nevada, commencing at 10:00 a.m. and at any adjournment thereof. This Proxy Statement and accompanying proxy card are first being mailed to shareholders on or about March 24, 2005.

A form of proxy is enclosed for your use. The Company will acknowledge revocation of any proxy upon request of the record holder made in person or in writing prior to the exercise of the proxy, or upon receipt of a valid proxy bearing a later date. Delivery of a revocation or valid proxy bearing a later date shall be made to the Corporate Secretary of the Company. If a shareholder executes two or more proxies with respect to the same shares, the proxy bearing the most recent date will be honored if otherwise valid. All shares represented by valid proxies will be voted at the Annual Meeting. Where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, his or her shares will be voted in accordance with each specification so made.

The entire cost of soliciting proxies will be paid by the Company. In following up on the original mail solicitation of proxies, the Company will make arrangements with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy materials to the beneficial owners of Common Stock and will reimburse them for their expenses in so doing. Under an agreement with the Company, Morrow & Co. will assist in obtaining proxies from certain larger and other shareholders at an estimated cost of \$5,500 plus certain expenses.

The total number of shares of Common Stock outstanding at the close of business on March 8, 2005 (the Record Date) was 37,209,675. Only holders of Common Stock on the Record Date are entitled to notice of and to vote at the Annual Meeting. The Company will appoint either one or three inspectors of election in advance of the meeting to tabulate votes, to ascertain whether a quorum is present, and to determine the voting results on all matters presented to shareholders. A majority of all shares of Common Stock entitled to vote, represented in person or by proxy, constitutes a quorum. Abstentions and broker non-votes are each included in the determination of the number of shares present; however, they are not counted for the purpose of determining the election of each nominee for director or as an affirmative vote for the ratification of PricewaterhouseCoopers LLP as the Company's independent accountants.

Each share of Common Stock is entitled to one vote. Shareholders have cumulative voting rights with respect to the election of directors, if certain conditions are met. Any shareholder otherwise entitled to vote may cumulate his or her votes for a candidate or candidates placed in nomination at the meeting if, prior to the voting, he or she has given notice at the meeting that he or she intends to cumulate his or her votes. A shareholder electing to cumulate his or her votes may cast as many votes as there are directors to be elected, multiplied by the number of shares of Common Stock standing in his or her name on the books of the Company at the close of business on the Record Date. A shareholder may cast all of his or her votes for one candidate or allocate

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

them among two or more candidates in any manner he or she chooses. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination.

Table of Contents

The persons named in the proxies solicited by the Board of Directors (the Board), unless otherwise instructed, intend to vote the shares represented by such proxies:

- * FOR ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants; and
- * In the case of the election of directors, equally FOR each of the 12 candidates for director named in this Proxy Statement. HOWEVER, if sufficient numbers of shareholders exercise cumulative voting rights to elect one or more other candidates, the management proxies will (i) determine the number of directors they are entitled to elect, (ii) select such number from among the named candidates, (iii) cumulate their votes, and (iv) cast their votes for each candidate among the number they are entitled to elect.

GOVERNANCE OF THE COMPANY

Board of Directors

Under the provisions of the California Corporations Code and the Company's Bylaws, the Company's business, property and affairs are managed by or under the direction of the Board. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

The Board has determined that directors Chestnut, Cortez, Gardner, Hanneman, Hartley, Kropid, Melarkey, Sparks and Wright have no material relationships with the Company and are independent. In making this determination, the Board has limited the definition of material relationship for all directors to criteria listed in Section 303A of the Listing Rules of the New York Stock Exchange (NYSE). For directors serving on the Audit Committee, the definition of material relationship also includes the criteria listed in Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act) and Section 303.01 of the Listing Rules of the NYSE. For directors serving on the Compensation Committee, the definition of material relationships also includes the criteria listed in Section 16(b) of the Exchange Act and Section 162(m) of the Internal Revenue Code. The Board based these determinations primarily on a review of the responses of the directors and executive officers to questions regarding employment and compensation history, affiliations and family relationships and on discussions with directors.

Regular meetings of the Board are scheduled for the third Tuesday of January, September and November, the first Tuesday of March, the fourth Tuesday of July, and the Wednesday before the Annual Meeting in May. An organizational meeting is also held immediately following the Annual Meeting of Shareholders. The Board held six regular meetings, one special meeting, and one organizational meeting in 2004. Each incumbent director attended more than 75% of the meetings of the Board and committees on which he or she served during 2004. At least quarterly, the independent directors meet in executive session without members of management. These sessions are presided over by Thomas Y. Hartley, the Chairman of the Board (the Presiding Director).

Committees of the Board

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

The permanent committees of the Board consist of Audit, Compensation, Nominating and Corporate Governance, and Pension Plan Investment. Each committee has established responsibilities, while Audit, Compensation, and Nominating and Corporate Governance have detailed charters designed to satisfy the Listing Rules of the NYSE. The members of the Audit, Compensation, and Nominating and Corporate Governance are comprised solely of independent directors as outlined above.

Table of Contents

The *Audit Committee*, whose functions are discussed here and below under the captions *Selection of Independent Accountants* and *Audit Committee Report*, consists of directors Cortez (Chairman), Chestnut, Gardner, Hartley, and Wright. The committee meets periodically with management to consider, among other things, the adequacy of the Company's internal controls and financial reporting process. It also discusses these matters with the Company's independent accountants, internal auditors and Company financial personnel. The Board has determined that directors Gardner and Hartley, who are independent, both qualify as an *audit committee financial expert*, as the term is defined in Item 401(h) of Regulation S-K under the Exchange Act.

The *Compensation Committee* makes recommendations to the Board on such matters as directors' fees and benefit programs, executive compensation and benefits, and compensation and benefits for all other Company employees. The committee is also responsible for the *Executive Compensation Report* and related disclosures contained in this Proxy Statement. The committee consists of directors Sparks (Chairperson), Hanneman, Kropid, and Melarkey.

The *Nominating and Corporate Governance Committee* makes recommendations to the Board regarding nominees to be proposed by the Board for election as directors, evaluates the size, composition, organization, processes, and practices of the Board and Board committees, and establishes the criteria for the selection of directors. The committee will consider written suggestions from shareholders regarding potential nominees for election as directors. The process for selecting directors is addressed in more detail below under the caption *Selection of Directors*. The committee is also charged with the responsibility of developing and recommending to the Board corporate governance principles and compliance programs for the Company. The committee consists of directors Wright (Chairman), Chestnut, Cortez, Gardner, and Hartley.

The *Pension Plan Investment Committee* establishes, monitors, and oversees, on a continuing basis, asset investment policy and practices for the retirement plan. The committee consists of directors Kropid (Chairman), Biehl, Hanneman, Maffie, Melarkey, and Sparks.

During 2004, the Audit Committee held seven meetings, the Compensation Committee held four meetings, the Nominating and Corporate Governance Committee held four meetings, and the Pension Plan Investment Committee held three meetings. The Executive Committee, which was dissolved on March 8, 2005, held no meetings.

The charters for the Audit, Compensation, and Nominating and Corporate Governance Committees, the Company's corporate governance guidelines, and code of conduct that applies to all employees, officers and directors are available on the Company's website at: <http://www.swgas.com/investorrelations>. Print versions of these documents are available to shareholders upon request directed to the Corporate Secretary, Southwest Gas Corporation, 5421 Spring Mountain Road, Las Vegas, NV 89150.

Selection of Directors

The Board believes that it should be comprised of individuals with varied, complementary backgrounds, who possess certain core competencies, some of which may include broad experience in business, finance or administration, and familiarity with national and international business matters and the energy industry. Additional factors that will be considered in the selection process include the following:

- * Independence from management;
- * Diversity, age, education, and geographic location;

Table of Contents

- * Knowledge and business experience;
- * Integrity, leadership, reputation, and ability to understand the Company's business;
- * Existing commitments to other businesses and boards; and
- * The size of the Board and composition of the existing directors.

The Nominating and Corporate Governance Committee will consider candidates for directors suggested by shareholders applying the criteria for candidates described above and considering the additional information referred to below. Shareholders wishing to suggest a candidate should write to the Company's Corporate Secretary and include:

- * A statement that the writer is a stockholder and is proposing a candidate for consideration as a director nominee;
- * The name of and contact information for the candidate;
- * A statement of the candidate's business and educational experience;
- * Information regarding each of the factors listed above, sufficient to enable the committee to evaluate the candidate;
- * A statement detailing any relationship between the candidate and the Company, Company affiliates, and any competitor of the Company;
- * Detailed information about any relationship or understanding between the proposing stockholder and the candidate; and
- * The candidate's written consent to being named a nominee and serving as a director if elected.

When seeking a candidate for director, the committee may solicit suggestions from incumbent directors, management or others. The committee may also retain a search firm to identify potential candidates. The Nominating and Corporate Governance Committee recommended the existing directors as the director nominees for this year's election.

Shareholders may also nominate a person for election to the Board at an annual meeting of shareholders by giving written notice to the Company not less than 20 days prior to the first anniversary of the preceding year's annual meeting or within 10 days after notice is mailed or public disclosure is made regarding a (i) change of the annual meeting by more than 30 days or (ii) special meeting at which directors are to be elected. For this year's Annual Meeting, such notice must be received by the Company on or before April 15, 2005. In order to make such a nomination, the stockholder is required to include in the written notice the following:

- * As to each person whom the stockholder proposes to nominate for election or reelection as a director all the information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

required, pursuant to Regulation 14A of the Exchange Act, as amended;

- * Each person's written consent to being named a nominee and serving as a director if elected;
- * The name and address of the proposing stockholder or beneficial owner; and
- * The class and number of shares of the Company held directly or indirectly by the proposing stockholder.

Table of Contents

Shareholder Nominees

No shareholder proposed director nominees were submitted to the Nominating and Corporate Governance Committee for consideration at this year's Annual Meeting.

Directors Compensation

Outside directors receive an annual retainer of \$30,000, plus \$1,250 for each Board of Directors or committee meeting attended and for any additional day of service committed to the Company. Committee chairpersons receive an additional \$1,000 for each committee meeting attended. The Chairman of the Board of Directors receives an additional \$50,000 annually for serving in that capacity. Directors who are full-time employees of the Company or its subsidiaries receive no additional compensation for serving on the Board of Directors.

Each outside director received on May 6, 2004, options to purchase 3,000 shares of the Company's Common Stock under the provisions of the 2002 Stock Incentive Plan (the "2002 Option Plan"). The purchase price for the options is the market price of the Common Stock on the date granted. The options will become exercisable in increments, over three years, commencing with the first anniversary of the grant. Additional options to purchase 3,000 shares of Common Stock will be granted to each outside director on the date of each Annual Meeting of Shareholders during the 10-year term of the 2002 Option Plan. All options granted to the outside directors will expire 10 years after the date of each grant.

Outside directors may defer their compensation until retirement or termination of their status as directors. Amounts deferred bear interest at 150% of the Moody's Seasoned Corporate Bond Rate. At retirement or termination, such deferrals will be paid out over 5, 10, 15, or 20 years and be credited during the applicable payment period with interest at 150% of the average of the Moody's Seasoned Corporate Bond Rate on January 1 for the five years prior to distribution.

The Company also provides a retirement plan for certain current non-management directors. Non-management directors elected to the Board prior to the 2003 Annual Meeting of Shareholders are eligible to participate in the plan. Under the provisions of the plan, a non-management director who satisfies the plan age and years of service requirements can retire and receive a benefit equal to the annual retainer at the director's retirement.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee through the 2004 Annual Meeting of Shareholders were directors Judd, Cortez, Hanneman, Hartley, Kropid, and Sparks. After the Annual Meeting, the members of the committee were directors Sparks, Hanneman, Kropid, and Melarkey, the current members of the committee. None of the members have ever been an officer or employee of the Company or any of its subsidiaries, and no compensation committee interlocks existed during 2004.

Director Attendance at Annual Meetings

The Company normally schedules Board meetings in conjunction with the Annual Meeting and expects that each of the directors will attend the Board and Annual meetings. Last year, all of the director nominees attended the 2004 Annual Meeting. The four directors who were not standing for election, however, did not attend the Annual Meeting.

EXECUTIVE COMPENSATION AND BENEFITS

Executive Compensation Report

The Compensation Committee of the Board of Directors (the Committee) administers the Company's executive compensation program. Under the supervision of the Committee, the Company has developed and implemented an executive compensation program designed to satisfy the following objectives:

- * reasonableness;
- * competitiveness;
- * internal equity; and
- * performance.

These objectives are addressed through industry-based compensation comparisons and incentive plans that focus on specific annual and long-term Company financial and productivity performance goals.

Base Compensation. The nature of the Company's operation has historically led to the use of compensation systems widely used in industry, weighted for utility companies, and accepted by various utility regulatory agencies. Companies of comparable size, used to establish the peer group index for the Performance Graph, were factored into the compensation review. Other utility and general industry surveys were also used to assess the Company's compensation program. Continued use of these systems is designed to address the first three compensation objectives. A range of salaries that are comparable with industry levels provides an objective standard to judge the reasonableness of the Company's salaries, maintains the Company's ability to compete for and retain qualified executive officers, and provides a means for ensuring that responsibilities are properly rewarded. Salaries for the Company's executives are set relative to the midpoint levels for their positions based on this industry comparison. Compensation above these levels is tied to achieving specific financial and productivity performance goals.

Performance-Based Compensation. The fourth objective of the Company's compensation program, performance, is addressed through the Company's Management Incentive Plan (the MIP) and Option Plans, collectively referred to as the Incentive Plans. The Incentive Plans are designed to retain key management employees and to focus on specific annual and long-term Company financial and productivity performance goals. Financial, productivity, and customer satisfaction factors are incorporated in the MIP, while the Option Plans are designed to enable executives to benefit from increases in the price of the Company's Common Stock thereby aligning their economic interests with those of the Company's shareholders.

Under the MIP, an incentive opportunity, expressed as a percentage of salary, is established annually for each executive officer. The maximum award opportunities cannot exceed 140% of the targeted awards for meeting the performance goals. Awards under the MIP are determined based on the Company's annual return-on-equity performance, customer-to-employee ratios, and customer service satisfaction targets. The financial performance factors used to make this determination involve the average of the

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

Company's return-on-equity performance over the last three years (which is weighted and adjusted for inflation) and the Company's current utility return-on-equity performance in comparison to a peer group of natural gas distribution companies. The productivity performance factors used to make this determination involve a specific target of Company customer-to-employee ratio,

Table of Contents

actual customer-to-employee ratio in comparison to a peer group of natural gas distribution companies, and customer service satisfaction experienced throughout the Company's operating divisions as measured by an independent outside entity. Each of the five factors is equally weighed. If the threshold percentage for any factor is achieved, a percentage of annual performance awards will have been earned. While the financial factors incorporated in the MIP are significant to shareholder interests, customer satisfaction and productivity factors are significant to customer interests. In prior regulatory proceedings, the Company's regulatory commissions have insisted that these customer factors be included in the MIP in order to recover the cost of the program in the Company's natural gas rates. Regardless of whether such awards are earned, no awards will be paid unless the Common Stock dividend paid by the Company equals or exceeds the prior year's dividend.

If annual performance awards are earned and payable, payment of the awards will be subject to a possible downward adjustment depending upon satisfaction of individual performance goals. The Committee will make such a determination for the Company's chief executive officer's individual performance, who, in turn, will make a like determination for the other executive officers. Further, the annual awards will be split, with 40% paid in cash and the remaining 60% converted into performance shares tied to the value of the Company's Common Stock on the date of the awards. The performance shares will be restricted for three years and the ultimate payout in Company Common Stock will be subject to continued employment during this restricted period.

The Company's performance during 2004 exceeded the threshold for both the return-on-equity performance peer group comparison and the weighted average return-on-equity performance over the last three years. The targets for each of the three productivity factors were exceeded for 2004.

Grants under the Option Plans were provided to the Company's executive officers during 2004. The options granted were not based upon a predetermined formula, but rather on the Committee's judgment as to the individual's anticipated contribution to the future success of the Company. Information on options granted to the named executive officers in 2004 is set forth under the caption, Executive Compensation and Benefits - Option/SARs Granted in 2004.

CEO Compensation. During 2004, Mr. Shaw's compensation was adjusted to reflect his promotion to his current position of Chief Executive Officer (CEO). At that time, Mr. Shaw's base salary was set relative to the midpoint level for salaries paid to chief executive officers of comparable companies, taking into consideration his length of service, and his targeted performance award under the MIP was set at \$534,750 or 115% of his base salary as CEO. Under the MIP, the actual performance award can range from 70% to 140% for each of the performance measures, each of which represents 20% of the targeted award. Based on the Company's overall 2004 performance in relation to the established goals, Mr. Shaw earned 116% of his targeted award under the MIP, with 40% being paid in cash and 60% in performance shares.

Compensation for Mr. Maffie, who retired as CEO on May 31, 2004, consisted of the same salary components and criteria used to set Mr. Shaw's compensation. Mr. Maffie's base salary was set in July 2003 and reflected his length of service in the position of CEO. His targeted performance award under the MIP was also set at \$741,750 or 115% of his base salary, however, his actual award for 2004 was determined on a pro-rata basis according to the number of months he was a full-time employee of the Company during the year. Mr. Maffie earned 116% of his targeted award pro-rated through June 1, 2004 and, because of this retirement, the entire award was paid in cash.

Deductibility of Compensation. The Company's executive compensation program is being administered to maintain the tax deductibility of all compensation paid to the named executive officers pursuant to Section 162(m) of the Internal Revenue Code (the Code). Section 162(m) of the Code provides that compensation paid to the officers in excess of \$1,000,000 cannot be deducted by the

Table of Contents

Company for federal income tax purposes unless, in general, such compensation is performance-based, is established by an independent committee of directors, is objective, and the plan or agreement providing for such performance-based compensation has been approved in advance by shareholders or is otherwise exempt from such limitation. The Incentive Plans were designed to satisfy these requirements and management believes that the compensation provided under these plans should be deductible. In the future, however, the Company may pay compensation that is nondeductible in limited circumstances if sound management of the Company so requires.

The Committee believes that the compensation program addresses the Company's compensation objectives, enhances the commitment of key management employees, and strengthens long-term shareholder value.

Under the plan, executive officers may defer up to 100% of their annual compensation for payment at retirement or at some other employment terminating event. Interest on such deferrals is set at 150% of the Moody's Seasoned Corporate Bond Rate. As part of the plan, the Company provides matching contributions that parallel the contributions made under the Company's 401(k) plan, which is available to all Company employees, equal to one-half of the deferred amount, up to 6% of their annual salary. The breakdown of this compensation for each named executive officer is as follows:

(1) Forty percent (40%) of the options become exercisable one year after the grant. Thirty percent (30%) of the options become exercisable two years after the grant, with the remainder becoming exercisable on the third anniversary of the grant.

(2) The 5% and 10% growth rates for the period ending July 26, 2014, which were determined in accordance with the rules of the Securities and Exchange Commission (SEC), illustrate that the potential future value of the granted options is linked to future increases in growth of the price of the Company's Common Stock. Because the exercise price for the options equals the market price of the Company's Common Stock on the

date of the grant, there will be no gain to the named executive officers without an increase in the stock price. The 5% and 10% growth rates are for illustration only and are not intended to be predictive of future growth.

- (1) Years of service beyond 30 years will not increase benefits under the basic retirement plan.
- (2) For 2005, the maximum annual compensation that can be considered in determining benefits under the Plan is \$210,000. For future years the maximum annual compensation will be adjusted to reflect changes in the cost of living as established by the Internal Revenue Service.

Compensation covered under the basic retirement plan is based on salary depicted in the Summary Compensation Table. As of December 31, 2004, the credited years of service towards

retirement for the named executive officers, other than Mr. Maffie, shown in the Summary Compensation Table are as follows: Mr. Shaw, 16 years; Mr. Kane, 27 years; Mr. Biehl, 19 years; Mr. Sheets, 17 years; and Mr. Sondeno, 25 years.

Amounts shown in the pension plan table are straight life annuity amounts notwithstanding the availability of joint survivorship benefit provisions. Benefits paid under the basic and supplemental retirement plans are not reduced by any Social Security benefits received.

Supplemental Retirement Plan. The named executive officers also participate in the Company's supplemental retirement plan. Mr. Shaw and Mr. Sheets will be required to have 20 years of service to receive retirement benefits under the plan, while the other named officers may retire at age 55 and receive benefits under the plan. Benefits from the plan, when added to benefits received under the basic retirement plan, will equal 60% of their annual compensation. For Messrs. Shaw and Sheets, compensation is tied to a 12-month average of the highest 36-months of salary as depicted in the Summary Compensation Table. For Messrs. Biehl, Kane and Sondeno, compensation is tied to their highest 12-months of salary as depicted in the Summary Compensation Table. For Mr. Maffie, compensation was tied to his highest 12-months of salary, bonus and restricted stock awards as depicted in the Summary Compensation Table. The cost to the Company for benefits under the supplemental retirement plan for any one of the named executive officers cannot be properly allocated or determined because of the overall plan assumptions and options available.

Severance and Change in Control Arrangements

The Company has employment agreements (*Employment Agreements*) with 9 officers (including the named executive officers other than Mr. Maffie), and change in control agreements (*Change in Control Agreements*) with its remaining officers. Two officers who originally had Change in Control Agreements entered into Employment Agreements during 2004. The Employment Agreements generally provide for the payment, upon termination of employment by the Company without cause, as defined in the agreements, of up to one and one-half years of total annual compensation (base salary, a predetermined level of incentive compensation and fringe benefits), and up to three years of total annual compensation for Mr. Shaw. The Employment Agreements for each officer, other than Mr. Shaw, further provide for the payment, upon the termination of employment for good reason, as defined in the agreements, within two years following a change in control of the Company, of an amount equal to either two or two and one-half times their total annual compensation. Under such circumstances, Mr. Shaw would be entitled to a payment equal to three times his total annual compensation. The Change in Control Agreements for the remaining officers parallel the change in control provisions of the Employment Agreements, and provide that these officers would be entitled to an amount equal to two times their annual compensation. A Change in Control Event is generally defined to include an acquisition by one person (or group of persons) of at least 20% of the ownership of the Company, the replacement of the majority of the members of the incumbent Board of Directors (excluding replacement directors nominated by the incumbent Board), or mergers and similar transactions which result in a 50% change in ownership, subject to certain exceptions.

Restricted stock awards, stock options or stock appreciation rights may vest and become immediately exercisable upon a change in control. Benefits under the Supplemental Retirement Plan may also vest and/or accelerate as a result of a change in control.

If any payment under these agreements or plans would constitute a parachute payment subject to any excise tax under the Code, the Company would be responsible for payment of such tax. The terms of these agreements are for 24 months for each of the officers other than Mr. Shaw, whose agreement is for 36 months. Each of the agreements has been automatically extended and will continue to automatically extend annually for successive one-year periods, unless canceled by the Company.

Under its charter, the Audit Committee must pre-approve all Company engagements of PricewaterhouseCoopers LLP unless an exception to such pre-approval exists under the provisions of the Exchange Act or applicable SEC rules. At the beginning of each audit cycle, the Audit Committee will evaluate anticipated engagements of the independent accountants, including the scope of work proposed to be performed and the proposed fees, and approve or reject each service, consistent with the Committee's Pre-Approval Policy, taking into account whether the services are permissible under applicable laws and the possible impact of each non-audit service on the independent accountants' independence from management. The Audit Committee will also consider whether the independent accountants are best positioned to provide effective and efficient service, and whether the service may enhance the Company's ability to manage and control risk or improve audit quality. Throughout the year at Audit Committee meetings, updates are made on the services actually provided and fees charged by the independent accountants. Requests for the independent accountants to provide additional services are submitted to the Audit Committee or its delegate by the Company's chief financial or accounting officer, on an as-needed basis. The Audit Committee has delegated to the Chairman of the Committee the authority to evaluate and approve engagements on behalf of the Committee in the event that a need arises for pre-approval between Committee meetings. Such approvals will be made consistent with the Pre-Approval Policy and will be reported to the Committee at its next scheduled meeting.

Since the effective date of the SEC rules adopting the pre-approval requirements for services to be provided by the Company's independent accountants, each new engagement of PricewaterhouseCoopers LLP was approved in advance by the Audit Committee or its delegate, and none of those engagements made use of the *de minimis* exception to pre-approval requirement contained in the SEC rules. All of the audit-related services and tax services described above were pre-approved by the Audit Committee in 2004.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting of Shareholders. They will have the opportunity to make statements, if they are so inclined, and will be available to respond to appropriate questions.

The affirmative vote of a majority of the shares present at the Annual Meeting of Shareholders in person or by proxy is necessary to ratify the selection of PricewaterhouseCoopers LLP as independent accountants for the Company. The Board of Directors recommends a **VOTE FOR** ratification of the selection of PricewaterhouseCoopers LLP as the independent accountants for the year ending December 31, 2005. If the shareholders do not ratify this appointment, other firms of certified public accountants will be considered by the Board of Directors upon recommendation of the Audit Committee.

The role and responsibilities of the Audit Committee are to monitor and oversee these processes as set forth in a written charter adopted by the Board. The Audit Committee reviews and assesses the adequacy of the Charter at least annually and recommends any changes to the Board for approval.

Based on the Audit Committee's reviews and discussions referred to above, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, filed with the SEC.
