Entergy Transaction Update

STATUS

UPDATE

Key operating earnings drivers

Higher operating earnings due to higher rate base and AFUDC at our operating companies and slightly lower effective tax rates for the quarter and the year-to-date period

Slightly offset by slightly lower revenues due to the full amortization of the *ITC Transmission* revenue deferral regulatory asset in May 2011

Stand-Alone Five-Year Capital Plan

2012 -

2016

10

Note: Five-year EPS CAGR based on 2011 through 2016 EPS

Stand-alone plan positions the company well to create shareholder value while continuing to make needed investment in transmission for benefit of customers

Stand-alone \$4.2 billion five-year capital plan

expected to generate EPS CAGR of 15 to 17%

Coupled with ongoing dividend policy provides attractive value creation opportunity for shareholders

Reflects ITC stand-alone plan and does not reflect expectations of proposed Entergy transaction

Focus in 2012 remains on executing against our existing strategy and plans while also advancing Entergy transaction towards close
