The net income of the fiscal year ended on June 30, 2007 was increased 10.9% from Ps. 96.6 million to Ps. 107.1 million. EBITDA was Ps. 293.0 million, 8.5% higher than the previous fiscal year.

The Company's sales increased 27.9% from Ps. 577.7 million to 738.8 million. Participation of the various segments in net sales for the fiscal year 2007 was as follows: shopping centers, Ps. 270.3 million; hotels, Ps. 122.7 million; sales and development, Ps. 75.8 million; offices and rental properties, Ps. 55.7 million; credit card operations, Ps. 212.9 million; and financial operations and other, Ps. 1.4 million.

All business segments have increased its sales this fiscal year, except for the Sales and Development segment, due to the fact that the Company made less swaps of plots of land, as is the Company's intention to develop its own plots of land and to that effect it has to keep such plots of land in its portfolio.

Even though the operating result has decreased 1.5% from Ps. 201.6 million to 198.5 million, once the Sales and Development segment is excluded from the operating result calculation and the only segments taken into consideration are those that generate a continuous cash flow (such as Office Rent, Shopping Centers, Hotels, Credit Cards and Financial Operations), the operating result amounts to Ps. 192.4 million, a 22.44% increase from last year. In addition, EBITDA from these segments (excluding Sales and Development) shows an increase of 27.3% from Ps. 225.3 million to Ps. 286.7 million, superior to the 8.5% previously disclosed.

Occupancy at the Company's shopping centers reached 97.0%, while sales from its tenants were increased 24.3%. The operating result from the Shopping Center segment increased 18.2% from Ps. 105.6 million to Ps. 124.8 million.

On December, 2006 the Company started operating the tenth shopping mall. Located in Villa Cabrera in the city of Córdoba, Province of Córdoba, *Córdoba Shopping* is a 35,000 square meters mall, with 106 commercial sites, 12 movie lounges and 1,500 parking spaces. In addition, throughout subsidiaries, the Company has started the construction of a shopping mall in the neighborhood of Saavedra, in the city of Buenos Aires, in the intersection of avenues Panamericana and General Paz.

Occupancy at our A class office buildings continues to experience a material recovery, reaching 97.3% during fiscal year ended on June 31, 2007. Revenues from this segment increase 82.2% amounting Ps. 55.7 million as of June 30, 2007. The acquisitions of AAA class buildings *Bouchard Plaza* and *Dock del Plata* and the purchase option of *Edificio República* (all located in downtown Buenos Aires), together with the commencement of the construction works at Dock IV, will allow the Company to keep on consolidating its leadership in this business segment.

Revenues from the hotel segment posted a significant increase of 18.2%, from Ps. 103.8 million during fiscal year ended on June 31, 2006 to Ps. 122.7 million in the fiscal year ended on June 30, 2007. The increase mainly reflects the rise in the average room rates, which improved from Ps. 379 to Ps. 469. In addition, the Company continues the construction of 42 new suites in Hotel Llao Llao, and improvements in hotels in Buenos Aires.

During the fiscal year ended on June 30, 2007 the Company acquired two plots of land adjacent to each other, located in neighborhood of Vicente López, in the Province of Buenos Aires, in which the Company plans to develop an important real estate project.

Relating to the urbanization project of the 70 hectare plot of land called *Santa María del Plata* (former *Ciudad Deportiva de Boca Juniors*), located 10 minutes away from downtown Buenos Aires, such project is in its first phases of its development, through the newly incorporated Company's subsidiary *Solares de Santa María S.A.*, and it will have a residential and mix use profile, as it will have offices, hotels, shops, nautical and sport clubs, and infrastructure such as schools, supermarkets, parking spaces, etc., having been conceived as a new neighborhood within the city of Buenos Aires.

In order to finance investments and developments previously detailed, in February the Company issued Notes due 2017 for a total amount of US\$ 150 million at an interest rate of 8.50% payable semi annually, which was 3.5 times over-subscribed demonstrating the strong endorsement given by the investor's community to the Company's business plans. In addition, on May, 2007 our subsidiary Alto Palermo issued Notes for a total amount of US\$ 170 million.

The board of directors has unanimously decided to continue analyzing future proposals to submit to the shareholders regarding fees, allocation of the fiscal year results, dividend distribution, etc.
