**ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On December 8, 2005, the Board of Directors (the Board ) of KVH Industries, Inc. (the Company ) amended the Company s Amended and Restated 1996 Employee Stock Purchase Plan (the Plan. ) Among other technical changes, the Plan was amended to provide that the option price for shares of common stock purchased under the Plan will be equal to 85% of the fair market value of the common stock at the end of the offering period, rather than the lower of such amount or 85% of the fair market value of the common stock at the beginning of the offering period.

On December 9, 2005, the Compensation Committee of the Board of Directors (the Committee ) accelerated the vesting of existing out-of-the-money stock options that have exercise prices per share equal to or greater than ten percent (10%) above the closing market price on December 8, 2005. On such date, the closing market price was \$9.93. Accordingly, options to purchase approximately 271,000 shares of the Company s common stock became exercisable on December 9, 2005 as a result of this acceleration. These options have exercise prices ranging from \$10.99 to \$17.62 per share. The decision to accelerate the vesting of these stock options was made primarily to reduce the cumulative non-cash compensation expense that would have been recorded in the Company s Statement of Operations in future periods as a result of the adoption of FAS 123(R).
