PROXY STATEMENT

2008 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this Proxy Statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at the 2008 annual meeting of stockholders (the "Annual Meeting") and any adjournments of the Annual Meeting to be held at 2:00 p.m., EST, on Wednesday, July 30, 2008 at the offices of HealthpointCapital Partners, LP ("HealthpointCapital"), which are located at 505 Park Avenue, 11th Floor, New York, NY 10022. This proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purpose of the meeting and the information you need to know to vote at the Annual Meeting.

On July 1, 2008, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending along with this proxy statement, our 2007 annual report, which includes our financial statements for the fiscal year ended December 31, 2007. You can also find a copy of our 2007 Annual Report on Form 10-K, as amended, on the Internet through the SEC's electronic data system called EDGAR at www.sec.gov or through the Investor Relations section of our website at www.alphatecspine.com.

Who Can Vote?

Only stockholders who owned Alphatec Holdings, Inc. common stock at the close of business on June 5, 2008 are entitled to vote at the Annual Meeting. On this record date, there were 47,418,317 shares of Alphatec Holdings, Inc. common stock outstanding and entitled to vote. Alphatec Holdings, Inc. common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering a signed statement of revocation to us at 5818 El Camino Real, Carlsbad, CA 92008, Attention: Ebun S. Garner, Esq., General Counsel, Vice President and Secretary. The proxy may also be revoked by submitting to us prior to the Annual Meeting a more recently dated proxy or by attending the Annual Meeting and voting in person.

How Many Votes Do I Have?

Each share of Alphatec Holdings, Inc. common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, Mellon Investor Services, 480 Washington Ave., Jersey City, NJ 07310, or you have stock certificates, you may vote:

By mail. Complete and mail the enclosed proxy card, a copy of which is attached hereto as Appendix A, in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how

Edgar Filing: Alphatec Holdings, Inc. - Form DEF 14A

you want your shares voted, they will be voted as recommended by our Board of Directors.

Table of Contents

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in street name (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

By mail. You will receive instructions from your broker or other nominee explaining how to vote your shares.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the nominees for director;

FOR the approval of the adoption of the 2007 Employee Stock Purchase Plan; and

FOR ratification of the selection of independent auditors for our fiscal year ending December 31, 2008.

If any other matter is presented, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the meeting. You may revoke your proxy in any one of the following ways:

signing a new proxy card and submitting it as instructed above;

notifying us at 5818 El Camino Real, Carlsbad, CA 92008, Attention: Eburn S. Garner, Esq., General Counsel, Vice President and Secretary, in writing before the Annual Meeting that you have revoked your proxy; or

attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under "How Do I Vote?" for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Return My Proxy Card?

Edgar Filing: Alphatec Holdings, Inc. - Form DEF 14A

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under How Do I Vote?

Table of Contents

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under "How Do I Vote?", the bank, broker or other nominee has the authority to vote your unvoted shares on Proposals 1, 2 and 3, even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a "broker non-vote".

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a "plurality" of the votes) will be elected. Abstentions are not counted for purposes of electing directors. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote for the election of directors. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name for the election of directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

Proposal 2: Approval of the Adoption of the 2007 Employee Stock Purchase Plan

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the Annual Meeting is required to approve the 2007 Employee Stock Purchase Plan. Abstentions will be treated as votes against this proposal. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

Proposal 3: Ratify Selection of Auditors

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of independent auditors. Abstentions will be treated as votes against this proposal. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent accountants. However, if our stockholders do not ratify the selection of Ernst & Young, LLP as our independent accountants for 2008, our Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, Mellon Investor Services, examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

Table of Contents

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The Annual Meeting will be held at 2:00 p.m. Eastern Time, on Wednesday, July 30, 2008 at the offices of HealthpointCapital, LP, which are located at 505 Park Avenue, 12th Floor, New York, NY 10022. When you arrive at HealthpointCapital, LP signs will direct you to the appropriate meeting room. You need not attend the Annual Meeting in order to vote.

Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our shareholders reside, if we or your broker believe that the shareholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be householded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, Mellon Investor Services, by calling their toll free number, 1-866-265-1875.

If you do not wish to participate in householding and would like to receive your own set of the annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Alphatec Holdings, Inc. shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

If your shares are registered in your own name, please contact our transfer agent, Mellon Investor Services, and inform them of your request by calling them at 1-866-265-1875 or writing them at 480 Washington Ave., Jersey City, NJ 07310.

If a broker or other nominee holds your Alphatec Holdings, Inc. shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

COMPENSATION DISCUSSION AND ANALYSIS

We have prepared the following Compensation Discussion and Analysis, or CD&A, to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of our named executive officers.

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executives. Accordingly, our compensation arrangements must be competitive. The Compensation Committee's intent is generally to target salaries, annual incentives and long-term incentive grant values at a range that is competitive with programs offered by other companies against whom we compete for personnel. The Compensation Committee's decisions are based upon a philosophy of pay for performance, with an individual's experience, potential and contribution to our business determining his or her actual compensation. The Compensation Committee administers the compensation programs for our executive officers, considering this competitive environment, but also believes that the compensation paid to our executive officers should be dependent upon our financial performance and the value that we create for our stockholders. For this reason, the Compensation Committee's philosophy is to structure our compensation programs to provide meaningful incentives for the attainment of specific financial objectives and to reward those executive officers who make substantial contributions to the attainment of those objectives, and to link executive officer compensation with performance.

The Compensation Committee's objectives are to:

attract, retain, and motivate talented executives responsible for the success of the organization;

provide compensation to executives that is externally competitive, internally equitable and performance-based; and

ensure that total compensation levels are reflective of company and individual performance and provide executives with the opportunity to receive above market total compensation for exceptional business performance.

Compensation Process and Benchmarking

Compensation Process

Pursuant to its charter, the Compensation Committee has responsibility for, among other things, discharging the Board's responsibilities relating to compensation and benefits of our executive officers, including responsibility for evaluating and reporting to the Board on matters concerning management performance, officer compensation and benefits plans and programs. In carrying out these responsibilities, the Compensation Committee is required to review all components of executive officer compensation for consistency with our compensation philosophy.

In 2007 and the first two quarters of 2008, we hired several new executive officers, namely Mr. Kuyper, our President and CEO, Mr. Stott, our Vice President, Operations, Mr. Timm, our Vice President, Research and Development, Mr. Asai, the President of Alphatec Pacific, and Mr. Wulff, our Chief Financial Officer, Vice President and Treasurer. With respect to each of such individuals, their compensation for 2008 was determined during arms-length negotiations either with the Compensation Committee, which is the case with respect to Mr. Kuyper, or with Mr. Kuyper, which is the case with respect to the other newly hired executives. With respect to all of such hires, the Compensation Committee approved the compensation terms set forth in such individual's employment agreement prior to their hire.

Table of Contents

Accordingly, beginning in 2008, the processes followed by the Compensation Committee in setting executive compensation have changed. As requested by the Compensation Committee, our President and CEO presents individual performance review summaries, proposed annual salary increases and long-term incentive grant recommendations for the other executive officers to the members of the Compensation Committee. The Compensation Committee reviews the information and either approves the recommendation or makes changes at its discretion. The Compensation Committee makes its own assessment of Mr. Kuyper based on our financial performance, his compensation compared to comparable CEOs, the components of his compensation and his total compensation level. The Compensation Committee then approves Mr. Kuyper's compensation or makes changes at its discretion.

The Compensation Committee does not maintain formal, written executive compensation policies. Our President and CEO, working with our Vice President, Human Resources and our General Counsel, Vice President and Secretary engaged a consultant in 2008 as described below under *Benchmarking* and plans to continue using a consultant with respect to the recommendations he makes to the Compensation Committee. Except to the extent described under *Benchmarking*, the Compensation Committee has not relied on formulas or specific analysis in determining levels and mixes of compensation but rather has relied on its members' subjective but reasonable, good faith judgment based on their years of experience both with us and with other companies they have been involved with in their professional careers.

In both 2007 and 2008, our Chief Operating Officer and President and CEO, respectively, provided recommendations to the Compensation Committee regarding financial goals and criteria for our annual bonus plans. These criteria and targets were based upon our operating plan for each fiscal year, as approved by the Board. After his hiring in June of 2007, Mr. Kuyper provided revised criteria to the Compensation Committee. For 2007 and 2008, the corporate performance metrics under the bonus plan as approved by the Compensation Committee included attainment of adjusted EBITDA and revenue targets.

Benchmarking

2007 Benchmarking

Due to the fact that several members of our executive officers joined us in 2007 we did not take part in any formal benchmarking process with respect to executive compensation for fiscal 2007. Each of the executive officers that joined us after June 2007, Messrs. Kuyper, Stott, Timm, Asai and Wulff each negotiated their employment terms in an arms-length transaction with us, and with respect to each of them, their compensation was approved by the Compensation Committee prior to the execution of their employment agreement. During 2007, the executive officers that were employed by us in 2006, Messrs. Yasbek, Lubischer, and Garner, did not receive raises from their respective 2006 base salaries.

2008 Benchmarking

In 2008, Mr. Kuyper, acting in concert with our Vice President, Human Resources and our General Counsel retained the compensation advisory firm Remedy, LLC, or Remedy, to assist the Compensation Committee in structuring our executive compensation policies and plans for 2008, focusing on total cash compensation (base salary plus annual cash incentives) and long-term equity incentives. Under this system, Mr. Kuyper assigns a total target compensation range to a particular executive officer after considering various factors under the major categories of job demands, knowledge, level of responsibility and the total target compensation paid by our peer group. Mr. Kuyper used input from Remedy in assigning total target compensation amounts in 2008, and we anticipate that a similar exercise will be employed in the future. With respect to our executive officers, all of Mr. Kuyper's total target compensation recommendations are reviewed and approved by the Compensation Committee.

Remedy evaluated the total targeted compensation of our executive officers by comparing our information to published compensation survey data from companies in our industry or similar industries with annual revenues

Table of Contents

similar to those of ours, which peer group included the following companies: Nuvasive, Orthofix, Trans1, Exactech, Symmetry Medical, Orthovita, Osteotech, RTI Biologics, Wright Medical Group, Cynosure, Staar Surgical, Symetry Medical and Volcano Corp. In addition, Remedy also included in its analysis information derived from the Radford Global Life Sciences Compensation Survey for companies with a number of employees that is similar to ours. The survey data included information on job duties, and target and actual total compensation at the median and 75th percentiles. Mr. Kuyper and the Compensation Committee generally consider total targeted compensation to be within the market competitive range if total targeted compensation was between the median and 75th percentile.

Elements of Compensation and How Each Element is Chosen

As indicated above, compensation elements for our executive officers are designed to attract and retain individuals with exceptional ability for these key roles in a very competitive market for such talent. Certain elements of compensation serve other important interests. For example, annual incentive pay is designed to motivate the executive officers to attain our vital short-term goals. Long-term incentive pay in the form of equity awards vesting over a number of years aligns the executive officer interest with that of shareholders in seeing long-term increases in the value of our shares. The main compensation elements for our executive officers (salary, annual incentive, long-term incentive, and other benefits and perquisites) are described in more detail below.

For fiscal year 2007, each executive officer's compensation generally consisted of three elements: (i) base salary, (ii) cash bonus based upon our attainment of pre-established objectives; and (iii) long-term stock-based incentive awards designed to align the interests between our executive officers and our shareholders.

At the time of the hiring of any executive officer, initial base salary, the percentage of base salary that shall be the target amount for cash bonus awards and an initial equity grant have been negotiated between such officer and us. Generally, such negotiations are conducted by our President and CEO on our behalf. The Compensation Committee approves the final compensation package. Such compensation was determined based upon available information concerning the competitive packages offered to executives in similar jobs at companies with which we are competitive for personnel, but were not established based upon any formal survey or other comparative data.

The Compensation Committee was responsible for negotiating the compensation package for Mr. Kuyper. In anticipation of such negotiations, the Compensation Committee requested an independent consultant, Russell Reynolds Associates, to provide competitive compensation levels for a newly-hired president and chief executive officer at companies with which we are competitive for personnel. The compensation data included data regarding base salary, cash bonuses and new hire equity grants. Russell Reynolds Associates also examined survey data as well as proxy data to determine competitive terms relating to payments on severance of employment, and termination as a result of a change in our control, and provided advice on reasonable and customary provisions included in such agreements.

Base Salaries

Starting in 2008, each fiscal year, the President and CEO reviews the base salaries of the executive officers and determines whether any changes are appropriate for the next fiscal year. During such review, the President and CEO take multiple factors into consideration. Base salaries of the executive officers are targeted at a competitive market median on a job-by-job basis with individual variations explained by differences in experience, skills and sustained performance. In addition, Mr. Kuyper commissioned a survey to determine the competitive position of our compensation levels, and targeted base salary for each executive officer at least the median percentile, depending on the specific position, of the compensation of similarly-situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives. Following such evaluation, the President and CEO makes recommendations to the Compensation Committee for

Table of Contents

such executive's compensation for such fiscal year. Based on such evaluation, for fiscal 2008 the following executives received the following new base salaries, effective May 2008: \$225,000 for Mr. Stott and \$230,000 for Mr. Garner. In June 2008, the Compensation Committee conducted a review of Mr. Kuyper's annual compensation package and increased his base salary to \$375,000.

Annual Incentive Compensation

Executive officers are eligible for incentive compensation annually under our non-shareholder-approved bonus plan. Within this plan, the Compensation Committee establishes annual incentive compensation that is based upon target awards expressed as a percentage of each executive's base salary. Payments under the bonus plan are determined based upon our performance against pre-established financial targets.

Under the bonus plan approved in both 2007 and 2008, cash bonuses are paid to executive officers based upon our achievement of certain revenue and financial targets. The performance of executive officers is measured against established revenue and financial targets, in accordance with the operating plan for each respective fiscal year that was approved by the Board of Directors. Mr. Lubischer's bonus targets are based upon revenue targets to a larger extent than the other executive officers. Under the bonus plan approved in the first fiscal quarter of 2007 executives were eligible for quarterly bonuses and an annual bonus, each of which was payable upon our achievement of certain quarterly and annual revenue and financial targets. As a result, a bonus was paid following the first quarter of 2007. After the hiring of Mr. Kuyper in June 2007, the Compensation Committee, at the request of Mr. Kuyper, changed the 2007 bonus plan so that it would be solely based upon the achievement of annual revenue and financial targets. Once again, Mr. Lubischer's bonus targets were based upon revenue targets to a larger extent than the other executive officers. The annual bonus payments paid under the 2007 bonus plan were paid following the public release of our 2007 results, which occurred in February 2008 as a result of us achieving certain revenue and adjusted EBITDA targets. This practice continued in 2008 as the 2008 bonus plan does not provide for quarterly bonus payments. We anticipate paying any bonus payments related to the 2008 bonus plan following the public release of our 2008 annual results, which will occur in the first quarter of 2009.

Extraordinary Bonuses

In addition to the bonus plan described above, the Compensation Committee may agree to grant a bonus to specific employees, including the executive officers, in recognition of extraordinary service to us. The Compensation Committee grants such extraordinary bonuses as it deems appropriate to retain high quality executives to serve as our employees.

In 2007, the Compensation Committee approved paying Mr. Kuyper 50% of his annual target bonus for his performance during 2007. This bonus was in lieu of Mr. Kuyper receiving the bonus that was payable to him pursuant to our 2007 bonus plan. This bonus was payable to Mr. Kuyper for his demonstrated leadership during the past fiscal year, and in recognition of the extraordinary amount of additional work required in connection with the position of President and CEO in 2007.

In the second quarter of 2007, Stephen Lubischer was also paid a one-time bonus of \$19,250 in connection with him assuming the role of Vice President, Sales in the fourth quarter of 2006.

Equity Compensation Awards

Equity compensation has traditionally been an important element of our executive compensation program, aligning the interests of our executives with those of our stockholders. Because the value of the equity awards will increase only when we perform and increase stockholder value, the grant of such equity awards provides long-term incentives to the recipients thereof, including our executive officers. These awards not only serve to align the executives' interests with those of the stockholders over an extended period of time, but because they

Table of Contents

also generally are subject to vesting in connection with continued service to us over a specified period of time, these awards serve as an additional retention mechanism. The Compensation Committee believes that both of these elements are important factors in executive compensation.

New Hire Grants

Generally, we grant equity awards to our new employees, including our executive officers, in connection with the start of their employment. At the time of the hiring of any executive officer, equity compensation generally is negotiated between such officer and us. Generally, such negotiations are conducted by our President and CEO on our behalf. The Compensation Committee approves such negotiated equity compensation for newly hired executive officers. Such compensation was determined based upon available information concerning the competitive packages offered to executives in similar jobs at companies with which we are competitive for personnel, but were not established based upon any formal survey or other comparative data. In addition, the President and CEO often adjusts such initial equity compensation grants as deemed appropriate to attract or retain specific candidates based on their experience, knowledge, skills and education and our needs. Other than with respect to the restricted stock granted to Mr. Kuyper, which vests quarterly over the course of four years, annual equity grants made to executive officers vest annually over either four or five years following the date of grant in equal installments on the anniversary of the date of grant, subject to the officer's continued employment with us. In 2007 and 2008, the following new hire equity grants were made following the promotion or hiring of an executive officer: 690,000 shares of restricted common stock to Mr. Kuyper, incentive stock options to purchase 7,160 shares to Mr. Lubischer, 30,000 shares of restricted common stock to Mr. Stott, incentive stock options to purchase 75,000 shares to Mr. Timm, incentive stock options to purchase 75,000 shares to Mr. Asai, and incentive stock options to purchase 150,000 shares to Mr. Wulff.

Annual Equity Grants

Starting in 2007, we granted each executive officer an additional stock option grant on an annual basis, with the goal of providing continued incentives to retain strong executives and improve corporate performance. In July 2007, the President and CEO made a recommendation to our Compensation Committee regarding whether any equity incentive grant was appropriate for an executive officer and the amount of such grant. The Compensation Committee approves such annual incentive equity grant for executive officers. In reaching their decision the President and CEO and the Compensation Committee considered each individual's experience, the scope of such individual's responsibilities, his or her performance in the applicable role, and his or her expected future contribution to our goals and stockholder value, in deciding to make grants for fiscal 2007. In July 2007, each of Messrs. Yasbek, Lubischer and Garner received incentive stock options to purchase 20,000 shares of our common stock as part of an incentive stock option grant that was made to all key employees. In June 2008, the Compensation Committee granted Mr. Kuyper 150,000 incentive stock options to purchase our common stock. The amount of the grant was determined after consultation with a compensation consultant so as to ensure that the grants were comparable to similarly-situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives.

Merit based annual equity grants made to executive officers generally vest annually over the four years following the date of grant in equal installments on the anniversary of the date of grant, subject to the officer's continued employment with us.

Other Compensation

We maintain broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, dental insurance, an employee stock purchase plan, and a 401(k) plan. We make matching contributions to all employees, including our executive officers with respect our 401(k) plan. We also provide our President and CEO and all sales employees, including Mr. Lubischer, with a monthly automobile allowance. In particular circumstances, we also utilize cash signing bonuses when certain executives

Table of Contents

and senior non-executives join us. Such cash signing bonuses are typically repayable in full to us if the recipient voluntarily terminates employment with us prior to the first anniversary of the date of hire. Whether a signing bonus is paid and the amount thereof is determined on a case-by-case basis under the specific hiring circumstances. For example, we have paid and will consider paying cash bonuses to compensate for amounts forfeited by an executive upon terminating prior employment. In addition, we may assist with certain expenses associated with an executive joining and maintaining their employment with us. For example, in 2007, we reimbursed our President and CEO for certain housing costs and/or expenses for relocation and in 2008 we agreed to reimburse our Vice President, Research and Development for similar expenses. We have also provided reimbursement compensation for the taxes associated with these benefits. We believe these forms of compensation create additional incentives for an executive to join us in a position where there is high market demand. These forms of compensation are typically structured to not exceed certain monetary amounts and/or time period.

In the event that Mr. Kuyper's employment is terminated due to either his death or disability, we are required to pay Mr. Kuyper (or his estate, as the case may be) an amount equal to Mr. Kuyper's target bonus for the fiscal year in which such termination occurred (with such amount pro-rated based on the date of termination). Our Compensation Committee agreed to these severance packages as part of the negotiations with each of these executive officers to secure his services. Our Compensation Committee approved the severance packages based on their experience serving on boards of directors and compensation committees of companies of a similar size and stage of development to us and their familiarity with severance packages offered to executive officers of such companies. Based on this knowledge, experience and information, we believe that the respective severance periods and provision of medical and similar benefit programs during such severance periods are both reasonable and generally in line with severance packages negotiated with executive officers of similarly situated companies.

Pursuant to our restricted stock agreements and stock option agreements with our executive officers, in the event of a change in control, as defined in our 2005 Stock Plan, the vesting of outstanding restricted stock grants and stock option awards held by these executive officers will accelerate in connection with a change in control, without regard to whether the Named Executive Officer terminates employment in connection with or following the change in control.

Generally, a change in control shall occur on the date that: (i) any one person, entity or group acquires ownership of capital stock of us, together with our capital stock already held by such person, entity or group, constitutes more than 50% of the total fair market value or total voting power of our capital stock; provided, however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a change of control; (ii) a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

REPORT OF AUDIT COMMITTEE FOR THE YEAR ENDED DECEMBER 31, 2007

The Audit Committee of the Board, which consists entirely of directors who meet the independence and experience requirements of the rules promulgated by the Securities and Exchange Commission and the Nasdaq Stock Market has furnished the following report:

The Audit Committee assists the Board in overseeing and monitoring the integrity of our financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee's role and responsibilities are set forth in its charter adopted by the Board, which is available on our website at www.alphatecspine.com. This committee reviews and reassesses its charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Ernst & Young, LLP. In fulfilling its responsibilities for the financial statements for fiscal year ended December 31, 2007, the Audit Committee took the following actions:

Reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2007 with management and Ernst & Young, LLP, our independent auditors;

Discussed with Ernst & Young, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, relating to the conduct of the audit; and

Received written disclosures and the letter from Ernst & Young, LLP regarding its independence as required by Independence Standards Board Standard No. 1, as adopted by the Public Company Accounting Oversight Board in Rule 3600T. The Audit Committee further discussed with Ernst & Young, LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Ernst & Young, LLP, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis, except that four initial reports of ownership, were filed late by each of Messrs. Kuyper, Stott, Ravitch and Glynn and 11 reports in the aggregate were filed late by each of the following: Messrs. Kuyper, Glynn, Ravitch, Garner, Berkowitz and Foster.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Financial Advisory Service, Rental and Other Payments and Agreements

Our Board has agreed to reimburse Foster Management Company, which is owned by Mr. Foster, \$4,000 per flight hour for the use of its aircraft when Mr. Foster or Mr. Berkowitz travels for our business purposes. Based upon a competitive analysis of comparable leased aircraft, our Board determined that this hourly reimbursement rate is at or below market rates for the charter of similar aircrafts. We reimbursed Foster Management Company approximately \$0.4 million for travel in 2007.

In connection with our September 2007 public offering of 10,000,000 shares of common stock we sold 2,750,000 shares of common stock to HealthpointCapital Partners II, LP, an affiliate of HealthpointCapital Partners, LP, our largest stockholder, at a price \$3.45 per share, for total gross proceeds to us of \$9.5 million.

In August 2005, Alphatec Spine entered into a stock purchase agreement with Roy Yoshimi, Alphatec Pacific's Chairman, President and Chief Executive Officer from 2005 until October 2007, pursuant to which Alphatec Spine had an obligation to repurchase the shares of Alphatec Pacific owned by Mr. Yoshimi upon certain conditions, or upon the election of Mr. Yoshimi at any time following the first anniversary of our initial public offering. Mr. Yoshimi exercised this right on June 2, 2007 and our Board of Directors elected to pay the purchase price of \$2.9 million for such Alphatec Pacific shares in the form of 804,874 shares of our common stock in accordance with the stock purchase agreement governing such transaction.

In 2005, we and Alphatec Spine entered into an agreement with Dr. Stephen H. Hochschuler, who become one of our directors in October 2006, pursuant to which Dr. Hochschuler agreed to serve as the Chairman of our Scientific Advisory Board. Pursuant to the agreement we pay Dr. Hochschuler for attending Scientific Advisory Board meetings and he received equity compensation in connection with the agreement. In October 2006, we and Alphatec Spine entered into a Consulting Agreement with Dr. Hochschuler. Pursuant to the terms of the agreement, we agreed to appoint Dr. Hochschuler to our and Alphatec Spine's Board of Directors until the next annual meeting of each of its stockholders or until his successor is duly appointed and qualified. Pursuant to the agreement, Dr. Hochschuler is required to provide advisory services to us related to the spinal implant industry and our research and development strategies. The agreement has a three-year term. In return for such advisory services, we are obligated to pay Dr. Hochschuler cash and equity compensation. In 2007, we paid an aggregate of \$281,250 to Dr. Hochschuler pursuant to these agreements.

Related Party Transaction Policies

Our officers, directors and affiliates will be required to obtain Audit Committee approval for any proposed related party transactions. In addition, our code of conduct requires that each director, officer and employee must do everything he or she reasonably can to avoid conflicts of interest or the appearance of conflicts of interest. The code of conduct states that a conflict of interest exists when an individual's private interest interferes in any way with our interests and sets forth a list of broad categories of the types of transactions that must be reported to our compliance officer. Under the code of conduct, we reserve the right to determine when an actual or potential conflict of interest exists and then to take any action we deem appropriate to prevent the conflict of interest from occurring.

Foster, R. Ian Molson, Stephen E. O Neil, Stephen H. Hochschuler, M.D., James R. Glynn, Richard Ravitch, Rohit M. Desai and Dirk Kuyper. ADOPTION OF 2007 EMPLOYEE STOCK PURCHASE PLAN

(Notice Item 2)

On September 12, 2007 our board of directors adopted, subject to approval of our stockholders, the Alphatec Holdings, Inc. 2007 Employee Stock Purchase Plan, or the Stock Purchase Plan. The Stock Purchase Plan provides eligible employees with an opportunity to purchase shares of our common stock through regular payroll deductions.

The following description is qualified in its entirety by reference to the text of the Stock Purchase Plan which is attached to this proxy statement as Appendix B.

Purpose

The purpose of the Stock Purchase Plan is to enable employees to acquire or increase their ownership interests in our company on a basis that will encourage them to perform at increasing levels of effectiveness and to use their best efforts to promote the growth and profitability of our company.

Administration, Eligibility and Awards Under the Plan

The Stock Purchase Plan is currently administered by the Compensation Committee of our board of directors. The Compensation Committee has full discretionary authority to interpret the Stock Purchase Plan, to issue rules for administering the Stock Purchase Plan, to change, alter, amend or rescind such rules, and to make all other determinations necessary or appropriate for the administration of the Stock Purchase Plan.

Our employees (including officers) that have worked for us for at least six months prior to the beginning of an offering period are eligible to participate in the Stock Purchase Plan. Eligibility ceases upon termination of employment. Currently, approximately 220 employees are eligible to participate in the Stock Purchase Plan.

Shares Subject to the Plan

The maximum number of shares of our common stock which may be purchased by eligible employees under the Stock Purchase Plan is 350,000 (subject to adjustment by the Compensation Committee). Shares purchased by participating employees will be issued and authorized. To date 13,706 shares have been issued pursuant to the Stock Purchase Plan. In the event that the Stock Purchase Plan is not approved by the shareholders, such shares will be forfeited to us and we will repay the purchasers their respective purchase price. Starting with the purchase period that began in May 2008, all shares purchased to the Stock Purchase Plan are subject to a one-year lockup during which time the shares cannot be sold or transferred. The resale of the shares issued pursuant to the Stock Purchase Plan was registered under the Securities Act on a registration statement on Form S-8 filed with the SEC on November 7, 2007.

Method and Price of Purchase

Each eligible employee may elect to have a specified amount, not to be more than 20% of base salary or wages, deducted from each regular paycheck, but no eligible employee may purchase shares with an aggregate fair market value at the time of purchase in excess of \$25,000 in any calendar year. The aggregate amounts deducted during any Offering Period (each Offering Period being a six-month period that begins on each of May 16th and November 16th in a given year) will be used to purchase shares on the last business day of such Offering Period or as soon thereafter as practicable (the Purchase Date). Eligible employees cannot purchase more than 2,750 shares in any one Offering Period. The Purchase Price for each share purchased will be the closing price of the common stock on the Purchase Date, less 15% of such price. Eligible employees are not entitled to purchase more than 2,750 shares of common stock in any one Offering Period.

Amendment and Termination

Unless earlier terminated, the Stock Purchase Plan will continue in effect until November 7, 2017. The Compensation committee may amend the Stock Purchase Plan in any respect except that, without the approval of

Table of Contents

our stockholders, no amendment may (a) change the aggregate number of shares that may be sold pursuant to rights under the Stock Purchase Plan (other than as allowable pursuant to the Plan); (b) change the corporations or classes of corporations whose employees may be granted rights under the Stock Purchase Plan; or (c) change the Stock Purchase Plan in any manner that would cause the Stock Purchase Plan to no longer be an employee stock purchase plan within the meaning of the Internal Revenue Code.

Other Information

Because participation in the Stock Purchase Plan is entirely within the discretion of the eligible employees, a new plan benefits table, as described in the federal proxy rules, is not provided. Because the Company cannot predict the participation levels by employees, the rate of employee contributions or the eventual purchase price under the Stock Purchase Plan, it is not possible to determine the value of benefits that may be obtained by executive officers and other employees under the Stock Purchase Plan.

The board of directors recommends a vote FOR the approval of the adoption of the Alphatec Holdings, Inc. 2007 Employee Stock Purchase Plan, and proxies solicited by the board of directors will be voted in favor of such approval unless a stockholder indicates otherwise on the proxy.

Table of Contents**INDEPENDENT PUBLIC ACCOUNTANTS****(Notice Item 3)**

The Audit Committee has appointed Ernst & Young, LLP, independent public accountants, to audit our financial statements for the fiscal year ending December 31, 2008. The Board of Directors proposes that the stockholders ratify this appointment. Ernst & Young, LLP audited our financial statements for the fiscal year ended December 31, 2007. We expect that representatives of Ernst & Young, LLP will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by Ernst & Young, LLP for the audit of the Company's annual financial statements for the years ended December 31, 2007, and December 31, 2006, and fees billed for other services rendered by Ernst & Young, LLP during those periods.

	Fiscal Year 2007	Fiscal Year 2006
Audit fees(1)	\$ 958,947	\$ 1,334,982
Audit related fees(2)	41,032	203,838
Tax fees		8,100
Total	\$ 999,979	\$ 1,546,920

(1) Audit Fees represent professional services provided in connection with the audit of our financial statements, review of our quarterly financial statements, and audit services in connection with other regulatory filings. These fees include \$88,409 in connection with our secondary offering completed in September 2007 and \$844,225 incurred in 2006 in connection with our public offering completed in June 2006.

(2) Audit Related Fees consist of fee billed in the indicated year for assurance and related services that are reasonably related to the performance of the audit or review of financial statements, but not listed as Audit Fees.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Consistent with Securities and Exchange Commission's policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

Table of Contents

4. **Other Fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent auditor.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of Ernst & Young, LLP as our independent public accountants, the Audit Committee will reconsider its appointment.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the Annual Meeting is required to ratify the appointment of the independent public accountants.

The board of directors recommends a vote to ratify the appointment of Ernst & Young, LLP as independent public accountants, and proxies solicited by the board of directors will be voted in favor of such ratification unless a stockholder indicates otherwise on the proxy.

The terms and conditions applicable to each Offering Period shall be set forth in an **Offering Document** adopted by the Administrator, which Offering Document shall be in such form and shall contain such terms and conditions as the Administrator shall deem appropriate and shall be incorporated by reference into and made part of the Plan and shall be attached hereto as part of the Plan. ARTICLE VI

PARTICIPATION

6.1 Eligibility. Any Eligible Employee who shall be employed on a full-time basis (at least 20 hours per week) by the Company or a Designated Subsidiary for 180 consecutive days on the day prior to the applicable Enrollment Date for an Offering Period shall be eligible to participate in the Plan during such Offering Period, subject to the requirements of this Article 6 and the limitations imposed by Section 423(b) of the Code.

6.2 Enrollment in Plan. Except as otherwise set forth in an Offering Document, an Eligible Employee may become a Participant in the Plan for an Offering Period by delivering a participation agreement to the Company prior to the Enrollment Date for such Offering Period (or such other date specified in the Offering Document), in such form as the Administrator provides. Each such agreement shall designate a whole percentage of such Eligible Employee's Compensation to be withheld by the Company or the Designated Subsidiary employing such Eligible Employee on each payday during the Offering Period as payroll deductions under the Plan. An Eligible Employee may designate any whole percentage of Compensation which is not less than 1% and not more than the maximum percentage specified by the Administrator in the applicable Offering Document (which percentage shall be 20% in the absence of any such designation) as payroll deductions. The payroll deductions made for each Participant shall be credited to an account for such Participant under the Plan and shall be deposited with the general funds of the Company. A Participant may change the percentage of Compensation designated in his or her participation agreement, subject to the limits of this Section 6.2, or may suspend his or her payroll deductions, or may resume payroll deductions pursuant to a new participation agreement, at any time during an Offering Period; *provided, however*, that the Administrator may limit the number of changes a Participant may make to his or her payroll deduction elections during each Offering Period in the applicable Offering Document. Any such change, suspension or resumption of payroll deductions shall be effective with the first full payroll period following five business days after the Company's receipt of the new participation agreement (or such shorter or longer period as may be specified by the Administrator in the applicable Offering Document). In the event a Participant suspends his or her payroll deductions, such Participant's cumulative payroll deductions prior to the suspension shall remain in his or her account and shall not be paid to such Participant unless he or she withdraws from participation in the Plan pursuant to Article 8. Except as otherwise set forth in an Offering Document, a Participant may participate in the Plan only by means of payroll deduction and may not make contributions by lump sum payment for any Offering Period.

6.3 Payroll Deductions. Except as otherwise provided in the applicable Offering Document, payroll deductions for a Participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the Participant as provided in Article 8.

6.4 Effect of Enrollment. A Participant's completion of a participation agreement will enroll such Participant in the Plan for each subsequent Offering Period on the terms contained therein until the Participant either submits a new participation agreement, withdraws from participation under the Plan as provided in Article 8 or otherwise becomes ineligible to participate in the Plan.

6.5 Limitation on Purchase of Stock. An Eligible Employee may be granted rights under the Plan only if such rights, together with any other rights granted to such Eligible Employee under employee stock purchase plans of the Company, any Parent or any Subsidiary, as specified by Section 423(b)(8) of the Code, do not permit such employee's rights to purchase stock of the Company or any Parent or Subsidiary to accrue at a rate which exceeds \$25,000 of fair market value of such stock (determined as of the first day of the Offering Period during which such rights are granted) for each calendar year in which such rights are outstanding at any time. This limitation shall be applied in accordance with Section 423(b)(8) of the Code.

6.6 Decrease of Payroll Deductions. Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 6.5, a Participant's payroll deductions may be suspended by the Administrator at any time during an Offering Period.

ARTICLE VII

GRANT AND EXERCISE OF RIGHTS

7.1 Grant of Rights. On the Enrollment Date of each Offering Period, each Eligible Employee participating in such Offering Period shall be granted a right to purchase the maximum number of shares of Stock specified under Section 5.2(iv) and shall have the right to buy, on each Purchase Date during such Offering Period (at the applicable Purchase Price), such number of shares of the Company's Stock as is determined by dividing (a) such Participant's payroll deductions accumulated prior to such Purchase Date and retained in the Participant's account as of the Purchase Date, by (b) the applicable Purchase Price. The right shall expire on the last day of the Offering Period.

7.2 Exercise of Rights. On each Purchase Date, each Participant's accumulated payroll deductions and any other additional payments specifically provided for in the applicable Offering Document will be applied to the purchase of whole shares of Stock of the Company, up to the maximum number of shares permitted pursuant to the terms of the Plan and the applicable Offering Document, at the Purchase Price. No fractional shares shall be issued upon the exercise of rights granted under the Plan, unless the Offering Document specifically provides otherwise. The amount, if any, of accumulated payroll deductions remaining in each Participant's account after the purchase of shares on each Purchase Date shall be distributed in full to the Participant after such Purchase Date.

7.3 Pro Rata Allocation of Shares. If the Administrator determines that, on a given Purchase Date, the number of shares of Stock with respect to which rights are to be exercised may exceed (i) the number of shares of Stock that were available for issuance under the Plan on the Enrollment Date of the applicable Offering Period, or (ii) the number of shares of Stock available for issuance under the Plan on such Purchase Date, the Administrator may in its sole discretion provide that the Company shall make a pro rata allocation of the shares of Stock available for purchase on such Enrollment Date or Purchase Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all Participants for whom rights to purchase Stock are to be exercised pursuant to this Article 7 on such Purchase Date, and shall either (x) continue all Offering Periods then in effect, or (y) terminate any or all Offering Periods then in effect pursuant to Article 10. The Company may make pro rata allocation of the shares available on the Enrollment Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares for issuance under the Plan by the Company's stockholders subsequent to such Enrollment Date. The balance of the amount credited to the account of each Participant which has not been applied to the purchase of shares of stock shall be paid to such Participant in one lump sum in cash as soon as reasonably practicable after the Purchase Date.

7.4 Withholding. At the time a Participant's rights under the Plan are exercised, in whole or in part, or at the time some or all of the Stock issued under the Plan is disposed of, the Participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the right or the disposition of the Stock. At any time, the Company may, but shall not be obligated to, withhold from the Participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Stock by the Participant.

7.5 Conditions to Issuance of Stock. The Company shall not be required to issue or deliver any certificate or certificates for shares of Stock purchased upon the exercise of rights under the Plan prior to fulfillment of all of the following conditions:

- (a) The admission of such shares to listing on all stock exchanges, if any, on which the Stock is then listed; and
- (b) The completion of any registration or other qualification of such shares under any state or federal law or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body, which the Administrator shall, in its absolute discretion, deem necessary or advisable; and

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable; and

(d) The payment to the Company of all amounts which it is required to withhold under federal, state or local law upon exercise of the rights, if any; and

(e) The lapse of such reasonable period of time following the exercise of the rights as the Administrator may from time to time establish for reasons of administrative convenience.

7.6 Escrow. Until such time as the Company shall have received shareholder approval of the Plan in order to comply with Section 423 of the Code, any shares of Stock that have been purchased pursuant to the Plan shall be held in escrow by the Company. Promptly following stockholder approval, the Company shall release from escrow and deliver to each Participant all shares of Stock held in escrow pursuant to this Section 7.6. Any securities distributed in respect of the shares of Stock held in escrow, including, without limitation, shares issued as a result of stock splits, stock dividends or other recapitalizations, shall also be held in escrow in the same manner. If shareholder approval has not been obtained on or before September 11, 2008, the Company shall rescind all purchases of Stock pursuant to this Plan by cancelling such stock certificates and delivering to each Participant the purchase price paid for such shares.

ARTICLE VIII

WITHDRAWAL; TERMINATION OF EMPLOYMENT OR ELIGIBILITY

8.1 Withdrawal. A Participant may withdraw all but not less than all of the payroll deductions credited to his or her account and not yet used to exercise his or her rights under the Plan at any time by giving written notice to the Company in a form acceptable to the Administrator. All of the Participant's payroll deductions credited to his or her account during the Offering Period shall be paid to such Participant as soon as reasonably practicable after receipt of notice of withdrawal and such Participant's rights for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a Participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the next Offering Period unless the Participant delivers to the Company a new participation agreement.

8.2 Future Participation. A Participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or a Designated Subsidiary or in subsequent Offering Periods which commence after the termination of the Offering Period from which the Participant withdraws.

8.3 Cessation of Eligibility. Upon a Participant's ceasing to be an Eligible Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan pursuant to this Article 8 and the payroll deductions credited to such Participant's account during the Offering Period shall be paid to such Participant or, in the case of his or her death, to the person or persons entitled thereto under 12.4, as soon as reasonably practicable and such Participant's rights for the Offering Period shall be automatically terminated.

ARTICLE IX

ADJUSTMENTS UPON CHANGES IN STOCK

9.1 Changes in Capitalization. Subject to Section 9.3, in the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off, recapitalization, distribution of Company assets to stockholders (other than normal cash dividends), or any other corporate event affecting the Stock or the share price of the Stock, the Administrator shall make such proportionate adjustments, if any, as the Administrator deems appropriate to reflect such change with respect to (i) the aggregate number and type of shares of Stock (or other

securities or property) that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 4.1 and the limitations established in each Offering Document pursuant to Section 5.2 on the maximum number of shares of Stock that may be purchased); (ii) the class(es) and number of shares and price per share of Stock subject to outstanding rights; and (iii) the Purchase Price with respect to any outstanding rights.

9.2 Other Adjustments. Subject to Section 9.3, in the event of any transaction or event described in Section 9.1 or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations or accounting principles, and whenever the Administrator determines that such action is appropriate in order to prevent the dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any right under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles, the Administrator, in its sole discretion and on such terms and conditions as it deems appropriate, is hereby authorized to take any one or more of the following actions:

- (a) To provide for either (i) termination of any outstanding right in exchange for an amount of cash, if any, equal to the amount that would have been obtained upon the exercise of such right had such right been currently exercisable or (ii) the replacement of such outstanding right with other rights or property selected by the Administrator in its sole discretion;
- (b) To provide that the outstanding rights under the Plan be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar rights covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; and
- (c) To make adjustments in the number and type of shares of Stock (or other securities or property) subject to outstanding rights under the Plan and/or in the terms and conditions of outstanding rights and rights which may be granted in the future;
- (d) To provide that Participants' accumulated payroll deductions may be used to purchase Stock prior to the next occurring Purchase Date on such date as the Administrator determines in its sole discretion and the Participants' rights under the ongoing Offering Period(s) terminated; and
- (e) To provide that all outstanding rights shall terminate without being exercised.

9.3 No Adjustment Under Certain Circumstances. No adjustment or action described in this Article 9 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to fail to satisfy the requirements of Section 423 of the Code.

9.4 No Other Rights. Except as expressly provided in the Plan, no Participant shall have any rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividend, any increase or decrease in the number of shares of stock of any class or any dissolution, liquidation, merger, or consolidation of the Company or any other corporation. Except as expressly provided in the Plan or pursuant to action of the Administrator under the Plan, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to an Award or the grant or exercise price of any Award.

ARTICLE X

AMENDMENT, MODIFICATION AND TERMINATION

10.1 Amendment, Modification and Termination. The Administrator may amend, suspend or terminate the Plan at any time and from time to time; *provided, however*, that approval by a vote of the holders of the outstanding shares of the Company's capital stock entitled to vote shall be required to amend the Plan to: (a) change the aggregate number of shares that may be sold pursuant to rights under the Plan under Section 4.1 (other than any adjustment as provided by Article 9); (b) change the corporations or classes of corporations

whose employees may be granted rights under the Plan; or (c) change the Plan in any manner that would cause the Plan to no longer be an employee stock purchase plan within the meaning of Section 423(b) of the Code.

10.2 *Rights Previously Granted.* Except as provided in Article 9 or this Article 10, no termination, amendment or modification may make any change in any right theretofore granted which adversely affects the rights of any Participant without the consent of such Participant, *provided* that an Offering Period may be terminated, amended or modified by the Administrator if the Administrator determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders.

10.3 *Certain Changes to Plan.* Without stockholder consent and without regard to whether any Participant rights may be considered to have been adversely affected, to the extent permitted by Section 423 of the Code, the Administrator shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Stock for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.

ARTICLE XI

TERM OF PLAN

The Plan shall be effective on November 7, 2007 (the ***Effective Date***). The Plan shall be in effect until the tenth anniversary of the Effective Date, unless sooner terminated under Article 10. No rights may be granted under the Plan during any period of suspension of the Plan or after termination of the Plan.

ARTICLE XII

MISCELLANEOUS

12.1 *Restriction upon Assignment.* A right granted under the Plan shall not be transferable other than by will or the laws of descent and distribution, and is exercisable during the Participant's lifetime only by the Participant. Except as provided in Section 12.4 hereof, a right under the Plan may not be exercised to any extent except by the Participant. The Company shall not recognize and shall be under no duty to recognize any assignment or alienation of the Participant's interest in the Plan, the Participant's rights under the Plan or any rights thereunder.

12.2 *Rights as a Stockholder.* With respect to shares of Stock subject to a right granted under the Plan, a Participant shall not be deemed to be a stockholder of the Company, and the Participant shall not have any of the rights or privileges of a stockholder, until such shares have been issued to the Participant or his or her nominee following exercise of the Participant's rights under the Plan. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash securities, or other property) or distribution or other rights for which the record date occurs prior to the date of such issuance, except as otherwise expressly provided herein.

12.3 *Interest.* No interest shall accrue on the payroll deductions or lump sum contributions of a Participant under the Plan.

the event of such Participant's death subsequent to a Purchase Date on which the Participant's rights are exercised but prior to delivery to such Participant of such shares and cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death prior to exercise of the Participant's rights under the Plan. If the Participant is married and resides in a community property state, a designation of a person other than the Participant's spouse as his or her beneficiary shall not be effective without the prior written consent of the Participant's spouse.

(b) Such designation of beneficiary may be changed by the Participant at any time by written notice to the Company. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

12.5 Notices. All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

12.6 Equal Rights and Privileges. All Eligible Employees of the Company or any Designated Subsidiary will have equal rights and privileges under this Plan so that this Plan qualifies as an employee stock purchase plan within the meaning of Section 423 of the Code. Any provision of this Plan that is inconsistent with Section 423 of the Code will, without further act or amendment by the Company, the Board or the Administrator, be reformed to comply with the equal rights and privileges requirement of Section 423 of the Code.

12.7 Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

12.8 Reports. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

12.9 No Employment Rights. Nothing in the Plan shall be construed to give any person (including any Eligible Employee or Participant) the right to remain in the employ of the Company or any Parent or Subsidiary or to affect the right of the Company or any Parent or Subsidiary to terminate the employment of any person (including any Eligible Employee or Participant) at any time, with or without cause.

12.10 Notice of Disposition of Shares. Each Participant shall give prompt notice to the Company of any disposition or other transfer of any shares of stock purchased upon exercise of a right under the Plan if such disposition or transfer is made: (a) within two years from the Enrollment Date of the Offering Period in which the shares were purchased or (b) within one year after the Purchase Date on which such shares were purchased.
