ANNUAL MEETING OF STOCKHOLDERS

June 16, 2005

PROXY STATEMENT

The Board of Directors (Board) of Semtech Corporation (the Company), 200 Flynn Road, Camarillo, California, 93012-8790, furnishes this Proxy Statement in connection with its solicitation of proxies to be voted at the Annual Meeting of Stockholders to be held at the Hyatt Westlake Plaza, 880 S. Westlake Boulevard, Westlake Village, California 91361 (101 Freeway, exit Westlake Boulevard) on Thursday, June 16, 2005 at 1:00 p.m., Pacific Daylight Savings Time, or at any adjournments or postponements thereof. The Company is paying the cost of this solicitation of proxies. The mailing of proxy materials will commence on or about May 13, 2005.

Here is some important information regarding the Annual Meeting and this Proxy Statement:

What am I voting on?

- (1) To elect eight directors to hold office until the next Annual Meeting or until their successors are duly elected and qualified. The nominees are:

Mr. John D. Poe	Mr. Jason L. Carlson
Mr. Rockell N. Hankin	Mr. James T. Lindstrom
Mr. Glen M. Antle	Gen. John L. Piotrowski USAF (Ret.)
Mr. James P. Burra	Mr. James T. Schraith

- (2) To ratify the appointment of Ernst & Young LLP as the independent registered public accountant for the Company.

Who is entitled to vote?

Stockholders as of the close of business on April 22, 2005 (the Record Date) are entitled to vote and are entitled to attend the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. Stockholders do not have the right to cumulate votes.

How do I vote?

Edgar Filing: SEMTECH CORP - Form DEF 14A

Indicate your voting preferences on the proxy, sign and date it, and return it in the prepaid envelope. If you return your signed proxy but do not indicate your voting preferences, we will vote FOR the two proposals on your behalf. You have the right to revoke your proxy any time before the meeting by (1) notifying the Company's Secretary, or (2) returning a later-dated proxy. You may also revoke your proxy by voting in person at the meeting.

What does it mean if I get more than one proxy card?

It means you hold shares registered in more than one account. You must return all proxies to ensure that all your shares are voted.

Who will count the vote?

Mellon Investor Services will tabulate the votes and act as inspector of election.

What constitutes a quorum?

A majority of the outstanding shares present or represented by proxy constitutes a quorum for the Annual Meeting. As of the Record Date, 73,844,281 shares of Semtech Corporation common stock were issued and outstanding. Proxies submitted by brokers that do not indicate a vote for some of the proposals because the holders do not have discretionary voting authority and have not received instructions from the beneficial owners on how to vote on those proposals are called broker non-votes. Abstentions and broker non-votes are each included in the determination of shares present and voting, with each tabulated separately. Abstentions are counted in tabulations of votes cast on proposals presented to the stockholders, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved.

How many votes are needed for approval of each item?

Directors will be elected by a plurality of the votes cast in person or by proxy at the Annual Meeting, meaning the eight nominees receiving the most votes will be elected directors. A stockholder may not cumulate his or her votes for individual directors. The selection of our independent registered public accountant will be ratified if a majority of the votes present in person or by proxy are voted in favor of the proposal.

What percentages of stock do the directors and officers own?

Together, they own approximately 8.8% of Semtech common stock as of April 8, 2005. See the section titled **Beneficial Ownership of Securities**.

Who are the largest principal shareholders?

The chart in the section titled **Beneficial Ownership of Securities** sets forth each owner of greater than 5% of the Company's common stock.

How do I receive additional copies of these proxy materials or obtain a copy of the Company's Bylaws?

Any stockholder desiring additional proxy materials or a copy of the Company's Bylaws should contact Suzanna Fabos, Secretary, Semtech Corporation at (805) 498-2111 or 200 Flynn Road, Camarillo, California 93012-8790.

What are the Board's recommendations?

The Board recommends a vote:

for the election of each of the nominated directors; and,

for ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accountant for fiscal year 2006.

INFORMATION ABOUT THE BOARD OF DIRECTORS

Independence

The Board is comprised of a majority of independent Directors. The Board has determined that Directors Antle, Burra, Hankin, Lindstrom, Piotrowski and Schraith are independent under the Marketplace Rules of The NASDAQ Stock Market, Inc. (NASDAQ), as well as in the assessment of the Board. Directors Poe and Carlson are or were recently employed by the Company and thus do not meet the independence standards.

Code of Conduct

The Board has adopted a written Code of Conduct that applies to the Directors and everyone in the Company, including the Chief Executive Officer and Chief Financial Officer. The Code of Conduct is the Company's written code of ethics under NASDAQ and SEC rules and was filed with the SEC as Exhibit 14 to the Company's Form 10-K for fiscal year 2004.

Time Commitment Guidelines

Directors are expected to devote sufficient time to the Board and its committees to carry out their duties and responsibilities effectively. It is expected that each Director will be available to attend all meetings of the Board and any committees on which the Director serves, as well as the Company's annual meeting of shareholders.

The Board believes that service on the boards of other companies, and of civic and charitable organizations, enhances the experience and perspective of Directors. However, Directors are encouraged to limit the number of other boards on which they serve, in order to avoid the possibility of time or business conflicts and to maximize their participation and effectiveness on the Board.

Directors are expected to advise the Company in advance of accepting an invitation to serve on the board of another public company or any assignment to the audit committee or compensation committee of the board of any public company.

To ensure that all members of the Board have sufficient time to devote proper attention to their responsibilities to the Company, Directors are subject to the following limitations unless the Board determines that simultaneous service on additional boards would not impair the Director's ability to serve effectively on the Company's Board:

Directors who are executive officers of the Company may serve on the boards of no more than two other public or private companies with the approval of the Board

Edgar Filing: SEMTECH CORP - Form DEF 14A

Directors who are chief executive officers or senior executives of public corporations or large non-profit entities may serve on the Boards of no more than three other public companies

All other Directors may serve on the boards of no more than four other public companies

The Nominating Committee will take into account the nature and time involved in serving on other boards when assessing director candidates.

Meetings

During the Company's last fiscal year, the Board of Directors held five regularly scheduled meetings and two special meetings. During such fiscal year, each of the incumbent Directors, except Director Piotrowski, attended 75% or more of the sum of the number of such meetings plus the number of meetings of the committees of which such person was a member. Director Piotrowski attended 69% of Board and applicable committee meetings. He attended 100% of the regularly scheduled Board and committee meetings. The average attendance by directors was 90%. During fiscal year 2005, the Board of Directors also conducted some business by resolution without meeting, as provided in the Company's Bylaws. The Board is scheduled to meet on a regular basis during the ensuing year and the independent directors are scheduled to meet quarterly in executive sessions to be held following regularly scheduled Board meetings.

Attendance at Annual Meeting

All of the nominees for Director at the Annual Meeting of Stockholders held in June 2004 attended the meeting. The following policy has been adopted by the Board: The Company considers attendance at the Annual Meeting of Stockholders to be a fundamental duty of each Board member, as it provides an opportunity for shareholders to communicate directly with the Directors about issues affecting the Company. Therefore, it is the Company's policy that Board members attend the Annual Meeting of Stockholders unless health, family or other important personal matters prohibit such attendance.

Committees

The Board has a standing Compensation Committee, a standing Audit Committee, and a standing Nominating Committee. The Nominating Committee was changed from an *ad hoc* committee to a standing committee in August 2004.

Compensation Committee

The Compensation Committee, which met six times during fiscal year 2005, is comprised of Directors Antle, Piotrowski and Schraith. Director Schraith serves as chairman. The Board has determined that each member of the Compensation Committee is independent as defined by NASDAQ rules. The Compensation Committee determines the compensation of the Chief Executive Officer and all other executive officers, in accordance with NASDAQ rules. The Compensation Committee's responsibilities are set forth in its charter, which has been established by the Board of Directors. A copy of the Compensation Committee's charter is attached as Appendix A to this Proxy Statement.

Until committee responsibilities were realigned in the first quarter of fiscal year 2005, the Compensation Committee was also responsible for reviewing the qualifications of potential director candidates and performing related duties. These functions are now carried out by the Nominating Committee, as discussed below.

Audit Committee

The Audit Committee is comprised of Directors Hankin, Burra, and Lindstrom, with Director Hankin serving as chairman. The Board has determined that each member of the Audit Committee is independent as defined by NASDAQ and SEC rules. The Board has also determined that Directors Hankin, Burra, and Lindstrom are financially sophisticated as defined by NASDAQ rules and audit committee financial experts as defined by SEC rules.

The Audit Committee met eight times during fiscal year 2005. The Audit Committee's responsibilities include appointing and overseeing the engagement of the Company's independent registered public accounting firm; reviewing the scope and results of the audit conducted by the independent accountant; reviewing the Company's significant accounting policies; reviewing the independent accountant's assessment of the adequacy of the Company's internal controls; and reviewing and approving the financial statements to be included in the Company's Annual Report on Form 10-K. The Audit Committee meets periodically with the Company's independent accountant without the presence of Company management. The Audit Committee has also been designated by the Board to serve as the Qualified Legal Compliance Committee, within the meaning of Section 205 of the SEC's Standards of Professional Conduct for Attorneys. The current responsibilities of the Audit Committee are more fully described in its written charter, which was last revised by the Board in February 2005. The revised charter is included as Appendix B to this Proxy Statement. The Committee has also adopted a policy regarding pre-approval of services to be provided by the Company's independent public accountant, which is described under the heading "Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services" on page 21, and procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, which are described under the heading "Contacting the Board of Directors" on page 9.

Nominating Committee

Edgar Filing: SEMTECH CORP - Form DEF 14A

During the first quarter of fiscal year 2005, the Board realigned committee responsibilities and assigned nominating functions to an *ad hoc* Nominating Committee rather than to the Compensation Committee. The Board reassessed this matter in the third quarter of fiscal year 2005, determined that the Nominating Committee should be a standing committee, and adopted the Nominating Committee charter attached as Appendix C to this Proxy Statement. The Nominating Committee is comprised of Director Antle, who serves as chair, and Directors Lindstrom and Piotrowski. The first meeting of the Nominating Committee took place early in fiscal year 2006.

Board of Directors Compensation

Directors who are Company employees are not paid fees or additional compensation for attending Board or committee meetings. Chief Executive Officer Jason Carlson is currently the only employee on the Board. Set forth below is a summary of the current compensation arrangements for non-employee members of the Board (Outside Directors). These arrangements were in place throughout fiscal year 2005.

Stock Options in Lieu of Cash Retainer and Meeting Fees

In continuation of a policy established in 1998, the compensation program for our Outside Directors is equity based. The program we use was developed by an independent consulting firm and was established to align the interests of the Board with those of stockholders, to reduce the expense associated with director compensation and to attract and retain high quality directors.

On December 5, 2002, a stock option grant was made to each then Outside Director in lieu of a cash retainer and meeting fees for the period July 15, 2003 through July 15, 2008. The number of options was computed by multiplying the forgone cash compensation over the five-year period of service by four (multiplier), and then dividing that amount by the Company's stock

price on the date of grant, to compute the number of options to be granted. The multiplier was set to recognize the relative risk of taking stock options, compared to cash compensation. The annual cash compensation foregone was set at \$30,000 for Vice Chairman Hankin and at \$20,000 for each other Outside Director. Using this formula, Vice Chairman Hankin was granted 46,047 stock options and Directors Antle, Burra, Lindstrom, Piotrowski and Schraith were each granted 30,698 stock options.

The vesting period for these options began on July 15, 2003. Twenty percent of the options vest each year, but the annual vesting will not occur, and that portion of the award will be forfeited, if a Director does not attend three of the four most recent regularly scheduled meetings for that year, with certain exceptions. These options are governed by the terms of the Company's Long Term Stock Incentive Plan (Plan) approved by the stockholders in June 1998 and on file with the SEC. Upon a change in control, as defined in the Plan, these options become fully vested and the Directors will have the right to exercise them immediately.

Director Poe's status changed to that of an Outside Director in October 2003. In lieu of cash retainers and meeting fees for the period from October 6, 2003 through July 15, 2008, Director Poe was granted an option for 45,960 shares of the Company's stock, based on the same formula used for the December 2002 grants to other Outside Directors, taking into account the period of service is less than five years. Taking into consideration the leadership role of the Chairman, the annual cash compensation foregone was set at \$50,000. These options are subject to the same 20% vesting schedule and other terms and conditions as the options granted to the other Outside Directors for service through July 15, 2008.

Semi-annual Stock Option Grants

Each January 1 and July 1, each Outside Director also receives a stock option to purchase 5,000 shares of the Company's common stock at the market price as of the date of grant. These options vest in four equal annual installments beginning on the first anniversary of the grant and are governed by the terms of the Plan. Upon a change in control, as defined in the Plan, these options become fully vested and the Directors will have the right to exercise them immediately.

Insurance

Outside Directors are covered by a travel accident policy maintained by the Company for officers and employees.

Reimbursement of Expenses

Outside Directors are reimbursed for expenses related to Board membership.

Arrangements with Chairman Poe

In addition to the compensation provided to Outside Directors generally, the following arrangements were made with Mr. Poe upon his termination of employment and change to Outside Director status in October 2003:

He is entitled to continue participation in Company-sponsored medical and dental plans on an individual or family basis, as he elects, until he reaches the age of sixty-five. The Company is not obligated to provide any insurance not available to Company employees generally and the allocation of premiums between the Company and Mr. Poe is calculated in the same manner as for Company employees generally. Mr. Poe pays his allocated portion of the premiums on an annual basis.

Should Mr. Poe leave the Board in good standing prior to the final vesting date for employee stock options awarded him prior to October 6, 2003, and if he so requests, the Company will employ him on a part time basis from the date he ceases to be a Director until September 21, 2007 on such terms and conditions as the Compensation Committee may then establish.

The Company continues to provide to Mr. Poe, without charge, a computer, cell phone and similar items for use on Company business. As with cell phones provided to employees, the Company permits personal use of the phone without reimbursement. The cost to the Company, if any, is negligible.

The Company also continues to pay premiums of about \$229 per month for supplemental life insurance benefits for Mr. Poe.

New Directors

Any new Outside Director who joins the Board will receive an initial grant of an option to purchase 10,000 shares of the Company's common stock, on such terms and conditions as may be specified at the time of the grant.

Indemnification

The Company indemnifies all Directors with respect to their service on the Board so that they will be free to carry out their responsibilities without undue concern about personal liability. Indemnification of Directors is required under the Company's Bylaws and the Company has signed agreements with each Director contractually obligating it to provide this indemnification.

Director Orientation and Continuing Education

Each Director is expected to take steps reasonably necessary to enable the Director to function effectively on the Board and Committees on which the Director serves, including becoming and remaining well informed about the Company, the industry, and business and economic trends affecting the Company. Each Director is also expected to take steps reasonably necessary to keep informed on principles and practices of sound corporate governance.

In addition to presentations by Company executives regarding their various business units and functional areas, the Company periodically allocates Board meeting time to receive updates on corporate governance issues, including legal and regulatory changes and best practices. Each Director is highly encouraged to participate annually, at the Company's expense, in an accredited director education program and the Company provides each Director with membership in the National Association of Corporate Directors.

When new Directors join the Board, an orientation program will be provided to enable them to gain an understanding of the operations, management, and finances of the Company and will also address Director responsibilities and the Company's corporate governance procedures and practices.

Compensation Committee Interlocks and Insider Participation

Directors Antle, Piotrowski and Schraith currently comprise the Compensation Committee. No member of the Compensation Committee was, during fiscal year 2005, an officer or employee of the Company or any of its subsidiaries; or was formerly an officer of the Company or any of its subsidiaries. During fiscal year 2005, no executive officer of the Company served as an executive officer, director or member of the compensation committee (or other board committee performing equivalent functions, or in the absence of such committee, the entire board of directors) of another entity, one of whose executive officers served as a member of the Compensation Committee or as a director of the Company.

CONTACTING THE BOARD OF DIRECTORS

Nomination of Candidates for the Board of Directors

The Nominating Committee will consider recommendations for director nominations submitted by stockholders entitled to vote generally in the election of directors. Submissions for the 2006 Annual Meeting must be received no later than January 10, 2006; must otherwise be made in accordance with the procedures set forth in Section D of Appendix C to this Proxy Statement; and must include all information specified in that section. The Nominating Committee will only consider candidates who satisfy the Company's minimum qualifications for director, as set forth in Appendix C, including that directors represent the interests of all stockholders. One of the factors that will be taken into account in considering a stockholder recommendation is the size and duration of the recommending stockholder's ownership interest in the Company and whether the stockholder intends to continue holding that interest through the annual meeting date. Stockholders should be aware that it is the general policy of the Company to re-nominate qualified incumbent directors and that, absent special circumstances, the Nominating Committee will not consider other candidates when a qualified incumbent consents to stand for re-election. See Appendix C for more information on the nominating process.

Shareholder Proposals

The Company must receive stockholder proposals for the 2006 Annual Meeting no later than January 13, 2006 in order to be considered for inclusion in the Company's proxy materials. Furthermore, proposals by stockholders submitted outside the process of Rule 14a-8 under the Securities Exchange Act of 1934 will be considered untimely and ineligible to come properly before the Company's 2006 Annual Meeting if such proposal is not received by the Company by March 29, 2006. Stockholder proposals must be submitted in writing to the Company's Secretary at the Company's headquarters at 200 Flynn Road, Camarillo, California 93012-8790.

Accounting Matters

The Audit Committee has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters (Accounting Matters). Employees with concerns regarding Accounting Matters may report their concerns in writing to the Chief Financial Officer, Chief Executive Officer or the Corporate Counsel. Employees may also report concerns regarding Accounting Matters anonymously directly to the Audit Committee via the confidential reporting system maintained by the Company. Non-employee complaints regarding Accounting Matters may be reported by writing to the Audit Committee c/o the Secretary at the Company s headquarters at 200 Flynn Road, Camarillo, California 93012-8790.

Other Business Matters

A process for security holders to send communications to the Board, including procedures for collecting, organizing, and otherwise handling such communications, has been adopted by a majority of the independent members of the Board. Security holders may communicate with the Board, or any Committee or Director, about Company business by writing to such party in care of the Company Secretary at the Company s headquarters at 200 Flynn Road, Camarillo, California, 93012-8790. REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee reviews and evaluates the Company's long-term strategy of employee compensation, endeavoring to ensure that compensation policies are designed to attract and retain key employees, motivate employees to achieve the Company's business objectives, and align the interests of the Company's executive management with the long-term interests of the Company's shareholders. It seeks to ensure that high levels of individual performance are recognized and rewarded and that the compensation of employees is consistent with the levels of compensation of comparable companies, general economic conditions, and the Company's performance.

Compensation Policies for Executive Officers

The Compensation Committee believes that a fair and motivating compensation program plays a critical role in the performance of the Company and, to that end, it reviews the program on an ongoing basis to evaluate its continued effectiveness. The Company's overall financial performance is a significant consideration in establishing total compensation for the executive officers. The Compensation Committee believes that at the executive officer level, a greater proportion of total compensation should consist of variable, performance-based components, such as bonuses, which can increase or decrease to reflect changes in corporate and individual performance. Incentive compensation programs are intended to reinforce management's commitment to enhancing profitability and stockholder value.

Edgar Filing: SEMTECH CORP - Form DEF 14A

The Compensation Committee also evaluates the Company's total compensation package in light of those of other analog and mixed-signal semiconductor companies of comparable size. Data from the competitive marketplace are employed to ensure that the Company's executive compensation program as a whole is within the broad middle range of comparative pay for similar sized companies. The Compensation Committee does not target a specific position in the range of comparative data for each individual or for each component of compensation. When deemed appropriate by the Compensation Committee, independent compensation and benefits consultants are retained to assist in evaluating the Company's compensation programs. This provides additional insight and assurance that the programs are reasonable and appropriate to the Company's objectives. Individual compensation for each executive officer is established by considering the comparative data and other relevant factors such as level of responsibility, prior experience, and the Compensation Committee's subjective judgment as to the individual's contribution.

Compensation Components

The Company's executive compensation program has the following principal components.

Base Salary. In determining base salary, we consider the individual's scope of responsibilities, years of experience, past and expected future contributions to the Company's success, and other elements of the compensation package. We also consider industry and peer group comparisons. Salaries are benchmarked against median salaries for similarly situated executives of similar sized companies in the high technology industry. We made no adjustments to the base salaries of the Named Executive Officers and most of the other executive officers when we last reviewed them in February 2005.

Bonus. The Company maintains a Cash Bonus Incentive Plan under which executive officers and other key employees may earn annual cash bonuses based on performance. Targeted bonuses, and thus the amount of total compensation at risk, increase with the level of responsibility and range from 10% of base salary up to 100% of base salary for the most senior officers. Currently, only the Chief Executive Officer has a target bonus at the 100% level. These bonus awards provide a means to link the achievement of measurable Company-wide and business unit-wide items such as bookings, billings, and earnings per share with the individual's attainment of personal objectives. Goals are established and performance is evaluated quarterly. Additional information regarding the Cash Bonus Incentive Plan may be found in Exhibit 10.1 to the Company's Form 10-K for fiscal year 2005.

Effective for bonuses earned in fiscal year 2006, we have terminated the program under which executive officers could elect to receive up to 50% of their bonus in the form of stock options.

The Company does not maintain a long-term performance plan that pays cash bonuses. Long-term performance is motivated and compensated through the use of stock options.

Stock Options. Stock options are granted from time to time to executives and other employees to serve as a retention incentive and to directly link a portion of employee compensation to stockholders' interest by providing motivation to maximize stockholder value. In granting options, the Compensation Committee takes into account the individual's relative job scope, performance and contribution to the Company's success; the outstanding options held by the individual; and the number of shares available for grant.

Most stock options granted since fiscal year 2001 vest in equal annual installments over four years, beginning on the first anniversary of the grant. In prior years, the Committee awarded some key employees options that vest based on performance. No performance-based options were granted to individuals who were executive officers at the time of the grant. Most options granted to employees prior to October 3, 2001 will vest and become exercisable upon a change in control, as defined in the applicable plan. All options granted to employees after October 3, 2001 will vest and become exercisable following a change in control only if, within one year, the employee is either terminated without cause or subject to a constructive termination. In the past, the Company has also issued some stock options outside of any plan, including inducement options awarded as recruitment incentives. The terms and conditions of these inducement options generally mirror stock options granted under the Company's stock option plans.

Deferred Compensation. As a means of providing a retention incentive to executives and other key employees, the Company established the Semtech Executive Compensation Plan, a non-qualified deferred compensation plan, effective in January 2004. This plan was designed with the assistance of an outside compensation consulting firm. Under the plan, executives selected by the Committee, including the Named Executive Officers, may defer up to 100% of their salary, as defined by the plan. As currently implemented, the Company matches dollar for dollar up to the first 20% of employee contributions for the Chief Executive Officer, Chief Financial Officer, and Chief Operating Officer positions; up to the first 15% for participants at the Vice President level; and up to the first 10% for other participants. The plan also permits the Company to make other contributions on a discretionary basis. Amounts deferred by participants are immediately vested. Each company contribution vests separately in equal annual installments

Edgar Filing: SEMTECH CORP - Form DEF 14A

over four years, which maximizes the plan's usefulness as a retention incentive.

The Company does not guarantee any rate of return on the compensation deferred by participants or on the matching contributions. Additional information about the Semtech Executive Compensation Plan may be found in Exhibit 10.1 to the Company's Form 10-K for fiscal year 2005.

Benefit Programs Available to Employees Generally. The Company's executive officers are eligible to participate in broad-based benefit programs generally available to the Company's salaried employees, including health, disability and life insurance programs and a qualified 401K plan.

Other. As an inducement for Mr. Giraudo to join Semtech in fiscal year 2005 as Chief Operating Officer, the Company made a contribution in the amount of \$30,000 to his account in the Executive Compensation Plan. This contribution vests in four equal annual installments beginning in May 2005, or earlier upon death or disability.

The Company reimburses employees for business-related expenses. Modest perquisites are provided for the Named Executive Officers and certain other executive officers and employees:

Company cars are not provided, but certain executive officers, including the Named Executive Officers, are paid a monthly car allowance of \$637.50, which includes an allowance for maintenance and insurance, and are reimbursed for actual gasoline expenses.

The Company provides cellular telephones to the Named Executive Officers and certain other executive officers and employees for business use. The Company permits personal use of these phones without reimbursement. The incremental cost to the Company, if any, is negligible.

The Company maintains supplemental life insurance benefits for Mr. Franz and Mr. Pohlman and pays monthly premiums of \$129 for Mr. Franz and \$268 for Mr. Pohlman.

Mr. Franz receives one week of paid vacation in addition to paid vacation based on the schedule that applies to employees generally.

Indemnification The Company indemnifies the Named Executive Officers and other executive officers with respect to their employment so that they will be free to carry out their responsibilities without undue concern about personal liability. This indemnification is required under the Company's Bylaws and the Company has signed agreements with each executive officer contractually obligating it to provide this indemnification.

Chief Executive Officer Compensation

As a matter of Committee policy and in accordance with NASDAQ rules, the Chief Executive Officer is not present during Committee votes or deliberations concerning his compensation.

The base salary received by Mr. Carlson during fiscal year 2005 stems from pre-employment negotiations with him in fiscal year 2003. The agreements reached with Mr. Carlson were approved by the Compensation Committee. As an inducement for Mr. Carlson to join Semtech, the Company agreed that should he be promoted to Chief Executive Officer, his annual salary would be increased by \$50,000 to \$350,000. This commitment regarding base salary was implemented when Mr. Carlson was elected to the CEO position in October 2003. As noted earlier, the Committee determined not to adjust the base salaries of Mr. Carlson and the other Named Executive Officers when salaries were last reviewed in February 2005.

The Compensation Committee approves performance goals and objectives for the CEO each quarter and assesses his accomplishment of previously established objectives on a quarterly basis. The Company's basic financial performance is a significant portion of the Chief Executive Officer's objectives each quarter, with the remaining elements reflecting other important financial, operational, technical and/or managerial matters. During fiscal year 2005, we awarded Mr. Carlson a bonus of \$100,000 based upon his performance during fiscal year 2004. This award was 36% of his target bonus.

Edgar Filing: SEMTECH CORP - Form DEF 14A

In February 2005, after considering his performance during fiscal year 2005, we awarded Mr. Carlson a bonus of \$200,000. This award is 71% of his target bonus and equates to 57% of his base salary. Based on an analysis of pay practices of similarly sized companies in the industry, we increased the target bonus he may earn during fiscal year 2006 from 80% to 100% of base salary.

During fiscal year 2005, we granted Mr. Carlson 120,000 stock options with an exercise price at fair market value as of the date of the grant.

The Company made matching contributions of \$71,550 to the Semtech Executive Compensation Plan on Mr. Carlson's behalf during fiscal year 2005. As noted earlier, these matching contributions vest over four years.

As an inducement for Mr. Carlson to join Semtech in November 2002, the Company agreed that should his services be terminated by the Board, he will be granted a severance allowance equal to six months salary and benefits continuation upon signing of a non-compete agreement and a full release of all claims and obligations. Vesting of stock options would cease as of the last day that services are actively provided to the Company.

Tax Matters

For federal and most state income tax purposes, no more than \$1 million of compensation paid to the chief executive officer and the four other most highly paid executive officers may be deducted in a taxable year unless the compensation is commission or performance based. Stock options awarded under the Company's stock option plans are intended to meet the requirements for deductible performance-based compensation. The Compensation Committee awarded inducement options, within the meaning of NASDAQ rules, to Mr. Carlson in November 2002 and to the Chief Operating Officer in April 2004. Tax deductions for compensation related to these inducement options may be limited in future years, depending on a number of factors, including the timing and amount of option exercises and IRS rules then in existence. The Compensation Committee believes the benefit of using inducement options as a recruitment incentive to attract key executives outweighs the potential loss of tax deductions that may or may not occur in future years.

INDEPENDENT ACCOUNTANT FEES

The following table sets forth the aggregate fees billed, or expected to be billed, by Ernst & Young LLP for the audit of our financial statements for fiscal years 2005 and 2004 and for other audit and non-audit services for those years:

	Fiscal Year 2005	Fiscal Year 2004
	<u> </u>	<u> </u>
Audit Services	\$ 1,042,295	\$ 449,700
Audit-Related Services	0	0
Tax Services	\$ 18,099	\$ 5,000
All Other Services	0	0
	<u> </u>	<u> </u>
Total	\$ 1,060,394	\$ 454,700

The amounts in the table are net of (i) Value Added Tax assessed by some non-US jurisdictions on the amount billed by Ernst & Young and (ii) approximately \$38,000 paid to Ernst & Young as reimbursement for out-of-pocket expenses associated with performance of these services.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Since the May 2003 effective date of the SEC rules regarding pre-approval, each new audit and non-audit engagement of Ernst & Young LLP was approved in advance by the Audit Committee, and none of those engagements made use of the *de minimis* exception contained in the rules. The Audit Committee has considered the nature and scope of the non-audit services provided by Ernst & Young and has concluded that Ernst & Young's performance of these services is compatible with the auditor's independence.

Audit Services. This category includes the audit of the Company's financial statements for the fiscal years ended January 30, 2005 and January 25, 2004, respectively, reviews of the financial statements included in the Company's Form 10-Qs for those fiscal years, and the audit of management's assessment of internal control over financial reporting with respect to fiscal year 2005. Approximately \$545,000 of the Audit Fees incurred in fiscal year 2005 represent services associated with the work related to internal controls required by Sarbanes-Oxley Section 404. This category also includes other services that generally can only be provided by the Company's independent auditor, specifically assistance with SEC filings and comment letters and assistance in applying financial accounting principles to a specific transaction.

Tax Services. This category consists of assistance with German tax matters for the Company's German subsidiary, including review of assessments and filing of returns. In both fiscal years, 100% of these engagements were pre-approved by the Committee.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES

The Audit Committee is responsible for appointing, compensating, and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent auditor.

The policy calls for an annual review and pre-approval, up to specified dollar limits, of certain types of services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval categories. In those instances, specific pre-approval must be obtained.

The Audit Committee has delegated to its Chairman the authority to address certain requests for pre-approval of services between meetings of the Audit Committee. The Chairman must report his pre-approval decisions to the Audit Committee at its next scheduled meeting. In accordance with PCAOB Auditing Standard No. 2, all engagements to provide services related to internal control must be specifically pre-approved by the Audit Committee and may not be pre-approved in advance by category or by the Chairman between meetings.

APPROVAL OF APPOINTMENT

OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

(Proposal Number 2)

The Audit Committee has appointed Ernst & Young LLP as the Company's independent registered public accountant for fiscal year 2006. Ernst & Young has served as the Company's independent public accountant since June 2002, replacing Arthur Andersen LLP. Ratification of the independent registered accountant is not required by the Company's Bylaws or applicable law, but has historically been submitted to stockholders as a matter of good corporate practice. No determination has been made as to what action the Board would take if stockholders do not ratify the appointment.

Representatives of Ernst & Young LLP are expected to attend the Annual Meeting. They will have the opportunity to make a statement, if they so desire, and respond to appropriate questions from stockholders.

THE BOARD RECOMMENDS A VOTE FOR PROPOSAL NUMBER 2

OTHER MATTERS

The management of the Company knows of no other matters that may properly be, or which are likely to be, brought before the meeting. However, if any other matters are properly brought before the meeting, the persons named in the proxy or their substitutes will have discretion to vote in accordance with their best judgment on such matters.

SEMTECH CORPORATION

AUDIT COMMITTEE CHARTER

A. Introduction

Semtech Corporation's executive management is primarily responsible for the completeness and accuracy of its financial reporting and the adequacy of its internal financial and operating controls. Its Board of Directors ("Board") has responsibility to oversee management's exercise of these responsibilities. To assist the Board, the Company has established, through its bylaws, an Audit Committee ("Committee") whose authority and responsibilities are described by this Charter.

B. Purpose

This Charter is created in order to define the Committee's objectives, the range of its authority, the scope of its activities and its duties and responsibilities. For purposes of this Charter, the Auditor is any registered independent public accountant retained by the Company for the purpose of preparing or issuing an audit report on the financial statements of the Company or performing other audit, review or attest services for the Company.

The purpose of the Committee is to assist the Board in overseeing:

the accounting and financial reporting processes of the Company;

4. Notwithstanding any designation as an audit committee financial expert, each member of the Committee is expected to contribute significantly to the work of the Committee. Moreover, designation as an audit committee financial expert will not increase the duties, obligations or liability of the designee as compared to the duties, obligations and liability imposed on the designee as a member of the Committee and of the Board.

2. The Committee may delegate to one or more of its members the authority to grant pre-approvals. 5. The Committee will discuss with management and the Auditor the Company's earnings releases.
6. The Committee will consider written reports and oral communications by the Auditor relating to (i) critical accounting policies and practices, (ii) alternative treatments within generally accepted accounting principles for policies and practices related to material items that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the Auditor, and (iii) other material written communications between the Auditor and management, such as any management letter or schedule of unadjusted differences.

2. Upon receipt of such a report, the Committee shall have the duty and responsibility:
 - (a) to inform the Company's chief legal officer and chief executive officer of such report, unless such notification would be futile;

Edgar Filing: SEMTECH CORP - Form DEF 14A

- (b) to determine whether an investigation is necessary regarding such report and, if it determines an investigation is necessary or appropriate, to notify the Board; initiate an investigation, which may be conducted either by the chief legal officer or by outside attorneys; and retain such additional expert personnel as the Committee deems necessary; and
- (c) at the conclusion of any such investigation, to recommend that the Company implement an appropriate response to evidence of a material violation, and inform the chief legal officer and the chief executive officer and the Board of the results of any such investigation and the appropriate remedial measures to be adopted.
- (d) The Committee shall have the authority and responsibility to take all other appropriate action, including the authority to notify the SEC in the event that the Company fails in any material respect to implement an appropriate response that the QLCC has recommended.

B-4

Q. Other Responsibilities

1. The Committee will periodically review the status of significant tax matters affecting the Company and the Company's risk management, cash management, foreign exchange management, and investment management policies. To the extent not inconsistent with SEC or NASD rules, these reviews may from time to time be undertaken by the Board, provided that a majority of the members of the Committee are present.
2. The Committee will prepare a report to the Company's stockholders for inclusion in the Company's annual proxy statement as required by the rules and regulations of the SEC, as they may be amended from time to time.
3. The Committee will perform any other activities required by applicable law, rules or regulations, including the rules of the SEC and any stock exchange or market on which the Company's securities may be listed from time to time, and perform such other activities that are consistent with this Charter, the Company's Bylaws and governing laws, as the Committee or the Board deems necessary or appropriate.

The Committee is authorized to adopt its own rules of procedure not inconsistent with any provision of this Charter, the Bylaws of the Corporation, or the laws of the State of Delaware.
 6. The Committee will have the authority, to the extent it deems necessary or appropriate, to retain a search firm to assist in identifying director candidates. affairs that its directors have accumulated during their tenure. Accordingly, the process of the Committee for identifying nominees shall reflect the Company's practice of re-nominating incumbent directors who (a) continue to satisfy the criteria for membership on the Board, (b) the Committee believes to continue to make worthwhile contributions to the Board and (c) consent to continue to serve on the Board.

2. The Committee will evaluate the qualifications and performance of the incumbent directors that desire to continue their service by:
 - considering if the director continues to satisfy the minimum qualifications for director candidates;
 - assessing the performance of the director during the preceding term; and
 - determining whether there exist any special, countervailing considerations against re-nomination of the director.
3. If the Committee determines that an incumbent director consenting to re-nomination continues to be qualified and has satisfactorily performed his or her duties as director during the preceding term and the Committee finds no reason, including considerations relating to the composition and functional needs of the Board as a whole, why the incumbent should not be re-nominated, then the Committee will propose the incumbent director for re-election.
4. The Committee will identify and evaluate new candidates for election to the Board where there is no qualified and available incumbent, including for the purpose of filling vacancies arising by reason of the resignation, retirement, removal, death or disability of an incumbent director or a decision of the directors to expand the size of the Board.
