ITEM 2.02 Results of Operations and Financial Condition

On November 7, 2006, Myriad Genetics, Inc. announced its financial results for the three months ended September 30, 2006. The earnings release is attached hereto as an exhibit to this Current Report on Form 8-K and is being furnished pursuant to this Item 2.02 as Exhibit 99.1 to this Current Report on Form 8-K.

In accordance with General Instruction B-2 of Form 8-K, the information set forth in Item 2.02 and in Exhibit 99.1 shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

The attached press release contains both GAAP and non-GAAP financial measures. We believe that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when planning, forecasting and analyzing future periods. These non-GAAP financial measures also facilitate management's internal comparisons to our historical performance as well as comparisons to our competitors' operating results. We believe these non-GAAP financial measures are useful to investors both because (1) they allow for greater transparency with respect to key metrics used by management in its financial and operational decision making and (2) they are used by our institutional investors and the analyst community to help them analyze the health of our business.

The non-GAAP financial measures included are net loss and diluted loss per share. These non-GAAP financial measures exclude the effects of employee stock-based compensation expense associated with Myriad's adoption of Statement of Financial Accounting Standards No. 123R on July 1, 2005. Non-GAAP financial measures should be considered in addition to, and not as a substitute for, or superior to, financial measures prepared in accordance with GAAP.
