Generally, the term prospectus refers to both parts combined.

You should read this prospectus supplement along with the accompanying prospectus and the documents incorporated by reference herein and therein. We intend to use the net proceeds of this offering, after deducting underwriting discounts and commissions and other offering expenses payable by us, to repay outstanding borrowings under our revolving credit facility, without a corresponding reduction in the commitment thereunder. We may reborrow the amount repaid at any time, subject to compliance with the credit agreement.

Trustee

The trustee under the Indenture is Wells Fargo Bank, National Association.

See Risk Factors before considering an investment in the notes.

Conflicts of interest

Affiliates of J.P. Morgan Securities Inc., Wells Fargo Securities, LLC, Banc of America Securities LLC and SunTrust Robinson Humphrey, Inc. are agents and/or lenders under our revolving credit facility. As described in Use of Proceeds, the net proceeds from this offering will be used to repay outstanding borrowings under our revolving credit facility, without a corresponding reduction in the commitment thereunder. As affiliates of J.P. Morgan Securities Inc., Wells Fargo Securities, LLC, Banc of America Securities LLC and SunTrust Robinson Humphrey, Inc. will receive more than 5% of the proceeds of this offering, not including underwriting compensation, J.P. Morgan Securities Inc., Wells Fargo Securities, LLC, Banc of America Securities LLC and SunTrust Robinson Humphrey, Inc. have a conflict of interest as defined in NASD Rule 2720 adopted by the Financial Industry Regulatory Authority. RISK FACTORS

You should carefully consider the risks described below together with the risk factors described in reports we file with the SEC and incorporated by reference into the accompanying prospectus, as well as all of the other information in, and incorporated by reference in, this prospectus supplement and the accompanying prospectus, including in our annual report on Form 10-K, before you decide to buy the notes. If any of the risks actually occur, our business, financial condition, results of operations, cash flows or prospects could suffer. In that event, we may be unable to meet our obligations under the notes and the guarantees and you may lose all or part of your investment.

The notes are not secured by any of our assets and secured creditors would have a prior claim on our assets

The notes are not secured by any of our assets. Furthermore, the terms of the Indenture governing the notes permit us to incur secured debt, subject to certain limits. If payment of our secured debt is accelerated, the lenders under our secured debt agreements will be entitled to exercise the remedies available to a secured lender under applicable law and pursuant to agreements governing that debt, and will have a prior claim on our assets securing the debt. In that event, because the notes are not secured by any of our assets, it is possible that there will be no assets remaining from which claims of the holders of notes can be satisfied or, if any assets remain, the remaining assets might be insufficient to satisfy those claims in full. As of August 18, 2010 we had no secured debt outstanding.

The notes do not restrict our ability to incur additional unsecured debt

The Indenture governing the notes does not restrict the amount of unsecured debt that we or our subsidiaries may incur. If we or our subsidiaries incur additional debt, it may be more difficult for us to satisfy our obligations with respect to the notes. Furthermore, the incurrence of additional debt may cause a decline in the trading price of the notes and the credit rating of the notes may be lowered or withdrawn.

Changes in our credit ratings or the debt markets could adversely affect the price of the notes

The price of the notes depends on many factors, including:

our credit ratings with major credit rating agencies;

the prevailing interest rates being paid by, or the market price for the notes issued by, other companies similar to us;

our financial condition, financial performance and future prospects; and

the overall condition of the financial markets.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the price of the notes.

In addition, credit rating agencies continually review their ratings for the companies that they follow, including us. The credit rating agencies also evaluate our industry as a whole and may change their credit rating for us based on their overall view of our industry. A negative change in our rating could have an adverse effect on the price of the notes.

Claims of noteholders will be structurally subordinated to claims of creditors of our non-guarantor subsidiaries

As of the issue date, the notes will not be guaranteed by any of our subsidiaries who do not guarantee our senior unsecured revolving credit facility. Claims of holders of the notes will be

Table of Contents

structurally subordinated to all of the liabilities of our subsidiaries that do not guarantee the notes. In the event of a bankruptcy, liquidation or dissolution of any of the non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment on their claims from assets of those subsidiaries before any assets are made available for distribution to us. As of June 30, 2010, our non-guarantor subsidiaries had \$7 million of liabilities (excluding inter-company liabilities). The Indenture governing the notes does not restrict the amount of unsecured debt or other obligations that any of our subsidiaries may incur.

The guarantees of the notes by the subsidiary guarantors may be released upon the occurrence of certain events

Any subsidiary of ours that provides, or will provide, guarantees of the notes will be released from such guarantees in the event that such subsidiary guarantor no longer guarantees our obligations under our senior unsecured revolving credit facility, or any replacement or refinancing thereof, or satisfaction and discharge of the notes has occurred pursuant to the Indenture. If any such subsidiary guarantee is released, no holder of the notes will have a claim as a creditor against any such subsidiary and the indebtedness and other liabilities of such subsidiary will be structurally senior to the claim of any holders of the notes. See Description of Notes and Guarantees Guarantees below.

We may not be able to finance a change of control offer required by the Indenture

Upon a change of control triggering event, as defined under the Indenture governing the notes, you will have the right to require us to offer to purchase all of the notes then outstanding at a price equal to 101% of the principal amount of the notes, plus accrued interest. In order to obtain sufficient funds to pay the purchase price of the outstanding notes, we expect that we would have to refinance the notes. We cannot assure you that we would be able to refinance the notes on reasonable terms, if at all. Our failure to offer to purchase all outstanding notes or to purchase all validly tendered notes would be an event of default under the Indenture. Such an event of default may cause the acceleration of our other debt. Our future debt also may contain restrictions on repayment requirements with respect to specified events or transactions that constitute a change of control under the Indenture.

Federal and state statutes allow courts, under specific circumstances, to void the guarantees of the notes by our subsidiaries and require the holders of the notes to return payments received from the subsidiary guarantors

Under the federal bankruptcy laws and comparable provisions of state fraudulent transfer laws, the subsidiary guarantees could be voided, or claims in respect of the subsidiary guarantees could be subordinated to all other debts of a subsidiary guarantor if, either, (i) the subsidiary guarantee was incurred with the intent to hinder, delay or defraud any present or future creditors of the subsidiary guarantor or (ii) the subsidiary guarantor, at the time it incurred the indebtedness evidenced by its subsidiary guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of such indebtedness and the subsidiary guarantor either:

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which such subsidiary guarantor's remaining assets constituted unreasonably small capital;
or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

If a subsidiary guarantee is voided, you will be unable to rely on the applicable subsidiary guarantor to satisfy your claim in the event that we fail to make one or more required payments due on

Table of Contents

the notes. In addition, any payment by such subsidiary guarantor pursuant to its subsidiary guarantee could be voided and required to be returned to such subsidiary guarantor, or to a fund for the benefit of creditors of such subsidiary guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a subsidiary guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

There can be no assurance, however, as to what standard a court would apply in making such determinations or that a court would agree with our or the subsidiary guarantors' conclusions in this regard.

While the guarantees provided by our subsidiaries will be limited by their terms to the maximum amount they can pay without the guarantee being deemed a fraudulent conveyance, a court could find these limitations on the maximum amount of a guarantee to be ineffective or unenforceable and still apply federal and state fraudulent conveyance statutes to the guarantees to void the obligations under the guarantee or subordinate the guarantee to all other obligations of the guarantor.

There is no established trading market for the notes and one may not develop

We have no plans to list the notes on a securities exchange. Additionally, there is currently no established trading market for the notes and an active market may not develop. As a result, the notes could trade at a price lower than their initial offering price and you may not be able to resell your notes for an extended period of time, if at all.

Table of Contents**USE OF PROCEEDS**

The net proceeds of this offering are expected to be \$247,232,500 after deducting the underwriting discounts and commissions and other offering expenses payable by us. We may reborrow the amount repaid at any time, subject to compliance with the credit agreement. Upon completion of this offering, the remaining undrawn borrowing capacity under our revolving credit facility will be approximately \$337 million. As of June 30, 2010, we had \$291.1 million of debt outstanding under our revolving credit facility at a weighted average effective interest rate of 0.8% per year at that date with a maturity date of June 16, 2011.

DESCRIPTION OF NOTES AND GUARANTEES

General

The following is a summary of the terms of the Indenture and the notes. The notes will be issued under an indenture (the "Original Indenture") to be entered into on or about August 25, 2010 between us and Wells Fargo Bank, National Association, as trustee (the "Trustee"), as amended by a first supplemental indenture, to be entered into on or about August 25, 2010, among us, the subsidiary guarantors and the Trustee (together with the Original Indenture, the "Indenture"). The Indenture will be subject to and governed by the Trust Indenture Act of 1939, as amended (the "TIA"). The terms of the notes include those stated in the Indenture and those made part of the Indenture by reference to the TIA. The following is a summary of the material terms and provisions of the notes. However, this summary does not purport to be a complete description of the notes and is subject to the detailed provisions of, and qualified in its entirety by reference to, the Indenture, a copy of which is available from us upon request. We urge you to read the Indenture carefully because it, and not the following description, will govern your rights as a holder of the notes. References to "notes" shall include the guarantees described herein. For purposes of this section of the prospectus supplement, references to "Choice", "we", "us", "our", and similar terms refer only to Choice Hotels International, Inc. and not to any of its subsidiaries.

Ranking

The notes will be unsecured senior obligations of ours and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The notes are guaranteed by the guarantors as described below under "Guarantees". The notes will be effectively subordinated to all indebtedness and other liabilities of our subsidiaries to the extent that such subsidiaries are not guarantors or are released from their guarantee obligations as described below under "Guarantees". Except as described in the accompanying prospectus under "Description of Debt Securities and Guarantees of Debt Securities - Covenants", the Indenture does not restrict the amount of secured or unsecured indebtedness that we or our subsidiaries may incur.

Maturity, Interest, Form and Denomination

The notes will mature on August 28, 2020. The notes will not be subject to any sinking fund provision.

The notes will bear interest at the rate of 5.70% per year. We will pay interest semiannually on and of each year, commencing February 28, 2011. Interest on the notes will accrue from the most recent date on which interest has been paid or, if no interest has been paid, from the date of issuance. Interest shall be computed on the basis of a 360-day year of twelve 30-day months.

If any interest payment date, any redemption date, the maturity date or any other date on which the principal of or premium, if any, or interest on a note becomes due and payable falls on a day that is not a business day, the required payment shall be made on the next business day as if it were made on the date the payment was due, and no interest shall accrue on the amount so payable for the period from and after the interest payment date, redemption date, maturity date or other date, as the case may be.

The notes will be issued only in registered form without coupons, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Notices or demands to or upon us with respect to the notes and the Indenture may be served and, in the event that notes are issued in

Table of Contents

definitive certificated form, notes may be surrendered for payment, registration of transfer or exchange, at the office or agency maintained by us for this purpose in the Borough of Manhattan, The City of New York, currently the office of the Trustee, located at 45 Broadway, 14th Floor, New York, New York 10006, Attention: Corporate Trust Services Administrator for Choice Hotels International, Inc. The notes will be issued in book-entry form, and beneficial holders will not receive certificates representing their ownership interests in the notes, except if the book entry system for the notes is discontinued.

Further Issuances

We may, from time to time, without the consent of the existing holders of the notes, issue additional notes (*Additional Notes*) under the Indenture having the same terms as the notes in all respects, except for the issue date, the issue price, and in some cases, the initial interest payment date, but only if the *Additional Notes* are fungible with the notes for U.S. federal income tax purposes. Any such *Additional Notes* will be consolidated with and form a single series with the notes offered hereby for all purposes of the Indenture.

Optional Redemption

Definitions

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

Comparable Treasury Price means, with respect to any redemption date and the notes to be redeemed (i) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations or (ii) if we obtain fewer than four Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations obtained.

Primary Treasury Dealer means an investment banking firm that is a primary government securities dealer in the United States.

Quotation Agent means one of the Reference Treasury Dealers selected by us.

Reference Treasury Dealer means (i) Goldman, Sachs & Co., J.P. Morgan Securities Inc. and Banc of America Securities LLC or their respective successors or Affiliates that are Primary Treasury Dealers; *provided, however*, that if any of the foregoing shall cease to be a Primary Treasury Dealer, we shall substitute another Primary Treasury Dealer and (ii) any other Primary Treasury Dealer selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the *Comparable Treasury Issue* (expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding the date that a notice of redemption is given.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the *Comparable Treasury Issue*, assuming a price for the *Comparable Treasury Issue* (expressed as a percentage of its principal amount) equal to the *Comparable Treasury Price* for such redemption date. The *Treasury Rate* will be calculated on the third business day preceding the date that a notice of redemption is given.

Table of Contents

Redemption

We may redeem the notes at our option, at any time in whole or from time to time in part in integral multiples of \$1,000 principal amount, at a redemption price equal to the greater of:

(1) 100% of the principal amount of the notes to be redeemed, and

(2) as calculated by the Quotation Agent, the sum of the present values of the remaining scheduled payments of principal and interest thereon on the notes being redeemed from the redemption date to the date of maturity (except for accrued but unpaid interest) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate, plus 45 basis points,

plus, in either case, accrued and unpaid interest on the notes to, but not including, the redemption date.

Notice of any redemption will be mailed by first class mail at least 30 days but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address.

In the case of a partial redemption, the Trustee will select notes for redemption as follows: if the notes are listed on any national securities exchange, in compliance with the requirements of the national securities exchange on which the Notes are listed, or if selection of the notes for redemption will be made on a pro rata basis, by lot or by such other method as the Trustee shall deem fair and appropriate.

If any note is to be redeemed in part only, the principal amount of the note that remains outstanding after the redemption in part shall be \$2,000 or a higher integral multiple of \$1,000. If any note is to be redeemed in part only, the notice of redemption that relates to the note will state the portion of the principal amount of the note to be redeemed. A new note in a principal amount equal to the unredeemed portion of the note will be issued in the name of the holder of the note upon cancellation of the original note.

Notes called for redemption become irrevocably due on the date fixed for redemption at the applicable redemption price, plus accrued and unpaid interest to the redemption date. Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the notes or portions thereof called for redemption.

In the event that a note is called for redemption and the redemption date is subsequent to a regular record date with respect to any interest payment date and prior to such interest payment date, interest on the note will be paid upon presentation and surrender of the note. If a note is redeemed on or after an interest record date but on or prior to the related interest payment date, then any accrued and unpaid interest shall be paid on the redemption date to the Person in whose name such note was registered at the close of business on such record date. Upon surrender of a note that is redeemed in part, we shall execute and, upon our written request, the Trustee shall authenticate for the holder (at our expense) a new note of the same series and stated maturity equal in principal amount to the unredeemed portion of the note surrendered.

Definitions

Change of Control means (i) any Person or two or more Persons acting in concert (other than, in either case, a Permitted Holder) shall have acquired beneficial ownership, directly or indirectly, of, or

Table of Contents

shall have acquired by contract or otherwise, our voting stock (or other securities convertible into such voting stock) representing 50% or more of the combined voting power of all of our voting stock, (ii) the direct or indirect sale, assignment, transfer, lease, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our and our Subsidiaries properties or assets, taken as a whole, to any person (individually and as that term is used in Section 13(d)(3) and Section 14(d)(2) of the Exchange Act), other than us or one of our Subsidiaries, or (iii) Continuing Directors shall cease for any reason to constitute a majority of the members of our board of directors then in office. Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

Continuing Directors means, during any period of up to 24 consecutive months commencing after the date hereof, individuals who at the beginning of such 24 month period were on our board of directors (together with any new director whose election by our board of directors or whose nomination for election by our stockholders was approved by a vote of (i) at least a majority of the directors then still in office who either were directors at the beginning of such period or whose election or nomination for election was previously so approved or (ii) Permitted Holders representing not less than 50% of the combined voting power of all of our voting stock).

Rating Agency means S&P and Moody's or if S&P or Moody's or both shall not make publicly available a rating of the notes or a rating of our corporate credit for Dollar-denominated senior unsecured long term debt generally, a nationally recognized statistical rating agency or agencies, as the case may be, selected by us which shall be substituted for S&P or Moody's or both, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.

Trigger Period, with respect to a Change of Control Triggering Event, means the period commencing 60 days prior to our first public announcement of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which will be extended following the consummation of a Change of Control for so long as any of the Rating Agencies has publicly announced that it is considering a possible ratings change).

Repurchase of Notes

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the notes, holders of notes will have the right to require us to repurchase all or any part (equal to an integral multiple of \$1,000) of their notes pursuant to the offer described below (the Change of Control Offer) on the terms set forth in the notes. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase (the Change of Control Payment). If any note is to be repurchased in part, the principal amount of the note that remains outstanding after the repurchase in part shall be \$2,000 or a higher integral multiple of \$1,000. Within 30 days following any Change of Control Triggering Event or at our option, prior to any Change of Control but after the public announcement of the pending Change of Control, we will send notice of such Change of Control Offer (the Change of Control Offer Notice) by first-class mail, with a copy to the Trustee, to each holder of notes with the following information:

that the Change of Control Offer is being made pursuant to the provisions of the Indenture and that all notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by us;

that a Change of Control Triggering Event has occurred and that such holder has the right to require the Company to repurchase all or a portion of such holder's notes at the Change of Control Payment;

the circumstances and relevant facts regarding such Change of Control Triggering Event;

the date, which will be no earlier than 30 days and no later than 60 days after the date the Change of Control Offer Notice is mailed, other than as may be required by law, by which we must purchase the notes (the Change of Control Payment Date);

that holders electing to have any notes purchased pursuant to a Change of Control Offer will be required to surrender the notes, with the form entitled Option of Holder to Elect Purchase attached to the notes completed, to the paying agent at the address specified in the notice prior to the close of business on the third business day preceding the Change of Control Payment Date;

that any note not tendered will continue to accrue interest;

that, unless we default in the payment of the Change of Control Payment, all notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest after the Change of Control Payment Date;

Table of Contents

the procedures for surrendering notes for payment, consistent with the Indenture;

the procedures by which a holder may withdraw such a tender after it is given; and

that holders whose notes are being purchased only in part will be issued new notes equal in principal amount to the unpurchased portion of the notes surrendered, which unpurchased portion must be equal to \$2,000 in principal amount or an integral multiple of \$1,000 in excess thereof.

We must comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the purchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the notes by virtue of such compliance.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

deliver or cause to be delivered to the Trustee the notes properly accepted and an Officers Certificate stating the aggregate principal amount of notes or portions of notes being purchased by us.

A Change of Control Offer may be made in advance of a Change of Control, conditional upon the Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer. The Change of Control Offer, if mailed prior to the date of consummation of the Change of Control, will state that the offer is conditioned on the Change of Control being consummated on or prior to the purchase date with respect to such Change of Control Offer.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements of the Indenture and purchases all notes properly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of us and our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase our notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of us and our subsidiaries taken as a whole to another person may be uncertain.

The obligations of a guarantor of the notes will be limited to the extent necessary to prevent the obligations from constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following are the material U.S. federal income tax consequences of the purchase, ownership and disposition of the notes. This discussion applies only to notes that are:

purchased by those initial holders who purchase notes in this offering for cash at the issue price, which will equal the first price to the public (not including bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the notes is sold for money; and

held as capital assets.

This discussion does not describe all of the tax consequences that may be relevant to a holder in light of the holder's particular circumstances or to holders subject to special rules, such as:

certain financial institutions;

insurance companies;

dealers in securities;

persons holding notes as part of a hedge, straddle, integrated transaction or similar transaction;

U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;

partnerships or other entities classified as partnerships for U.S. federal income tax purposes;

tax-exempt entities; or

persons subject to the alternative minimum tax.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds notes, the U.S. federal income tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partnerships holding notes and partners in such partnerships should consult their tax advisors as to the particular U.S. federal income tax consequences to them of holding and disposing of the notes.

This summary is based on the Internal Revenue Code of 1986, as amended (the Code), administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein, possibly with retroactive effect. Persons considering the purchase of notes are urged to consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any U.S. federal estate or gift tax laws, or any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction or under any applicable treaty.

Tax Consequences to U.S. Holders

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form 424B5

As used herein, the term "U.S. Holder" means a beneficial owner of a note that is, for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States or of any political subdivision thereof;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if a court within the United States can exercise primary supervision over its administration, and one or more United States persons have the authority to control all of the substantial decisions of that trust, or certain electing trusts that were in existence on August 20, 1996, and were treated as domestic trusts on the previous date.

The term U.S. Holder also includes certain former citizens and residents of the United States.

Payments of interest. Interest paid on a note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

We may be required, in certain circumstances, to redeem all or part of the notes. The possibility of such redemption may implicate the provisions of the U.S. Treasury Regulations relating to contingent payment debt instruments. If the notes were deemed to be contingent payment debt instruments, U.S. Holders would be required to accrue interest income based upon a comparable yield, regardless of the holder's method of accounting. Such yield may be higher than the stated coupon on the notes. In addition, any gain on the sale, exchange, retirement or other taxable disposition of the notes would be recharacterized as ordinary income. We do not believe that the notes should be treated as contingent payment debt instruments, and we do not intend to treat them as such. However, there is no assurance that the IRS will not take a contrary position. U.S. Holders of the notes should consult their tax advisors regarding the possible application of the contingent payment debt instrument rules to the notes. The remainder of this discussion assumes that the notes will not be treated as contingent payment debt instruments.

Sale, exchange, redemption or other disposition of the notes. Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. Holder will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or other taxable disposition and the U.S. Holder's tax basis in the note. The U.S. Holder's adjusted tax basis in the note will generally equal the amount the U.S. Holder paid for the note. The amount realized by the U.S. Holder will include the amount of any cash and the fair market value of any other property received for the note. For these purposes, the amount realized does not include any amount attributable to accrued interest. Amounts attributable to accrued interest are treated as interest as described under **Payments of interest** above.

Gain or loss realized on the sale, exchange or other taxable disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of the sale, exchange or other taxable disposition the note has been held by the U.S. Holder for more than one year. The deductibility of capital losses is subject to limitations under the Code.

Backup withholding and information reporting. In certain circumstances, information returns will be filed with the Internal Revenue Service (the IRS) in connection with amounts paid or accrued on or with respect to the notes and the proceeds from a sale or other disposition of the notes, and the amount of tax, if any, withheld from such payments. A U.S. Holder that is not an exempt recipient will be subject to U.S. backup withholding on these payments if (a) the U.S. Holder fails to provide its taxpayer identification number to the paying agent and fails to comply with certain certification procedures or otherwise establish an exemption from backup withholding, (b) the IRS or a broker has notified the paying agent that the U.S. Holder is subject to backup withholding as a result of the failure to properly report payments of interests or dividends or, (c) in certain circumstances, the U.S. Holder has failed to certify under penalty of perjury that it is not subject to backup withholding. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Table of Contents

Tax Consequences to Non-U.S. Holders

As used herein, the term **Non-U.S. Holder** means a beneficial owner of a note that is, for U.S. federal income tax purposes a nonresident alien individual, a foreign corporation, or a foreign estate or trust that is not a U.S. Holder.

Special rules may apply to certain Non-U.S. Holders (and owners of interests therein) such as controlled foreign corporations, passive foreign investment companies, and entities that are treated as partnerships for United States federal income tax purposes. Such holders are urged to consult their own tax advisors regarding the U.S. federal income tax consequences of the sale, exchange or other disposition of a note.

Interest. Payments of interest on the notes by us or any paying agent to any Non-U.S. Holder will generally not be subject to U.S. federal withholding tax under the portfolio interest exception, provided that,

the Non-U.S. Holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote;

the Non-U.S. Holder is not:

a controlled foreign corporation related, directly or indirectly, to us through stock ownership; or

a bank that received the note on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and

the Non-U.S. Holder certifies on Internal Revenue Service Form W-8BEN (or a suitable substitute), under penalties of perjury, that it is not a United States person.

Payments of interest to a Non-U.S. Holder that do not qualify for the portfolio interest exception and that are not effectively connected to a United States trade or business, as described below, will be subject to United States federal withholding tax at a rate of 30%, unless a United States income tax treaty applies to reduce or eliminate withholding.

Sale, exchange, redemption or other disposition of the notes. Generally, a Non-U.S. Holder of a note will not be subject to U.S. federal income tax on gain realized on the sale, exchange or other disposition of such note, unless (a) such holder is an individual present in the United States for 183 days or more in the taxable year of the sale, exchange, redemption or other disposition and certain other conditions are met, or (b) the gain is effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States, and if required by an applicable income tax treaty, attributable to a permanent establishment (or in the case of an individual, a fixed base) in the United States.

If the first exception applies, the Non-U.S. Holder generally will be subject to tax at a rate of 30% on the amount by which the United States-source capital gains exceed capital losses allocable to United States sources. If the second exception applies, generally the Non-U.S. Holder will be required to pay United States federal income tax on the net gain derived from the sale in the same manner as U.S. Holders, as described above. If a Non-U.S. Holder is eligible for the benefits of a tax treaty between the United States and its country of residence, any such gain will be subject to United States federal income tax in the manner specified by the treaty and generally will only be subject to such tax if such gain is attributable to a permanent establishment (or a fixed base in the case of an individual) maintained by the Non-U.S. Holder in the United States provided that the Non-U.S. Holder claims the benefit of the treaty by properly submitting an IRS Form W-8BEN (or suitable successor form). Additionally, Non-U.S. Holders that are treated for United States federal income tax purposes as corporations and that are engaged in a trade or business in the United States could be subject to a branch profits tax on such income at a 30% rate or a lower rate if so specified by an applicable income tax treaty.

Table of Contents

Backup withholding and information reporting. The relevant withholding agent will be required, in certain circumstances, to report to the IRS and to each Non-U.S. Holder amounts paid or accrued on or with respect to the notes, and the amount of tax, if any, withheld from such payments. Non-U.S. Holders who have provided the forms and certification mentioned above or who have otherwise established an exemption will generally not be subject to backup withholding tax if neither we nor our agent has actual knowledge or reason to know that any information in those forms and certification is unreliable or that the conditions of the exemption are in fact not satisfied.

Payments of the proceeds from the sale of a note to or through a foreign office of a broker will not be subject to information reporting or backup withholding. However, additional information reporting, but not backup withholding, may apply to those payments if the broker is one of the following: (a) a United States person, (b) a controlled foreign corporation for United States tax purposes, (c) a foreign person 50 percent or more of whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment was effectively connected with a United States trade or business, or (d) a foreign partnership with specified connections to the United States. Payment of the proceeds from a sale of a note to or through the United States office of a broker will be subject to information reporting and backup withholding unless the holder or beneficial owner certifies as to its taxpayer identification number or otherwise establishes an exemption from information reporting and backup withholding.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against the Non-U.S. Holder's U.S. federal income tax liability, if any, and may entitle the Non-U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Table of Contents**UNDERWRITING**

We and the underwriters for the offering named below have entered into an underwriting agreement with respect to the notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

Underwriters	Principal Amount
Goldman, Sachs & Co.	\$ 56,250,000
J.P. Morgan Securities Inc.	\$ 56,250,000
Wells Fargo Securities, LLC	\$ 56,250,000
Banc of America Securities LLC	\$ 56,250,000
SunTrust Robinson Humphrey, Inc.	\$ 25,000,000
Total	\$ 250,000,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.400% of the principal amount of notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.250% of the principal amount of notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes will not be listed on any national securities exchange. The notes are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	Paid by Choice
Per note.	0.650%

Table of Contents

We estimate that the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$500,000.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

We expect to deliver the notes against payment for the notes on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of the pricing of the notes. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.

The prospectus supplement may also add to, update or change information contained in the prospectus and, accordingly, to the extent inconsistent, information in this prospectus is superseded by the information in that prospectus supplement.

The prospectus supplement to be attached to the front of this prospectus may describe, as applicable, the terms of the securities offered, the initial public offering price, the price paid for the securities, net proceeds and the other specific terms related to the offering of these securities.

We have not authorized anyone to provide any information other than that contained or incorporated by reference in this prospectus, any prospectus supplement or in any free writing prospectus prepared by or on behalf of us or to which we have referred you. We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you.

You should not assume that the information in this prospectus or any prospectus supplement or free writing prospectus is accurate as of any date other than the date on the cover of the applicable document and that any information we have incorporated by reference is accurate only as of the date of the document incorporated by reference. Our business, financial condition, results of operations, cash flows and prospects may have changed since that date.

The market or trading price of our securities could decline due to any of these risks. Additional risks not presently known to us or that we currently deem immaterial may also impair our business and operations or cause the price of our securities to decline.

DESCRIPTION OF CAPITAL STOCK

Common Stock

Our Restated Certificate of Incorporation (the "Certificate") authorizes common stock consisting of 160,000,000 shares, par value \$0.01 per share. We may issue additional shares of common stock without further stockholder approval, up to the maximum authorized number of shares, except as may be otherwise required by applicable law or stock exchange regulations.

Dividend Rights. Holders of common stock are entitled to receive, subject to preferences that may be applicable from time to time with respect to any outstanding Preferred Stock, such dividends as are declared by the board of directors of Choice.

Voting Rights. Each holder of our common stock is entitled to one vote for each share of common stock held of record on the applicable record date on all matters submitted to a vote of stockholders. Holders of our common stock do not have cumulative voting rights.

Rights upon Liquidation or Dissolution. In the event of liquidation or dissolution, each share of common stock is entitled to share pro rata in any distribution of our assets after payment or providing for the payment of liabilities and the liquidation preference of any outstanding preferred stock. Holders of our common stock have no preferential, preemptive, conversion, sinking fund or redemption rights.

Preferred Stock

The Certificate authorizes preferred stock consisting of 5,000,000 shares, par value \$0.01 per share. Of the authorized preferred shares, 1,000,000 are designated Series A Junior Participating Preferred Stock. No preferred shares currently are outstanding. Under our Certificate, our board of directors may from time to time establish and issue preferred shares. Our board of directors may determine the designation, preference, limitations and relative rights of each series of preferred shares so issued, all in accordance with Delaware law.

The prospectus supplement relating to any preferred shares offered thereby will contain the specific terms thereof, including, without limitation:

the designation of such preferred shares;

the number of such preferred shares offered, the liquidation preference per share and the offering price of such preferred shares;

the dividend rate, period and/or payment date or method of calculation thereof applicable to such preferred shares;

the date from which dividends on such preferred shares will accumulate, if applicable;

the voting rights of the preferred shares;

the provision for a sinking fund, if any, for such preferred shares;

the provision for redemption, if applicable, of such preferred shares;

the terms and conditions, if applicable, upon which such preferred shares will be convertible into our common shares, including the conversion price (or manner of calculation thereof);

any other specific preferences, limitations and relative rights of such preferred shares;

Table of Contents

a discussion of federal income tax considerations applicable to such preferred shares;

the relative ranking and preferences of such preferred shares as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;

any limitations on issuance of any series of preferred shares ranking senior to or on a parity with such series of preferred shares as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs; and

whether interests in such preferred shares will be represented by depository shares.

Because our board of directors has the power to establish the preference, limitations and relative rights of each series of preferred shares, it may afford the holders of any series of preferred shares preference, limitations and relative rights, voting or otherwise, senior to the rights of holders of common stock.

Certain Anti-takeover Matters

Our Certificate and by-laws contain provisions that may make it more difficult for a potential acquirer to acquire us by means of a transaction that is not negotiated with our board of directors. These provisions and the General Corporation Law of the State of Delaware (the "DGCL") could delay or prevent entirely a merger or acquisition that our stockholders consider favorable. These provisions may also discourage acquisition proposals or have the effect of delaying or preventing entirely a change in control, which could harm our stock price. Our board of directors is not aware of any current effort to accumulate shares of our common stock or to otherwise obtain control of our Company and does not currently contemplate adopting or recommending the approval of any other action that might have the effect of delaying, deterring or preventing a change in control of our Company.

Following is a description of the anti-takeover effects of certain provisions of our Certificate and by-laws.

No stockholder action by written consent. The DGCL provides that stockholders of a Delaware corporation can act by written consent instead of by vote at a stockholder meeting, unless the corporation's certificate of incorporation provides otherwise. Our Certificate provides that stockholders may not act by written consent.

No cumulative voting. The DGCL provides that stockholders of a Delaware corporation are not entitled to the right to cumulate votes in the election of directors, unless its certificate of incorporation provides otherwise. Our Certificate does not provide for cumulative voting.

Calling of special meetings of stockholders. Our by-laws provide that to properly bring business before a special meeting of our stockholders, the business must be specified in a notice of meeting (or any supplement thereto) given by or at the direction of the board of directors or otherwise properly brought before the meeting by or at the direction of the board of directors.

Advance notice requirements for stockholder proposals and director nominations. Our by-laws provide that stockholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of stockholders must provide timely notice of their proposal in writing to our corporate secretary.

Generally, to be timely, a stockholder's notice must be received at our principal executive offices not less than 60 days nor more than 90 days prior to the first anniversary of the previous year's annual meeting. Our by-laws also specify requirements as to the form and content of a stockholder's notice. These provisions may impede stockholders' ability to bring matters before an annual meeting of stockholders or make nominations for directors at an annual meeting of stockholders.

Table of Contents

Classified Board of Directors. Our board of directors is divided into three classes of directors, each class constituting approximately one-third of the total number of directors, with the classes serving staggered terms. At each annual meeting of stockholders, the class of directors to be elected at the meeting will be elected for a three-year term and the directors in the other two classes will continue in office. Under the DGCL, directors on a classified board can only be removed for cause.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties. Our Certificate includes a provision that eliminates the personal liability of directors for monetary damages for any breach of fiduciary duty in such capacity, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

under Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions); or

for any transaction from which the director derived any improper personal benefit, except to the extent any such exemption from liability or limitation thereof is not permitted under the DGCL.

Our certificate of incorporation and bylaws also provide for the indemnification of our directors and officers, past and present, to the fullest extent authorized by the DGCL against expenses and liabilities (including, but not limited to, counsel fees) reasonably incurred by or imposed upon such persons in connection with any proceeding to which they may be made a party or in which they may become involved as a result of being or having been directors or officers. We have the power to purchase and maintain insurance on behalf of our past and present directors and officers, or those who are or were serving at our request as directors or officers of another corporation, partnership, joint venture, trust or other business, against any liability asserted against those persons or incurred by those persons in any of these capacities, or arising out of their status as such, whether or not we would have the power to indemnify those persons against such liability under our certificate of incorporation.

The limitation of liability and indemnification provisions in our Certificate and the by-laws may discourage our stockholders from bringing a lawsuit against directors and officers for breach of their fiduciary duties. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, the stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Registered Securities may be separated into smaller denominations or combined into larger denominations, as long as the total principal amount is not changed. This is called an exchange.

You may transfer Registered Securities and you may exchange Registered Securities at the office of the Trustee. The Trustee will act as our agent for registering Registered Securities in the names of holders and transferring Debt Securities issued as Registered Securities. We may designate someone else to perform this function. Whoever maintains the list of registered holders is called the Registrar.

You will not be required to pay a service charge to transfer or exchange Debt Securities, but you may be required to pay us for any transfer tax or other governmental charge payable upon the exchange or transfer. The transfer or exchange will be made only if the Registrar is satisfied with your proof of ownership.

If we designate additional Registrars, we will name them in the accompanying prospectus supplement. We may cancel the designation of any particular Registrar. We may also approve a change in the office through which any Registrar acts.

If we redeem less than all of the Debt Securities of a redeemable series, we may block the transfer or exchange of Registered Securities during the period beginning 15 days before the day of mailing of a notice of redemption of such Registered Securities and ending on the day of such mailing. We may also decline to register transfers or exchanges of Debt Securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any Debt Security being partially redeemed.

Table of Contents

If the offered Debt Securities are redeemable, we will describe the procedures for redemption in the accompanying prospectus supplement.

In this Transfer and Exchange section of this prospectus, you means direct holders and not indirect holders of Debt Securities.

- (e) Liens to secure all or part of the cost of acquisition (including Liens created as a result of an acquisition by way of Capitalized Lease Obligations), construction, development or improvement of the underlying property, or to secure Indebtedness incurred to provide funds for any such purposes; *provided*, that the commitment of the creditor to extend the credit secured by any such Lien shall have been obtained not later than 18 months after the later of (A) the completion of the acquisition, construction, development or improvement of such property and (B) the placing in operation of such property or of such property as so constructed, developed or improved;
- (f) Liens securing industrial revenue, pollution control or similar bonds; and
- (g) any extension, renewal or replacement (including successive extensions, renewals and replacements), in whole or in part, of any Lien referred to in any of clauses (a) through (f) of this definition of Permitted Liens that would not otherwise be permitted pursuant to any of clauses (a) through (f) of this definition of Permitted Liens, to the extent that (A) the principal amount of Indebtedness secured thereby and not otherwise permitted to be secured pursuant to any of clauses (a) through (f) of this definition of Permitted Liens does not exceed the principal amount of Indebtedness, plus any premium or fee payable in connection with any such extension, renewal or replacement, so secured at the time of any such extension, renewal or replacement, except that where (1) the Indebtedness so secured at the time of any such extension, renewal or replacement was incurred for the sole purpose of financing a specific project and (2) additional Indebtedness is to be incurred in connection with such extension, renewal or replacement solely to finance the completion of the same project, the additional Indebtedness may also be secured by such Lien; and (B) the property that is subject to the Lien serving as an extension, renewal or replacement is limited to some or all of the Property that was subject to the Lien so extended, renewed or replaced.

Person means any individual, corporation, partnership, limited liability company, joint venture, association, joint stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

Principal Property means (i) a parcel of improved or unimproved real estate or other physical facility or depreciable asset of Choice or a consolidated Subsidiary of Choice, the net book value of which on the date of determination exceeds 7.5% of Consolidated Net Assets and (ii) any group of parcels of real estate, other physical facilities, and/or depreciable assets of Choice and/or its consolidated Subsidiaries, the net book value of which, when sold in one or a series of related sale and leaseback transactions or securing Indebtedness issued in respect of such Principal Properties, on the date of determination exceeds 7.5% of the Consolidated Net Assets. For purposes of the foregoing, **related sale and leaseback transactions** refers to any two or more such contemporaneous transactions which are on substantially similar terms with substantially the same parties. As of the date of this prospectus, we and our consolidated Subsidiaries had no Principal Properties.

Table of Contents

Restricted Subsidiary means any Subsidiary of Choice that owns, operates or leases one or more Principal Properties. As of the date of this prospectus, we had no Restricted Subsidiaries.

Subsidiary in respect of any Person, means (i) any Person of which more than 50% of the total voting power of shares of capital stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by any Person or one or more of the Subsidiaries of that Person or a combination thereof, and (ii) any partnership, joint venture or other Person in which such Person or one or more of the Subsidiaries of that Person or a combination thereof has the power to control by contract or otherwise the board of directors or equivalent governing body or otherwise controls such entity.

Covenants

The Indenture does not limit the amount of Indebtedness or other obligations that may be incurred by the Company and its Subsidiaries. The Indenture does contain the following covenants, among others:

Limitations on Liens

The Indenture provides that Choice will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or otherwise cause or suffer to exist or become effective any Liens of any kind upon any Principal Property or any capital stock of any Restricted Subsidiary which owns or leases Principal Property (whether such Principal Property or capital stock are now owned or hereafter acquired), or any interest therein or any increase or profits therefrom, unless all payments due under the Indenture and the Debt Securities are secured on an equal and ratable basis with (or prior to) the obligations so secured until such time as such obligation is no longer secured by a Lien, except in the case of Permitted Liens or as provided under Exempted Debt below. As of the date of this prospectus, there are no Principal Properties or Restricted Subsidiaries.

Limitations on Sale and Leaseback Transactions

The Indenture provides that, except as provided under Exempted Debt below, Choice will not, and will not permit any of its Restricted Subsidiaries to, enter into any arrangement with any Person (other than the Company or any Subsidiary of the Company) providing for the leasing by Choice or a Restricted Subsidiary of any Principal Property owned by Choice or such Restricted Subsidiary (except for leases for a term of not more than three years), which property has been or is to be sold or transferred by Choice or such Restricted Subsidiary to such Person on the security of such Principal Property more than 365 days after the acquisition thereof or the completion of construction and commencement of full operation thereof unless either (a) Choice or such Restricted Subsidiary would be entitled, pursuant to the provisions of the Indenture, to incur Indebtedness secured by a Lien on the Property to be leased in an amount equal to the Attributable Indebtedness with respect to such transaction without equally and ratably securing the Debt Securities, or (b) Choice, within 180 days after the effective date of such transaction, applies to the voluntary retirement of its Funded Debt an amount equal to the value of such transaction, defined as the greater of the net proceeds of the sale of the Principal Property leased in such transaction or the fair value, in the opinion of Choice's board of directors, of the leased Principal Property at the time such transaction was entered into. As of the date of this prospectus, there are no Principal Properties or Restricted Subsidiaries.

Exempted Debt

Notwithstanding the foregoing limitations on Liens and sale and leaseback transactions, Choice and its Restricted Subsidiaries may create, incur or otherwise cause to suffer to exist or become effective Liens without securing the Debt Securities or enter into a sale and leaseback transaction without retiring Funded Debt, or enter into a combination of such transactions, provided that, at the

time of such event, and after giving effect thereto and to the retirement of any other such Indebtedness which is concurrently being repaid, the sum of (x) the principal amount of such Indebtedness secured by such Liens or the Attributable Indebtedness in respect of such sale and leaseback transaction, as the case may be, and (y) the principal amount of all other such Indebtedness secured by such Liens (not including Liens permitted under Limitations on Liens above) and all other Attributable Indebtedness in respect of sale and leaseback transactions then outstanding (not including sale and leaseback transactions permitted under Limitations on Sale and Leaseback Transactions above), measured, in each case, at the time any such Lien is incurred or any such sale and leaseback transaction is entered into, does not exceed the greater of (i) \$25 million or (ii) 15% of the Consolidated Net Assets of Choice and its consolidated Subsidiaries.

Merger and Consolidation

We covenant that we will not consolidate with or merge into any Person or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of our and our Subsidiaries' properties and assets as an entirety unless, among other things:

the successor Person is Choice or another entity organized and existing under the laws of the United States, any state or territory thereof or the District of Columbia that assumes our obligations on the Debt Securities and under the Indenture,

immediately after giving effect to such transaction, Choice or the successor Person would not be in default under the Indenture, and

Choice shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the terms of the Indenture and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

Except as described above or as set forth in the applicable prospectus supplement, the Indenture does not contain any provisions that would afford holders of the Debt Securities protection in the event of:

a highly leveraged or similar transaction involving us;

a change in our control or a change in our management; or

a reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of the Debt Securities. In addition, subject to the limitations set forth above, we may, in the future, enter into certain transactions such as the sale of our properties and assets substantially as an entirety or a merger or consolidation with another entity that could increase the amount of our Indebtedness or the Indebtedness of our Subsidiaries or otherwise adversely affect our financial condition or results of operations, which may have an adverse effect on our ability to service our Indebtedness, including the Debt Securities. We have no present intention of engaging in a highly leveraged or similar transaction involving us.

Events of Default

An Event of Default with respect to a series of the Debt Securities is defined in the Indenture as being:

(i) default in the payment of any principal or premium (if any) of the series of Debt Securities;

Table of Contents

(ii) default for 30 days in the payment of any installment of interest on the series of Debt Securities;

(iii) default by Choice in the performance of any other covenants or agreements in the Indenture contained therein for the benefit of the series of Debt Securities which shall not have been remedied for a period of 90 days after written notice of such default to Choice by the Trustee or to Choice and the Trustee by the holders of at least 25% in aggregate principal amount of the series of Debt Securities;

(iv) default by Choice or any Subsidiary under any Indebtedness (except non-recourse indebtedness) having an aggregate principal amount of \$25 million or 15% of Consolidated Net Assets (whichever amount is greater), or under any mortgage, indenture or other instrument under which there may be issued or by which there may be secured any Indebtedness for money borrowed by Choice or any Subsidiary having an aggregate principal amount of \$25 million or 15% of Consolidated Net Assets (whichever amount is greater), for failure to pay a portion of the principal when due (after any grace period has passed) or as a result of Indebtedness being declared due before it otherwise would have been due, and this repayment obligation has not been rescinded or annulled within ten days of written notice to Choice (sent by either the Trustee or by the holders of at least 25% of the outstanding principal amount of the series of Debt Securities to Choice and the Trustee) or remedied, cured or waived before a declaration of acceleration of the series of Debt Securities;

(v) certain events of bankruptcy, insolvency or reorganization of Choice or a significant subsidiary of Choice; or

(vi) any other Event of Default specified for the series in the applicable prospectus supplement.

The Indenture provides that if an Event of Default under clause (i), (ii), (iii), (iv) or (vi) above shall have occurred and be continuing, either the Trustee or the holders of not less than 25% in principal amount of the series of Debt Securities may declare the principal of all the Debt Securities of that series, together with any accrued interest and premium (if any), to be due and payable immediately.

If an Event of Default under clause (v) above shall have occurred and be continuing, then the principal of all the Debt Securities, together with any accrued interest and premium (if any), will be due and payable immediately without any declaration or other act on the part of the Trustee or any holder of a Debt Security. Upon certain conditions such declaration (including a declaration caused by a default in the payment of principal or interest, the payment for which has subsequently been provided) may be annulled by the holders of a majority in principal amount of the series of Debt Securities.

In addition, past defaults may be waived by the holders of a majority in principal amount of the series of Debt Securities, except a default in the payment of principal of or interest and premium (if any) on any Debt Security, a default arising from failure to redeem or purchase a Debt Security when required by the Indenture, or a default in respect of a covenant or provision of the Indenture which cannot be modified or amended without the approval of the holder of each Debt Security affected.

The Indenture contains a provision entitling the Trustee, subject to the duty of the Trustee during default to act with the required standard of care, to be indemnified by the holders of Debt Securities issued thereunder before proceeding to exercise any right or power under the Indenture at the request of the holders of such Debt Securities.

The Indenture also provides that the holders of a majority in principal amount of the outstanding Debt Securities of a particular series issued thereunder and affected (each series voting as a separate class) may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Debt Securities of such series.

Table of Contents

The Indenture contains a covenant that Choice will file annually with the Trustee a certificate as to the absence of any default or specifying any default that exists.

Satisfaction and Discharge

The Indenture will cease to be of further effect as to a series of Debt Securities (except as to surviving rights of registration of transfer or exchange of Debt Securities, as expressly provided for in the Indenture) when either:

all Debt Securities of the series theretofore authenticated (except lost, stolen or destroyed Debt Securities that have been replaced or paid) have been delivered to the Trustee for cancellation, or

with respect to all Debt Securities of a series due and payable within one year not theretofore delivered to the Trustee for cancellation,

Choice has deposited or caused to be deposited with the Trustee funds or government securities (as defined in the Indenture), or any combination thereof, in an amount sufficient to pay and discharge the entire indebtedness on the Debt Securities of the series not theretofore delivered to the Trustee for cancellation, for unpaid principal and interest to maturity;

Choice has paid all other sums payable by it with respect to the Debt Securities of the series under the Indenture; and

Choice has delivered to the Trustee an officers' certificate and an opinion of counsel each stating that all conditions precedent under the Indenture to the satisfaction and discharge of the Indenture with respect to the series of Debt Securities have been complied with.

Covenant and Legal Defeasance

The Indenture provides that Choice need not comply with certain restrictive covenants of the Indenture (including those described under Covenants above) or it will be deemed to have been discharged from its obligations with respect to a series of Debt Securities under the Indenture if:

Choice deposits in trust with the Trustee money or government securities, which through the payment of interest thereon and principal thereof in accordance with their terms will provide money, in an amount sufficient, in the opinion of a nationally recognized firm of certified public accountants, to pay all the principal of and interest and premium (if any) on the Debt Securities of the series when due;

Choice shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for or relating to the defeasance have been complied with;

no default or Event of Default with respect to that series of debt securities shall have occurred and be continuing under subsection (v) of Events of Default above at any time in the period ending on the 91st day after the date of deposit; and

Choice delivers to the Trustee an opinion of counsel to the effect that the holders of Debt Securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amount and in the same manner and at the same times, as would have been the case if such defeasance had not occurred.

Modification and Waiver

Without the consent of any holder of the Debt Securities, Choice and the Trustee may modify or amend the Indenture to clarify or to make certain other changes that would not materially adversely affect the legal rights of any holder.

With the consent of the holders of not less than a majority in aggregate principal amount of the outstanding Debt Securities of the particular series affected, Choice and the Trustee may modify or amend the Indenture; *provided, however*, that no such modification or amendment may, without the consent of the holder of each Debt Security affected:

change the stated maturity of the principal of, or any installment of interest on, any Debt Security or reduce the principal amount thereof or the rate of interest thereon, or change the coin or currency in which any Debt Security or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment after the stated maturity thereof;

reduce the amount payable upon the redemption of any Debt Security or change the time at which such Debt Security may be redeemed;

waive a default or Event of Default in the payment of principal of or premium, if any, or interest on the Debt Securities (except a rescission of acceleration of the Debt Securities by the holders of not less than a majority in aggregate principal amount of the then outstanding Debt Securities and a waiver of the payment default that resulted from such acceleration);

waive a redemption payment with respect to any Debt Security;

reduce the principal amount of Debt Securities of a series whose holders must consent to a modification or waiver, or make any change in the Indenture relating to waivers of past defaults or the rights of holders of Debt Securities of a series to receive payments of principal of, or premium, if any, or interest on the Debt Securities; or

modify any of the provisions relating to supplemental indentures requiring the consent of holders or relating to the waiver of past defaults, except to increase the percentage of outstanding Debt Securities required for such actions or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each Debt Security.

Guarantees

The applicable prospectus supplement may provide that one or more subsidiaries of Choice, including those subsidiaries identified in this prospectus, will fully, unconditionally and irrevocably guarantee, on a joint and several basis, the full and punctual payment of the principal of, premium, if any, and interest on Debt Securities issued under the Indenture and all other obligations of Choice under the Indenture. The terms of such guarantees, if any, including the ranking and termination provisions thereof, will be described in the applicable prospectus supplement.
