PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus and does not contain all the information that you should consider before exchanging the notes. You should read this entire document carefully, including the information under the heading Risk Factors, before making a decision to exchange your outstanding notes for exchange notes.

Our Company

Clearwater Paper Corporation manufactures quality consumer tissue, away-from-home tissue, parent roll tissue, machine-glazed tissue, foam, bleached paperboard, pulp and wood products at 13 manufacturing locations in the U.S. and one in Canada. Our products primarily utilize pulp made from wood fiber. Our private label tissue products, such as facial and bath tissue, paper towels and napkins, are mainly used at-home and are principally sold to major retailers and wholesale distributors. These include grocery, drug, mass merchandise and discount stores. Our paperboard is sold primarily in the high-end segment of the packaging industry and is ultimately used by our customers to make packaging for products ranging from liquids to pharmaceuticals to consumer goods packaging, all of which demand high quality construction and print surfaces for graphics. We produce a significant amount of the pulp required in our tissue and paperboard businesses. We also manufacture wood products, including quality cedar used for its attractive appearance, and lumber products for construction.

History

Our facility in Lewiston, Idaho was established in 1927. Prior to our acquisition of Cellu Tissue Holdings Inc., or Cellu Tissue, all of our businesses had been owned directly or indirectly by Potlatch Corporation, which we refer to in this prospectus as Potlatch, until our spin-off on December 16, 2008, which we refer to in this prospectus as the spin-off. In the spin-off, Potlatch distributed 100% of the issued and outstanding shares of our common stock to the holders of Potlatch common stock.

Unless the context otherwise requires or unless otherwise indicated, references in this prospectus to Clearwater Paper Corporation, we, our, the company and us refer:

for all periods prior to the spin-off, to the Consumer Products, Pulp and Paperboard and Wood Products businesses separated from Potlatch Corporation in the spin-off; and

for all periods following the spin-off, to Clearwater Paper Corporation and its subsidiaries.

On December 27, 2010, we acquired Cellu Tissue. Cellu Tissue's customers include consumer retailers and away-from-home, or AFH, distributors of tissue products, and vertically integrated manufacturers and third-party converters serving the tissue, foam and machine-glazed tissue sectors. The Cellu Tissue operations manufacture large rolls of tissue, which we refer to as parent rolls, from purchased pulp and recycled fiber. Cellu Tissue has ten strategically located manufacturing and converting facilities in Connecticut, Georgia, Michigan, Mississippi, New York, Oklahoma, Wisconsin and Ontario, Canada. Six of Cellu Tissue's facilities manufacture parent rolls for internal conversion and external parent roll sales, two of these facilities produce converted tissue products and two facilities are integrated parent roll manufacturing and converting sites.

Organization

Our businesses are organized into two reportable operating segments: Consumer Products and Pulp and Paperboard. Commencing January 1, 2010, the wood products operating results have been consolidated into the Pulp and Paperboard segment. The Consumer Products business includes the Cellu Tissue operations we acquired on December 27, 2010.

Our Consumer Products segment manufactures and markets consumer private label tissue products in each tissue category, including bathroom tissue, household paper towels, napkins and facial tissue. As a result of the acquisition of Cellu Tissue, we also manufacture AFH bath and towel tissue, machine-glazed tissue, absorbent paper products and foam products. Our integrated manufacturing and converting operations and geographic footprint enable us to deliver a broad range of cost-competitive products with brand-like quality to our consumer products customers. In 2010, our Consumer Products segment had net sales of \$570.1 million.

Table of Contents

Our Pulp and Paperboard segment manufactures and markets bleached paperboard for the high-end segment of the packaging industry and is a leading producer of solid bleach sulfate, or SBS, paperboard. This segment also produces softwood market pulp, which is used as the basis for many paper products, and slush pulp, which it supplies to our Consumer Products segment. This segment also includes a wood products operation consisting of a lumber mill in Lewiston, Idaho that produces dimensional lumber and supplies wood chips to the adjacent pulp and paperboard facility. In 2010, our Pulp and Paperboard segment had net sales of \$879.9 million, which included \$77.0 million of intersegment pulp sales to our Consumer Products segment.

SUMMARY OF THE EXCHANGE OFFER

Offering of Outstanding Notes

On October 22, 2010, we issued \$375,000,000 aggregate principal amount of 7 1/8% Senior Notes due 2018 to the initial purchasers in a private offering. The initial purchasers subsequently resold the outstanding notes to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to non-U.S. persons within the meaning of Regulation S under the Securities Act.

Registration Rights Agreement

Clearwater Paper, the guarantors and the initial purchasers have entered into a registration rights agreement for the exchange offer. The registration rights agreement requires that Clearwater Paper use commercially reasonable efforts to complete a registered exchange offer for the outstanding notes or cause to become effective a shelf registration statement for resales of the outstanding notes. The exchange offer is intended to satisfy our obligations under the registration rights agreement.

The Exchange Offer

We are offering to exchange up to \$375,000,000 aggregate principal amount of our 7 1/8% Senior Notes due 2018, which have been registered under the Securities Act, for a like principal amount of our outstanding notes, which were offered without registration under the Securities Act. The form and terms of the exchange notes are the same as the form and terms of the outstanding notes except that (i) the exchange notes have been registered under the Securities Act, (ii) the exchange notes will not bear any legend restricting their transfer, (iii) the registration rights and additional interest provisions applicable to the outstanding notes do not apply to the exchange notes, and (iv) the exchange notes bear a different CUSIP number than the outstanding notes.

Procedures for Tendering Outstanding Notes

If you wish to accept the exchange offer, you must complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, in accordance with the instructions contained in this prospectus and in the letter of transmittal. You should then mail or otherwise deliver the letter of transmittal, or facsimile, together with the outstanding notes to be exchanged and any other required documentation, to the exchange agent at the address set forth in this prospectus and in the letter of transmittal.

Table of Contents

By executing the letter of transmittal, you will represent to Clearwater Paper that, among other things:

you, or any person or entity receiving the exchange notes, are acquiring the exchange notes in the ordinary course of business;

neither you nor any person or entity receiving the exchange notes is engaging in or intends to engage in a distribution of the exchange notes within the meaning of the federal securities laws;

neither you nor any person or entity receiving the exchange notes has an arrangement or understanding with any person or entity to participate in any distribution of the exchange notes;

neither you nor any person or entity receiving the exchange notes is an affiliate of Clearwater Paper, as defined in Rule 405 under the Securities Act;

if you are a broker-dealer, you will receive the exchange notes for your own account in exchange for outstanding notes acquired as the result of market-making activities or other trading activities and that you will deliver a prospectus in connection with any resale of the exchange notes; and

you are not acting on behalf of any person or entity that could not truthfully make these statements.

Alternatively, you may tender your outstanding notes by following the procedures for book-entry delivery or by complying with the guaranteed delivery procedures each described in this prospectus. See The Exchange Offer Procedures for Tendering.

Resales

Based on interpretations of the staff of the SEC, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

you are not a broker-dealer tendering notes acquired directly from us;

Edgar Filing: Van Paper CO - Form S-4/A

you are not participating, do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the exchange notes issued in the exchange offer; and

you are not an affiliate of Clearwater Paper.

If any of these conditions is not satisfied and you transfer any exchange notes issued to you in the exchange offer without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes from these requirements, you may incur liability under the Securities Act. Clearwater Paper will not assume and will not indemnify you against any such liability.

Each broker-dealer that is issued exchange notes in the exchange offer for its own account in exchange for outstanding notes, where such outstanding notes were acquired by that broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. See Plan of Distribution.

Prior to our spin-off from Potlatch Corporation on December 16, 2008, we were a wholly-owned subsidiary of Potlatch Corporation. On December 16, 2008, Potlatch distributed 100% of the issued and outstanding shares of our common stock to the holders of Potlatch common stock.

During the period from December 16, 2008 through December 31, 2010, we operated as and were accounted for as a separate public company. Our results of operations and financial condition reflected in the table below cover periods prior to the spin-off and related transactions. The historical financial and other data for periods prior to the spin-off were prepared on a combined basis from Potlatch's consolidated financial statements using the historical results of operations and basis of the assets and liabilities of Potlatch's Consumer Products and Pulp and Paperboard businesses and its wood products operation at Lewiston, Idaho, and give effect to allocations of expenses from Potlatch. The statement of financial position data as of December 31, 2006 is unaudited. The following historical financial information for the three months ended March 31, 2010 and 2011 is derived from our unaudited consolidated condensed financial statements and supporting books and records. RISK FACTORS

You should carefully consider the following risk factors in addition to the other information included in this prospectus before tendering your outstanding notes in the exchange offer. In addition, you should carefully consider the matters discussed under Risk Factors in our Form 10-K for the year ended December 31, 2010. If any of the following risks actually occur, our business, financial condition, prospects, results of operations or cash flow could be materially and adversely affected. Additional risks or uncertainties not currently known to us, or that we currently deem immaterial, may also impair our business operations. We cannot assure you that any of the events discussed in the risk factors below will not occur and if such events do occur, you may lose all or part of your investment in the notes.

Risks Related to the Exchange Offer

You may have difficulty selling the outstanding notes that you do not exchange.

If you do not exchange your outstanding notes for exchange notes pursuant to the exchange offer, the outstanding notes you hold will continue to be subject to the existing transfer restrictions. The outstanding notes may not be offered, sold or otherwise transferred, except in compliance with the registration requirements of the Securities Act, pursuant to an exemption from registration under the Securities Act or in a transaction not subject to the registration requirements of the Securities Act, and in compliance with applicable state securities laws. We do not anticipate that we will register the outstanding notes under the Securities Act. After the exchange offer is consummated, the trading market for the remaining untendered outstanding notes may be small and inactive. Consequently, you may find it difficult to sell any outstanding notes you continue to hold because there will be fewer outstanding notes of such series outstanding.

Failure to comply with the exchange offer procedures could prevent a holder from exchanging its outstanding notes.

Holders of the outstanding notes are responsible for complying with all exchange offer procedures. The issuance of exchange notes in exchange for outstanding notes will only occur upon completion of the procedures described in this prospectus under The Exchange Offer. Therefore, holders of outstanding notes who wish to exchange them for exchange notes should allow sufficient time for timely completion of the exchange procedure. Neither Clearwater Paper nor the exchange agent is obligated to extend the offer or notify you of any failure to follow the proper procedure.

Some holders of the exchange notes may be required to comply with the registration and prospectus delivery requirements of the Securities Act.

If you exchange your outstanding notes in the exchange offer for the purpose of participating in a distribution of the exchange notes, you may be deemed to have received restricted securities and, if so, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

In addition, a broker-dealer that purchased outstanding notes for its own account as part of market-making or trading activities must deliver a prospectus when it sells the exchange notes it received in the exchange offer. Our obligation to make this prospectus available to broker-dealers is limited. We cannot assure you that a proper prospectus will be available to broker-dealers wishing to resell their exchange notes.

Risks Related to Our Business

The expansion of our business through the acquisition of Cellu Tissue, other potential acquisitions and construction of new paper making and converting facilities may not proceed as anticipated.

Our long-term growth strategy involves expanding our Consumer Products segment in both size and geographic reach. In December 2010, we acquired Cellu Tissue, which operates manufacturing and converting facilities primarily located on the East Coast and Midwest. Concurrently with our integration of Cellu Tissue, we are

Table of Contents

building a new TAD paper machine and converting facilities in Shelby, North Carolina. In the future, we may build other converting and papermaking facilities, pursue acquisitions of existing facilities, or both. Building new, or acquiring and modifying existing, manufacturing facilities entails numerous risks, including difficulties in completing such projects on time due to construction and permitting issues, financing the project, completing the project within budget and integrating new operations and personnel. For example, the facilities under construction in Shelby, North Carolina, are highly complex and costly and the paper machine can be manufactured by only a few companies in the world. As a result, the purchase and installation of this paper machine would be delayed in the event the manufacturer is not able to meet our timelines, and we do not expect that we would be able to find a replacement without significant additional cost and delay.

We may be unable to identify future suitable building locations or acquisition targets. In addition, we may be unable to achieve anticipated benefits or cost savings from construction projects or acquisitions in the timeframe we anticipate, or at all. Any inability by us to integrate and manage any new or acquired facilities or businesses in a timely and efficient manner, any inability to achieve anticipated cost savings or other anticipated benefits from these projects or acquisitions in the time frame we anticipate or any unanticipated required increases in promotional or capital spending could adversely affect our business, financial condition, results of operations or liquidity. Large construction projects or acquisitions can result in a decrease in our cash, an increase in our indebtedness, or both, and also may limit our ability to access additional capital when needed and divert management's attention from other business concerns.

We may not realize the expected benefits of the acquisition of Cellu Tissue because of integration difficulties and other challenges.

We may not be able to maintain the levels of revenue, earnings or operating efficiency that each of Clearwater Paper and Cellu Tissue had achieved or might have achieved separately. In addition, the success of the acquisition will depend, in part, on our ability to realize the anticipated benefits from the acquisition, including anticipated synergies and costs savings. The integration process will be complex, costly and time-consuming. The potential risks associated with our efforts to integrate the operations of Cellu Tissue's business include, among others:

failure to implement effectively our business plan for the combined business;

unanticipated issues in integrating financial, manufacturing, logistics, information, communications and other systems;

failure to retain key employees;

failure to retain key customers;

inconsistencies in standards, controls, procedures and policies, including internal control and regulatory requirements under the Sarbanes-Oxley Act of 2002; and

unanticipated issues, expenses and liabilities.

Further, the integration of the Cellu Tissue businesses requires the focused attention of our management team, including a significant commitment of their time and resources. The need for our management to focus on integration matters could have a material and adverse impact on our sales and operating results.

Changes in the cost and availability of wood fiber used in production of our products may adversely affect our results of operations and cash flow.

Wood fiber, primarily wood chips and sawdust, is the principal raw material used in our pulp and paperboard products and the manufacturing of our consumer products. Pulp is subject to significant price fluctuations due to the cyclical nature of wood fiber markets. The average per ton price of pulp purchased by our Consumer Products segment, excluding Cellu Tissue, was approximately 47% higher in 2010 compared to 2009.

Table of Contents

Increases in pulp prices could adversely affect our earnings if we are unable to pass these cost increases on to our customers or if the timing of any price increases for our products significantly trail the increases in pulp prices. We have not hedged to manage these risks.

Our Consumer Products segment has historically sourced a portion of its wood pulp supply from our Pulp and Paperboard segment, while the Cellu Tissue operations we acquired have historically relied entirely on external suppliers for wood pulp. Consequently, we will have a much greater percentage of our total wood pulp requirements sourced from external suppliers, creating greater exposure to fluctuations in prices for wood pulp.

Much of the wood fiber we use in our pulp manufacturing process is the by-product of lumber mill operations, particularly in Lewiston, Idaho. As a result, the price of these residual wood fibers is affected by operating levels in the lumber industry. The significant reduction in home building over the past three years resulted in the closure or curtailment of operations at many lumber mills. The price of wood fiber is expected to remain volatile until the housing market recovers and lumber mill operations increase. Additionally, the supply and price of wood fiber can be negatively affected by weather and other events.

The effects on market prices for wood fiber resulting from various governmental programs involving tax credits or payments related to biomass and other renewable energy projects are uncertain and could result in a reduction in the supply of wood fiber available for our pulp and paperboard manufacturing operations. If we and our pulp suppliers are unable to obtain wood fiber at favorable prices or at all, our results and operations may be materially adversely affected.

Increases in our transportation costs or disruptions in our transportation services could have a material adverse effect on our business.

Our business, particularly our Consumer Products business, is dependent on transportation services to deliver our products to our customers and to deliver raw materials to us. In 2010, our transportation costs were 10% of our cost of sales. The costs of these transportation services are affected by the volatility in fuel prices, such as those caused by recent geopolitical and economic events. We have not been in the past, and may not be in the future, able to pass along part or all of any fuel price increases to customers. If we are unable to increase our prices as a result of increased fuel costs charged to us by transportation providers, our gross margins may be materially adversely affected.

If any transportation providers fail to deliver raw materials to us in a timely manner, we may be unable to manufacture products on a timely basis. Shipments of products and raw materials may be delayed due to weather conditions, strikes or other events. Any failure of a third-party transportation provider to deliver raw materials or products in a timely manner could harm our reputation, negatively affect our customer relationships and have a material adverse effect on our business, financial condition and results of operations.

The cost of chemicals and energy needed for our manufacturing processes significantly affects our business.

We use a variety of chemicals in our manufacturing processes, including latex and polyethylene, many of which are petroleum-based chemicals. Prices of chemicals that we purchase were approximately 7% higher in 2010 compared to 2009. Prices for these chemicals have been and are expected to remain volatile. In addition, chemical suppliers that use petroleum-based products in the manufacture of their chemicals may, due to supply shortages and cost increases, ration the amount of chemicals available to us, and therefore we may not be able to obtain at favorable prices the chemicals we need to operate our business, if we are able to obtain them at all. Further, certain specialty chemicals that we purchase are available only from a small number of suppliers. If any of these suppliers were to cease operations or cease doing business with us, we may be unable to obtain such chemicals at favorable prices, if at all.

Our manufacturing operations utilize large amounts of electricity and natural gas. Energy costs were 8% of our cost of sales in 2010, or \$92 million. Energy prices have fluctuated widely over the past decade, which in turn affects cost of sales. Our energy expenses were 5% lower in 2010 than in 2009. We purchase on the open market a substantial portion of the natural gas necessary to produce our products, and, as a result, the price and other terms of those purchases are subject to change based on factors such as worldwide supply and demand, geopolitical events,

Table of Contents

government regulation, and natural disasters. To help mitigate the exposure to market risk for changes in natural gas commodity pricing, we have used firm-price contracts to supply a portion of our natural gas requirements. We have also taken steps to reduce our energy usage through conservation and increasing our internal energy production at our Lewiston, Idaho cogeneration facility, as has Cellu Tissue at its Menominee, Michigan and East Hartford, Connecticut cogeneration facilities. Our energy costs in future periods will depend principally on our ability to produce a substantial portion of our electricity needs internally, on changes in market prices for natural gas and on reducing energy usage.

Any significant energy shortage or significant increase in our energy costs in circumstances where we cannot raise the price of our products could have a material adverse effect on our business, financial condition and results of operations. Any disruption in the supply of energy could also affect our ability to meet customer demand in a timely manner and could harm our reputation.

Changes in demand for certain products could adversely affect our financial results.

Our ability to compete successfully depends on our ability to adjust to increases and decreases in demand. If we are unable to respond to increases in demand, we may need to limit deliveries of some orders for existing customers, which could harm our reputation and our long-term relationships with these customers. Currently, we are unable to meet all of the demand from existing and potential customers for bathroom tissue due to very high demand. Alternatively, if we experience a decrease in demand for certain products, we may incur significant costs in revising our manufacturing plan. If we are not able to respond to changes in demand for our products in a timely manner, our financial position and results of operations may be adversely affected.

Branded products and increased competition over TAD products could have an adverse effect on our financial results.

Our consumer products compete with well-known, branded products, as well as other private label products. Inherent risks in our competitive strategy include whether our products will receive direct and retail customer acceptance, new product offerings by competitors, the effects of consolidation within retailer and distribution channels, and price competition from companies that may have greater financial resources than we do. In addition, some of our private label competitors have built or announced plans to build new papermaking facilities that will produce TAD paper used to produce high-end consumer products that compete with high-end branded products. We currently produce TAD paper used for paper towels at only two facilities, Las Vegas and the recently acquired Cellu Tissue St. Catharines, Ontario facility, and we currently do not produce TAD bathroom tissue. If we are unable to offer our existing customers, or new customers, comparable consumer products and in sufficient quantities, we may lose business, not be able to grow our existing business and be forced to sell lower-margin products, all of which could negatively affect our financial condition and results of operations.

Cyclical industry conditions have in the past affected and may continue to adversely affect the operating results and cash flow of our Pulp and Paperboard business.

Our Pulp and Paperboard business is particularly affected by cyclical market conditions. We may be unable to sustain pricing in the face of weaker demand, and weaker demand may in turn cause us to take production downtime. In addition to lost revenue from lower shipment volumes, production downtime causes unabsorbed fixed manufacturing costs due to lower production levels. Our results of operations and cash flows may be materially affected in a period of prolonged and significant market weakness. We are not able to predict market conditions or our ability to sustain pricing and production levels during periods of weak demand.

The loss of, or a significant reduction in, orders from, or changes in prices in regards to, any of our large customers could adversely affect our operating results and financial condition.

In 2010, excluding Cellu Tissue, our Consumer Products segment derived approximately 61% of its net sales, and we derived approximately 25% of our total net sales, from the Kroger Company and two other customers. The Kroger Company accounted for 11% of our total net sales in each of 2009 and 2010. Sales to these three customers have represented nearly 60% of segment net sales in each of the last three fiscal years. We have experienced increased price and promotion competition for our consumer products customers, which can decrease

Table of Contents

our gross margins and adversely affect our financial condition. Some of the Cellu Tissue customers have the capability to produce the parent rolls or products themselves that they previously purchased from Cellu Tissue. Our Pulp and Paperboard segment sells its products to a large number of customers, although certain customers have historically purchased a significant amount of our pulp or paperboard products.

We do not have long-term contracts with any of our customers that ensure a continuing level of business from them. In addition, our agreements with our customers are not exclusive and generally do not contain minimum volume purchase commitments.

Our relationship with our large customers will depend on our ability to continue to meet their needs for quality products at competitive prices. If we lose one of these customers or if we experience a significant decline in the level of purchases by any of them, we may not be able to quickly replace the lost business volume and our operating results and business could be harmed. In addition, our focus on these large accounts could affect our ability to serve our smaller accounts, particularly when product supply is tight and we are not able to fully satisfy orders for these smaller accounts.

We rely on a limited number of third-party suppliers for certain raw materials required for the production of our products. Furthermore, in some cases we rely on a single supplier.

Our dependence on a limited number of third-party suppliers or on a single supplier, and the challenges we may face in obtaining adequate supplies of raw materials, involve several risks, including limited control over pricing, availability, quality, and delivery schedules. We cannot be certain that our current suppliers will continue to provide us with the quantities of these raw materials that we require or will continue to satisfy our anticipated specifications and quality requirements. Any supply interruption in limited or sole-sourced raw materials could materially harm our ability to manufacture our products until a new source of supply, if any, could be identified and qualified. Although we believe there are other suppliers of these raw materials, we may be unable to find a sufficient alternative supply channel in a reasonable time or on commercially reasonable terms. Any performance failure on the part of our suppliers could interrupt production of our products, which would have a material adverse effect on our business.

United States and global economic conditions could have adverse effects on the demand for our products and financial results.

U.S. and global economic conditions have negatively affected and may continue to negatively affect our business and financial results. In particular, the away-from-home consumer paper products market has experienced a decline because of the slowdown in the travel and restaurant industries as a result of the current economic downturn. Recessed economic conditions affect our business in a number of ways, including causing (i) increased pressure for price concessions from customers; (ii) declines in domestic and global demand for paperboard; (iii) shifts in customer purchases that affect the mix of our product sales; (iv) decreased or low housing starts, which increase production costs due to lower wood fiber supplies and extend the slump in demand for our wood products; and (v) financial distress or insolvency for certain customers which could affect our sales volumes or our ability to collect accounts receivable on a timely basis from those customers.

Larger competitors have operational and other advantages over our operations.

The markets for our products are highly competitive, and companies that have substantially greater financial resources compete with us in each market. Some of our competitors will have advantages over us, including lower raw material and labor costs and better access to the inputs of our products.

Our Consumer Products business faces competition from companies that produce the same type of products that we produce or that produce alternative products that customers may use instead of our products. Our Consumer Products business competes with the branded tissue products producers, such as Procter & Gamble, and branded label producers who manufacture branded and private label products, such as Georgia-Pacific and Kimberly-Clark. These companies are far larger than us, have much greater sales, marketing and research and development resources than we do, and enjoy significant cost advantages due to economies of scale. Historically, pure branded tissue producers have not produced private label tissue products. The greater scope and scale of operations enjoyed at our

Table of Contents

major Consumer Products competitors would allow them to produce greater quantities of private label tissue at lower costs than we incur. In addition, because of their size and resources, these companies may foresee market trends more accurately than we do and develop new technologies that render our products less attractive or obsolete.

Our ability to successfully compete in the pulp and paperboard industry is influenced by a number of factors, including manufacturing capacity, general economic conditions and the availability and demand for paperboard substitutes. Our Pulp and Paperboard business competes with International Paper, MeadWestvaco, Georgia-Pacific, RockTenn and international producers, most of whom are much larger than us. Any increase in manufacturing capacity by any of these or other producers could result in overcapacity in the pulp and paperboard industry, which could cause downward pressure on pricing. In addition, customers could choose to use types of paperboard that we do not produce or could rely on alternative materials, such as plastic, for their products. An increased supply of any of these products could cause us to lower our prices or lose sales to competitors, either of which could have a material adverse effect on our business, financial condition and results of operations.

Our qualification to retain, or ability to utilize, tax credits associated with alternative fuels or cellulosic biofuels and the tax treatment associated with receipt of such credits are uncertain.

In 2009, we received refundable tax credit payments in connection with our use of black liquor, a by-product of the pulp manufacturing process, in an alternative fuel mixture to produce energy at our pulp mills. The amount of the refundable tax credit was equal to \$0.50 per gallon of alternative fuel mixture used. This tax credit expired on December 31, 2009. In 2009, we recorded income of \$170.6 million related to the Alternative Fuel Mixture Tax Credit, or AFMTC. We did not record any income in 2010 relating to the AFMTC.

There is relatively little guidance regarding the AFMTC and the law governing the issue is complex. Accordingly, there remains uncertainty as to our qualification to receive the tax credit in 2009, as well as to whether we will be entitled to retain the amounts we received upon further review by the Internal Revenue Service, or IRS. In addition, while it is our position that payments received or credits taken in relation to the AFMTC should not be subject to corporate income tax, there can be no assurance as to whether or not the amounts we have received will be subject to taxation.

We are also registered with the IRS as a cellulosic biofuel producer, which enables us to claim the \$1.01 per gallon Cellulosic Biofuel Producer Credit, or CBPC, in regards to black liquor produced and used as a fuel by us at our pulp mills in 2009. We have changed, and may in the future make additional changes in, our position as to some or all of the credits we claimed under the AFMTC on our 2009 federal income tax form, provided we believe we will have sufficient future federal taxable earnings to enable us to carry forward the credits potentially available under the CBPC. There can be no assurance that we will be able to fully utilize the CBPC.

Our business and financial performance may be harmed by future labor disruptions.

Approximately 50% of our full-time employees are represented by unions under collective bargaining agreements. As these agreements expire, we may not be able to negotiate extensions or replacement agreements on terms acceptable to us. We currently have two collective bargaining agreements under negotiation. Any failure to reach an agreement with one of the unions may result in strikes, lockouts or other labor actions. Any such labor actions, including work slowdowns or stoppages, could have a material adverse effect on our operations and financial results.

We are subject to significant environmental regulation and environmental compliance expenditures, which could increase our costs and subject us to liabilities.

We are subject to various federal, state and foreign environmental laws and regulations concerning, among other things, water discharges, air emissions, hazardous material and waste management and environmental cleanup. Environmental laws and regulations continue to evolve and we may become subject to increasingly stringent environmental standards in the future, particularly under air quality and water quality laws and standards related to climate change issues, such as reporting of greenhouse gas emissions. Increased regulatory activity at the state, federal and international level is possible regarding climate change as well as other emerging environmental issues associated with our manufacturing sites. Compliance with regulations that implement new public policy in these areas might require significant expenditures on our part.

Table of Contents

We are required to comply with environmental laws and the terms and conditions of multiple environmental permits. In particular, the pulp and paper industry in the United States is subject to several performance based rules associated with effluent and air emissions as a result of certain of its manufacturing processes. Federal, state and local laws and regulations require us to routinely obtain authorizations from and comply with the evolving standards of the appropriate governmental authorities, which have considerable discretion over the terms of permits. Failure to comply with environmental laws and permit requirements could result in civil or criminal fines or penalties or enforcement actions, including regulatory or judicial orders enjoining or curtailing our operations or requiring us to take corrective measures, install pollution control equipment, or take other remedial actions, product recalls or labeling changes. We also may be required to make additional expenditures, which could be significant, relating to environmental matters on an ongoing basis.

We own properties, conduct or have conducted operations at properties, and have assumed indemnity obligations in connection with our spin-off from Potlatch for properties or operations, where hazardous materials have been or were used for many years, including during periods before careful management of these materials was required or generally believed to be necessary. Consequently, we will continue to be subject to risks under environmental laws that impose liability for historical releases of hazardous substances. There can be no assurance that future environmental permits will be granted or that we will be able to maintain and renew existing permits, and the failure to do so could have a material adverse effect on our results of operations and financial condition.

We incur significant expenses to maintain our manufacturing equipment and any interruption in the operations of our facilities may harm our operating performance.

We regularly incur significant expenses to maintain our manufacturing equipment and facilities. The machines and equipment that we use to produce our products are complex, have many parts and some are run on a continuous basis. We must perform routine maintenance on our equipment and will have to periodically replace a variety of parts such as motors, pumps, pipes and electrical parts. In addition, our pulp and paperboard facilities require periodic shutdowns to perform major maintenance. These scheduled shutdowns of facilities result in decreased sales and increased costs in the periods in which the shutdown occurs.

Unexpected production disruptions could cause us to shut down or curtail operations at any of our facilities. For example, we curtailed operations at our Lewiston Pulp and Paperboard facility in early 2010 as the result of a blow tank collapse and curtailed operations at our Wiggins, Mississippi consumer products facility in early 2011 as the result of a fire. Disruptions could occur due to any number of circumstances, including prolonged power outages, mechanical or process failures, shortages of raw materials, natural catastrophes, disruptions in the availability of transportation, labor disputes, terrorism, changes in or non-compliance with environmental or safety laws and the lack of availability of services from any of our facility's key sole suppliers. Any facility shutdowns may be followed by prolonged startup periods, regardless of the reason for the shutdown. Those startup periods could range from several days to several weeks, depending on the reason for the shutdown and other factors. Any prolonged disruption in operations at any of our facilities could cause significant lost production, which would have a material adverse effect on our business, financial condition and results of operations.

Our wood products business, which is part of our Pulp and Paperboard segment, is highly sensitive to downturns in the housing market.

Our wood products business is a commodity business, which is closely tied to the demand for, and supply of, housing. The home building industry is influenced by numerous factors, including economic changes nationally and locally, mortgage and other interest rates, consumer confidence, job formation, demographic trends, tax incentives, and the availability of credit. The current depressed conditions in the housing market resulting from, among other factors, excess unsold home inventory levels and lack of availability of credit for lenders, builders and homebuyers, have materially adversely affected our wood products business. A continuing and prolonged downturn in the housing market could have a significant adverse effect on the future results of operations of our Pulp and Paperboard segment.

Table of Contents

Our pension plans are currently underfunded, and over time we will be required to make cash payments to the plans, reducing cash available for our business.

We have company-sponsored pension plans covering our salaried and hourly employees. The significant decline in the securities markets beginning in 2008 and resulting substantial decline in the value of equity and fixed income investments held by the plans caused these pension plans to be underfunded because our projected benefit obligation exceeds the aggregate fair value of plan assets. As a result, we are required to make contributions to our qualified pension plans. In 2010, we contributed \$15.1 million to these pension plans, which covered all of our 2009 and 2010 tax year requirements as well as made an additional \$10.0 million voluntary contribution. The required cash contribution to our qualified pension plans for 2011 is expected to be approximately \$8.7 million plus interest payable by September 2011, and we expect to be required to contribute approximately \$8.0 million plus interest payable by September 2012. We may be required to make increased annual contributions to our pension plans in future years, which would reduce the cash available for business and other needs.

Our pension and health care costs are subject to numerous factors which could cause these costs to change.

In addition to our pension plans, we provide retiree health care benefits to certain of our current and former U.S. salaried and hourly employees. Our retiree health care costs vary with changes in health care costs generally, which have significantly exceeded general economic inflation rates for many years. Our pension costs are dependent upon numerous factors resulting from actual plan experience and assumptions about future investment returns. Pension plan assets are primarily made up of equity and fixed income investments. Fluctuations in actual equity market returns as well as changes in general interest rates may result in increased pension costs in future periods. Likewise, changes in assumptions regarding current discount rates and expected rates of return on plan assets could also increase pension costs. Significant changes in any of these factors may adversely impact our cash flows, financial condition and results of operations.

We rely on information technology in critical areas of our operations, and a disruption relating to such technology could harm our financial condition.

We use information technology, or IT, systems in various aspects of our operations, including enterprise resource planning, management of inventories and customer sales. Some of these systems have been in place for long periods of time. Additionally, with the acquisition of Cellu Tissue, we have different legacy IT systems which we need to integrate. If one of these systems was to fail, or if we decide to change these systems or hire outside parties to provide these systems, we may suffer disruptions, which could have a material adverse effect on our results of operations and financial condition. In addition, we may underestimate the costs and expenses of developing and implementing new systems.

Risks Related to Our Indebtedness and the Notes

The indenture for the exchange notes and the agreements governing our other indebtedness contain various covenants that limit our discretion in the operation of our business.

The indenture governing the exchange notes and our existing \$150 million principal amount of 10.625% Senior Notes due 2016, which we refer to as the 10.625% Notes, and the credit agreement governing our senior secured revolving credit facility contain various provisions that limit our discretion in the operation of our business by restricting our ability to:

undergo a change in control;

sell assets;

pay dividends and make other distributions;

make investments and other restricted payments;

redeem or repurchase our capital stock;

Table of Contents

incur additional debt and issue preferred stock;

create liens;

consolidate, merge, or sell substantially all of our assets;

enter into certain transactions with our affiliates;

engage in new lines of business; and

enter into sale and lease-back transactions.

These restrictions on our ability to operate our business in our discretion could seriously harm our business by, among other things, limiting our ability to take advantage of financing, merger and acquisition and other corporate opportunities. In addition, our senior secured revolving credit facility requires, among other things, that we maintain a minimum fixed charge coverage ratio of at least 1.0-to-1.0 when availability falls below \$50 million or an event of default exists. Events beyond our control could affect our ability to meet this financial test, and we cannot assure you that we will meet it.

Our substantial indebtedness could adversely affect our cash flow and prevent us from fulfilling our obligations, including obligations associated with the exchange notes.

In order to finance the acquisition of Cellu Tissue, we incurred debt of \$375 million through the sale of notes, and assumed approximately \$16 million of existing debt issued by a subsidiary of Cellu Tissue. Additionally, we have outstanding indebtedness of \$150 million under notes we issued in 2009. As of December 31, 2010, we and our subsidiaries had approximately \$539.1 million of aggregate long term debt. Our level of indebtedness could restrict our operations and could have important consequences to you. For example, it could:

make it more difficult for us to satisfy our obligations with respect to the exchange notes;

increase our vulnerability to general adverse economic and industry conditions;

require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flow to fund working capital and capital expenditures, and for other general corporate purposes;

limit our flexibility in planning for, or reacting to, changes in our business and industry, which may place us at a competitive disadvantage compared to our competitors that have less debt; and

limit, along with the financial and other restrictive covenants in our indebtedness, among other things, our ability to borrow additional funds.

Despite current indebtedness levels, we may still be able to incur substantially more debt. This could further increase the risks associated with our substantial leverage.

Edgar Filing: Van Paper CO - Form S-4/A

We may incur substantial additional indebtedness in the future. The terms of our credit agreement governing our senior secured revolving credit facility and the indentures governing the exchange notes and our 10.625% Notes will allow us and our subsidiaries to incur additional indebtedness subject to limitations. As of December 31, 2010, we had approximately \$121.0 million of unused commitments available to be borrowed under our senior secured revolving credit facility. If new debt is added to our current debt levels, or any debt is incurred by our subsidiaries, the related risks that we and they now face could increase.

Table of Contents

To service our indebtedness, we must generate significant cash flows. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the exchange notes, and to fund planned capital expenditures, will depend on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under our senior secured revolving credit facility in an amount sufficient to enable us to pay our indebtedness, including the exchange notes, or to fund our other liquidity needs. We cannot assure you that we will be able to refinance any of our indebtedness, including our new senior secured revolving credit facility and the exchange notes, on commercially reasonable terms or at all.

Our failure to comply with the covenants contained in our senior secured revolving credit facility or the indentures governing the exchange notes and our 10.625% Notes, including as a result of events beyond our control, could result in an event of default that could cause repayment of the debt to be accelerated.

If we are not able to comply with the covenants and other requirements contained in the indentures governing the exchange notes and our 10.625% Notes, our senior secured revolving credit facility or our other debt instruments, an event of default under the relevant debt instrument could occur. If an event of default does occur, it could trigger a default under our other debt instruments, prohibit us from accessing additional borrowings, and permit the holders of the defaulted debt to declare amounts outstanding with respect to that debt to be immediately due and payable. Our assets and cash flow may not be sufficient to fully repay borrowings under our outstanding debt instruments. In addition, we may not be able to refinance or restructure the payments on the applicable debt. Even if we were able to secure additional financing, it may not be available on favorable terms.

The exchange notes are not secured by our or our subsidiaries' assets and the lenders under our senior secured revolving credit facility will be entitled to remedies available to a secured lender, which gives them priority over you to collect amounts due to them.

The exchange notes will be effectively junior in right of payment to all of our secured indebtedness to the extent of the collateral securing such indebtedness. Loans under our senior secured revolving credit facility are secured by a security interest in certain of our accounts receivable, inventory and cash. Under the indenture governing the exchange notes, we are permitted to allow liens securing certain additional indebtedness. If we become insolvent or are liquidated, or if payment under our senior secured revolving credit facility or in respect of any other future secured indebtedness is accelerated, the lenders under our senior secured revolving credit facility or holders of other future secured indebtedness will be entitled to exercise the remedies available to a secured lender under applicable law (in addition to any remedies that may be available under documents pertaining to our senior secured revolving credit facility or such other secured debt). If we are unable to pay our obligations to our senior secured lenders, they could proceed against any or all of the collateral securing our indebtedness to them. In addition, a breach of the restrictions or covenants contained in the senior secured revolving credit facility or acceleration by our senior secured lenders of our obligations to them would cause a default under the exchange notes. We may not have, or be able to obtain, sufficient funds to repay the exchange notes in full upon acceleration after we pay our senior secured lenders to the extent of their collateral. As of December 31, 2010, we and the guarantors had approximately \$15.6 million of secured indebtedness outstanding (excluding letters of credit outstanding under our senior secured revolving credit facility) and approximately an additional \$121.0 million of unused commitments available to be borrowed under our senior secured revolving credit facility.

We may not be able to repurchase the exchange notes upon a change of control.

Upon the occurrence of specific kinds of change of control events, unless we have otherwise redeemed the exchange notes, the holders of the exchange notes will have the right to require us to repurchase all or any part of the holders' exchange notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of purchase. If we experience such a change of control, there can be no assurance that we would have sufficient financial resources available to satisfy our obligations to repurchase the exchange notes. The events that

Table of Contents

would constitute a change of control under the indenture would also likely result in an event of default under our senior secured revolving credit facility, in which case we would be required to pay our secured indebtedness with the proceeds of sales of the collateral securing our senior secured revolving credit facility before we repurchase any of the exchange notes. Our future indebtedness may also contain restrictions on our ability to repurchase the exchange notes upon certain events, including transactions that would constitute a change of control under the indenture. Our failure to purchase the exchange notes as required under the indenture governing the exchange notes would result in a default under the indenture, which could have material adverse consequences for us and the holders of the exchange notes.

Claims of creditors of non-guarantor subsidiaries will have priority with respect to the assets and earnings of such subsidiaries over you.

All but two of our subsidiaries will guarantee the exchange notes. As of December 31, 2010, our non-guarantor subsidiaries had \$130.0 million of total assets and \$45.5 million of total liabilities, which represented less than 10% of our combined total assets and total liabilities. For the year ended December 31, 2010, our non-guarantor subsidiaries had \$0.9 million of net sales, which would have represented less than 10% of our combined total net sales. Further, none of our future foreign subsidiaries will guarantee the exchange notes. Additionally, we may designate any of our future domestic subsidiaries as *unrestricted* under the indenture, and such unrestricted subsidiaries will not guarantee the exchange notes. Claims of creditors of any subsidiaries that do not guarantee the exchange notes, including trade creditors, secured creditors and creditors holding indebtedness and guarantees issued by such subsidiaries, will generally have priority with respect to the assets and earnings of such subsidiaries over our claims or those of our creditors, including you, even if the obligations of those subsidiaries do not constitute senior indebtedness.

Fraudulent conveyance laws may permit courts to void future guarantees of the exchange notes in specific circumstances, which would interfere with the payment under the guarantees.

Federal and state statutes may allow courts, under specific circumstances, to void the future guarantees of the exchange notes. These courts could require you to return payments received from the guarantors in the event of the guarantors' bankruptcy or other financial difficulty. Under U.S. federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee could be subordinated to all other indebtedness of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

incurred the guarantee with the intent of hindering, delaying or defrauding current or future creditors; or

received less than reasonably equivalent value or fair consideration for incurring the guarantee, and

was insolvent or was rendered insolvent by reason of the incurrence;

was engaged, or about to engage, in a business or transaction for which the assets remaining with it constituted unreasonably small capital to carry on such business;

intended to incur, or believed that it would incur, debts beyond its ability to pay as those debts matured; or

was a defendant in an action for money damages, or had a judgment for money damages entered against it if, in either case, after final judgment the judgment was unsatisfied.

The measure of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law of the jurisdiction that is being applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a debtor would be considered insolvent if, at the time the debtor incurred the indebtedness, either:

Edgar Filing: Van Paper CO - Form S-4/A

the sum of the debtor's debts and liabilities, including contingent liabilities, was greater than the debtor's assets at fair valuation; or

Table of Contents

the present fair saleable value of the debtor's assets was less than the amount required to pay the probable liability on the debtor's total existing debts and liabilities, including contingent liabilities, as they became absolute and matured.

If a court voids a guarantee or holds it unenforceable, you will cease to be a creditor of the guarantor and will be a creditor solely of us and the other guarantors. In addition, any payment by such guarantor pursuant to its guarantee could be voided and required to be returned to such guarantor, or to a fund for the benefit of the creditors of the guarantor.

USE OF PROCEEDS

This exchange offer is intended to satisfy our obligations under the registration rights agreement entered into in connection with the offering of the outstanding notes. We will not receive any proceeds from the exchange offer. In consideration for issuing the exchange notes, we will receive in exchange outstanding notes of like principal amount, the terms of which are identical in all material respects to the exchange notes, except that the exchange notes will not be subject to transfer restrictions and will not have registration rights or accrue additional interest. The outstanding notes surrendered in exchange for the exchange notes will be retired and canceled and cannot be reissued. Accordingly, issuance of the exchange notes will not result in any increase in our indebtedness. We have agreed to bear the expenses of the exchange offer. No underwriter is being used in connection with the exchange offer.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

On October 22, 2010, we issued an aggregate principal amount of \$375,000,000 of outstanding notes in an offering under Rule 144A and Regulation S under the Securities Act that were not registered under the Securities Act. In connection with the issuance and sale of the outstanding notes, we entered into a registration rights agreement with the representatives of the initial purchasers of the outstanding notes. Under the registration rights agreement, we agreed to file a registration statement regarding the exchange of the outstanding notes for exchange notes registered under the Securities Act. We also agreed to use our reasonable best efforts to cause the registration statement to become effective with the SEC and to conduct this exchange offer after the registration statement is declared effective. The form and terms of the exchange notes are substantially identical to the outstanding notes except that the issuance of the exchange notes has been registered under the Securities Act and the transfer restrictions, registration rights and the additional interest provisions relating to the outstanding notes do not apply to the exchange notes.

The exchange offer is not being made to holders of outstanding notes in any jurisdiction where the exchange would not comply with the securities or blue sky laws of such jurisdiction. The registration rights agreement entered into in connection with the issuance of the outstanding notes, dated October 22, 2010, is filed as an exhibit to our Current Report on Form 8-K filed with the SEC on October 22, 2010, which exhibit is incorporated by reference into this prospectus.

Terms of the Exchange Offer

Upon the terms and conditions described in this prospectus, we will accept for exchange outstanding notes that are properly tendered on or before the expiration date and not withdrawn as permitted below. As used in this prospectus, the term expiration date means 12:00 midnight, New York City time, on _____, 2011. However, if we extend the period of time for which the exchange offer is open, the term expiration date means the latest time and date to which we extend the exchange offer.

As of the date of this prospectus, \$375,000,000 aggregate principal amount of the outstanding notes is outstanding. The outstanding notes were offered under an indenture dated October 22, 2010. This prospectus is first being sent on or about _____, 2011 to all holders of outstanding notes known to us. Our obligation to accept outstanding notes for exchange in the exchange offer is subject to the conditions described under Conditions to the Exchange Offer. We reserve the right to extend the period of time during which the exchange offer is open. We would then delay acceptance for exchange of any outstanding notes by giving oral or written notice of an extension and delay to the holders of outstanding notes as described below. During any extension period, all outstanding notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any outstanding notes not accepted for exchange will be returned to the tendering holder after the expiration or termination of the exchange offer. Holders of outstanding notes do not have dissenters' rights of appraisal in connection with the exchange offer.

You may only exchange outstanding notes in denominations of \$2,000 and higher integral multiples of \$1,000.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any outstanding notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified under Conditions to the Exchange Offer. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. We will notify you of any extension by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

Procedures for Tendering

You may only tender your outstanding notes by book-entry transfer of the outstanding notes into the exchange agent's account at the Depository Trust Company, or DTC. The tender to us of outstanding notes by you, as set forth below, and our acceptance of the outstanding notes will constitute a binding agreement between us and you, upon the terms and subject to the conditions set forth in this prospectus.

Table of Contents

Except as described below, a tendering holder must, on or prior to the expiration date, transmit an agent's message to the exchange agent at the address listed below under Exchange Agent.

In addition, the exchange agent must receive timely confirmation of book-entry transfer of the outstanding notes into the exchange agent's account at the DTC, the book-entry transfer facility, along with the agent's message.

The term agent's message means a message, transmitted to DTC and received by the exchange agent and forming a part of a book-entry transfer.

If you are a beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and wish to tender, you should promptly instruct the registered holder to tender on your behalf. Any registered holder that is a participant in DTC's book-entry transfer facility system may make book-entry delivery of the outstanding notes by causing DTC to transfer the outstanding notes into the exchange agent's account.

We will determine all questions as to the validity, form and eligibility of outstanding notes tendered for exchange. This discretion extends to the determination of all questions concerning the timing of receipts and acceptance of tenders.

We reserve the right to reject any particular outstanding note not properly tendered, or any acceptance that may, in our judgment or our counsel's judgment, be unlawful. We also reserve the right to waive any conditions of the exchange offer as applicable to all outstanding notes prior to the expiration date. If we waive a material condition of the offer, we will provide notice of the waiver and will extend the offer, if necessary, so that at least five business days remain in the exchange offer following the notice.

We also reserve the right to waive any defects or irregularities or conditions of the exchange offer as to any particular outstanding note prior to the expiration date. Our interpretation of the terms and conditions of the exchange offer as to any particular outstanding note either before or after the expiration date shall, subject to an order of a court of competent jurisdiction, be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of outstanding notes must be cured within a reasonable period of time. None of us, the exchange agent or any other person will be under any duty to give notification of any defect or irregularity in any tender of outstanding notes, nor will we, the exchange agent or any other person incur any liability for failing to give notification of any defect or irregularity.

By tendering, each holder represents to us that:

the holder is not an affiliate of Clearwater Paper (as defined in Rule 405 under the Securities Act) or a broker-dealer tendering notes acquired directly from us for its own account;

the exchange notes are being acquired in the ordinary course of business of the person receiving the exchange notes, whether or not that person is the holder; and

neither the holder nor the other person has any arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the exchange notes.

In the case of a holder that is not a broker-dealer, that holder, by tendering, will also represent to us that the holder is not engaged in, and does not intend to engage in, a distribution of the exchange notes.

However, each holder who is our affiliate (within the meaning of the Securities Act) who intends to participate in the exchange offer for the purpose of distributing the exchange notes or a broker-dealer (within the meaning of the Securities Act) that acquired outstanding notes in a transaction other than as part of its trading or market-making activities and who has arranged or has an understanding with any person to participate in the distribution of the exchange notes:

will not be able to rely on the applicable interpretation by the staff of the SEC set forth in the applicable no-action letters;

Table of Contents

will not be able to tender its outstanding notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each broker or dealer that receives exchange notes for its own account in exchange for outstanding notes, where the outstanding notes were acquired by it as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. However, a broker-dealer may be a statutory underwriter. See Plan of Distribution.

By delivering an agent's message, a beneficial owner (whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee) or holder will be deemed to have irrevocably appointed the exchange agent as its agent and attorney-in-fact (with full knowledge that the exchange agent is also acting as an agent for us in connection with the exchange offer) with respect to the outstanding notes, with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest subject only to the right of withdrawal described in this prospectus), to receive for our account all benefits and otherwise exercise all rights of beneficial ownership of such outstanding notes, in accordance with the terms and conditions of the exchange offer.

Each beneficial owner or holder will also be deemed to have represented and warranted to us that it has authority to tender, exchange, sell, assign and transfer the outstanding notes it tenders and that, when the same are accepted for exchange, we will acquire good, marketable and unencumbered title to such outstanding notes, free and clear of all liens, restrictions, charges and encumbrances, and that the outstanding notes tendered are not subject to any adverse claims or proxies. Each beneficial owner and holder, by tendering its outstanding notes, also agrees that it will comply with its obligations under the registration rights agreements.

Acceptance of Outstanding Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the expiration date, all outstanding notes properly tendered, unless we terminate the exchange offer because of the non-satisfaction of conditions. We will issue the exchange notes promptly after acceptance of the outstanding notes. For purposes of the exchange offer, we will be deemed to have accepted properly tendered outstanding notes for exchange when, as and if we have given oral or written notice to the exchange agent, with prompt written confirmation of any oral notice. See Conditions to the Exchange Offer below for a discussion of the conditions that must be satisfied before we accept any outstanding notes for exchange.

For each outstanding note accepted for exchange, the holder of the outstanding note will receive an exchange note having a principal amount equal to that of the surrendered outstanding note. The exchange notes will bear interest from the most recent date to which interest has been paid on the outstanding notes. Accordingly, registered holders of exchange notes on the relevant record date for the first interest payment date following the completion of the exchange offer will receive interest accruing from the most recent date to which interest has been paid or, if no interest has been paid on the outstanding notes, from May 1, 2011. Outstanding notes accepted for exchange will cease to accrue interest from and after the date of completion of the exchange offer. Holders of outstanding notes whose outstanding notes are accepted for exchange will not receive any payment for accrued interest on the outstanding notes otherwise payable on any interest payment date, the record date for which occurs on or after completion of the exchange offer and will be deemed to have waived their rights to receive the accrued interest on the outstanding notes.

Table of Contents

In all cases, issuance of exchange notes for outstanding notes will be made only after timely receipt by the exchange agent of an agent's message and a timely confirmation of the book-entry transfer of the outstanding notes, into the exchange agent's account at DTC.

Unaccepted or non-exchanged outstanding notes will be returned without expense to the tendering holder of the outstanding notes. The non-exchanged outstanding notes will be credited to an account maintained with the DTC, as promptly as practicable after the expiration of the exchange offer.

Book-Entry Transfer

The exchange agent will make a request to establish an account for the outstanding notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus. Any financial institution that is a participant in DTC's systems must make book-entry delivery of outstanding notes by causing DTC to transfer those outstanding notes into the exchange agent's account at DTC in accordance with DTC's procedure for transfer. This participant should transmit its acceptance to DTC on or prior to the expiration date. DTC will verify this acceptance, execute a book-entry transfer of the tendered outstanding notes into the exchange agent's account at DTC and then send to the exchange agent confirmation of this book-entry transfer. The transmission of the outstanding notes and agent's message to DTC and delivery by DTC to and receipt by the exchange agent of the related agent's message will be deemed to be a valid tender.

Exchanging Book-Entry Notes

The exchange agent and the book-entry transfer facility have confirmed that any financial institution that is a participant in the book-entry transfer facility may utilize the book-entry transfer facility Automated Tender Offer Program, or ATOP, procedures to tender outstanding notes. Any participant in the book-entry transfer facility may make book-entry delivery of outstanding notes by causing the book-entry transfer facility to transfer such outstanding notes into the exchange agent's account in accordance with the book-entry transfer facility's ATOP procedures for transfer. However, the exchange for the outstanding notes so tendered will only be made after a book-entry confirmation of the book-entry transfer of outstanding notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal. The term "agent's message" means a message, transmitted by the book-entry transfer facility and received by the exchange agent and forming part of a book-entry confirmation, which states that the book-entry transfer facility has received an express acknowledgment from a participant tendering outstanding notes that are the subject of such book-entry confirmation that such participant has received and agrees to be bound by the terms of the exchange offer as described in this prospectus, and that we may enforce such terms against such participant.

Withdrawal Rights

Tenders of outstanding notes may be withdrawn at any time before 12:00 midnight, New York City time, on the expiration date.

For a withdrawal of a tender of outstanding notes to be effective, the exchange agent must receive a valid withdrawal request through ATOP from the tendering DTC participant before the expiration date. Any such request for withdrawal must include the VOI number of the tender to be withdrawn and the name of the ultimate beneficial owner of the related outstanding notes in order that such notes may be withdrawn.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange. No exchange notes will be issued unless the outstanding notes so withdrawn are validly re-tendered. Any outstanding notes that have been tendered for exchange, but which are not exchanged for any reason, will be returned to the tendering holder without cost to the holder. The outstanding notes will be credited to an account maintained with DTC for the outstanding notes. The outstanding notes will be credited to the DTC account as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be re-tendered by following the procedures described under the heading "Procedures for Tendering" above at any time on or before 12:00 midnight, New York City time, on the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes, and may terminate or amend the exchange offer, if at any time prior to the expiration date any of the following events occurs:

there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission which, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer or would make it inadvisable to proceed with the exchange offer; or

a change in applicable law prohibits the consummation of the exchange offer.

All conditions will be deemed satisfied or waived on or prior to the expiration date, unless we assert them on or prior to the expiration date. The foregoing conditions to the exchange offer are for our sole benefit and we may on or prior to the expiration date waive them in whole or in part in our reasonable discretion. If we waive a material condition of the offer, we will provide notice of the waiver and will extend the offer, if necessary, so that at least five business days remain in the exchange offer following the notice. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of any right.

In addition, we will not accept for exchange any outstanding notes tendered, and no exchange notes will be issued in exchange for any outstanding notes, if at the time any stop order is threatened or in effect relating to the registration statement of which this prospectus constitutes a part. We are required to make every reasonable effort to obtain the withdrawal of any order suspending the effectiveness of a registration statement at the earliest possible moment.

We will not make any payment to brokers, dealers or others soliciting acceptances of the exchange offer.

Accounting Treatment

We will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will amortize the expense of the exchange offer over the term of the exchange notes in accordance with accounting principles generally accepted in the United States.

Transfer Taxes

We will pay any transfer taxes in connection with the exchange of outstanding notes for exchange notes in the exchange offer unless you instruct us to register exchange notes in the name of, or request any outstanding notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder. In those cases, you will be responsible for the payment of any applicable transfer tax.

Consequences of Exchanging or Failing to Exchange the Outstanding Notes

Holders of outstanding notes who do not exchange their outstanding notes for exchange notes in the exchange offer will continue to be subject to the provisions in the indenture regarding transfer and exchange of the outstanding notes and the restrictions on transfer of the outstanding notes as described in the legend on the outstanding notes as a consequence of the issuance of the outstanding notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Outstanding note holders that do not exchange outstanding notes for exchange notes in the exchange offer will no longer have any registration rights with respect to such notes.

Based on existing interpretations of the Securities Act by the SEC's staff contained in several no-action letters to third parties, and subject to the immediately following sentence, we believe that the exchange notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act, subject to certain representations required to be made by each holder of exchange notes, as set forth below. However, any purchaser of exchange notes who is one of our affiliates (as defined in Rule 405 under the Securities Act) or who intends to participate in the exchange offer for the purpose of distributing the exchange notes:

will not be able to rely on the applicable interpretation of the staff of the SEC;

will not be able to tender its outstanding notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements. See Plan of Distribution.

We do not intend to seek our own interpretation regarding the exchange offer and there can be no assurance that the SEC's staff would make a similar determination with respect to the exchange notes as it has in other interpretations to other parties, although we have no reason to believe otherwise.

DESCRIPTION OF OTHER INDEBTEDNESS

Senior Secured Revolving Credit Facility

On November 26, 2008, we entered into a four-year \$125 million revolving senior secured revolving credit facility with certain financial institutions. The amount available to us under the senior secured revolving credit facility is based on the lesser of 85% of our eligible accounts receivable plus 65% of our eligible inventory, or \$125 million. Additional reserve requirements may be established by the agent bank, as deemed necessary. We also entered into deposit account control agreements with our lenders pursuant to our senior secured revolving credit facility.

Concurrent with the Cellu Tissue acquisition, on September 15, 2010 we amended our senior secured revolving credit facility to, among other things, (i) permit the acquisition of Cellu Tissue and related transactions, including the sale and issuance of the outstanding notes, (ii) permit the construction of the tissue manufacturing facility in Shelby, North Carolina, including capital expenditures of up to an aggregate of \$150 million annually and debt to finance or refinance the construction thereof, up to \$250 million, and (iii) change the interest rate margins applicable to base rate loans and LIBOR loans in circumstances based on our fixed charge coverage ratio from time to time, and to reduce the fees paid by us on undrawn amounts.

As of December 31, 2010, there were no borrowings outstanding under the senior secured revolving credit facility, and approximately \$3.5 million of the senior secured revolving credit facility was being used to support outstanding standby letters of credit. Loans under the senior secured revolving credit facility bear interest at LIBOR plus between 2.25% and 2.75% for LIBOR loans, and a base rate effectively equal to the agent bank's prime rate plus between 0.75% and 1.25% for other loans. The percentage margin on all loans is based on our last twelve month's fixed charge coverage ratio, which is recalculated on a quarterly basis. As of December 31, 2010, we were permitted to draw approximately \$121.0 million under the senior secured revolving credit facility and eligible to borrow under the senior secured revolving credit facility at LIBOR plus 2.5%.

A minimum fixed charge coverage ratio is the only financial covenant requirement under our senior secured revolving credit facility and is triggered when an event of default exists or when availability falls below \$50 million, at which time the minimum fixed charge coverage ratio must be at least 1.0-to-1.0.

Our obligations under the senior secured revolving credit facility are secured by all of our accounts receivable and inventory. The senior secured revolving credit facility agreement contains various provisions that limit our discretion in the operation of our business by restricting our ability to, among other things:

pay dividends or repurchase equity interests from our stockholders;

create, incur or guarantee certain debt;

incur liens on certain properties;

make capital expenditures in amounts in excess of those permitted under the revolving credit agreement;

enter into certain affiliate transactions;

enter into certain hedging arrangements; and

consolidate with or merge with another entity.

10.625% Senior Notes due 2016

Edgar Filing: Van Paper CO - Form S-4/A

On June 11, 2009, we sold \$150 million aggregate principal amount of 10.625% Senior Notes due 2016 (the 10.625% Notes). The 10.625% Notes are due on June 15, 2016, have an interest rate of 10.625% and were issued at a price equal to 98.792% of their face value. The issuance of these 10.625% Notes generated net proceeds

Table of Contents

of approximately \$145.2 million after deducting discounts and offering expenses. We transferred approximately \$107 million of these proceeds to a trustee in satisfaction of our obligation related to the indenture under which \$100 million principal amount of credit sensitive debentures due December 1, 2009, were originally issued by an affiliate of Clearwater Paper. The obligation to repay the credit sensitive debentures and all interest through maturity was retained by us prior to the spin-off.

The 10.625% Notes are general unsecured obligations and are therefore not secured by our assets. They are equal in right of payment with all existing and future unsecured senior indebtedness, including the notes issued pursuant to this offering, and are senior in right of payment to any future subordinated indebtedness. The notes are effectively subordinated to all of our existing and future secured indebtedness, including borrowings under our senior secured revolving credit facility, which is secured by certain accounts receivable, inventory and cash. The 10.625% Notes are guaranteed by each of our subsidiaries (except for Interlake Acquisition Corporation Limited). In addition, the 10.625% Notes will be unconditionally guaranteed by any future restricted subsidiary guarantors.

Prior to June 15, 2012, we may redeem, at any time at our option, up to 35% of the aggregate principal amount of the notes with the net proceeds of qualified equity offerings at a redemption price equal to 110.625% of the principal amount thereof plus accrued and unpaid interest. We have the option to redeem all or a portion of the notes at any time prior to June 15, 2013 at a redemption price equal to 100% of the principal amount thereof plus a premium and accrued and unpaid interest.

On or after June 15, 2013, we may on any one or more occasions redeem all or a part of the 10.625% Notes at the redemption prices as set forth below, plus accrued and unpaid interest on the 10.625% Notes redeemed, to the applicable date of redemption, if redeemed during the 12-month period beginning on June 15 of the years indicated below:

<i>Year</i>	<i>Percentage</i>
2013	105.313%
2014	102.656%
2015 and thereafter	100.000%

The terms of the 10.625% Notes limit our ability and the ability of any restricted subsidiaries to borrow money; pay dividends; redeem or repurchase capital stock; make investments; sell assets; create restrictions on the payment of dividends or other amounts to us from any restricted subsidiaries; enter into transactions with affiliates; enter into sale and lease back transactions; create liens; and consolidate, merge or sell all or substantially all of our assets.

Cellu Tissue-CityForest Industrial Revenue Bonds

Prior to our acquisition of Cellu Tissue, Cellu Tissue-CityForest LLC, or CityForest, a wholly-owned subsidiary of Cellu Tissue, was party to a loan agreement, dated as of March 1, 1998, with the City of Ladysmith, Wisconsin. Pursuant to this agreement the City of Ladysmith loaned the proceeds of its Variable Rate Demand Solid Waste Disposal Facility Revenue Bonds, Series 1998, or IRBs, to CityForest to finance the construction by CityForest of a solid waste disposal facility. As the result of our acquisition of Cellu Tissue, we have assumed the IRBs. Approximately \$15.6 million in aggregate principal face amount of the IRBs was outstanding at December 31, 2010. The IRBs have scheduled semi-annual payments of principal, with the balance payable at maturity on March 1, 2028. The variable interest rate on the IRBs was 2.6% and 2.5% as of December 31, 2010 and 2009, respectively. The IRBs are guaranteed by Cellu Tissue and contain various customary covenants and events of default.

CityForest is required, under the terms of the Indenture of Trust governing the IRBs, or the CityForest Indenture, to provide a letter of credit in favor of the trustee. CityForest previously entered into the Amended and Restated Reimbursement Agreement, dated as of March 21, 2007, by and between CityForest and Associated Bank, National Association, or Associated Bank, pursuant to which Associated Bank provided a letter of credit to the trustee.

Table of Contents

In connection with our acquisition of Cellu Tissue, CityForest entered into a Second Amended and Restated Reimbursement Agreement, dated as of December 27, 2010, with Associated Bank amending and restating the original Reimbursement Agreement. The trustee is permitted to draw upon the letter of credit to pay principal and interest due on the IRBs, and to provide liquidity to purchase IRBs put to CityForest by bondholders and not remarketed; and CityForest is obligated under the Second Amended and Restated Reimbursement Agreement to reimburse Associated Bank for any such draws. The expiration date of the letter of credit is February 15, 2012. Under the terms of the Second Amended and Restated Reimbursement Agreement, CityForest is required, on or before September 30, 2011, to cause the letter of credit to be replaced with a substitute letter of credit from a third-party bank. CityForest's failure to cause the letter of credit to be replaced by September 30, 2011 will constitute an event of default under the Second Amended and Restated Reimbursement Agreement.

The Second Amended and Restated Reimbursement Agreement contains customary events of default, including payment defaults; breaches of representations and warranties; covenant defaults; cross-defaults to certain other debt; certain events of bankruptcy and insolvency; judgment defaults; certain defaults related to the Employee Retirement Income Security Act of 1974, as amended; and a change of control of Clearwater Paper.

The Second Amended and Restated Reimbursement Agreement also contains various customary negative covenants including limitations on: indebtedness; liens; acquisitions, mergers and consolidations; investments; guarantees; asset sales; sale and leaseback transactions; dividends and distributions; transactions with affiliates; capital expenditures; and changes to the status of the IRBs. CityForest is also required to comply on a quarterly basis with a maximum leverage covenant and a minimum fixed charge coverage covenant. The maximum permitted Leverage Ratio is 2.5 to 1. As of December 31, 2010, the Leverage Ratio was 1 to 1. The minimum permitted Fixed Charge Coverage Ratio is 1.2 to 1. As of December 31, 2010, the Fixed Charge Coverage Ratio was 4.5 to 1.

Clearwater Paper has guaranteed all of the obligations of CityForest under the Second Amended and Restated Reimbursement Agreement, pursuant to a Guaranty, dated as of December 27, 2010 executed in favor of Associated Bank.

In addition, the Second Amended and Restated Reimbursement Agreement provides that in certain circumstances where Cellu Tissue incurs indebtedness, as defined, in excess of amounts currently permitted under the CityForest Indenture or refinances the indebtedness issued under the CityForest Indenture, CityForest may be required to cause the bonds to be redeemed or to provide a new letter of credit from another lender. In connection with the Second Amended and Restated Reimbursement Agreement, we had \$1.3 million of restricted cash as of December 31, 2010, which is included in other assets on the Consolidated Balance Sheet.

DESCRIPTION OF EXCHANGE NOTES

The outstanding notes were, and the exchange notes will be, issued under an Indenture dated as of October 22, 2010 between Clearwater Paper, the Guarantors and U.S. Bank National Association, as trustee. The terms of the outstanding notes, the exchange notes and the related guarantees include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939. The terms of the exchange notes are identical to the terms of the outstanding notes in all material respects, including interest rate and maturity, except that the exchange notes will not be subject to:

the restriction on transfer;

the registration rights agreement's covenants regarding registration of the notes; and

accrual of additional interest.

The following description is a summary of the material provisions of the indenture. It does not restate the agreement in its entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the notes. Copies of the indenture will be available upon written request to Clearwater Paper as described under [Where You Can Find More Information](#). In this description only, references to Clearwater Paper, we, us, our and our company refer only to Clearwater Paper Corporation and not to any of its

subsidiaries. You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. Certain defined terms used in this description but not defined below under **Certain Definitions** have the meanings assigned to them in the indenture.

For purposes of this description, references to the **notes** include the outstanding notes, the exchange notes, and any additional notes subsequently issued under the indenture. The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

General

Clearwater Paper will issue \$375 million in aggregate principal amount of exchange notes in this offering. Clearwater Paper may issue additional notes under the indenture from time to time after this offering. Any issuance of additional notes is subject to all of the covenants in the indenture, including the covenant described below under the caption **Certain Covenants** **Incurrence of Indebtedness and Issuance of Preferred Stock**. The notes and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

Clearwater Paper will issue notes in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The notes will mature on November 1, 2018.

Interest on the notes will accrue at the rate of 7 ¹/₈% per annum and will be payable semi-annually in arrears on May 1 and November 1, commencing on May 1, 2011. Interest on overdue principal and interest will accrue at a rate that is 1% higher than the then applicable interest rate on the notes. Clearwater Paper will make each interest payment to the holders of record on the immediately preceding April 15 and October 15.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Note Guarantees

The exchange notes will be guaranteed by each of Clearwater Paper's existing direct and indirect Subsidiaries, with the exception of Cellu Tissue-CityForest LLC and Interlake Acquisition Corporation Limited (each an *Excluded Subsidiary*). The exchange notes will be guaranteed by each of Clearwater Paper's future Subsidiaries that is a Domestic Subsidiary and is not designated as an **Unrestricted Subsidiary** by us as described under **Certain Covenants** **Designation of Restricted and Unrestricted Subsidiaries** below, except that any Restricted Domestic Subsidiary that constitutes an Immaterial Subsidiary need not become a Guarantor until such time as it no longer constitutes an Immaterial Subsidiary. These Note Guarantees will be joint and several obligations of the Guarantors. The obligations of each Guarantor under its Note Guarantee will be limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law. See **Risk Factors** **Risks Related to Our Indebtedness and the Notes** **Fraudulent conveyance laws may permit courts to void future guarantees of the notes in specific circumstances, which would interfere with the payment of the guarantees.**

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Clearwater Paper or another Guarantor, unless:

- (1) immediately after giving effect to that transaction, no Default or Event of Default exists; and
- (2) either:
 - (a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under its Note Guarantee and the indenture pursuant to a supplemental indenture satisfactory to the trustee and under the registration rights agreement; or

Table of Contents

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the indenture. The Note Guarantee of a Guarantor will be released:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Clearwater Paper or a Restricted Subsidiary of Clearwater Paper, if the sale or other disposition does not violate the Asset Sale provisions of the indenture;
- (2) in connection with any sale or other disposition of Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) Clearwater Paper or a Restricted Subsidiary of Clearwater Paper, if the sale or other disposition does not violate the Asset Sale provisions of the indenture and the Guarantor no longer constitutes a Restricted Subsidiary of Clearwater Paper as a result of the sale or other disposition;
- (3) if Clearwater Paper designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture; or
- (4) upon legal defeasance, covenant defeasance or satisfaction and discharge of the indenture as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge.
See Repurchase at the Option of Holders Asset Sales.

Notwithstanding the foregoing, each Guarantor will be released and discharged from its obligations under its Note Guarantee on any date selected by Clearwater Paper or such Guarantor that occurs on or after the date that such Guarantor is released and discharged from all its obligations in respect of the payment of amounts due and payable under each Credit Facility.

See Risk Factors Risks Related to Our Indebtedness and the Notes The notes are not secured by our or our subsidiaries' assets and the lenders under our senior secured revolving credit facility will be entitled to remedies available to a secured lender, which gives them priority over you to collect amounts due to them.

Optional Redemption

At any time prior to November 1, 2013, Clearwater Paper may on any one or more occasions redeem up to 35% of the aggregate principal amount of notes issued under the indenture, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to 107.125% of the principal amount of the notes redeemed, plus accrued and unpaid interest to the date of redemption, with the net cash proceeds of an Equity Offering by Clearwater Paper; *provided* that:

- (1) at least 65% of the aggregate principal amount of notes originally issued under the indenture (excluding notes held by Clearwater Paper and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

- (2) the redemption occurs within 90 days of the date of the closing of such Equity Offering.

At any time prior to November 1, 2014, Clearwater Paper may on any one or more occasions redeem all or a part of the notes, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the principal amount of the notes redeemed, plus the Applicable Premium as of, and accrued and unpaid interest to, the date of redemption.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each holder of notes will have the right to require Clearwater Paper to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In such Change of Control Offer, Clearwater Paper will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest on the notes repurchased to the date of purchase. Within ten days following the date of such Change of Control, Clearwater Paper will mail a notice to each holder describing the transaction or transactions that constitute or will constitute such Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the later of (a) the date such notice is mailed and (b) the date of such Change of Control, pursuant to the procedures required by the indenture and described in such notice. Clearwater Paper will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, Clearwater Paper will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, Clearwater Paper will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered pursuant to such Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by Clearwater Paper.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any. Clearwater Paper will publicly announce the results of such Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require Clearwater Paper to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that Clearwater Paper repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Clearwater Paper will not be required to make a Change of Control Offer upon a Change of Control if (1) in connection with or in contemplation of any Change of Control, it has made an offer to purchase (an *Alternate Offer*) any and all notes validly tendered at a cash price equal to or higher than the Change of Control payment and has purchased all notes properly tendered in accordance with the terms of such Alternate Offer, (2) a third party makes such Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Clearwater Paper and purchases all notes properly tendered and not withdrawn under such Change of Control Offer or (3) notice of redemption has been given pursuant to the indenture as described above under the caption

Optional Redemption, unless and until there is a default in payment of the applicable redemption price. Notwithstanding anything to the contrary contained herein, a Change of Control Offer may be made in advance of a Change of Control, conditioned upon the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

Table of Contents

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Clearwater Paper and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require Clearwater Paper to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Clearwater Paper and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) Clearwater Paper (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (measured as of the date of the definitive agreement with respect to such Asset Sale) of the assets or Equity Interests issued or sold or otherwise disposed of; and
- (2) at least 75% of the consideration received in the Asset Sale by Clearwater Paper or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this provision, each of the following will be deemed to be cash:
 - (a) any liabilities, as shown on Clearwater Paper's most recent consolidated balance sheet, of Clearwater Paper or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the notes or any Note Guarantee) that are assumed by the transferee of any such assets pursuant to a customary novation or indemnity agreement that releases Clearwater Paper or such Restricted Subsidiary from or indemnifies against further liability;
 - (b) any securities, notes or other obligations received by Clearwater Paper or any such Restricted Subsidiary from such transferee that are contemporaneously, subject to ordinary settlement periods, converted by Clearwater Paper or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion; and
 - (c) any stock or assets of the kind referred to in clause (2) or (4) of the next paragraph of this covenant.

Within 360 days after the receipt of any Net Proceeds from an Asset Sale, Clearwater Paper (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds:

- (1) to repay Indebtedness and other Obligations under a Credit Facility that are secured by a Lien;
- (2) to acquire all or substantially all of the assets of, or any Capital Stock of, another Permitted Business, if in the case of any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of Clearwater Paper after giving effect thereto;
- (3) to make a capital expenditure; or
- (4) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business. Clearwater Paper (or the applicable Restricted Subsidiary) will be deemed to have complied with the immediately preceding sentence with respect to any such Net Proceeds if it enters into a binding agreement to make

Table of Contents

an acquisition or capital expenditure permitted pursuant to clause (2), (3) or (4) of the immediately preceding sentence in an amount equal to such Net Proceeds within such 365 days; provided that, if the relevant acquisition or capital expenditure is not consummated or completed, as the case may be, within the later of (x) 365 days after the receipt of the relevant Net Proceeds and (y) 120 days after the date of such binding agreement, such Net Proceeds will constitute Excess Proceeds (as defined below). Pending the final application of any Net Proceeds, Clearwater (or the applicable Restricted Subsidiary) may temporarily invest the Net Proceeds in any manner that is not prohibited by the indenture.

Clearwater Paper may at its option apply such Net Proceeds for any or all of such purposes. Pending the final application of any Net Proceeds, Clearwater Paper (or the applicable Restricted Subsidiary) may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second paragraph of this covenant will constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$25.0 million, within five days thereof, Clearwater Paper will make an offer (an *Asset Sale Offer*) to all holders of notes and all holders of other Indebtedness that is *pari passu* with the notes containing provisions similar to those set forth in the indenture with respect to offers to purchase, prepay or redeem with the proceeds of sales of assets to purchase, prepay or redeem the maximum principal amount of notes and such other *pari passu* Indebtedness (plus all accrued interest on the Indebtedness and the amount of all fees and expenses, including premiums, incurred in connection therewith) that may be purchased, prepaid or redeemed out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount, plus accrued and unpaid interest to the date of purchase, prepayment or redemption and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, Clearwater Paper may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered into (or required to be prepaid or redeemed in connection with) such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other *pari passu* Indebtedness to be purchased on a *pro rata* basis, based on the amounts tendered or required to be prepaid or redeemed. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Clearwater Paper will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, Clearwater Paper will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

Notwithstanding the foregoing, Clearwater Paper will not be required to make an Asset Sale Offer with Excess Proceeds, as provided above, if prior to the time that it would be required to make an Asset Sale Offer with such Excess Proceeds, Clearwater Paper has made an offer to purchase any and all notes validly tendered with the Net Proceeds from such Asset Sales at a cash price equal to or higher than that required by an Asset Sale Offer (an *Alternate Asset Sale Offer*) and has purchased all notes properly tendered in accordance with the terms of such Alternate Asset Sale Offer.

The agreements governing Clearwater Paper's other Indebtedness contain, and future agreements may contain, prohibitions of certain events, including events that would constitute a Change of Control or an Asset Sale and including repurchases of or other prepayments in respect of the notes. The exercise by the holders of notes of their right to require Clearwater Paper to repurchase the notes upon a Change of Control or an Asset Sale could cause a default under these other agreements, even if such Change of Control or Asset Sale itself does not cause such a default, due to the financial effect of such repurchases on Clearwater Paper. In the event a Change of Control or Asset Sale occurs at a time when Clearwater Paper is prohibited from purchasing notes, Clearwater Paper could seek the consent of its other lenders to purchase the notes or could attempt to refinance the borrowings that contain such prohibition. If Clearwater Paper does not obtain a consent or repay those borrowings, Clearwater Paper will remain prohibited from purchasing the notes. In that case, Clearwater Paper's failure to purchase tendered notes would constitute an Event of Default under the indenture which could, in turn, constitute a default under the other Indebtedness. Finally, Clearwater Paper's ability to pay cash to the holders of notes upon a repurchase may be limited by Clearwater Paper's then existing financial resources. See Risk Factors Risks Related to Our Indebtedness and the Notes We may not be able to repurchase the exchange notes upon a change of control.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption on a *pro rata* basis (or, in the case of notes issued in global form as discussed under the heading "Book-Entry, Delivery and Form" in this prospectus based on a method that most nearly approximates a *pro rata* selection as the trustee deems fair and appropriate) unless otherwise required by law or applicable stock exchange or depository requirements.

No notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail by the paying agent at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of notes called for redemption.

Methods of Receiving Payments on the Notes

The notes initially will be represented by one or more notes in registered, global form, and as long as the notes are held in global form, Clearwater Paper will pay all principal, interest and premium on such notes to The Depository Trust Company, as described under the heading "Book-Entry, Delivery and Form" in this prospectus. If any of the notes are held by a holder in certificated form, under the limited circumstances described below, a holder of such notes may give wire transfer instructions to Clearwater Paper at least 10 business days prior to an applicable payment date, in which case Clearwater Paper will pay all principal, interest and premium on such notes in accordance with those instructions. All other payments on the notes held in certificated form will be made at the office or agency of the paying agent and registrar within the City and State of New York unless Clearwater Paper elects to make interest payments by check mailed to the holders of the notes at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. Clearwater Paper may change the paying agent or registrar without prior notice to the holders of the notes. Clearwater Paper or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. Clearwater Paper will not be required to transfer or exchange any note selected for redemption. Also, Clearwater Paper will not be required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Certain Covenants

Changes in Covenants When Notes Rated Investment Grade

If on any date following the date of the indenture:

- (1) the notes are rated Baa3 or better by Moody's and BBB- or better by S&P (or, if either such entity ceases to rate the notes for reasons outside of the control of Clearwater Paper, the equivalent investment grade credit rating from any other nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act selected by Clearwater Paper as a replacement agency); and

Table of Contents

(2) no Default or Event of Default shall have occurred and be continuing, then, beginning on that day and subject to the provisions of the following paragraph, the provisions and covenants specifically listed under the following captions in this prospectus will no longer be applicable to the notes:

- (1) Repurchase at the Option of Holders Asset Sales ;
- (2) Certain Covenants Restricted Payments ;
- (3) Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock ;
- (4) Certain Covenants Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries ;
- (5) Certain Covenants Designation of Restricted and Unrestricted Subsidiaries ;
- (6) Certain Covenants Transactions with Affiliates ;
- (7) clause (4) of the covenant described below under the caption Certain Covenants Merger, Consolidation or Sale of Assets ; and
- (8) clauses (1)(a) and (3) of the covenant described below under the caption Certain Covenants Limitation on Sale and Leaseback Transactions.

During any period that the foregoing covenants have been suspended, Clearwater Paper's Board of Directors may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant described below under the caption Certain Covenants Designation of Restricted and Unrestricted Subsidiaries.

Notwithstanding the foregoing, if the rating assigned by either such rating agency should subsequently decline to below Baa3 or BBB-, respectively, the foregoing covenants will be reinstated as of and from the date of such rating decline. Calculations under the reinstated

Restricted Payments covenant will be made as if the Restricted Payments covenant had been in effect since the date of the indenture except that no default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended.

As a result of the foregoing provisions, the notes will be entitled to substantially less covenant protection if the notes receive an investment grade rating.

Restricted Payments

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of Clearwater Paper's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Clearwater Paper or any of its Restricted Subsidiaries) or to the direct or indirect holders of Clearwater Paper's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of Clearwater Paper and other than dividends or distributions payable to Clearwater Paper or a Restricted Subsidiary of Clearwater Paper);

 - (4) make any Restricted Investment
- (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as *Restricted Payments*), unless, at the time of and after giving effect to such Restricted Payment:
- (a) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;
 - (b) Clearwater Paper would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption *Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock* ; and
 - (c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Clearwater Paper and its Restricted Subsidiaries since the date of the indenture (excluding Restricted Payments permitted by clauses (2) through (9) and (11) of the next succeeding paragraph), is less than the sum, without duplication, of:
 - (i) 50% of the Consolidated Net Income of Clearwater Paper for the period (taken as one accounting period) from July 1, 2009 to the end of Clearwater Paper's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

 - (iii) to the extent that any Restricted Investment that was made after the date of the indenture is (a) sold for cash or otherwise cancelled, liquidated or repaid for cash, or (b) made in an entity that subsequently becomes a Restricted Subsidiary of Clearwater Paper, the initial amount of such Restricted Investment (or, if less, the amount of cash received upon repayment or sale); *plus*
 - (iv) to the extent that any Unrestricted Subsidiary of Clearwater Paper designated as such after the date of the Indenture is redesignated as a Restricted Subsidiary after the date of the indenture, the lesser of (a) the Fair Market Value of Clearwater Paper's Restricted Investment in such Subsidiary as of the date of such redesignation and (b) such Fair Market Value as of the

date on which such Subsidiary was originally designated as an Unrestricted Subsidiary after the date of the indenture; *plus*

- (v) 50% of any dividends received in cash by Clearwater Paper or a Restricted Subsidiary of Clearwater Paper after the date of the indenture from an Unrestricted Subsidiary of Clearwater Paper, to the extent that such dividends were not otherwise included in the Consolidated Net Income of Clearwater Paper for such period.

The preceding provisions will not prohibit:

- (1) the payment of any dividend or the consummation of any irrevocable redemption within 60 days after the date of declaration of the dividend or giving of the redemption notice, as the case may be, if at the date of declaration or notice, the dividend or redemption payment would have complied with the provisions of the indenture;
- (2) the making of any Restricted Payment in exchange for, or out of or with the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of Clearwater Paper) of, Equity Interests of Clearwater Paper (other than Disqualified Stock) or from the substantially concurrent contribution of common equity capital to Clearwater Paper; provided that the amount of any such net cash proceeds that are used for any such Restricted Payment will not be considered to be net proceeds of Qualifying Equity Interests for purposes of clause (c)(ii) of the preceding paragraph;
- (3) the payment of any dividend (or, in the case of any partnership or limited liability company, any similar distribution) by a Restricted Subsidiary of Clearwater Paper to the holders of its Equity Interests on a pro rata basis;
- (4) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of Clearwater Paper or any Guarantor that is contractually subordinated to the notes or to any Note Guarantee or Permitted Redeemable Stock with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness or Permitted Redeemable Stock;
- (5) so long as no Default or Event of Default has occurred and is continuing, the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Clearwater Paper or any Restricted Subsidiary of Clearwater Paper held by any current or former officer, director or employee of Clearwater Paper or any of its Restricted Subsidiaries pursuant to any employment agreement that has been approved by the Board of Directors of Clearwater Paper or any equity subscription agreement, stock option agreement, shareholders' agreement or similar agreement; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$2.5 million in any 12-month period, not including payments made by an acquiror upon a Change of Control or in connection with payments made pursuant to any such employment agreement;

Table of Contents

- (8) payments of cash, dividends, distributions, advances or other Restricted Payments by Clearwater Paper or any of its Restricted Subsidiaries to allow the payment of cash in lieu of the issuance of fractional shares upon (i) the exercise of options or warrants, (ii) the settlement or vesting of restricted stock, restricted stock units or performance shares, or (iii) the conversion or exchange of Capital Stock of any such Person;
- (9) the defeasance, redemption, repurchase or other acquisition of any Indebtedness of Clearwater Paper or any Guarantor that is contractually subordinated to the notes or any Note Guarantee pursuant to provisions substantially similar to those described under the caption *Repurchase at the Option of Holders* above; provided, however, that the circumstances giving rise to such defeasance, redemption, repurchase or other acquisition shall have constituted a Change of Control or required Clearwater Paper to make an Asset Sale Offer, as applicable, prior to or contemporaneously with such defeasance, redemption, repurchase or other acquisition, Clearwater Paper shall have complied with all applicable provisions described under the caption *Repurchase at the Option of Holders* above and the purchase price shall not be in excess of the percentage of the principal amount thereof applicable to the notes plus any accrued and unpaid interest thereon;
- (10) the payment of any dividend to the holders of Clearwater Paper's common stock on a pro rata basis, provided that the aggregate amount of such payments may not exceed in any 12-month period \$40.0 million; and
- (11) so long as no Default or Event of Default has occurred and is continuing, other Restricted Payments in an aggregate amount not to exceed \$75.0 million since the date of the indenture.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of any assets or securities proposed to be transferred or issued by Clearwater Paper or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined by the Board of Directors of Clearwater Paper whose resolution with respect thereto will be delivered to the trustee. The Board of Directors' determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the Fair Market Value exceeds \$10.0 million.

Incurrence of Indebtedness and Issuance of Preferred Stock

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, *incur*) any Indebtedness (including Acquired Debt), and Clearwater Paper will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; *provided, however*, that Clearwater Paper may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, and the Guarantors may incur Indebtedness (including Acquired Debt) or issue preferred stock, if the Fixed Charge Coverage Ratio for Clearwater Paper's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or such preferred stock is issued, as the case may be, would have been at least 2.0 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Stock or the preferred stock had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness, Disqualified Stock or preferred stock (collectively, *Permitted Debt*):

- (1) the incurrence by Clearwater Paper and any Guarantor of additional Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Clearwater Paper and its Restricted Subsidiaries thereunder), which may be reborrowed, not to exceed at the time of and after giving effect to such incurrence the

- (2) the incurrence by Clearwater Paper and its Restricted Subsidiaries of the Existing Indebtedness;

- (5) the incurrence by Clearwater Paper or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, defease or discharge any Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clause (2), (3), (4), (11), (14) or (15) of this paragraph or this clause (5);
- (6) the issuance by Clearwater Paper of Permitted Redeemable Stock, the net proceeds of which are used to refund, refinance or replace (a) Indebtedness that was permitted to be incurred under the first paragraph of this covenant or clause (2), (3), (4), (5), (11), (14) or (15) of this paragraph, (b) Disqualified Stock that was permitted to be issued under the first paragraph of this covenant or (c) Permitted Redeemable Stock that was permitted to be issued under this clause (6);
- (7) the incurrence by Clearwater Paper or any of its Restricted Subsidiaries of intercompany Indebtedness between or among Clearwater Paper and any of its Restricted Subsidiaries; *provided, however*, that:
 - (a) if Clearwater Paper or any Guarantor is the obligor on such Indebtedness and the payee is not Clearwater Paper or a Guarantor, such Indebtedness must be unsecured and expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the notes, in the case of Clearwater Paper, or the Note Guarantee, in the case of a Guarantor; and

- (8) the issuance by any of Clearwater Paper's Restricted Subsidiaries to Clearwater Paper or to any of its Restricted Subsidiaries of shares of preferred stock; *provided, however*, that:
- (a) any subsequent issuance or transfer of Equity Interests that results in any such preferred stock being held by a Person other than Clearwater Paper or a Restricted Subsidiary of Clearwater Paper; and
 - (b) any sale or other transfer of any such preferred stock to a Person that is not either Clearwater Paper or a Restricted Subsidiary of Clearwater Paper,
- will be deemed, in each case, to constitute an issuance of such preferred stock by such Restricted Subsidiary that was not permitted by this clause (8);
- (9) the incurrence by Clearwater Paper or any of its Restricted Subsidiaries of Hedging Obligations in the ordinary course of business;
- (10) the guarantee by Clearwater Paper or any of the Guarantors of Indebtedness of Clearwater Paper or a Restricted Subsidiary of Clearwater Paper to the extent that the guaranteed Indebtedness was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is subordinated to or *pari passu* with the notes, then the Guarantee must be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed;
- (11) the incurrence by Clearwater Paper or any of its Restricted Subsidiaries of Indebtedness issuable upon the conversion or exchange of shares of Disqualified Stock, pursuant to the terms of such Disqualified Stock issued in accordance with the first paragraph of this covenant;
- (12) the incurrence by Clearwater Paper or any of the Guarantors of Indebtedness in respect of workers' compensation claims, self-insurance obligations, bankers' acceptances, performance and surety bonds in the ordinary course of business;

- (14) the incurrence by Clearwater Paper or any of the Guarantors of additional Indebtedness or Disqualified Stock in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred and Permitted Redeemable Stock issued to renew, refund, refinance, replace, defease or discharge any Indebtedness or Disqualified Stock incurred pursuant to this clause (14), not to exceed \$50.0 million; and
- (15) the incurrence by Restricted Subsidiaries that are not Guarantors of additional Indebtedness for purposes of financing working capital in an aggregate principal amount at any one time outstanding not to exceed \$50.0 million.
- Clearwater Paper will not incur, and will not permit any Guarantor to incur, any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of Clearwater Paper or such Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the notes and the applicable Note Guarantee on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of Clearwater Paper solely by virtue of being unsecured or by virtue of being secured on junior priority basis.

For purposes of determining compliance with this Incurrence of Indebtedness and Issuance of Preferred Stock covenant, the outstanding principal amount of any particular Indebtedness shall be counted only once and any obligation arising under any guarantee, Lien, letter of credit

Edgar Filing: Van Paper CO - Form S-4/A

or similar instrument supporting such Indebtedness shall be disregarded. In the event that an item of Indebtedness meets the criteria of more than one of the categories

Table of Contents

of Permitted Debt described in clauses (1) through (15) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, Clearwater Paper will be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant. Indebtedness under Credit Facilities outstanding on the date on which notes are first issued and authenticated under the indenture will initially be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. The accrual of interest or preferred stock dividends, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on preferred stock or Disqualified Stock in the form of additional shares of the same class of preferred stock or Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of preferred stock or Disqualified Stock for purposes of this covenant; *provided* that, in each such case, the amount of any such accrual, accretion or payment is included in Fixed Charges of Clearwater Paper as accrued. For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be used, calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Clearwater Paper or any Restricted Subsidiary may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets at the date of determination; and
 - (b) the amount of the Indebtedness of the other Person.

Liens

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset now owned or hereafter acquired, except Permitted Liens.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock to Clearwater Paper or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to Clearwater Paper or any of its Restricted Subsidiaries;
- (2) make loans or advances to Clearwater Paper or any of its Restricted Subsidiaries; or

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) agreements governing Existing Indebtedness and Credit Facilities as in effect on the date of the indenture and any amendments, restatements, modifications, renewals, increases, supplements, refundings, replacements or refinancings of those agreements; provided that the amendments, restatements, modifications, renewals, increases, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the date of the indenture;
- (2) the indenture, the notes and the Note Guarantees;
- (3) agreements governing other Indebtedness or Equity Interests permitted to be incurred under the provisions of the covenant described above under the caption **Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock** and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements; *provided* that the restrictions therein are not materially more restrictive, taken as a whole, than those contained in the indenture, the notes and the Note Guarantees;

- (5) any instrument governing Indebtedness or Equity Interests of a Person acquired by Clearwater Paper or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred or such Equity Interests were issued in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;
- (6) customary non-assignment provisions in leases, contracts and licenses entered into in the ordinary course of business;
- (7) purchase money obligations for property acquired in the ordinary course of business and Capital Lease Obligations that impose restrictions on the property purchased or leased of the nature described in clause (3) of the preceding paragraph;
- (8) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending its sale or other disposition;
- (9) Permitted Refinancing Indebtedness and Permitted Redeemable Stock; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness and Permitted Redeemable Stock are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;
- (10) Liens permitted to be incurred under the provisions of the covenant described above under the caption **Certain Covenants Liens** that limit the right of the debtor to dispose of the assets subject to such Liens;

- (3) immediately after such transaction, no Default or Event of Default exists; and
- (4) Clearwater Paper or the Person formed by or surviving any such consolidation or merger (if other than Clearwater Paper), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption **Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock**.

In addition, Clearwater Paper will not, directly or indirectly, lease all or substantially all of the properties and assets of it and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to any other Person.

This **Merger, Consolidation or Sale of Assets** covenant will not apply to any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among Clearwater Paper and its Restricted Subsidiaries. Clauses (3) and (4) of the first paragraph of this covenant will not apply to (a) any merger or consolidation of Clearwater Paper with or into one of its Restricted Subsidiaries for any purpose or (b) with or into an Affiliate solely for the purpose of reincorporating Clearwater Paper in another jurisdiction.

Additional Note Guarantees

If Clearwater Paper or any of its Restricted Subsidiaries acquires or creates another Restricted Subsidiary that is a Domestic Subsidiary after the date of the indenture, then that newly acquired or created Restricted Subsidiary will become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 10 business days of the date on which it was acquired or created; *provided* that any such Restricted Subsidiary that constitutes an Immaterial Subsidiary need not become a Guarantor until such time as it no longer constitutes an Immaterial Subsidiary. For the avoidance of doubt, each of the Excluded Subsidiaries shall not be required to become a Guarantor hereunder.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Clearwater Paper may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by Clearwater Paper and its Restricted Subsidiaries in the Subsidiary designated as Unrestricted will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the covenant described above under the caption *Certain Covenants Restricted Payments* or under one or more clauses of the definition of Permitted Investments, as determined by Clearwater Paper. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors of Clearwater Paper may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if that redesignation would not cause a Default.

Any designation of a Subsidiary of Clearwater Paper as an Unrestricted Subsidiary will be evidenced to the trustee by filing with the trustee a certified copy of a resolution of Clearwater Paper's Board of Directors giving effect to such designation and an officers' certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption *Certain Covenants Restricted Payments*. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter no longer constitute an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of Clearwater Paper as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption *Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock*, Clearwater Paper will be in default of such covenant. The Board of Directors of Clearwater Paper may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of Clearwater Paper; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of Clearwater Paper of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption *Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock*, calculated on a pro forma basis as if such designation had occurred at the beginning of the applicable reference period and (2) no Default or Event of Default would be in existence following such designation.

Limitation on Sale and Leaseback Transactions

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; *provided* that Clearwater Paper or any Restricted Subsidiary may enter into a sale and leaseback transaction if:

- (1) Clearwater Paper or that Restricted Subsidiary, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Fixed Charge Coverage Ratio test in the first paragraph of the covenant described above under the caption *Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock* and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption *Certain Covenants Liens* ;
- (2) the gross cash proceeds of that sale and leaseback transaction are at least equal to the Fair Market Value, as determined in good faith by the Board of Directors of Clearwater Paper and set forth in an officers' certificate delivered to the trustee, of the property that is the subject of that sale and leaseback transaction; and
- (3) the transfer of assets in that sale and leaseback transaction is permitted by, and Clearwater Paper applies the proceeds of such transaction in compliance with, the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales*.

Payments for Consent

Clearwater Paper will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid and is paid to all holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, Clearwater Paper will furnish to the holders of notes or cause the trustee to furnish to the holders of notes (or file with the SEC for public availability), within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if Clearwater Paper were required to file such reports; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if Clearwater Paper were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on Clearwater Paper's consolidated financial statements by Clearwater Paper's certified independent accountants. In addition, Clearwater Paper will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and will post the reports on its website within those time periods.

If, at any time after consummation of the exchange offer contemplated by the registration rights agreement, Clearwater Paper is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, Clearwater Paper will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. Clearwater Paper will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept Clearwater Paper's filings for any reason, Clearwater Paper will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if Clearwater Paper were required to file those reports with the SEC.

If Clearwater Paper has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraphs will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of Clearwater Paper and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of Clearwater Paper.

In addition, Clearwater Paper and the Guarantors agree that, for so long as any notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding the foregoing, Clearwater Paper will be deemed to have furnished the reports referred to above to the trustee and the holders if Clearwater Paper has filed such reports with the SEC via the EDGAR filing system (or any successor thereto, including Interactive Data Electronic Applications) and such reports are publicly available.

In the event that any direct or indirect parent of Clearwater Paper is or becomes a Note Guarantor, the indenture will permit Clearwater Paper to satisfy its obligations in this covenant with respect to financial information relating to Clearwater Paper by furnishing financial information relating to such direct or indirect

parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such direct or indirect parent and any of its Subsidiaries other than Clearwater Paper and its Subsidiaries, on the one hand, and the information relating to Clearwater Paper, the Note Guarantors and the other Subsidiaries of Clearwater Paper on a standalone basis, on the other hand.

Events of Default and Remedies

Each of the following is an *Event of Default* :

- (1) default for 30 days in the payment when due of interest on the notes;
- (2) default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the notes;
- (3) failure by Clearwater Paper or any of its Restricted Subsidiaries to comply with the provisions described under the captions Repurchase at the Option of Holders Change of Control, Repurchase at the Option of Holders Asset Sales, Certain Covenants Restricted Payments, Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock or Certain Covenants Merger, Consolidation or Sale of Assets, which failure cannot be remedied or, if such failure can be remedied, is not remedied within 30 days after the date on which notice thereof requiring Clearwater Paper to remedy the same has been given to Clearwater Paper by the trustee or the holders of at least 25% in aggregate outstanding principal amount of the notes then outstanding voting as a single class;
- (4) failure by Clearwater Paper or any of its Restricted Subsidiaries for 60 days after notice to Clearwater Paper by the trustee or the holders of at least 25% in aggregate principal amount of the notes then outstanding voting as a single class to comply with any of the other agreements in the indenture;
- (5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Clearwater Paper or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Clearwater Paper or any of its Restricted Subsidiaries), whether such Indebtedness or Guarantee now exists, or is created after the date of the Indenture, if that default:
 - (a) is caused by a failure to pay principal of, or interest or premium, if any, on, such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a *Payment Default*); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$25.0 million or more;

Table of Contents

- (6) failure by Clearwater Paper or any of its Restricted Subsidiaries to pay, bond, discharge or have stayed final, non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$25.0 million, which judgments are not paid, bonded, discharged or stayed for a period of 60 days;
- (7) except as permitted by the indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or any Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and
- (8) certain events of bankruptcy or insolvency described in the indenture with respect to Clearwater Paper or any of its Restricted Subsidiaries that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to Clearwater Paper, any Restricted Subsidiary of Clearwater Paper that is a Significant Subsidiary or any group of Restricted Subsidiaries of Clearwater Paper that, taken together, would constitute a Significant Subsidiary, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding notes may declare all the notes to be due and payable immediately.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or premium, if any.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of notes unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of a note may pursue any remedy with respect to the indenture or the notes unless:

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in aggregate principal amount of the then outstanding notes have requested the trustee to pursue the remedy;
- (3) such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) holders of a majority in aggregate principal amount of the then outstanding notes have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding notes by notice to the trustee may, on behalf of the holders of all of the notes, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest or premium, if any, on, or the principal of, the notes.

Clearwater Paper is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, Clearwater Paper is required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Clearwater Paper or any Guarantor, as such, will have any liability for any obligations of Clearwater Paper or the Guarantors under the notes, the indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Clearwater Paper may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers certificate, elect to have all of its obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Note Guarantees (*Legal Defeasance*) except for:

- (1) the rights of holders of outstanding notes to receive payments in respect of the principal of, or interest or premium, if any, on, such notes when such payments are due from the trust referred to below;
- (2) Clearwater Paper s obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, Clearwater Paper s and the Guarantors obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

In addition, Clearwater Paper may, at its option and at any time, elect to have the obligations of Clearwater Paper and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the indenture (*Covenant Defeasance*) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, all Events of Default described under Events of Default and Remedies (except those relating to payments on the notes or bankruptcy, receivership, rehabilitation or insolvency events) will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Clearwater Paper must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium, if any, on, the outstanding notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, Clearwater Paper must specify whether the notes are being defeased to such stated date for payment or to a particular redemption date;
- (2) in the case of Legal Defeasance, Clearwater Paper must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Clearwater Paper has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the

case if such Legal Defeasance had not occurred;

Table of Contents

- (3) in the case of Covenant Defeasance, Clearwater Paper must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other Indebtedness) and the granting of Liens to secure such borrowings);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture and the agreements governing any other Indebtedness being defeased, discharged or replaced) to which Clearwater Paper or any of the Guarantors is a party or by which Clearwater Paper or any of the Guarantors is bound;
- (6) Clearwater Paper must deliver to the trustee an officers certificate stating that the deposit was not made by Clearwater Paper with the intent of preferring the holders of notes over the other creditors of Clearwater Paper with the intent of defeating, hindering, delaying or defrauding any creditors of Clearwater Paper or others; and
- (7) Clearwater Paper must deliver to the trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes or the Note Guarantees may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing Default or Event of Default or compliance with any provision of the indenture or the notes or the Note Guarantees may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of notes affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting holder):

- (1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption of the notes (other than provisions relating to the covenants described above under the caption Repurchase at the Option of Holders);
- (3) reduce the rate of or change the time for payment of interest, including default interest, on any note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the then outstanding notes and a waiver of the payment default that resulted from such acceleration);
- (5) make any note payable in money other than that stated in the notes;

Table of Contents

- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium, if any, on, the notes;
- (7) waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption "Repurchase at the Option of Holders");
- (8) release any Guarantor from any of its obligations under its Note Guarantee or the indenture, except in accordance with the terms of the indenture; or
- (9) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of notes, Clearwater Paper, the Guarantors and the trustee may amend or supplement the indenture, the notes or the Note Guarantees:

- (1) to cure any ambiguity, defect or inconsistency;
- (2) to provide for uncertificated notes in addition to or in place of certificated notes;
- (3) to provide for the assumption of Clearwater Paper's or a Guarantor's obligations to holders of notes and Note Guarantees in the case of a merger or consolidation or sale of all or substantially all of Clearwater Paper's or such Guarantor's assets, as applicable;
- (4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the indenture of any such holder;
- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;
- (6) to conform the text of the indenture, the Note Guarantees or the notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a verbatim recitation of a provision of the indenture, the Note Guarantees or the notes, which intent may be evidenced by an officers' certificate to that effect;
- (7) to provide for the issuance of additional notes in accordance with the limitations set forth in the indenture as of the date of the indenture; or
- (8) to allow any Guarantor to execute a supplemental indenture or a Note Guarantee with respect to the Notes.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

Edgar Filing: Van Paper CO - Form S-4/A

(1) either:

- (a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to Clearwater Paper, have been delivered to the trustee for cancellation; or
- (b) all notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year, and Clearwater Paper or any Guarantor has irrevocably deposited or caused to be deposited with the trustee, as trust funds in trust solely for the

benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

- (2) in respect of clause 1(b), no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and any similar deposit relating to other Indebtedness and, in each case, the granting of Liens to secure such borrowings) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Clearwater Paper or any Guarantor is a party or by which Clearwater Paper or any Guarantor is bound (other than with respect to the borrowing of funds to be applied concurrently to make the deposit required to effect such satisfaction and discharge and any similar concurrent deposit relating to other Indebtedness, and in each case the granting of Liens to secure such borrowings);
- (3) Clearwater Paper or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and
- (4) Clearwater Paper has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or on the redemption date, as the case may be.

In addition, Clearwater Paper must deliver an officers certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Clearwater Paper or any Guarantor, the indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign.

The holders of a majority in aggregate principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The indenture and the notes are governed by, and will be construed in accordance with, the laws of the State of New York.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed that this prospectus will be made available for 90 days after the date hereof (or until such earlier date when delivery of a prospectus is no longer required) to any broker-dealer for use in connection with any such resale.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit of any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. For a period of 90 days after the date of this prospectus (or until such earlier date when delivery of a prospectus is no longer required), Clearwater Paper will provide additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests these documents in the letter of transmittal. MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

Taxation of Holders of the Notes

The following summary describes the material United States federal income tax consequences (i) to a holder with respect to the purchase, beneficial ownership and disposition of the exchange notes and (ii) resulting from the exchange of outstanding notes for the exchange notes by a holder in the exchange offer. This summary is limited to holders who will hold the notes as capital assets within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the Code), and who acquire the notes in this offering at the initial offering price. This summary does not deal with the United States federal income tax consequences to investors subject to special treatment under the United States federal income tax laws, such as dealers in securities or foreign currency, tax exempt entities, banks, thrifts, insurance companies, retirement plans, regulated investment companies, traders in securities that elect to apply a mark-to-market method of accounting, persons that hold the notes as part of a straddle, a hedge against currency risk, a conversion transaction or other integrated transaction, holders subject to the alternative minimum tax, partnerships or other pass-through entities (or investors in such entities), certain financial institutions, expatriates and former citizens or long-term residents of the United States and United States Holders (as defined below) that have a functional currency other than the U.S. dollar, all within the meaning of the Code. In addition, this discussion does not describe United States federal gift or estate tax consequences or any tax consequences arising out of the tax laws of any state, local or foreign jurisdiction.

The federal income tax considerations set forth below are based upon the Code, existing and proposed regulations thereunder, and current administrative rulings and court decisions, all of which are subject to change. Prospective investors should particularly note that any such change could have retroactive application so as to result in federal income tax consequences different from those discussed below. We have not and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the exchange of the outstanding notes for the exchange notes or of the purchase, ownership or disposition of the notes that are different from those discussed below.

Investors should consult their tax advisors regarding the application of the United States federal income tax laws to their particular situations, as well as any tax consequences of exchanging the outstanding notes for the exchange notes arising under the federal estate or gift tax rules or under the laws of any state, local or foreign taxing jurisdiction or under any applicable tax treaty.

As used herein, United States Holders are beneficial owners of the notes, that are, for United States federal income tax purposes:

individuals who are citizens or residents of the United States;

corporations or other entities taxable as corporations created or organized in, or under the laws of, the United States, any state thereof or the District of Columbia;

estates, the income of which is subject to United States federal income taxation regardless of its source; or

trusts if (i) (A) a court within the United States is able to exercise primary supervision over the administration of the trust and (B) one or more U.S. persons have the authority to control all substantial decisions of the trust, or (ii) the trust was in existence on August 20, 1996, was treated as a U.S. person prior to such date, and validly elected to continue to be so treated.

As used herein, a non-United States Holder is a beneficial owner of the notes that is an individual, corporation, estate or trust for United States federal income tax purposes and is not a United States Holder.

If any entity taxable as a partnership holds notes, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding the notes, you should consult your tax advisor regarding the tax consequences of the exchange of the outstanding notes for the exchange notes and of the purchase, ownership and disposition of the notes.

Table of Contents

In certain circumstances, we may be obligated to pay amounts in excess of stated interest or principal on the exchange notes. Our obligation to pay such excess amounts may implicate the provisions of the Treasury regulations relating to contingent payment debt instruments. Under these regulations, however, one or more contingencies will not cause a debt instrument to be treated as a contingent payment debt instrument if, as of the issue date, each such contingency is remote or is considered to be incidental. We believe and intend to take the position that the foregoing contingencies should be treated as remote and/or incidental. Our position is binding on a holder, unless the holder discloses in the proper manner to the IRS that it is taking a different position. However, this determination is inherently factual and we can give you no assurance that our position would be sustained if challenged by the IRS. A successful challenge of this position by the IRS could affect the timing and amount of a holder's income and could cause gain from the sale or other disposition of an exchange note to be treated as ordinary income, rather than capital gain. This disclosure assumes that the exchange notes will not be considered contingent payment debt instruments. Holders are urged to consult their tax advisors regarding the potential application to the exchange notes of the contingent payment debt regulations and the consequences thereof.

Taxation of United States Holders

The Exchange Offer

The exchange of the outstanding notes for the exchange notes in the exchange offer will not be treated as an exchange for United States federal income tax purposes, because the exchange notes will not be considered to differ materially in kind or extent from the outstanding notes. Accordingly, the exchange of outstanding notes for exchange notes will not be a taxable event to holders for United States federal income tax purposes. Moreover, the exchange notes will have the same tax attributes as the outstanding notes and the same United States federal income tax consequences to holders as the outstanding notes have to holders, including without limitation, the same issue price, adjusted issue price, adjusted tax basis and holding period.

Taxation of Stated Interest

Stated interest on the exchange notes will be treated as qualified stated interest (i.e., stated interest that is unconditionally payable at least annually at a single fixed rate over the entire term of the note) and will be taxable to United States Holders as ordinary interest income as the interest accrues or is paid, in accordance with the holder's regular method of tax accounting for U.S. federal income tax purposes.

Sale, Exchange, Retirement or Redemption of the Exchange Notes

Upon the disposition of an exchange note by sale, exchange, retirement or redemption, a United States Holder will generally recognize gain or loss equal to the difference between (1) the amount realized on the disposition of the exchange note (other than amounts attributable to accrued and unpaid stated interest on the exchange note, which will be treated as ordinary interest income for federal income tax purposes if not previously included in income) and (2) the United States Holder's adjusted tax basis in the exchange note. A United States Holder's adjusted tax basis in an exchange note generally will equal the cost of the exchange note to such United States Holder.

Gain or loss from the taxable disposition of an exchange note generally will be capital gain or loss and will be long-term capital gain or loss if the exchange note was held by the United States Holder for more than one year at the time of the disposition. For non-corporate holders, certain preferential tax rates may apply to gain recognized as long-term capital gain. The deductibility of capital losses is subject to certain limitations.

Backup Withholding and Information Reporting

Payments of interest on, or the proceeds of the sale or other disposition of, an exchange note are generally subject to information reporting unless the United States Holder is an exempt recipient (such as a corporation). Such payments may also be subject to United States federal backup withholding tax at the applicable rate if the recipient of such payment fails to supply a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise fails to establish an exemption from backup withholding. Any amounts withheld under the backup withholding rules from a payment to a United States Holder may be credited against the United States Holder's U.S. federal income tax liability, if any, or refunded.

Table of Contents

Taxation of Non-United States Holders

For purposes of the following discussion, interest and gain on the sale, exchange or other disposition (including a retirement or redemption) of an exchange note will be considered U.S. trade or business income if the income or gain is effectively connected with a U.S. trade or business that is conducted or deemed to be conducted, by a non-United States Holder.

The Exchange Offer

The exchange of the outstanding notes for the exchange notes in the exchange offer will not be treated as an exchange for United States federal income tax purposes, because the exchange notes will not be considered to differ materially in kind or extent from the outstanding notes. Accordingly, the exchange of outstanding notes for exchange notes will not be a taxable event to holders for United States federal income tax purposes. Moreover, the exchange notes will have the same tax attributes as the outstanding notes and the same United States federal income tax consequences to holders as the outstanding notes have to holders, including without limitation, the same issue price, adjusted issue price, adjusted tax basis and holding period.

Taxation of Interest

Interest income will qualify for the portfolio interest exception, and therefore will not be subject to United States withholding tax, if:

the interest income is not U.S. trade or business income of the non-United States Holder;

the non-United States Holder does not actually or constructively own 10% or more of the total combined voting power of the Company's stock entitled to vote;

the non-United States Holder is not, for United States federal income tax purposes, a controlled foreign corporation that is related to the Company;

the non-United States Holder is not a bank which acquired the exchange note in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and

either (A) the non-United States Holder certifies, under penalty of perjury, to the Company or the Company's agent that it is not a U.S. person and such non-United States Holder provides its name, address and certain other information on a properly executed Form W-8BEN (or an applicable substitute form), or (B) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business holds the note on behalf of the beneficial owner and provides a statement to the Company or the Company's agent signed under the penalties of perjury in which the organization, bank or financial institution certifies that Form W-8BEN or a suitable substitute has been received by it from the non-United States Holder or from another financial institution entity on behalf of the non-United States Holder and furnishes the Company or the Company's agent with a copy.

If a non-United States Holder cannot satisfy the requirements for the portfolio interest exception as described above, the gross amount of payments of interest to such non-United States Holder that is not U.S. trade or business income will be subject to United States federal withholding tax at the rate of 30%, unless a U.S. income tax treaty applies to reduce or eliminate withholding. U.S. trade or business income will not be subject to United States federal withholding tax but will be taxed on a net income basis in generally the same manner as a United States Holder (unless an applicable income tax treaty provides otherwise), and if the non-United States Holder is a foreign corporation, such U.S. trade or business income also may be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits attributable to such interest, or a lower rate provided by an applicable treaty. In order to claim the benefit provided by a tax treaty or to claim exemption from withholding because the income is U.S. trade or business income, a non-United States Holder must provide either:

Edgar Filing: Van Paper CO - Form S-4/A

a properly executed Form W-8BEN (or suitable substitute form) claiming an exemption from or reduction in withholding under the benefit of an applicable tax treaty; or

Table of Contents

a properly executed Form W-8ECI (or suitable substitute form) stating that interest paid on the note is not subject to withholding tax because it is U.S. trade or business income.

Sale, Exchange, Retirement or Redemption of Exchange Notes

Subject to the discussion of backup withholding below, generally, a non-United States Holder will not be subject to United States federal income tax or withholding tax on any gain realized on the sale, exchange, retirement or redemption of an exchange note unless:

the gain is U.S. trade or business income; or

the non-United States Holder is an individual who is present in the United States for 183 days or more during the taxable year in which the disposition of the note is made and certain other requirements are met.

A holder described in the first bullet point above will be required to pay United States federal income tax on the net gain derived from the sale in the same manner as a United States Holder, except as otherwise required by an applicable tax treaty, and if such holder is a foreign corporation, it may also be required to pay a branch profits tax equal to 30% of its effectively connected earnings and profits attributable to such gain, or a lower rate provided by an applicable income tax treaty. A holder described in the second bullet point above will be subject to a 30% United States federal income tax on the gain derived from the sale, which may be offset by certain U.S. source capital losses.

Information Reporting and Backup Withholding

Where required, information will be reported annually to each non-United States Holder as well as the IRS regarding any interest that is either subject to withholding or exempt from United States withholding tax pursuant to a tax treaty or to the portfolio interest exception. Copies of these information returns may also be made available to the tax authorities of the country in which the non-United States Holder resides under the provisions of a specific treaty or agreement.

Under the backup withholding provisions of the Code and the applicable Treasury regulations, a non-United States Holder of exchange notes may be subject to backup withholding at a rate currently equal to 28% with respect to interest paid on the exchange notes. However, the regulations provide that payments of interest to a non-United States Holder will not be subject to backup withholding and related information reporting if the non-United States Holder certifies its non-U.S. status under penalties of perjury or satisfies the requirements of an otherwise established exemption.

The payment of the proceeds from the disposition (including a retirement or redemption) of exchange notes to or through the U.S. office of any broker, United States or foreign, will be subject to information reporting and possible backup withholding unless the non-United States Holder certifies its non-U.S. status under penalty of perjury or satisfies the requirements of an otherwise established exemption.

The payment of the proceeds from the disposition of an exchange note to or through a non-U.S. office of a non-U.S. broker that does not have certain enumerated relationships with the United States will not be subject to information reporting or backup withholding. When a non-United States Holder receives a payment of proceeds from the disposition of exchange notes either to or through a non-U.S. office of a broker that is either a U.S. person or a person who has certain enumerated relationships with the United States, the regulations require information reporting (but not backup withholding) on the payment, unless the broker has documentary evidence in its files that the non-United States Holder is not a U.S. person.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a holder will be allowed as a credit against such holder's United States federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

Recently Enacted Legislation

On March 18, 2010, President Obama signed into law the Hiring Incentives to Restore Employment Act (the Act). The Act imposes withholding taxes on certain types of payments made to foreign financial institutions (as specifically defined in the Act) and certain other non-United States entities (including financial intermediaries) after December 31, 2012. The Act imposes a 30% withholding tax on withholdable payments to a foreign financial institution or to a foreign non-financial entity, unless (i) the foreign financial institution undertakes certain diligence and reporting obligations or (ii) the foreign non-financial entity either certifies it does not have any substantial United States owners or furnishes identifying information regarding each substantial United States owner. For these purposes, a withholdable payment includes any United States source payments of interest (including original issue discount), dividends, rents, compensation and other fixed or determinable annual or periodical gains, profits and income. If the payee is a foreign financial institution, it must enter into an agreement with the United States Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain United States persons or United States-owned foreign entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these reporting and other requirements. Investors should consult their tax advisors regarding this legislation and the potential implications, if any, of this legislation on their particular circumstances.

On March 30, 2010, President Obama signed into law the Health Care and Education Reconciliation Act of 2010. This legislation will require certain individuals, estates and trusts to pay a 3.8% Medicare surtax on net investment income including, among other things, interests and proceeds of sale in respect of securities like the exchange notes, subject to certain exceptions. This surtax will apply for taxable years beginning after December 31, 2012. Investors should consult with their own tax advisors regarding the effect, if any, of the legislation on their ownership and disposition of the exchange notes.
