**Item 8.01 Other Events**

On April 11, 2011, ADA-ES, Inc. ( we or ADA ) issued a press release announcing an award to Norit Americas, Inc. ( Norit ) in the related arbitration between ADA and Norit. A copy of the press release is furnished as Exhibit 99.1 to this report.

As previously reported, Norit, which is an activated carbon ( AC ) manufacturer with whom we have previously done business, filed a lawsuit against us, ADA Carbon Solutions, LLC ( ACS ), certain of ACS subsidiaries and two of ACS employees (who were former employees of Norit) asserting claims for misappropriation of trade secrets and other claims, and seeking monetary damages and injunctive relief that seek to prevent us from using what they allege to be Norit trade secrets and other intellectual property involving the manufacture of AC, particularly in connection with the AC facility owned by ACS. The case, which was originally captioned Norit Americas, Inc. v. ADA-ES, Inc. et al. (the ADA Defendants ) was filed in Harrison County, Texas in August 2008, was moved by order of the court to binding arbitration in Atlanta, Georgia, and was heard by the arbitration panel in October and November, 2010 with final closing statements made in February, 2011 (the Norit Action ).

On April 8, the arbitration panel in the Norit Action issued an Interim Award holding ADA liable for approximately \$37.9 million dollars in damages for breach of a non-solicitation provision of a Market Development Agreement ( MDA ) ADA entered into with Norit in 2001 and terminated in 2006. In addition, the arbitration panel further held ADA jointly and severally liable together with several other ADA Defendants for payment of a royalty of 10.5% for 3 years and then 7% for an additional 5 years on the sales of activated carbon from the production facility owned by ADA Carbon Solutions (Red River), LLC ( Red River ) in which ADA indirectly holds a minority interest for misappropriation of certain Norit claimed trade secrets. The damages for breach of the non-solicitation provision relate to a large, long-term contract running through 2014 that ADA won in competition with Norit during the year after termination of the MDA and a second contract with another customer. These contracts are excluded from the sales on which royalties will be due.

The Interim Award also dismissed Norit s request for injunctive relief, assignment of an ADA patent, multiple trade secret claims as well as Federal RICO and civil conspiracy claims that Norit had asserted. The arbitration panel further ordered additional proceedings to address the timing and payment of the ADA Defendants obligations and the parties claims for recovery of attorneys fees after which time the Interim Award will be made final. In order to resolve these proceedings and associated matters, ADA expects that non-routine legal expenses going forward will be substantially the same as in the 1st quarter through at least the third quarter of this year. The arbitration panel s decision resolves all other claims the parties asserted against each other in the Norit Action. The ADA Defendants are ADA, ADA Environmental Solutions LLC, ACS (formerly known as Crowfoot Development, LLC), ACS wholly owned subsidiaries Red River, Underwood Environmental Products, LLC, and Morton Environmental Products, LLC and two ACS employees who were former employees of Norit. The Company is working with counsel to determine and evaluate its options.
