***Appointment and Revocation of Proxies***

**The persons named in the enclosed proxy form are officers of the Company. A shareholder may appoint a person to represent him or her at the meeting, other than the persons already named in the enclosed proxy form, by inserting the name of such other person in the blank space provided in the proxy form or by completing another proper form of proxy. Such person need not be a shareholder.** The completed proxy form must be deposited with the Company at its principal executive offices at 125 Middlesex Turnpike, Bedford, Massachusetts 01730, USA, or with Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario, Canada, M5J 2Y1, in either case no later than 2:00 p.m. (EDT) on Tuesday, June 12, 2012, or, if the meeting is postponed, continued or adjourned, prior to 2:00 p.m. (ET) on the last business day prior to the date fixed for the postponed, continued or adjourned meeting.

**Table of Contents**

***Voting of Proxies***

The officers named in the proxy form enclosed with this management proxy circular will vote or withhold from voting the common shares of the Company in respect of which they are appointed proxy in accordance with the directions of the shareholder appointing them and, if a shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such direction, the shares will be voted:

**FOR** the election of each of the nominees for director named in this management proxy circular; and

**FOR** the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012 and authorization of the Audit Committee to fix the auditors' remuneration.

***Voting and Ownership of Shares***

At the close of business on the record date, the Company had 33,634,485 common shares outstanding and entitled to vote. Each share is entitled to one vote. The failure of any shareholder to receive a notice of meeting of shareholders does not deprive the shareholder of a vote at the meeting.

The following votes are required to approve each of the proposals at the meeting.

The vote for the election of the nominees for director named in this management proxy circular is cumulative and is described in more detail below; and

The vote for the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012 and authorization of the Audit Committee to fix the auditors' remuneration requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

No votes may be taken at the meeting, other than a vote to adjourn, unless a quorum has been constituted consisting of the representation of at least thirty-three and one-third percent (33 1/3%) of the outstanding shares as of the record date. Votes will be tabulated by the Company's transfer agent, Computershare Investor Services Inc., which is also serving as the inspectors of election for the meeting.

The enclosed proxy form confers discretionary authority on the persons named therein with respect to such other matters that may properly come before the meeting or any postponement, continuation or adjournment thereof. As of the date of this management proxy circular, the management of the Company knows of no such other matters to be presented at the meeting.

**Voting for the Election of Directors**

Section 65(1) of the *Business Corporations Act* (New Brunswick) provides for cumulative voting for the election of directors so that each shareholder entitled to vote at an election of directors has the right to cast an aggregate number of votes equal to the number of votes attached to the shares held by such shareholder multiplied by the number of directors to be elected, and may cast all such votes in favor of a single candidate or distribute them among the candidates in any manner the shareholder decides. The statute further provides, in section 65(2), that a separate vote of shareholders shall be taken with respect to each candidate nominated for director unless a resolution of the shareholders is passed unanimously permitting two or more persons to be elected by a single resolution. Where a shareholder has voted for more than one candidate without specifying the distribution of votes among such candidates, the shareholder shall be deemed to have divided the votes equally

## **Table of Contents**

among the candidates for whom such shareholder voted. If a shareholder desires to distribute votes otherwise than equally among the nominees for whom such shareholder has directed the persons in the enclosed form of proxy to vote, such shareholder must do so personally at the meeting or by another form of proxy. **On any ballot for the election of directors, the persons named in the proxy will be deemed to have cast their votes equally among all the proposed nominees, unless: (a) any nominee is excluded by the shareholder in their proxy; or (b) the shareholder has directed that the shares be withheld from voting for the election of directors.**

The enclosed form of proxy confers discretionary authority on the persons named therein with respect to amendments to or variations of matters identified in the notice of meeting and other matters that may properly come before the meeting. As of the date of this management proxy circular, the management of the Company knows of no such amendments, variations or other matters.

### ***Counting of Votes***

For purposes of determining the presence or absence of a quorum, abstentions and broker non-votes will be counted as present. With respect to the approval of any particular proposal, abstentions and broker non-votes will not be counted in determining the number of votes cast. A broker non-vote occurs when a broker submits a proxy form with respect to common shares held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Brokers will return your proxy as a broker non-vote if the broker does not receive voting instructions from you and if, under applicable stock exchange or other rules, the broker does not have the discretion to vote those shares on one or more of the matters that come before the meeting.

**Table of Contents****ITEM 1 ELECTION OF DIRECTORS**

***Pre-Approval Policies and Procedures***

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent registered public accounting firm. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit or non-audit services unless the Audit Committee specifically approves the service in advance, or the engagement is entered into pursuant to the pre-approval procedure described below.

## Edgar Filing: GSI GROUP INC - Form DEFR14A

Pursuant to the Audit Committee Charter, the Audit Committee may delegate pre-approval authority to an individual member of the Audit Committee, provided that the decisions of any individual Audit Committee member to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting. The prior approval of the Audit Committee or the pre-approval of the designated member of the Audit Committee was obtained for all services provided by Ernst & Young LLP in fiscal 2011.

### *Report of the Audit Committee*

The primary purpose of the Audit Committee is to assist the Board of Directors oversight of the integrity of the Company's financial statements, the qualifications, independence and performance of the Company's independent registered public accounting firm and the performance of the Company's internal controls and procedures.

**Table of Contents**

In addition to fulfilling its responsibilities as set forth in its charter and further described below in Corporate Governance Board Committees and Meetings The Audit Committee, the Audit Committee has reviewed the Company's audited financial statements for fiscal year 2011. Discussions about the Company's audited financial statements included its independent registered public accounting firm's judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates used in its financial statements, as well as other matters, as required by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T ( SAS 61, as amended ) and by our Audit Committee Charter. In conjunction with the specific activities performed by the Audit Committee in its oversight role, it issued the following report:

1. The Audit Committee has reviewed and discussed the audited financial statements as of and for the year ended December 31, 2011 with the Company's management.
2. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by SAS 61, as amended.
3. The Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm their independence from the Company.

Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the SEC.

***Additional Information Regarding the Company's Directors***

As previously disclosed, each of the Company's current directors, except Mr. Roush, was selected to serve as a director pursuant to the Final Fourth Modified Joint Chapter 11 Plan of Reorganization, as amended, upon our emergence from bankruptcy. Mr. Bershad was selected by the equity committee; Eugene Davis and Mr. Lamel were selected by certain required holders of the Company's prepetition notes (the Required Noteholders); Mr. Fortino was selected by the Required Noteholders and the equity committee; and Byron Pond was selected by the Company's Board of Directors prior to July 23, 2010. Please see our Current Report on Form 8-K filed on July 23, 2010 for more information. Mr. Davis and Mr. Pond are not standing for re-election at the 2012 Annual Meeting.

**Table of Contents****CORPORATE GOVERNANCE*****The Board of Directors***

The Board is elected annually and each of our directors stands for election every year. Presently the Board is comprised of six directors, and all except Mr. Roush have been determined by the Board to be independent under the rules of The NASDAQ Stock Market LLC, or NASDAQ. In making this determination, the Board has affirmed that each of the independent directors meets the objective requirements for independence set forth by NASDAQ. The independent directors are Stephen W. Bershad, Eugene I. Davis, Dennis J. Fortino, Ira J. Lamel and Byron O. Pond. Mr. Roush is not independent because he is the Company's Chief Executive Officer. Prior to his resignation on February 27, 2012, Mr. Heiland had been previously determined by the Board to be independent under the rules of NASDAQ. In addition, the Board has determined that director nominees Harry L. Bosco, Dominic A. Romeo and Thomas Secor also qualify as independent under the rules of NASDAQ.

In evaluating and determining the independence of the directors, the Board considered that in the ordinary course of business, transactions may occur between the Company and its subsidiaries and entities with which some of the directors are or have been affiliated and that the Company may have other relationships with its directors. The Board considered that Mr. Bershad is a significant shareholder of the Company. The Board determined that this relationship did not impair Mr. Bershad's independence. The Board also considered that Mr. Lamel previously served as an audit partner of the Company's independent registered public accounting firm. The Board determined that this relationship did not impair Mr. Lamel's independence in light of the significant passage of time since Mr. Lamel's association with the firm. The Board further considered that Mr. Pond's son is a non-audit employee of the Company's independent registered public accounting firm. The Board determined that this relationship did not impair Mr. Pond's independence. The Board also considered that Mr. Pond serves as a director of a company with which the Company engages in ordinary course business transactions and that Mr. Heiland served as an officer of a company with which the Company engages in ordinary course business transactions. The Board considered the dollar amounts of these transactions and other factors and determined that they were not required to be disclosed as a related party transaction under the Securities and Exchange Commission (SEC) rules or otherwise impaired Mr. Heiland's or Mr. Pond's independence under NASDAQ rules. However, for the information of our shareholders, the transactions are further discussed in the section entitled "Certain Relationships" on page 57 of this management proxy circular. The Board also considered that Mr. Heiland is the owner and manager of JEC II Associates, LLC, a privately held investment company and a significant shareholder of the Company. The Board determined that this relationship did not impair Mr. Heiland's independence under NASDAQ rules. Finally, the Board considered that prior to March 2012, Mr. Secor was an employee of Goldman Sachs & Company, where he worked with Liberty Harbor, a significant shareholder of the Company and a holder of the Company's former 12.25% Senior Secured PIK Election Notes, which were refinanced in October 2011. The Board determined that this relationship did not impair Mr. Secor's independence under NASDAQ rules.

Please see the biography of each director under the section entitled "Item 1 Election of Directors" above for the public company boards on which each director serves.

***Board Leadership Structure and Role in Risk Oversight***

The Board is responsible for the overall stewardship of the Company. The Board discharges this responsibility directly and through delegation of specific responsibilities to its committees, the Chairman of the Board and officers of the Company. The Board has established three standing committees to assist with its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee has a charter defining its responsibilities. The Board of Directors does not have an executive committee.

The Company's By-Laws require the Chairman of the Board to be a director and provide the Board with the ability to appoint the Chief Executive Officer of the Company as the Chairman of the Board. This approach

**Table of Contents**

gives the Board the necessary flexibility to determine whether these positions should be held by the same person or by separate persons based on the leadership needs of the Company at any particular time. We recognize that different board leadership structures may be appropriate for companies in different situations.

Based on the Company's present circumstances, the Board believes that the Company and its shareholders are best served by having Mr. Bershad serve as its Chairman of the Board and Mr. Roush serve as its Chief Executive Officer. Our current leadership structure permits Mr. Roush to focus his attention on managing our Company and permits Mr. Bershad to manage the Board. Accordingly, we believe our current leadership structure is the optimal structure for us at this time.

The Board recognizes the importance of appropriate oversight of potential business risks in running a successful operation and meeting its fiduciary obligations to our business and our shareholders. While our senior executives, including the Chief Executive Officer and Chief Financial Officer, have responsibility for the day-to-day assessment and management of business risks, the Board maintains responsibility for creating an appropriate culture of risk management and setting a proper tone at the top. In this role, the Board, directly and through its committees, takes an active role in overseeing our aggregate risk potential and in assisting our executives with addressing specific risks, including competitive, legal, regulatory, operational and financial risks. The Board does not believe that its role in the oversight of the Company's risks affects the Board's leadership structure.

***Compensation Risk***

The Company has reviewed its compensation policies and practices and has determined that it has no policies or practices that are reasonably likely to have a material adverse effect on the Company.

***Board Committees and Meetings***

The Board maintains three standing committees whose functions are described below. All members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent directors. The following table sets forth the membership of the Board's standing committees:

Name	Audit Committee	Compensation Committee(1)	Nominating and Corporate Governance Committee
Stephen W. Bershad		CHAIR	
Eugene I. Davis	X		CHAIR
Dennis J. Fortino		X	X
Ira J. Lamel	CHAIR		X
Byron O. Pond	X		X
John A. Roush			

(1) Mr. Heiland served as a member of the Compensation Committee prior to his resignation on February 27, 2012.

Each standing committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed and updated periodically as legislative and regulatory developments and business circumstances warrant. The committee charters are available in their entirety on our website at <http://www.gsig.com> in the Investors Relations section, under the Corporate Governance tab.

**Table of Contents****Meetings**

The Board and standing committees met as follows during the year ended December 31, 2011:

Name	Number of Meetings
Board of Directors	7
Audit Committee	8
Compensation Committee	2
Nominating and Corporate Governance Committee	3

The independent directors also meet routinely in executive session in connection with regular meetings of the Board. Mr. Bershad presides over all executive sessions at which he is present.

Currently, we do not maintain a formal policy regarding director attendance at the annual meeting; however, it is expected that absent compelling circumstances directors will attend. Last year, six of seven directors then in office attended the annual meeting of shareholders.

During 2011, each director attended all Board meetings and all meetings of committees on which the director served.

**The Audit Committee**

The Audit Committee consists of Mr. Lamel, Mr. Davis and Mr. Pond, with Mr. Lamel serving as Chairman. All members of the Audit Committee meet the membership requirements of NASDAQ, including the requirements regarding financial literacy and financial sophistication, and the Board has determined that each member of the Audit Committee is independent under the listing standards of NASDAQ and the rules of the SEC regarding audit committee membership. The Board has further determined that Mr. Lamel is an audit committee financial expert as defined by the SEC.

The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm, and is responsible for reviewing and discussing with management and the independent registered public accounting firm our audited consolidated financial statements included in our Annual Report on Form 10-K, our interim financial statements and our earnings press releases. The Audit Committee also reviews the independence and quality control procedures of the independent registered public accounting firm, reviews management's assessment of the effectiveness of internal controls, and discusses with management the Company's policies with respect to risk assessment and risk management.

**The Compensation Committee**

The Compensation Committee consists of Mr. Bershad and Mr. Fortino, with Mr. Bershad serving as Chairman. Both members of the Compensation Committee meet the membership requirements of NASDAQ.

The Compensation Committee is responsible for assisting our Board in fulfilling its fiduciary duties with respect to the oversight of the Company's compensation plans, policies and programs, including assessing our overall compensation structure, reviewing all executive compensation programs, incentive compensation plans and equity-based plans and determining executive compensation.

For a discussion of the Compensation Committee's processes and procedures for considering and determining compensation for our officers, please see the Compensation Discussion and Analysis section below.

## **Table of Contents**

### **The Nominating and Corporate Governance Committee**

The Nominating and Corporate Governance Committee (the NCG Committee ) consists of Mr. Davis, Mr. Fortino, Mr. Lamel and Mr. Pond, with Mr. Davis serving as Chairman. All members of the NCG Committee meet the membership requirements of NASDAQ.

The NCG Committee is responsible for: (a) identifying individuals qualified to become Board members and recommending such individuals to the Board as director nominees; (b) developing and recommending to the Board a set of corporate governance principles applicable to the Company; (c) reviewing the qualifications of directors eligible to become members of the different committees of the Board and recommending to the Board director nominees for each committee; (d) overseeing periodic performance reviews of the Board; and (e) evaluating and making recommendations to our Board regarding director compensation.

### ***Selection and Evaluation of Director Candidates***

In searching for qualified director candidates for election to the Board and to fill vacancies on the Board, the NCG Committee solicits current directors for the names of potentially qualified candidates and may ask directors to pursue their own business contacts for the names of potentially qualified candidates. The NCG Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates and will consider suggestions from shareholders for nominees for election as directors and evaluate such suggested nominees on the same terms as candidates identified by directors, outside advisors or search firms selected by the NCG Committee.

The criteria that the NCG Committee has established regarding the minimum qualifications for nominees are available on the Company's website at <http://www.gsig.com>, in the Investor Relations section, under the Corporate Governance tab, with the title of Director Selection and Board Composition. The criteria center on finding candidates who have the highest level of integrity, are financially literate, have motivation and sufficient time to devote themselves to Company matters and who have skills that complement the skills and knowledge of the current directors. The Board and NCG Committee have not established a formal policy on the consideration of diversity in director candidates.

Once potential candidates are identified, the NCG Committee reviews the backgrounds of those candidates, conducts interviews of candidates and establishes a list of final candidates. To the extent practicable, final candidates are then interviewed by each member of the NCG Committee, the Chairman of the Board and the Chief Executive Officer. Reasonable efforts are made to have all remaining directors interview final candidates.

The NCG Committee and the Board have not established a formal policy with regard to the consideration of director candidates recommended by shareholders. This is due to the following factors: (i) limited number of such recommendations, (ii) the need to evaluate such recommendations on a case-by-case basis, and (iii) the expectation that recommendations from shareholders would be considered in the same manner as recommendations by a director or an officer of the Company.

Any shareholder who intends to recommend a candidate to the NCG Committee for nomination as a director should deliver written notice to the Company with the following information: (a) the suggested candidate's biographical data (including business experience, service on other boards, and academic credentials), (b) all transactions and relationships, if any, between the recommending shareholder or such candidate, on the one hand, and the Company or its management, on the other hand, as well as any relationships or arrangements, if any, between the recommending shareholder and the candidate and any other transactions or relationships of which the Board should be aware in order to evaluate such candidate's potential independence as a director, (c) details of whether the candidate or the recommending shareholder is involved in any on-going litigation adverse to the Company or is associated with an entity which is engaged in such litigation and (d) whether the candidate or any company for which the candidate serves or has served as an officer or director is, or has been,

the subject of any bankruptcy, SEC or criminal proceedings or investigations, any civil proceedings or investigations related to fraud, accounting or financial misconduct, or any other material civil proceedings or investigations. The notice must also contain a written consent confirming the candidate's (a) consent to be nominated and named in the Company's management proxy circular and, if elected, to serve as a director of the Company and (b) agreement to be interviewed by the NCG Committee and submit additional information if requested to do so. Any such notice should be delivered to the Company sufficiently in advance of the Company's annual meeting to permit the NCG Committee to complete its review in a timely fashion.

Under the Company's Articles, a shareholder may propose a director candidate for inclusion in the Company's notice of meeting if the proposal is signed by one or more holders of shares representing in the aggregate not less than 5% of the common shares of the Company entitled to vote at the shareholders' meeting at which the nomination is to be presented. Any shareholder, as described in the preceding sentence, wishing to propose a director candidate for inclusion in the Company's notice of meeting must provide notice to the Company by March 16, 2013 and include the information about such nominee as discussed above with respect to director candidates recommended by shareholders.

### ***Communications with the Board***

The Board has not established a formal process for shareholders to send communications to the Board and/or individual directors due to the limited number of such communications historically. However, the names of all directors are available to shareholders in this management proxy circular and on the Company website. If the Company receives any shareholder communication intended for the full Board or any individual director, the Company will forward all such communications to the full Board or such individual director, unless the communication is clearly of a marketing nature or is unduly hostile, threatening, illegal or similarly inappropriate. Any shareholder communications should be sent to: GSI Group Inc., 125 Middlesex Turnpike, Bedford, Massachusetts 01730, Attention: Investor Relations.

### ***Code of Ethics and Business Conduct***

All of the Company's directors, officers and employees must act in accordance with the Code of Ethics and Business Conduct, which has been adopted by the Company's Board of Directors. A copy of the Code of Ethics and Business Conduct is available on the Company's website at <http://www.gsig.com> in the "About GSI Group" section. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding disclosure of an amendment to, or waiver from, a provision of this Code of Ethics and Business Conduct with respect to its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on the Company's website discussed above, unless a Form 8-K is otherwise required by law or applicable listing rules.

### ***Orientation and Continuing Education***

The Company's Corporate Governance Guidelines provide that directors are expected to participate in an orientation program within six months of the annual meeting at which new directors are elected or the date on which new directors are appointed. In addition, the Company may periodically make available to its directors continuing educational opportunities designed to assist them in performing their Board and committee functions.

### ***Assessments***

The NCG Committee is responsible for annually overseeing a review of the performance of the Board, and each of the NCG Committee, Audit Committee and Compensation Committee is responsible for annually reviewing such committee's own performance. In November 2011, the NCG Committee adopted a comprehensive self-evaluation questionnaire for the Board and each of the Board's standing committees. Each director completed a questionnaire evaluating the performance of the Board as a whole and each committee on which such director served, and a summary of the results of these self-evaluations were provided to the Board prior to the March 8, 2012 Board meeting.

**COMPENSATION DISCUSSION AND ANALYSIS**

The following discussion and analysis contains statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of the Company's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. The Company specifically cautions investors not to apply these statements to other contexts.

The following details the Company's philosophy and policies regarding executive compensation, the process that is used to set executive compensation within the Company, the elements of the executive compensation program, and the role of the Compensation Committee of the Board of Directors of GSI Group Inc. and the executive staff in setting executive compensation. In this section, the use of the terms, "we", "our", and "us" refers to the Company, and the "Board" and "Board of Directors" refers to the Board of Directors of GSI Group Inc., unless otherwise specified.

The following executives are our named executive officers for fiscal 2011:

John A. Roush, our Chief Executive Officer;

Robert J. Buckley, our Chief Financial Officer;

Jamie B. Bader, our Vice President, Group President of Precision Motion and Technologies;

David Clarke, our Vice President, Group President of Laser Products;

Additionally, Glenn E. Davis served as our Principal Financial Officer and Principal Accounting Officer until Mr. Buckley succeeded him on March 31, 2011. However, Mr. Davis was not an employee of the Company and was not compensated by the Company, with the exception of certain one-time payments described in "2011 Executive Compensation - The Year in Review". Otherwise, the compensation components described within this "Compensation Discussion and Analysis" section do not apply to Mr. Davis.

***Executive Summary***

**Compensation Philosophy**

The Compensation Committee evaluates and sets executive compensation consistent with the Company's philosophy to provide a compensation package that incentivizes and retains a highly qualified executive team and rewards both short-term and long-term sustainable performance as measured against established goals. Our executive compensation structure seeks to promote this philosophy through a combination of the following types of awards: base salary, cash bonus incentive awards and long-term equity-based incentive awards in the form of service-based restricted stock units. The key elements of our stated philosophy are as follows:

## Edgar Filing: GSI GROUP INC - Form DEFR14A

*Pay-for-Performance.* The Compensation Committee reviews the overall design of our executive compensation program on an annual basis to ensure that our executive compensation is aligned with both annual and long-term performance goals.

---

**Table of Contents**

*Compensation mix with a larger percentage of at-risk compensation.* Through the adoption of a compensation structure offering cash based incentives and equity-based incentives, the Compensation Committee has increased the percentage of at-risk compensation for named executive officers. The Compensation Committee may also consider further increasing the emphasis on at-risk elements of compensation in the future by reducing or maintaining base salaries and increasing short-term and/or long-term incentive potentials.

*Prudent corporate governance.* We are committed to maintaining a prudent corporate governance model and to continually improving our compensation practices and policies. Key practices include:

- i Annual review of the compensation philosophy of the Company by the Compensation Committee.
  
- i Maintenance of a Compensation Committee composed entirely of independent, non-employee directors who satisfy applicable independence requirements.
  
- i Consideration and engagement of outside compensation consultants as appropriate.

For a full description of our 2011 executive compensation program, please see Executive Compensation Philosophy and Executive Compensation and Comparable Company Data.

**Highlights of our 2011 Executive Compensation Program**

We emerged from bankruptcy and consummated our reorganization in 2010 and began rebuilding our executive team and implementing new executive compensation practices to reinforce our compensation philosophy. The rebuilding of our executive team was completed in 2011 and the related named executive officer hires and/or promotions in 2011 were as follows:

Employment of Mr. Buckley and Ms. Mulryan as the Company's Chief Financial Officer and Vice President of Human Resources, respectively.

Employment of Mr. Bader as the Vice President, Group President of Precision Motion and Technologies, enabling the Company to combine all of the Precision Motion and Technologies businesses under one management structure.

Promotion of Mr. Clarke to Vice President, Group President of Laser Products, enabling the Company to combine all Laser Products businesses under one management structure.

The compensation practices and arrangements implemented in 2011 are set forth below:

Implementation of the Senior Management Incentive Plan ( SMIP ) for senior executives, which seeks to balance the percentage of compensation provided in the forms of base salary, cash bonus incentive awards and long-term equity-based awards. The SMIP provides a competitive market based compensation structure with direct alignment to shareholder interests that enables the Company to attract and retain key management talent.

Equity incentive awards were granted pursuant to the SMIP to align executive compensation with long-term goals that enhance shareholder value and to promote executive retention with the Company by granting awards that vest over several years.

Edgar Filing: GSI GROUP INC - Form DEFR14A

The cash bonus incentive awards pursuant to the SMIP are determined based on three performance metrics, that follow the Board's beliefs that the Company's growth and future success is dependent

---

## **Table of Contents**

upon the achievement of both financial results and execution against key business goals which are not necessarily financial in nature: (1) Business Group adjusted EBITDA target, (2) Company adjusted EBITDA target, and (3) individual non-financial objectives. The Company currently defines adjusted EBITDA as earnings before deducting interest expense (net of interest income), income taxes, depreciation, amortization, non-cash stock-based compensation and other non-recurring or non-operating charges. The respective adjusted EBITDA target levels of performance are correlated with the Company's annual sales and income growth objectives. The individual, non-financial performance objectives targeted strategic, operational and organizational goals and objectives within the Company, which are aligned to the Company's overall strategic and financial success. See Executive Compensation Program Elements section below for additional information about the performance metrics applicable to the 2011 cash bonus incentive awards.

In addition to the compensation practices described above, the Company has agreed to certain compensation terms and conditions which are set forth in employment agreements with certain of its named executive officers. For a full description of the Company's executive compensation program, please also see Executive Compensation Program Elements, and 2011 Executive Compensation The Year in Review .

### ***Compensation Committee Members and Independence***

The Compensation Committee is comprised of Messrs. Bershad and Fortino. None of the current members were, at any time, officers or employees of the Company or its subsidiaries and the Board has determined that each member of the Compensation Committee is an independent director under the applicable rules of NASDAQ.

### ***Role of the Compensation Committee***

The Compensation Committee is responsible for designing, implementing and evaluating the Company's executive compensation plans and policies. Among its responsibilities, the Compensation Committee establishes our compensation philosophy and the framework for determining the compensation of our named executive officers and reviews, evaluates and approves base salaries, cash based incentives, long-term equity-based incentives and all other forms of compensation for these individuals.

The Compensation Committee receives advice and input, as applicable, from the Board of Directors, the Chief Executive Officer of the Company (the CEO ), members of management, outside consultants, human resources representatives and the Company's outside legal counsel on compensation issues and regarding general compensation policies, including the appropriate level and mix of compensation for executive officers.

The Compensation Committee operates pursuant to a written charter (the Charter ). The Charter sets forth the Compensation Committee's purpose, composition, authority, responsibilities, and procedures. The Compensation Committee reviews the Charter and recommends any proposed changes to the Board. The Charter is available at the Investor Relations page of the Company's website (<http://www.gsig.com/investors/>). In summary, the Compensation Committee has been established by the Board to determine the appropriate compensation of the Company's senior management. The Compensation Committee meets as often as the chair of the Compensation Committee deems necessary or advisable to fulfill its responsibilities. The Compensation Committee reports its actions and recommendations to the full Board of Directors at each quarterly meeting of the Board of Directors. The Compensation Committee meets in executive session and, where appropriate, with members of management, including the CEO, outside consultants, human resources representatives and the Company's outside legal counsel.

The Compensation Committee establishes all elements of compensation paid to the CEO including the establishment of goals and objectives for the CEO, evaluation of the performance of the CEO in light of those goals and objectives and determination and approval of the compensation payable to the CEO based on such evaluation. The Compensation Committee has sole authority to determine the CEO's compensation and the CEO may not be present during voting or deliberations concerning his compensation.

---

## **Table of Contents**

The CEO is authorized by the Compensation Committee to evaluate the performance of the other named executive officers annually, or biannually with respect to cash based incentives, and reports his findings to the Compensation Committee, together with his recommendations for compensation adjustments. The Compensation Committee meets with the CEO to discuss his evaluations and recommendations and retains the ultimate responsibility and authority for all compensation decisions made with respect to each of the named executive officers. Additionally, the Compensation Committee reviews and approves the establishment of the performance objectives including the target financial objectives for the cash based incentives, applicable to each of the named executive officers.

In its review of compensation to the named executive officers, the Compensation Committee assesses whether the Company's financial performance for the preceding year justifies adjustments to base salaries and granting of equity-based compensation. With regard to the cash bonus incentives which are payable based on biannual performance targets, the Compensation Committee reviews (and, if necessary, certifies) performance against all objectives to confirm the appropriate level of payout. In addition, from time to time, the Compensation Committee may consider discretionary bonuses for performance exceeding expectations. The Compensation Committee then recommends its compensation proposal to the full Board for its approval.

Pursuant to the Charter, the Compensation Committee may form and delegate authority to subcommittees of the Compensation Committee, to the extent consistent with the Company's Articles of Association, Bylaws, Corporate Governance Guidelines, applicable law and NASDAQ rules, except that it may not delegate its responsibilities for any matters that involve executive compensation or any matters where it has determined such compensation is intended to comply with Section 162(m) of the Internal Revenue Code of 1986 (as amended (the Internal Revenue Code)) by virtue of being approved by a committee of outside directors or is intended to be exempt from Section 16(b) under the Securities Exchange Act of 1934 pursuant to Rule 16b-3 by virtue of being approved by a committee of non-employee directors.

### ***Executive Compensation Philosophy***

The Company's compensation policy seeks to build long-term sustainable shareholder value by tying compensation to financial performance and important Company goals, and by incentivizing and retaining a highly qualified executive team in an extremely competitive market for talent. Accordingly, the Compensation Committee believes executive compensation packages provided by the Company to its named executive officers should include both cash and equity-based compensation that reward performance as measured against established goals.

The following principles guide the Company's executive compensation program:

provide competitive compensation to attract and retain executive talent with the capability to lead within a global company;

emphasize variable pay to align executive compensation with the achievement of results that drive the Company's business strategy;

use equity-based incentive plans to tie a significant portion of compensation to the Company's long-term results, to align the executive's financial interests with those of our shareholders and to facilitate an ownership culture among executives;

design executive compensation programs that are affordable for the Company, including their impact on earnings and cash flow, that do not promote inappropriate or excessive risk-taking and that are flexible to respond to the changing needs of the business; and

provide transparency so that both executives and other stakeholders understand the executive compensation program and the objectives it seeks to achieve.

***Executive Compensation and Comparable Company Data***

Generally, each year, the Compensation Committee reviews each named executive officer's total compensation and, in connection therewith, considers market data for similar positions at other public companies and other relevant sources. The Compensation Committee works directly with the Company's human resources organization, which evaluates and presents the Compensation Committee with information gathered from public sources for officers at other public companies. The Compensation Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to the named executive officers are similar to those provided to executive officers at other public companies.

The Compensation Committee does not believe it is appropriate to set executive compensation levels based exclusively on compensation surveys and comparable company data. Rather, the Compensation Committee uses these surveys and comparable company data as tools for internally confirming that the Company's executive compensation program is, in the aggregate, reasonable in scope, market-competitive, and consistent from year to year. The surveys referenced by the Compensation Committee in 2011 include the 2010-2011 Watson Wyatt Top Management Compensation Survey, the 2010 Towers Perrin General Industry Executive Compensation Database and the 2010 Mercer Executive Compensation Survey. When making its determinations, the Compensation Committee was not aware of the constituent companies used in such surveys or any other surveys described herein. Other important factors that drive compensation decisions include individual qualifications and expertise, responsibility, annual individual performance, particular industry and market conditions of a business segment, complexity of position and specific market factors in the locations in which our named executive officers are employed. The Compensation Committee also considers the performance of the Company's named executive officers on an individual basis before determining the compensation arrangement for each of them.

The Compensation Committee may retain the services of advisors and it has the budgetary authority to hire such advisors as it deems necessary. Towers Watson, a leading global professional services company well known for its executive compensation practice, was engaged in prior years and in 2011, at the request of the Compensation Committee, to provide independent guidance regarding current market based compensation structures, pay practices and rates of compensation for positions identified as named executive officer positions. The Compensation Committee develops a list of competitor companies for consideration as the Company's peer group based on relevant factors including, industry, fiscal year and trailing twelve months revenue, market capitalization, total shareholder return and EBITDA. The peer group list is reviewed, amended and approved on an annual basis by the Compensation Committee. The external advisor is asked to develop a compensation report that identifies market based compensation structures, pay practices and rates of compensation for targeted positions as compared to the Company's peer group. The peer group used in the most recent Executive Market Review report prepared by Towers Watson in October 2010 was comprised of the following companies:

FEI Co.

MRV Communications Inc.

Coherent Inc.

Veeco Instruments Inc.

Newport Corp.

Rofin-Sinar Technologies Inc.

II-VI Inc.

Cymer Inc.

IPG Photonics Corporation

Electro Scientific Industries Inc.

Keithly Instruments Inc.

Zygo Corp.

## **Table of Contents**

The source data for the analysis is a blend of peer group proxy data and standard Executive Compensation Survey report data. The Towers Watson reports are provided to the Compensation Committee to be used as a reference point when considering compensation packages for new hire named executive officers and are also generally requested on an annual basis for the Chief Executive Officer and Chief Financial Officer positions. The consultant fees for these services have not been significant.

In summary, in order to determine the competitiveness of the Company's overall compensation for executive officers, the Company reviews data provided by its external advisor, including compensation for comparable positions within its industry, the historical compensation levels of the executive officers and the individual performance of the executive officers evaluated against their individual objectives established for the preceding year, as applicable. These factors were considered in the compensation decisions made in 2011, including the compensation packages developed for the named executive officers hired in 2011 and the compensation adjustments made for other named executive officers.

### ***Shareholder Say-On-Pay Vote***

The Company was a smaller reporting company as of January 21, 2011 and therefore is not required to conduct shareholder advisory votes on (i) executive compensation or (ii) the frequency of advisory votes on executive compensation until the first annual or other meeting of shareholders on or after January 21, 2013.

### ***Executive Compensation Program Elements***

Executive compensation at the Company includes base salary, short-term cash bonus incentives, long-term equity-based incentives, employee benefits and, in certain situations, severance and other compensation. These elements were selected because the Compensation Committee believes they are necessary to help us attract and retain executive talent which is fundamental to our success. The elements of compensation may vary between executives based on the Compensation Committee's determination as to what is appropriate under the policies set forth above. Below is a summary of the current executive compensation programs as they relate to our named executive officers excluding, in general, Mr. Bellantuoni who resigned effective as of July 1, 2011.

The following graphs depict the average target pay mix of base salary, short-term cash bonus incentives and long-term equity-based incentives, for our Chief Executive Officer and Chief Financial Officer and for our other named executive officers (other than Mr. Bellantuoni).

- (1) Based on: annual base salary, annual target bonus and annual equity grant per the respective employment agreement. Excludes one-time sign-on equity grants and one-time 2011 equity grants for purposes of demonstrating target average annual pay mix.

**Table of Contents**

- (2) Based on: annual base salary, annual target bonus and annual equity grant per the respective employment letter for Mr. Bader and Ms. Mulryan; and 2011 annual base salary, 2011 target bonus and 2011 equity grant for Mr. Clarke. Excludes one-time sign-on equity grants to Mr. Bader and Ms. Mulryan for purposes of demonstrating target average annual pay mix.

**Base Salary**

Base salary is intended to be a fixed level of competitive income and is compensation for services rendered in the job that the named executive officer was hired to perform. In setting base salary, the Compensation Committee considers qualifications and experience, prior employment (including historical compensation), industry knowledge, scope and complexity of responsibilities (including potential growth in responsibilities), individual performance, quality of leadership, internal pay equity, survey data, and tax deductibility. No specific weighting is applied to the factors. Salaries are set once per year as part of the compensation review process. Annual increases to salaries, when approved and implemented, are based on individual performance, peer group data and cost of living adjustments. The annual base salaries for 2011 to each of our named executive officers (other than Mr. Bellantuoni) are listed below:

	<b>Annual Base Salary</b>
Mr. Roush	\$ 500,000
Mr. Buckley	\$ 325,000 (1)
Mr. Bader	\$ 300,000 (2)
Mr. Clarke	\$ 225,000 (3)
Ms. Mulryan	\$ 235,000 (4)

- (1) Employment commenced on February 22, 2011.
- (2) Employment commenced on July 25, 2011.
- (3) Base salary was increased by 8% in May 2011 upon promotion.
- (4) Employment commenced on September 6, 2011.

**Cash Bonus Incentives**

In 2011, the Compensation Committee implemented the SMIP for key management team members, including our named executive officers. The SMIP includes cash bonus incentives that are intended to motivate and reward the Company's key management team members for driving short-term performance within their respective organizations and across the Company, with the ultimate goal of creating shareholder value. The cash bonus incentives pursuant to the SMIP are earned biannually based upon three performance metrics, including: (1) group adjusted EBITDA target (the Group Financial Objective), (2) Company adjusted EBITDA target (the Company Financial Objective and, together with the Group Financial Objective, the Financial Objectives), and (3) individual non-financial objectives (the Non-Financial Objectives). Refer to Highlights of our 2011 Executive Compensation Program for the Company's definition of adjusted EBITDA. The target level of the Financial Objectives is correlated with the Company's annual growth objectives. Actual performance against the Financial Objectives must be within an established range of the target to result in any payout for the respective Financial Objectives, as described in more detail below.

**Table of Contents**

Each of our current named executive officers has an established bonus incentive target, which is based on a percentage of his or her current annual base salary. Pursuant to the SMIP, the target bonus would be payable upon 100% achievement of each of the applicable Financial Objectives and 100% achievement of the Non-Financial Objectives. The table below describes the cash bonus incentive for each named executive officer (other than Mr. Bellantuoni) under the SMIP, including the annual target as a percentage of base salary and the annual target in dollars.

	<b>Cash Bonus Incentive Annual Target (% of base)</b>	<b>Cash Bonus Incentive Annual Target (\$)</b>
Mr. Roush	85% (1)	425,000 (1)
Mr. Buckley	65% (1)	211,250 (1)
Mr. Bader	30% (2)	90,000 (2)
Mr. Clarke	85%	191,250
Ms. Mulryan	30% (2)	70,500 (2)

- (1) Pursuant to the respective employment agreements, in 2011, Mr. Roush and Mr. Buckley have a guaranteed bonus of 80% and 85%, respectively, of the target cash bonus incentive. The 2011 guaranteed bonus is \$340,000 and \$179,563 for Mr. Roush and Mr. Buckley, respectively. The cash bonus under the SMIP for each of Mr. Roush and Mr. Buckley, however, was paid based on actual performance and exceeded the amount of any guaranteed bonus.
- (2) Mr. Bader and Ms. Mulryan were hired in the latter half of 2011 and were eligible to participate in the second half of the SMIP, as such, for 2011 their respective target is 15%, or half of the annual 30% target. The second half target for 2011 for Mr. Bader and Ms. Mulryan is \$45,000 and \$35,250, respectively.

The general parameters of the cash bonus incentives pursuant to the SMIP, as it relates to the named executive officers, are as follows:

In setting cash bonus incentive targets, the Compensation Committee considers the Company's strategic plan, scope of individual responsibilities, internal total cash compensation equity, external competitive market data, and other relevant factors.

Cash bonus payments are calculated as a percentage of the participant's base salary and are payable based on achievement of the Group Financial Objective (if applicable), the Company Financial Objective, and the Non-Financial Objectives, unless otherwise determined by the CEO and Board of Directors.

For all named executive officers, cash bonus incentives are earned in six-month cycles, subject to availability of consolidated financial statements for the respective six-month cycle. Payouts for all named executive officers, including the CEO, are calculated for each six-month cycle as the achievement against the respective Financial Objectives multiplied by the target bonus percentages and the base salary for the six-month period for each participant. However, for fiscal year 2011, there was a 100% holdback on payouts earned by the CEO and a 20% holdback on payouts earned by all other named executive officers in the first six-month cycle ( first half ), each of which is payable with the respective payout earned in the second six-month cycle ( second half ), pursuant to the terms of the SMIP. No such holdbacks have been instituted with respect to fiscal year 2012. Additionally, performance against the Non-Financial Objectives is assessed annually and such amounts earned are payable annually with the second half Financial Objectives. The target date for the first-half payout is August 15 of the then-current year and the target date for the second-half payout is March 15 of the following year.

**Table of Contents**

For all plan participants, 80% of the target bonuses are based on achievement of Financial Objectives and 20% of the target bonuses are based on achievement of Non-Financial Objectives, as demonstrated below for each of our named executive officers:

<b>Performance Metrics</b>	<b>Group plan participants(1)</b>	<b>Corporate plan participants(2)</b>
Group Financial Objective	50% of target bonus	
Company Financial Objective	30% of target bonus	80% of target bonus
Non-Financial Objectives	20% of target bonus	20% of target bonus

- (1) Messrs. Bader and Clarke.
- (2) Messrs. Roush and Buckley and Ms. Mulryan. Mr. Bellantuoni was also a corporate plan participant prior to his resignation effective July 1, 2011.

Amounts earned will vary depending upon the level of achievement of the assigned Financial Objectives, and are calculated on payout curves. The threshold, target and maximum payouts pursuant to the respective Financial Objectives are presented below:

	<b>Performance against</b>	<b>Payout for respective</b>
	<b>Financial Objectives</b>	<b>Financial Objectives</b>
Threshold	75% or less of performance target	0% of target payout
Target	100% of performance target	100% of target payout
Maximum	125%+ of performance target	200% of target payout

The targets that would result in a 100% payout of the respective Financial Objectives, as applicable, to each of the named executive officers in 2011, are as follows: first half applicable financial target: Company Financial Objective of \$25.4 million; second half financial targets: Company Financial Objective of \$36.6 million, Laser Products Group Financial Objective of \$12.6 million and Precision Motion and Technologies Group Financial Objective of \$32.2 million. There were no Group Financial Objectives pertaining to the Laser Products business group or the Precision Motion and Technologies business group in the first half, for the following reasons:

- i Mr. Bader was hired in July of 2011 and did not participate in the first half of the SMIP.
- i Mr. Clarke was appointed Vice President, Group President of Laser Products business group in May 2011. He previously was and continues to serve as the President of the Company's Synrad business, a business within the Laser Products group. As such, the Compensation Committee determined it to be more appropriate to assess his first half Group Financial Objectives performance based on an estimate of the adjusted EBITDA target of the Synrad business versus that of the Laser Products business group, as a whole. Accordingly, the first half Group Financial Objective applicable to Mr. Clarke that would result in a 100% payout was \$6.7 million, an amount associated with the Synrad business. In the second half and in the future, the Group Financial Objective applicable to Mr. Clarke is that of the Laser Products business group.

Amounts earned based on the Non-Financial Objectives will also vary depending upon the level of achievement thereof. The Non-Financial Objectives for the CEO and the other named executive officers in 2011 spanned strategic, operational and organizational areas. The goals of the CEO specifically included: stabilizing the Company, building the organization, delivering

## Edgar Filing: GSI GROUP INC - Form DEFR14A

financial results and implementing a growth strategy for the business. Each of the other named executive officers was assigned objectives with similar areas of focus. Actual performance against these goals is ultimately determined by the Compensation Committee and in certain instances could exceed 100% of the target based on actual performance as determined by the Compensation Committee.

**Table of Contents**

Refer to the Grants of Plan Based Awards table for the range of potential payouts of cash bonus incentives to each of the named executive officers pursuant to SMIP. Although the target financial metrics of the SMIP are intended to be achievable, a maximum bonus would require very high levels of performance. Though the Company did exceed the target performance of the Company Financial Objective in the first half, neither the maximum nor the target performance was attained in the second half for either of the Financial Objectives. The Non-Financial Objectives were also designed to be challenging and spanned across strategic, operational and organizational areas to begin implementing the Company's new vision. In 2011, the Compensation Committee determined that many of the named executive officers met or in some cases exceeded the performance related to the respective Non-Financial Objectives.

The table below presents the actual cash bonus incentives earned in 2011 under the SMIP, by performance objective, as applicable, for each of the named executive officers (other than Mr. Bellantuoni):

	Financial Objectives		Financial Objectives			Total year (\$)
	First half		Second half			
	Corporate		Group			
	Group (\$)	(\$)	(\$)	Corporate (\$)	Non-Financial Objectives (\$)	
(1)	(2)	(3)	(4)	(5)	(6)	
Mr. Roush	340,000			37,733	85,000 (5)	462,733 (6)
Mr. Buckley	169,000			18,756	42,250 (5)	230,006 (6)
Mr. Bader			3,900	2,997	13,500 (7)	20,397
Mr. Clarke	74,706	57,375		6,367	25,149 (8)	163,597
Ms. Mulryan				6,259	12,500 (9)	18,759

- (1) Amount represents achievement of 114% of the adjusted EBITDA target of the Synrad business in the first half.
- (2) Amounts represent achievement of the maximum Corporate Financial Objective.
- (3) Amounts represent achievement of 79% of the Group Financial Objective for the Precision Motion and Technologies business group and less than 75% of the Group Financial Objective for the Laser Products business group, for Mr. Bader and Mr. Clarke, respectively.
- (4) Amounts represent achievement of 81% of the Company Financial Objective.
- (5) Amounts represent achievement of 100% of the Non-Financial Objectives, as determined by the Compensation Committee.
- (6) Of these amounts, \$340,000 and \$179,563 is the 2011 guaranteed bonus to Mr. Roush and Mr. Buckley, respectively, which is payable regardless of performance, pursuant to the respective employment agreement. However, both Mr. Roush and Mr. Buckley earned more than their respective 2011 guaranteed bonuses based on actual performance.
- (7) Amount represents payout of approximately 150% of the prorated portion of the Non-Financial Objectives, based on exceptional performance against assigned goals in the second half, as determined by the Compensation Committee.

## Edgar Filing: GSI GROUP INC - Form DEFR14A

- (8) Amount represents payout of approximately 66% for the Non-Financial Objectives, as determined by the Compensation Committee.
  
- (9) Amount represents payout of approximately 177% of the prorated portion of the Non-Financial Objectives, based on exceptional performance against assigned goals in the second half, as determined by the Compensation Committee.

**Table of Contents****Equity-Based Compensation**

The Company uses equity-based compensation to align executive compensation with long-term goals that enhance shareholder value and to promote executive retention with the Company by extending vesting periods over several years. Accordingly, the Company intends to make equity-based compensation a significant portion of compensation to the named executive officers, as demonstrated by the significant grants made to named executive officers in 2011.

The equity-based compensation is currently in the form of service-based restricted stock units that generally vest in one-third increments over three years based on continued service. It is the Company's practice to make an initial equity-based grant in the form of restricted stock units to all executives at the time they commence employment in an amount that is consistent with those granted to executive officers within the Company and in the industry at similar levels of seniority using information obtained from sources such as the comparable company data provided by Towers Watson and the Radford Executive Compensation Survey. The initial equity-based grants awarded to new hires may also be in part intended to compensate them for equity awards which they forfeited as a result of their terminations of employment with their prior employer. We believe that these "make-whole" awards helped us attract each of the recently hired named executive officers to the Company. In the future, the Company expects to consider and make annual grants of equity-based compensation in the form of restricted stock units to executives during the first fiscal quarter of each year on a case-by-case basis, or in accordance with employment agreements, as applicable.

The restricted stock unit awards granted to each of the named executive officers vest in certain change of control situations. Additionally, certain restricted stock unit awards granted to Mr. Roush and Mr. Buckley provide for vesting upon certain terminations of employment, including termination without cause or for good reason, because these awards are intended to mirror the terms of equity awards and other compensation which each forfeited as a result of terminating employment with their prior employer. In the future, the Company will determine whether equity awards will vest upon any terminations of employment on a case-by-case basis. Further discussion of accelerated vesting of restricted stock units is described in "Potential Payments Upon Termination or Change of Control" below.

The following table presents the equity grants awarded to the Company's named executive officers in 2011, including equity awards granted upon commencement of employment and annual equity awards granted, as applicable:

	<b>Restricted Stock Units (#)(1)(2)</b>	<b>Value of Restricted Stock Units \$(3)</b>
Mr. Roush	133,334 (4)	1,556,008
Mr. Buckley	160,000 (5)	2,005,800
Mr. Bader	37,500 (6)	440,250
Mr. Clarke	10,000 (7)	103,000
Ms. Mulryan	20,000 (6)	177,000

- (1) Restricted stock units vest over a three-year period and are subject to accelerated vesting in certain situations as described more fully in the "Potential Payments Upon Termination or Change of Control" section below.
- (2) The Company also granted an annual equity award to Mr. Bellantuoni in the amount of 7,500 restricted stock units with a value of \$77,250 on the grant date. The vesting of these restricted stock units was accelerated pursuant to conditions of Mr. Bellantuoni's resignation, which are described further in "2011 Executive Compensation - The Year in Review".
- (3) Based on the stock price on the respective date of grant.

**Table of Contents**

- (4) 2011 equity grant pursuant to the terms of Mr. Roush's employment agreement entered into on November 16, 2010.
- (5) New hire grant of 110,000 restricted stock units valued at \$1,422,300 and 2011 equity grant of 50,000 restricted stock units valued at \$583,500, each pursuant to the employment agreement entered into on February 10, 2011.
- (6) New hire equity grant pursuant to his or her employment letter.
- (7) 2011 annual equity grant.

**Other Factors Influencing Compensation**

When making compensation decisions, the Compensation Committee takes many other factors into account, including the individual's performance in his or her role and against individual goals (particularly over the past year), the individual's expected future contributions to the Company's success, the financial and operational results of our business groups and the Company as a whole, the individual's historical compensation and any retention concerns, and the Chief Executive Officer's recommendations (in the case of named executive officers other than the Chief Executive Officer). In looking at historical compensation, the Compensation Committee looks at the progression of salary increases over time, and also looks at the unvested and vested value of outstanding equity awards. The Compensation Committee uses the same factors in evaluating the Chief Executive Officer's performance and compensation that it uses for the other named executive officers.

Regarding the impact of historical compensation, while each of our named executive officers receives compensation via the three main compensation components, i.e., base salary, cash bonus incentives and equity-based compensation, the compensation mix of Mr. Clarke varies when compared to that of our other named executive officers, and specifically with that of Mr. Bader, whom serves in a comparable role, due to Mr. Clarke's pre-2011 pay structure, which consisted in relative terms, of a lower base salary, a higher cash bonus incentive and no equity-based compensation. However, the Company is working to gradually better align the compensation of Mr. Clarke with that of the other named executive officers.

**Employee Benefits and Other Compensation**

In addition to the elements of compensation discussed above, the Company offers the named executive officers contributions towards health, dental, life, accidental death and dismemberment, and disability insurance premiums consistent with the Company's contribution levels offered to all other employees of the Company. The Company does not offer a deferred compensation program, nor does it offer retirement benefits other than a 401(k) defined contribution plan. This plan provides for Company matching contributions of 50% of the first six percent of compensation up to the maximum amount allowed under the Internal Revenue Code.

Messrs. Roush and Buckley are provided with life insurance benefits in excess of those available to all other employees, to comply with the terms of their respective employment agreements which stipulate that the Company will provide life insurance benefits in the face amount equal to no less than 400% of their respective annual base salary. The life insurance benefits were negotiated in connection with our hiring of Messrs. Roush and Buckley to assist in the recruitment and retention of Messrs. Roush and Buckley. The cost of such supplemental life insurance benefits for Messrs. Roush and Buckley in 2011 equaled \$1,245 and \$540, respectively. The Company does not intend to offer life insurance benefits in excess of the maximum allowed under its Group Life Insurance policy to its other named executive officers.

In the past, former executive officers have received perquisites including, in various cases, a car allowance, tax preparation fee reimbursement, supplemental disability insurance and other benefits, all of which are detailed in the Summary Compensation Table below, as applicable. The Company does not currently offer these perquisites to its current named executive officers.

**Table of Contents**

**Severance and Change of Control Benefits**

The Company has certain obligations to its named executive officers in specified circumstances, including termination or a change of control of GSI Group Inc., pursuant to the terms of individualized employment agreements or other contractual obligations.

Additionally, the respective employment agreements with Messrs. Roush and Buckley contain a Section 280G tax gross-up provision, which provides for a payment to Messrs. Roush and Buckley if they should become subject to parachute payment excise taxes imposed in connection with any change of control of the Company. These provisions were negotiated in connection with our hiring of Messrs. Roush and Buckley. Although the Company determined that such provisions were appropriate for Messrs. Roush and Buckley in order to assist in the recruitment and retention of Messrs. Roush and Buckley and in order to help ensure a stable senior management team in the event of any future change of control transaction, the Company does not currently plan to implement similar tax gross-ups to other executives in the future.

Further information regarding the termination obligations to each of our named executive officers is provided in [Potential Payments Upon Termination or Change of Control](#) below.

**Table of Contents****Robert J. Buckley**

On February 10, 2011, the Company and Mr. Buckley entered into an employment agreement (the "CFO Employment Agreement") providing for the employment of Mr. Buckley in an advisory capacity prior to March 31, 2011 and as the Company's Chief Financial Officer on and after March 31, 2011. The initial term of Mr. Buckley's employment (the "Initial CFO Term") expires on February 22, 2014 and will automatically be extended for successive one-year periods unless either the Company or Mr. Buckley gives 90-days notice of non-extension to the other party (the "Initial CFO Term" and any such successive one-year periods, collectively, the "CFO Term"). Mr. Buckley received an initial base salary of \$325,000 per year, subject to review and increase by the Company's Board of Directors. On February 22, 2011, the Company granted Mr. Buckley 110,000 restricted stock units (the "CFO Sign-On RSUs") pursuant to the terms of the CFO Employment Agreement. ## Edgar Filing: GSI GROUP INC - Form DEFR14A

- (1) Amount shown for Messrs. Roush and Buckley in 2011 represents a portion of their cash bonus under the SMIP that was guaranteed pursuant to their respective employment agreements. However, the amount of the SMIP bonuses actually paid to Messrs. Roush and Buckley with respect to 2011 based on actual Company and individual performance exceeded the guaranteed amounts and thus the guarantee was not applicable. For additional amounts earned by Messrs. Roush and Buckley in 2011, including timing of payment of the cumulative bonus and non-equity incentive awards, refer to footnote 3 to this Summary Compensation Table. Amount shown for Mr. Davis in 2011 represents a one-time bonus earned by and paid to Mr. Davis

**Table of Contents**

in 2011 in connection with the appointment of Mr. Buckley as Chief Financial Officer and the Board of Director's approval of a cash bonus in the amount of \$150,000, of which \$50,000 was payable in March 2011 when normal corporate bonuses were paid, and \$100,000 was payable if Mr. Davis continued to provide services to the Company until May 1, 2011 or was terminated by the Company prior to May 1, 2011.

- (2) Amounts shown do not reflect compensation actually received. Rather, amounts shown represent the aggregate grant date fair value of these awards determined in accordance with ASC 718 (disregarding any reduction in such value due to any estimate of forfeitures related to service-based vesting conditions). Under ASC 718, compensation expense with respect to stock awards is generally recognized over the vesting periods applicable to the awards. For further discussion regarding the assumptions used in the estimation of the fair value of these awards and details regarding the associated calculation of compensation cost related thereto, refer to Note 8 to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.
- (3) Amounts shown consist of awards earned during the period based on performance under the applicable annual cash bonus incentive plan (other than any portion guaranteed to Messrs. Roush and Buckley, as described in footnote 1 to this Summary Compensation Table). There was no cash bonus incentive plan applicable to the NEOs in 2010 or 2009. Amounts shown in 2011 relate to the SMIP, which is applicable to each of the NEOs, with the exception of Mr. Davis who is a contractor as described in footnote 6 to the Summary Compensation Table. With the exception of the amount earned under the SMIP by Mr. Roush, amounts earned under the SMIP are generally payable biannually, subject to continued employment through the date of payment. The amount earned in the first half of the year for Financial Objectives, less a 20% holdback (or, in the case of Mr. Roush, a 100% holdback), is payable by August 15 of the current year. The amount earned in the second half for Financial Objectives, the applicable holdback from the first half, and the amount earned for Non-Financial Objectives is payable by March 15 of the following year. With the exception of \$135,200 paid to Mr. Buckley and \$105,665 paid to Mr. Clarke, each in August 2011, all 2011 amounts in this column for all named executive officers and in the bonus column for Messrs. Roush and Buckley, as further described in footnote 1 to this Summary Compensation Table, are payable by their terms by March 15, 2012.
- (4) Amounts in 2011 include the following:

Mr. Davis served as Principal Financial Officer and Principal Accounting Officer pursuant to the terms of a referral agreement the Company entered into with Fenway Consulting Group, LLC on January 12, 2009. Consequently, Mr. Davis is not an employee of the Company and with the exception of a \$35,000 bonus payment earned and paid to Mr. Davis in 2010, and a \$150,000 bonus payment earned and paid to Mr. Davis in 2011, Mr. Davis is not individually compensated by the Company. Therefore, the amount shown represents the aggregate grant date fair value of Mr. Bellantuoni's 2011 equity award based on the stock price on March 31, 2011, plus the aggregate modification date fair value of the accelerated award based on the stock price on the date of modification computed in accordance with ASC 718.
