PROXY STATEMENT

The Board of Directors of Dolby Laboratories, Inc., a Delaware corporation (we, us, Dolby or the Company), is soliciting proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Company's executive offices located at 100 Potrero Avenue, San Francisco, CA 94103-4813 on Tuesday, February 6, 2007 at 10:30 a.m. Pacific Standard Time and any postponement, adjournment or continuation thereof (the Annual Meeting).

This Proxy Statement and the accompanying notice and form of proxy are first being mailed to stockholders on or about December 28, 2006.

QUESTIONS AND ANSWERS ABOUT

THE PROXY MATERIALS AND THE ANNUAL MEETING

What proposals will be voted on at the Annual Meeting?

Two proposals will be voted on at the Annual Meeting:

The election of directors; and

The ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for our fiscal year ending September 28, 2007.

What are the Board's recommendations?

Our Board unanimously recommends that you vote:

FOR election of each of the nominated directors; and

FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for our fiscal year ending September 28, 2007.

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

What constitutes a quorum?

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

As of the close of business on December 14, 2006 (the Record Date), there were 39,279,187 shares of our Class A Common Stock outstanding and 69,317,627 shares of our Class B Common Stock outstanding. Each share of Class A Common Stock is entitled to one vote, and each share of Class B Common Stock is entitled to ten votes, on all matters being considered at the Annual Meeting. We refer to our Class A Common Stock and

Class B Common Stock collectively as our Common Stock. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the voting power of the Common Stock outstanding on the Record Date will constitute a quorum. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Who is entitled to vote?

Stockholders of record at the close of business on the Record Date may vote at the Annual Meeting. Each holder of our Class A Common Stock is entitled to one vote for each share of Class A Common Stock held as of the Record Date, and each holder of our Class B Common Stock is entitled to ten votes for each share of Class B Common Stock held as of the Record Date. The Class A Common Stock and Class B Common Stock vote as a single class on all matters described in these proxy materials for which your vote is being solicited.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with Dolby's transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record. Dolby sent directly to stockholders of record the Proxy Statement, Annual Report and proxy card.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. Your broker, bank or nominee, who is considered with respect to those shares the stockholder of record, forwarded the Proxy Statement and Annual Report, together with a voting instruction form, to you. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by completing the voting instruction form.

How do I vote?

You may vote using any of the following methods:

By Mail Stockholders of record of Dolby Common Stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf FOR the election of the nominated directors and FOR the ratification of KPMG LLP as the Company's independent registered public accounting firm for fiscal 2007. Dolby stockholders who hold shares beneficially in street name may provide voting instructions by mail by completing, signing and dating the voting instruction forms provided by their brokers, banks or other nominees and mailing them in the accompanying pre-addressed envelopes.

By Internet Stockholders of record of Dolby Common Stock with internet access may submit proxies by following the internet voting instructions on their proxy cards. Most Dolby stockholders who hold shares beneficially in street name may provide voting instructions by accessing the website specified on the voting instruction forms provided by their brokers, banks or nominees. Please check the voting instruction form for internet voting availability. Please be aware that if you submit voting instructions over the internet, you may incur costs such as telephone and internet access charges for which you will be responsible.

By Telephone Stockholders of record of Dolby Common Stock who live in the United States or Canada may submit proxies by following the telephone voting instructions on their proxy cards. Most Dolby stockholders who hold shares beneficially in street name and live in the United States or Canada may provide voting instructions by telephone by calling the number specified on the voting instruction forms provided by their brokers, banks or nominees. Please check the voting instruction form for telephone voting availability.

In person at the Annual Meeting Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, bank or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions by mail, telephone, or the internet so that your vote will be counted if you later decide not to attend the Annual Meeting.*

Can I change my vote or revoke my proxy?

If you are a stockholder of record, you may revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with the Secretary of the Company a written notice of revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the internet, you may revoke your proxy with a later telephone or internet proxy, as the case may be. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting. If you are a beneficial owner, you may vote by submitting new voting instructions to your broker, bank or nominee, or, if you have obtained a legal proxy from your broker, bank or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

How are votes counted?

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other item of business, you may vote FOR, vote AGAINST or ABSTAIN. If you ABSTAIN, the abstention has the same effect as a vote AGAINST. If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of the nominees to the Board, FOR ratification of KPMG LLP as the Company s independent registered public accounting firm for fiscal 2007, and in the discretion of the proxy holders on any other matters that properly come before the Annual Meeting).

What vote is required to approve each item?

In the election of directors, the five persons receiving the highest number of FOR votes at the Annual Meeting will be elected. The other proposal requires the affirmative FOR vote of a majority of the voting power of the shares present and voting at the Annual Meeting in person or by proxy.

If you hold your shares beneficially in street name and do not provide your broker or nominee with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, other than being counted for the purpose of determining a quorum, broker non-votes will not affect the outcome of any matter being voted on at the Annual Meeting. Abstentions have the same effect as votes against the matter.

Is cumulative voting permitted for the election of directors?

No; the Company s Bylaws do not permit cumulative voting at any election of directors.

How are proxies solicited?

The costs and expenses of soliciting proxies from stockholders will be borne by the Company. Employees, officers and directors of the Company may solicit proxies. In addition, we will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of Common Stock.

Date of Our Fiscal Year End.

This Proxy Statement provides information about the matters to be voted on at the Annual Meeting and additional information about Dolby and its executive officers and directors. Some of the information is provided as of the end of our 2006 fiscal year and some information is provided as of a more current date. Each of our fiscal years ends on the last Friday of September. Our 2006 fiscal year ended on September 29, 2006, our 2005 fiscal year ended on September 30, 2005 and our 2004 fiscal year ended on September 24, 2004. Our 2007 fiscal year ends on September 28, 2007.

Initial option grants vest over three years at a rate of one-third upon each anniversary of grant date as long as the director continues to serve on the applicable vesting date.

In addition, immediately following each annual meeting of our stockholders non-employee directors who have been directors for at least six months automatically receive an option to purchase shares of our Class A Common Stock, with one-third of the shares covered by these options vesting on each of the first three anniversaries of the grant date as long as the director continues to serve on the applicable vesting date. Instead, the Compensation Committee, our CEO acting as a committee of the Board and certain authorized officers granted all equity-based awards that were made in fiscal 2006.

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

Delegation of Equity Award-Granting Authority to CEO and Certain Other Executive Officers

In May 2005, the Board of Directors delegated authority to our CEO, as a one-person committee of the Board of Directors, to grant new hire, performance, promotion and retention equity-based awards to employees

and consultants who are not executive officers or directors of the Company within guidelines for the size of grants to particular levels of employees or consultants established by the Company and approved by the Board of Directors or the Compensation Committee. Our CEO made equity grants on four occasions in fiscal 2006.

In August 2006, the Board of Directors delegated authority to each of our Executive Vice President, Business Affairs, Chief Financial Officer and General Counsel, acting individually, to grant equity-based awards to new employees who were not executive officers or directors of the Company within guidelines for the size of grants to particular levels of employees established by the Company and approved by the Board of Directors or the Compensation Committee. Such authority was used on one occasion in fiscal 2006.

In December 2006, the Board of Directors rescinded the authority granted in May 2005 and August 2006 to the CEO and the three other executive officers to make certain equity awards. At the same time, the Board of Directors authorized any two or more of the four executive officers acting together to grant equity-based awards to employees who are not executive officers or directors of the Company on the date of grant within guidelines for the size of grants to particular levels of employees established by the Company and approved by the Board of Directors or the Compensation Committee. The Board of Directors also specified that all such grants must be made in accordance with the Policy described below under Corporate Governance Matters.

Corporate Governance Matters

Equity-Based Award and Grant Vesting Policy

On August 2, 2006 the Compensation Committee adopted an Equity-Based Award and Grant Vesting Policy (the Policy). The Policy applies to all equity-based awards to consultants and employees, including executive officers, senior management and professional and support staff. The Policy provides:

New hire, promotion and retention awards shall only be made once per month on the 15th day of the month. In the event the 15th day of the month falls on a weekend or holiday, awards shall be made on the first business day immediately following the 15th day of the month.

Ongoing awards (i.e., other than new hire, promotion and retention awards) may only be made once per fiscal quarter on the third trading day following the date of the earnings release relating to financial results for the prior fiscal quarter.

To the extent that a pricing term is applicable to a particular award (e.g., exercise price for a stock option award), the pricing term will be established by reference to the fair market value of the Company's Class A Common Stock on the award date as determined in accordance with applicable equity plan provisions.

Equity-based award approvals by meeting and by unanimous written consent may precede the award date so long as the approval is effective as of the respective award date. Approvals (by meeting or unanimous written consents) of equity-based awards may never occur after the award date.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics, which is applicable to our directors and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions. The Code of Business Conduct and Ethics is available on the Company's website at <http://www.dolby.com> Investor Relations Corporate Governance or in print by contacting Investor Relations at our principal executive offices. The Company will post on the Investor Relations section of our website any amendments or waivers to the Code of Business Conduct and Ethics that are required to be disclosed by the rules of the SEC or NYSE.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that address the role and composition of, and policies applicable to, the Board of Directors. The Nominating and Governance Committee will

periodically review the guidelines and report any recommendations to the Board. The Corporate Governance Guidelines are available on the Company's website at <http://www.dolby.com> Investor Relations Corporate Governance or in print by contacting Investor Relations at our principal executive offices.

Board Independence

The Board of Directors has determined that, other than Messrs. Dolby and Jasper, each of the directors of the Company has no material relationship with the Company and is independent within the meaning of the standards established by the NYSE and the director independence standards of the SEC as currently in effect. In making that determination, the Board of Directors considered all relevant facts and circumstances, including the director's commercial, accounting, legal, banking, consulting, charitable and familial relationships. The Board of Directors also applied the following standards, which provide that a director will not be considered independent if he:

Is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

Has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

Is, or has an immediate family member who is, a current partner of a firm that is the Company's internal or external auditor; is a current employee of such firm, or has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or, has, or has an immediate family member who has, been within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

During the past three years, has, or has an immediate family member who has, been employed as an executive officer of another company where any of the Company's present executives at the same time, serve, or served, on the other company's compensation committee; or

Has been employed as an employee, or has an immediate family member who has been employed as an executive officer of, another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of (a) \$1 million or (b) 2% of such other company's consolidated gross revenues.

The Board of Directors determined that the independent directors met the foregoing standards.

Policy for Director Recommendations and Nominations

It is the policy of the Nominating and Governance Committee to consider recommendations for candidates to the Board of Directors from stockholders holding at least 250,000 shares of the Company's Common Stock continuously for at least twelve months prior to the date of the submission of the recommendation.

A stockholder that wants to recommend a candidate for election to the Board of Directors should send the recommendation by letter to Dolby Laboratories, Inc., 100 Potrero Avenue, San Francisco, CA 94103-4813, Attn: General Counsel. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company and evidence of the recommending stockholder's ownership of Company stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for Board membership, addressing issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like and personal references.

The committee will use the following procedures to identify and evaluate any individual recommended or offered for nomination to the Board of Directors:

The committee will consider candidates recommended by stockholders in the same manner as candidates recommended to the committee from other sources;

In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the committee will consider the following:

The current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board;

Such factors as character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like. The committee evaluates these factors, among others, and does not assign any particular weighting or priority to any of these factors; and

Other factors that the committee may consider appropriate.

The committee requires the following minimum qualifications, which are the desired qualifications and characteristics for Board membership, to be satisfied by any nominee for a position on the Board:

The highest personal and professional ethics and integrity;

Proven achievement and competence in the nominee's field and the ability to exercise sound business judgment;

Skills that are complementary to those of the existing Board;

The ability to assist and support management and make significant contributions to the Company's success; and

An understanding of the fiduciary responsibilities that is required of a member of the Board and the commitment of time and energy necessary to diligently carry out those responsibilities.

If the committee determines that an additional or replacement director is required, the committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board or management; and

The committee may propose to the Board a candidate recommended or offered for nomination by a stockholder as a nominee for election to the Board.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Asset Contribution; Licensing Agreements with Ray Dolby Regarding Intellectual Property

Ray Dolby founded Dolby Laboratories to develop noise reduction technologies he had invented. Throughout nearly all of our over 40 year history and until our initial public offering in February 2005, Ray Dolby retained ownership of the intellectual property rights he created related to our business. On February 16, 2005, Ray Dolby contributed to us all rights in intellectual property related to our business that he and his affiliates held. In connection with the asset contribution agreement, Ray Dolby entered into an employee proprietary rights agreement substantially in the form that all employees of the Company enter into in connection with their employment. This agreement became effective on February 16, 2005. Under the terms of this

agreement, all future inventions created by Ray Dolby related to our business while he remains an employee will be assigned to the Company. Under this agreement, Ray Dolby also agreed to abide by a conflicts of interest policy substantially in the form that all other employees are required to sign. However, the conflict of interest policy that Ray Dolby signed differs from our standard policy in that, among other matters, it permits him to use our equipment, supplies and facilities to conduct research and development on matters unrelated to our business; does not apply to any lease agreement we have entered into or may enter into with him; and permits him to have up to a ten percent interest, instead of up to a two percent interest, in a competitor, customer, licensee or supplier without being in violation of the policy and limits the provision of the policy related to having interests in these entities only to direct interests.

Real Estate Transactions

Lease for 100 Potrero Avenue

Since 1980, we have leased our principal executive offices located at 100 Potrero Avenue, San Francisco, California from Ray Dolby. We also lease additional parking and warehouse space from Ray Dolby in connection with our lease of 100 Potrero Avenue. In December 2005 we renegotiated the leases and extended their terms until December 31, 2013, with the option to renew the leases for two additional five-year terms. Our rent expense for these facilities was \$1.8 million in fiscal 2006. We are generally responsible for the condition, operation, repair, maintenance, security and management of the properties. We have also agreed to indemnify and hold Ray Dolby, as landlord, harmless from and against certain liabilities, damages, claims, costs, penalties and expenses arising from our conduct related to the properties.

Jointly Owned Real Estate Entities

Ray and Dagmar Dolby, the Ray Dolby Trust or the Dolby Family Trust Instrument dated May 7, 1999 (Dolby Family Trust) owns a majority financial interest in five real estate entities that own and lease commercial real property to us. We own the remaining financial interests in these real estate entities. The following table sets forth, for each of the five real estate entities, the person or entity that owns the majority financial interest in the real estate entity, the percentage interest owned by the majority owner in such real estate entity and the location of the property subject to the applicable lease. The leased property in San Francisco, California includes our principal administrative offices at 999 Brannan Street.

Real Estate Entity	Majority Owner	Majority Ownership Interest	Location of Property
			Leased to Us
Dolby Properties, LLC	Ray Dolby Trust	62.5%	San Francisco, California
Dolby Properties Burbank, LLC	Dolby Family Trust	51.0%	Burbank, California
Dolby Properties Brisbane, LLC	Dolby Family Trust	51.0%	Brisbane, California
Dolby Properties UK, LLC	Dolby Family Trust	51.0%	Wootton Bassett, England
Dolby Properties, LP	Ray and Dagmar Dolby	90.0%	Wootton Bassett, England

Our expense recorded for rents payable to such entities was \$5.7 million in fiscal 2006.

When we negotiate a lease agreement with Ray Dolby or any of the jointly owned real estate entities, we engage real estate brokers to provide fair market rent and lease terms based on a summary of comparable properties located in the area of the subject property. The brokers are instructed that the transaction is intended to be completed on an arm's-length basis. We believe that all of our leases were entered into on a reasonable fair market basis.

The properties owned by Dolby Properties, LLC in San Francisco, California, Dolby Properties Burbank, LLC in Burbank, California, and Dolby Properties UK, LLC in Wootton Bassett, England were purchased with capital contributions and proceeds from bank loans. We guarantee each of these bank loans. As of September 29, 2006, the aggregate outstanding principal balance on all these bank loans was approximately \$12.3 million.

Other Arrangements with Ray Dolby

Mr. Dolby received a salary of \$174,038 in fiscal 2006 as an employee of the Company. Mr. Dolby agreed to a reduced salary of \$100,000 on an annualized basis effective January 1, 2006. In fiscal 2006, the Company paid Mr. Dolby's life insurance premiums and he was included in our standard health care and retirement plans, for benefits totaling \$19,977.

In the past, we have allowed Ray Dolby and members of his family the use of our office facilities for their personal purposes on a limited basis, and we expect this use to continue in the future. For example, Ray Dolby currently uses two offices in one of our facilities for non-Company related activities. In addition, members of Ray Dolby's family are allowed to use our conference and screening rooms for personal purposes approximately ten times per year. We estimate that the aggregate value to Ray Dolby's family of such personal use was less than \$40,000 in fiscal 2006. In addition, in fiscal 2006 we paid Ray Dolby \$1,200 per month for the use by our employees of a condominium he owns in Alpine Meadows, California. Our Board of Directors has approved of these arrangements, and has approved the continuation of these arrangements in the future.

2006 Dolby Annual Incentive Plan

On December 22, 2005, the Compensation Committee adopted a cash bonus plan for fiscal 2006 under the 2005 Stock Plan, entitled the 2006 Dolby Annual Incentive Plan (the 2006 DAIP).

Executive officers were eligible to receive bonuses pursuant to the 2006 DAIP. Individual bonuses were determined based upon a combination of the level of funding of the bonus pool and achievement of personal objectives. The Compensation Committee determined that the bonus pool under the 2006 DAIP would be funded to the extent that the Company achieved certain pre-tax profit margin and gross revenue goals during the 2006 fiscal year.

Target bonuses were a percentage of each executive's salary. Target bonuses and individual performance objectives for executive officers were set by the Compensation Committee. For the 2006 fiscal year, the target bonuses for the Company's executive officers were: 75% of base salary for our Chief Executive Officer and 50% to 55% of base salary for our other executive officers. For fiscal 2006, individual performance objectives for executive officers included, depending on the particular executive officer, the achievement of certain objectives related to business development, research and product expansion, financial, sales and marketing initiatives, and internal controls and procedures.

The actual bonus amounts payable to the executives were based on the percentage by which the individually-established performance objectives were met or exceeded. These bonuses could have been less than, or exceeded, the executive's target bonus, depending on the extent to which the bonus pool was funded and achievement of such executive's personal objectives. However, no actual bonus could exceed the limitations in the 2005 Stock Plan. An executive officer could only be paid a bonus under the 2006 DAIP if the Compensation Committee certified in writing that the applicable individual performance objectives had been met. On November 14, 2006 the Compensation Committee certified the extent by which the Company's fiscal 2006 pre-tax profit margin and gross revenue goals and applicable executive individual performance objectives had been met. Pursuant to a delegation of authority by the Company's Board of Directors and based on the level of attainment of these goals and objectives, the Compensation Committee awarded fiscal 2006 cash bonuses to our Chief Executive Officer and the other executive officers.

Senior Executive Supplemental Retirement Plan and U.K. Funded Unapproved Retirement Benefits Scheme

Senior Executive Supplemental Retirement Plan. We maintain a nonqualified senior executive supplemental retirement plan, which provides supplemental retirement benefits for a select group of executive employees based on contributions we made to the plan and the gains and losses on the investment of those contributions. Distributions from the senior executive supplemental retirement plan are made in a single lump sum, or, at a participant's election, in up to ten installments. Prior to fiscal 2005 we made annual contributions on behalf of each participant in an amount necessary to fund a hypothetical joint and 50% survivor annuity benefit payable to each participant commencing at age 65. The hypothetical monthly benefit is determined on the basis of an 8% interest rate and a standard mortality table by multiplying (i) 2% of a participant's projected average annual compensation by (ii) a participant's total expected years of service with us up to 30 years. A participant's projected average annual compensation is determined by averaging the participant's estimated annual compensation over the three consecutive years of service occurring in the participant's final three plan years preceding attainment of age 65. Each participant is 100% vested in his or her interest in the senior executive supplemental retirement plan at all times. Upon a participant's termination of service with us for any reason other than death, a participant is entitled to his or her account balance determined as of the valuation date immediately preceding his or her termination date, which amount will be paid in a single lump sum or in up to ten installments. Upon a participant's death, the participant's beneficiary will receive all amounts credited to the participant's account as of the date of death and will be paid in a single lump sum. Amounts contributed by us under the senior executive supplemental retirement plan are held in a rabbi trust and a participant's account will be credited with investment gains and losses based on investments selected by the participant. However, if a participant fails to make an investment election, the trustee of the senior executive supplemental retirement plan may direct such investments. In fiscal 2005, the Board of Directors amended and restated the plan to comply with

Section 409A of the Internal Revenue Code (the Code) and Internal Revenue Service regulations under Section 409A and terminated the plan. As a result of the termination of the plan, no additional amounts will be contributed to participants under the plan, but amounts already credited to participants under the plan will remain subject to the terms and conditions of the plan and will continue to be credited with gains and losses based on the gains and losses of investment funds designated by the Company and selected by the participant. Distributions under the plan will be made in the manner and at the time described above without regard to the termination of the plan.

U.K. Funded Unapproved Retirement Benefits Scheme. In addition, certain executives in the United Kingdom may participate in the Dolby Laboratories Funded Unapproved Retirement Benefits Scheme (FURBS). The FURBS is similar to the senior executive supplemental retirement plan. Under the FURBS we make annual contributions on behalf of each participant in an amount necessary to fund, taking into account any contributions to the senior executive supplemental retirement plan, a hypothetical joint and 50% survivor annuity benefit payable to each participant commencing at age 65 and, under certain circumstances, before then. The hypothetical monthly benefit is determined based on the same assumptions as those used for the senior executive supplemental retirement plan. In addition, participants are also allowed to make voluntarily contributions to the FURBS. Distributions from the FURBS may be made in a single lump sum, by a life policy or an annuity paid at retirement. Each participant is 100% vested in his or her interest in the FURBS at all times. Upon a participant's death, the participant's beneficiary will receive all benefits credited to the participant's account. Amounts contributed by us under the FURBS are held in a trust and a participant's account will be credited with investment gains and losses based on investments selected by the trustee. Our board of directors may at any time amend (with the agreement of the participant) or terminate the FURBS. On May 2, 2006 the Board of Directors approved the cessation of contributions to the FURBS on behalf of each of the FURBS participants, and the initiation of corresponding contributions to each of their respective personal pension accounts under our United Kingdom group personal pension plan. Amounts already credited to participants under the FURBS remain subject to the terms and conditions of the FURBS and will continue to be credited with gains and losses based on the gains and losses of investment funds selected by the FURBS trustees. We will continue to pay the costs of managing and administering the FURBS. Distributions from the FURBS will be made in the manner and at the time prescribed by the FURBS.

2000 Stock Incentive Plan

Effective October 2000, we adopted the 2000 Stock Incentive Plan. The 2000 Stock Incentive Plan, as amended in April 2004 and September 2004, provides for the issuance of incentive and nonqualified stock options to employees, directors and consultants of the Company to purchase up to 15.1 million shares of Class B Common Stock. Under the terms of this plan, options become exercisable as established by the Board of Directors (generally ratably over four years), and generally expire ten years after the date of the grant. Options granted under the plan are generally granted at not less than fair market value at the date of grant, but the plan permits options to be granted at less than fair value. Our Board of Directors decided not to grant any additional options under the 2000 Stock Incentive Plan following the completion of our initial public offering on February 17, 2005.

2005 Stock Plan

In January 2005 our stockholders approved our 2005 Stock Plan, which our Board of Directors had adopted in November 2004. The 2005 Stock Plan became effective on February 16, 2005, the day prior to the completion of our initial public offering. In February 2006 our stockholders approved the amendment and restatement of our 2005 Stock Plan, which our Board of Directors had approved in December 2005, to permit certain awards under the plan to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code (the "Code") and to permit the granting of performance cash bonus awards under the plan. Our Board of Directors further amended and restated our 2005 Stock Plan in June 2006, in its discretion as administrator of the 2005 Stock Plan, to increase the size of initial and on-going option grants for non-employee directors under the plan. Our 2005 Stock Plan provides for the ability to grant incentive stock options, non-statutory stock options, restricted stock, stock appreciation rights ("SARs"), deferred stock units, performance units, performance shares and performance cash bonus awards. A total of 6,000,000 shares of our Class A Common Stock is authorized for issuance under the 2005 Stock Plan. Any shares subject to an award with a per share price less than the fair market value of our Class A Common Stock on the date of grant will be counted against the authorized share reserve as two shares for every one share subject to the award, and if returned to the 2005 Stock Plan, such shares will be counted as two shares for every one share returned.

Employee Stock Purchase Plan

In January 2005, our Board of Directors adopted and our stockholders approved our Employee Stock Purchase Plan (ESPP), which allows eligible employees to have up to ten percent of their eligible compensation withheld and used to purchase shares of our Class A Common Stock. The ESPP became effective on February 16, 2005, and the first purchase took place on November 15, 2005. For the first offering period, the plan provided for the purchase of shares at 95 percent of the lower of the Company 's initial public offering price of \$18.00 or the closing price on the NYSE on the last day of the offering period. For subsequent offering periods, the purchase price is 95 percent of the closing price on the NYSE on the last day of the offering period. With the exception of the first offering period, offering periods generally start on the first business day on or after May 15th and November 15th of each year. A total of 1,000,000 shares of our Class A Common Stock are authorized for sale under the ESPP.

REPORT OF THE COMPENSATION COMMITTEE

OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

This report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 (the Securities Act) or under the Exchange Act, except to the extent the Company specifically incorporates this report by reference, and shall not otherwise be deemed filed under such Acts.

Compensation Philosophy and Objectives

The Company's compensation program is vital to its success. The Compensation Committee believes that compensation of the Company's executive officers should:

Provide a competitive total compensation package that enables the Company to attract, motivate and retain, on a long-term basis, high caliber personnel;

Encourage creation of stockholder value and achievement of strategic corporate objectives;

Recognize individual initiative, effort and accomplishment;

Provide a total compensation program, which includes elements of both annual and long-term compensation, to focus management on the Company's annual and long-term corporate objectives and strategy; and

Align the interests of management and stockholders and enhance stockholder value by providing management with longer-term incentives through equity ownership.

We base compensation on the level of an employee's job responsibility, individual performance, and Company performance. As employees progress to higher levels in the organization, an increasing proportion of their pay is linked to Company performance.

Key Elements of Executive Compensation

For fiscal 2006, the primary components of the executive officers' compensation were base salary, bonus and stock options. To ensure that the primary components of the Company's compensation structure reflected the Compensation Committee's philosophy, the Compensation Committee periodically consulted with an independent outside consultant, Watson Wyatt & Company, to review the Company's salary, bonus and equity programs and to recommend to the Compensation Committees any appropriate changes to the overall compensation program.

Compensation levels for executive officers were largely determined through competitive analyses of 11 public companies as a primary external reference peer group, as well as review of published surveys. The peer group was chosen based on industry and business focus and was comprised of the following companies: Avid Technology, Inc., DSP Group, Inc., Harman International, Macromedia Inc., Macrovision Corporation, Imax Corporation, InterDigital Communications Corporation, Pinnacle Systems Inc., Polycom, Inc., RealNetworks, Inc. and Scientific-Atlanta, Inc.

To the extent possible, comparisons with peer groups were made on an executive officer level position-by-position basis. Elements of compensation compared included: base salary, annual bonus as a percentage of base salary, total cash compensation, long-term incentives, total equity holdings and total direct compensation (total cash compensation plus expected value of long-term incentives). The Compensation Committee also considered the recommendations of the Company's Chief Executive Officer with respect to the compensation of other executive officers.

Base Salary

Base salary and total cash compensation (salary plus bonus) for the Company's executive officers is generally targeted at the 60th percentile of the peer group, but up to the 75th percentile for above market performance and further adjusted based on tenure with the Company. Base salaries are paid on a calendar year basis. In establishing base salaries for calendar 2006 the Compensation Committee considered, among other things, the Company's performance, including the achievement of financial objectives, the individual contributions and achievements of each executive officer in fiscal 2005 and individual executive officer salary comparisons within the peer group. Actual compensation is based on an evaluation of job responsibilities for the position, comparisons of compensation levels, Company achievements and individual performance. Individual performance is evaluated by reviewing organizational and management development progress against individual contributions and achievements. Compensation levels for the executive officers are competitive within a range that the Compensation Committee considers to be reasonable and necessary to attract and retain quality executives.

Bonus

With the input of Watson Wyatt & Company, the Compensation Committee analyzed the Company's bonus program in the beginning of fiscal 2006 to determine how to better align Company performance and executive bonus payouts. Based on its analysis, on December 22, 2005, the Compensation Committee adopted a cash bonus plan for fiscal 2006 under the 2005 Stock Plan, entitled the 2006 Dolby Annual Incentive Plan (the 2006 DAIP).

Executive officers were eligible to receive bonuses pursuant to the 2006 DAIP. Individual bonuses were determined based upon a combination of the level of funding of the bonus pool and achievement of personal objectives. The Compensation Committee determined that the bonus pool under the 2006 DAIP would be funded to the extent that the Company achieved certain pre-tax profit margin and gross revenue goals during the 2006 fiscal year.

Target bonuses were a percentage of each executive's salary, and were set, along with individual performance objectives, by the Compensation Committee. For the 2006 fiscal year, the target bonuses for the Company's executive officers were: 75% of base salary for our Chief Executive Officer and 50% to 55% of base salary for our other executive officers. For fiscal 2006, individual performance objectives for executive officers, depending on the particular officer, included: the achievement of certain objectives related to business development, research and product expansion, financial, sales and marketing initiatives, and internal controls and procedures.

The actual bonus amounts payable to the executives were based on the percentage by which the individually-established performance objectives were met or exceeded. These bonuses could have been less than, or exceeded, the executive's target bonus, depending on the extent to which the bonus pool was funded and achievement of such executive's personal objectives. However, no actual bonus could exceed the limitations in the 2005 Stock Plan. An executive officer could only be paid a bonus under the 2006 DAIP if the Compensation Committee certified in writing that the applicable individual performance objectives had been met. On November 14, 2006 the Compensation Committee certified the extent by which the Company's fiscal 2006 pre-tax profit margin and gross revenue goals and applicable executive individual performance objectives had been met. Pursuant to a delegation of authority by the Company's Board of Directors and based on the level of attainment of these goals and objectives, the Compensation Committee awarded fiscal 2006 cash bonuses to our Chief Executive Officer and the other executive officers.

Pursuant to a delegation of authority by the Company's Board of Directors, the Compensation Committee, which is currently comprised of all of the independent members of the Company's Board of Directors, has approved the Company performance objectives and individual performance objectives for our executive officers for fiscal 2007 and, going forward, will have the authority to approve the Company performance objectives and individual performance objectives for our executive officers.

Stock Options

For fiscal 2006, the Company targeted long-term incentive compensation for the Company's executive officers at the median of the market.

The Company's 2005 Stock Plan and 2000 Stock Incentive Plan are administered by the Compensation Committee. The Compensation Committee believes that by providing those persons who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company stock, the best interests of stockholders and executives will be closely aligned. Therefore, executive officers, as well as employees and consultants, are eligible to receive stock options under the 2005 Stock Plan from time to time, giving them the right to purchase shares of Common Stock of the Company at a specified price. Prior to the Company's initial public offering, the Board of Directors decided not to grant any additional options under our 2000 Stock Incentive Plan.

In light of evolving best practices, the Compensation Committee generally delayed awarding stock option grants to the Company's executive officers until after the Compensation Committee had adopted an Equity-Based Award and Grant Vesting Policy. As a result, most executives did not receive options until fiscal 2007. However, the Compensation Committee did award a total of 170,000 options in fiscal 2006 to two executive officers in connection with their respective commencement of employment and promotion. The total amount of options granted to our executive officers in fiscal 2006 represented 51.6% of the total amount of options granted to all employees in fiscal 2006. In determining the amount of stock options granted to the two executive officers, the Compensation Committee considered such factors as the relative quantity of awards offered by companies within the peer group to executives in comparable positions, awards previously granted, outstanding awards, the vesting schedule of outstanding awards, and the aggregate total of all outstanding awards.

Other Elements of Compensation

Other elements of the Company's executive officer compensation program include an Employee Stock Purchase Plan and profit-sharing and matching 401(k) plan contributions under the Company's retirement plan. Although the Company maintains a senior executive supplemental retirement plan, the Company ceased making contributions to the plan in fiscal 2004.

Fiscal 2006 CEO Compensation

In establishing Mr. Jasper's compensation for fiscal 2006, we applied the principles outlined above in the same manner as they were applied to the other executives. As part of this process, the Compensation Committee considered the recommendations of its independent outside consultant as well as the historical compensation levels paid to chief executive officers by those companies selected for peer group comparison. Mr. Jasper's base salary for calendar 2006 was \$624,000, which was a 4.0% increase over his base salary for calendar 2005.

In determining Mr. Jasper's annual bonus for fiscal 2006, the Compensation Committee evaluated his fiscal 2006 performance. In this regard, the Compensation Committee considered the Company's achievement of a certain level of revenue and pre-tax margin in fiscal 2006 and Mr. Jasper's accomplishment of objectives that had been established at the beginning of the fiscal year relating to business development, research, financial, sales and marketing initiatives, operational growth and efficiencies and internal controls and procedures. Following its evaluation, the Compensation Committee certified the extent by which the Company's fiscal 2006 pre-tax profit margin and gross revenue goals and Mr. Jasper's individual performance objectives had been met. Based on the level of attainment of these goals and objectives and on the formula for Mr. Jasper's bonus described above, the Compensation Committee granted Mr. Jasper a bonus of \$585,000 for his efforts in fiscal 2006 pursuant to the 2006 DAIP. This placed Mr. Jasper's salary and bonus compensation in the 75th percentile of historical salaries and bonus compensation paid by those companies selected for peer group comparison.

The Compensation Committee did not award any options to our Chief Executive Officer in fiscal 2006 for the reasons described above.

Under Mr. Jasper's leadership in fiscal 2006, the Company achieved record revenue, a 19% increase over fiscal 2005 revenue, as well as record net income and earnings per share. In addition, during fiscal 2006 the Company continued to diversify its revenue across markets. The Compensation Committee considers Mr. Jasper's overall compensation level for fiscal 2006 to be competitive, reasonable and necessary as his performance in fiscal 2006 met the Compensation Committee's expectations.

Mr. Jasper is a member of the Board of Directors, but he did not participate in Board or Compensation Committee deliberations regarding the setting of his compensation for fiscal 2006.

Miscellaneous

The Company's policy generally is to attempt to qualify compensation, including stock options and annual incentive bonuses, awarded or paid to executive officers for deductibility under Section 162(m) of the Code. However, interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Compensation Committee's control also can affect deductibility of compensation. For these and other reasons, the Compensation Committee has determined that it may not necessarily seek to limit executive compensation to that deductible under Section 162(m) of the Code.

The current members of the Audit Committee are Peter Gotcher, Sanford Robertson and Roger Siboni. The Audit Committee acts pursuant to a written charter that was originally adopted by the Board of Directors on November 3, 2004 and amended and restated on November 14, 2006 and is included with this Proxy Statement as Appendix A.

In performing its functions, the Audit Committee acts in an oversight capacity and relies on the work and assurances of (i) the Company's management, which has the primary responsibility for financial statements and reports and the Company's internal controls, and (ii) the independent registered public accounting firm, which, in its report, expresses an opinion on the conformity of the Company's annual financial statements with accounting principles generally accepted in the United States. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assess the Company's internal control over financial reporting.

Within this framework, the Audit Committee has reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended September 29, 2006 and the Company's internal control over financial reporting. The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. In addition, the Audit Committee has received the written disclosures and letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, has discussed with the independent registered public accounting firm, KPMG LLP, the independence of that firm and has considered whether the provision of non-audit services was compatible with maintaining the independence of that firm.

Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 29, 2006.

PROPOSAL 2**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed the firm of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending September 28, 2007. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table sets forth the aggregate fees billed or expected to be billed by KPMG LLP for audit and other services rendered.

	Fiscal Years Ended	
	2006	2005
Audit Fees ⁽¹⁾	\$ 3,508,797	\$ 875,355
Audit-Related Fees ⁽²⁾		990,179
Tax Fees ⁽³⁾		
All Other Fees ⁽⁴⁾	339,809	13,658
	\$ 3,848,606	\$ 1,879,192

- (1) Audit fees consist of fees incurred or expected to be incurred for professional services rendered for the audit of our annual consolidated financial statements, the audit of management's assessment of our internal control over financial reporting, the audit of the effectiveness of our internal control over financial reporting, review of our quarterly consolidated financial statements and foreign statutory audits and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under Audit Fees. In fiscal 2005, this consisted primarily of accounting advice and consultations related to our initial public offering, as well as documentation assistance procedures to meet the requirements of the Sarbanes-Oxley Act of 2002. In fiscal 2006, no Audit-related fees were incurred.
- (3) The Company generally does not engage KPMG LLP for tax services.
- (4) All other fees consist of fees billed in connection with audits of our licensees in fiscal 2005 and fiscal 2006.
- The Audit Committee considered whether the provision of services other than audit services is compatible with maintaining KPMG LLP's independence.

Pre-Approval Policies and Procedures

The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. The Audit Committee also has delegated authority to the chairman of the Audit Committee to approve (i) non-audit related services to be provided by the Company's principal registered public accounting firm, and (ii) statutory audit services to be provided by the Company's principal registered public accounting firm or other auditors.

All services and fees provided to the Company by KPMG LLP in fiscal 2006 were pre-approved by the Audit Committee.

Required Vote

Ratification requires the affirmative vote of a majority of the voting power of the shares present and voting at the Annual Meeting in person or by proxy. Stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

*The Board of Directors recommends a vote **FOR** ratification of KPMG LLP as the Company's independent registered public accounting firm.*

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers and directors and persons who beneficially own more than 10% of the Company's Class A Common Stock (collectively, Reporting Persons) to file reports of beneficial ownership and changes in beneficial ownership with the SEC and the NYSE. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons, the Company believes that during the fiscal year ended September 29, 2006 all Reporting Persons complied with all applicable reporting requirements, except that, due to a clerical error, Mark Anderson was one day late in reporting a sale on Form 4.

STOCKHOLDER PROPOSALS FOR THE 2008 ANNUAL MEETING

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2008 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Exchange Act is August 30, 2007.

Our Bylaws contain additional advance notice requirements, including requirements with respect to advance notice of stockholder proposals. Under our Bylaws, a stockholder proposal will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that such stockholder's notice must be delivered to or mailed and received by the secretary of the Company at the principal executive offices of the Company not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first.

ANNUAL REPORT

The Company will furnish without charge, upon written request of any person who was a stockholder or beneficial owner of Common Stock at the close of business on December 14, 2006, a copy of the Company's Annual Report on Form 10-K, including the financial statements and the financial statement schedules. The written request should be sent to: Investor Relations Department, Dolby Laboratories, Inc., 100 Potrero Avenue, San Francisco, CA 94103-4813.

The members of the Audit Committee shall be appointed by the Board upon recommendation of the Nominating and Governance Committee. Audit Committee members may be replaced by the Board.

AUTHORITY AND RESPONSIBILITIES

The Audit Committee shall appoint and oversee the work of the independent auditors, approve the compensation of the independent auditors and review and, if necessary, discharge the independent auditors. In this regard, the independent auditors shall report directly to the Audit Committee, and the Audit Committee shall have the sole authority to approve the hiring and discharging of the independent auditors, all audit engagement fees and terms and, to the extent permissible, all non-audit engagements with the independent auditors.

The Audit Committee shall, at least annually, obtain and review a report by the independent auditors describing: (A) the audit firm's internal quality-control procedures; (B) any material issues raised by the most recent internal quality-control review, or peer review, of the audit firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the audit firm, and any steps taken to deal with any such issues; (C) all relationships between the independent auditors and Dolby to enable the Audit Committee to assess the auditors' independence; and (D) any other matters required to be included in a letter from the independent auditors pursuant to Independence Standards Board Standard No. 1.

The Audit Committee shall receive, review and discuss quarterly reports from the independent auditors on (A) the major critical accounting policies and practices to be used; (B) significant alternative treatments of financial information within GAAP that have been discussed with management; (C) ramifications of the use of such alternative disclosures and treatments; (D) any treatments preferred by the independent auditors; and (E) other material written communications between the independent auditors and management, such as any management letter or schedule of unadjusted differences.

The Audit Committee shall review on a regular basis with the Company's independent auditors any problems or difficulties encountered by the independent auditors in the course of any audit work, including management's response with respect thereto, any restrictions on the scope of the independent auditors' activities or on access to requested information, and any significant disagreements with management. The Audit Committee shall discuss guidelines and policies with respect to risk assessment and risk management.

The Audit Committee shall discuss with Dolby's general counsel legal matters that may have a material impact on the financial statements or Dolby's compliance procedures.

The Audit Committee shall review the adequacy and effectiveness of Dolby's internal control policies and procedures on a regular basis, including the responsibilities, budget and staffing of Dolby's audit function, as well as any special audit steps adopted in light of material control deficiencies, through inquiry and discussions with Dolby's independent auditors and management. In addition, the Audit Committee shall review the reports prepared by management, and attested to by Dolby's independent auditors, assessing the adequacy and effectiveness of Dolby's internal controls and procedures, prior to the inclusion of such reports in Dolby's periodic filings as required under SEC rules. The Audit Committee shall review disclosures regarding Dolby's internal controls that are required to be included in SEC reports.

The Audit Committee shall establish procedures for receiving, retaining and treating complaints received by Dolby regarding accounting, internal accounting controls or auditing matters and procedures for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Audit Committee shall review, approve and monitor the portions of Dolby's code of ethics applicable to its senior financial officers.

The Audit Committee shall review on a regular basis management's assessment (and the basis therefore) of the adequacy and effectiveness of Dolby's system of disclosure controls and procedures, including by meeting periodically with the Company's management, independent auditors and legal counsel to review their assessment of such disclosure controls and procedures and to review, before its release, the disclosure regarding such system of disclosure controls and procedures required under SEC rules to be contained in the Company's periodic filings.

LIMITATION OF AUDIT COMMITTEE'S ROLE

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that Dolby's financial statements and disclosures are complete, accurate and in accordance with GAAP and applicable rules and regulations. These are the responsibilities of management and the independent auditors.

It is recognized that the members of the Audit Committee are not full-time employees of Dolby, that it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards, and that each member of the Audit Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside Dolby from which the Audit Committee receives information and (ii) the accuracy of the financial and other information provided to the Audit Committee, in either instance absent actual knowledge to the contrary.
