PROXY STATEMENT

We are providing this proxy statement in connection with the solicitation of proxies by the Board of Directors of Cardium Therapeutics, Inc., a Delaware corporation (the Company, Cardium or we, our, or us), for use at its annual meeting of stockholders to be held on Thursday, June 2, 2011, at 9:00 a.m. Pacific time, at the San Diego Marriott Del Mar, 11966 El Camino Real, San Diego, California 92130, and at any adjournment or postponement thereof (the Annual Meeting). We expect to mail this proxy statement and the enclosed proxy card on or about May 2, 2011 to all stockholders entitled to vote at the Annual Meeting.

VOTING INFORMATION

Who can vote?

You may vote if you were a stockholder of record as of the close of business on April 15, 2011. This date is known as the record date. You are entitled to one vote for each share of common stock you held on that date on each matter presented at the Annual Meeting. As of April 15, 2011, approximately 83,097,967 shares of our common stock, par value \$0.0001 per share, were issued and outstanding.

How many votes are needed to hold the Annual Meeting?

To take any action at the Annual Meeting, a majority of our outstanding shares of common stock entitled to vote as of April 15, 2011, must be represented, in person or by proxy, at the Annual Meeting. This is called a quorum.

What is a proxy?

A proxy allows someone else to vote your shares on your behalf. Our Board of Directors is asking you to allow the people named on the proxy card (Christopher J. Reinhard and Tyler M. Dylan-Hyde) to vote your shares at the Annual Meeting.

How do I vote by proxy?

Whether you hold shares directly as a stockholder of record or beneficially in street name, you may vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. To vote by proxy, please follow the instructions on the enclosed proxy card. You may vote by telephone, by the Internet or by mail. Shares held in street name may be voted by telephone or by the Internet only if your broker or nominee makes those methods available. Your broker or nominee will enclose instructions for voting shares held in street name by telephone or by the Internet with this proxy statement if your broker or nominee has chosen to make those methods available.

If you vote by proxy, your shares will be voted at the Annual Meeting in the manner you indicate. If you vote by mail and return a signed proxy card with no specific instructions, your shares will be voted as the Board of Directors recommends.

Can I change my vote after I submit my proxy?

Yes. You can change or revoke your proxy at any time before it is voted by submitting another proxy with a later date (via the Internet, by telephone or by mail) or attending the meeting and voting in accordance with the instructions below. You also may send a written notice of revocation to Cardium Therapeutics, Inc., 12255 El Camino Real, Suite 250, San Diego, California 92130, Attention: Tyler M. Dylan-Hyde, Secretary.

Can I vote in person at the Annual Meeting instead of voting by proxy?

Yes. However, we encourage you to vote your shares at your earliest convenience to ensure that your shares are represented and voted. If you vote your shares by proxy and later decide you would like to attend the meeting and vote your shares in person, you will need to provide a written notice of revocation to the secretary of the meeting before your proxy is voted. If the holder of record of your shares is a broker, bank or other nominee and you wish to vote in person at the meeting, you must request a legal proxy from your broker, bank or other nominee that holds your shares and present that proxy and proof of identification at the Annual Meeting. If you would like to obtain directions to be able to attend the meeting and vote in person, please contact the Company at (858) 436-1000.

How are votes counted?

Except as noted, all proxies received will be counted in determining whether a quorum exists and whether we have obtained the necessary number of votes to approve each proposal. An abstention from voting will be used for the purpose of establishing a quorum, and will be considered a vote against a proposal. A broker non-vote will also be used for the purpose of establishing a quorum, but will not otherwise be counted in the voting process. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the Annual Meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (i) the broker has not received voting instructions from the beneficial owner and (ii) the broker lacks discretionary voting power to vote such shares.

How many votes are required to approve each proposal?

For the election of the three Class II directors, a plurality of the votes is required. This means that the three candidates who receive the most votes will be elected to the three available Class II positions on the Board of Directors. Please note, that a bank, broker or nominee is not permitted to vote on behalf of beneficial owners with respect to uncontested elections of directors. You must instruct your bank, broker or nominee on how to vote your shares for the election of directors.

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of Marcum LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. See, however, Proposal 2 Effect of Ratification.

As of April 15, 2011, our executive officers and directors held of record or beneficially owned approximately 10,235,550 shares, or 11.94%, of our issued and outstanding common stock. Our executive officers and directors have indicated their intention to vote FOR the election of each of the nominees for the Class II directors and FOR the ratification of the selection of Marcum LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Who pays for this proxy solicitation?

The Company will pay the cost of soliciting proxies for the Annual Meeting, including the costs of preparing, assembling and mailing the proxy materials. We will provide copies of proxy materials to fiduciaries, custodians and brokerage houses to forward to the beneficial owners of shares held in their name. We may reimburse such fiduciaries, custodians and brokers for their costs in forwarding the proxy materials.

In addition to the solicitation of proxies by mail, certain of our officers and other employees may also solicit proxies personally or by telephone, facsimile, e-mail or other means. No additional compensation will be paid to these individuals for any such services.

Mr. Hutchinson was invited to serve as a member of our Board of Directors because of his strong background in managing business organizations and his experience serving as a director of publicly traded companies.

Mr. Reinhard is a co-founder and serves as an inside director and the Chairman of our Board of Directors. He has significant industry experience as well as public company experience.

Board Leadership

The Chairman of our Board of Directors also serves as our Chief Executive Officer. Our Board of Directors does not have a lead independent director. Our Board of Directors has determined that its leadership structure is appropriate and effective. Our Board of Directors believes that having a single individual serve as both chairman and chief executive officer provides clear leadership, accountability and promotes strategic development and execution as our company executes our strategy as a more communications-focused enterprise. Our Board of Directors also believes that there is a high degree of transparency among directors and company management. Five of the seven members of our Board of Directors are independent directors and all of those individuals serve on the committees of our Board of Directors. Our Chairman and Chief Executive Officer does not serve on any committee, which our Board of Directors believes promotes appropriate independent leadership.

Independence

The rules of the stock exchange on which our common stock is currently listed, the NYSE Amex, require listed companies to have a board of directors with at least a majority of independent directors. Our Board of Directors, following the review and determination of the Nominating Committee, has determined that five of our seven directors are independent based on the definition of independence set forth in the NYSE Amex Company Guide. The members determined to be independent are Messrs. Gabrielson, Hutchison, Leitch, Lewis, and Otremba. In addition, Messrs. Hutchison, Leitch, and Lewis also have been determined by our Board of Directors to meet the independence standards for members of an audit committee set forth in the rules promulgated under the Securities Exchange Act of 1934.

Board Role in Risk Oversight

Our Board of Directors has an oversight role in managing our risk. Our Audit Committee receives reports from senior management on areas of material risk, including operational, financial, legal and strategic risks which enable the Audit Committee to understand management's views on risk identification, risk management and risk, mitigation strategies. The Audit Committee, or if appropriate, the full Board of Directors or another committee, will periodically request that management evaluate additional potential risks, provide additional information on identified risks or implement risk remediation procedures.

Board Meetings

The Board of Directors held five meetings during the fiscal year ended December 31, 2010 and took action by written consent on two occasions. Each of the seven current directors serving in 2010 attended at least 75% of the total number of meetings of the Board of Directors and applicable committees that each director was eligible to attend.

Board Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee. The committees are comprised entirely of independent directors as defined under the rules of the stock exchange on which our common stock is currently listed, the NYSE Amex. In addition, members of the Audit Committee also must meet the independence standards for audit committee members adopted by the United States Securities and Exchange Commission (SEC). The members of the committees of our Board of Directors are as follows:

Audit Committee	Compensation Committee	Nominating Committee
Murray H. Hutchison*	Murray H. Hutchison	Edward W. Gabrielson
Andrew M. Leitch (Chairman)*	Gerald J. Lewis (Chairman)	Murray H. Hutchison (Chairman)
Gerald J. Lewis	Andrew M. Leitch	Lon E. Otremba

* The Board of Directors has determined that Messrs. Hutchison and Leitch are each an audit committee financial expert as defined by applicable rules adopted by the SEC.

During the year ended December 31, 2010, the Audit Committee held four meetings, the Compensation Committee held two meetings, and the Nominating Committee held one meeting.

Audit Committee. The Audit Committee operates under a charter originally adopted by the committee in January 2006 and amended in March 2008. A copy of the Audit Committee's charter is available in the corporate governance section of the Company's website at www.cardiumthx.com. The general function of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and the audits of its financial statements. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the accounting, reporting and financial practices of the Company, including the integrity of its financial statements and disclosures; the surveillance of administration and financial controls and the Company's compliance with legal and regulatory requirements; the qualification, independence and performance of the Company's independent registered public accounting firm; and the performance of the Company's internal audit function and control procedures. The Audit Committee is responsible for reviewing and recommending matters to the Board of Directors, but has no authority to make final decisions except as set forth in the Audit Committee's charter. The Audit Committee has the sole authority to appoint, determine funding for, and oversee the Company's independent registered public accounting firm.

Compensation Committee. The Compensation Committee operates under a charter adopted by the committee in January 2006 and amended in March 2008. A copy of the Compensation Committee's charter is available in the corporate governance section of the Company's website at www.cardiumthx.com. The primary purpose of the Compensation Committee is to oversee the Company's overall compensation and incentive programs for its executive officers and certain other key personnel. The Compensation Committee is responsible for reviewing and recommending matters to the Board of Directors, which may be based on recommendations from the Company's Chief Executive Officer, but has no authority to make final decisions except with respect to the Company's 2005 Equity Incentive Plan as described below or as otherwise set forth in the Compensation Committee's charter. Among other things, the Compensation Committee recommends to the Board of Directors the amount of compensation to be paid or awarded to our executive officers and certain other personnel including salary, bonuses, other cash or stock awards under our incentive compensation plans as in effect from time to time, retirement and other compensation, and is responsible for evaluating the performance of the Company's Chief Executive Officer and making recommendations to the Board of Directors concerning the compensation for such officer. In addition, the Board of Directors has delegated to the Compensation Committee the authority to administer the Company's 2005 Equity Incentive Plan, including the authority to consider and act upon recommendations from management to grant awards under the plan to employees and consultants of the Company and its subsidiaries, not including officers and directors of the Company. The committee may delegate its authority to subcommittees of the committee or to committees comprised of Company employees when legally permissible and when the committee deems it appropriate or desirable to facilitate the operation or administration of the plans and programs the committee oversees. The Compensation Committee also may

engage the services of an independent compensation and benefits consulting company to conduct a survey and review of the Company's compensation programs as compared to other similarly situated companies taking into account, among others, industry, size and location when the committee deems appropriate. It is anticipated that the Compensation Committee will engage such independent consultants from time to time to aid the committee in its evaluation of the Company's compensation programs for its executive officers.

Nominating Committee. The Nominating Committee operates under a charter adopted by the committee in January 2006 and amended in March 2008. A copy of the Nominating Committee's charter is available in the corporate governance section of the Company's website at www.cardiumthx.com. The purpose of the Nominating Committee is to assist the Board of Directors in identifying qualified individuals to become members of the Board of Directors and in determining the composition of the Board of Directors and its various committees. The Nominating Committee periodically reviews the qualifications and independence of directors, selects candidates as nominees for election as directors, recommends directors to serve on the various committees of the Board of Directors, reviews director compensation and benefits, and oversees the self-assessment process of each of the committees of the Board of Directors.

The Nominating Committee considers nominee recommendations from a variety of sources, including nominees recommended by stockholders. Persons recommended by stockholders are evaluated on the same basis as persons suggested by others. Stockholder recommendations may be made in accordance with our Stockholder Communications Policy. See "Stockholder Communications with Directors" below. The Nominating Committee has the authority to retain a search firm to assist in the process of identifying and evaluating candidates.

The Nominating Committee has not established any specific minimum requirements for potential members of our Board of Directors. Instead, the Nominating Committee's evaluation process includes many factors and considerations including, but not limited to, a determination of whether a candidate meets the requirements of the NYSE Amex and the SEC relating to independence and/or financial expertise, as applicable, and whether the candidate meets the Company's desired qualifications in the context of the current make-up of the Board of Directors with respect to factors such as business experience, education, intelligence, leadership capabilities, integrity, competence, dedication, diversity, skills, and the overall ability to contribute in a meaningful way to the deliberations of the Board of Directors respecting the Company's business strategies, financial and operational performance and corporate governance practices. Our Board of Directors does not have a specific policy with regard to the consideration of diversity in the identification of director nominees. The Nominating Committee will generally select those nominees whose attributes it believes would be most beneficial to the Company in light of all the circumstances.

Code of Ethics

We have adopted a Code of Ethics that applies to all of our employees and directors, including all of our officers and non-employee directors and all employees, officers and directors of our subsidiaries. The Audit Committee periodically reviews the Code of Ethics and the Company's compliance with its Code of Ethics. Our Code of Ethics has been posted in the corporate governance section of our website at www.cardiumthx.com. Any amendments to our Code of Ethics or any waivers from our Code of Ethics also will be posted on our website. Our Code of Ethics is not incorporated in, and is not a part of, this proxy statement and is not proxy-soliciting material.

Stockholder Communications with Directors

Our Board of Directors has adopted a Stockholder Communications Policy to provide a process by which our stockholders may communicate with our Board of Directors. Under the policy, stockholders may communicate with our Board of Directors as a whole, with the independent directors, with all members of a committee of our Board of Directors, or with a particular director. PROPOSAL 1

ELECTION OF CLASS II DIRECTORS

Members of each class of our Board of Directors are elected to serve for a three-year term. The three-year terms of the members of each class are staggered, so that each year the members of a different class are due to be elected at the annual meeting. The Class II directors currently are serving a term that is due to expire at the Annual Meeting. The Class III directors currently are serving a term that is due to expire at our 2012 annual meeting, and the Class I directors are serving a term that is due to expire at the 2013 annual meeting.

Nominees

At the Annual Meeting three Class II directors are to be elected, each to serve until the next annual meeting of stockholders held to elect Class II directors and until their respective successor is elected and qualified or until their respective death, resignation or removal. The Board of Directors proposes the election of the nominees named below, who currently are Class II members of our Board of Directors.

Unless authorization to do so is withheld, proxies received will be voted **FOR** the nominees named below. If any nominee should become unavailable for election before the Annual Meeting, the proxies will be voted for the election of such substitute nominee as the present Board of Directors may propose. The persons nominated for election have agreed to serve if elected, and the Board of Directors has no reason to believe that the nominees will be unable to serve.

Our Board of Directors proposes the election of the following nominees as Class II members of the Board of Directors:

Tyler M. Dylan-Hyde, Ph.D., J.D. Andrew M. Leitch Gerald J. Lewis

Our Board of Directors unanimously recommends that you vote FOR the election of each of the nominees as a Class II director of the Company.

Pre-Approval Policies and Procedures

Committee Pre-Approval. On January 18, 2006, the Audit Committee approved certain pre-approval policies and procedures contained in its charter. Under these policies and procedures, the Audit Committee must approve in advance all auditing services and all permissible non-audit services to be provided by our independent registered public accounting firm. If the Audit Committee approves an audit service within the scope of the engagement of our independent registered public accounting firm, such audit service will be deemed to have been pre-approved.

Pre-Approval Exceptions. Notwithstanding the Audit Committee pre-approval policies described above, pre-approval is not required for permissible non-audit services if (i) the aggregate amount of all such non-audit services provided to the Company is not more than 5% of the total amount of revenues paid by the Company to its independent registered public accounting firm during the fiscal year in which the non-audit services are provided; (ii) such services were not recognized by the Company at the time of engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Audit Committee and approved before completion of the audit by the Audit Committee or by one or more members of the Audit Committee to whom authority to grant such approvals has been delegated by the Audit Committee.

Delegation of Pre-Approval Authority. The Audit Committee may delegate to one or more designated members of the Audit Committee the authority to grant the pre-approvals of audit and permissible non-audit services described above. The decision of any member of the Audit Committee to whom such authority is delegated shall be presented to the full Audit Committee at its next scheduled meeting. On May 9, 2006, the Audit Committee delegated the authority to grant the pre-approvals of audit and permissible non-audit services to the Chairman of the Audit Committee.

Effect of Ratification

Ratification by stockholders of the selection of Marcum LLP as our independent registered public accounting firm is not required by applicable law. However, as a matter of policy and sound corporate governance, we are submitting the selection to our stockholders for ratification at the Annual Meeting. If the stockholders fail to ratify the selection of Marcum LLP, the Board of Directors will reconsider the matter. Even if the selection is ratified by stockholders, the Board of Directors may select a different firm to serve as our independent registered public accounting firm at any time during the fiscal year if it believes a change would be in the best interests of the Company and its stockholders.

Our Board of Directors unanimously recommends that you vote FOR Proposal 2.

Narrative Disclosure to 2010 Summary Compensation Table

Our executive compensation programs are designed to attract and retain highly qualified executives and to motivate them to improve long-term stockholder returns by achieving both short- and long-term strategic Company goals. Our compensation programs are designed to link a significant portion of each executive's compensation directly to individual and Company performance and to align the financial interests of our executives with those of our stockholders. There are three basic components to our executive compensation program: salary and benefits; cash bonuses; and long-term incentive compensation in the form of stock options and other equity-based compensation. None of our named executive officers had an employment agreement with the Company for fiscal 2010.

Salary and Benefits.

Our executive salary structure is designed to be competitive, which we believe is important if we are to retain our executives and other key employees and attract highly qualified executives when needed. An individual executive's salary and benefits package will vary within our framework based on responsibilities, experience, leadership, potential future contribution, and demonstrated individual performance. Our executive benefits include vacation, medical, dental, term life and disability. We historically have not provided a substantial amount of compensation in the form of perquisites.

In 2010, our Board of Directors adopted a recommendation of the Compensation Committee of the Board of Directors to authorize the Company to increase the base salary of our named executive officers effective as of July 6, 2010. The following table sets out the amount to which the base salary was increased and the percentage of increase that such base salary represents compared to the base salary in effect immediately prior to such increase:

Named Executive Officer	Base Salary	Percent Increase
Christopher J. Reinhard, <i>Chief Executive Officer and President</i>	\$ 385,875	5%
Tyler Dylan-Hyde, <i>Chief Business Officer and General Counsel</i>	\$ 358,312	5%
Gabor Rubanyi, <i>Chief Scientific Officer</i>	\$ 330,750	5%

In determining individual salaries of our named executive officers, the Compensation Committee considered various factors, including the executive's qualifications and relevant experience, the scope of the executive's job responsibilities, the executive's contributions and performance, the compensation levels of executives at similar companies with similar job responsibilities, that it had been three years since the base salaries of our executives had been increased and the 12-month salary reduction implemented in November 2008.

Cash Bonuses.

We currently do not have a formal bonus plan. Any bonuses paid have been in the discretion of the Compensation Committee and the Board of Directors. No bonuses were paid in 2008 or 2009 and a performance bonus was accrued during the second quarter of 2010 for performance during 2007, 2008 and 2009. Half of the accrued performance bonus was paid in the third quarter of 2010. The remainder will be paid upon our receipt of FDA 510(k) clearance for our Excellagen product.

As our business units are developing, the Compensation Committee is expected to give further consideration to plans that would seek to further align bonuses and other compensation with successful application of our business model by rewarding executive officers and other key personnel for significant contributions towards the development of our assets and portfolio of medical products and our efforts to monetize the economic value of that portfolio through strategic collaborations, selling businesses or assets, or completing other monetizing transactions at appropriate valuation inflection points.

Long-Term Incentive Compensation.

Each named executive officer is eligible to participate in our 2005 Equity Incentive Plan (the "Plan"). Under the Plan, the Compensation Committee, generally based on recommendations from our Chief Executive Officer, may grant incentive and nonqualified stock options, restricted stock, stock appreciation rights, and performance stock and units to executive officers and other personnel, non-employee directors and consultants. As of December 31, 2010, only incentive and nonqualified stock options have been granted under the Plan and none were granted to our named executive officers in 2010.

If outstanding stock options or stock appreciation rights are not assumed or substituted by a successor corporation or a parent or subsidiary of such successor corporation in the event of a change in control, then under the Plan, all outstanding stock options or stock appreciation rights become fully exercisable.

2010 Change in Control Severance Plan

In July 2010, the Board of Directors adopted a Change in Control Severance Plan that provides severance benefits to certain members of management and employees of the Company. The Company has entered into a severance agreement under the Change in Control Severance Plan with each of the named executive officers. Under the severance agreement, if the employment of any named executive officer is terminated within twelve months following a change in control by either such executive officer for good reason or by the Company for any reason other than cause, death or disability, then such executive officer is entitled to, subject to certain covenants and restrictions set forth in the severance agreement, (a) a cash payment equal to 1.5 times his base salary, (b) the continuation of certain employee benefits for no more than twelve months and (c) all accrued but unpaid salary and vacation, unreimbursed valid business expenses and other vested benefits pursuant to the express terms of any employee benefit plan.

Additionally, if the employment of a named executive officer is terminated within six months prior to an impending change in control and the Board of Directors determines, in good faith, that such termination was in connection with the impending change in control, then such executive officer will be entitled to the benefits set out in the paragraph above, subject to certain covenants and restrictions as set forth in the severance agreement.

For purposes of the severance agreements with the named executive officers, change in control generally means a merger or consolidation in which the Company is not the surviving entity the sale, transfer or other disposition of all or substantially all of the assets of the Company or the acquisition by any person or related group of persons of beneficial ownership of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities.

Other Employee Benefits and Arrangements.

Regardless of the manner in which the employment of a named executive officer is terminated, he is entitled to receive amounts earned during his term of employment. Such amounts include:

non-equity incentive compensation earned, to the extent vested;

equity awarded pursuant to the Plan, to the extent vested; and

unused vacation pay.

In the event of the death or disability of a named executive officer, no additional benefits other than those listed above will be paid to such executive officer.

During the fiscal year ended December 31, 2010, the Company did not have any pension or similar plans and not have any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

DIRECTOR COMPENSATION

Each non-employee director receives an annual retention fee of \$24,000, payable quarterly, and members of the Audit Committee receive an additional annual fee of \$10,000 for their service on the Audit Committee. Directors appointed during a term year may receive a proportional amount of the annual retention fee for that year. Options and other equity awards may be granted to directors on a discretionary basis. Upon joining the Board of Directors, each non-employee director receives an option under the Company's 2005 Equity Incentive Plan to acquire 100,000 shares of the Company's common stock, vesting over a four year period, with an exercise price equal to the last reported sale price of the Company's common stock on the date of grant, and a ten year term. Directors are reimbursed for travel and other expenses incurred in connection with attending board and committee meetings. Neither Mr. Reinhard nor Dr. Dylan-Hyde, each of whom serve as both our executive officers and on our Board of directors, received any additional compensation for serving as a director.

The following table shows the compensation earned by or paid or awarded to our non-employee directors for all services rendered by them in their capacity as a director of the Company during the year ended December 31, 2010.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Pursuant to the terms of the Audit Committee's charter, the Audit Committee is responsible for reviewing all related party transactions for potential conflict of interest situations on an ongoing basis. STOCKHOLDER PROPOSALS

Stockholders who wish to submit a proposal for inclusion in our proxy materials to be distributed in connection with next year's annual meeting must submit their proposal so that we receive it no later than the close of business on February 3, 2012. If, however, we change the date of next year's annual meeting by more than 30 days from the date of this year's annual meeting, the deadline to submit a proposal for inclusion in our proxy materials would be within a reasonable time before we begin to print such materials. Any such proposal must be in accordance with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended. Pursuant to such rule, simply submitting a proposal does not guarantee that it will be included in our proxy materials.

In accordance with our Amended and Restated Bylaws, to be properly brought before a meeting, a stockholder must deliver timely notice of any matter the stockholder wishes to present to the attention of our Secretary. To be timely, we must receive the notice at our principal place of business not later than the close of business on the 15th day following the date on which notice of such meeting or the record date thereof is first publicly announced with respect to special meetings, or 120 days before the date that is one year from the date of the immediately preceding annual meeting of stockholders with respect to proposals to be considered at an annual meeting of stockholders. To be in proper form, the notice must be in writing and include the specified information set forth in Section 1.12 of Article I of our Amended and Restated Bylaws.

All proposals and notices should be sent by certified mail, return receipt requested, to Cardium Therapeutics, Inc., 12255 El Camino Real, Suite 250, San Diego, California 92130, Attn: Tyler M. Dylan-Hyde, Secretary. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal or matter that does not comply with these and other applicable requirements.

The Board of Directors does not know of any other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting or any adjournment thereof, the proxy holders named in the accompanying proxy card will have discretionary authority to vote all proxies in accordance with their best judgment with respect to any such matters.
