Check the following box if the filing is a final amendment reporting the results of the tender offer:

On May 7, 2009, the stockholders of Advanced Micro Devices, Inc. (the Company) approved a one-time option exchange program (the Option Exchange Program) pursuant to which employees of the Company (excluding executive officers and directors) who hold certain options to purchase shares of the Company's common stock (such options, eligible options) will be given the opportunity to exchange such eligible options for replacement options. The attached written communication (the Exhibits) were disseminated by the Company on June 15, 2009 in connection with the proposed Option Exchange Program. None of the communications attached as exhibits to this Schedule TO constitute an offer to holders of the Company's outstanding stock options to exchange those options. Even though the requisite stockholder approval has been obtained, the Compensation Committee of the Board of Directors of the Company has the discretion to determine if and when to implement the Option Exchange Program.

The Option Exchange Program has not yet commenced. The Company will file a Tender Offer Statement on Schedule TO with the Securities and Exchange Commission, or SEC, upon the commencement of the Option Exchange Program. Persons who are eligible to participate in the Option Exchange Program should read the Tender Offer Statement on Schedule TO and other related materials when those materials become available because they will contain important information about the Option Exchange Program.

The Company's stockholders and option holders will be able to obtain the written materials described above and other documents filed by the Company with the SEC free of charge from the SEC's website at www.sec.gov. In addition, stockholders and option holders may obtain free copies of the documents filed by the Company with the SEC by directing a written request to: Advanced Micro Devices, Inc., One AMD Place, Sunnyvale, California 94088, Attention: Investor Relations.
