Item 2.05 Costs Associated with Exit or Disposal Activities.

On May 4, 2007, the Board of Directors of Darden Restaurants, Inc. (the Company) approved a plan to sell the Smokey Bones Barbeque & Grill® restaurant operations, exit that business and close certain units. These actions were taken as the Company determined that the Smokey Bones concept and related business model, which was designed to be a nationally advertised brand, was not on a path to achieving that vision, and therefore was not a meaningful growth vehicle for Darden.

The Company closed 54 Smokey Bones restaurants and two Rocky River GrillhouseSM restaurants on May 5, 2007, and currently expects to operate the remaining 73 Smokey Bones restaurants while seeking a buyer. The Company currently estimates it will incur a pre-tax charge of approximately \$260 million in the fourth quarter of fiscal 2007 in connection with this action, which includes: (a) a non-cash asset impairment charge of approximately \$235 million for all 129 Smokey Bones and Rocky River restaurants, and (b) approximately \$25 million in other estimated cash costs related to the closing of 54 Smokey Bones and two Rocky River restaurants, including approximately (i) \$15 million for lease contract termination costs, (ii) \$4 million in one-time severance benefits for terminated employees, (iii) \$3 million in restaurant-level closing costs, and (iv) \$3 million in other costs. The actual amount of any cash payments made by the Company for lease contract termination costs will be dependent upon ongoing negotiations with the landlords of the leased restaurant properties.

The Company issued a news release dated May 5, 2007 with further information about these actions, a copy of which is filed as Exhibit 99.1 to this Current Report on Form 8-K.

Item 2.06 Material Impairments.
