**Item 2.01 Completion of Acquisition or Disposition of Assets.**

On April 30, 2010, W&T Offshore, Inc. (the Company), through its wholly owned subsidiary W&T Energy VI, LLC, completed its previously announced acquisition from TOTAL E&P USA, INC. (Total) of all of Total's interests, including production platforms and facilities, in three federal offshore lease blocks located in the Gulf of Mexico for a purchase price of \$150 million, subject to customary closing adjustments, with an effective date of January 1, 2010. The properties acquired are producing interests with future development potential, and include a 100% working interest in Mississippi Canyon block 243 (Matterhorn) and a 64% working interest in Viosca Knoll blocks 822 and 823 (Virgo). The estimated proved oil and natural gas reserves on the effective date (determined using the unweighted average of first-day-of-the-month commodity prices over the preceding 12-month period) were 11.6 million barrels of oil equivalent, or 69.7 billion cubic feet of natural gas equivalent, determined using the ratio of six Mcf of natural gas to one Bbl of crude oil, condensate or natural gas liquids. The reserves acquired were estimated as 64% oil and 36% natural gas.

After adjusting the purchase price for, among other things, net revenue and operating expenses from the effective date to the closing date and a down payment of \$7.5 million, the cash paid at closing was \$117.5 million. This acquisition was funded from cash on hand.

A copy of the Purchase and Sale Agreement between the Company and Total regarding the acquisition, including a form of Guaranty Agreement by the Company as Exhibit K thereto, is attached hereto as Exhibit 2.1 and is incorporated herein by reference.
