If the Notes are redeemed before January 15, 2023 (90 days prior to the maturity date of the Notes), the Notes will be redeemed at a redemption price equal to the sum of (i) the outstanding principal amount of the Notes, (ii) the accrued and unpaid interest on the outstanding principal amount, and (iii) the excess, if any, of (a) the sum of the present values as of the date of such redemption or accelerated payment of the remaining scheduled payments of principal and interest on the Notes to be redeemed or repaid (not including any portion of such payments of interest accrued to the date of redemption or repayment) discounted to the date of redemption at the applicable Treasury Rate plus 30 basis points, over (b) the principal amount being redeemed or repaid. If the Notes are redeemed on or after January 15, 2023, the Notes will be redeemed at a redemption price equal to the sum of (i) the outstanding principal amount and (ii) the accrued and unpaid interest on the outstanding principal amount.
