Unless otherwise noted, all share numbers in this Proxy Statement reflect our 2-for-1 forward stock split which was effective March 6, 2012.

Why am I receiving these materials?

Our Board has sent you this Proxy Statement and the accompanying proxy card to ask for your vote, as a shareholder of HomeStreet, on certain matters that will be voted on at the Annual Meeting. As a shareholder of record, you are invited to attend and are entitled to and requested to vote on the proposals set forth in this Proxy Statement. Table of Contents

How do I vote?

You can vote on matters that properly come before the Annual Meeting in one of two ways:

You may vote by mail.

You do this by marking, signing and dating the proxy card and mailing it in the enclosed, prepaid and addressed envelope or otherwise mailing it to us at our mailing address on the cover page of this Proxy Statement prior to the Annual Meeting. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote in person at the meeting.

You can vote in person at the meeting. However, if you hold your shares in street name (in the name of a bank or some other nominee), you must request and receive a legal proxy from the record owner prior to the meeting in order to vote at the meeting.

In order to facilitate an orderly Annual Meeting, we request that you provide the Board of Directors your vote prior to the Annual Meeting by completing and returning the enclosed proxy card as soon as possible.

What if my shares are held in street name?

If you are the beneficial owner of shares held by a broker in street name, your broker, as the record holder of the shares, is required to vote the shares in accordance with your instructions. Pursuant to applicable regulations, if you do not give instructions to your broker, your broker will not be permitted to vote your shares with respect to the Proposals 1, 2 and 3, described in this Proxy Statement.

If your shares are held in street name, you will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or a letter from the record holder of your shares is an example of proof of ownership. If you want to vote your shares of common stock held in street name in person at the Annual Meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

What happens if I sign and return my proxy card, but don't mark my votes?

If you do not mark your vote on your proxy, David A. Ederer, Chairman of the Board of Directors, and Godfrey B. Evans, our Corporate Secretary, General Counsel and Chief Administrative Officer, will vote your shares as recommended by the Board of Directors: FOR each of the director nominees identified herein, EVERY 3 YEARS for Proposal 3 and FOR approval of the other Proposals.

Can I revoke my proxy?

You have the power to revoke your proxy at any time before the polls close at the meeting. You may do this by either a) signing and returning another proxy with a later date prior to the date of the meeting or submitting written notice of your revocation to our Corporate Secretary, Godfrey B. Evans, at our mailing address on the cover page of this Proxy Statement, or b) voting in person at the meeting.

What happens if additional matters are presented at the Annual Meeting?

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders, David Ederer and Godfrey Evans, or either of them, will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Table of Contents

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify an individual shareholder are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation. If you provide written comments on your proxy card, such comments may be forwarded to the Company's management, however, there can be no guarantee that such comments will be forwarded or reviewed. We encourage any shareholders who would like to provide comments to management to contact us directly at the address provided on the cover page of this Proxy Statement.

Who will count the votes?

American Stock Transfer and Trust Company, LLC, our stock transfer agent will serve as the inspector of elections and in that capacity will count and tabulate the votes.

Where can I find the results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K, which we will file with the Securities and Exchange Commission (the "SEC") within four (4) business days of the Annual Meeting.

What does it mean if I get more than one proxy card?

It means that you may have multiple stock ownership accounts. Please mark, sign and return all proxy cards to ensure that all your shares are voted.

What constitutes a quorum?

A quorum refers to the number of shares that must be represented at a meeting in order to lawfully conduct business. A majority of the outstanding common shares entitled to vote at the Annual Meeting, present in person or represented by proxy, will constitute a quorum at the meeting. Without a quorum, no business may be transacted at the Annual Meeting. However, whether or not a quorum exists, a majority of the voting power of those present at the Annual Meeting may adjourn the Annual Meeting to another date, time and place.

How are abstentions treated?

Abstentions will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business. The election of directors requires that the candidates elected receive a plurality of votes, which means that the three candidates receiving the largest number of votes cast will be elected. Accordingly, assuming the presence of a quorum, abstentions will not affect the results of the matters to be considered at the Annual Meeting.

What percentage of stock do the directors and executive officers own?

Together these persons had or shared the right to vote or dispose of approximately 13% of our common stock as of the Record Date.

Who is paying the cost of preparing, assembling and mailing the notices of the Annual Meeting, Proxy Statement and form of proxy and the solicitation of the proxies?

The Company is paying all such costs. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners for their reasonable expenses in forwarding solicitation material to

Table of Contents

such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

What is the deadline for submitting shareholder proposals for consideration at the Company's next annual meeting of the shareholders or to nominate individuals to serve as directors?

For inclusion in HomeStreet's proxy materials: Shareholders may present proper proposals for inclusion in HomeStreet's Proxy Statement and for consideration at the next annual meeting of shareholders by submitting such proposals in writing to our Corporate Secretary in a timely manner. In order to be included in the Proxy Statement for the 2013 annual meeting of shareholders, shareholder proposals must be received by HomeStreet's Corporate Secretary no later than December 28, 2012, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

To be brought before an annual meeting: In addition, our bylaws establish an advance notice procedure for shareholders who wish to present certain matters before an annual meeting of shareholders.

In general, nominations for the election of directors may be made (1) by or at the direction of the Board of Directors, or (2) by a shareholder who has delivered written notice to HomeStreet's Corporate Secretary within the Notice Period (as defined below) and who was a shareholder at the time of such notice and as of the record date. The notice must contain specified information about the nominees and about the shareholder proposing such nominations.

Our bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of meeting given by or at the direction of the Board of Directors, (2) properly brought before the meeting by or at the direction of the Board of Directors or (3) properly brought before the meeting by a shareholder who has delivered written notice to our Corporate Secretary within the Notice Period (as defined below) and who was a shareholder at the time of such notice and as of the record date. The notice must contain specified information about the matters to be brought before such meeting and about the shareholder proposing such matters, including information related to the shareholder's ownership interest in the Company and any material interests of the shareholder in the business desired to be brought before the meeting.

The Notice Period is defined as that period not less than 90 days nor more than 120 days prior to the one year anniversary of the date on which we mailed our proxy materials to shareholders in connection with the previous year's annual meeting of shareholders. As a result, the Notice Period for the 2013 annual meeting of shareholders will start on December 28, 2012 and end on January 27, 2013. However, if the annual meeting for 2013 is more than 30 days before or 60 days after May 23, 2013, in order to be timely notice must be delivered not less than 90 days nor more than 120 days prior to the actual date of the 2013 meeting; provided, that if the notice of such meeting is less than 100 days before the date of such meeting, notice of such proposal must be made not less than 10 days after the date of the notice of the meeting in order to be timely.

If a shareholder who has notified the Company of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, the Company need not present the proposal for vote at such meeting.

A copy of the full text of the bylaw provisions discussed above may be obtained by writing to our Corporate Secretary at our principal executive offices or by accessing our filings on the SEC's website at www.sec.gov. All notices of proposals by shareholders, whether or not included in our proxy materials, should be sent to our Corporate Secretary at our principal executive offices.

Who can help answer any other questions I may have?

Proposal 1 Election of Directors

Introduction

Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors, and twelve members are currently authorized, although at present we have only eleven members. Our articles of incorporation provide that directors are elected for three-year terms, with one-third of the board of directors elected at each Annual Meeting of shareholders. Each director holds office until that director's successor is duly elected and qualified or until his earlier death or resignation. The three directors standing for election to our Board are nominees for election with terms to expire in 2015. All nominees are incumbent directors of HomeStreet and nominated for reelection.

Nominees for Class I Directors Terms Expire 2015

Upon recommendation of the Human Resources and Corporate Governance Committee, the Board of Directors has nominated **Brian P. Dempsey, Gerhardt Morrison and Douglas I. Smith** for re-election as Class I directors. Biographical information about each of the nominees is contained in the following section. A discussion of the qualifications, attributes and skills of each nominee that led our Board of Directors and the Human Resources and Corporate Governance Committee to the conclusion that he should continue to serve as a director has been added following each of the director and nominee biographies.

If you are a shareholder of record and you sign your proxy card but do not give instructions with respect to the voting of directors, your shares will be voted FOR the re-election of Messrs. Dempsey, Morrison and Smith. While we expect that all of the nominees will be able to qualify for and accept office, if for any reason a nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the Board of Directors to fill such vacancy. If you wish to give specific instructions with respect to the voting of directors, you may do so by indicating your instructions on your proxy card. If you hold your shares in street name and you do not give voting instructions to your broker, your broker will leave your shares unvoted on this matter.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE ELECTION OF EACH OF

BRIAN P. DEMPSEY, GERHARDT MORRISON AND DOUGLAS I. SMITH.

OUR BOARD RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE NOMINEES LISTED ABOVE BY SIGNING AND RETURNING THE ATTACHED PROXY TO THE COMPANY.

Proposal 2

Non-Binding Vote on Executive Compensation

General

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) our shareholders are entitled to vote, on an advisory or non-binding basis, on the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the *Executive Compensation* section of this Proxy Statement. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and our compensation philosophy, policies and practices that are described in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Human Resources and Corporate Governance Committee or our Board of Directors. The say-on-pay vote will, however, allow shareholders to express their views about our executive compensation philosophy, policies and practices, which may inform our Human Resources and Corporate Governance Committee as they review executive compensation for the remainder of this year and future years. Our Board of Directors and our Human Resources and Corporate Governance Committee value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and evaluate whether any actions are necessary to address those concerns.

Summary of 2011 Executive Compensation Program

Our compensation philosophy and programs have been directly impacted by the economic downturn that began in late 2007, and we expect that they will continue to be so impacted for the foreseeable future. Generally, we have instituted compensation practices intended to meet our complementary goals of preserving the Bank's safety and soundness, assuring the survival and success of the Company, providing fair compensation to employees and attracting and retaining management and other employees whom we believe to be capable of addressing the regulatory and business challenges that have confronted and, in most cases, continue to confront the Company and the Bank, as well as implementing our turn-around and go-forward business plans. From 2009 through 2011, our compensation philosophy and programs were directed primarily at attracting and retaining an executive management team that had significant turnaround experience and experience that would, in the judgment of the Board of Directors and the Human Resources and Corporate Governance Committee (the "HRCG"), which acts as the Board of Directors' compensation committee, be sufficient to promote the safety and soundness of the Company and the Bank and, ultimately, to return HomeStreet to profitability, address the regulatory and operational burdens that we faced during that time, and execute our business strategy. To promote these objectives, we developed compensation arrangements for our new executive team, and maintained a general salary freeze in effect from 2009 through 2011 other than for special retention bonuses for certain key executives and senior managers in 2010. In order to provide additional equity-based compensation incentives and to reward key personnel who had played an important role in stabilizing and recapitalizing HomeStreet and the Bank, the HRCG approved additional grants of restricted stock awards and stock options awards, which awards were conditioned upon the successful completion of our initial public offering. The following is a summary of certain key points of our 2011 executive compensation program; for more detail please see the information below under the heading "Executive Compensation":

Mr. Mason, who was hired in late 2009 based on his skills and experience in implementing turn-around plans at troubled financial institutions, received a base salary of \$600,000 in 2011, which the HRCG has determined, based on review of surveys done by an independent outside compensation consultant, is consistent with pay received by peers of Mr. Mason at similarly situated financial institutions. In accordance with Mr. Mason's employment agreements with the Company, as of March 26, 2012, the date of the lifting of the cease and desist order imposed on the Bank, Mr. Mason's base salary decreased to \$500,000 per year. Mr. Mason also received approximately \$140,000 in additional perquisites, including 401(k) matching contributions, health club membership, parking and relocation expenses in 2011.

Our named executive officers as a group received base salaries aggregating \$1,543,000 in 2011, and perquisites similar to those received by Mr. Mason in the aggregate amount of \$288,885. This includes temporary housing and travel expenses for Messrs. Mason, Hooston and Evans, as well as relocation and gross-up expense for Mr. Mason.

As of December 31, 2011, Mr. Mason beneficially owned approximately 1.8% of the Company's outstanding common stock and our executive officers as a group owned approximately 4.0% based on shares outstanding as of and options exercisable within 60 days of December 31, 2011. We believe stock ownership by our executive officers helps align the interests of our executive officers with the shareholders' interests. No equity grants were made in 2011 to any of our named executive officers. However, all of our executive officers received retention equity grants in 2010 and restricted stock awards and option grants under our 2010 Equity Incentive Plan in connection with the closing of our initial public offering in February 2012. These latest grants are intended to allow these executive officers to continue to maintain the right to own a significant stake in the Company, with a targeted ownership percentage (assuming the exercise of outstanding options, whether or not vested) of 3.7% for Mr. Mason and 6.5% for the executive officers as a whole.

In 2011, we implemented a Management/Support Performance-Based Annual Incentive Plan under which certain officers, including our named executive officers, received incentive awards to be paid in cash in 2012 based on attainment of specified goals that are intended to align the interests of employees with the interests of the Company. Mr. Mason received a cash incentive payment of \$481,226 in 2012

Table of Contents

based on performance in 2011, and our named executive officers as a group received awards of \$1,181,316 in the aggregate. The components of this plan are described in more detail below under Executive Compensation.

We use employment agreements with our named executive officers to retain those key executives and the talent, skills, experience and expertise that they provide to HomeStreet with a goal of protecting the Company and the shareholders and providing the stability and skilled leadership we need in our current environment. In 2011, our chief executive officer, chief financial officer, chief credit officer and chief administrative officer and general counsel entered into employment agreements with the Company, each of which requires the payment of severance and acceleration of certain stock options in the event of a termination by us without cause or by the executive with good reason (in each case, as defined in their respective agreement) and payment of severance on a termination in connection with a change in control. These agreements are described in more detail under the heading Executive Compensation below.

We believe that our compensation program is reasonable and appropriate based in part on the analysis and advice of our outside compensation consultants, and the significant results in the execution of the turn-around plan and actual results of operations. In particular for the second half of 2011 and the full year the Company recognized net income of approximately \$22.3 million and \$16.1 million, respectively.

We believe our compensation program provides appropriate rewards and motivation for our executive officers to produce strong financial results while managing risks and promoting regulatory compliance and allows us to attract and retain the most qualified and experienced individuals available to further our success.

We believe that the information provided above and within the Executive Compensation section of this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to align the interests of our management team with the interests of our shareholders to support long-term value creation. We also believe the compensation paid to our executive officers during fiscal 2011 was competitive with those offered by our peers and competitors and consistent with our level of performance while being commensurate with the roles those executives played in implementing the Company's turnaround plan, including reducing troubled assets, improving the Bank's performance and raising the additional capital necessary to recapitalize the Bank and the Company through our initial public offering.

Accordingly, we ask our shareholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE ADVISORY (NON-BINDING)

VOTE APPROVING EXECUTIVE COMPENSATION.

Proposal 3

Non-Binding Vote on the Frequency of the

Non-Binding Vote on Executive Compensation

The Dodd-Frank Act also enables our shareholders to indicate, at least once every six years, how frequently we should seek a non-binding vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal Two of this Proxy Statement. By voting on this Proposal Three, shareholders may indicate whether they would prefer a non-binding vote on named executive officer compensation once every one, two or three years.

Table of Contents

After careful consideration, our Board of Directors has determined that a non-binding vote on executive compensation that occurs triennially is the most appropriate alternative for the Company, and therefore our Board of Directors recommends that you vote for a three-year interval for the non-binding vote on executive compensation.

Our Board of Directors recommends a triennial vote as the most appropriate alternative for the Company as it will allow our shareholders to provide input on our compensation philosophy, policies and practices while allowing the Company, Board of Directors and Human Resources and Corporate Governance Committee adequate time to evaluate the effects of our compensation program on performance over a longer period. We understand that our shareholders may have different views as to what is the best approach for the Company, and we look forward to hearing from our shareholders on this Proposal.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below:

RESOLVED, that the option of once every one year, two years or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Company is to hold a shareholder vote to approve the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure.

The option of one year, two years or three years that receives the highest number of votes cast by shareholders will be the frequency for the advisory vote on executive compensation that has been selected by our shareholders. However, because this vote is advisory and not binding on the Company, the Human Resources and Corporate Governance Committee or our Board of Directors in any way, the Board of Directors may decide that it is in the best interests of our shareholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A TRIENNIAL VOTE AS THE FREQUENCY WITH WHICH SHAREHOLDERS ARE PROVIDED AN ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION.

Proposal 4

Ratification of Appointment of Independent Registered Public Accounting Firm

General

The Audit Committee has selected KPMG LLP as the Company's independent registered public accounting firm to audit the consolidated financial statements of HomeStreet and its subsidiaries for the fiscal year ending December 31, 2012. KPMG LLP has audited the Company's financial statements since fiscal 2003.

Shareholder ratification of the selection of KPMG LLP is not required by our bylaws or other applicable legal requirements. However, the Board of Directors is submitting the selection of KPMG LLP to our shareholders for ratification as a matter of good corporate practice. In the event that this selection of an independent registered public accounting firm is not ratified by the affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy, the appointment of the independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

Table of Contents**Principal Accounting Fees and Services**

The following table presents fees billed for professional audit services and other services rendered to HomeStreet by KPMG LLP for the year ended December 31, 2010 and fees paid for audit services rendered by KPMG LLP for the year ended December 31, 2011. We are still in discussions with KPMG LLP regarding the final amount of fees to be paid for such services for the year ended December 31, 2011, so the amounts disclosed for that year, which are based on our current invoices from KPMG LLP, are subject to change based on the outcome of those discussions. Amounts in this table are presented in thousands.

	2010	2011
Audit Fees (1)	\$ 715	\$ 704
Audit-Related Fees (2)	19	17.5
Audit-Related Fees IPO (3)	305	620
All Other Fees (4)	N/A	55
Total	\$ 1,039	\$ 1,377

- (1) Audit Fees consist of fees billed for professional services rendered for the audit of our consolidated financial statements included in our Annual Report on Form 10-K and for the review of our quarterly financial statements, as well as services that generally only our independent registered public accounting firm can reasonably provide, including statutory audits and services rendered in connection with SEC filings.
- (2) Audit-Related Fees consist of fees paid for professional services rendered in connection with audits of our employee benefit plans.
- (3) Audit-Related Fees IPO consists of fees billed for professional services rendered in connection with our initial public offering, including comfort letters, consents and reviews of documents filed with the SEC.
- (4) Consulting services related to a review of our ALLL methodology. There were no other services provided by KPMG LLP in 2010.

Pre-Approval of Audit and Non-Audit Services

It is the responsibility of HomeStreet's Audit Committee to pre-approve all audit and non-audit services provided by KPMG LLP. The Audit Committee has adopted a policy authorizing certain permissible audit and non-audit services to be performed by KPMG LLP with subsequent reporting and oversight required by the Audit Committee. Permissible services, not pre-approved pursuant to this policy, require specific review and approval prior to the engagement by the Audit Committee, or a designated member. All services rendered by and fees paid to KPMG LLP are reported to and monitored quarterly by the Audit Committee. The Audit Committee considers whether the provision of related audit services is compatible with maintaining the independent registered public accounting firm's independence. To assist the Audit Committee in its oversight responsibilities, the pre-approval policy identifies the three basic principles of independence with respect to services provided by the independent registered public accounting firm, as well as the non-audit services the independent registered public accounting firm is prohibited from providing. All services provided by KPMG LLP in each of the last two fiscal years were pre-approved by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS HOME STREET'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.

CORPORATE GOVERNANCE

Code of Ethics

Our board of directors has established a code of ethics as defined under the Exchange Act that applies to all HomeStreet directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. A copy of our code of ethics (Code of Ethics) is available on our website at <http://ir.homestreet.com>. We will post on our website any amendments to, or waivers (with respect to our principal executive officer, principal financial officer and principal accounting officer) from, this code of ethics within four business days of any such amendment or waiver. Among other things, the Code of Ethics addresses the following principles:

complying with laws and regulations;

prohibiting insider trading;

avoiding conflicts of interest;

avoiding questionable gifts or favors;

maintaining accurate and complete records;

treating others in an ethical manner;

maintaining integrity of consultants, agents and representatives; and

protecting proprietary information and proper use of assets.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file with the Securities and Exchange Commission reports of ownership and reports of changes in ownership of common stock and our other equity securities. Executive officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Because the Company did not have a registered class of securities in fiscal year 2011, no Section 16 reports were due during that year.

Principles of Corporate Governance

The Company has adopted Principles of Corporate Governance, which are available on the Company's website at <http://ir.homestreet.com>. Shareholders may request a free copy of the Principles of Corporate Governance at the address and phone numbers set forth above.

Director Independence

The Board of Directors has determined that, with the exception of Mark Mason and Bruce Williams, all of its current members are independent directors as that term is defined in the listing standards of Nasdaq. In the course of determining the independence of each non-employee director, the Board of Directors considered the annual amount of HomeStreet's sales to, or purchases from, any company where a non-employee director serves as an executive officer as well as all other relevant facts and circumstances, including the director's commercial, accounting, legal,

banking, consulting, charitable and familial relationships.

Board Role in Risk Oversight

The Board of Directors is responsible for overseeing the major risks facing the Company while management is responsible for assessing and mitigating the Company's risks on a day-to-day basis. In addition, the Board has

Table of Contents

delegated oversight of certain categories of risk to the Audit Committee and the Human Resources and Corporate Governance Committee, or HRCG. The Audit Committee reviews and discusses with management significant financial and nonfinancial risk exposures and the steps management has taken to monitor, control and report such exposures. The HRCG oversees management of risks relating to the Company's compensation plans and programs. In performing their oversight responsibilities, the Board and Audit Committee periodically discuss with management the Company's policies with respect to risk assessment and risk management. The Audit Committee and HRCG report to the Board as appropriate on matters that involve specific areas of risk that each Committee oversees.

Employee Compensation Risks

HomeStreet's management and the HRCG have assessed the risks associated with our compensation policies and practices for all employees, including non-executive officers. Based on the results of this assessment, we do not believe that our compensation policies and practices for all employees, including non-executive officers, create risks that are reasonably likely to have a material adverse effect on HomeStreet.

Board Meetings and Committees

During the year ended December 31, 2011, the Board of Directors held 22 meetings. Each of the directors attended or participated in 75% or more of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the Board of Directors on which that director served during the past fiscal year. The Board of Directors has two standing committees: an Audit Committee and the Human Resources and Corporate Governance Committee.

oversee the financial reporting process on behalf of our board of directors, review and discuss the audited financial statements with management and the Company's auditors and report the results of its activities to the board;

Human Resources and Corporate Governance Committee

The Company's Human Resources and Corporate Governance committee, or HRCG, acts as both our nominating and corporate governance committee and our compensation committee. The HRCG has the authority to establish and implement our corporate governance practices, nominate individuals for election to the board of directors and evaluate and set compensation with respect to our directors and executive officers, among other things.

Our Board of Directors has adopted a written charter for the HRCG that satisfies the applicable standards of Nasdaq Corporate Governance rules as to both compensation and nominating committee requirements. A copy of this charter is available on our website at <http://ir.homestreet.com>. Among other things, this charter calls upon HRCG to:

develop criteria for selecting new directors and to identify individuals qualified to become board members;

establish and provide oversight of compensation philosophy and programs; and

oversee and make decisions regarding executive management salaries, incentive compensation, long-term compensation plans and equity plans for our employees and consultants.

Each member of the HRCG meets the independence standards established under Section 10A(m)(3) of the Exchange Act and the proposed rules adopted by the SEC directing the national securities exchanges (including the Nasdaq Stock Market) to adopt independence standards relating to members of compensation committees.

The HRCG held 14 meetings during the last fiscal year. The HRCG's Committee Report is included in this Proxy Statement.

Human Resources and Corporate Governance Committee Interlocks and Insider Participation

None of the members of the HRCG served as an officer or employee of HomeStreet during fiscal year 2011 or any of the three previous years or has had any relationships or participated in any related party transactions that qualify as interlocking or cross-board memberships that are required to be disclosed under the rules of the SEC. See also the *Certain Relationships and Related Transactions* section in this Proxy Statement.

Process for Recommending Candidates for Election to the Board of Directors

The HRCG is responsible for, among other things, determining the criteria for membership to the Board of Directors and recommending candidates for election to the Board of Directors. It is the policy of the HRCG to consider recommendations for candidates to the Board of Directors from shareholders. Shareholder recommendations for candidates to the Board of Directors must be directed in writing to HomeStreet, Inc., 601 Union Street, Suite 2000, Seattle, Washington 98101, Attention: General Counsel, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and HomeStreet within the last three years and evidence of the nominating person's ownership of HomeStreet stock. Such recommendations must also include a statement from the recommending shareholder in support of the candidate, particularly within the context of the criteria for Board membership, including issues of character, judgment, diversity, age, independence, background, skills, expertise, corporate experience, length of service, other commitments and the like, personal references, and an indication of the candidate's willingness to serve. Nominees for our Board of Director must also meet any approval requirements set forth by our regulators.

The HRCG regularly reviews the current composition and size of the Board of Directors. The HRCG's criteria and process for evaluating and identifying the candidates that it recommends to the full Board of Directors for selection as director nominees are as follows:

In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the HRCG seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and considers (1) the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board of Directors, (2) such factors as issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like, and (3) such other factors as the HRCG may consider appropriate.

While we have not established specific minimum qualifications for director candidates, we believe that candidates and nominees must reflect a Board that is comprised of directors who: (1) are predominantly independent, (2) are of high integrity, (3) have broad, business-related knowledge and experience at the policy-making level in business or technology, including their understanding of the Company's business in particular, (4) have qualifications that will increase overall Board effectiveness and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

With regard to candidates who are properly recommended by shareholders or by other means, the HRCG will review the qualifications of any such candidate, which review may, in the HRCG's discretion, include interviewing references for the candidate, direct interviews with the candidate, requesting additional information to be shared with our regulators or other actions that the HRCG deems necessary or proper.

In evaluating and identifying candidates, the HRCG has the authority to retain and terminate any third-party search firm that is used to identify director candidates and has the authority to approve the fees and retention terms of any search firm.

Table of Contents

The HRCG will apply these same principles when evaluating Board candidates who may be elected initially by the full Board to fill vacancies or add additional directors prior to the annual meeting of shareholders at which directors are elected.

After completing its review and evaluation of director candidates, the HRCG recommends to the full Board of Directors the director nominees.

Attendance at Annual Meetings of Shareholders by the Board of Directors

Although HomeStreet does not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of shareholders, we encourage, but do not require, directors to attend.

Insider Trading Policy and Rule 10b5-1 Trading Plans

HomeStreet has an insider trading policy that prohibits, among other things, short sales, hedging of stock ownership positions and transactions involving derivative securities relating to our common stock. As of December 31, 2011, none of our directors or executive officers had entered into a Rule 10b5-1 trading plan.

Director Compensation

Current Non-Employee Director Compensation

Non-employee directors of HomeStreet, Inc. and the Bank will each earn an annual retainer of \$20,000, other than for committee chairs, who will each earn an annual retainer of \$30,000, and the chairman of the HomeStreet board of directors and the Bank's lead director, who will earn an annual retainer of \$40,000. In addition, each director earns a fee of \$1,000 per board meeting, and each committee member earns an additional fee of \$500 per committee meeting (other than for telephonic committee meetings less than two hours in duration, for which the fee is \$250). Fifty percent of the annual retainer is paid in cash and the remaining fifty percent is paid in common stock under our 2011 equity incentive plan for non-employee directors described below. All meeting fees are paid in cash.

In addition, upon the closing of the Company's Offering, the Company made certain grants of restricted stock to our directors. The chairman of HomeStreet received a one-time grant of 1,300 shares under the 2010 Equity Incentive Plan and all other directors received a grant of 850 shares for an aggregate issuance of 9,800 shares. These grants consist of restricted stock that will vest in equal installments over each of the first three anniversaries of the grant date.

We believe that our current overall non-employee director compensation program and the director compensation program in effect in 2011 are reasonable and appropriate based on our review of peer financial institution data and the data provided by our outside compensation consultants.

Table of Contents***Directors' Deferred Compensation Plan***

In 1999, we adopted a plan to permit directors to defer all or a portion of their fees received for services as a director that would otherwise be payable in cash (with a minimum \$2,500 deferral in a plan year for those who elect to make such deferrals). Interest earned on participant deferrals is equal to the average five year daily treasury rate for the quarter. A participant or his or her beneficiary will begin receiving a distribution of his or her deferrals for a particular plan year upon the earliest of (1) a future date specified by the participant, (2) the participant's death or (3) the date the participant ceases to be a director. The form of payment includes either a single lump sum payment or annual installment payments over a period of up to ten years. The participant has a limited ability to change these elections.

2011 Equity Incentive Plan for Non-Employee Directors

Our shareholders have approved the 2011 HomeStreet, Inc. Equity Incentive Plan for Non-Employee Directors, which was implemented upon the closing of the Company's Offering. This plan reserves for issuance awards of up to 84,000 shares of our common stock in order to provide for compensation to directors for one-half of the annual board compensation as described above. All such awards are fully vested immediately upon issuance.

Compensation for Employee Directors

Employee directors do not receive compensation for serving on either board of directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our compensation philosophy and programs have been directly impacted by the economic downturn that began in late 2007. Generally, we implemented compensation practices consistent with our complementary goals of preserving the Bank's safety and soundness, assuring the survival and success of HomeStreet, fairly compensating employees, and attracting and retaining management and other employees whom we believe to be capable of addressing the regulatory and business challenges confronting the Company and the Bank and execute our business strategy. More specifically:

In order to address the impact of the economic downturn, in the fall of 2009 the Bank hired a new Chief Executive Officer and Chief Financial Officer with turnaround skills and experience we believe were necessary to resolve problem assets and recapitalize HomeStreet. The unique circumstances of the Bank required special compensation arrangements to attract individuals with these specialized skills. Our Human Resources and Corporate Governance Committee, or HRCG, which acts as our compensation committee, hired Towers Watson, an independent third-party compensation consultant, to review and advise HRCG in connection with such compensation arrangements. As a result of that review, the HRCG determined that the compensation packages offered to the Chief Executive Officer and Chief Financial Officer were appropriate and commensurate with the services required. Subsequently, the regulators posed no objection to the arrangements for those officers.

Beginning in 2009, we imposed a general freeze on salary increases and in 2009, 2010 and 2011 we also suspended contributions to the Employee Stock Ownership Plan (ESOP). In addition, we suspended our employer matching contribution under our 401(k) plan from July 2009 to July 2010.

We awarded a special, one-time performance and retention incentive bonus to certain key executives in the second half of 2010 to incentivize and retain such key executives and to recognize their efforts in improving HomeStreet's financial and regulatory condition. In addition, we granted nonqualified stock options, which we refer to as the 2010 retention grants, to certain senior officers in an effort to retain those individuals and focus management on stabilizing and recapitalizing the Bank.

In May 2011, we entered into employment agreements with our Chief Executive Officer, Chief Financial Officer, Chief Credit Officer and Chief Administrative Officer with the goal of providing stability to the Company and retaining the leadership, talent, skills, expertise and experience that they provide to us as they implement our turnaround plan.

In May 2011, to provide additional compensation incentives and reward certain key executives who have played an important role in recapitalizing the Bank through our initial public offering, our Board also approved grants of restricted stock awards and stock options to senior executive officers under our 2010 equity incentive plan, with such grants becoming effective upon the closing of our initial public offering.

Following the closing of our initial public offering in February 2012 and the subsequent recapitalization of the Bank, the Company re-adopted the compensation philosophy, described below, consistent with a financially stable and well-capitalized financial institution.

Compensation Program Objectives and Philosophy

We believe it is critical to HomeStreet's success to attract, retain and incentivize highly qualified executives and to promote a high-performance culture. We have therefore adopted compensation policies that we believe reward executives for achieving and maintaining short- and long-term performance that builds shareholder value. The principles underlying our executive compensation policies and programs include:

Edgar Filing: HomeStreet, Inc. - Form DEF 14A

provide levels of compensation competitive with those offered by our peers and competitors and consistent with our level of performance;

Table of Contents

attract and retain the most qualified and experienced individuals available to further our success;

align the interests of executives and shareholders by linking a significant portion of an executive's compensation to HomeStreet's short- and long-term financial performance; and

reward and motivate appropriate executive behavior that produces strong financial results while managing risks and promoting regulatory compliance.

This philosophy pertains to executive compensation as well as employee compensation at all other levels throughout our organization.

Notwithstanding our overall compensation objectives, incentive compensation opportunities for specific individuals may vary based on a number of factors, including competing compensation programs available for similar positions, scope of duties, tenure, specialized experience, institutional knowledge and performance. With the exception of our Chief Executive Officer, whose incentive compensation is tied exclusively to corporate performance, we believe a portion of each executive's potential compensation should be tied to individual performance as evaluated by the HRCG and the Chief Executive Officer (other than for our Chief Executive Officer, whose performance is evaluated solely by the HRCG). In addition, we believe a meaningful portion of each executive's total compensation opportunity should be linked to our long-term company-wide goals of safety and soundness, increased shareholder value and risk management. Actual compensation in a given year will vary from the target compensation levels based primarily on the attainment of operating goals, the Company's overall performance, and changes in shareholder value. In some instances, the amount and structure of compensation results from arm's-length negotiations with executives, which terms reflect an increasingly competitive market for proven expertise and managerial talent. We design our compensation programs and make individual pay decisions and adjustments in the context of this philosophy.

Decision Making and Policy Making

The HRCG is responsible for setting the policies and compensation levels for our directors and named executive officers and for determining the compensation of our Chief Executive Officer. See Management Committees of the Board of Directors Human Resources and Corporate Governance Committee. Certain members of senior management, including the Chief Executive Officer, Chief Human Resources Officer, General Counsel and Risk and Regulatory Oversight Director regularly participate in the HRCG process for compensating named executive officers. Executive officers in attendance may provide their insights and suggestions, but only independent committee members may vote on decisions regarding executive compensation, and executive officers are excluded from deliberations regarding their own compensation. In particular, the Chief Executive Officer provides recommendations relating to other executive officers; however, after the HRCG reviews and discusses the Chief Executive Officer's compensation with him, final deliberations and all votes regarding his compensation are made in executive session, without the Chief Executive Officer present. The committee also ordinarily reviews recommendations and input from compensation consultants regarding executive officers' compensation.

Participation levels in all incentive programs for named executive officers are established by the HRCG at the beginning of each fiscal year. These participation levels may be increased or decreased after the beginning of a fiscal year at the discretion of the committee. However, it has been the practice of the HRCG to do so only in the event of a material change in an executive officer's responsibilities. In establishing incentive plan participation levels, the HRCG considers market data relating to compensation practice of our peers as well as internal parity. We do not follow formal guidelines for establishing internal parity, but we do seek to correlate organizational responsibility with participation level. We generally do not pay bonuses under any of our incentive programs for any of our officers, including the Chief Executive Officer and Chief Financial Officer, until our independent public accountants have completed their annual audit.

Interaction with Consultants

The HRCG periodically solicits advice from outside compensation consultants on its compensation policies and practices. In 2010, the HRCG retained Amalfi Consulting, LLC, now McLagan, as an independent third-party consulting company specializing in providing compensation consulting services to financial institutions, to assess our compensation programs and policies. In 2010 and early 2011, McLagan assessed our incentive compensation programs and made recommendations with respect to the Sound Incentive Compensation Policy Final Guidelines as adopted by our regulators effective June 2010 and the guidelines to be implemented under the Dodd-Frank Wall Street Reform and Consumer Protection Act. The HRCG reviewed the McLagan report and took it into consideration in determining its 2011 incentive plan arrangements for the entire organization.

Based upon a review of the assessment conducted by McLagan in 2010 and early 2011 and an internal review by our human resources department in 2011, we believe that our compensation policies and practices do not encourage excessive risk-taking and are not reasonably likely to have a material adverse effect on HomeStreet. We have implemented certain compensation practices to comply with these guidelines such as:

We have designed incentives tied to short-term revenue and profits with elements that include qualitative components such as credit quality, and we retain the discretion to adjust awards should an employee's activities expose HomeStreet to excessive or inappropriate risk.

We eliminated incentive payments on terms and conditions of the loans from our single family loan officer incentive plans.

We have created strong controls over the process for designing, implementing and monitoring incentive pay, which are incorporated into the overall compliance framework. All incentive compensation plans are approved by the HRCG as required by regulatory guidelines.

CEO & CFO Peer Group Benchmarking

In 2009, the HRCG, with the assistance of outside compensation consultants, established peer group benchmarks for the new Chief Executive Officer and Chief Financial Officer positions. Peer group benchmarking was not used over the three preceding years for other management positions because we were not increasing base salaries for those other officers. For determining competitive pay for our Chief Executive Officer and Chief Financial Officer in 2009, we considered compensation information for equivalent positions of the following banks:

Banner Corp	Glacier Bancorp
Cascade Bancorp	Pacific Capital Bancorp
Central Pacific Financial, Inc.	Pacwest Bancorp
CoBiz Financial Inc	Sterling Financial Corporation
Columbia Banking System Inc	TriCo Bancshares
CVB Financial Corp.	Umpqua Holdings Corporation
Firstfed Financial Corp.	Washington Federal Inc
Washington Trust Bancorp	WestCoast Bancorp
Westamerica Bancorporation	Western Alliance Bancorp
Frontier Financial Corp	

Table of Contents

In November 2011, the HRCG subsequently engaged EW Partners, Inc. (EW Partners) to provide updated peer group benchmarks for our Chief Executive Officer in order to determine if the compensation package provided for that executive officer would require any adjustments to be competitive in 2012, especially in light of the importance of Mr. Mason to our recapitalization and turnaround plans. Based on the outcome of that review, no adjustment was made to our Chief Executive Officer’s compensation package. For determining competitive pay for our Chief Executive Officer in November 2011, we considered survey-based information aggregating compensation statistics for similarly situated institutions as well as compensation information for Chief Executive Officers from institutions in our peer benchmark group as independently assessed by EW Partners. The EW Partners’ peer group included a slightly different list of institutions from the peer group used in 2009, and was made up of the following banks:

Banner Corp.	Nara Bancorp Inc.
B of I Holding Inc.	Pacific Capital Bancorp
Center Financial Corp.	Pacwest Bancorp
Columbia Banking System Inc.	Sterling Financial Corporation
CVB Financial Corp.	TriCo Bancshares
F&M Bank of Long Beach	W.T.B. Financial Corp.
Hanmi Financial Corp.	Westamerica Bancorp
Mechanics Bank	Wilshire Bancorp Inc.

Summary Components of Compensation

Currently, the compensation package for our named executive officers is comprised of base salary, an annual short-term cash incentive plan, equity opportunity awards, a 401(k) plan, health and welfare benefits plan and perquisites.

Base Salary

Named Executive Officers. A base salary is provided to HomeStreet executives to pay for the basic day-to-day job performance and to provide some level of security and consistency. HomeStreet’s executive base salaries are intended to be competitive with our peers. With the exception of the base salaries for our Chief Executive Officer and Chief Financial Officer, which are discussed below, aggregate base salaries for our named executive officers are established at approximately the median of competitive market data. The HRCG typically considers several factors when setting the base salaries of each named executive officer. These factors include compensation surveys, the officer’s level of experience and responsibilities, parity of positions with similar responsibilities and the officer’s performance. We evaluate each named executive officer on an annual basis and may adjust his or her base salary based on such evaluation. Salary increases ordinarily are effective on January 1 of each year. Salary surveys have been performed on an ad hoc basis for the purposes of hiring employees but as no base salary increases have been granted to any named executive officers since 2008, no base salary surveys were conducted during 2009, 2010 or 2011 other than the Chief Executive Officer’s base salary, which was reviewed in November 2011.

2010 Chief Executive Officer and Chief Financial Officer. As discussed above, in January 2010 we hired a new Chief Executive Officer and Chief Financial Officer to help us turn around and recapitalize the Company. The unique circumstances presented by the Bank’s financial condition and the market downturn had a direct impact on the compensation packages for those individuals and resulted in a higher than median base salary in comparison to executives at comparable but healthy institutions. In setting the base salaries for our Chief Executive Officer and Chief Financial Officer, the HRCG considered the peer group benchmarks suggested by an

Table of Contents

outside compensation consultant. All elements of compensation were reviewed including base salary, short-term incentive, long-term incentives and supplemental benefits/perquisites for the years 2003 to 2008. In addition, in November 2011 to determine the competitiveness of our Chief Executive Officer's compensation package, our HRCG considered the peer group benchmarks and survey information suggested by an outside compensation consultant which included a review of the same elements of compensation. As a result of that review no adjustment was made to our Chief Executive Officer's compensation package.

Short-Term Incentive Compensation

2011 Management/Support Performance-Based Annual Incentive Plan

HomeStreet executives participate in a short-term cash incentive plan in order to increase performance and to achieve annual goals. In 2011, we implemented a Management/Support Performance-Based Annual Incentive Plan (the Management/Support Plan) which applies to certain eligible employees, including the named executive officers. The annual incentive awards granted under this plan provide for payments based upon attainment of specified goals that are intended to align the interests of employees with the interests of HomeStreet. We do not believe any element of the Management/Support Plan encourages participants to incur excessive or unnecessary risks to HomeStreet's assets or reputation.

The Management/Support Plan design incorporates a tiered approach with annual incentive awards linked to the achievement of pre-defined corporate, department and individual performance goals. The incentive ranges are designed to provide market-competitive payouts for the achievement of target and maximum performance goals. Award opportunity levels, expressed as a percent of salary, have been set for each eligible employee for each plan year. The actual payouts will be calculated as a proportion of minimum, target and maximum performance levels. HomeStreet's performance will be based on overall success as measured by criteria determined by the HRCG, with input from our Chief Executive Officer. In establishing the specific metrics for the Management/Support Plan, the HRCG focuses, among other things, on mitigating the possibility that such metrics will encourage participants to incur excessive or unnecessary risk. The department and/or individual performance will be based on the department and/or plan participant's individual success as measured against the predetermined goals. The percentage of payout for overall performance of HomeStreet and for department and/or individual performance will be allocated based on the specific weighting of the goals, the participant's annual incentive award tier, and the actual performance compared to the pre-determined minimum, target and maximum performance levels. The established incentive targets as a percentage of base salary are: 50.0% for the Chief Executive Officer, 40.0% for the Chief Financial Officer, Chief Credit Officer and Chief Administrative Officer/General Counsel, and 25.0% to 50.0% for business unit executive officers. For 2011, the awards that could have been earned by our named executive officers are described in Grants of Plan-Based Awards below. We paid out amounts earned under the Management/Support Plan awards for 2011 in April 2012 following the completion of our annual audit.

The corporate component for the Management/Support Plan is based on adjusted operating income which we refer to as Adjusted Operating Income. Adjusted Operating Income is based on pretax income plus loan loss provision and OREO expenses, gains and losses on sales of nonperforming assets, OREO valuation adjustments and accruals for incentive payments for all plan participants. Additionally, for our Chief Executive Officer and Chief Financial Officer, the corporate component of their incentive awards for 2011 was based on Adjusted Operating Income as well as on the following asset quality and performance metrics:

- decreases in the ratio of nonperforming assets to total assets;
- decreases in the ratio of classified assets to total assets;
- improvements in net interest margin;
- growth in core deposits; and
- a discretionary component that takes into account other key business results.

Adjustment or Recovery of Awards

The Management/Support Plan includes a provision allowing for the reduction or recovery of awards if the HRCG determines that materially inaccurate financial information was used in setting that award or if the recipient's activities posed risk to the Company. The HRCG will determine the amount of any award that was overpaid as a result of inaccurate information and will send the participant a recovery notice specifying the overpayment amount and the terms for repayment. This clawback period has a rolling three-year look back.

In addition, Section 304 of the Sarbanes-Oxley Act of 2002 provides a basis to recover incentive awards in certain circumstances. If we are required to restate our financials due to noncompliance with any financial reporting requirements as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must reimburse the Company for: (1) any bonus or other incentive or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits the executive realized from sales of HomeStreet securities during that period.

Cash Incentive Awards

In 2011, our named executive officers were granted incentive awards that the company paid in cash on April 15, 2012 based solely on the terms of the Management/Support Plan described above.

The Chief Executive Officer and Chief Financial Officer received cash incentive awards in 2011 based on attaining the following corporate objectives and metrics: (1) achieving Adjusted Operating Income at a target of \$43.3 million (2) reducing non-performing assets to total assets to 5.8% (3) reducing classified assets to total assets to below 9.0% (4) achieving a net interest margin of at least 2.46% and (5) increasing core deposits by at least 3.0%. Mr. Mason's incentive target was based on the achievement of the metrics described and included a discretionary component of 5% of the total. The Company's Adjusted Operating Income as calculated for purposes of the Management/Support Incentive Plan was \$51.9 million. Mr. Hooston's incentive target was divided into two components: 50% corporate performance, as described above and 50% individual performance. Mr. Mason's and Mr. Hooston's cash incentive awards were \$481,226 or 160.4% of target and \$89,014 or 74.2% of target, respectively. Mr. Mason and Mr. Hooston's incentive award payments were contingent on the company achieving positive net income. As of year-end 2011, the company earned \$16.1 million in net income.

The remaining named executives received cash incentive awards in 2011 as follows: Mr. Evans and Mr. Iseman's incentive targets were two components: 50% corporate performance and 50% individual performance. Corporate performance for these executives was based on achievement of Adjusted Operating Income at a target of \$43.3 million. Mr. Evans and Mr. Iseman's cash incentives were \$167,496 or 174.5% of target and \$143,580 or 179.5% of target, respectively. Mr. Bennion's incentive target was three components: 20% corporate performance based on operating income at a target of \$43.3 million, 60% business unit performance based on single family loan production and profit and 20% individual performance. Mr. Bennion's cash incentive was \$175,013 or 172.4% of his target award. Mr. Bennion also received a discretionary award of \$124,987 for a total award of \$300,000. This additional discretionary award was for the significant contribution to the company's 2011 operating results from the single family mortgage origination activities under Mr. Bennion's leadership.

Equity Incentive Compensation

2010 Equity Incentive Plan. On January 20, 2010, the shareholders approved the 2010 Equity Incentive Plan (the 2010 Plan), which authorizes the grant of nonqualified and incentive stock options, stock appreciation rights (SARs), restricted stock awards, restricted stock units, stock bonus awards and cash incentive bonus awards. The 2010 Plan became effective upon the closing of our initial public offering in February 2012. We are authorized to issue up to 706,356 shares of our common stock issuable under the 2010 Plan, however, our Board of Directors have indicated that they intend to limit the amount of aggregate awards to be granted under the 2010 Plan such that the total amount of all awards including certain awards made outside of the plan in 2010 as retention grants will not exceed 10.0% of our outstanding shares of common stock as measured immediately after the closing of our initial public offering in February 2012, excluding any shares issued under restricted stock

Table of Contents

awards granted effective upon the completion of such offering. The purpose of the 2010 Plan is to give us a competitive position in attracting, retaining and motivating officers, employees, directors and consultants and to provide a means whereby officers, employees, directors and consultants can acquire common stock or earn incentive compensation based on the value of our common stock, thereby strengthening their commitment to HomeStreet and promoting an identity of interest with our shareholders. We do not believe that any element of the 2010 Plan encourages excessive or unnecessary risks to HomeStreet's assets or reputation. The 2010 Plan will be administered by the HRCG. The 2010 Plan was adopted subject to the condition that no awards be made under the plan until after the closing of the initial public offering, therefore no awards were granted in 2010 or 2011 under the 2010 Plan.

The 2010 Plan allows for a range of equity grants, including stock options, restricted stock or restricted stock units, stock bonuses or incentive bonus awards. In addition, the plan authorizes the HRCG to provide that the grant, vesting or settlement of any award made under the plan may be subject to one or more pre-established performance goals. The HRCG granted stock option awards in connection with the closing of our initial public offering in February 2012 that were subject to vesting based on increases in our stock price above the initial public offering price, but to date the HRCG has not made any other awards conditioned on satisfaction of performance goals.

Equity Grants Effective at Closing of our Initial Public Offering

In May 2011, the Board of Directors approved grants of stock options and restricted stock awards to be made to our executive officers and senior managers upon the closing of our initial public offering, which we completed in February 2012, in order to maintain the existing ownership percentage targets for those executive officers and senior managers. These grants were allocated 25% to restricted stock awards and 75% to stock options; the stock options vest ratably on the first, second and third anniversaries of the completion of the initial public offering while the restricted stock grants vest upon the occurrence of certain events based upon an increase in the price of our common stock in comparison to the price at which the initial public offering was consummated: one-third of the restricted stock awards vest upon an increase in our stock price of 25.0% from the offering price; an additional one-third vest upon an increase of 40.0% from the offering price and the remaining one-third vest upon an increase of 50.0% from the offering price. We issued an aggregate of 356,969 shares of our common stock as part of those grants. The following table sets forth the amount of each of these grants made to the named executive officers:

Name and Principal Position	Ownership Target as % of Outstanding Stock Post-Offering	# of Shares Granted as Restricted Stock Award	# of Shares Granted as Stock Option Award	Aggregate # of Shares Granted as Equity Awards at Closing
Mark K. Mason Chief Executive Officer	3.7%	40,362	121,084	161,446
David E. Houston (1) Executive Vice President, Chief Financial Officer	1.0%	11,302	33,904	45,206

(1) Mr. Hooston's employment with HomeStreet terminated effective as of March 31, 2012. None of these awards were vested upon Mr. Hooston's departure and, as such, were forfeited by Mr. Hooston.

2010 Retention Grants. In 2010, the HRCG approved a one-time grant of nonqualified stock option awards that were made outside of the 2010 Plan. We refer to these awards in this Proxy Statement as the 2010 retention grants. These awards were granted to retain certain key executives and to focus management on our restructuring and recapitalization. The Chief Executive Officer and Chief Financial Officer each received a one-time grant of nonqualified stock options for their efforts in improving our financial condition and reducing overall credit risk and nonperforming assets. On October 22, 2010, our Chief Executive Officer received 100,000 options, our Chief Financial Officer received 28,000 options and our Executive Vice President, Chief Administrative Officer/General Counsel received 20,000 options. Each of these options had an exercise price of \$1.50 per share. In addition, on November 29, 2010, other of our executive officers received 2010 retention grants with an exercise price ranging from \$1.125 to \$1.50 per share. As part of those grants, our Executive Vice President, Chief Credit Officer received a grant of 4,000 options related to his prior position as Senior Vice President, Credit Administration Manager at an exercise price of \$1.50 per share and an additional 16,000 options at an exercise price of \$1.125 per share. Our Executive Vice President, Residential Lending also received a grant of 8,000 options at a price per share of \$1.50. All of the 2010 retention grants have an exercise price equal to or greater than the fair market value of the underlying stock on the date of grant.

The 2010 retention grants vest as follows: 25% vested immediately upon grant, 25% vest on the earlier of one year from the date of grant or upon completion of a capital raise, 25% vest on the earlier of two years from the date of grant or upon termination of the Bank Order and the remaining 25% vest upon the third anniversary of the grant. Because the Bank Order was terminated in March 2012 and replaced with an informal memorandum of understanding, these options are now vested as to 75% of the stock underlying each such option grant. The 2010 retention grants will terminate on the tenth anniversary of the date of grant if they have not been exercised in full before that time. All unvested options will be cancelled upon resignation or termination without cause, and all vested options will expire 90 days after termination except as may be modified by employment agreements between HomeStreet and the individual executive officers. In the event of termination for cause, all unvested options will be immediately cancelled except as provided for under individual employment agreements of executive officers. All 2010 retention grants will become vested and exercisable immediately upon a change of control of HomeStreet, Inc., as defined in the 2010 retention grant agreements.

The level of awards was based on an analysis conducted by Towers Watson, an independent compensation consultant. This analysis provided competitive data on long-term awards expressed as a multiple of base salary. Based on the information provided by Towers Watson, we determined that the award levels provided for the executive officers and key employees were appropriate and consistent with the regional banking industry.

In connection with a separation agreement we entered into in March 2012 with David Hooston, our former Chief Financial Officer, we agreed, subject to regulatory approval, to accelerate the vesting of an additional 25% of the stock options granted to Mr. Hooston under the 2010 retention grants. As a result, 75% of the options granted to Mr. Hooston pursuant to the 2010 retention grants were vested and exercisable upon his termination.

Other Benefit Plans

401(k) Savings and Employee Stock Ownership Plan & Trust. We have a 401(k) Savings Plan (the 401(k) Plan) and an Employee Stock Ownership Plan & Trust (the ESOP). Employer matching contributions for the 401(k) Plan were suspended from July 2009 to July 2010, and no employer contributions were made to employee ESOP accounts due to our financial condition during that time period. All employees, including our named executive officers, are eligible to make pre-tax 401(k) Plan contributions and may be eligible to receive a discretionary matching contribution. Any such discretionary matching contribution matches a participant's pre-tax 401(k) Plan contributions at a percentage we determine of the first 6.0% of eligible compensation (subject to IRS limits). Employees are eligible to participate in the 401(k) Plan if they meet the applicable service requirements and are at least 18 years old.

Table of Contents

Employer ESOP contributions are determined based on the attainment of goals for overall company financial performance set annually by our board of directors. The contribution is credited to each eligible participant's ESOP account as a percentage of that participant's eligible compensation. ESOP stock accounts are invested in our common stock. ESOP employer-directed investment accounts are invested in stocks, bonds and other investments selected by the ESOP fiduciary, the Company's retirement benefits committee. No employee contributions were made to employee ESOP accounts during 2011.

Executive Deferred Compensation. In 2004, we adopted a deferred compensation plan which allows designated executive officers to defer annually all or part of their incentive bonus and to receive an employer contribution equal to the additional employer contributions, if any, that would have been made to the 401(k) Plan and ESOP based on participants' eligible compensation if certain IRS limitations on compensation and benefits did not apply. Interest earned on participant deferrals and employer contributions under the plan is equal to the average five-year daily treasury rate for the relevant quarter.

A participant or his/her beneficiary receives a distribution of his or her plan deferrals and Company contributions for a particular plan year upon the earliest of: (1) a future date specified by the participant, (2) the participant's death, (3) the participant's permanent disability, (4) the participant's retirement on or after age 65 or (5) the participant's termination of employment. The form of payment includes either a single lump-sum payment or annual installment payments over a period of years, but not more than ten years.

We suspended this plan in 2008 due to HomeStreet's financial condition and as a result none of our named executive officers were participants in this plan for the year ended December 31, 2011.

Perquisites and other Personal Benefits. We provide our named executive officers with benefits that we believe are reasonable and consistent with our overall compensation program and beneficial to the Company in attracting and retaining qualified executives. Perquisites include health club membership and parking. For 2010 and 2011, we also provided reimbursement for temporary housing, relocation and personal travel for our Chief Executive Officer, Chief Financial Officer and Chief Administrative Officer/General Counsel who were recruited from out of state.

Health and Welfare Benefits. All named executive officers are provided with the same medical, dental, vision and life insurance programs as all other benefited employees of HomeStreet on the same terms and conditions as applicable to employees generally.

Executive Employment Agreements

We use employment agreements to retain certain executives and the talent, skills, experience and expertise that they provide to HomeStreet, with a goal of protecting the Company and the shareholders and to provide the stability and skilled leadership needed in our current environment. In 2011, we entered into two sets of executive employment agreements with each of Messrs. Mason, Hooston, Evans and Iseman. In this section we refer to these individuals as the contracted executives. The first set of agreements, which we refer to in this Proxy Statement as the pre-offering agreements, were in effect from May 2011 until the lifting of the Bank cease and desist order in March 2012, at which point those agreements were supplanted by the second set of agreements which we refer to as the post-offering agreements.

Pre-Offering Executive Employment Agreements

The Company and the contracted executives entered into the pre-offering agreements effective as of May 3, 2011, which remained in place until the lifting of a Cease and Desist Order that had been imposed on the Bank by the Federal Deposit Insurance Corporation and Washington Department of Financial Institutions, which we refer to as the Bank Order. The Bank Order was lifted effective March 26, 2012. These pre-offering agreements, which were in effect for most of 2011 and the beginning of 2012, provided for base salaries of not less than \$600,000 for Mr. Mason, \$300,000 for Mr. Hooston, \$240,000 for Mr. Evans and \$200,000 for Mr. Iseman. The pre-offering agreements also provided for annual incentive payment opportunities of no less than 50.0% of Mr. Mason's salary

Table of Contents

and 40.0% of the other contracted executives' salaries, as well as specified and discretionary equity compensation awards. The equity compensation awards targeted ownership potential of a pre-established percentage of the Company's outstanding common stock as measured on a pre-offering basis: 3.7% for Mr. Mason, 1.0% for Mr. Hooston, and 0.7% for each of Messrs. Evans and Iseman. These awards were actually made in 2010 as part of the 2010 retention grants.

On March 14, 2012, we announced a mutually agreed upon separation with our Chief Financial Officer, David Hooston, effective as of March 31, 2012. Mr. Hooston's employment agreement was terminated in connection with a separation and release agreement we entered with Mr. Hooston (the Separation Agreement) in connection with that departure. Pursuant to the Separation Agreement, Mr. Hooston received, among other things, a \$300,000 severance payment, representing one-year's base salary, [subject to regulatory approval or nonobjection] and accelerated vesting of 25% of stock options previously granted to Mr. Hooston under the Company's 2010 retention grant program. In consideration of these and other benefits, Mr. Hooston provided a general release of claims against the Company and its affiliates.

Post-Offering Executive Employment Agreements

In 2011, we also entered into new employment agreements (the post-offering agreements) with each of the contracted executives that became effective upon the lifting of the Bank Order on March 26, 2012 (except for Mr. Hooston's agreement, which was superseded by the Separation Agreement). These agreements continue for a term of three years from the effective date, with an automatic renewal for additional one-year periods thereafter unless either party gives notice of termination 180 days prior to the expiration of the then-current term. Other than as set forth in this section, the principal terms of the post-offering agreements are the same as those of the pre-offering agreements.

Mr. Mason's post-offering agreement provides for a base salary of not less than \$500,000; salaries for the other contracted executives will remain the same as under the pre-offering agreements. In addition, the post-offering agreements require the Company to grant to each of the contracted executives additional equity awards representing a number of shares equal to the product obtained by multiplying the percentage of our pre-offering common stock reflected by the contracted executive's 2010 retention grant, by the number of shares of our common stock as measured immediately after the completion of the initial public offering, and subtracting from that result the number of shares represented by the executive's 2010 retention grant. Our Board of Directors approved these grants to be made at the closing of our initial public offering in February 2011 even though the post-offering agreements were not yet effective. We granted awards of 161,446 shares to Mr. Mason, 45,206 shares to Mr. Hooston and 32,288 shares to each of Messrs. Evans and Iseman on February 15, 2012. Seventy-five percent of these awards were granted as stock options, with an exercise price of \$22 per share (after giving effect to a 2-for-1 forward stock split that was effective March 6, 2012); the remaining 25.0% were granted as restricted stock awards. The stock options vest ratably in thirds over each of the first three anniversaries of the completion of the offering, while the restricted stock awards vest upon the occurrence of an increase in the price of our common stock in comparison to the initial public offering price of \$22 per share: one-third of the restricted stock awards vest upon an increase in our stock price of 25.0% from the offering price; an additional one-third vest upon an increase of 40.0% from the offering price; and the remaining one-third vest upon an increase of 50.0% from the offering price. Mr. Hooston's awards granted in 2012 were unvested at the time of his separation and therefore were forfeit on March 31, 2012.

In addition to the payment of earned and unpaid salary and incentive compensation, unused vacation time, and unreimbursed expenses, in the event of termination of a contracted executive's employment within one year or during the 90 days immediately preceding a change of control by the Company other than for cause or by the contracted executive for good reason, in conjunction with a mutual release agreement, the contracted executive will receive an amount equal to the sum of: (1) two-and-one-half times (in Mr. Mason's case) or two times (in the case of the other contracted executives) his then current base salary, (2) an amount equal to two-and-one-half times (in Mr. Mason's case) or two times (in the case of the other contracted executives) the greater of his annual incentive payment earned by the executive in the year prior to termination or the contracted executive's target incentive payment for the current year and (3) payment of health insurance premiums for

Table of Contents

executive and his dependents for up to 18 months. In addition, all of the contracted executive's unvested restricted stock and stock options will immediately vest and will remain exercisable according to any stock option grant or plan.

In addition to the payment of accrued and unpaid salary and incentive compensation, unused vacation time and unreimbursed expenses, in the event of a termination without cause or resignation for good reason not involving a change in control, in exchange for executing a release, a contracted executive will receive: (1) two times his then current base salary, (2) an amount equal to two times the greater of (a) his annual incentive payment earned in the year prior to termination or (b) his target incentive payment for the current year and (3) payment of health insurance premiums for executive and his dependents for up to 18 months. In addition, all of the contracted executive's unvested restricted stock and stock options will immediately vest and will remain exercisable according to any stock option grant or plan.

In addition to the prohibitions against solicitation of customers and employees and the diversion of corporate opportunities, the contracted executive's agreements also contain a six-month non-competition agreement which restricts certain competitive acts on behalf of another bank or thrift located in Washington, Oregon, Idaho or Hawaii.

The post-offering agreements further provide that if any payments received by a contracted executive would constitute an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code, the Company will pay that individual an additional amount so that his net payment will not be diminished in any respect by the additional excise or other tax due pursuant to Section 280G of the Internal Revenue Code.

Severance and Change in Control Arrangements

We adopted a broad-based, non-discretionary severance plan following approval by our regulators on February 25, 2009. The plan provides one week of pay for every year of service with a minimum payment of two weeks and a maximum payment of 24 weeks. This plan was adopted to further reduce expenses and preserve capital. The plan modification brought HomeStreet's severance plan within the definition of a non-discriminatory severance plan, pursuant to 12 C.F.R. §359.1(j), for purposes of the FDIC's Golden Parachute rules.

Tax Deductibility

The HRCG has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to certain of our executive officers. Section 162(m) places a \$1.0 million limit on the amount of compensation that a publicly held corporation may deduct in any one year with respect to its chief executive officer and each of the next three most highly compensated executive officers (other than its chief financial officer). In general, certain performance-based compensation approved by shareholders is not subject to this deduction limit. As we were not publicly traded prior to February 10, 2012, the HRCG did not previously take this deductibility limit into consideration in making compensation decisions for 2011 or any prior years. Following the offering, the committee has adopted a policy that, where reasonably practicable, we seek to qualify the variable compensation paid to our named executive officers for an exemption from the deductibility limits of Section 162(m). However, we may authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate to attract and retain executive talent.

Human Resources and Corporate Governance Committees Report

The HRCG has reviewed the Compensation Discussion and Analysis included in this Proxy Statement and discussed it with management. Based on such review and discussion, the members of the HRCG have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

This report is submitted by the Company's Human Resource and Corporate Governance Committee consisting of Judd Kirk (Chair), Brian Dempsey, Tom King, Mike Malone and Doug Smith.

Amounts disclosed in the table above represent awards granted under the Management/Support Plan for 2011 which were paid on April 15, 2012.

The 2010 equity incentive plan was not effective for 2011. Therefore, no specific target and maximum award opportunities were defined for 2011 and no awards were earned for 2011 performance results. However, our Board of Directors approved grants of stock options and restricted stock awards to our executive officers and senior managers in 2011 that were granted effective upon the closing of our initial public offering in February 2012. These awards total approximately 5.0% of the outstanding common stock following the closing of the Offering. See Equity Incentive Compensation Equity Grants Effective at Closing of our Initial Public Offering.

- (1) Mr. Bennion was awarded a 2011 bonus in excess of the Management/Support Incentive Plan maximum in recognition of the significant contribution to the Company's 2011 results of operations for the Single Family mortgage banking activities. We believe that the amount of this incentive paid to Mr. Bennion is appropriate based, in part, on the review of our cash incentive program and his individual incentive award by our outside compensation consultants.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In addition to the compensation arrangements with directors and executive officers described in Executive Compensation above, the following is a description of each transaction since January 1, 2008, and each proposed transaction in which:

we have been or are to be a participant;

the amount involved exceeds or will exceed \$120,000; and

any of our directors, executive officers or beneficial holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

Loan Transactions

From time to time, the Bank makes loans to directors, executive officers and other affiliates in compliance with Regulation O issued by the Federal Reserve. These loans are made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to us, and do not involve more than the normal risk of collectability or present other features unfavorable to us.

Indemnification Agreements

We have entered into indemnification agreements with each of the current and former directors and executive officers of HomeStreet, Inc. Subject to certain limitations, these agreements require us to indemnify these individuals to the fullest extent permitted under applicable law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceedings against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Procedures for Approval of Related Party Transactions

The Bank is subject to the requirements of Regulation O, which places certain restrictions on loan transactions between the Bank and its directors, executive officers and principal shareholders (or any of their related interests). Regulation O generally defines a principal shareholder as a person that directly or indirectly, or acting through or in concert with one or more other persons, owns, controls or has the power to vote more than 10% of any class of voting shares. The Bank surveys Company and Bank directors and senior and executive officers each year to identify their related interests. The board of directors has adopted a policy for lending to our employees, directors and executive officers to ensure compliance with Regulation O loans by the Bank to our employees, directors and executive officers that exceed \$500,000 in aggregate require the approval of the Bank's board of directors.

Prior to our recently completed initial public offering, in addition to the application of Regulation O to certain related-party transactions, we have followed formal conflict of interest policies requiring the review and pre-approval of transactions with a related party by the chief executive officer and audit committee where the related party is a director or by the chairman, chief executive officer or general counsel for non-director employees. Following our recently completed initial public offering, in accordance with the audit committee's charter, the audit committee will review and pre-approve in writing any proposed related party transactions; however, certain types of transactions, including Regulation O Loans, executive officer employment arrangements and director compensation required to be disclosed in our Proxy Statements, certain charitable contributions, transactions where all shareholders receive a proportional benefit and transaction entered into through a competitive bid prices, may be automatically deemed pre-approved as related party transactions under our Related Person Transaction Policies and Procedures, a copy of which is available on our website at www.homestreet.com. In the case of a loan requiring board approval under Regulation O, however, review and approval by our Board of Directors would still be required to approve such loan under Regulation O despite any such pre-approval as a related party transaction.

Table of Contents**PRINCIPAL SHAREHOLDERS**

The following table sets forth the beneficial ownership of our common stock as of April 2, 2012, by:

each of the directors and named executive officers of HomeStreet, Inc.;

all of our directors and executive officers as a group; and

each person known to us to be the beneficial owner of more than 5% of any class of our securities.

The amounts and percentage of our common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. The SEC has defined beneficial ownership of a security to mean, generally, the possession, including shared possession, directly or indirectly, of voting power or investment power. A shareholder is also deemed to be, as of any date, the beneficial owner of all securities that such shareholder has the right to acquire within 60 days after that date through (1) the exercise of any option, warrant or right, (2) the conversion of a security, (3) the power to revoke a trust, discretionary account or similar arrangement or (4) the automatic termination of a trust, discretionary account or similar arrangement. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed a beneficial owner of securities as to which he has no economic interest. Unless otherwise indicated, we believe that each of the shareholders listed has sole voting and investment power with respect to their beneficially owned shares of our common stock.

The percentages reflect beneficial ownership as of April 2, 2012, as determined under Rule 13d-3 under the Exchange Act and are based on 7,162,606.8 shares of our common stock outstanding as of that date. In addition, any options exercisable within 60 days of April 2, 2012 will be included in the beneficial ownership of the holder of such option, and the percentage ownership for that holder will be calculated by adding the aggregate number of options exercisable within 60 days of April 2, 2012 to both the number of shares held by that specific shareholder and the total number of shares outstanding. Unless otherwise set forth in the following table, the address of the listed shareholders is c/o HomeStreet, Inc., 601 Union Street Suite 2000, Seattle, Washington 98101.
