Pioneer and Matsushita Reach Basic Agreement on PDP Business

Tokyo, April 24, 2008 Pioneer Corporation (TSE: 6773) and Matsushita Electric Industrial Co., Ltd. (TSE: 6752/NYSE: MC), best known for its Panasonic products, today reached a basic agreement on a comprehensive PDP business alliance to further progress and reinforce the PDP businesses.

The agreement mainly covers R & D as well as strategic production and supply of PDP and modules. The two companies will discuss further detail and conclude a formal agreement on the PDP business alliance around May 2008.

Pioneer and Matsushita have been serving the market with high-performance, high-quality plasma TVs under their respective brands KURO and VIERA, exploiting the advantages of the PDP devices as self-emitting displays and their own video technologies. They have won high praise from consumers and audiovisual specialists.

The two companies believe the comprehensive alliance will bring about significant synergy effects by the integration of Pioneer's KURO technologies, renowned for high luminance efficiency, high contrast and super-slim design, with NeoPDP, Matsushita's own technologies for high efficiency that has been developed as evolutionary technologies of the next-generation VIERA plasma displays. By developing PDPs and modules that are eco-friendly and excel in performance and picture-quality, Pioneer and Matsushita will contribute to further growth of plasma TVs in the flat-panel TV market.

In collaboration with Pioneer, Matsushita will develop and manufacture PDPs and modules on which their technological strengths are concentrated. Matsushita plans to start supplying these newly-developed PDPs and modules in time for Pioneer's release of new PDP products which will be available in the autumn of 2009. By promoting the integration of their PDP technologies and sharing the same PDP, Pioneer and Matsushita intend to increase efficiency in panel development and production and boost their cost competitiveness in the flat-panel TV market.

As for the size of panels, the two companies will discuss details in consideration of customer demand, market competitiveness and the size of panels currently marketed by Pioneer.

Pioneer and Matsushita will continue to supply their own plasma TVs to meet growing consumer demand worldwide by taking advantage of their proprietary image processing technologies as well as the fruits of this business alliance.

ANNOUNCEMENT OF FINANCIAL RESULTS

MATSUSHITA REPORTS ANNUAL NET PROFIT INCREASE

- Sales and Earnings Exceed the Previous Forecast -

Osaka, Japan, April 28, 2008 Matsushita Electric Industrial Co., Ltd. (Matsushita [NYSE symbol: MC]) today reported its consolidated financial results for the year ended March 31, 2008 (fiscal 2008).

Consolidated Results

Consolidated group sales for fiscal 2008 amounted to 9,068.9 billion yen, mostly the same level from 9,108.2 billion yen in the previous fiscal year. Explaining fiscal 2008 results, the company cited sales gains in all product categories except JVC (Victor Company of Japan, Ltd. and its subsidiaries)¹, due mainly to favorable sales in digital AV products and white goods. Of the consolidated group total, domestic sales amounted to 4,544.8 billion yen, down 2% from 4,616.5 billion yen a year ago. Overseas sales increased 1% to 4,524.1 billion yen, from 4,491.7 billion yen in fiscal 2007, ended March 31, 2007.

¹ Victor Company of Japan, Ltd. and its consolidated subsidiaries became associated companies under the equity method from Matsushita's consolidated subsidiaries in August 2007. Accordingly, JVC sales for the period from then on are not included in Matsushita's consolidated results. For more information, see Note 3 of the Notes to consolidated financial statements on page 13.

The electronics industry in the fiscal year ended March 31, 2008 faced severe business conditions in Japan and overseas, due mainly to ever-rising prices for crude oil and other raw materials, and continued price declines caused by continuously intensifying global competition, mainly in digital products.

Under these circumstances, the Matsushita Group worked to accelerate growth strategies in fiscal 2008, the first year of the new three-year mid-term management plan GP3. Matsushita promoted initiatives to transform itself into a manufacturing-oriented company one that combines all the business activities of the Group toward the launch of products, thereby contributing to the creation of customer value. Matsushita promoted wider collaboration across business fields and operating regions in order to reinforce product design and quality, procurement, logistics, overseas sales and other areas of its operations.

Specifically, Matsushita continued to strengthen V-products, which are the core of its growth strategies and make a significant contribution to overall business results in order to boost market shares. With regard to the strategic plasma display panel (PDP) business, Matsushita started operation of its fourth domestic PDP plant in June 2007, and began construction of its fifth in November 2007. In addition, Matsushita implemented initiatives to achieve double-digit growth in overseas sales of consumer products. To accelerate growth in emerging markets as well as the U.S. and Europe, the Company established a framework to boost sales in Russia, Brazil and India, and also promoted its cutting-edge products.

Regarding earnings, operating profit² for this fiscal year was up 13%, to 519.5 billion yen, from 459.5 billion yen in the previous year, despite the effects from rising prices for crude oil and other raw materials, and ever-intensified global price competition. This improvement was due primarily to sales gains excluding the effect of JVC and the cost reduction efforts including materials costs and fixed costs. In other income (deductions), the company incurred expenses associated with the implementation of early retirement programs and impairment losses on the investments, as well as impairment losses from tangible fixed assets. These factors, despite the increased operating profit, led to a consolidated pre-tax income of 435.0 billion yen, down 1% from 439.1 billion yen in the previous year. Net income hit a record-high of 281.9 billion yen, up 30% from 217.2 billion yen in the previous year, as a result of a decrease in provision for income taxes. The company's net income per common share was 132.90 yen on a diluted basis, versus 99.50 yen in the previous year.

² For information about operating profit, see Note 2 of the Notes to consolidated financial statements on page 13.

Consolidated Sales Breakdown by Product Category

The company's annual consolidated sales by product category, as compared with prior year amounts, are summarized as follows:

AVC Networks

AVC Networks sales increased 6% to 4,001.8 billion yen, from 3,764.7 billion yen in the previous year. Sales of video and audio equipment increased 8% from the previous year, due mainly to strong sales in digital AV products such as flat-panel TVs and digital cameras. In information and communications equipment, favorable sales of automotive electronics and mobile phones led to a 5% increase overall from a year ago.

Home Appliances

Sales of Home Appliances increased 6% to 1,283.0 billion yen, compared with 1,212.1 billion yen in the previous year, due mainly to favorable sales of air conditioners and refrigerators.

Components and Devices

Sales of Components and Devices were also up 2% to 1,150.3 billion yen, compared with 1,126.9 billion yen in the previous year, due mainly to favorable sales in general electronic components.

MEW and PanaHome

Sales of MEW and PanaHome increased 2% to 1,730.7 billion yen, from 1,698.1 billion yen a year ago. At Matsushita Electric Works, Ltd. (MEW) and its subsidiaries, despite weak sales of building products as a result of a decrease in residential construction starts, sales gains in electrical construction materials and electronic and plastic materials led to an overall increase in sales. At PanaHome Corporation and its subsidiaries, sluggish housing market conditions led to a slight decrease in sales.

JVC

Sales for JVC (Victor Company of Japan, Ltd. and its subsidiaries) totaled 180.5 billion yen.

Other

Sales for Other totaled to 722.6 billion yen, up 8% from 667.8 billion yen in the same period a year ago. Sales increases were recorded in factory automation equipment within this category.

Consolidated Financial Condition

Net cash provided by operating activities in fiscal 2008 amounted to 466.1 billion yen. This was attributable primarily to cash inflows from net income and depreciation. Net cash used in investing activities amounted to 61.4 billion yen. Capital expenditures for tangible fixed assets were 418.7 billion yen, mainly consisting of manufacturing facilities for priority business areas such as PDPs and semiconductors, while the company recorded a decrease in time deposits from the end of fiscal 2007 (March 31, 2007). Net cash used in financing activities was 203.5 billion yen. Major factors included the repurchase of the company's common stock and the payment of cash dividends. All these activities, as well as a net decrease in cash and cash equivalents of 223 billion yen associated with the effect of exchange rate changes and the effects that JVC became associated companies under the equity method from Matsushita's consolidated subsidiaries, resulted in cash and cash equivalents of 1,214.8 billion yen at the end of fiscal 2008, down 21.8 billion yen compared with the end of the last fiscal year.

The company's consolidated total assets as of March 31, 2008 decreased 453.3 billion yen to 7,443.6 billion yen, as compared with 7,897.0 billion yen at the end of the last fiscal year (March 31, 2007). Stockholders' equity decreased 174.4 billion yen, compared with the end of the last fiscal year, to 3,742.3 billion yen as of March 31, 2008. Despite increases in retained earnings, this result was due primarily to a decrease in accumulated other comprehensive income, as well as an increase in treasury stock on continued repurchases of the company's own shares.

Year-end Dividend

Total dividends for fiscal 2008, ended March 31, 2008, including an interim dividend of 17.5 yen per common share paid in November 2007, are expected to be 35 yen per common share, up from 30 yen per common share for fiscal 2007.

Outlook for Fiscal 2009

Regarding the business environment for the fiscal 2009 ending March 31, 2009, the company currently expects to encounter severe conditions, such as a stronger yen against the dollar, rising prices for crude oil and other raw materials, and ever-intensified global price competition, as well as uncertainty about the global economic conditions as a result of subprime loan problems in the United States. Under these circumstances, in fiscal 2009, the middle year of the mid-term management plan GP3, Matsushita has to produce successful results and work on getting growth on track. The Company will steadily implement initiatives focused on four major themes: double-digit growth for overseas sales, four strategic businesses, manufacturing innovation and the eco ideas strategy. The company currently expects fiscal 2009 sales on a consolidated basis to total 9,200 billion yen, an increase of 1% from the previous fiscal year. Consolidated operating profit is forecasted to increase by 8% to 560 billion yen. Consolidated income before income taxes³ is anticipated to increase to 500 billion yen, up 15%, with net income expected to improve to 310 billion yen, an increase of 10% from the previous fiscal year.

Matsushita Electric Industrial Co., Ltd., best known for its Panasonic brand products, is one of the world's leading manufacturers of electronic and electric products for consumer, business and industrial use. Matsushita's shares are listed on the Tokyo, Osaka, Nagoya and New York stock exchanges.

Disclaimer Regarding Forward-Looking Statements

This press release includes forward-looking statements (within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934) about Matsushita and its Group companies (the Matsushita Group). To the extent that statements in this press release do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Matsushita Group in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the Matsushita Group's actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. Matsushita undertakes no obligation to publicly update any forward-looking statements after the date of this press release. Investors are advised to consult any further disclosures by Matsushita in its subsequent filings with the U.S. Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934.

The risks, uncertainties and other factors referred to above include, but are not limited to, economic conditions, particularly consumer spending and corporate capital expenditures in the United States, Europe, Japan, China and other Asian countries; volatility in demand for electronic equipment and components from business and industrial customers, as well as consumers in many product and geographical markets; currency rate fluctuations, notably between the yen, the U.S. dollar, the euro, the Chinese yuan, Asian currencies and other currencies in which the Matsushita Group operates businesses, or in which assets and liabilities of the Matsushita Group are denominated; the ability of the Matsushita Group to respond to rapid technological changes and changing consumer preferences with timely and cost-effective introductions of new products in markets that are highly competitive in terms of both price and technology; the ability of the Matsushita Group to achieve its business objectives through joint ventures and other collaborative agreements with other companies; the ability of the Matsushita Group to maintain competitive strength in many product and geographical areas; the possibility of incurring expenses resulting from any defects in products or services of the Matsushita Group; the possibility that the Matsushita Group may face intellectual property infringement claims by third parties; current and potential, direct and indirect restrictions imposed by other countries over trade, manufacturing, labor and operations; fluctuations in market prices of securities and other assets in which the Matsushita Group has holdings or changes in valuation of long-lived assets, including property, plant and equipment and goodwill, and deferred tax assets; future changes or revisions to accounting policies or accounting rules; as well as natural disasters including earthquakes and other events that may negatively impact business activities of the Matsushita Group. The factors listed above are not all-inclusive and further information is contained in Matsushita's latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission.

Notes to consolidated financial statements:

1. The company's consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP).
2. In order to be consistent with generally accepted financial reporting practices in Japan, operating profit is presented as net sales less cost of sales and selling, general and administrative expenses. The company believes that this is useful to investors in comparing the company's financial results with those of other Japanese companies. Please refer to the accompanying consolidated statement of income and Note 7 for U.S. GAAP reconciliation.
3. Victor Company of Japan, Ltd. (JVC) issued and allocated new shares of common stock to third parties on August 10, 2007 for a cash consideration of 35 billion yen. As a result, the company's shareholding in JVC decreased from 52.4% to 36.8%. JVC and its consolidated subsidiaries became associated companies under the equity method from consolidated subsidiaries from August 2007.
4. By acquiring approximately 15% of issued shares in IPS Alpha Technology, Ltd. (IPS Alpha) owned by Toshiba Corporation on March 31, 2008, Matsushita's voting rights stake in IPS Alpha rose to 44.9%. In addition, Matsushita finalized a contract with Hitachi, Ltd. on February 15 under which it will acquire all the shares in IPS Alpha owned by Hitachi Displays, Ltd., once certain conditions are satisfied. As a result, IPS Alpha and its subsidiary became consolidated subsidiaries of Matsushita on March 31, 2008.
5. Comprehensive income was reported as a gain of 883 million yen for fiscal 2008, and a gain of 289,270 million yen for fiscal 2007. Comprehensive income includes net income and increases (decreases) in accumulated other comprehensive income (loss).

Management Policy

(1) Basic Policy for Corporate Management

Since its establishment, Matsushita has operated its businesses under its basic management philosophy, which sets forth that the mission of a business enterprise is to contribute to the progress and development of society and the well-being of people through its business activities, thereby enhancing the quality of life throughout the world. Aiming to grow further to become a global excellent company, Matsushita will work to deliver sustained growth in corporate value to satisfy its shareholders, investors, customers, business partners and all other stakeholders.

(2) Basic Policy for Providing Return to Shareholders

Since its establishment, Matsushita has managed its businesses under the concept that returning profits to shareholders is one of its most important policies. Along with the implementation of a mid-term growth strategy since fiscal 2005, ended March 2005, the company has implemented a proactive and comprehensive profit return to shareholders through dividend payments and own share repurchases, upon careful consideration of its consolidated business performance.

From the perspective of return on the capital investment made by shareholders, Matsushita, in principle, distributes profits to shareholders based on its consolidated business performance. As the result of growth strategies in the company's mid-term management plan GP3 that runs from fiscal 2008 through fiscal 2010, Matsushita will aim for stable and continuous increase in dividends based on consolidated net income. The company is also targeting a dividend payout ratio of between 30% and 40% with respect to consolidated net income.

Regarding own share repurchases, the company plans to use cash flows generated by the GP3 plan to flexibly repurchase its own shares in order to increase shareholder value per share and profitability on capital, while at the same time taking into consideration strategic investments and the company's financial condition.

In line with the policy described above, for fiscal 2008, ended March 31, 2008, Matsushita plans to pay total cash dividends per share of 35 yen, comprising an interim dividend of 17.5 yen per share paid on November 30, 2007, and a year-end dividend of 17.5 yen per share. For fiscal 2009, ending March 31, 2009, Matsushita plans to increase an interim cash dividend from 17.5 yen per share in fiscal 2008, to 22.5 yen per share in fiscal 2009, and also plans to increase a year-end cash dividend from 17.5 yen per share in fiscal 2008, to 22.5 yen per share in fiscal 2009. If implemented, total cash dividends for fiscal 2009 will be 45 yen per share.

For details about own share repurchases for fiscal 2009, see separate press release issued today [Matsushita to Execute Own Share Repurchase](#).

(3) Corporate Management Strategies and Challenges

The global economic outlook for fiscal 2009, ending March 31, 2009, is uncertain. Although high growth is expected in emerging economies, there are a variety of downside risks, such as the subprime loan problem, rising prices for raw materials and energy including crude oil and currency rate fluctuations. In the electronics industry, while robust growth is expected due mainly to rising demand before the Beijing Olympics, there are uncertainties in the future business environment, such as larger-than-expected price declines and prolonged sluggishness for the housing market in Japan and the U.S.

Under these circumstances, in fiscal 2009, the middle year of the mid-term management plan GP3, Matsushita has to produce successful results and work on getting growth on track. The Company will steadily implement initiatives focused on four major themes: double-digit growth for overseas sales, four strategic businesses, manufacturing innovation and the eco ideas strategy.

To achieve double-digit growth in overseas sales, the Company will promote initiatives in key markets such as the U.S. and Europe, while also working to accelerate growth in the BRICs countries and Vietnam. In addition, Matsushita plans to spur demand relating to the Beijing Olympics and further expand its overseas sales of home appliances products. With regard to four strategic businesses, Matsushita will focus on its digital AV business, automotive electronics business, businesses providing comfortable living and semiconductors and other devices businesses. The Company will work to strengthen product competitiveness in each business, while also expanding synergies through collaboration between these businesses. In flat-panel TVs, in particular, the Company will lead the large-screen TV market with its plasma TVs, and it also plans to begin construction of a LCD panel plant in Himeji, Japan in August 2008. This will help ensure stable procurement of LCD panels, and will also be another step in the transition to a vertically integrated LCD TV business model. As for manufacturing innovation, Matsushita will further pursue cost reduction processes while also strengthening its V-products. As part of its eco ideas strategy, the Company will create more products with industry-leading energy efficiency, while also working aggressively to reduce the CO₂ emissions in production activities. Moreover, Matsushita will work on a wide range of initiatives, in collaboration with local communities, to expand the scope of ecological activities.

Table of Contents

-22-

In addition, Matsushita will promote initiatives toward future growth with an eye to the next five to ten years. For sustainable growth in the future, Matsushita has to create and foster new businesses, as well as strengthening existing products and businesses. Specifically, Matsushita will aim to create new businesses derived from product progress or integration in areas that cut across business domains, such as automotive electronics, mobile AV equipment, and security. Furthermore, Matsushita will pursue new opportunities in areas such as networks, energy and the environment, health and devices.

Assuming that the Company obtains shareholder approval, Matsushita plans to change its name to Panasonic Corporation on October 1, 2008. The National brand, used in Japan for home appliances and housing equipment and systems, will be abolished by the end of fiscal 2010. From that time forward, all Company products will be sold under the Panasonic brand, even in Japan. This company name change and the brand unification clearly indicate the Company's strong will to become a true global company. Moreover, this will unite all employees under the Panasonic name in future efforts to improve global brand value.

From the perspective of shareholder-oriented management, Matsushita will continue to proactively return profits to shareholders. Specifically, the Company will comprehensively provide shareholder return in the form of cash dividends based on the results of the growth strategies, and its own share repurchases.

* In order to be consistent with generally accepted financial reporting practices in Japan, operating profit is presented as net sales less cost of sales and selling, general and administrative expenses. The company believes that this is useful to investors in comparing the company's financial results with those of other Japanese companies.

** Factors affecting the forecast for other income (deductions) of 60.0 billion yen (the difference between operating profit and income before income taxes) include business restructuring charges of 25.0 billion yen.

Disclaimer Regarding Forward-Looking Statements

This document includes forward-looking statements (within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934) about Matsushita and its Group companies (the Matsushita Group). To the extent that statements in this document do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Matsushita Group in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the Matsushita Group's actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. Matsushita undertakes no obligation to publicly update any forward-looking statements after the date of this document. Investors are advised to consult any further disclosures by Matsushita in its subsequent filings with the U.S. Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934.

The risks, uncertainties and other factors referred to above include, but are not limited to, economic conditions, particularly consumer spending and corporate capital expenditures in the United States, Europe, Japan, China and other Asian countries; volatility in demand for electronic equipment and components from business and industrial customers, as well as consumers in many product and geographical markets; currency rate fluctuations, notably between the yen, the U.S. dollar, the euro, the Chinese yuan, Asian currencies and other currencies in which the Matsushita Group operates businesses, or in which assets and liabilities of the Matsushita Group are denominated; the ability of the Matsushita Group to respond to rapid technological changes and changing consumer preferences with timely and cost-effective introductions of new products in markets that are highly competitive in terms of both price and technology; the ability of the Matsushita Group to achieve its business objectives through joint ventures and other collaborative agreements with other companies; the ability of the Matsushita Group to maintain competitive strength in many product and geographical areas; the possibility of incurring expenses resulting from any defects in products or services of the Matsushita Group; the possibility that the Matsushita Group may face intellectual property infringement claims by third parties; current and potential, direct and indirect restrictions imposed by other countries over trade, manufacturing, labor and operations; fluctuations in market prices of securities and other assets in which the Matsushita Group has holdings or changes in valuation of long-lived assets, including property, plant and equipment and goodwill, and deferred tax assets; future changes or revisions to accounting policies or accounting rules; as well as natural disasters including earthquakes and other events that may negatively impact business activities of the Matsushita Group. The factors listed above are not all-inclusive and further information is contained in Matsushita's latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission.

Matsushita Announces Continuation of Policy toward

Large-scale Purchases of Company's Shares [ESV plan]

Osaka, Japan, April 28, 2008 Matsushita Electric Industrial Co., Ltd. (Matsushita [NYSE symbol: MC]), best known for its Panasonic brand, today announced that its Board of Directors has decided to continue the company's policy toward Large-scale Purchases of Matsushita shares. This policy, called the ESV (Enhancement of Shareholder Value) Plan, was originally announced on April 28, 2005, and since then, the Board of Directors has announced the continuation thereof in April of each year. As stated in the April 28, 2005 press release, the ESV Plan reflects Matsushita's policy toward:

- (i) a purchase of Matsushita shares by a group of shareholders¹ with the intent to hold 20% or more of the total voting rights² of Matsushita, or
- (ii) a purchase of Matsushita shares resulting in a group of shareholders holding 20% or more of the total voting rights of Matsushita. (The ESV Plan does not apply to cases where Matsushita's Board of Directors has given consent in advance of purchases set out in (i) or (ii) above.)

Table of Contents

-2-

In the following outline of the details of the ESV Plan, a purchase of Matsushita shares set out in (i) or (ii) above shall be referred to as a Large-scale Purchase, and a person or a company that intends to conduct a Large-scale Purchase shall be referred to as the Large-scale Purchaser.

1. Basic Philosophy

Matsushita's Board of Directors believes that the company's shareholders should make the final decisions as to whether or not a Large-scale Purchase is acceptable. If a Large-scale Purchase is to be conducted, sufficient information should be provided through the Board of Directors to shareholders so that they may make appropriate decisions. The Board of Directors intends to assess and examine any proposed Large-scale Purchase after the information on such Large-scale Purchase is provided, and subsequently to disclose the opinion of the Board of Directors, to assist shareholders in making their decisions. The Board of Directors may negotiate with the Large-scale Purchaser or offer alternative plans to shareholders, if it is deemed necessary.

The Matsushita Group recorded consolidated net sales of 9,068.9 billion yen for fiscal 2008, ended March 31, 2008, and consists of 555 consolidated subsidiaries and 305,828 employees on a consolidated basis, as of March 31, 2008. Taking into account the scale of the company's operations and the wide range of its business fields, Matsushita believes it would be helpful for shareholders to receive proper information from both the Large-scale Purchaser and the Board of Directors so that they may examine the terms of the Large-scale Purchase that may have an impact on the management of the company, including the adequacy of the purchase price. The company believes that if a Large-scale Purchase is to be conducted, shareholders should be made aware of its potential impact on the future management of the Matsushita Group, as well as management policies and business plans that the Large-scale Purchaser wishes to adopt, and the influence on other various stakeholders such as customers and employees, in order to determine whether or not the Large-scale Purchase is acceptable.

Under the basic philosophy mentioned above, Matsushita's Board of Directors has established rules concerning Large-scale Purchases of Matsushita shares (hereinafter referred to as the Large-scale Purchase Rules) as described below. The Board of Directors will require any Large-scale Purchaser to comply with these rules. If the Large-scale Purchaser does not comply with these rules, the Board of Directors intends to take certain countermeasures.

For your information, please refer to the major shareholders of Matsushita as described in attachment 1 hereto. Also, please note that as of the present time, Matsushita has not received any specific proposals for a Large-scale Purchase.

Table of Contents

-3-

2. Large-scale Purchase Rules

Matsushita's Board of Directors believes that a Large-scale Purchaser should comply with the Large-scale Purchase Rules for the benefit of all shareholders of Matsushita. The Large-scale Purchase Rules require that (i) a Large-scale Purchaser provide sufficient information to the Board of Directors, and (ii) a Large-scale Purchaser be permitted to commence the Large-scale Purchase only after the prescribed period during which the Board of Directors assesses the Large-scale Purchase.

First, a Large-scale Purchaser is required to provide Matsushita's Board of Directors with sufficient information (hereinafter referred to as the Large-scale Purchase Information) so that the company's shareholders may make decisions and the Board of Directors may form its opinion regarding such Large-scale Purchase. The Large-scale Purchase Information includes the followings:

- (1) an outline of the Large-scale Purchaser and its group;
- (2) the purposes and conditions of the Large-scale Purchase;
- (3) the basis for determination of the purchase price and funds for purchase; and
- (4) management policies and business plans which the Large-scale Purchaser intends to adopt after the completion of the Large-scale Purchase.

Table of Contents

-4-

Since details of the Large-scale Purchase Information may vary depending on each specific Large-scale Purchase, the Board of Directors, first of all, requires the Large-scale Purchaser to submit to Matsushita a letter of intention to comply with the Large-scale Purchase Rules, specifying the name of the Large-scale Purchaser, address, governing law of incorporation, the name of the representative, contact details in Japan and an outline of the proposed Large-scale Purchase. Within five business days after receipt of such letter, the Board of Directors will deliver to the Large-scale Purchaser a list of the Large-scale Purchase Information to be initially provided by the Large-scale Purchaser. If the information initially provided by the Large-scale Purchaser is deemed insufficient as Large-scale Purchase Information, the Board of Directors may request additional information until it receives sufficient information with such decision made by referring to advice from outside professionals, such as lawyers and financial advisors and fully respecting the opinions of outside directors and corporate auditors. The Board of Directors will disclose the proposed Large-scale Purchase and all or part of the Large-scale Purchase Information submitted to the Board of Directors at the time it deems appropriate, if such disclosure is considered necessary for shareholders to make decisions.

After all the Large-scale Purchase Information is provided, Matsushita's Board of Directors should be allowed a sixty day period (in the case of the purchase of all Matsushita shares by a tender offer with cash-only (yen) consideration) or a ninety day period (in the case of any other Large-scale Purchase), depending on the difficulty level of assessment, as the period during which it will assess, examine, negotiate, form an opinion and seek alternatives (hereinafter referred to as the Assessment Period). The Large-scale Purchase, therefore, shall be commenced only after the Assessment Period has elapsed. The Board of Directors will thoroughly assess and examine the Large-scale Purchase Information with advice from outside professionals during the Assessment Period, and disclose its opinion.

As mentioned above, the Board of Directors may negotiate with the Large-scale Purchaser in order to improve the terms of the proposed Large-scale Purchase or it may offer alternative plans to shareholders, as necessary.

Table of Contents

-5-

3. Countermeasures against non-compliance with the Large-scale Purchase Rules

The ESV Plan includes countermeasures to be taken in the event of non-compliance with the Large-scale Purchase Rules. In the ESV Plan, non-compliance with the Large-scale Purchase Rules is the condition triggering Matsushita's countermeasures, in principle.

If a Large-scale Purchaser does not comply with the Large-scale Purchase Rules, Matsushita's Board of Directors may take countermeasures against the Large-scale Purchaser to protect the interests of all shareholders. Countermeasures include the implementation of stock splits, issuance of stock acquisition rights or any other measures that the Board of Directors is permitted to take under the Company Law in Japan or other laws and the company's articles of incorporation. The Board of Directors will make decisions relating to countermeasures by referring to advice from outside professionals, such as lawyers and financial advisers and fully respecting the opinions of outside directors and corporate auditors. The Board of Directors will adopt specific countermeasures which it deems appropriate at that time. If the Board of Directors elects to make a stock split for shareholders as of a certain record date, the maximum ratio of the stock split shall be five-for-one. If the Board of Directors elects to issue stock acquisition rights in a rights offering, the outline of the issuance thereof shall be as described in attachment 2 hereto. If the Board of Directors elects to issue stock acquisition rights as a countermeasure, it may determine the exercise period and exercise conditions of the stock acquisition rights in consideration of the effectiveness thereof as a countermeasure, such as the condition not to belong to a specific group of shareholders including a Large-scale Purchaser.

Table of Contents

-6-

The purpose of the Large-scale Purchase Rules is to provide an opportunity for Matsushita's shareholders to receive necessary information about the Large-scale Purchase, as well as the opinion and any alternative plans from Matsushita's Board of Directors, in order to determine whether or not the Large-scale Purchase is acceptable. Matsushita believes these rules will benefit shareholders by providing them with sufficient information to make a decision about a Large-scale Purchase that may have an impact on the management of the company. If a Large-scale Purchaser complies with the Large-scale Purchase Rules, the Board of Directors does not intend to prevent the Large-scale Purchase at its own discretion, unless it is clear that such Large-scale Purchase will cause irreparable damage or loss to Matsushita. To this extent, the ESV Plan is essentially different from other defense measures, which have the purpose of preventing a Large-scale Purchase based on the Board of Directors judgment and evaluation of the Large-scale Purchase. As an exception, however, in the event that it is clear to the Board of Directors that a Large-scale Purchase will cause irreparable damage or loss to Matsushita and as a result, the Board of Directors makes a decision to take countermeasures to prevent such Large-scale Purchase, the Board of Directors will disclose such decision in a timely and appropriate manner. On making such a decision, the Board of Directors will refer to advice from outside professionals, such as lawyers and financial advisers and fully respect the opinions of outside directors and corporate auditors.

If the Board of Directors decides after considering the interest of all shareholders that it would be appropriate to confirm the desires of the shareholders before taking the countermeasures stated above, the company will hold a general meeting of shareholders. If the Board of Directors decides to hold such a meeting, the company will disclose the fact that a general meeting of shareholders will be held and the reasons therefor.

The company believes that the establishment of the Large-scale Purchase Rules and countermeasures to be taken in the event of non-compliance with such rules are reasonable and appropriate in order to protect the legitimate interests of all Matsushita shareholders. The company recognizes that the aforementioned countermeasures may cause damage or loss, economic or otherwise, to a prospective Large-scale Purchaser who does not comply with the Large-scale Purchase Rules. Thus, the company is hereby advising in advance against commencing a Large-scale Purchase that does not comply with the Large-scale Purchase Rules.

4. Effect on Matsushita's shareholders and investors

Matsushita does not anticipate that taking countermeasures will cause shareholders, other than the Large-scale Purchaser, economic damage or loss of any rights, however, in the event that the Board of Directors determines to take a specific countermeasure, the Board of Directors will disclose such countermeasure in a timely and appropriate manner, pursuant to relevant laws and financial instruments exchange regulations. Regarding necessary procedures for shareholders in the event that a specific countermeasure is taken, in the case of a stock split and an issuance of stock acquisition rights, shareholders must take the necessary steps to enter a share transfer in the shareholders' register prior to the record date of the stock split or the issuance of stock acquisition rights, which shall be determined and announced publicly by the Board of Directors. In the case of an issuance of stock acquisition rights, in order to acquire stock acquisition rights, shareholders need to apply for acquisition within a certain prescribed period, depending on the issuance methods for stock acquisition rights, in addition to entering a share transfer in the shareholders' register. In addition, in order to exercise stock acquisition rights and acquire stock, shareholders need to pay the exercise price within a certain prescribed period. When the Board of Directors decides to acquire stock acquisition rights, it may deliver stocks to shareholders without paying the amount equivalent to the exercise price, in exchange for the acquisition of the stock acquisition rights. Matsushita will announce the details of such procedures and any other procedures necessary to protect the interests and rights of shareholders and investors in accordance with relevant laws and financial instruments exchange regulations when the Board of Directors actually determines to take countermeasures including stock splits and issuances of stock acquisition rights.

Each Corporate Auditor, including each outside Corporate Auditor, stated agreement to re-adopt this policy at this time on condition that it is duly implemented. The terms of office of all Directors are for one year, and they are elected at an annual general meeting of shareholders in June of each year. Matsushita's Board of Directors intends to review the Large-scale Purchase Rules, as necessary, for reasons including amendments to applicable legislation. Any such review would be conducted strictly in the interests of all shareholders.

Outline of issuance of stock acquisition rights

(In case the Board of Directors elects to issue stock acquisition rights in a rights offering)

1. Shareholders who are entitled to receive stock acquisition rights and conditions of issuance thereof:

One stock acquisition right shall be granted to a shareholder, per one share held by such shareholder (excluding the shares held by Matsushita as treasury stock), whose name is recorded in the register of shareholders or the register of beneficial shareholders as of the record date to be specified and published by the Board of Directors. In this regard, Matsushita may either (i) grant to each of the shareholders holding a share of common stock a right to subscribe for a stock acquisition right and to make an offering for subscription of the offered stock acquisition right, or (ii) distribute stock acquisition rights to the shareholders without consideration.

2. Type and number of shares to be acquired upon exercise of stock acquisition rights:

The type of shares to be acquired upon exercise of stock acquisition rights shall be common stock, and the number of shares to be acquired upon exercise of one stock acquisition right shall be one share.

3. Total number of stock acquisition rights to be issued:

The total number of stock acquisition rights to be issued shall be determined by the Board of Directors up to 5 billion stock acquisition rights. The Board of Directors may issue stock acquisition rights more than once within the maximum number of 5 billion stock acquisition rights to be issued in total.

4. Payment amount of each stock acquisition right in the case of item 1, (ii) above:

No payment is required.

Table of Contents

-11-

5. Price of assets to be invested upon exercise of each stock acquisition right:

The price of assets to be invested upon exercise of a stock acquisition right shall be one Japanese yen or more to be determined by the Board of Directors.

6. Restriction on transfer of stock acquisition rights:

Acquisition of stock acquisition rights by way of assignment thereof requires the approval of the Board of Directors.

7. Conditions of exercise of stock acquisition rights:

The Board of Directors may prohibit a person or company belonging to a group of shareholders (*tokutei-kabunushi group*) including a Large-scale Purchaser (excluding the case where the Board of Directors approves that an acquisition or shareholding of shares and other securities of Matsushita by the person or company does not conflict with the benefit of all shareholders of Matsushita) from exercising stock acquisition rights.

8. Exercise period and other conditions of stock acquisition rights:

Exercise period, conditions of acquisitions and other conditions of stock acquisition rights shall be determined by the Board of Directors. The Board of Directors may determine that the company may repurchase stock acquisition rights (Qualified Stock Acquisition Rights) that are not held by a holder of a stock acquisition right who is prohibited from exercising stock acquisition rights due to the exercise conditions mentioned in item 7 above, and deliver one share of common stock to be determined by the Board of Directors per one Qualified Stock Acquisition Right to each of the holders thereof.
