ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

Background Consummation of Archstone Transaction

On February 27, 2013, ERP Operating Limited Partnership (ERP), AvalonBay Communities, Inc. (AVB), and certain of their respective subsidiaries completed their previously-announced acquisition (the Archstone Acquisition) from Archstone Enterprise LP (Enterprise) and its affiliates, of all of the assets of Enterprise (including interests in various entities affiliated with Enterprise), constituting a portfolio of apartment properties and other assets (the Archstone Portfolio), pursuant to an Asset Purchase Agreement (the Purchase Agreement), dated as of November 26, 2012, by and among Equity Residential (EQR and together with ERP, the Company), ERP, AVB, Lehman Brothers Holdings Inc. (LBHI) and Enterprise. A copy of the Purchase Agreement was filed previously as Exhibit 2.1 to the Current Report on Form 8-K filed by EQR and ERP on November 26, 2012. As a result of the Archstone Acquisition, the Company owns assets representing approximately 60% of the Archstone Portfolio and AVB owns assets representing approximately 40% of the Archstone Portfolio.

Pursuant to the Archstone Transaction, the Company has acquired directly or indirectly, 71 wholly-owned, stabilized properties consisting of 20,160 apartment units, two additional partially owned and unconsolidated stabilized properties consisting of 768 apartment units, three master-leased properties containing 853 apartment units, four projects in various stages of construction for 964 apartment units and fourteen land sites for the potential development of approximately 4,318 apartment units.

The table below provides details by region for the stabilized, wholly-owned, unconsolidated and master-leased properties the Company has acquired:

- (1) Average rental rate is defined as total rental revenues budgeted for the first year of the Company's operations (March 2013 through February 2014) divided by the weighted average occupied apartment units anticipated for the period.
- (2) Represents the date that construction of the property was originally completed or substantially redeveloped.
- (3) Represents an unconsolidated stabilized property.
- (4) Represents a master-leased property. Due to the master lease, average rental rates are not applicable and are not included in the market subtotals and total.

In addition, the Company and AVB have acquired interests in certain assets and liabilities of Enterprise through the unconsolidated joint ventures between the Company and AVB (as described in more detail below).

The consideration paid by the Company in connection with the Archstone Acquisition consisted of: (i) cash in the amount of \$2,016,000,000 (the Cash Purchase Price), (ii) 34,468,085 common shares of beneficial interest of EQR (the Shares), and (iii) the assumption of approximately 60% of all of the liabilities related to the Archstone Portfolio (other than certain liabilities as described more fully in the Purchase Agreement, including liabilities relating to certain ongoing litigation and certain transaction expenses). The Cash Purchase Price was financed through a combination of cash on-hand, available borrowings under ERP's revolving credit facility and term loan facility (as described in more detail under Item 2.03 below) and proceeds from the disposition of non-core apartment assets. The aggregate estimated consideration paid by the Company in connection with the Archstone Acquisition was approximately \$9.0 billion (including assumed debt and the value of the Shares based on the closing price of EQR common shares on February 26, 2013). A total of \$2.0 billion of Enterprise secured mortgage principal was paid off in conjunction with the closing of the Archstone Acquisition.

Registration Rights Agreement

On February 27, 2013, in connection with the Archstone Acquisition, EQR, Enterprise and LBHI entered into a Registration Rights Agreement, pursuant to which EQR has agreed to file, on or before March 9, 2013, a shelf registration statement registering for resale the Shares, and EQR has granted Enterprise and LBHI the right to sell the Shares in up to two underwritten offerings pursuant to the shelf registration statement per 12-month period, subject to certain exceptions. The Registration Rights Agreement also provides Enterprise and LBHI with certain customary demand registration rights and piggyback registration rights, subject to the limitations set forth therein.

Shareholders Agreement

On February 27, 2013, in connection with the Archstone Acquisition, EQR, Enterprise and LBHI entered into a Shareholders Agreement, which, among other things, restricts Enterprise, LBHI and certain affiliates receiving Shares (the LBHI Parties) from transferring any of the Shares until April 26, 2013, imposes conditions on certain transfers after April 26, 2013, imposes customary standstill restrictions on the LBHI Parties (including, among other things, prohibiting the LBHI Parties' ability to acquire voting securities of EQR, facilitate any change in control transaction involving EQR, or seek to control or influence the board of trustees of EQR) and imposes certain voting requirements on the LBHI Parties, including the requirement, during the first year after closing, to vote all Shares in accordance with the recommendations of the board of trustees (subject to certain exceptions for extraordinary transactions) and, so long as they own in the aggregate more than 5% of the outstanding common shares of EQR, to subsequently vote all Shares in accordance with the recommendation of EQR's board of trustees with respect to: (i) elections of trustees, (ii) compensation matters, and (iii) amendments to EQR's declaration of trust to increase the authorized capital stock, and with respect to shareholder proposals, to vote all Shares either proportionally in accordance with the votes of other shareholders, or in accordance with the recommendation of EQR's board of trustees.

Joint Venture Agreements

On February 27, 2013, in connection with the Archstone Acquisition, subsidiaries of each of the Company and AVB entered into three limited liability company agreements (collectively, the Residual JV) through which they acquired from Enterprise certain properties and other assets that do not fit the Company's or AVB's core strategy or asset class, including Enterprise's interests in certain joint ventures, interests in its German portfolio, options with respect to certain development land parcels, certain loans, subsidiaries which employ certain of its employees, insurance policies, licenses, contracts and other miscellaneous assets such as commercial leases and corporate office equipment. Residual JV currently plans to divest or otherwise wind up these assets over time, subject to market conditions, and therefore, these assets are held for sale. The respective percentage interests of the subsidiaries of each of the Company and AVB in the Residual JV are 60% and 40%, respectively, and the parties will jointly control the Residual JV.

In connection with the Archstone Acquisition, the Residual JV also assumed or succeeded to various employment-related liabilities of Enterprise, including certain severance obligations and accrued bonuses, and various other liabilities of Enterprise and assumed or succeeded to responsibility for the defense (or pursuit) of certain existing or future litigation and claims related to Enterprise and its affiliates. In general, the Residual JV assumed or succeeded to all third party claims, litigation and liabilities related to Enterprise and its affiliates arising from pre-closing events, subject to certain special exceptions for liabilities that principally relate to the physical condition of the assets acquired directly by the Company or AVB, which will remain the sole responsibility of the Company or AVB, as applicable, and for liabilities arising from certain ongoing litigation which will remain the responsibility of LBHI and Enterprise.

On February 27, 2013, in connection with the Archstone Acquisition, AVB and a subsidiary of the Company entered into a limited liability company agreement governing Legacy Holdings JV, LLC (the Legacy JV), through which they acquired common interests in Archstone, a Maryland real estate investment trust (Archstone). Archstone and its affiliated entities have outstanding preferred interests with an aggregate liquidation preference of approximately \$173.7 million, of which approximately \$102.7 million are subject to redemption at the election of the holders of such interests. Archstone has previously entered into tax protection arrangements with the holders of certain of its preferred interests, which arrangements will restrict the ability of the Company to dispose of certain of the properties contributed to a Company subsidiary by an Archstone affiliate or to refinance certain indebtedness without making payments to the holders of such preferred interests. As part of the Archstone Acquisition, the Company and AVB have agreed with LBHI and Enterprise to cause, on a pro rata basis, Archstone to have sufficient funds available to honor its redemption obligations and to make any payments under its tax protection arrangements, when they may become due.

Federal National Mortgage Association Master Credit Facility Agreement and Related Notes

On February 27, 2013, subsidiaries of the Company entered into a Master Credit Facility Agreement and related notes with Federal National Mortgage Association (Fannie Mae) pursuant to which the Company's subsidiaries assumed a portion (approximately \$2.2 billion) of Enterprise's indebtedness with Fannie Mae and modified the terms of such indebtedness (the Fannie Mae Loan). As assumed and modified, the Fannie Mae Loan is divided into two separate loan pools which we refer to as Pools 3 and 4. The properties securing Pools 3 and 4 are not cross-collateralized or cross-defaulted across the pools. See the discussion in Item 2.03 below regarding the Fannie Mae Loan pools.

The descriptions of the agreements described above do not purport to be complete and are qualified in their entirety by reference to such agreements, which are attached hereto as Exhibits 10.1 through 10.9 to this Current Report on Form 8-K and which are incorporated herein by reference.
