REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Nautilus, Inc. 401(k) Savings Plan

Vancouver, Washington

We have audited the accompanying statements of net assets available for benefits of the Nautilus, Inc. 401(k) Savings Plan (the Plan) as of December 31, 2005 and 2004 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NAUTILUS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2005 AND 2004

1. DESCRIPTION OF PLAN

The following description of the Nautilus, Inc. 401(k) Savings Plan (the *Plan*) is provided for general information purposes only. Participants should refer to the Plan Document for a complete description of the *Plan*'s provisions.

General The *Plan* is a defined contribution 401(k) plan maintained for the benefit of all eligible employees of Nautilus, Inc. (the *Company*). The *Plan* was established effective January 1, 1999 and contributions to the *Plan* began on March 4, 1999.

Eligibility The *Plan* is available to all full-time employees of the *Company* who are age 18 or older. The *Plan* is subject to the provisions of the Employee Retirement Income Security Act of 1974 (*ERISA*).

Trustee T. Rowe Price Trust Company (*T. Rowe Price*) is the *Plan*'s trustee and holds all investments of the *Plan*.

Administration of the Plan The *Company* is the named fiduciary and administrator of the *Plan*, as well as the plan sponsor, as defined by *ERISA*. The *Company* has contracted with T. Rowe Price to provide recordkeeping services with respect to the *Plan*.

Contributions Participants may voluntarily contribute between 1% and 50% of their compensation, limited to \$14,000 and \$13,000 in 2005 and 2004, respectively, as prescribed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. After tax contributions are not permitted by the *Plan*. Participants who have attained age 50 before the end of the *Plan* year are eligible to make catch-up contributions. Participants direct the investment of their contributions and annual employer matching contributions into various investment options offered by the *Plan*. The *Plan* currently offers fifteen mutual funds, one trust fund and a *Company* stock fund as investment options for participants. Participants may not direct more than 20% of their voluntary contributions or transfer more than 20% of their account balance into the *Company* stock fund.

At the end of each plan year, the *Company* is required to contribute and allocate to each eligible participant matching contributions equal to 50% of the participant's elective deferral up to 6% of the participant's eligible compensation. Matching contributions are subject to certain limitations. To become eligible for matching contributions, participants must be employed by the *Company* for 12 consecutive months. Once eligibility has been established, participants must work a minimum of 1,000 hours during the *Plan* year and be employed by the *Company* on the last day of the *Plan* year to be eligible to receive matching contributions.

Participant Accounts A separate account is maintained for each participant, which is credited with the participant's contributions, the *Company*'s matching contributions, and an allocation of the *Plan* earnings or losses. Allocation of the *Plan* earnings or losses is based on participant account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is pursuant to the following vesting schedule.

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Payment of Benefits Upon termination of service, a participant may receive a lump-sum amount equal to his or her vested account value, elect to maintain his or her account in the Plan until a future date, or elect to receive installment payments.

Forfeitures Forfeited balances of terminated participants' nonvested accounts are first used to restore participants' accounts that return to work for the Company before the end of five consecutive breaks in service and then are used to reduce future employer matching contributions. At December 31, 2005 and 2004, forfeited nonvested accounts totaled \$49,621 and \$25,891, respectively. Also, in 2004, employer matching contributions were reduced by \$12,145 (none in 2005) from forfeited nonvested accounts.

Loans Loans to participants are not permitted under the Plan. However, StairMaster employees with loans that existed prior to the acquisition in February 2002 were permitted to rollover any remaining loan balance into the Plan for repayments only.

Termination Although it has not expressed any intent to do so, the Company may terminate the Plan or discontinue contributions at any time, subject to the provisions of ERISA. In the event of total or partial termination of the Plan, the accounts of all affected participants shall become fully vested and nonforfeitable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value which equals the quoted market price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments Benefits are recorded when paid.

Administrative Expenses Administrative expenses are paid by the Company.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENTS

The Plan's investments (including investments purchased, sold as well as held during the year) appreciated (depreciated) in fair value as determined by quoted market prices are as follows:

	December 31,	
	2005	2004
Mutual Funds	\$ 462,507	\$ 780,523
Company Common Stock	(379,181)	733,487
Common Trust Fund		1,252
 Total	 \$ 83,326	 \$ 1,515,262

Investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

	December 31,	
	2005	2004
Growth Stock Fund	\$ 3,627,232	\$ 3,345,702
Balanced Fund	2,106,297	1,728,576
TRP Stable Value Fund Sch E	1,458,354	1,390,131
Company Common Stock	1,267,053	1,657,662
Mid-Cap Growth Fund	1,155,172	1,032,816
Equity Income Fund	990,390	923,060
Small-Cap Value Fund	869,479	745,906
PIMCO Total Return Fund	816,873	896,157
Julius Baer International Equity A Fund	803,077	

On March 31, 2005, the Plan closed the International Stock Fund. All participant accounts were transferred to the Julius Baer International Equity A Fund.

4. RELATED PARTY TRANSACTIONS

The Plan invests in shares of the Company's common stock at the direction of the participants. Certain Plan investments are shares of mutual funds managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

5. RISKS AND UNCERTAINTIES

The Plan invests in various financial instruments including temporary cash investments, mutual funds, a common trust fund, and Company common stock. These financial instruments may subject the Plan to concentrations of risk as, from time to time, cash balances exceed amounts insured by the Federal Deposit Insurance Corporation. Additionally, investments in mutual funds, a common trust fund, and Company common stock are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. INCOME TAX STATUS

The Plan Document is based on an underlying non-standardized prototype plan which has received an opinion letter from the Internal Revenue Service (IRS) dated February 27, 2002 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan s financial statements.

During the years ended December 31, 2005 and 2004, the Plan failed to pass the requirements for the Actual Deferral Percentage (ADP) discrimination test. To maintain its qualified status, the Plan distributed the excess contributions subsequent to December 31, 2005 and 2004. The excess contributions are included as other payables in the Statements of Net Assets Available for Benefits at December 31, 2005 and 2004.
