**Table of Contents**

where there is neither a government fixed price nor a government guidance price, the market price; or

**RENEWAL OF THE NETWORK CAPACITY LEASING AGREEMENT**

In preparation for the TD-SCDMA business and to better utilise the resources of CMCC, the Company entered into the Network Capacity Leasing Agreement with CMCC on 29 December 2008. The term of the Network Capacity Leasing Agreement was one year effective from 1 January 2009, and unless the parties agree otherwise, upon expiry of the term, the Network Capacity Leasing Agreement shall automatically be renewed for further terms of one year. As the Company has been actively developing and promoting the TD-SCDMA business, the Company and CMCC agreed to renew the Network Capacity Leasing Agreement on 6 November 2009, 21 December 2010 and 6 December 2011 for a term of one year commencing on 1 January 2010, 1 January 2011 and 1 January 2012, respectively. In view of the expiry of the Network Capacity Leasing Agreement on 31 December 2012, the parties have again agreed to renew the Network Capacity Leasing Agreement on 12 December 2012 for a further term of one year commencing on 1 January 2013.

Pursuant to the Network Capacity Leasing Agreement, the Company and its operating subsidiaries lease the TD-SCDMA network capacity (the **TD Network Capacity** ) from CMCC and pay leasing fees (the **Capacity Leasing Fees** ) to CMCC.

The Capacity Leasing Fees are payable on a monthly basis in cash. The Capacity Leasing Fees payable by the Company under the Network Capacity Leasing Agreement are determined on a basis that reflects the Group's actual usage of CMCC's TD Network Capacity and to compensate CMCC for the costs of such network capacity. The Capacity Leasing Fees shall be calculated using the following formula:

Capacity Leasing Fees = the costs of the related assets of the TD Network Capacity of CMCC during the period x the average usage of the TD-SCDMA network during the period;

the costs of the related assets of the TD Network Capacity of CMCC during the period = charges including the depreciation and amortisation charges of the TD network assets that are recorded as fixed assets or intangible assets of CMCC which have been realised into network capacity during the period; and

the average usage of the TD-SCDMA network during the period is calculated with reference to general practice for network construction and leasing and is based on the average actual usage of the base resource units of the TD-SCDMA network at peak hours by the operating subsidiaries.

The annual caps for the transactions contemplated under the Network Capacity Leasing Agreement for the year ended 31 December 2011 and the year ending 31 December 2012 are RMB3,000 million (equivalent to approximately HK\$3,695 million) and RMB3,500 million (equivalent to approximately HK\$4,311 million), respectively. For the year ended 31 December 2011, the Capacity Leasing Fees payable by the Company to CMCC was RMB1,092 million (equivalent to approximately HK\$1,345 million). Based on the Group's unaudited management accounts, the Capacity Leasing Fees payable by the Company to CMCC for the period from 1 January 2012 to 30 September 2012 amounted to RMB1,670 million (equivalent to approximately HK\$2,057 million).

**Table of Contents**

The Company has extended the marketing cooperation in respect of the TD-SCDMA business with CMCC's operating subsidiaries to 31 provinces in China. In 2012, the Company further strengthened such marketing cooperation, and as a result, the subscribers of the TD-SCDMA business continued to grow in 2012 when compared with the year 2011, and the average usage of TD-SCDMA network increased accordingly. Meanwhile, as the deployment and improvements to the TD-SCDMA network and the upgrade of relevant network and terminals continue, the costs of the related assets will increase accordingly. In addition, the Group will continue to strengthen its marketing efforts for the TD-SCDMA business, and it is expected that the data flow business will continue to grow rapidly. Therefore, it is anticipated that the subscribers of the TD-SCDMA business will continue to grow in 2013 and the average usage of the TD-SCDMA network will continue to increase. Based on the formula for calculating the Capacity Leasing Fees, any increase in the depreciation costs and amortised expenses in relation to the assets of the TD Network Capacity and the average usage of the TD-SCDMA network will in turn result in an increase in the Capacity Leasing Fees payable by the Company to CMCC under the Network Capacity Leasing Agreement.

Based on the existing scale of the TD-SCDMA network, the expected development of the TD-SCDMA business and the anticipated usage of the TD-SCDMA network, the amount of Capacity Leasing Fees payable by the Company to CMCC under the Network Capacity Leasing Agreement (as renewed) for the year ending 31 December 2013 is expected not to exceed RMB6,000 million (equivalent to approximately HK\$7,390 million). Accordingly, this amount is set as the annual cap for the transactions contemplated under the Network Capacity Leasing Agreement (as renewed) for the year ending 31 December 2013.

**RENEWAL OF THE TRIPARTITE AGREEMENT**

The Company entered into the Tripartite Agreement with CMCC and TieTong on 13 November 2008, pursuant to which the rights and obligations of CMCC under a series of interconnection settlement agreements entered into between CMCC and TieTong from January 2002 to December 2007 were transferred to the Company. Such interconnection settlement agreements regulate the interconnection of the networks of CMCC and TieTong and the settlement of charges for various telecommunications services, including IP phone calls, long distance calls, international telephone service and dial-up service. The initial term of the Tripartite Agreement expired on 31 December 2009, and pursuant to the terms thereof unless the parties agree otherwise, upon the expiry of the term, the Tripartite Agreement shall automatically be renewed for further terms of one year. The Company, CMCC and TieTong agreed to renew the Tripartite Agreement on 6 November 2009, 21 December 2010 and 6 December 2011 for a term of one year commencing on 1 January 2010, 1 January 2011 and 1 January 2012, respectively. In view of the expiry of the Tripartite Agreement on 31 December 2012, the parties have again agreed to renew the Tripartite Agreement on 12 December 2012 for a further term of one year commencing on 1 January 2013.

Settlement payments are made on a monthly basis in cash. Details of the interconnection settlement arrangements between the Company and TieTong under the Tripartite Agreement are set out below:

- (v) In respect of IDD call service, 197 long distance call service and 197300 debit card call service, TieTong makes a settlement payment to the Company at the rate of RMB0.06 per minute.

The settlement charges receivable by the Company from TieTong under the Tripartite Agreement for the year ended 31 December 2011 amounted to RMB279 million (equivalent to approximately HK\$344 million), which is below 0.1% of each of the applicable percentage ratios set out in Rule 14.07 of the Listing Rules. Based on the Group's unaudited management accounts, the aggregate settlement charges receivable by the Company from TieTong under the Tripartite Agreement for the period from 1 January 2012 to 30 September 2012 were RMB192 million (equivalent to approximately HK\$236 million), and the settlement charges receivable for the year ending 31 December 2012 are expected to be below 0.1% of each of the applicable percentage ratios set out in Rule 14.07 of the Listing Rules. Based on the historical level of the settlement payments made by TieTong to the Company, the aggregate amount of settlement charges receivable by the Company from TieTong under the Tripartite Agreement (as renewed) for the year ending 31 December 2013 is also expected to be below 0.1% of each of the applicable percentage ratios set out in Rule 14.07 of the Listing Rules.

Due to the continuous development of our business and the effective expansion of new subscribers of the Company, both the number of new subscribers and the business volume have sustained growth in 2012. It is anticipated that the number of new subscribers and business volume will maintain the momentum of growth in 2013. The amount of interconnection settlement from the Company to TieTong will increase moderately. Therefore, it is expected that the aggregate amount of settlement charges payable by the Company to TieTong under the Tripartite Agreement (as renewed) for the year ending 31 December 2013 will not exceed RMB700 million (equivalent to approximately HK\$862 million). Accordingly, this amount is set as the annual cap for the settlement charges payable by the Company to TieTong under the Tripartite Agreement (as renewed) for the year ending 31 December 2013.

**RENEWAL OF THE NETWORK ASSETS LEASING AGREEMENT**

In order to better position the Group in the changing landscape of the telecommunications industry in China and to enable the Group to meet the subscribers' demand for one-stop shop telecommunications services, the Company entered into the Network Assets Leasing Agreement with CMCC on 18 August 2011, pursuant to which the Company and its operating subsidiaries on the one hand and CMCC and its subsidiaries (including TieTong and its subsidiaries) on the other will lease their respective telecommunications network operation assets (the **Network Assets**) to each other in return for a leasing fee (the **Assets Leasing Fees**). By utilising the Network Assets of CMCC and its subsidiaries (including TieTong and its subsidiaries), the Company intends to offer its subscribers a complete telecommunications solution. The initial term of the Network Assets Leasing Agreement expired on 31 December 2011, and pursuant to the terms thereof unless the parties agree otherwise, upon expiry of the term, the Network Assets Leasing Agreement shall automatically be renewed for further terms of one year. The Company and CMCC agreed to renew the Network Assets Leasing Agreement on 6 December 2011 for a term of one year commencing on 1 January 2012. In view of the expiry of the Network Assets Leasing Agreement on 31 December 2012, the parties have agreed to renew the Network Assets Leasing Agreement on 12 December 2012 for a term of one year commencing on 1 January 2013.

The Network Assets include, among others, access network, transmission network, machinery rooms and equipment. The parties to the Network Assets Leasing Agreement have the right to adjust the scope of the Network Assets leased under the Network Assets Leasing Agreement to suit their respective business needs.

The Assets Leasing Fees are payable on a monthly basis in cash. The Assets Leasing Fees shall be determined with reference to the prevailing market rates but in any event shall not be more than the leasing fees charged to any independent third party for same kinds of Network Assets.

In response to the growing competition on full-service business in the telecommunications market in China, the Group continued to advance the development of full-service business and increased the scale of the Network Assets leased from CMCC and its subsidiaries (including TieTong and its subsidiaries) in 2012, in order to enhance the Group's competitiveness in full-service business. ## **LISTING RULES IMPLICATIONS**

CMCC is the ultimate controlling shareholder of the Company and hence a connected person of the Company. As TieTong is a wholly-owned subsidiary of CMCC, TieTong is also a connected person of the Company. Accordingly, the transactions contemplated under the Telecommunications Services Cooperation Agreement (as renewed), the Network Capacity Leasing Agreement (as renewed), the Tripartite Agreement (as renewed) and the Network Assets Leasing Agreement (as renewed) constitute continuing connected transactions for the Company under Rule 14A.34 of the Listing Rules.

Since each of the applicable percentage ratios set out in Rule 14.07 of the Listing Rules in respect of the annual caps for the amounts payable or receivable by the Company under the Telecommunications Services Cooperation Agreement (as renewed), and for the amounts payable by the Company under each of the Network Capacity Leasing Agreement (as renewed), the Tripartite Agreement (as renewed) and the Network Assets Leasing Agreement (as renewed) is, on an annual basis, above 0.1% but below 5%, each of the transactions contemplated thereunder is classified as a continuing connected transaction under Rule 14A.34 of the Listing Rules and is only subject to the reporting, annual review and announcements requirement set out in the Listing Rules but is exempt from the independent shareholders' approval requirement under the Listing Rules. Details of the Telecommunications Services Cooperation Agreement (as renewed), the Network Capacity Leasing Agreement (as renewed), the Tripartite Agreement (as renewed) and the Network Assets Leasing Agreement (as renewed) will be included in the annual report and accounts of the Company in accordance with Rules 14A.45 and 14A.46 of the Listing Rules.

As a number of executive Directors also hold executive positions at CMCC, all the executive Directors abstained from voting on the board resolution approving the transactions under the Telecommunications Services Cooperation Agreement (as renewed), the Network Capacity Leasing Agreement (as renewed), the Tripartite Agreement (as renewed) and the Network Assets Leasing Agreement (as renewed).

The Directors (including independent non-executive Directors but excluding the Directors who abstained from voting) of the Company are of the view that the Telecommunications Services Cooperation Agreement (as renewed), the Network Capacity Leasing Agreement (as renewed), the Tripartite Agreement (as renewed) and the Network Assets Leasing Agreement (as renewed) were entered into after arm's length negotiation between the Company, CMCC and TieTong (as the case may be), reflect normal commercial terms and are in the interests of the shareholders of the Company and the Company as a whole. The Directors (including independent non-executive Directors but excluding the Directors who abstained from voting) are also of the view that the terms as well as the proposed annual caps for the transactions thereunder are fair and reasonable.
