The Amended and Restated Management Agreement amends and restates the existing Management Agreement, dated as of December 19, 2012 (the Original Agreement ) between the Company and the Manager that was entered into upon the closing of the Company's disposition of its investment management and special servicing business to an affiliate of Blackstone and the concurrent issuance and sale of 5.0 million shares of the Company's class A common stock to an affiliate of Blackstone. For additional information regarding the entry into the Original Agreement and certain other agreements between the Company and affiliates of Blackstone, see the Company's Current Report on Form 8-K filed on December 21, 2012.

The amendments to the Original Agreement that were effected by the Amended and Restated Management Agreement include the following:

amendment of the investment guidelines of the Company approved by the Company's board of directors (the Board ) to permit a newly-formed investment risk management committee of the Board that consists of independent directors to approve any proposed investment (i) of more than 25% of Equity in any individual investment or (ii) in excess of \$150.0 million;

expansion of the duties of the Manager to include the Manager's service as the Company's commodity pool operator under the U.S. Commodities Exchange Act, as amended (the CEA ), should the Company be considered to be a commodity pool under the CEA; and

revisions of the definitions for Equity, Incentive Compensation and Management Fee (in each case, as defined in the Amended and Restated Management Agreement) to clarify the intended calculations for the management fees and incentive compensation payable by the Company.

The foregoing description of the amendments to the Original Agreement does not purport to be complete and is qualified in its entirety by reference to the complete terms of the Amended and Restated Management Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.
