The enclosed proxy statement and 2012 Annual Report to Shareholders are available at <http://proxy.astronics.com>.

PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS

MAY 14, 2013

This Proxy Statement and the enclosed form of proxy are furnished to the shareholders of Astronics Corporation, a New York corporation (Astronics or the Company), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held on Tuesday, May 14, 2013 at Astronics Advanced Electronic Systems Corp, 12950 Willows Road NE, Kirkland, WA 98034 at 10:00 a.m. Pacific Time and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. In addition to solicitation by mail, to the extent necessary to ensure sufficient representation at the Annual Meeting, solicitations may be made by personal interview, telecommunication by officers and other regular employees of the Company. The cost of this proxy solicitation will be borne by the Company. It is contemplated that this Proxy Statement and the related form of proxy will be first sent to shareholders on or about April -, 2013.

If the enclosed proxy is properly executed and returned, and the shareholder specifies a choice on the proxy, the shares represented thereby will be voted (or withheld from voting) in accordance with the instructions contained therein. If the proxy is executed and returned but no specification is made, the proxy will be voted (i) FOR the election of each of the nominees for director listed below, (ii) FOR the proposal to ratify the appointment of independent auditors, (iii) FOR the proposal to approve an amendment to our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of Common Stock and (iv) FOR the proposal to approve an amendment to our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of Class B Stock. The Board of Directors of the Company knows of no business that will be presented for consideration at the Annual Meeting other than the matters described in this proxy statement. If any other matters are presented at the Annual Meeting, the proxy holders will vote the proxies in accordance with their judgment.

A shareholder may revoke any proxy given pursuant to this solicitation at any time prior to its use, by the shareholder voting in person at the meeting, by submitting a proxy bearing a date subsequent to the date on the proxy to be revoked or by written notice to the Secretary of the Company. A notice of revocation need not be on any specific form.

RECORD DATE AND VOTING SECURITIES

The Board of Directors has fixed the close of business on March 26, 2013 as the record date for determining the holders of Common Stock and Class B Stock entitled to notice of and to vote at the meeting. On March 26, 2013, Astronics Corporation had outstanding and entitled to vote at the meeting a total of - shares of Common Stock and - shares of Class B Stock. Each outstanding share of Common Stock is entitled to one vote and each outstanding share of Class B Stock is entitled to ten votes on all matters to be brought before the meeting. The Common Stock and Class B Stock vote as a single class on all matters presented at the meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock and Class B Stock entitled to vote at the Annual Meeting will constitute a quorum. Each nominee for election as a director requires a plurality of the votes cast in order to be elected. A plurality means that the nominees with the largest number of votes are elected as directors up to the maximum number of directors to be elected at the Annual Meeting. Votes cast FOR the nominees will count as yes votes; and WITHHOLD votes will be excluded entirely from the vote and will have no effect. A majority of the votes cast is required to approve the selection of the Company's auditors. The amendment to our Restated Certificate of Incorporation, as amended, to increase the authorized shares of Common Stock and the amendment to our Restated Certificate of Incorporation, as amended, to increase the authorized shares of Class B Stock each require the approval by a vote of the majority of our outstanding shares.

Shares held in a brokerage account or by another nominee are considered held in street name by the shareholder. A broker or nominee holding shares for a shareholder in street name may not vote on matters relating to the election of directors unless the broker or nominee receives specific voting instructions from the shareholder. As a result, absent specific instructions, brokers or nominees may not vote a shareholder's shares with respect to the election of directors, and such shares will be considered broker non-votes for such proposal. Broker non-votes in connection with the election of one or more nominees for director will not be counted and will have no effect. **Therefore, it is particularly important for shareholders holding shares in street name to instruct their brokers as to how they wish to vote their shares.**

In accordance with New York Law, abstentions and broker non-votes will be counted in determining the existence of a quorum, but will not be counted in favor or against the ratification of Ernst & Young LLP as the Company's independent auditors of the Company for 2013, the approval of the amendment to our Restated Certificate of Incorporation, as amended, to increase the authorized shares of Common Stock or the approval of the amendment to our Restated Certificate of Incorporation, as amended, to increase the authorized shares of Class B Stock. Abstention and

Edgar Filing: ASTRONICS CORP - Form PRER14A

non-broker votes will have no effect on the proposal to ratify Ernst & Young LLP as our independent auditors but will have the effect of a negative vote on the proposal to amend the Restated Certificate of Incorporation, as amended to increase the authorized shares of Common Stock and the proposal to amend the Restated Certificate of Incorporation, as amended to increase the authorized shares of Class B Stock, each of which requires the affirmative vote of the majority of outstanding shares.

PROPOSAL I**ELECTION OF DIRECTORS**

The Shareholders are being asked to elect six directors to the Company's Board of Directors to hold office until the election and qualification of their successors at the next annual meeting. The six directors who are so elected will be all of the directors of the Company. Unless the proxy directs otherwise, the persons named in the enclosed form of proxy will vote for the election of the six nominees named below. With the exception of Mr. Gundermann, each of the nominees is independent within the meaning of the NASDAQ Stock Market, LLC director independence standards as currently in effect. If any of the nominees should be unable to serve as a director, or for good reason will not serve, the proxy will be voted in accordance with the best judgment of the person or persons acting under it. It is not anticipated that any of the nominees will be unable to serve.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board of Directors Independence

The Board of Directors has determined that each of its current directors, except for Mr. Gundermann, is independent within the meaning of the NASDAQ Stock Market, LLC director independence standards as currently in effect.

Board of Directors Meetings and Standing Committees

The Board of Directors and its committees meet regularly throughout the year and also hold special meetings and act by written consent from time to time as appropriate. All Directors are expected to attend each meeting of the Board of Directors and the committees on which he serves, and are also invited, but not required, to attend the Annual Meeting. The Board of Directors has three standing committees: an Audit Committee, Compensation Committee, and Nominating/Governance Committee. During the year ended December 31, 2012, the Board of Directors held six meetings. Each director attended at least 75% of the meetings of the Board of Directors.

The **Audit Committee** consists of Messrs. Brady (Chair), Boushie, and McKenna, each of whom is independent within the meaning of the NASDAQ Stock Market, LLC director independence standards as currently in effect. The Board of Directors has determined that Messrs. Brady, Boushie and McKenna are each an audit committee financial expert as defined under federal securities laws. Information regarding the functions performed by the Committee, its membership, and the number of meetings held during the fiscal year is set forth in the Report of the Audit Committee included in this proxy statement. The Audit Committee held three meetings in 2012. The Audit Committee is governed by a written charter approved by the Board of Directors that is posted on the Investor Relations section of the Company's website at www.astronics.com.

The **Compensation Committee** currently consists of Messrs. Boushie (Chair), Keane and McKenna, each of whom is independent within the meaning of the NASDAQ Stock Market, LLC director independence standards as currently in effect. The Compensation Committee is responsible for reviewing and approving compensation levels for the Company's executive officers and reviewing and making recommendations to the Board of Directors with respect to other matters relating to the compensation practices of the Company. In appropriate circumstances, the Compensation Committee considers the recommendations of the Company's Chief Executive Officer, with respect to reviewing and approving compensation levels for other executive officers. The Compensation Committee does not use outside compensation consultants on a regular basis. The Committee may consult broad-based third party survey data to obtain a general understanding of current compensation practices of companies of similar size and industry in which the Company competes for employees. The Compensation Committee held two meetings in 2012. The Compensation Committee is not governed by a written charter.

The **Nominating/Governance Committee** consists of Messrs. McKenna (Chair), Boushie, Brady and Drenning, each of whom is independent within the meaning of the NASDAQ Stock Market, LLC director independence standards as currently in effect. The Nominating/Governance Committee is responsible for evaluating and selecting candidates for the Board of Directors and addressing corporate governance matters on behalf of the Board of Directors. In performing its duties to recommend nominees for the Board of Directors, the Nominating/Governance Committee seeks director candidates with the following qualifications, at minimum: high character and integrity; substantial life or work experience that is of particular relevance to the Company; sufficient time available to devote to his or her duties; and ability and willingness to represent the interests of all shareholders rather than any special interest group. The Nominating/Governance Committee may use third-party search firms to identify Board of Director candidates. It also relies upon recommendations from a wide variety of its contacts, including current executive officers, directors, community leaders and shareholders, as a source for potential candidates. Shareholders wishing to submit or nominate candidates for election to the Board of Directors must supply information in writing regarding the candidate to the Nominating/Governance Committee at the Company's executive offices in East Aurora, New York. This information should include the candidate's name, biographical data and qualifications. Generally, the Nominating/Governance Committee will conduct a process of making a preliminary assessment of each proposed nominee based upon biographical data and qualifications. This information is evaluated against the criteria described above and the specific needs of the Company at the time. Additional information regarding proposed nominees may be requested. On the basis of the information gathered in this process, the Nominating/Governance Committee determines which nominee to recommend to the Board of Directors. The Nominating/Governance Committee uses the same process for evaluating all nominees, regardless of the source of the recommendation. The Nominating/Governance Committee held one meeting in 2012. The Nominating/Governance Committee is not governed by a written charter but acts pursuant to a resolution adopted by the Board of Directors addressing the nomination process as required by federal securities laws and NASDAQ Stock Market, LLC regulations.

Executive Sessions of the Board

Non-management directors meet regularly in executive sessions. Non-management directors are all those directors who are not Company employees and includes directors, if any, who are not independent as determined by the Board of Directors. The Company's non-management directors consist of all of its current directors, except Mr. Gundermann. An executive session of the Company's non-management directors is generally held in conjunction with each regularly scheduled Board of Directors meeting. Additional executive sessions may be called at the request of the Board of Directors or the non-management directors.

Code of Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics that is applicable to its Chief Executive Officer, Chief Financial Officer as well as all other directors, officers and employees of the Company. This Code of Business Conduct and Ethics is posted on the Investor Information section of the Company's website at www.astronics.com. The Company will disclose any amendment to this Code of Business Conduct and Ethics or waiver of a provision of this Code of Business Conduct and Ethics, including the name of any person to whom the waiver was granted, on its website.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between any member of the Company's Compensation Committee or any of its executive officers and any member of any other company's board of directors or compensation committee (or equivalent), nor has any such relationship existed in the past. No member of the Compensation Committee was, during fiscal 2012, an officer or employee of the Company or any of its subsidiaries.

Boushie, Brady, Drenning, Keane and McKenna had options to purchase 22,000, 39,970, 39,970, 56,500 and 31,000 shares of Astronics Common stock and 7,857, 18,302, 18,302, 27,909 and 13,088 shares of Astronics Class B Stock, respectively. The exercise price is 100% of the fair market value on date of grant.
- (2) Peter J. Gundermann receives no separate compensation as a director of the Company.
- (3) All options issued to directors were issued pursuant to the Company's 2005 Director Stock Option Plan. Options issued under this plan have an exercise price no less than the fair market value of the Common Stock on the date of grant. These options vest six months after date of grant, and generally expire ten years after the date of grant. The total fair value of the award is calculated in accordance with FASB ASC Topic 718. The amounts do not reflect the actual amounts that may be realized by the director. A discussion of the assumptions used in calculating these values is in Note 13 to the audited financial statements in Astronics Corporation Annual Report on Form 10-K for the year ended December 31, 2012.

Options

The Company's 1997 and 2005 Director Stock Option Plans authorize it to grant options to purchase shares of common stock to its directors who are not executive officers or employees. Peter J. Gundermann and David C. Burney comprise the stock option committee that administers the Director Stock Option Plans. Stock option grants generally are made during the 30-day period commencing one week after the issuance of a press release announcing the Company's quarterly or annual results of operations. The Compensation Committee reviews and approves stock option awards to directors based upon a review of competitive compensation data, its assessment of individual performance and retention considerations. In 2012, each of Messrs. Boushie, Brady, Drenning, Keane and McKenna were awarded options under the Director Stock Option Plans to purchase 3,000 shares of Common Stock and 450 shares of Class B Stock at an exercise price of \$29.99 per share. These options vested in full on August 28, 2012 and terminate on February 28, 2022.

Directors and Officers Indemnification Insurance

The Company has in place Directors' and Officers' Liability Insurance policies written by the Chubb Group and The Travelers for a twelve month term expiring July 1, 2013. The twelve month premium was \$202,597. The policies have limits of \$15 million in the aggregate and provide indemnification benefits and the payment of expenses in actions instituted against any director or officer of the Company for claimed liability arising out of their conduct in such capacities.

The Company also has entered into indemnification agreements with its officers and directors. The indemnification agreements provide that the officer or director will be indemnified for expenses, investigative costs and judgments arising from certain threatened, pending or completed legal proceedings.

Contacting the Board of Directors

Although we do not have a formal policy regarding communications with the Board of Directors, shareholders may communicate with the Board of Directors by writing to: Board of Directors, Astronics Corporation, 130 Commerce Way, East Aurora, New York, 14052. Shareholders who would like their submission directed to a particular director may so specify and the communication will be forwarded, as appropriate.

Board Composition and Diversity

The Board of Directors seeks to ensure that it is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board of Directors to satisfy its oversight responsibilities effectively. A slate of Directors to be nominated for election at the annual shareholders' meeting each year is approved by the Board of Directors. In identifying candidates for Director, the Board of Directors takes into account (1) the comments and recommendations of board members regarding the qualifications and effectiveness of the existing Board of Directors or additional qualifications that may be required when selecting new board members, (2) the requisite expertise and sufficiently diverse backgrounds of the Board of Directors' overall membership composition, (3) the independence of outside Directors and other possible conflicts of interest of existing and potential members of the Board of Directors and (4) all other factors it considers appropriate. Although the Company has no policy regarding diversity, the Board of Directors believe that diversity is an important component of a board of directors, including such factors as background, skills, experience and expertise.

When considering whether directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board of Directors to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board of Directors focused primarily on the information discussed in each of the Directors' individual biographies set forth elsewhere in this proxy statement. In particular, with regard to Mr. McKenna, the Board of Directors considered his strong background in the manufacturing sector, believing that his experience is invaluable in evaluating performance management and other aspects of the Company. With regard to Messrs. Boushie and Brady, the Board of Directors considered their significant experience, expertise and background with regard to the aerospace industry. The Board of Directors also considered the broad perspective brought by Mr. Drenning's experience as an attorney representing companies in many diverse industries. The Board of Directors also considered the many years of experience with the Company represented by Messrs. Keane and Gundermann, the Company's Chairman of the Board and Chief Executive Officer, respectively—over thirty five years in the case of Mr. Keane, and over twenty years in the case of Mr. Gundermann.

Board Leadership Structure

The roles of the Company's Chairman of the Board and as Chief Executive Officer have been served by separate individuals since 2003. The Company believes this leadership structure supports its current belief that it is the Chief Executive Officer's responsibility to manage the Company and the Chairman's responsibility to manage the Board.

The Company believes its Chief Executive Officer and Chairman of the Board have an excellent working relationship that has allowed Mr. Gundermann to focus on the challenges that the Company is facing in the current business environment. By separating the roles of the Chairman of the Board and Chief Executive Officer positions, the Company ensures there is no duplication of effort between them. This provides strong leadership for the Company's Board of Directors, while also positioning the Chief Executive Officer as the leader of the Company in the eyes of its customers, employees and other stakeholders.

Risk Oversight

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of the Company's risk management is not only understanding the risks it faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls over financial reporting as well as compliance risk. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy.

Executive Officers

The executive officers of the Company, their ages, their positions and offices with the Company, and the date each assumed their office with the Company, are as follows:

Name and Age		Year First Elected Officer
of Executive Officer	Positions and Offices with Astronics	
Peter J. Gundermann Age 50	President, Chief Executive Officer and Director of the Company	2001
David C. Burney Age 50	Vice President-Finance, Treasurer, Secretary and Chief Financial Officer of the Company	2003
Mark A. Peabody Age 53	Astronics Advanced Electronic Systems Corp Executive Vice President	2010
James S. Kramer Age 49	Luminescent Systems Inc. Executive Vice President	2010

The principal occupation and employment for all executives listed above for the past five years has been with the Company in their respective current roles.

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management and the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee is comprised of the Directors named below, each of whom is independent as defined under Section 10A(m)(3) of the Exchange Act and under the NASDAQ Stock Market, LLC listing standards currently in effect. In addition, pursuant to the requirements of Section 407 of the Sarbanes-Oxley Act of 2002, the Board of Directors has determined that each of Messrs. Boushie, Brady and McKenna qualify as an audit committee financial expert.

The Audit Committee operates under a written charter which includes provisions requiring Audit Committee advance approval of all audit and non-audit services to be provided by independent public accountants.

The Audit Committee reviewed and discussed with management and Ernst & Young LLP, the Company's independent registered public accounting firm, the Company's audited consolidated financial statements for the year ended December 31, 2012. In addition, the Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended or supplemented.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accounting firm that firm's independence.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K, for the year ended December 31, 2012, filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Company's compensation philosophy and program objectives are directed by two primary guiding principles. First, the program is intended to provide levels of compensation sufficient to attract, motivate and retain talented executives. Second, the program is intended to create an alignment of interests between the Company's executives and shareholders such that a portion of each executive's compensation is directly linked to maximizing long-term growth of shareholder value.

The Company's goals are to outperform its industry, in terms of growth, financial performance, and innovation. In support of these goals, the executive compensation program is designed to energize its executive officers to outperform its industry and to reward performance that is directly relevant to the Company's short-term and long-term success. As such, the Company provides both short-term and long-term incentives. The Committee has structured the executive compensation program with three primary underlying components: base salary, annual cash bonus incentives and long-term incentives. The Company's compensation objective is to (i) compensate its executive officers at a base level that is competitive with salaries near the average salaries paid by companies of similar size and nature; (ii) provide the opportunity for its executive officers to earn additional compensation in the form of annual cash bonuses; and (iii) design long-term incentive plans to focus executive efforts on the long-term goals of the Company and to maximize total return to the Company's shareholders, while taking into account the Company's relative performance and strategic goals.

The Compensation Committee utilizes its expertise and knowledge of the markets in which the Company competes for employees in determining compensation policy. In addition, the Committee may consult broad-based third party survey data to obtain a general understanding of current compensation practices of companies of similar size and industry.

Base Salary

The Compensation Committee approves the salaries paid to the Company's executive officers and as part of its responsibilities reviews these salaries annually. Individual salary changes are based on a combination of factors such as the performance of the executive, salary level relative to the competitive market, level of responsibility, growth of Company operations and experience of the executive. In appropriate circumstances, the Compensation Committee considers the recommendations of the Company's Chief Executive Officer.

Cash Bonus

The Compensation Committee has the authority to award discretionary annual incentive cash bonuses to the Company's executive officers. Annual incentive bonuses are intended to compensate officers for achieving financial, strategic and operational success. Bonuses are not tied to specific, objective targets such as achieving a particular profit level. The Compensation Committee considers a number of factors in determining bonuses. Factors considered include profitability, sales growth, the performance of the individual in the view of the Compensation Committee, comparisons to external broad-based compensation data provided by a third party for the purpose of obtaining a general understanding of compensation practices of companies of similar size and industry and available information with respect to the aerospace and defense industry. Bonuses are not capped. Bonuses are reviewed and approved by the Compensation Committee. In appropriate circumstances, the Compensation Committee considers the recommendations of the Company's Chief Executive Officer.

Long-Term Incentives

The Company believes that long-term performance is achieved through an ownership culture that incentivizes its executive officers through the use of stock-based awards. The Company's stock option plans have been established to provide certain of its employees, including its executive officers, with incentives to help align those employees' interests with the long-term interests of the Company's shareholders. The Compensation Committee believes that the use of stock-based awards is an important element of achieving its compensation goals. The Company has not adopted stock ownership guidelines, and, other than the Company's broad-based Employee Stock Purchase Plan, its stock option plans have provided the principal method for its executive officers to acquire equity or equity-linked interests in the Company.

Options

The Company's Stock Option Plan authorizes it to grant options to purchase shares of common stock to its employees. The goal of stock options is to create long-term incentives for key employees to maximize future performance of the Company. The Compensation Committee is the administrator of the Stock Option Plan. Stock option grants generally are made annually or at the commencement of employment. The Compensation Committee reviews and approves stock option awards to executive officers based upon a review of competitive compensation data, its expectation of future individual performance, a review of each executive's existing long-term incentives and retention considerations. Periodic stock option grants are made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of the Company's Chief Executive Officer. In 2012, the named executive officers were awarded stock options in the amounts indicated in the section entitled "Grants of Plan Based Awards." Stock options granted by the Company have an exercise price equal to the fair market value of the Common Stock on the day of grant, typically straight line vest 20% per annum based upon continued employment over a 5-year period, and generally expire ten years after the date of grant. Incentive stock options also include certain other terms necessary to assure compliance with the Internal Revenue Code of 1986, as amended.

Under the agreements with Mr. Gundermann, Mr. Burney, Mr. Kramer and Mr. Peabody a change in control means and is deemed to have occurred if there is a transfer in one or more transactions, extending over a period of not more than 24 months, of Common Stock of the Company possessing 25% or more of the total combined voting power of all of the Company's Common and Class B shares of Common Stock. A transfer shall be deemed to occur if shares of Common Stock are either transferred or made the subject of options, warrants or similar rights granting a third party the opportunity to acquire ownership or voting control of such Common Stock.

Mark A. Peabody, Executive Vice President	Astronics Corporation Supplemental Retirement Plan II (SERP II)	7	1,062,256	

The Company has two non-qualified supplemental retirement defined benefit plans for certain executives. The Company's Supplemental Retirement Plan (SERP) targets a retirement benefit based on 65% of the three-year average compensation. The plan is unfunded and has no assets. SERP benefits are payable only to retirement-eligible participants, i.e., employees designated to participate in the SERP and each of whom, upon termination of employment, has attained age 65 with not less than 10 years of service or at age 60 or later with a combined total of age and years of service equal to 90. As of February 15, 2013 Peter J. Gundermann was the only non-retired participant in the SERP.

Under the terms of the SERP, (i) upon a separation of service due to Involuntary Termination (as described below), a participant with at least 10 years of continuous service with the Company, will receive a supplemental benefit based upon his or her highest consecutive three-year average compensation paid prior to termination of employment and (ii) upon a separation from service due to a termination upon a Change of Control (as described below), a participant with at least 10 years of continuous service with the Company will receive a supplemental benefit determined as follows based on the participant's years of service as of the termination date and using the greater of (A) the highest consecutive three-year average compensation paid prior to the Change of Control, or (B) the average of the highest consecutive three-year average compensation paid prior to termination of employment, in each case subject to adjustment if the payment of the supplemental benefit commences prior to the participant attaining age 65.

Edgar Filing: ASTRONICS CORP - Form PRER14A

The second Company non-qualified supplemental retirement plan was adopted in March 2012 (SERP II). The SERP II targets a retirement benefit based on 50% of the three-year average compensation. SERP II is unfunded and has no assets. The SERP II benefits are payable only to retirement-eligible participants, i.e., employees designated to participate in the SERP II and each of whom, upon termination of employment, has attained age 65 with not less than 10 years of service or at age 60 or later with a combined total of age and years of service equal to 90. As of February 15, 2013 David C. Burney, James S. Kramer and Mark A. Peabody were the only participants in the SERP II.

Under the terms of SERP II, (i) upon a separation of service due to Involuntary Termination, a participant with at least 10 years of continuous service with the Company will receive a supplemental benefit based upon his or her highest consecutive three-year average compensation paid prior to termination of employment and (ii) upon a separation from service due to a termination upon a Change of Control, a participant with at least 10 years of continuous service with the Company will receive a supplemental benefit based on the participant's years of service as of the termination date and using the greater of (A) the average of the highest consecutive three-year compensation paid prior to the Change of Control, or (B) the highest consecutive three-year average compensation paid prior to termination of employment, in each case subject to adjustment if the payment of the supplemental benefit commences prior to the participant attaining age 65.

In addition, the SERP II provides that upon the occurrence of a 409A Change in Control Event (as described below), a participant with at least ten years of consecutive service with the Company will be entitled to a lump sum payment of the present value of his or her supplemental benefit determined as of the date of the 409A Change in Control Event. For a participant who has not yet commenced payment of his or her supplemental benefit, the supplemental benefit will be determined based on the participant's years of service as of the 409A Change in Control Event and using the average of the highest consecutive three-year compensation paid prior to the 409A Change in Control Event, instead of the average for the pay paid prior to retirement. A participant who has already commenced receiving payment of the supplemental benefit at the time of the 409A Change in Control Event will be entitled to a lump sum payment of the present value of the remaining supplemental benefit determined as of the 409A Change in Control Event.

The assumptions used to calculate the benefit obligation for the SERP and SERP II are: discount rate 4.20%, future average compensation increases 5.00%. The present value of the accumulated benefit is an actuarial calculation that assumes that the plan will remain in force and that participants will remain employed by the Company until age 65 with not less than 10 years of service (as defined) or until age 60 or later with a combined total of age and years of service equal to 90.

The assumptions used to calculate the benefit obligation for the SERP-Retiree Medical, Dental and Long-Term Care are: discount rate 4.20%, future average healthcare benefit increases 5.7% for 2013, 10.8% for 2014 then gradually decreasing to 5.10% in 2050. The present value of the accumulated benefit is an actuarial calculation that assumes that the plan will remain in force and that participants will remain employed by the Company until age 65 with not less than 10 years of service (as defined) or until age 60 or later with a combined total of age and years of service equal to 90.

For purposes of the SERP and SERP II, (i) a Change of Control means the transfer, in one or more transactions extending over a period of not more than 24 months, of common stock of the Company possessing 25% or more of the total voting power of all shares of common stock, where a transfer shall be deemed to occur if shares of common stock are either transferred or made the subject of options, warrants, or similar rights granting a third party the opportunity to acquire ownership or voting control of such common stock and (ii) an Involuntary Termination means a termination of a participant's employment relationship with the Company, other than for death, disability, retirement, or cause, (A) by or at the instigation of the Company, or (B) by or at the instigation of the participant where the participant's compensation has been diminished or reduced to a greater extent than any diminution or reduction of the Company's officers generally.

For purposes of the SERP II, a 409A Change in Control Event means the occurrence of one of the following events constituting a change in control event within the meaning of Code Section 409A.

(i) Any one person, or more than one person acting as a group (Group), acquires ownership of stock of the Company that, together with stock previously held by the acquirer, constitutes more than 80% of the total fair market value or total voting power of the Company's stock. If any one person or Group is considered to own more than 80% of the total fair market value or total voting power of the Company's stock, the acquisition of additional stock by the same person or Group does not cause a change in ownership.

(ii) A majority of the members of the Company's Board of Directors is replaced during any 12-month (or shorter) period by directors whose appointment or election is not endorsed by a majority of the members of the Board of the Directors before the date of the appointment or election.

For purposes of illustration, the following tables show the estimated amounts of annual retirement income that would be payable at the present time under various assumptions as to compensation and years of service to employees who participate in the SERP and SERP II. The amounts presented are subject to reduction for Social Security benefits and for profit sharing benefits earned under the Company's Defined Profit Sharing/401k Plan. A discount factor applies for retirement-eligible participants who start to receive benefits before attaining age 65.

PROPOSAL 2**APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee, with the approval of the Board of Directors, has selected Ernst & Young LLP as the independent registered public accounting firm, to act as auditors of Astronics Corporation for 2013. All services provided on the Company's behalf by Ernst & Young LLP during fiscal 2012 and 2011 were approved in advance by the Audit Committee. Representatives of Ernst & Young LLP are expected to attend the meeting and will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

Audit Fees. The following table sets forth the fees billed to the Company for the last fiscal year by the Company's independent auditors, Ernst & Young LLP:

	2012	2011
Audit	\$ 589,857	\$ 667,632
Audit-related		
Tax		
All Other		

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee may delegate to an Audit Committee member the authority to approve permitted services provided that the delegated member reports any decisions to the committee at its next scheduled meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

PROPOSAL 3

TO APPROVE AN AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Board recommends approval of the amendment to our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of our Common Stock from 20,000,000 to 40,000,000 shares. On November 29, 2012, the Board unanimously approved this amendment, declared the amendment to be advisable and directed that the amendment be submitted to the shareholders for approval at the Annual Meeting.

Purposes and Effects of Increasing the Number of Authorized Shares

Currently, our Restated Certificate of Incorporation, as amended, authorizes the issuance of up to 20,000,000 shares of Common Stock. As of December 31, 2012, there were 10,865,212 shares of Common Stock outstanding and 2,880,807 shares of Common Stock were reserved for issuance upon conversion of options issued or issuable under the 1997 Director Stock Option Plan, 2005 Director Stock Option Plan, the 2001 Stock Option Plan, the 2011 Employee Stock Option Plan, the Employee Stock Purchase Plan as Amended.

The Board believes that it is desirable to have additional authorized shares of Common Stock available for possible future issuances, including for future acquisitions or share dividends or distributions. The Company has no agreements, commitments or plans with respect to the sale or issuance of any of the additional shares of Common Stock as to which authorization is sought.

If approved, this proposal would allow our Board of Directors to issue additional shares of Common Stock without further shareholder approval, unless required by applicable law or stock exchange rules. Although the Company has no specific plans at this time for use of the additional shares of Common Stock, having additional authorized shares of Common Stock available for issuance in the future would give the Company greater flexibility and would allow such shares to be issued without the expense and delay of a special shareholders' meeting or waiting until the next Annual Meeting of Shareholders. If the Company were unable to access the capital markets by issuing additional shares when attractive opportunities arise, the Company's ability to grow over time and to continue to issue share dividends or distributions to its shareholders could be adversely affected.

The increase in the number of authorized shares of our Common Stock may facilitate certain other anti-takeover devices that may be advantageous for our management to attempt to prevent or delay a change of control. For example, our Board of Directors could cause additional shares to be issued to a holder or holders who might side with the Board of Directors in opposing a takeover bid. Additionally, the existence of such shares might have the effect of discouraging any attempt by a person or entity, through an acquisition of a substantial number of shares of our stock, to acquire control of the Company, since the issuance of additional shares of our Common Stock could dilute the stock ownership of such person or entity. Employing such devices may adversely impact shareholders who desire a change in management, or who desire to participate in a tender offer or other sale transaction involving the Company. At the present time, we are not aware of any contemplated mergers, tender offers or other plans by a third party to attempt to effect a change in control of the Company, and this proposal is not being made in response to any such attempts.

The additional Common Stock to be authorized will have rights identical to the currently outstanding Common Stock. This proposal will not affect the par value of the Company's Common Stock, which will remain at \$.01 per share, or the voting rights of the Common Stock, which will remain at one vote per share. Under the Company's Restated Certificate of Incorporation, as amended, shareholders do not have preemptive rights to subscribe for additional shares of Common Stock which may be issued by the Company.

If the Company issues additional shares of Common Stock, or other securities convertible into Common Stock in the future, it could dilute the voting rights of existing shareholders and could also dilute earnings per share and net asset value per share of existing shareholders.

Certificate of Amendment

If approved, and assuming the approval of Proposal 4 below, this amendment to the Company's Restated Certificate of Incorporation, as amended, would become effective upon the filing of a certificate of amendment to the Restated Company's Certificate of Incorporation, as amended, with the Secretary of State of New York. Pursuant to such amendment, the initial paragraph of Paragraph Fourth of our Restated Certificate of Incorporation, as amended, will be amended and restated to read as follows:

FOURTH: The aggregate number of shares which the Corporation shall have authority to issue is fifty million (50,000,000) shares, consisting of forty million (40,000,000) shares of Common Stock, Par Value \$.01 per share, and ten million (10,000,000) shares of Class B Stock, Par Value \$.01 per share.

The remaining paragraphs of Paragraph Fourth of our Restated Certificate of Incorporation, as amended, would remain unchanged.

Vote Required

The affirmative vote of a majority of the outstanding shares of our Common Stock and Class B Stock, voting as a single class is required to approve the proposed amendment to the Company's Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of Common Stock.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR TO APPROVE THE AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.

PROPOSAL 4

TO APPROVE AN AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CLASS B STOCK

The Board recommends approval of the amendment to our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of our Class B Stock from 5,000,000 to 10,000,000 shares. On November 29, 2012, the Board unanimously approved this amendment, declared the amendment to be advisable and directed that the amendment be submitted to the shareholders for approval at the Annual Meeting.

Purposes and Effects of Increasing the Number of Authorized Shares

Currently, our Restated Certificate of Incorporation, as amended, authorizes the issuance of up to 5,000,000 shares of Class B Stock. As of December 31, 2012, there were 3,595,732 shares of Class B Stock outstanding.

The Board believes that it is desirable to have additional authorized shares of Class B Stock available for possible future issuances, including for future acquisitions or share dividends or distributions. The Company has no agreements, commitments or plans with respect to the sale or issuance of any of the additional shares of Class B Stock as to which authorization is sought.

If approved, this proposal would allow our Board of Directors to issue additional shares of Class B Stock without further shareholder approval, unless required by applicable law or stock exchange rules. Although the Company has no specific plans at this time for use of the additional shares of Class B Stock, having additional authorized shares of Class B Stock available for issuance in the future would give the Company greater flexibility and would allow such shares to be issued without the expense and delay of a special shareholders' meeting or waiting until the next Annual Meeting of Shareholders. If the Company were unable to access the capital markets by issuing additional shares when attractive opportunities arise, the Company's ability to grow over time and to continue to issue share dividends or distributions to its shareholders could be adversely affected.

The increase in the number of authorized shares of our Class B Stock may facilitate certain other anti-takeover devices that may be advantageous for our management to attempt to prevent or delay a change of control. For example, our Board of Directors could cause additional shares to be issued to a holder or holders who might side with the Board of Directors in opposing a takeover bid. Additionally, the existence of such shares might have the effect of discouraging any attempt by a person or entity, through an acquisition of a substantial number of shares of our stock, to acquire control of the Company, since the issuance of additional shares of our Class B Stock could dilute the stock ownership of such person or entity. Employing such devices may adversely impact shareholders who desire a change in management, or who desire to participate in a tender offer or other sale transaction involving the Company. At the present time, we are not aware of any contemplated mergers, tender offers or other plans by a third party to attempt to effect a change in control of the Company, and this proposal is not being made in response to any such attempts.

The additional Class B Stock to be authorized will have rights identical to the currently outstanding Class B Stock. This proposal will not affect the par value of the Company's Class B Stock which will remain at \$.01 per share, or the voting rights of the Class B Stock, which will remain at 10 votes per share. Under the Company's Restated Certificate of Incorporation, as amended, shareholders do not have preemptive rights to subscribe for additional shares of Class B Stock which may be issued by the Company.

If the Company issues additional shares of Class B Stock, or other securities convertible into Class B Stock in the future, it could dilute the voting rights of existing shareholders and could also dilute earnings per share and net asset value per share of existing shareholders.

Certificate of Amendment

If approved, and assuming the approval of Proposal 3 above, this amendment to the Company's Restated Certificate of Incorporation, as amended, would become effective upon the filing of a certificate of amendment to the Restated Company's Certificate of Incorporation, as amended, with the Secretary of State of New York. Pursuant to such amendment, the initial paragraph of Paragraph Fourth of our Restated Certificate of Incorporation, as amended, will be amended and restated to read as follows:

FOURTH: The aggregate number of shares which the Corporation shall have authority to issue is fifty million (50,000,000) shares, consisting of forty million (40,000,000) shares of Common Stock, Par Value \$.01 per share, and ten million (10,000,000) shares of Class B Stock, Par Value \$.01 per share.

The remaining paragraphs of Paragraph Fourth of our Restated Certificate of Incorporation, as amended, would remain unchanged.

Vote Required

The affirmative vote of a majority of the outstanding shares of our Common Stock and Class B Stock, voting as a single class is required to approve the proposed amendment to the Company's Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of Class B Stock.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR TO APPROVE THE AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CLASS B STOCK.
