PROXY STATEMENT

MAY 27, 2005

About the Annual Meeting

Who is soliciting my vote?

The Board of Directors (the Board) of Ennis, Inc. (the Company) is soliciting your vote at the 2005 Annual Meeting of the Company's shareholders.

What am I voting on?

You are voting on:

The election of three directors (*see page 6*); and

Any other business properly coming before the meeting.

How does the Board recommend that I vote my shares?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation can be found with the description of each item in this proxy statement. In summary, the Board recommends a vote:

FOR the Board's proposal to elect nominated Directors.

Who is entitled to vote?

Edgar Filing: ENNIS, INC. - Form DEF 14A

You may vote if you were the record owner of the Company's common stock as of the close of business on April 15, 2005. Each share of common stock is entitled to one vote. As of April 15, 2005, we had 24,417,993 shares of common stock outstanding and entitled to vote.

How many votes must be present to hold the meeting?

Your shares are counted as present at the Annual Meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to hold our meeting, holders of a majority of our outstanding shares of common stock as of April 15, 2005 must be present in person or by proxy at the meeting. This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

What is a broker non-vote?

If a broker does not have discretion to vote shares held in street name on a particular proposal and does not receive instructions from the beneficial owner on how to vote those shares, the broker may return the proxy card without voting on that proposal. This is known as a *broker non-vote*. Broker non-votes will have no effect on the vote for the election of directors.

How many votes are needed to elect directors?

The nominees for election as directors at the Annual Meeting who receive the highest number of FOR votes will be elected as directors, provided a quorum is present. This is called plurality voting. Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your shares FOR all the nominees for director named in this proxy statement.

With respect to the election of directors, shareholders have cumulative voting rights, which means that each shareholder entitled to vote (a) has the number of votes equal to the number of shares held by such shareholder multiplied by the number of directors to be elected and (b) may cast all such votes for one nominee or distribute such shareholder's votes among the nominees as the shareholder chooses. The right to cumulate votes may not be exercised until a shareholder has given written notice of the shareholder's intention to vote cumulatively to the corporate secretary on or before the day preceding the election. If any shareholder gives such written notice, then all shareholders entitled to vote or their proxies may cumulate their votes. Upon such written notice, the persons named in the accompanying form of proxy may cumulate their votes. As a result, the Board also is soliciting discretionary authority to cumulate votes.

How do I vote?

You can vote either *in person* at the meeting or *by proxy* without attending the meeting.

To vote by proxy, you must fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope.

Even if you plan to attend the meeting, we encourage you to vote your shares by proxy. If you plan to vote in person at the Annual Meeting, and you hold your Company stock in street name, you must obtain a proxy from your broker and bring that proxy to the meeting.

How do I vote if I hold my stock through Ennis' employee benefit plans?

If you hold your stock through the Company's employee benefit plans, you will receive a proxy card with instructions to vote which are the same as any other shareholder.

Can I change my vote?

Yes. You can change or revoke your vote at any time before the polls close at the Annual Meeting. You can do this by:

Signing another proxy card with a later date and returning it to us prior to the meeting,

Edgar Filing: ENNIS, INC. - Form DEF 14A

Sending our Corporate Secretary a written document revoking your earlier proxy,

Voting again at the meeting.

Who counts the votes?

We have hired Computershare Investor Services, our transfer agent, to count the votes represented by proxies cast by ballot. Employees of Computershare Investor Services and the Company will act as Inspectors of Election.

Will my shares be voted if I don't provide my proxy and don't attend the Annual Meeting?

If you do not provide a proxy or vote your shares held in your name, your shares will not be voted.

If you hold your shares in street name, your broker may be able to vote your shares for certain routine matters even if you do not provide the broker with voting instructions. The election of directors for 2004 is considered a routine matter. For matters not considered routine, if you do not give your broker instructions on how to vote your shares, the broker may return the proxy card without voting on that proposal. This is a broker non-vote.

If you hold your shares through one of the Company's employee benefit plans and do not vote your shares, your shares (along with all other shares in the plan for which votes are not cast) will be voted pro rata by the trustee in accordance with the votes directed by other participants in the plan who elect to act as a fiduciary entitled to direct the trustee of the applicable plan on how to vote the shares.

How are votes counted?

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. Votes that are withheld will be counted for purposes of determining the presence or absence of a quorum but will have no other effect on the election of directors. For any other proposal, you may vote FOR, AGAINST, or ABSTAIN. If you ABSTAIN, it has the same effect as a vote AGAINST.

What if I return my proxy but don't vote for some of the matters listed on my proxy card?

If you return a signed proxy card without indicating your vote, your shares will be voted FOR the nominee directors listed on the card.

Could other matters be decided at the Annual Meeting?

We are not aware of any other matters that will be considered at the Annual Meeting. If any other matters arise at the Annual Meeting, the persons named in your proxies will vote in accordance with their best judgment.

Who can attend the meeting?

The Annual Meeting is open to all holders of Company common stock. Each shareholder is permitted to bring one guest.

Do I need a ticket to attend the Annual Meeting?

No.

How can I access the Company's proxy materials and annual report electronically?

This proxy statement and the 2005 annual report are available on our website at www.ennis.com in the Investor Relations section.

Corporate Governance Matters and Communications with the Board

Our Corporate Governance Guidelines, posted on the Company's website under the Corporate Governance caption in the Investor Relations section, address the following matters, among others: director qualifications, director responsibilities, Board Committees, director access to officers, employees and independent advisors, director compensation, Board performance evaluations, director orientation and continuing education, CEO evaluation and succession planning. The Corporate Governance Guidelines also contain categorical standards (see Exhibit B), which are consistent with the standards set forth in the New York Stock Exchange (NYSE) listing standards, to assist the Board in determining the independence of the Company's directors. A copy of these guidelines is available free of charge by contacting Investor Relations, Ennis, Inc., 2441 Presidential Pkwy., Midlothian, TX 76065. The Board has determined that each non-employee director meets the standards regarding independence set forth in the Corporate Governance Guidelines of the NYSE and in compliance with NYSE rules and has no material relationship with the Company. This group, which consists of Mr. Gardner, Mr. Hartley, Mr. Mitchell, Mr. Quiroz, Mr. Price, Mr. Pritchett and Mr. Taylor, constitute a majority of the Board.

Our Corporate Governance Guidelines provide that non-employee directors will meet in executive session at each meeting. The Chairmen of the Committees preside at these meetings on a rotating basis. Each committee chair is responsible for setting the agenda for executive sessions of non-management directors and presiding at such meetings when they preside at such meeting.

The Board of Directors maintains a process for shareholders and interested parties to communicate with the Board. Shareholders may e-mail, call or write to the Board, as more fully described on the Company's website under the Corporate Governance caption. Communications addressed to individual Board members and clearly marked as shareholder communications will be forwarded by the Corporate Secretary unopened to the individual addressed. Any communications addressed to the Board and clearly marked as shareholder communications will be forwarded by the Corporate Secretary unopened to Jim Taylor, Chairman of the Nominating and Corporate Governance Committee.

Recognizing that director attendance at the Company's Annual Meeting can provide the Company's shareholders with an opportunity to communicate with Board members about issues affecting the Company, the Company actively encourages its directors to attend the Annual Meeting of Shareholders. In 2004, all of the Company's directors attended the Annual Meeting.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics for Directors and Employees designed to help Directors and employees resolve ethical issues in an increasingly complex global business environment. Our Code of Business Conduct and Ethics applies to all Directors and employees, including the Chief Executive Officer, the Chief Financial Officer, and all Senior Financial Officers. Our Code of Business Conduct and Ethics covers topics including, but not limited to, conflicts of interest, insider trading, competition and fair dealing, discrimination and harassment, confidentiality, payments to government personnel, anti-boycott laws, U.S. embargos and sanctions, compliance procedures and employee complaint procedures. Our Code of Business Conduct and Ethics is posted on our website under the Corporate Governance caption in the Investor Relations section. A copy of the Code of Business Conduct and Ethics is available free of charge by contacting Investor Relations, Ennis, Inc., 2441 Presidential Pkwy., Midlothian, TX 76065.

Nominating Processes of the Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (the Committee) is comprised of four non-employee directors all of whom are independent under NYSE listing standards and our Corporate Governance Guidelines. The Committee identifies, investigates and recommends to the Board director candidates with the goal of creating balance of knowledge, experience and diversity. Generally, the Committee identifies candidates through the personal, business and organizational contacts of the directors and management. Potential directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's shareholders. In addition to reviewing a candidate's background and accomplishments, candidates for director nominees are reviewed in the context of the current composition of the Board and the evolving needs of the Company's businesses. It is the Board's policy that at all times at least a majority of its members meets the standards of independence promulgated by the NYSE and the SEC and as set forth in the Company's Corporate Governance Guidelines, and that all members reflect a range of talents, ages, skills, diversity, and expertise, particularly in the areas of accounting and finance, management, domestic and international markets and leadership sufficient to provide sound and prudent guidance with respect to the Company's operations and interests. The Company also requires that its Board members be able to dedicate the time and resources sufficient to ensure the diligent performance of their duties on the Company's behalf, including attending all Board and applicable committee meetings.

The Company's Governance procedures permit shareholders to nominate directors for election at an annual shareholders meeting under certain conditions. To nominate a director using this process, the shareholder must follow procedures set forth in the Company's Governance Guidelines.

Only shareholders that have owned at least 5% of the outstanding shares of the Company's common stock for more than one year from the date of the shareholder's proposal may submit the name of a candidate for the Committee to consider for nomination. To propose a candidate, the shareholder must provide the following information in the shareholder's notice:

A resume of the candidate;

Proof that the shareholder owns 5% or more of the outstanding shares of the Company's common stock;

Proof that the shareholder has owned at least 5% of the outstanding shares of the Company's common stock for more than one year from the date of the shareholder's proposal; and

A consent to have the shareholder's name disclosed in our Proxy Statement.

Candidates recommended by the Company's shareholders are evaluated on the same basis as candidates recommended by the Company's directors, CEO, other executive officers, third party search firms or other sources. There can be no more than one shareholder nominee in our Proxy Statement for any given Annual Meeting.

The notice to the Secretary should include the following:

The nominee's name, age and business and residence address;

The nominee's principal occupation or employment;

The class and number of shares of the Company, if any, owned by the nominee;

The name and address of the shareholder as they appear on the Company's books;

The class and number of shares of Company stock owned by the shareholder as of the record date for the annual meeting (if this date has been announced) and as of the date of the notice;

A representation that the shareholder intends to appear in person or by proxy at the meeting to nominate the candidate specified in the notice;

A description of all arrangements or understandings between the shareholder and the nominee; and

Any other information regarding the nominee or shareholder that would be required to be included in a proxy statement relating to the election of directors.

The Committee will consider director candidates recommended by shareholders. If a shareholder wishes to recommend a director for nomination by the Committee, he or she should follow the same procedures set forth above for nominations to be made directly by the shareholder. In addition, the shareholder should provide such other information as it may deem relevant to the Committee's evaluation. Candidates recommended by the Company's shareholders are evaluated on the same basis as candidates recommended by the Company's directors, CEO, other executive officers, third party search firms or other sources.

Audit Committee And Independent Registered Public Accountants

The Audit Committee of the Board (the "Audit Committee") is responsible for providing independent, objective oversight of the Company's financial reporting functions and internal control systems. The Audit Committee is currently composed of four non-employee directors. The Board has determined that the members of the Audit Committee satisfy the requirements of the New York Stock Exchange as to independence, financial literacy and expertise. The Board has determined that at least one member, James B. Gardner, is an audit committee financial expert as defined by the SEC. The responsibilities of the Audit Committee are as set forth in the written charter adopted by the Company's Board and last amended on January 13, 2004. One of the Audit Committee's primary responsibilities is to assist the Board in its oversight of the integrity of the Company's financial statements. The following report summarizes certain of the Committee's activities in this regard during the year 2005.

On June 24, 2004, the Audit Committee dismissed Ernst & Young LLP as the Company's independent registered public accounting firm. On June 24, 2004, the Audit Committee engaged Grant Thornton LLP as the Company's new independent registered public accounting firm for the fiscal year ended February 28, 2005. The change in independent registered public accounting firm from Ernst & Young LLP to Grant Thornton LLP was reported in a Current Report on Form 8-K dated June 25, 2004.

Ernst & Young LLP's reports on the consolidated financial statements of the Company's for the fiscal years 2003 and 2004 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with its audits of the Company's consolidated financial statements as of and for the fiscal years ended February 28, 2003 and February 29, 2004 and through June 24, 2004, there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused Ernst & Young LLP to make reference thereto in its reports on the consolidated financial statements for such years. During the Company's fiscal years ended February 28, 2003 and February 29, 2004 and through June 24, 2004, there were no reportable events, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

The Audit Committee appoints the independent registered public accounting firm annually. Before appointing Grant Thornton LLP as our independent registered public accounting firm for fiscal 2005, the Audit Committee carefully considered that firm's qualifications. The Audit Committee reviewed and pre-approved permissible non-audit services performed by Grant Thornton LLP in fiscal 2005, as well as the fees paid to Grant Thornton LLP for such services. In its review of non-audit service fees and its appointment of Grant Thornton LLP as the Company's independent registered public accounting firm, the Audit Committee considered whether the provision of such services is compatible with maintaining Grant Thornton LLP's independence.

Prior to the appointment of Grant Thornton LLP, neither the Company nor anyone on its behalf consulted Grant Thornton LLP during the last two fiscal years regarding either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, nor had Grant Thornton LLP provided to the Company a written report or oral advice regarding such principles or audit opinion.

Representatives of Grant Thornton LLP will be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

POLICY ON AUDIT COMMITTEE'S PRE-APPROVAL OF AUDIT AND PERMISSABLE NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services and tax services and may include, to a very limited extent, specifically designated non-audit services which in the opinion of the Audit Committee, will not impair the independence of the registered public accounting firm. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. In addition, the Audit Committee may, as required, also pre-approve particular services on a case-by-case basis.

Executive Compensation

Executive Compensation and Stock Option Committee Report

The Executive Compensation and Stock Option Committee of the Board of the Company (Compensation Committee) is charged with administering the Company's executive compensation programs. The Compensation Committee is composed solely of independent, outside directors who qualify as non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934 and as outside directors under section 162(m) of the Internal Revenue Code.

The Compensation Committee of the Board of the Company, which is composed entirely of the three non-employee independent directors listed below, has furnished the following report on executive compensation. The Compensation Committee's report documents the components of the Company's executive officer compensation programs and describes the compensation philosophy on which 2005

compensation determinations were made by the Compensation Committee with respect to the executive officers of the Company, including the Chief Executive Officer and the three other executive officers that are named in the compensation tables who are currently employed by the Company (the Named Executives). The Compensation Committee, prior to implementation, submits its recommendations to the Board with respect to the compensation of the executive officers.

The Compensation Committee met four times in fiscal 2005 with all members of the Committee attending. Mr. Ken Pritchett is Chairman of the Compensation Committee. The Compensation Committee is responsible for administering the following plans and programs:

2004 Long-Term Incentive Plan

Management Short-Term Incentive Plan

Deferred Compensation Plan

Supplemental Executive Retirement Program

COMPENSATION PHILOSOPHY

The Compensation Committee reviews the executive compensation program of the Company annually and it is the philosophy of the Company that executive compensation is directly linked to continuous improvements in corporate performance. Specifically, the Compensation Committee has adopted the following objectives as guidelines for compensation decisions:

Provide a competitive total executive compensation package that enables the Company to attract and retain key executives and maintain a competitive position in the executive marketplace with employers of comparable size and in similar lines of business.

Enhance the compensation potential of executives by integrating pay programs with the Company's annual and long-term business objectives and strategy, and focus executives on the fulfillment of these objectives.

Provide variable compensation opportunities that are linked with the performance of the Company, emphasizing net earnings, return on capital and revenue growth.

CASH COMPENSATION

Cash compensation includes base salary and the Company's annual incentive plan awards. Executive officers' salaries are reviewed and approved annually by the Compensation Committee. The base salary of each of the Company's executive officers is determined by an evaluation of the responsibilities of that position and by comparison to the range of salaries paid in the competitive market in which the Company competes for comparable executive ability and experience. Factors that determine the salary for each executive officer include level of experience and job performance. Job performance is judged on both a subjective and objective basis, the latter measured against objectives agreed upon at the outset of the year.

The performance of the Chief Executive Officer is reviewed annually by the Compensation Committee. The Compensation Committee and the Chief Executive Officer review annually the performance of the other Named Executive Officers and in the case of the other executive officers, the Compensation Committee takes into account the Company's operating and financial results for that year, the contribution of each executive officer to such results, the achievement of goals established for each such executive officer at the beginning of each year, and competitive salary levels for persons in those positions in the markets in which the Company competes. To assist in its deliberations, the Compensation Committee accesses comparable salary and incentive compensation information for a number of representative companies in the industry for comparison purposes. Following its review of the performance of the Company's Named Executive officers, the Compensation Committee reports its recommendations for salary increases and incentive awards, if any, to the Board. In 2005, executive officers' salaries were increased in those instances where promotions occurred, or when comparative data indicated the salary was below market value and performance warranted such an increase, and the Compensation Committee approved incentive compensation awards for all of the Named Executives. The Compensation Committee believed the recommended salary increases and incentive awards for Named Executives were warranted, are properly aligned to the Board's compensation philosophy, and consistent with the performance of such executives during fiscal year 2005 based on the Compensation Committee's evaluation of each individual's overall contribution to accomplishing the Company's fiscal year 2005 corporate goals and of each individual's achievement of individual goals during the year.

STOCK OPTIONS

The Compensation Committee believes that it is essential to align the interests of the Company executives and other management personnel responsible for the growth of the Company with the interests of the Company's stockholders. The Compensation Committee believes the long-term alignment of its executives to shareholders is best accomplished through the provision of stock option grants or restricted stock grants.

The Compensation Committee determines the eligible employees, the timing of option and award grants, the number of shares granted, vesting schedules, option prices and duration and other terms of the stock options and stock awards. Only one of the Named Executive officers named in the Summary Compensation Table was granted stock options or other award under the 2004 Long-Term Incentive Plan in the fiscal year ended February 28, 2005 and all previous stock awards under the 2004 Long-Term Incentive Plan are disclosed in the Stock Option Table and Summary Compensation Table.

The 2004 Long-Term Incentive Plan provides that options may be granted either as incentive stock options or as non-qualified stock options. Options may be granted for varying periods of from one to ten years. Options generally do not become exercisable until two years from the date of grant. Thereafter, the right to exercise options vests either: (a) in accordance with a schedule established at the time of grant, generally at a rate of 25% per year, cumulative to the extent not exercised in prior periods; or (b) on a schedule determined by achievement of specific performance factors. The exercise price for incentive stock options must be at least 100% of the last sale price on the exchange on which the stock is trading on the date of grant.

Edgar Filing: ENNIS, INC. - Form DEF 14A

The 2004 Long-Term Incentive Plan allocated another 500,000 shares of stock to be available to management and non-employee directors in the form of options (either incentive stock options or non-qualified stock options), restricted stock, stock appreciation rights, restricted units, phantom stock options and other incentive awards. As in the 1998 Option and Restricted Stock Plan, the Compensation

Committee generally will determine eligible employees, the timing of option and award grants, the number of shares granted, vesting schedules, option prices and duration and other terms of the stock options and other awards.

MANAGEMENT SHORT-TERM INCENTIVE PLAN

The management short-term incentive plan is a performance related bonus program administered by the Executive Compensation and Stock Option Committee (Committee). The Committee establishes performance goals related to revenues, net earnings and return on equity. Based upon achievement of goals with sales being weighted at 20% and net earnings and return on investment carrying a weight of 40% each, a performance bonus may be earned. The executive officers participate at levels varying from 40% to 60% of base pay. Thresholds and maximums are set for each goal. It is possible for an executive officer to earn anywhere between zero and up to 60% to 90% of base pay.

SUPPLEMENTAL RETIREMENT CONTRIBUTIONS AND DEFERRED COMPENSATION

The Compensation Committee also recommended to the Board, and the Board so approved, the creation of a Supplemental Executive Retirement Program (Program) for executive officers. The Program provides for discretionary contributions, recommended by the Compensation Committee and approved by the Board, to the Company's Deferred Compensation Plan for the benefit of the executive officers of the Company. The Program is a non-qualified defined contribution plan and annual contributions and percentage calculations are at the discretion of the Board. The Compensation Committee also oversees the Company's Deferred Compensation Plan.

SUMMARY

As demonstrated in each of the plans above, compensation in all its forms is linked directly to objective performance criteria of the Company, business units where applicable, and the individual executive's performance. By doing so, the Compensation Committee has created an environment that encourages long-term decisions that will benefit the Company, its shareholders, customers, and employees and at the same time allows the executives, managers, and key contributors within the Company to share in the success of those decisions and actions. Furthermore, the Compensation Committee believes that the total compensation program for executive officers of the Company will be competitive with the compensation programs provided by other corporations with which the Company competes.

The Compensation Committee believes the actions taken regarding executive compensation were appropriate in view of individual and corporate performance.

Other Programs

The Company also provides its executives and other employees with health and welfare benefit plans, including medical, dental, and life insurance; with pension and compensation deferral programs; and with perquisites and other benefits that are competitive with market practices.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

All of the members of the Compensation Committee are non-employee directors of the Company and are not former officers of the Company. During fiscal year 2004, no executive officer of the Company served as a member of the Board or on the compensation committee of a corporation where one of whose executive officers served on the Executive Compensation and Stock Option Committee or on the Board of this corporation.

Internal Revenue Code Section 162(m)

The Compensation Committee has taken action, where possible and considered appropriate, to preserve the deductibility of compensation paid to the Company's and its subsidiaries' respective executive officers.

The Company generally will be entitled to take tax deductions relating to compensation that is performance-based, which may include cash incentives, stock options, restricted stock, restricted stock units, and other performance-based awards.

The Company's Compensation Committee will continue to review the Company's executive compensation practices to determine if elements of executive compensation qualify as performance-based compensation under the Internal Revenue Code and will seek to preserve tax deductions for executive compensation to the extent consistent with the Compensation Committee's determination of compensation arrangements necessary and appropriate to foster achievement of Company's business goals.

Employment Agreements

What are the terms of employment agreements with our executive officers?

The Company has entered into employment agreements with Mr. Walters and Mr. Graham dated May 1, 2003 and Mr. Magill dated October 7, 2003. Each is an executive officer of the Company. The agreements provide for base salaries of \$600,000, \$200,000 and \$175,000 annually for Mr. Walters, Mr. Graham and Mr. Magill, respectively. These base salaries may be increased during the terms of the contracts by the Board upon recommendation of the Compensation Committee. The agreements provide that for a continuing three-year employment period plus two 1-year extensions. Each of such employment agreements provides that if the officer terminates his employment for good reason or during the two-year period following a change of control of the Company, the Company will (a) make a lump sum payment to him of salary earned through the date of termination, (b) make a lump sum severance payment to him of the amount determined by multiplying his base amount times a multiple per his agreement, (c) accelerate vesting of all long-term incentives, to include but not limited to stock options, restricted stock, any other long-term incentive grants, and (d) continue to provide certain welfare plan and other benefits for a period of one year or as long as such plan or benefits allow or until the executive is employed under the benefit plans of another company.

For purposes of the employment agreements, "good reason" includes (i) a change in the officer's position, authority, duties or responsibilities, (ii) changes in the office or location at which he is based without his consent (such consent not to be unreasonably withheld), (iii) certain breaches of the agreement and (iv) a reduction in base annual salary.

- (1) Benefit amounts shown in the final row of \$225,000 recognize only the current maximum limit of \$210,000 under IRC 401(a)(17).
- (2) Benefit amounts shown under Years of Service columns 30 and 35 recognize the lower integration level of \$550 per month for employees hired before March 1, 1976.
- (3) The table reflects the standard pension formula values without recognizing special calculation rules applicable to select HCE employees.
- (4) The Company has a noncontributory retirement plan that covers substantially all of the employees of the Company and certain of its subsidiaries. The plan provides for retirement benefits on a formula based on the average pay of the highest five consecutive compensation years during active employment, integration of certain Social Security benefits, length of service and a normal retirement age of sixty-five. All forms of remuneration, including overtime, shift differentials and bonuses, are covered by the plan. However, due to restrictions imposed by the Internal Revenue Code, effective January 1, 2002, the maximum annual compensation covered by the plan is limited to \$205,000. Future years maximum can be increased for inflation (for 2005, the maximum is \$205,000). Prior to this date, the maximum annual compensation covered by the plan was limited to \$150,000 (indexed for inflation). The tables above sets forth approximate annual retirement benefits that would be received under the plan, computed on the basis of the specified average annual earnings and years of service. The table presents annual benefit amounts for remuneration above the current dollar maximum since (a) the dollar maximum can increase with inflation.

The number of full years of continuous service in the plan as of February 28, 2005 for Mr. Walters, Graham and Cathey were 8, 7, and 36, respectively. Mr. Magill is not currently eligible for coverage.

Stock Performance Graph

This graph shows Company's cumulative total shareholder return over the five-year period from February 28, 2000, to February 28, 2005. The graph also shows the cumulative total returns for the same five-year period of the S&P 500 Index and Russell 2000 Index. The comparison assumes \$100 was invested on February 28, 2000, in the Company's stock in the S&P 500 Index and in the Company's stock in the Russell 2000 Index and assumes that all of the dividends were reinvested.

- (1) The data to prepare this performance chart was obtained from Standard & Poor's Comustat Services, Inc.
- (2) In prior years, the Company has presented a peer group comparison in the Stock Performance Graph. This peer group has consisted of other publish companies with significant business forms and related product business. As of the end of our fiscal year, the peer group, as a result of other companies being acquired by larger companies which would not, in our opinion, fit the peer group profile utilized by the Company, the peer group was not longer meaningful. In addition, the merger of Ennis, Inc. with Alstyle Apparel, LLC has changed the business of the company to the extent that comparing it only to business product printing related businesses is no longer valid. Rather than presenting a peer group comparison for this fiscal year, the Company has chosen the Russell 2000 Index.

Failure to read and/or acknowledge the Standards of Business Conduct does not exempt an employee from his/her responsibility to comply with the Standards of Business Conduct, applicable laws, regulations, and all Ennis policies and guidelines that are related to his/her job. A quarterly written affirmation from key officers in positions of authority (as determined by the CEO and CFO) that the Standards have been complied with by the officer/employee is required. Failure to comply with this written affirmation will result in termination of employment. Key officers/employees of newly acquired companies will be asked if there are any current and ongoing circumstances that would not have been within the Ennis standards of business conduct although no action will result from such disclosures. However, the Company reserves the right to be aware of such exceptions and failure to disclose may also result in termination of employment.

Ennis is an international company, and our business operations are subject to the laws of many different states and countries. Ennis employees doing business internationally must comply with all applicable laws and regulations and uphold the Standards of Business Conduct at all times. Cultural differences or local laws and customs may require a different interpretation of our Standards. If this situation arises, always consult your manager, Law and Corporate Affairs, or the Director of Compliance before taking any action.

The Standards are not intended to and do not create an employment contract, and do not create any contractual rights between Ennis and its employees or create any express or implied promise for specific treatment in specific situations. Your employment relationship with Ennis can be terminated at any time for any reason with or without cause unless otherwise required by local laws in other states or a written contract signed by a vice president. No exceptions can be authorized to the Standards of Business Conduct except through action of the Board of Directors of the Company.

Major or critical vendors (as determined by the Company) will be required on an annual basis to confirm in writing that they have read and understand the Ennis Code of Conduct and know of no circumstances that would be in violation thereof. We do not engage in any unethical or illegal conduct with any of our vendors. We do not allow our employees to accept incentives such as kickbacks or bribes in return for conducting business with them. Any such action from an employee, officer or director of an acquired company prior to said company being acquired by Ennis would no longer be tolerated. Any such action currently taking place by an employee, officer or director will result in immediate termination of their employment or membership to the Board.

We are responsible stewards in the use, protection, and management of Ennis' assets.

Financial Integrity: We honestly and accurately record and report all business information. We comply with all local, state, and federal laws regarding record completion and accuracy. Categorical Standards

Director Independence

As required by the listing standards of the New York Stock Exchange, a majority of the members of the Board must be independent. A director is independent if the Board determines that he or she has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), and such director is not otherwise automatically deemed to be not independent by applicable NYSE listing standards. The Board has determined that any director meeting the following categorical standards shall automatically be deemed not to have any material relationship with the Company, and shall be independent:

A director who has not received, and whose immediate family members have not received, for the past three years, more than \$100,000 per year in direct compensation from the Company. Director and committee fees, pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), and compensation received by an immediate family member for service as a non-executive employee of the Company are not considered in making this determination;

A director who is not, and for the past three years has not been, an employee of the Company and who does not have an immediate family member who is, or for the past three years has been, an executive officer of the Company;

A director who is not, and has not for the past three years been, affiliated with or employed by a present or former internal or external auditor of the Company, and who has no immediate family members who are, or have during the last three years been affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company;

A director who is not, and for the past three years has not been, employed as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee and who has no immediate family members who have been employed as an executive officer for such company during the past three years;

A director who has no personal service contract with the Company, any subsidiary or affiliate of the Company or any member of senior management;

A director who is not, and in the previous three years has not been, an employee or executive officer of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues;

An immediate family member shall include the director's spouse, parents, children, siblings, in-laws and anyone who resides in the director's home.

The Nominating and Corporate Governance Committee is responsible for assessing compliance with these standards on an annual basis. Any director who does not meet these standards will be referred to the Board, and the Board will review the relationship or transaction that prevents such director from meeting these standards and make a determination of whether such relationship or transaction is a material relationship with

the Company.

CORPORATE GOVERNANCE GUIDELINES

I. Director Qualification Standards: The Board of Directors (the Board) of Ennis Business Forms, Inc. (Ennis) shall meet the following requirements:

- a. A majority of directors shall be independent, and the Audit, The Compensation and Nominating and Corporate Governance Committees are all composed entirely of independent directors. Independence for these purposes shall mean the independence requirements set forth in the Securities Exchange Act of 1934, as amended, and the rules adopted by the Securities and Exchange Commission hereunder and the corporate governance and other listing standards of the New York Stock Exchange as in effect from time to time.
- b. Directors standing for re-election are reviewed for performance, attendance, and ability to continue significant contribution to the Board and committee assignments.
- c. The Nominating and Corporate Governance Committee consider the qualifications of all directors at the time a director is recommended for election. Ennis seeks directors with the following minimum qualifications:
 1. Knowledge of the Company industry
 2. Proximity to corporate headquarters
 3. Business and financial acumen
 4. Financial and personal stability
 5. Ability to devote time and energy to regularly scheduled board and committee meeting in person, and
 6. Ability to meet Board requirement for the ownership of shares

Candidates should have the highest personal and professional character and integrity that have outstanding records of accomplishment in their chosen business or profession. These persons should have demonstrated exceptional ability and judgment and have substantial experience of relevance to the Company. The Board also requires that candidates must understand the duty of loyalty and care required of directors to all shareholders under the law of the state of incorporation of the Company. Although there is no fixed limit on the number of other boards on which a director may serve, board memberships are considered along with other time commitments a prospective director may have and the effect this may have on his or her ability to serve effectively on the Ennis Board of Directors. These factors will also be considered at the time of the annual performance evaluation of the Board and Committees referred to below.

- d. Each director must agree that he or she will tender a resignation from the board in the event of a material change in his or her personal circumstances, including a change in principal job responsibilities (other than a promotion with the director's current

Edgar Filing: ENNIS, INC. - Form DEF 14A

employer). The decision whether to accept the resignation would be made by the Board, with a recommendation from the Nominating and Corporate Governance Committee.

II. Director Responsibilities: The business of Ennis Business Forms is managed under the direction of the Board. The Board monitors management on behalf of the shareholders. Among the Board's major responsibilities are:

- a. Selection, compensation and evaluation of the Chief Executive Officer and oversight of succession planning.
- b. Assurance that processes are in place to promote compliance with law and high standards of business ethics.
- c. Oversight of Ennis's strategic planning

- d. Approval of all material transactions and financings.
- e. Understanding Ennis's financial statements and other disclosures and evaluating and changing where necessary the process for producing accurate and complete reporting.
- f. Using its experience to advise management on major issues facing Ennis.
- g. Evaluating the performance of the Board and its committees and making appropriate changes where necessary

Directors are expected to maintain a good attendance record, and familiarize themselves with any materials distributed prior to each Board or committee meeting. All directors may place items on agendas for Board meetings. The chair of the Committee clears agendas for the meeting of committees of the Board, and committee members may place items on the Agenda.

The independent directors will meet immediately after all Board meetings without management present. The Company has asked the chairs of each of the committees to rotate as lead independent director, to preside at such meetings.

The non-employee directors, through the rotating chair, can set their own agenda, maintain minutes and report back to the board as a whole. This meeting does not take the place of the normal board meeting and can serve as a committee of the whole of non-employee directors. The presiding chair may report back to the board as a whole on the topics and issues discussed at this meeting. It is possible that the presiding chair could

- Ø Make recommendations to the full Board regarding the structure of Board meetings
- Ø Recommend matters for consideration by the full Board
- Ø Place additional items on the future board agenda's in collaboration with the Chief Executive Officer
- Ø Recommend additional appropriate materials to be provided to the directors
- Ø Recommend tasks to the appropriate committees
- Ø With the help of the Nominating and Corporate Governance Committee, oversee the annual evaluation of the Board and its committees.

III. Director Access to Management and Independent Advisors: All directors are able to directly contact members of management, including, in the case of the Audit Committee, direct access to the head of internal audit. Broad management participation is encouraged in presentations to the Board, and executive management frequently meet with Board members on an individual basis. The Board and its Committees are empowered to hire at Company expense their own financial, legal and other experts to assist them in addressing matters of importance to the Corporation.

Edgar Filing: ENNIS, INC. - Form DEF 14A

IV. Non-Employee Director Compensation: The amount and type of compensation for the Company's non-employee directors will now be recommended by the Nominating and Corporate Governance Committee, which develops its recommendation from a review of practices at similarly situated companies and the Company's peer group based upon recent proxy statements. The recommendation would be made and approved by the Board. Currently each non-employee director of the Company receives an annual grant of 5,000 shares of stock options and 10,000 stock option shares when they join the Board. In addition, non-employee directors received a retainer fee of \$18,000 and \$2,000 for each meeting attended. Each Committee Chair receives an annual committee chair retainer of \$6,000 and non-employee directors receive \$1,500 for each committee meeting attended.

V. Director Orientation and Continuing Education: Directors are provided extensive material regarding Ennis upon their initial election to the Board, including a binder containing information regarding Ennis and its policies and various administrative and legal matters. Other orientation procedures include meetings with senior executives of the Company in its major business units. Board meetings are occasionally held outside the corporate office to permit directors to visit operating locations of Ennis subsidiaries.

VI. Evaluation of the Board and its Committees: The Nominating and Corporate Governance Committee is establishing an annual evaluation of the effectiveness of the Board and each Committee, and oversees the composition, organization (including its Committee structure, membership and leadership) practices of the Board.

VII. Management Compensation, Evaluation and Succession: The Board provides annual goals for the Chief Executive Officer and the Compensation Committee evaluates the CEO's performance, including his or her success in achieving these goals, in setting compensation. The Board recognizes that the selection of the CEO and the oversight of succession planning are among the most important duties of the Board. The Compensation Committee evaluates the form and amount of compensation of Ennis's senior management, and provides a report thereon annually in the proxy statement.

VIII. Board Committees: There are three standing committees of the Board, to wit: the Compensation Committee, the Audit Committee, and the Nominating and Corporate Governance Committee. Other committees can be created at the discretion of the Board, including ad hoc committees established for specific concerns or issues confronting the Board. The Board appoints the Committee members and Committee Chairs after some consultation among the retiring chair, the Chairman and other members of the Board. The consultations generally address the skill-sets needed, desire to serve on a particular committee, and ability to commit the necessary time for a particular committee as a means of placing the appropriate directors in their respective committees. The committee members and committee chairs are appointed in the first directors meeting following the annual meeting of shareholders.

IX. Evaluation of Corporate Governance Guidelines: Annually, the Nominating and Corporate Governance Committee reviews these Guidelines and recommends changes to the Board if appropriate.

As amended as of May 13, 2005.
