VOTING SECURITIES

Voting Rights

The record date for the determination of shareholders entitled to notice of and to vote at the 2008 Annual Meeting of Shareholders was the close of business on February 25, 2008. On the record date, there were 59,609,018 shares of common stock, \$0.01 par value per share, the Company s only voting securities, outstanding and entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote. Under the Company s By-Laws, the holders of a majority of the shares of common stock outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock represented in person or by proxy, including shares which abstain or do not vote with

respect to one or more of the matters presented for shareholder approval, will be counted for purposes of determining whether a quorum is present. The affirmative vote of the holders of a plurality of votes cast by the shareholders entitled to vote at the Annual Meeting is required for the election of directors. Shares that abstain from voting as to a particular matter, and shares held in street name by brokers or nominees that indicate on their Proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will not be included in vote totals and will not affect the outcome of the voting on the election of Directors.

PROPOSAL ONE: ELECTION OF DIRECTORS

Domino's has a classified Board of Directors currently consisting of two Directors with terms expiring in 2008 (Class I), three Directors with terms expiring in 2009 (Class II) and two Directors with terms expiring in 2010 (Class III). At each Annual Meeting of Shareholders, Directors in one class are elected for a full term of three years to succeed those Directors whose terms are expiring. This year, the two Class I Director nominees will stand for election to a three-year term expiring at the 2011 Annual Meeting. The persons named in the enclosed proxy will vote to elect Andrew B. Balson and Vernon Bud O. Hamilton as directors unless the Proxy is marked otherwise. Each of the nominees has indicated their willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by Proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that any of the above-mentioned persons will not serve his term as a Director.

Set forth below are the name, age and principal occupation of each nominee for election as a Class I Director and of each continuing member of the Board. Information with respect to the business experience, other publicly-held companies on which they serve as a director and the number of shares of Domino's Pizza, Inc. common stock beneficially owned by each director, appears later in this Proxy Statement.

These practices provide a framework within which the Company's Board and management can pursue the strategic objectives of Domino's Pizza and ensure its long-term growth for the benefit of shareholders. The Company's corporate governance principles and practices are reviewed annually by the Nominating and Corporate Governance Committee and any changes are recommended to the Board for approval. The Company's Corporate Governance Principles are posted on the Domino's corporate and investor website www.dominosbiz.com under the Investors section and are available free of charge upon request from the Company's Corporate Secretary. The Company's corporate and investor website (Investors section on www.dominosbiz.com) also contains the Nominating and Corporate Governance Committee Charter, the Compensation Committee Charter, and the Audit Committee Charter and all the referenced charters are available free of charge upon request from the Company's Corporate Secretary.

The Corporate Governance Principles and the Charter of the Nominating and Corporate Governance Committee set forth the Company's policies with respect to Board structure, membership (including nominee qualifications), performance, operations and management oversight. Pursuant to the Corporate Governance Principles, the Board meets quarterly in executive session and in non-management executive session. The discussion leader for executive session is generally David Brandon and the discussion leader for the non-management executive sessions is generally Mark Nunnally. All of the non-management directors are independent and they meet separately at each quarterly board meeting.

The Board believes that a majority of its members should be independent directors. The Company's Corporate Governance Principles contain the Company's standards for director independence. A Director will be designated as independent if he or she: (i) has no material relationship with the Company or its subsidiaries;

Table of Contents

(ii) satisfies the other criteria specified by New York Stock Exchange listing standards; (iii) has no business conflict with the Company or its subsidiaries; and (iv) otherwise meets applicable independence criteria specified by law, regulation, exchange requirement or the Board. The Board has affirmatively determined that the following Directors are independent under that definition:

Andrew B. Balson

Diana F. Cantor

Vernon Bud O. Hamilton

Dennis F. Hightower

Robert M. Rosenberg

The Corporate Governance Principles further provide that the Directors are invited and expected to attend the Annual Meeting of Shareholders. All Directors attended the 2007 Annual Meeting of Shareholders.

The Company has adopted a Code of Professional Conduct for Senior Financial Officers that applies to all executive officers of the Company, including the Chief Executive Officer and Chief Financial Officer, as well as all of the Company's other financial officers and other employees with senior financial roles. The Code of Professional Conduct is posted on the Company's corporate and investor website (Investors section on www.dominosbiz.com). The Company intends to satisfy the disclosure requirement regarding any amendment to, or waiver of, a provision of the Code of Professional Conduct for the Chief Executive Officer, Chief Financial Officer, Corporate Controller or persons performing similar functions, by posting such information on its website.

A total of eight meetings of the Board of the Company were held during 2007. Each Director attended at least 75% of the aggregate of (i) the total number of meetings of the Board, and (ii) the total number of meetings held by all committees of the Board on which that Director served during the period each served as a Director.

In accordance with New York Stock Exchange requirements, the Board has a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, all of which are comprised solely of independent Directors, as defined by Section 303A of the New York Stock Exchange listed company rules. Each committee of the Board has designated responsibilities and regularly reports on their activities to the entire Board.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Messrs. Hamilton (Chair) and Balson and Ms. Cantor. The Committee held four meetings in 2007. Each member of the Nominating and Corporate Governance Committee is independent as required under the New York Stock Exchange listed company rules as discussed above. A Nominating and Corporate Governance Committee Charter, as approved by the Board, can be found on the Company's corporate and investor website (Investors section on www.dominosbiz.com).

The Committee's functions include assisting the Board in determining the desired qualifications of Directors, identifying potential individuals meeting those qualifications, proposing to the Board a slate of nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, further functions include reviewing the Corporate Governance Principles, making recommendations to the Board with respect to other corporate governance principles applicable to the Company, recommending Directors to serve on committees, overseeing the determinations of director independence, overseeing the annual evaluation of the Board and management, and reviewing Board succession plans.

The Nominating and Corporate Governance Committee meets regularly to discuss, among other things, identification and evaluation of potential candidates for nomination as a director. The Nominating and Corporate

Commitment to serve on the Board over a period of several years to develop knowledge about the Company and its operations;

Board diversity and other relevant factors as the Board may determine.

The nominees for election at the 2008 Annual Meeting of Shareholders, Andrew B. Balson and Vernon Bud O. Hamilton, already serve as Directors of the Company.

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2009 Annual Meeting of Shareholders, provided that the names of such nominees are submitted in writing, not later than November 7, 2008, to Adam J. Gacek, Corporate Secretary, Domino's Pizza, Inc., 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105. Each such submission must include a statement of the qualifications of the nominee, a consent signed by the nominee evidencing a willingness to serve as a Director, if elected, and a commitment by the nominee to meet personally with the Nominating and Corporate Governance Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for Director recommended by a shareholder.

Compensation Committee

The members of the Compensation Committee are Messrs. Rosenberg (Chair), Hightower and Nunnally. Each member of the Compensation Committee is independent as required under the New York Stock Exchange listed company rules. The Compensation Committee's functions include examining the levels and methods of compensation employed by the Company with respect to the Chief Executive Officer and other executive officers, making recommendations with respect to other executive officer compensation, reviewing and approving the compensation package of the Chief Executive Officer, making recommendations to the Board with respect to incentive compensation plans and equity-based plans, reviewing management succession plans, making plan administration and compensation decisions under equity compensation plans approved by the Board, administering one or more cash bonus plans, subject to shareholder approval, that will qualify compensation paid thereunder as performance-based compensation within the meaning of Section 162(m), and implementing and administering such plans.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Act of 1934, except to the extent the Company specifically incorporates this Report.

The Audit Committee is governed by a written charter which was adopted by the Company's Board of Directors and is reviewed annually by the Audit Committee. The Audit Committee is responsible for overseeing the quality and integrity of the Company's accounting, auditing, financial reporting and internal control practices. The Audit Committee is responsible for, in addition to other activities, the appointment, retention and compensation of the Company's independent public registered accountants. The Audit Committee has a policy with respect to the pre-approval of non-audit services.

Each member of the Audit Committee is independent as required under the New York Stock Exchange listed company rules. The Board has determined that three of its independent members, each meeting the requirements of Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act, Messrs. Hightower and Rosenberg and Ms. Cantor, are audit committee financial experts under Item 407(d)(5) of Regulation S-K. The Audit Committee met seven times during 2007.

In performing its responsibilities, the Audit Committee, in addition to other activities: (i) reviewed and discussed the Company's audited financial statements with management; (ii) discussed with PricewaterhouseCoopers LLP, the Company's independent accountants, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as modified or supplemented; and (iii) received the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified or supplemented, and discussed with PricewaterhouseCoopers LLP the firm's independence. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board of Directors, or the Compensation Committee, is responsible for determining the compensation of the executive officers and administering the plans in which the executive officers, the Directors and the Company's other employees participate. The goal of the Company's compensation system is to attract, motivate and retain talented individuals to help Domino's Pizza attain the Company's business goals and objectives. Domino's Pizza, Inc. is committed to achieving long-term, sustainable growth and increasing shareholder value. The Domino's Pizza compensation programs for executive officers are designed to maintain these commitments and encourage strong financial performance on an annual and longer-term basis. The Company evaluates executive compensation by measuring the total compensation of the Chief Executive Officer and other executive officers against benchmarks of comparable companies. The principal elements of the total compensation for the Chief Executive Officer and other executive officers are base salary, performance bonuses, long-term compensation consisting primarily of stock options and certain perquisites.

Compensation Philosophy

The Compensation Committee uses total compensation as its measurement when it determines the level and components of compensation for the named executive officers. In order to maintain the effectiveness of the Company's current executive compensation structure, the Compensation Committee annually reviews the reasonableness of executive compensation levels using professional compensation consultants as well as public information about comparable companies within the Company's industry, and evaluates it in light of individual performance as well as the Company's growth and profitability. In making such determinations, the Compensation Committee reviews the nature and scope of each executive officer's responsibilities as well as his or her effectiveness in supporting the Company's long-term goals. The Compensation Committee attempts to set levels of salary, bonus, and other compensation at levels that will attract, motivate, and retain superior executive talent in a highly competitive environment.

Total Compensation

The Compensation Committee uses total compensation as its measurement when it determines the level and components of compensation for the named executive officers. The Compensation Committee conducts a review of the total compensation of the named executive officers of Domino's Pizza using data provided by the compensation consultants retained by the Compensation Committee. For the named executive officers except for the Chief Executive Officer, the Compensation Committee attempts to equally allocate the percentage of the three major components of total compensation; (i) annual base salary, (ii) annual performance bonuses and (iii) long term compensation, in the form of stock option grants. For the Chief Executive Officer, the Compensation Committee places more emphasis on the performance-based components of total compensation, the annual performance bonus and long-term compensation, so that the Chief Executive Officer's Total Compensation is targeted generally to be allocated as 20% annual base salary, 40% annual performance bonus and 40% long-term compensation.

Components of Total Compensation

Annual Base Salary Compensation. The Compensation Committee annually reviews and approves the base salaries of executive officers, including the Chief Executive Officer. In making these determinations, the Compensation Committee considers various factors such as the executive's employment agreement with the Company, the executive's individual performance against objectives, responsibilities, leadership, years of experience, the performance of the Company with respect to the annual performance bonus measurement, and total compensation package.

Annual Performance Bonuses. The following section describes the annual performance bonus for all of the executive officers of the Company, including the Chief Executive Officer, but excluding the Executive Vice

Table of Contents

President of Team U.S.A., whose arrangement is discussed separately below. Each executive officer has the opportunity to earn an annual performance bonus consisting of a cash bonus payment based upon the Company's performance that is uniform for all the Company's executive officers. Annually, in accordance with Section 162(m), the Compensation Committee approves bonus targets for the Company and sets a bonus target for the executive officers based on the achievement of a certain financial target utilizing a financial measurement, which historically has been adjusted EBITDA. In 2007, the Compensation Committee approved a financial measurement based on segment income as used in the Company's financial reporting in part to comply with the requirements of Section 162(m).

Specifically, this means that to determine the amounts of awards, if any, to be paid to executive officers for 2007, the Compensation Committee used segment income for 2007 with certain adjustments, which were established by the Compensation Committee in February of 2007, upon which achievement of the performance targets was judged. The Compensation Committee determined that using segment income with certain adjustments as the basis for financial targets upon which bonus targets for executive officers were set was appropriate in 2007 because this measure is an excellent barometer for overall success of the Company as well as being very similar to the measure used for the annual performance bonus for employees of the Company who are not executive officers and accordingly segment income will be used as the basis again in 2008. For the Executive Vice President of Team U.S.A., 50% of his annual performance bonus is based on the segment income based financial measure and 50% of his annual performance bonus is based on the achievement by Team U.S.A. of its 2008 financial goal.

No bonuses are paid to executives unless 90% of the bonus target is exceeded in the applicable fiscal year. Each executive receives one-tenth of one percent (0.1%) of a specified percentage of their base salary for every one hundredth of one percent (0.01%) (rounded to the nearest hundredth) in excess of 90% of the bonus target that is achieved in the applicable fiscal year. The Compensation Committee approves annual bonuses for all eligible employees, including the executive officers of the Company, based on whether the pre-approved bonus targets were met. The Compensation Committee may revise the established performance criteria and establish new performance criteria at their discretion.

The Compensation Committee believes that the proportion of the Chief Executive Officer's performance based compensation as a component of total compensation should be greater than that of the Chief Executive Officer's annual salary because performance based compensation serves to align the Chief Executive Officer's interest with the interests of the Company's shareholders.

All but three executive officers have employment agreements that outline the provisions of their annual performance bonus. Beginning in 2007, all executive officers have had their annual performance bonus governed by the Domino's Pizza, Inc. Senior Executive Annual Incentive Plan, a Section 162(m) plan approved by the shareholders of Domino's.

In January 2008, the Compensation Committee certified that the annual performance target for 2007 had not been met and that no executive officer would receive a 2007 annual performance bonus. The Compensation Committee believes that the performance target it set for 2007 was appropriately aggressive and required the Company to improve its financial results of 2006 in order to achieve the 2007 performance target. The 2008 performance target requires the Company to improve its financial results in comparison to the 2007 financial results in order for the executive officers to receive their target performance amounts. The Company does not publicly disclose the specific segment income based financial measurement bonus target or the annual bonus percentage amounts for each executive officer, as this information is highly confidential and disclosing would therefore cause competitive harm.

Long-Term Compensation. The Compensation Committee believes that an equity component of management compensation serves to align management's interest with creating shareholder value. To that end, the Compensation Committee provides and maintains long-term equity incentive programs consisting of an equity incentive plan and an employee stock purchase plan. Recipients of stock option grants do not receive a benefit from stock options unless and until the market price of the Company's common shares increases (except for potential cash bonuses in connection with mandatory stock option payments, as described below).

Table of Contents

Participation in the Company's equity incentive programs accomplishes the objective of linking each executive officer's opportunity for financial gain to increases in shareholder wealth, as reflected by the market price of the Company's common stock.

The Compensation Committee has the authority to issue equity awards under the Amended Domino's Pizza, Inc. 2004 Equity Incentive Plan (the EIP), which was adopted in 2004, to all eligible team members. Awards to the Chief Executive Officer and other executive officers are also presented to the Board of Directors by the Compensation Committee and are ratified by the Board of Directors. Under the EIP, the Compensation Committee may award incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, unrestricted stock, stock deliverable on a deferred basis, performance-based stock awards, and cash payments intended to defray the cost of awards. Participation in the EIP is limited to those key employees and other persons who are recommended by management and approved by the Compensation Committee. Under the EIP, the maximum number of shares for which awards may be granted to any participant in any year, and the maximum number of shares deliverable to any participant through other awards for any year, is in each case limited to 1,000,000 shares per participant. The limit on shares available under the EIP, the individual limits, and other award terms are subject to adjustment to reflect stock splits or stock dividends, combinations, and certain other events. The EIP also includes provisions concerning the treatment of awards upon the termination of service of an individual employee, and in the case of a merger or similar corporate transaction by the Company.

In January 2007, the Compensation Committee adopted a dividend equivalent rights policy pursuant to which holders of stock options will receive dividend equivalents, in the form of a cash bonus on vested options. Additionally, in the event of a special dividend there will be a reduction in exercise price, to the extent allowable by law, on all unvested options. This policy was effective as of February 1, 2007 and will apply to all future dividends declared on the Company's common stock. The Compensation Committee believes that this policy further aligns the interests of management and shareholders.

In April 2007, the Board determined that the Company's current stock option plans mandate that the Company make appropriate adjustments to outstanding option awards in the event of certain transactions. In connection with the ABS Recapitalization, holders of vested options through 2007 received a mandatory stock option payment on vested options through 2007 in the amount of the dividend, \$13.50 per share, and holders of unvested options received a reduction in exercise price, to the extent permitted by applicable law, equivalent to the dividend amount. The above events occurred on May 4, 2007, and are more fully described in the Company's Current Report on Form 8-K filed on April 20, 2007.

In July 2007, the Compensation Committee made EIP awards to each of the named executive officers. Generally, stock options awarded under the EIP have a maximum term of ten years and vest over five years, and vested options are exercisable for a limited period of time after termination of the executive officer's employment. All options awarded under the EIP are granted with an exercise price equal to the closing price of Domino's Pizza, Inc. common stock on the grant date of the award.

The current outstanding options under the EIP generally vest ratably over a five-year period. As of December 30, 2007 there were 6,254,677 options currently issued and outstanding under the EIP and a total of 4,028,779 authorized but unissued options under the EIP. Additionally, as of December 30, 2007, there were 1,539,841 outstanding options issued prior to July 13, 2004 under the TISM, Inc. Fourth Amended and Restated Stock Option Plan, all of which options are fully vested. Under the two plans, there were a total of 7,794,518 options currently issued and outstanding and a total of 3,162,860 of such options were fully vested.

In addition, the Company maintains the Domino's Pizza Employee Stock Payroll Deduction Plan (the ESPDP), adopted in July 2004, to provide employees, including executive officers, with an opportunity to purchase shares of the Company's common stock through payroll deductions at a 15% discount from the market price. Such shares of the Company's common stock purchased under the ESPDP have a one-year holding period requirement before team members can sell the shares. The Compensation Committee believes the ESPDP is an attractive

Table of Contents

benefit that assists the Company in retaining key employees, securing new qualified employees and providing incentives for employees to work towards achieving the Company's key objectives because it gives employees access to the Company's equity at a favorable price.

Other Elements of Compensation

Retirement Benefits. The Company does not maintain a defined benefit pension plan. The only current retirement benefit obligation of the Company is the continued medical coverage for David A. Brandon and his spouse during their lifetime upon termination of Mr. Brandon's employment.

Deferred Compensation. The Company maintains a nonqualified elective deferred compensation plan, or the DCP, which is available to its executive officers and certain other employees. Deferred amounts under the DCP are invested in mutual funds or other investments available under the DCP. The Company does not provide an employer match for amounts deferred in the DCP. The DCP is described more fully below.

Perquisites. The Company makes a limited amount of perquisites available to its executive officers, all of which are detailed, in the case of our named executive officers, in the footnotes to the Summary Compensation Table below.

Certain Other Benefits. We also maintain a benefits program comprised of retirement income and group insurance plans. The objective of the program is to provide executive officers and certain other full time team members with reasonable and competitive levels of protection against the four contingencies (retirement, death, disability and illness), which will interrupt the eligible employee's employment and/or income received as an active employee. The retirement program consists of two savings plans: (i) a tax-qualified 401(k) savings plan; and (ii) a non-qualified deferred compensation plan (the DCP referenced above). The 401(k) savings plan is open to all employees age 21 or older who have also worked at least 1,000 hours for the Company. Effective January 1, 2006, the Company increased its match on employee 401(k) contributions to a 100% match on the first three percent (3%) contributed by employees into their 401(k) funds and a 50% match on each of the fourth and fifth percent (4% and 5%) of employee 401(k) contributions. The non-qualified deferred compensation plan is offered to select senior management, including all executive officers.

The Company's group insurance program consists of life, disability and health insurance benefit plans that cover all full-time employees. All executive officers are provided reimbursement for payroll contributions when participating in the long-term disability plan as well as an umbrella insurance policy. Each participating executive officer is reimbursed for expenses related to the completion of an annual comprehensive physical for themselves and their spouse. Additional information regarding perquisites provided to named executive officers is set forth in the Summary Compensation Table in this Proxy Statement.

Compensation for Chief Executive Officer

David A. Brandon was named Chief Executive Officer and Chairman of the Board of the Company in March 1999. He had previously served as President and Chief Executive Officer of Valassis, Inc. from 1989 to 1998 and Chairman of the Board of Valassis from 1997 to 1998.

As of December 3, 2007, Mr. Brandon entered into an amended and restated employment agreement that was dated December 3, 2007 and terminates in January, 2011. This amended and restated employment agreement provides for him to receive an annual salary of \$850,000 during the term of the agreement, an increase from his 2007 salary of \$790,000. In addition, each of Mr. Brandon and his wife is entitled to receive continued health insurance paid by the Company for the remainder of their lives. The amended and restated employment agreement also grants Mr. Brandon an annual allotment of 35 hours of personal use of the Company's corporate aircraft during the term of the agreement at no charge to Mr. Brandon. For any personal use hours over the allotted 35 hours per year, Domino's has a time-sharing agreement with Mr. Brandon that requires him to

Table of Contents

reimburse the Company for such personal use of the Company's corporate aircraft pursuant to a statutory formula. The amended and restated employment agreement also provides Mr. Brandon is entitled to, as approved by the Board of Directors, stock option grants of: (i) 200,000 shares on the first business day of 2008 with a three-year graded vesting period and a five year life; (ii) 125,000 shares on the first business day of 2009 with a two-year graded vesting period and a four year life; and (iii) 100,000 shares on the first business day of 2010 with a one-year cliff vesting period and a three year life, in each case with a grant price equal to the closing price on the day of the grant. In addition, Mr. Brandon is entitled to, as approved by the Board of Directors, restricted stock grants of: (i) 75,000 shares on the first business day of 2008 with a three-year graded vesting period; (ii) 50,000 shares on the first business day of 2009 with a two-year graded vesting period; and (iii) 25,000 shares on the first business day of 2010 with a one-year cliff vesting period.

The amended and restated employment agreement provides that Mr. Brandon be eligible for an annual bonus that is targeted at 200% of his annual base salary, but is not guaranteed or limited, upon the achievement of the annual performance target, the actual amount of which being based on the Company's achievement of performance target measures under the Domino's Pizza Senior Executive Annual Incentive Plan. The amendment and restatement of Mr. Brandon's employment agreement did not change the percentage of his base salary that he may earn as a performance bonus. For 2007, segment income was used as the basis for the performance target upon which bonus targets for executive officers, including Mr. Brandon, were set. The calculation of an annual bonus for Mr. Brandon for 2007 was based on the achievement of the 2007 goals, which as stated above, were not achieved at a level sufficient to earn any portion of the target bonus amount. As a result, Mr. Brandon received no annual bonus. Since the incentive award opportunity is designed to increase as the Company's performance increases, and decrease if the specified goals are not met, Mr. Brandon's cash compensation was significantly affected in 2007 by the Company's performance.

Awards under the Company's long-term equity incentive plan in the form of stock options are designed to reward demonstrated leadership, motivate future superior performance, align the interests of the Chief Executive Officer with the shareholders and to retain the Chief Executive Officer. Stock options to purchase 300,000 shares of Domino's Pizza common stock were granted to Mr. Brandon at 100% of the fair market value of the Company's common shares on July 18, 2007, the date of grant.

The Compensation Committee believes that Mr. Brandon has been reasonably compensated for the job he has done as the Chairman of the Board and Chief Executive Officer based on peer group surveys, past financial performance of the Company and the increase in the Company's shareholder value. His opportunities to increase his future compensation depend on the Company's future performance and the competitive pay practices of comparable positions within the food-service industry. The Compensation Committee believes Mr. Brandon's compensation package effectively links shareholder and financial performance to Mr. Brandon's total compensation through the use of long-term awards and cash compensation that is based, in part, on Company performance. The Compensation Committee has continued the Company's practice of using primarily stock options for equity compensation and has only granted full value equity awards to the Chief Executive Officer. The philosophy behind this practice is that stock options require increased Company financial performance in order to earn the Chief Executive Officer long term compensation but that full value equity awards may also be valuable in compensating and retaining certain executive officers.

Benchmarking and Peer Group

The Compensation Committee has commissioned several peer group market surveys for a review of Chief Executive Officer and other named executive officer compensation at the Company's peer group. The Compensation Committee targets the annual Chief Executive Officer's salary to be at the market median for the Company's peer group and total compensation for the Chief Executive Officer to be above the market median for the Company's peer group based on the industry, financial performance and characteristics of the peer group companies. The Compensation Committee believes it is appropriate to compensate the Chief Executive Officer at

Table of Contents

a rate above the market median in order to retain an executive in that position with a significant level of experience and expertise in the industry in which the Company competes. The Company has selected the following companies to include in its peer group: The Pantry, Inc., Autozone, Inc., Darden Restaurants, Inc., Brinker International, Inc., OSI Restaurant Partners, LLC, Jack in the Box Inc., CBRL Group, Inc., Wendy's International, Inc., Burger King Corporation, CKE Restaurants, Inc., Applebee's International, Inc., Ruby Tuesday, Inc., Triarc Companies, Inc., Papa John's International, Inc., Denny's Corporation, RARE Hospitality International, Inc., Panera Bread Company and CEC Entertainment, Inc. The following criteria were used to determine the members of the peer group: publicly-traded, quick service restaurant industry, annual sales, complexity of business, and recruiting pool for executives.

Employment Agreements

Each of the executive officers, except for the Interim Chief Financial Officer, the Executive Vice President of Team U.S.A. and the Executive Vice President of Franchise Operations and Development, is party to an agreement that provides employment and severance terms and for a two year non-competition and non-solicitation agreement. All the executive officers' employment agreements were revised in February 2007 to provide for the application of the Domino's Pizza Senior Executive Annual Incentive Plan to the annual performance bonus and to remove the discretionary bonus component from their employment agreements. The provisions of the employment agreements relating to termination of employment and severance are described in more detail under Potential Post Employment Payments to Executive Officers. We believe entering into non-competition and non-solicitation arrangements with most of our executive officers is important to protect the Company following the cessation of their employment and we believe also that severance provisions help attract and retain top performing executive officers.

Stock Ownership Guidelines

The Compensation Committee ratified stock ownership guidelines in January 2007. These ownership guidelines provide for stock ownership after five years of employment with the Company of five times base salary for the Chief Executive Officer and either three or four times base salary for other executive officers depending on their position. These stock ownership guidelines are designed to align management's and shareholder's interests and to encourage loyalty and long-term focus of executives.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)), generally limits the tax deductibility of annual compensation paid by a publicly-held company to \$1,000,000 per individual employee per year. However, this limitation generally does not apply to performance-based compensation under a plan that is approved by the shareholders of a company that also meets certain other technical requirements. The Compensation Committee intends to utilize performance-based compensation programs that meet the deductibility requirements under Section 162(m). At the Company's 2006 Annual Meeting of Shareholders, the shareholders approved the Domino's Pizza Senior Executive Annual Incentive Plan that qualifies under Section 162(m). However, the Compensation Committee also realizes that in order to attract and retain individuals with superior talent, the rare possibility exists that individual exceptions may occur. The Company's compensation and benefit arrangements are also designed to qualify for an exemption under, or satisfy the requirements of, the rules and regulations relating to nonqualified deferred compensation under Section 409A of the Internal Revenue Code.

During 2005, the Company adopted Statement of Financial Accounting Standard No. 123R (revised 2004) (SFAS 123R), Share-Based Payment using the modified retrospective method. This standard requires that the fair value of all stock-based awards be reflected in the Company's financial statements based on the fair value of the awards as of the grant date.

Stock Option Grant Processes

Almost all of the stock options are granted at the regularly scheduled meetings of the Compensation Committee in February and July of each year. The specific date of these meetings is set by the Board of Directors, along with other Board and committee meetings, generally one to two years in advance. On occasion, in connection with new hires, promotions or extraordinary corporate events, stock options have been granted at other times during the year. The Compensation Committee does not have any plans, practices or policies of timing these option grants in coordination with the release of material non-public information. The exercise price of options is set at the closing price of Domino's Pizza, Inc. common stock on the New York Stock Exchange on the date of the grant.

Compensation Committee Members and the Compensation Committee Charter

The Compensation Committee of the Board of Directors consists of only outside, non-employee, independent directors, who are appointed by the Board of Directors. The independence of each member of the Compensation Committee is determined annually by the full Board of Directors in accordance with Section 303A of the New York Stock Exchange listed company rules. The Compensation Committee's membership is determined by the Board of Directors. The Compensation Committee is currently composed of Robert Rosenberg (chairman), Dennis Hightower and Mark Nunnally.

The Compensation Committee is responsible for establishing the Company's compensation philosophy, approving the Company's executive compensation programs and establishing the salaries and other compensation of the Company's executive officers. The Compensation Committee's functions include examining the levels and methods of compensation employed by the Company with respect to the Chief Executive Officer and other executive officers, making recommendation to the Board with respect to other compensation, reviewing and approving the compensation package of the Chief Executive Officer, making recommendations to the Board with respect to certain incentive compensation plans, making administrative and compensation decisions under equity compensation plans, administering one or more cash bonus plans qualifying as compensation paid thereunder as performance-based compensation within the meaning of Section 162(m), and implementing and administering such plans.

The Compensation Committee's charter reflects the Compensation Committee's responsibilities, and the Compensation Committee and the Board reviews the charter at least once annually. The Charter was last reviewed in May 2007. The Compensation Committee recommends any revisions to the charter to the Board of Directors for approval.

The Compensation Committee's Chairman, in conjunction with the Chief Executive Officer and the Company's Corporate Secretary, is responsible for approving the agendas for each meeting of the Compensation Committee. The Board of Directors in consultation with the Compensation Committee sets the meeting dates and times of the Compensation Committee.

Compensation Consultant

The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Compensation Committee and to discontinue such services. In accordance with this authority, the Compensation Committee has engaged Towers, Perrin, Forster & Crosby, Inc. (Towers), as an independent compensation consultant, to advise the Compensation Committee on matters related to executive compensation. In 2007, Towers provided a peer group study of compensation of executive officers at similar U.S. companies with which the Company believes it competes for executives. The matters included senior executive compensation benchmarks, current industry trends and executive compensation disclosure requirements. The outside compensation consultant attended one of the four meetings of the Compensation Committee in 2007 and the Compensation Committee intends to use Towers in 2008.

Role of Executive Officers in Establishing Compensation

The Company's executive officers have a limited role in the executive compensation process. The Chief Executive Officer and the Chairman of the Compensation Committee annually review the performance of each executive officer and the other executive officers. The purpose of these reviews is to evaluate performance for a given year and for compensation planning for the subsequent year. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee. The Compensation Committee can exercise its discretion in modifying any recommended adjustments or awards to executives. The Compensation Committee ultimately makes all compensation decisions for the executive officers and approves recommendations regarding equity awards to the executive officers.

Compensation Committee Activity

In 2007, the Compensation Committee established the first annual performance measure, list of participants and target bonus amounts for executives under the Domino's Pizza Senior Executive Annual Incentive Plan, a Section 162(m) compliant bonus plan approved by the Company's shareholders in 2006 for senior executives of the Company. The Compensation Committee also negotiated the amended and restated employment agreement with David A. Brandon, the Company's Chief Executive Officer in 2007. The Compensation Committee met four times during in 2007.

Use of Tally Sheets

The Compensation Committee, with the assistance of management of the Company, created a tally sheet to facilitate the Compensation Committee's review of the total compensation of the Named Executive Officers of the Company. In preparation of this Proxy Statement, the Compensation Committee reviewed the tally sheets for the Chief Executive Officer, the Chief Financial Officer, the three other most highly compensated executive officers, the former Chief Financial Officer and a retired executive officer of the Company in accordance with SEC rules. The tally sheets contained annual cash compensation (salary and bonus), other compensation, stock option exercises, annual grants under the EIP, with Black-Scholes values for the grants, potential severance payments, and stock option holdings with total in the money value at the end of the fiscal year.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2007, none of the Company's executive officers served on the board of directors of any entities that had one or more executive officers serve on the Compensation Committee. No current or past executive officers or employees of the Company or its subsidiaries serve on the Compensation Committee. During 2007, the following directors served on the Compensation Committee: Robert M. Rosenberg (Chair), Dennis F. Hightower, Mark E. Nunnally and Vernon Bud O. Hamilton.

NON-QUALIFIED DEFERRED COMPENSATION TABLE

A select group of management or highly compensated employees as defined by the Employee Retirement Income and Security Act of 1974, as amended, are eligible to participate in the Domino's Pizza Deferred Compensation Plan. The purpose of this plan is to provide supplemental retirement income and to permit eligible employees the option to defer receipt of compensation pursuant to the terms of the Domino's Pizza Deferred Compensation Plan.

Participants are able to defer a portion of eligible compensation (including base salary and the annual performance bonus). Participants elect a specific date or event (termination) for payment of deferred compensation and the form of the payment, either lump sum or installments. Participants are able to invest their deferrals in a lineup of mutual funds that is the same as the Domino's Pizza 401(k) Savings Plan lineup, with the exception that the stable value fund in the 401(k) Plan is replaced with a money market fund in the Domino's Pizza Deferred Compensation Plan.

POTENTIAL POST EMPLOYMENT PAYMENTS TO EXECUTIVE OFFICERS

Each of the named executive officers, other than Mr. Kapp, is a party to an employment agreement providing for payments in connection with such officer's termination. Under David Brandon's amended and restated employment agreement, upon involuntary termination by the Company without cause prior to the end of the term of the agreement, or if Mr. Brandon terminates voluntarily for good reason, defined as material diminution of his responsibilities, relocation or the failure of the Company to pay Mr. Brandon, he will receive monthly payments equal to his then base monthly salary for 24 months following termination as well as a prorated annual performance bonus under the Senior Executive Annual Incentive Plan. Pursuant to the Amended and Restated Employment Agreement between the Company and David A. Brandon, dated as of December 3, 2007, Mr. Brandon and his spouse are entitled to continued medical coverage provided by the Company for the remainder of their respective lives upon the termination of Mr. Brandon's employment with the Company. Under the employment agreements of the other named executive officers, upon involuntary termination prior to the end of the term of the agreement, or if the named executive terminates voluntarily for good reason, defined as material diminution of the executive's responsibilities, relocation or the failure of the Company to pay the executive, the named executive receives an amount equal to their then annual base salary paid as follows; a payment equal to six times the executive's base monthly salary made six months after termination of employment and monthly payments equal to the named executive's base monthly salary for the next six months. The named executive officers are entitled to a prorated annual bonus under the Senior Executive Annual Incentive Plan. In addition, during the severance period, each named executive is entitled to continued medical insurance coverage. Option awards and other benefits are governed by the terms of those programs. Each of the employment agreements contains a two year non-competition and non-solicitation agreement. Mr. Soignet retired from the Company during 2007 and accordingly has no potential post employment payments.

Each Director is paid a \$40,000 annual retainer, plus \$2,000 for each Board meeting and \$1,500 for each qualified committee meeting attended, including telephonic meetings, for all services, plus expenses. If more than one qualified meeting is held on the same day, a separate fee is paid for each meeting attended. In addition the Chair of the Audit Committee is paid a retainer of \$15,000 per year and the Chairs of each qualified committee are paid a \$10,000 retainer per year.

Directors who are not employees of the Company or its subsidiaries and are independent directors also receive annual grants of stock options under the Company's 2004 Equity Incentive Plan. TISM, Inc. Fourth Amended and Restated Stock Option Plan

The TISM, Inc. Fourth Amended and Restated Stock Option Plan (the "TISM Plan") was adopted by the Board on June 25, 2003 and approved by the Company's shareholders on June 25, 2003. At December 30, 2007, under the TISM Plan, there were outstanding options to purchase 1,539,841 shares of non-voting common stock at a weighted average exercise price of \$7.13 per share, all of which were exercisable. In connection with the Domino's Pizza initial public offering in July of 2004, the Company amended the TISM Plan to terminate the ability to issue additional options under the TISM Plan. Outstanding awards previously granted under the Company's existing stock option plan will continue to be governed by such plan. The non-voting common stock issuable upon exercise of all such options is convertible into shares of Domino's Pizza common stock upon transfer to a non-affiliate of the holder or otherwise in a brokerage transaction.

Domino's Pizza, Inc. 2004 Equity Incentive Plan

The Domino's Pizza, Inc. 2004 Equity Incentive Plan was adopted by the Board on June 1, 2004 and approved by the Company's shareholders and an Amended Domino's Pizza, Inc. 2004 Equity Incentive Plan (the "2004 Plan") was approved by shareholders at the 2006 Annual Meeting. As of December 30, 2007, the Company had 6,254,677 options to purchase common stock outstanding, at a weighted average exercise price per share equal to \$14.65 of which options to purchase 1,623,019 shares were exercisable at a weighted average exercise price of \$19.78 per share.

The Board may make grants to employees, directors, consultants and other service providers. The number of shares reserved for issuance under the 2004 Plan includes (1) 10,600,000 shares of common stock plus (2) any shares returned to the 2004 Plan as a result of termination of options that were granted under the 2004 Plan (by reason of forfeiture), plus shares held back in satisfaction of tax withholding requirements from shares that would otherwise have been delivered pursuant to an award. The shares reserved for issuance under the EIP will increase by 5,000,000 shares to 15,600,000 if the Company's shareholders approve Proposal Two in this Proxy Statement.

The maximum number of shares of stock for which options may be granted to any person in any calendar year or that may be delivered to any person in any calendar year will each be 1,000,000. Incentive stock options may be granted only to employees. The exercise price of all incentive stock options granted under the 2004 Plan must be at least equal to the fair market value of the common stock on the date of grant. The exercise price of non-statutory stock options granted under the 2004 Plan is determined by the Administrator, but with respect to non-statutory stock options intended to qualify as "performance-based compensation" within the meaning of Section 162(m), the exercise price must be at least equal to the fair market value of Domino's Pizza common stock on the date of grant. With respect to any participant who owns stock representing more than 10% of the

total combined voting power of all classes of the Company's outstanding capital stock, the exercise price of any incentive stock option grant must be at least equal to 110% of the fair market value on the grant date, and the term of such incentive stock option must not exceed five years. The term of all other incentive stock options granted under the 2004 Plan may not exceed ten years.

The amended and restated employment agreement also grants Mr. Brandon an annual allotment of 35 hours of personal use of the Company's corporate aircraft during the term of the agreement at no charge to Mr. Brandon. For any personal use hours over the allotted 35 hours per year, Domino's has a time-sharing agreement with Mr. Brandon that requires him to reimburse the Company for such personal use of the Company's corporate aircraft pursuant to a statutory formula.

The Company has also entered into employment agreements (Executive Agreements) with each of the Named Executive Officers referenced in the Summary Compensation Table, above, except the Interim Chief Financial Officer, William E. Kapp, and the retired former executive, Michael D. Soignet, as well as certain other executive officers (Key Executives). The Executive Agreements are intended to assure the Company that it will have the continued dedication, undivided loyalty, and objective advice and counsel from these Key Executives during their respective terms of employment and in the event of a proposed transaction, or the threat of a transaction, which could result in a change in control of the Company.

Under each Executive Agreement, the Named Executive Officer is entitled to receive an annual salary and an annual formula bonus based on achievement of performance objectives and is eligible to receive a discretionary bonus. Under their respective employment agreements, Messrs. Doyle, Calwell, Stansik and Mounts were entitled to receive an annual base salary as of January 1, 2008 of \$465,000, \$360,000, \$325,000 and \$400,000, respectively. In addition, if any such Named Executive Officer's employment is terminated by reason of physical or mental disability, he is entitled to receive continued salary less the amount of disability income benefits received by him and continued coverage under group medical plans for 18 months. In addition, each of the Named Executive Officers is subject to non-competition, non-solicitation and confidentiality provisions.

PROPOSAL TWO: APPROVAL OF THE AMENDED DOMINO'S PIZZA, INC. 2004 EQUITY INCENTIVE PLAN

The EIP was originally adopted by the shareholders of the Company in July 2004, prior to the Company's initial public offering. In order to increase the number of shares reserved for issuance under the EIP, shareholder approval of the Amended Domino's Pizza, Inc. 2004 Equity Incentive Plan (the Amended EIP) is required. The Amended EIP differs from the EIP only in that the authorized shares of common stock reserved for issuance under the Amended EIP has increased from 10,600,000 to 15,600,000.

If approval of the Amended EIP is not obtained at the Annual Meeting, the EIP will remain in place as it was prior to the Annual Meeting; however, the Company will be limited in its ability to issue new options under the EIP.

Table of Contents**DESCRIPTION OF THE EQUITY INCENTIVE PLAN**

The following paragraphs provide a summary of the principal features of the Amended EIP. The summary is qualified in its entirety by reference to the complete text of the Amended EIP which is attached as Annex A hereto.

The Amended EIP provides for the grant of awards, which may consist of any or a combination of stock options, stock appreciation rights, or SARs, restricted stock, unrestricted stock, deferred stock, securities (other than options) that are convertible into stock, performance awards and grants of cash made in connection with the other awards to help defray in whole or in part the economic cost of the award to the participant. The Board may make grants to employees, directors, consultants and other service providers.

The number of shares to be reserved for issuance under the Amended EIP includes (1) 15,600,000 shares of common stock plus (2) any shares returned to the Amended EIP as a result of termination of options that were granted under the Amended EIP (by reason of forfeiture), plus shares held back in satisfaction of tax withholding requirements from shares that would otherwise have been delivered pursuant to an award.

The maximum number of shares of stock for which options may be granted to any person in any calendar year, the maximum number of shares of stock subject to SARs granted to any person in any calendar year and the aggregate maximum number of shares of stock subject to other awards that may be delivered to any person in any calendar year will each be 1,000,000.

The Board, or a committee appointed by the Board (the Administrator), will administer the Domino's Amended EIP and will have the power to interpret the Amended EIP's terms, determine the terms of each award granted, including the exercise price of the option or SAR, the purchase price of each share of stock, the time at which each award will vest, any restrictions applicable to any award, the number of shares subject to each option or SAR, the exercisability thereof and the form of consideration payable upon such exercise. With respect to performance-based awards that are intended to comply with Section 162(m), the determination of the performance targets and the satisfaction of those targets will be determined by a committee of at least three disinterested directors as required by Section 162(m).

For this reason, the Company cannot determine the number of stock options, SARs, restricted stock, unrestricted stock, deferred stock, securities (other than options) that are convertible into stock, performance awards and grants of cash that might be received by participants under the Amended EIP. The following table sets forth, as of December 30, 2007, the total number of options and other awards granted to each of the following persons and groups under the EIP in 2007:

Option and Award Recipient	Options Granted in 2007
David A. Brandon	300,000
William E. Kapp	15,000
J. Patrick Doyle	265,000
Ken C. Calwell	60,000
James G. Stansik	60,000
L. David Mounts	115,000
Michael D. Soignet	
All Executive Officers (12 persons)	1,200,000
Non-Executive Director Group	40,000
Non-Executive Employee Group	821,000

The total number of employees and directors eligible to participate under the Amended EIP is approximately 12,500.

Table of Contents

Awards granted under the Amended EIP are generally not transferable by the participant, and each award is exercisable during the lifetime of the participant. Stock options and SARs granted under the Amended EIP must generally be exercised within 3 months after the end of a participant's status as employee, director or consultant, or within 12 months after that participant's death or disability, but in no event later than the expiration of the option term.

Incentive stock options may be granted only to employees. The exercise price of all incentive stock options granted under the Amended EIP must be at least equal to the fair market value of the common stock on the date of grant. The exercise price of non-statutory stock options granted under the Amended EIP is determined by the Administrator, but with respect to non-statutory stock options intended to qualify as performance-based compensation within the meaning of Section 162(m), the exercise price must be at least equal to the fair market value of the Company's common stock on the date of grant. With respect to any participant who owns stock representing more than 10% of the total combined voting power of all classes of the Company's outstanding capital stock, the exercise price of any incentive stock option grant must be at least equal to 110% of the fair market value on the grant date, and the term of such incentive stock option must not exceed five years. The term of all other incentive stock options granted under the Amended EIP may not exceed ten years.

The Amended EIP provides that in the event the Company merges with or into another corporation or sells all or substantially all of the Company's assets, all outstanding awards will vest and become exercisable and all deferrals that are not measured by reference to nor payable in shares of stock will be accelerated and upon consummation of the transaction all outstanding awards will be forfeited unless assumed by the successor corporation entity or its affiliate. Unless otherwise determined by the Administrator, in the event of such a transaction, all awards that are payable in the form of stock and that have not been exercised, exchanged or converted are converted into the right to receive the consideration paid in the transaction. In connection with such transaction, the acquiring or surviving entity may provide for substitute or replacement awards on such terms as the Administrator determines, except that no such replacement or substitution will diminish any acceleration.

The Administrator may amend the Amended EIP and any outstanding award, or may terminate the Amended EIP as to any further grants, but no such amendment will effectuate a change, without shareholder approval, for which shareholder approval is required in order for the Amended EIP to continue to qualify under Section 422 of the Internal Revenue Code.

CERTAIN TRANSACTIONS INVOLVING MANAGEMENT OR 5% OR GREATER SHAREHOLDERS

The Company reviews relationships and transactions in which the Company and its directors and executive officers or their immediate family members are participants to determine whether such related persons have a direct or indirect material interest. The Company's legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether a related person has a direct or indirect material interest in the transaction. The Company's Board of Directors is to review any potential related person transaction and consider the nature of the related person's interest in the transaction, the material terms of the transaction, the relative importance of the transaction to the related person, the relative importance of the transaction to the Company, whether the transaction would impair the judgment of a director or officer of the Company and any other matters deemed important. As required under SEC rules, transactions that are determined to be directly or indirectly material to a related person are disclosed in the Company's Proxy Statement.

Stockholders agreements

In connection with the 1998 recapitalization, the Company entered into a number of stockholders agreements. The first agreement was entered into with investment funds affiliated with Bain Capital, LLC and specified other investors, shareholders and executive officers. In connection with the Domino's Pizza initial public offering, all of the stockholders agreements were amended to eliminate the voting agreement and the negative covenants contained therein and all of the other provisions of these agreements, other than provisions relating to registration rights, terminated by operation of the applicable agreement. The registration rights provide for demand registration rights for the investment funds affiliated with Bain Capital, LLC and for piggyback registration rights for all shareholders that are party to that stockholders agreement. The second stockholders agreement was entered into with all of the current employee shareholders. This agreement contained a provision that terminated all of the other provisions of the agreement, other than the registration rights provisions, upon the Domino's Pizza initial public offering. The registration rights provisions provide for piggyback registration rights for all such shareholders. The remaining stockholders agreements were entered into with each of the Company's current franchisee shareholders. Each of these agreements contained a provision under which all of the other provisions of the agreement, other than the registration rights provisions, terminated at the Domino's Pizza initial public offering. The registration rights provisions provide for piggyback registration rights for all such shareholders. Each of the stockholders agreements includes customary indemnification provisions in favor of any person who is or might be deemed a controlling person within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, who the Company refers to as controlling persons, and related parties against liabilities under the Securities Act incurred in connection with the registration of any of the Company's debt or equity securities. These provisions provide indemnification against certain liabilities arising under the Securities Act and certain liabilities resulting from violations of other applicable laws in connection with any filing or other disclosure made by the Company under the securities laws relating to any such registrations. Domino's agreed to reimburse such persons for any legal or other expenses incurred in connection with investigating or defending any such liability, action or proceeding, except that the Company will not be required to indemnify any such person or reimburse related legal or other expenses if such loss or expense arises out of or is based on any untrue statement or omission made in reliance upon and in conformity with written information provided by such person.

Stock repurchases

On March 10, 2006, Domino's repurchased and retired 5,624,602 shares of Domino's Pizza common stock from investment funds associated with shareholder Bain Capital, LLC (collectively "Bain"), for approximately \$145 million, or \$25.78 per share. The repurchase price of \$25.78 per share in this private transaction was based on a negotiated discount between the Company and Bain. The Company also completed an amendment to the Company's senior credit facility on March 9, 2006 in order to increase the Company's share repurchase basket and allow for additional borrowing. The private repurchase of shares was reviewed and approved by a fully-independent committee of the Board. The credit agreement amendment was reviewed and unanimously approved by the Board. The Company used available cash on hand and additional term loan borrowings to fund the repurchase transaction.

Lease arrangements

In connection with the Domino's recapitalization in 1998, Domino's Pizza LLC, the Company's operating subsidiary, entered into a lease with Domino's Farms Office Park L.L.C., or Domino's Farms, with respect to its World Resource Center and Michigan supply chain center. Thomas S. Monaghan, one of the Company's former directors and the Company's former majority shareholder, is the ultimate controlling person of Domino's Farms.

The lease was amended in August 2002 with an effective date of December 21, 2003 to provide for additional space, new rent and an expiration date of December 20, 2013 with two five-year options to renew. Under the terms of the lease, as amended, the Company paid \$5.5 million in rent under this lease in 2007. The

Table of Contents

base rent is subject to annual increases, based on the lower of the consumer price index or a stated percentage, which varies by year, and the Company expects to pay approximately \$5.7 million in 2008.

Franchisee related to Independent Director

James Rosenberg, the son of Robert M. Rosenberg, a director of the Company, opened a Domino's Pizza franchise in 2005 and another franchise in 2007. James Rosenberg paid \$6,500 collectively in customary fees for the franchises. In accordance with the terms of his standard ten-year Franchise Agreement, James Rosenberg will pay Domino's a standard royalty rate on the sales at his Domino's Pizza franchise and will also purchase his food, equipment and supplies from the Domino's Pizza supply chain services. In 2007, James Rosenberg made payments to the Company in the amount of approximately \$188,000 for royalties, national and co-op advertising contributions, and purchases from the Company of food, equipment and supplies. In addition, James Rosenberg has been approved to open one additional Domino's Pizza franchise, which is scheduled to open in 2008 and will pay Domino's a standard royalty rate on the sales at all of his stores and will purchase food, equipment and supplies from the Company.

Time sharing agreement with David Brandon for use of corporate aircraft

In accordance with the terms of the Time Sharing Agreement between Domino's Pizza LLC and David Brandon, dated as of December 2, 2002, Mr. Brandon paid the Company \$162,422 in 2007 as reimbursement of certain expenses incurred by the Company in relation to his personal use of the company aircraft.

Sale of corporate aircraft

On November 16, 2007, Domino's Pizza sold its corporate aircraft to Dunkin' Brands Inc. in an arm's length transaction. Two members of the Company's Board of Directors, Andrew Balson and Mark Nunnally, serve on the board of directors of Dunkin' Brands, Inc. and are employed by Bain Capital, LLC. In addition, investment funds affiliated with Bain Capital, LLC have significant holdings in the stock of Domino's Pizza, Inc. and Dunkin' Brands, Inc.

PROPOSAL THREE: SHAREHOLDER PROPOSAL ON ANIMAL WELFARE PROGRAM

Shareholder Resolution on Animal Welfare Progress

RESOLVED, shareholders request that the Board of Directors issue a report to shareholders by November 2008 disclosing the progress made toward evaluating controlled-atmosphere killing (CAK). This report should be prepared at a reasonable cost and omit proprietary information.

Supporting Statement

Domino's purchases all its poultry from suppliers that use a cruel and inefficient slaughter method called electrical immobilization, in which birds are paralyzed with an electric current, have their throats slit while they're still conscious, and are dropped into tanks of scalding-hot water often while they're still alive.

There is a better, USDA-approved method of poultry slaughter called CAK, which replaces the oxygen that the birds breathe with inert gases, gently and effectively putting them to sleep.

A report commissioned by McDonald's concurred that CAK is, as animal welfare scientists say, the least cruel poultry-slaughter method available and found that it [1.] has advantages [over electrical immobilization] from both an animal welfare and meat-quality perspective [2.] obviates potential distress and injury [and 3.] can expeditiously and effectively stun and kill broilers with relatively low rates of aversion or other distress.

McDonald's report further concludes that its suppliers using CAK have experienced improvements in bird handling, stunning efficiency, working conditions, and meat yield and quality.

Table of Contents

Many restaurant chains have made notable and measurable progress in evaluating and moving toward CAK. Examples include the following:

Burger King has adopted a purchasing preference for chickens killed by CAK.

Carl's Jr., Hardee's, and Wendy's are giving consideration to suppliers that use CAK. These moves make good business sense, as animal welfare is a leading social issue. Consider the following:

A recent survey by food-industry consulting agency Technomic found that animal welfare is the third-most important social issue to restaurantgoers.

As an October 8, 2007, editorial in *Nation's Restaurant News* pointed out, "[C]oncern about how we treat the world around us has moved from the left of center to the mainstream. Now savvy restaurant businesses are playing a part in that evolution and likely capitalizing on it to boot. A case in point is the growing number of companies that are embracing purchasing policies with animal welfare in mind. According to a report by Business for Social Responsibility, companies that are viewed as having strong ethics are in turn protecting sales, strengthening brand images, and shoring up employee loyalty. That's a whole lot of positives.

Regarding the abuse of farmed animals, Pope Benedict XVI said, "Certainly [an] industrial use of creatures, so that they become just caricatures of birds, this degrading of living creatures to a commodity seems to me in fact to contradict the relationship of mutuality that comes across in the Bible.

Despite public moves by other companies to evaluate and move toward CAK, Domino's has shown no movement in this area. This resolution would simply disclose to shareholders what Domino's is doing to keep up with others in the industry.

BOARD OF DIRECTORS' STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

The Board recommends that shareholders reject the shareholder proposal. The Board believes this is redundant and unnecessary, as the information below serves as the report being requested. Devoting resources for an additional report by November 2008 would not be in the best interest of shareholders.

Domino's Pizza does, of course, support the humane treatment of animals.

Domino's Pizza does not own, raise, transport or process poultry used for our products. Our supplier is Tyson Foods, Inc., founded in 1935 with headquarters in Springdale, Arkansas. Tyson Foods is the world's largest processor and marketer of chicken, beef and pork, and is the second-largest food company in the Fortune 500 and a member of the S&P 500. The shareholder has also submitted shareholder proposals to Tyson Foods regarding the alternative process known as Controlled Atmosphere Killing (CAK) or Controlled Atmosphere Stunning (CAS).

The Company has met with Tyson Foods on several occasions (in person and via conference call), in 2006 and 2007, regarding Tyson's research into CAK and CAS. Tyson knows and understands the Company's desire to have the poultry that is processed for our products be raised, transported and processed humanely. Tyson meets or exceeds all industry standards for the humane treatment and processing of poultry and livestock.

By its own accounting, Tyson Foods has conducted more than three years' worth of study regarding the alternative method recommended in the shareholder proposal and has, to date, found the alternative method's benefits to be inconclusive versus the current standard for processing poultry. Tyson Foods, on October 5, 2006, issued a press release announcing its partnership with the University of Arkansas to conduct further research into this alternative method. Tyson has committed \$1.5 million to help establish the Chair in Food Animal Wellbeing

Table of Contents

in the Dale Bumpers College of Agricultural, Food and Life Sciences at the University of Arkansas. This position is involved in overseeing research and classes focused on the humane management and treatment of food animals. Domino's Pizza endorses that work and eagerly awaits the results of that study.

For these reasons, the Company believes this makes the shareholder request to Domino's Pizza to be redundant and unnecessary, and would not result in any additional benefit to shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE AGAINST THE ABOVE PROPOSAL

PROPOSAL FOUR: SHAREHOLDER PROPOSAL REGARDING NORTHERN IRELAND

NORTHERN IRELAND MACBRIDE PRINCIPLES

WHEREAS, Domino's Pizza, Inc. has eleven franchise restaurants in Northern Ireland;

WHEREAS, employment discrimination in Northern Ireland was cited by the International Commission of Jurists as being one of the major causes of sectarian strife;

WHEREAS, Dr. Sean MacBride, founder of Amnesty International and Nobel Peace laureate, has proposed several equal opportunity employment principles to serve as guidelines for corporations in Northern Ireland. These include:

1. Increasing the representation of individuals from underrepresented religious groups in the workforce including managerial, supervisory, administrative, clerical and technical jobs.
2. Adequate security for the protection of minority employees both at the workplace and while traveling to and from work.
3. The banning of provocative religious or political emblems from the workplace.
4. All job openings should be publicly advertised and special recruitment efforts should be made to attract applicants from underrepresented religious groups.
5. Layoff, recall, and termination procedures should not in practice, favor particular religious groupings.
6. The abolition of job reservations, apprenticeship restrictions, and differential employment criteria, which discriminate on the basis of religion or ethnic origin.
7. The development of training programs that will prepare substantial numbers of current minority employees for skilled jobs, including the expansion of existing programs and the creation of new programs to train, upgrade, and improve the skills of minority employees.

Edgar Filing: DOMINOS PIZZA INC - Form DEF 14A

8. The establishment of procedures to assess, identify and actively recruit minority employees with potential for further advancement.
9. The appointment of a senior management staff member to oversee the company's affirmative action efforts and the setting up of timetables to carry out affirmative action principles.

RESOLVED: Shareholders request the Board of Directors to:

Urge company franchise holders in Northern Ireland to make all possible lawful efforts to implement and /or increase activity on each of the nine MacBride Principles.

SUPPORTING STATEMENT

We believe that our company benefits by hiring from the widest available talent pool. An employee's ability to do the job should be the primary consideration in hiring and promotion decisions.

Table of Contents

Implementation of the MacBride Principles by **Domino's Pizza, Inc.** will demonstrate its concern for human rights and equality of opportunity in its international operations.

Please vote your proxy **FOR** these concerns.

BOARD OF DIRECTORS STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

The Board of Directors recommends that shareholders vote against the shareholder proposal. Domino's Pizza supports efforts to eliminate employee discrimination and differences in compensation rates in the workplace between the Catholic and Protestant communities in Northern Ireland.

Northern Ireland has adopted a series of legislative measures to address these issues, culminating in the Fair Employment & Treatment (Northern Ireland) Order 1998 (the Fair Employment Order). These legislative measures are wide-ranging and specifically designed to deter discrimination and provide remedies for those affected by discrimination. This legislation applies to all employers in Northern Ireland, including our franchisees. The MacBride Principles, which date from the mid-1980s, precede this legislation and are no longer appropriate as a result of the legislation.

The enforcement of the Fair Employment Order is handled by the Equality Commission, a non-departmental government agency with extensive powers and resources. All remedies and complaints under the Fair Employment Order are handled by the Fair Employment Tribunal, an independent judicial tribunal with extensive powers to provide remedies to those affected by discrimination.

All 11 Domino's Pizza stores in Northern Ireland are owned and operated by franchisees, through franchise agreements with our master franchise agreement; there are no Company-owned stores operating in Northern Ireland and the Company does not have a subsidiary in Northern Ireland. Under the master franchise agreement and the individual franchise agreements, all franchisees are required to comply with all applicable laws and regulations in the operation of its business, which would include the Fair Employment Order. As a result, the master franchisee and each franchisee are required to implement fair and equal employment practices in accordance with this order.

For the above reasons, the Company believes that it is not necessary or appropriate for the Company to adopt the additional and overlapping obligations of the MacBride Principles. Furthermore, under the terms of the franchise agreement, the Company cannot require the master franchisee or the franchisees to adopt these principles since they have no legal effect in Northern Ireland.

This proposal was submitted at our last Annual Meeting and shareholders overwhelmingly rejected the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE

SHAREHOLDERS VOTE AGAINST THE ABOVE PROPOSAL

PROPOSAL FIVE: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Company's Audit Committee has selected PricewaterhouseCoopers LLP as the independent registered public accountants of the Company for the current fiscal year. Management expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Table of Contents

The affirmative vote of the holders of a majority of the common shares represented at the meeting in person or by proxy is necessary to ratify the selection of the Company's independent registered public accountants for the current year. Under applicable law, listing requirements and the Company's By-Laws, abstentions are counted as present; the effect of an abstention is the same as a "no" vote. Unless otherwise indicated, the persons named in the Proxy will vote all Proxies in favor of ratification. If the selection of PricewaterhouseCoopers LLP is not ratified, the Audit Committee will reconsider the selection of independent registered public accountants.

Even if the selection of PricewaterhouseCoopers LLP is ratified by shareholders, the Audit Committee in its discretion could decide to terminate the engagement of PricewaterhouseCoopers LLP and to engage another firm if the Committee determines such action to be necessary or desirable.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS OF THE COMPANY FOR THE CURRENT YEAR

Householding of Proxy Materials

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or the Company that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify the Company by sending a written request to Domino's Pizza, Inc., Investor Relations, 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105, or calling Investor Relations at (734) 930-3008.

It is important that Proxies be returned promptly. Therefore, whether or not you expect to attend the meeting in person, you are urged to fill in, sign and return the Proxy in the enclosed stamped, self-addressed envelope, or to vote electronically as described on page 1 of this proxy statement.

2004 EQUITY INCENTIVE PLAN

1. DEFINED TERMS

Exhibit A, which is incorporated by reference, defines the terms used in the Plan and sets forth certain operational rules related to those terms.

2. GENERAL

The Plan has been established to advance the interests of the Company by giving Stock-based and other incentives to selected Employees, directors and other persons (including both individuals and entities) who provide services to the Company or its Affiliates.

3. ADMINISTRATION

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award, except that the Administrator may not reduce the exercise price of an outstanding Option and may not, without the consent of the holder of an Award, take any action under this clause with respect to such Award if such action would adversely affect the rights of such holder; prescribe forms, rules and procedures (which it may modify or waive); and otherwise do all things necessary to carry out the purposes of the Plan. In the case of any Award intended to be eligible for the performance-based compensation exception under Section 162(m), the Administrator shall exercise its discretion consistent with qualifying the Award for such exception.

4. LIMITS ON AWARD UNDER THE PLAN

a. Number of Shares.

A maximum of 15,600,000 shares of Stock may be delivered in satisfaction of Awards under the Plan. The shares of Stock may be authorized, but unissued, or reacquired shares of Stock. For purposes of the preceding sentence, the following shares shall not be considered to have been delivered under the Plan: (i) shares remaining under an Award that terminates without having been exercised in full; (ii) shares of Restricted Stock that have been forfeited in accordance with the terms of the applicable Award; and (iii) shares held back, in satisfaction of the exercise price or tax withholding requirements, from shares that would otherwise have been delivered pursuant to an Award. The number of shares of Stock delivered under an Award shall be determined net of any previously acquired Shares tendered by the Participant in payment of the exercise price or of withholding taxes. A maximum of 1,000,000 shares of Stock may be issued as ISO Awards under the Plan.

b. Type of Shares.

Stock delivered by the Company under the Plan may be authorized but unissued Stock or previously issued Stock acquired by the Company and held in treasury. No fractional shares of Stock will be delivered under the Plan.

c. Option & SAR Limits.

Edgar Filing: DOMINOS PIZZA INC - Form DEF 14A

The maximum number of shares of Stock for which Stock Options may be granted to any person in any calendar year, the maximum number of shares of Stock subject to SARs granted to any person in any calendar year and the aggregate maximum number of shares of Stock subject to other Awards that may be delivered to any

person in any calendar year shall each be 1,000,000. For purposes of the preceding sentence, the repricing of a Stock Option or SAR shall be treated as a new grant to the extent required under Section 162(m). Subject to these limitations, each person eligible to participate in the Plan shall be eligible in any year to receive Awards covering up to the full number of shares of Stock then available for Awards under the Plan.

d. *Other Award Limits.*

No more than \$1,000,000 may be paid to any individual with respect to any Cash Performance Award. In applying the limitation of the preceding sentence: (A) multiple Cash Performance Awards to the same individual that are determined by reference to performance periods of one year or less ending with or within the same fiscal year of the Company shall be subject in the aggregate to one limit of such amount, and (B) multiple Cash Performance Awards to the same individual that are determined by reference to one or more multi-year performance periods ending in the same fiscal year of the Company shall be subject in the aggregate to a separate limit of such amount. With respect to any Performance Award other than a Cash Performance Award or a Stock Option or SAR, the maximum Award opportunity shall be 1,000,000 shares of Stock or their equivalent value in cash, subject to the limitations of Section 4.c.

5. ELIGIBILITY AND PARTICIPATION

The Administrator will select Participants from among those key Employees, directors and other individuals or entities providing services to the Company or its Affiliates who, in the opinion of the Administrator, are in a position to make a significant contribution to the success of the Company and its Affiliates. Eligibility for ISOs is further limited to those individuals whose employment status would qualify them for the tax treatment described in Sections 421 and 422 of the Code.

6. RULES APPLICABLE TO AWARDS

a. *All Awards.*

(1) *Terms of Awards.* The Administrator shall determine the terms of all Awards subject to the limitations provided herein. In the case of an ISO, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Award. Moreover, in the case of an ISO granted to a Participant who, at the time the ISO is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of capital stock of the Company or any Parent or Subsidiary, the term of the ISO shall be five (5) years from the date of grant or such shorter term as may be provided in the Award.

(2) *Performance Criteria.* Where rights under an Award depend in whole or in part on satisfaction of Performance Criteria, actions by the Company that have an effect, however material, on such Performance Criteria or on the likelihood that they will be satisfied will not be deemed an amendment or alteration of the Award.

(3) *Alternative Settlement.* The Company may at any time extinguish rights under an Award in exchange for payment in cash, Stock (subject to the limitations of Section 4) or other property on such terms as the Administrator determines, provided the holder of the Award consents to such exchange.

(4) *Transferability Of Awards.* Except as the Administrator otherwise expressly provides, Awards may not be transferred other than by will or by the laws of descent and distribution, and during a Participant's lifetime an Award requiring exercise may be exercised only by the Participant (or in the event of the Participant's incapacity, the person or persons legally appointed to act on the Participant's behalf).

(5) *Vesting, Etc.* Without limiting the generality of Section 3, the Administrator may determine the time or times at which an Award will vest (i.e., become free of forfeiture restrictions) or become exercisable and the terms on which an Award requiring exercise will remain exercisable. Unless the Administrator expressly

provides otherwise, immediately upon the cessation of the Participant's employment or other service relationship with the Company and its Affiliates an Award requiring exercise will cease to be exercisable and all Awards to the extent not already fully vested will be forfeited, except that:

(A) all Stock Options and SARs held by a Participant immediately prior to his or her death, to the extent then exercisable, will remain exercisable by such Participant's executor or administrator or the person or persons to whom the Stock Option or SAR is transferred by will or the applicable laws of descent and distribution, and to the extent not then exercisable will vest and become exercisable upon such Participant's death by such Participant's executor or administrator or the person or persons to whom the Stock Option or SAR is transferred by will or the applicable laws of descent and distribution, in each case for the lesser of (i) a one year period ending with the first anniversary of the Participant's death or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6.a.(5) and shall thereupon terminate; and

(B) all Stock Options and SARs held by the Participant immediately prior to the cessation of the Participant's employment or other service relationship for reasons other than death and except as provided in (C) below, to the extent then exercisable, will remain exercisable for the lesser of (i) a period of three months or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6.a.(5), and shall thereupon terminate.

Unless the Administrator expressly provides otherwise, a Participant's employment or other service relationship with the Company and its Affiliates will be deemed to have ceased, in the case of an employee Participant, upon termination of the Participant's employment with the Company and its Affiliates (whether or not the Participant continues in the service of the Company or its Affiliates in some capacity other than that of an employee of the Company or its Affiliates), and in the case of any other Participant, when the service relationship in respect of which the Award was granted terminates (whether or not the Participant continues in the service of the Company or its Affiliates in some other capacity).

(6) *Taxes.* The Administrator will make such provision for the withholding of taxes as it deems necessary. The Administrator may, but need not, hold back shares of Stock from an Award or permit a Participant to tender previously owned shares of Stock in satisfaction of tax withholding requirements, but not in excess of the minimum tax withholding rates applicable to the employee.

(7) *Dividend Equivalents, Etc.* The Administrator may provide for the payment of amounts in lieu of cash dividends or other cash distributions with respect to Stock subject to an Award.

(8) *Rights Limited.* Nothing in the Plan shall be construed as giving any person the right to continued employment or service with the Company or its Affiliates, or any rights as a shareholder except as to shares of Stock actually issued under the Plan. The loss of existing or potential profit in Awards will not constitute an element of damages in the event of termination of employment or service for any reason, even if the termination is in violation of an obligation of the Company or Affiliate to the Participant.

(9) *Section 162(m).* In the case of an Award intended to be eligible for the performance-based compensation exception under Section 162(m), the Plan and such Award shall be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception.

b. Awards Requiring Exercise.

(1) *Time And Manner Of Exercise.* Unless the Administrator expressly provides otherwise, (a) an Award requiring exercise by the holder will not be deemed to have been exercised until the Administrator receives a written notice of exercise (in form acceptable to the Administrator) signed by the appropriate person and accompanied by any payment required under the Award; and (b) if the Award is exercised by any person other than the Participant, the Administrator may require satisfactory evidence that the person exercising the Award has the right to do so.

Table of Contents

(2) *Exercise Price.* The Administrator shall determine the exercise price of each Stock Option provided that each Stock Option intended to qualify for the performance-based exception under Section 162(m) of the Code and each ISO must have an exercise price that is not less than the fair market value of the Stock subject to the Stock Option, determined as of the date of grant. An ISO granted to an Employee described in Section 422(b)(6) of the Code must have an exercise price that is not less than 110% of such fair market value.

(3) *Payment Of Exercise Price, If Any.* Where the exercise of an Award is to be accompanied by payment: (a) all payments will be by cash or check acceptable to the Administrator, or, if so permitted by the Administrator (with the consent of the optionee of an ISO if permitted after the grant), (i) through the delivery of shares of Stock which have been outstanding for at least six months (unless the Administrator approves a shorter period) and which have a fair market value equal to the exercise price, (ii) by delivery of an unconditional and irrevocable undertaking by a broker to deliver promptly to the Company sufficient funds to pay the exercise price, or (ii) by any combination of the foregoing permissible forms of payment; and (b) where shares of Stock issued under an Award are part of an original issue of shares, the Award shall require an exercise price equal to at least the par value of such shares.

(4) *ISOs.* No ISO may be granted under the Plan after June 1, 2014, but ISOs previously granted may extend beyond that date.

c. Awards Not Requiring Exercise.

Awards of Restricted Stock and Unrestricted Stock may be made in return for either (i) services determined by the Administrator to have a value not less than the par value of the Awarded shares of Stock, or (ii) cash or other property having a value not less than the par value of the Awarded shares of Stock payable in such combination and type of cash, other property (of any kind) or services as the Administrator may determine.

7. EFFECT OF CERTAIN TRANSACTIONS

a. Mergers, Etc.

In the event of a Covered Transaction, all outstanding Awards shall vest and if relevant become exercisable and all deferrals, other than deferrals of amounts that are neither measured by reference to nor payable in shares of Stock, shall be accelerated, immediately prior to the Covered Transaction and upon consummation of such Covered Transaction all Awards then outstanding and requiring exercise shall be forfeited unless assumed by an acquiring or surviving entity or its affiliate as provided in the following sentence. In the event of a Covered Transaction, unless otherwise determined by the Administrator, all Awards that are payable in shares of Stock and that have not been exercised, exchanged or converted, as applicable, shall be converted into and represent the right to receive the consideration to be paid in such Covered Transaction for each share of Stock into which such Award is exercisable, exchangeable or convertible, less the applicable exercise price or purchase price for such Award. In connection with any Covered Transaction in which there is an acquiring or surviving entity, the Administrator may provide for substitute or replacement Awards from, or the assumption of Awards by, the acquiring or surviving entity or its affiliates, any such substitution, replacement or assumption to be on such terms as the Administrator determines, provided that no such replacement or substitution shall diminish in any way the acceleration of Awards provided for in this section.

b. Changes in and Distributions with Respect to the Stock.

(1) *Basic Adjustment Provisions.* In the event of a stock dividend, stock split or combination of shares, recapitalization or other change in the Company's capital structure after May 11, 2004, the Administrator will make appropriate adjustments to the maximum number of shares that may be delivered under the Plan under Section 4.a., and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to Awards then outstanding or subsequently granted, any exercise prices relating to Awards and any other provision of Awards affected by such change.

Table of Contents

(2) *Certain Other Adjustments.* The Administrator may also make adjustments of the type described in paragraph (1) above to take into account distributions to common stockholders other than those provided for in Section 7.a. and 7.b.(1), or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the operation of the Plan and to preserve the value of Awards made hereunder; *provided*, that no such adjustment shall be made to the maximum share limits described in Section 4.c. or 4.d., or otherwise to an Award intended to be eligible for the performance-based exception under Section 162(m), except to the extent consistent with that exception, nor shall any change be made to ISOs except to the extent consistent with their continued qualification under Section 422 of the Code.

(3) *Continuing Application of Plan Terms.* References in the Plan to shares of Stock shall be construed to include any stock or securities resulting from an adjustment pursuant to Section 7.b.(1) or 7.b.(2) above.

8. LEGAL CONDITIONS ON DELIVERY OF STOCK

The Company will not be obligated to deliver any shares of Stock pursuant to the Plan or to remove any restriction from shares of Stock previously delivered under the Plan until the Company's counsel has approved all legal matters in connection with the issuance and delivery of such shares; if the outstanding Stock is at the time of delivery listed on any stock exchange or national market system, the shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the Award, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of such Act. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction on transfer applicable to such Stock.

9. AMENDMENT AND TERMINATION

Subject to the last sentence of Section 3, the Administrator may at any time or times amend the Plan or any outstanding Award for any purpose which may at the time be permitted by law, or may at any time terminate the Plan as to any further grants of Awards; *provided*, that (except to the extent expressly required or permitted by the Plan) no such amendment will, without the approval of the stockholders of the Company, effectuate a change: (i) for which stockholder approval is required in order for the Plan to continue to qualify under Section 422 of the Code; (ii) for which stockholder approval is required under the Corporate Governance Laws of the New York Stock Exchange applicable to the Company; and (iii) for Awards to be eligible for the performance-based exception under Section 162(m).

In addition, the Administrator may take any action consistent with the terms of the Plan, either before or after an Award has been granted, which the Administrator deems necessary or advisable to comply with any government laws or regulatory requirements of a foreign country, including but not limited to, modifying or amending the terms and conditions governing any Awards, or establishing any local country plans as sub-plans to this Plan. Further, under all circumstances, the Administrator may make non-substantive administrative changes to the Plan as to conform with or take advantage of governmental requirements, statutes or regulations.

10. NON-LIMITATION OF THE COMPANY'S RIGHTS

The existence of the Plan or the grant of any Award shall not in any way affect the Company's right to Award a person bonuses or other compensation in addition to Awards under the Plan.

11. GOVERNING LAW

The Plan shall be construed in accordance with the laws of the State of Delaware.
