VOTING PROCEDURES AND METHOD OF COUNTING VOTES

Stockholders of Record and Beneficial Owners

You are entitled to vote your shares of Common Stock if the records of the Company show that you held your shares as of the close of business on the Voting Record Date. If your shares are held through a broker, bank or similar holder of record, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker, bank or other holder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record concerning how to vote your shares of Common Stock by filling out the voting instruction form that accompanies this Proxy Statement. Your broker, bank or other holder of record may allow you to also provide voting instructions by telephone or by the Internet. If you hold your shares in street name, please see the voting instruction form provided by your broker, bank or other holder of record that accompanies this Proxy Statement.

ESOP and 401(k) Plan Participants

If you participate in the ESOP or if you hold Common Stock through the SharePlus Federal Bank 401(k) Plan (the 401(k) Plan, and together with the ESOP, the Plans), you will receive vote authorization forms for the Plans, as applicable, that will allow you to direct the trustees of such Plans to vote the shares of Common Stock you hold under such Plans on your behalf. Under the terms of the ESOP, the ESOP trustee will vote all shares held by the ESOP, but each ESOP participant may direct the trustee concerning how to vote the shares of Common Stock allocated to his or her account. The ESOP trustee, subject to the exercise of its fiduciary responsibilities, will vote all unallocated shares of Common Stock held by the ESOP, allocated shares for which no voting instructions are received or shares for which participants have voted to ABSTAIN, in the same proportion as shares for which it has received timely voting instructions. Under the terms of the 401(k) Plan, a participant is entitled to provide voting instructions for all shares credited to his or her 401(k) Plan account and held in the SP Bancorp, Inc. Stock Fund. Shares of Common Stock held under the 401(k) Plan for which no voting instructions are given or for which instructions were not timely received will be voted in the same proportion as shares for which voting instructions were received. **The deadline for returning your ESOP and 401(k) Plan voting instructions is May 13, 2013.**

Choices When Voting

The proxy card provided by the Board enables a stockholder to vote FOR the election of the Nominees or to vote WITHHELD with respect to any Nominee identified in Proposal 1. The vote of a plurality of all the votes cast at the Annual Meeting is necessary for the election of a Nominee.

With respect to Proposal 2, the ratification of Crowe Horwath LLP as our independent registered public accounting firm, a stockholder may vote FOR, AGAINST or ABSTAIN from voting on such proposal by checking the appropriate box. The ratification of Crowe Horwath LLP requires the approval of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

With respect to Proposal 3, the advisory vote on named executive officer compensation, a stockholder may vote FOR, AGAINST or ABSTAIN from voting on such proposal by checking the appropriate box. The advisory proposal regarding named executive officer compensation requires the approval of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

With respect to Proposal 4, the advisory vote on the frequency of holding future advisory votes on named executive officer compensation, a stockholder may vote for a frequency of ONE YEAR, TWO YEARS, or THREE YEARS or ABSTAIN from voting on such proposal. The frequency (every one year, two years or three-years, respectively) that receives the highest number of votes cast by stockholders will be considered by the Board and the Compensation Committee to be the stockholders' recommendation as to the frequency of holding future votes on named executive officer compensation, even if the number of votes represents less than a majority of the votes cast.

Because they are advisory votes only, the results of Proposal 3, concerning approval of named executive officer compensation, and Proposal 4, concerning the frequency of holding future advisory votes on named executive officer compensation, will not be binding upon the Company. As a result, the Board may decide that it is in the best interests of our stockholders and the Company to hold say-on-pay votes more or less frequently than the option approved by our stockholders. However, the Board, together with the Compensation Committee of the Board (the Compensation Committee), will consider the voting results as appropriate when adopting the Company's policies regarding named executive officer compensations and the frequency of holding future votes on named executive officer compensation.

Board Recommendations

The Board unanimously recommends that you vote FOR Proposals 1, 2 and 3 and for a frequency of THREE YEARS with respect to Proposal 4, as set forth in this Proxy Statement.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes are included in the determination of the number of shares present at the Annual Meeting for the purpose of determining the presence of a quorum at the meeting. Abstentions will have no effect upon the approval of the proposals presented in this Proxy Statement. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. In the absence of specific instructions from you, your broker does not have discretionary authority to vote your shares with respect to Proposals 1, 3 or 4 presented in this Proxy Statement.

Tabulation of Votes

Proxies solicited hereby will be returned to us and will be tabulated by our Corporate Secretary, Diane Stephens, who has been designated the inspector of election by the Board.

Dissenters and Appraisal Rights

None of the Company's stockholders have any dissenters or appraisal rights with respect to the matters to be voted on at the Annual Meeting.

PROPOSAL 1 ELECTION OF THREE CLASS III DIRECTORS

Our Board is comprised of nine directors, and is divided into three classes (Class I, Class II and Class III), each consisting of three directors, with one class of directors elected each year. Directors are generally elected to serve for a three-year period and until such time as their respective successors have been duly qualified and elected. The Nominating and Corporate Governance Committee of the Board (the Nominating Committee) has nominated, and the Board has ratified the nomination of, each of Paul M. Zmigrosky, Christopher C. Cozby and David C. Rader to stand for election at the Annual Meeting as Class III directors of the Company to serve for a three-year term or until such time as their respective successors have been duly qualified and elected. Each of the Nominees is currently a member of the Board, has consented to being named in this Proxy Statement and has agreed to continue to serve as a director if re-elected at the Annual Meeting.

Pursuant to Maryland law and our Articles of Incorporation and Bylaws, assuming the presence of a quorum, director nominees will be elected by a plurality of the shares of Common Stock voted at the Annual Meeting. For purposes of this vote, broker non-votes or proxies as to which the authority to vote for any nominee has been withheld will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose determining the presence of a quorum. A plurality vote requirement means that Nominees who receive the highest number of votes cast will be elected, up to the maximum number of directors to be elected at the Annual Meeting, even if the number of votes represents less than a majority of the votes cast.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR EACH
NOMINEE NAMED IN THIS PROXY STATEMENT.**

The table below sets forth certain information, as of the Voting Record Date, regarding our directors, including the Nominees, and our executive officers. It is intended that the proxies solicited on behalf of the Board (other than proxies in which the vote is withheld with respect to any Nominee) will be voted at the Annual Meeting for the election of the Nominees. If any Nominee is unable to serve, the shares represented by all such proxies will be voted for the election of such substitute as the Board may recommend. At this time, the Board knows of no reason why any of the Nominees might be unable to serve, if elected as a director of the Company. There are no arrangements or understandings between any of the Nominees and any other person pursuant to which the Nominees were selected. There are no family relationships between any of our directors or executive officers.

Additionally, she served various positions with First Data Resources, including vice president of administration for a start-up operation in Mexico City, which included human resources, training, purchasing, facilities and public relations. She holds a Bachelor of Science degree from Bellevue University, a Master of Science Degree from Central Michigan University and a Ph.D. in philosophy and management from California Coast University. Dr. Villarreal's vast professional experience in the areas of business, human resources and administration make her a valuable asset to the Board and to the Compensation Committee on which she serves.

Additionally, his years of experience with one of the Bank's former sponsor companies provide the Board with insight as to how to best service the banking needs of this part of the Bank's customer base.

Executive Officers Who Are Not Also Directors:

Suzanne C. Salls has been Executive Vice President and Chief Financial Officer of the Company since its formation in 2010 and of the Bank since 2005. Director Qualifications

In considering and identifying individual candidates for director, the Nominating Committee and our Board take into account several factors that they believe are important to the operations of the Company and the Bank, as a community banking institution. With respect to specific candidates, the Nominating Committee and the Board assess the specific qualities and experience that such individuals possess, including: (1) overall familiarity and experience with the market areas served by the Bank and the community groups located in such communities; (2) knowledge of the local real estate markets and real estate professionals; (3) contacts with and knowledge of local businesses operating in the Bank's market area; (4) professional and educational experience, with particular emphasis on real estate, legal, accounting or financial services; (5) experience with the local governments and agencies and political activities; (6) any adverse regulatory or legal actions involving the individual or entity controlled by the individual; (7) the integrity, honesty and reputation of the individual; (8) experience or involvement with other local financial services companies and potential conflicts that may develop; (9) the past service with the Company or its subsidiaries and contributions to their operations; and (10) the independence of the individual. While the Nominating Committee and the Board do not maintain a written policy on diversity which specifies the qualities or factors that the Nominating Committee and the Board must consider when assessing board members individually or in connection with the overall composition of the Board, the Nominating Committee and the Board take into account: (1) the effectiveness of the existing Board and additional qualifications that may be desirable when selecting new Board members; (2) the requisite expertise and sufficiently diverse backgrounds of the Board's overall membership composition; and (3) the number of independent outside directors and other possible conflicts of interest of existing and potential members of the Board. Additionally, the charter of the Nominating Committee identifies diversity as a factor to consider when recommending membership to the Board.

Board Independence

The Board has determined that each of our directors, with the exception of our President and Chief Executive Officer, Jeffrey L. Weaver, is an independent director as defined under Rule 5605(a)(2) of the Nasdaq Stock Market Rules. There were no transactions that were not otherwise required to be reported under Transactions With Certain Related Persons, below that were considered by the Board in determining the independence of our directors.

Board Leadership Structure and Risk Oversight

To assure effective and independent oversight of management, the Board separated the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between these two roles in management of the Company. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for Board meetings and presides over meetings of the full Board. The Chairman of the Board is an independent, non-management role.

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews reports from members of senior management on areas of material risk to the Company, including credit, financial, operational, liquidity, legal and regulatory risks. In reviewing the reports, the full Board, or the appropriate committee in the case of risks that are under the purview of a particular committee, discuss with the members of senior management responsible for the areas covered by the reports how risks have been identified and what strategies and procedures have been put in place to mitigate such risks. When a Committee receives a report, the Chairman of the relevant committee communicates the results of the report review to the full Board at the next Board meeting. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Meetings and Committees of the Board

During 2012, the Board held 12 meetings. We expect our directors to attend Board meetings, meetings of any committees and subcommittees on which they serve. Each of our directors attended at least 75% of the total number of meetings of the Board and assigned Board committees. Although, we do not have a formal policy, we also request that our directors attend each annual meeting of stockholders, absent unavoidable conflicts. All of our directors were in attendance at our 2012 annual meeting of shareholders.

The Board has established a standing Compensation Committee, Nominating Committee and Audit Committee. Each of these committees operates under a written charter, which governs their composition, responsibilities and operations. Current copies of each of the written charters are available on our website, www.shareplus.com. The Board has determined that each member of each of these committees is an independent director as defined by Rule 5605(a)(2) of the Nasdaq Stock Market Rules (and, in the case of the Audit Committee, by Rule 10A-3 of the Exchange Act).

Audit Committee. The Audit Committee reviews our records and affairs to determine our financial condition, reviews with management and the independent auditors the systems of internal control, and monitors adherence in accounting and financial reporting to accounting principles generally accepted in the United States of America. The Audit Committee reports to the Board on its activities and findings. The duties and responsibilities of the Audit Committee include, among other things:

- retaining, overseeing and evaluating a firm of independent certified public accountants to audit our annual financial statements;
- in consultation with the independent registered public accounting firm and the internal auditor, reviewing the integrity of our financial reporting processes, both internal and external;
- approving the scope of the audit in advance;
- reviewing the financial statements and the audit report with management and the independent registered public accounting firm;
- considering whether the provision by the independent certified registered public accountants of services not related to the annual audit and quarterly reviews is consistent with maintaining the independent registered public accounting firm's independence;
- reviewing earnings and financial releases and quarterly reports filed with the SEC;
- consulting with the internal audit staff and reviewing management's administration of the system of internal accounting controls;
- approving all engagements for audit and non-audit services in excess of specified amounts by the independent registered public accounting firm; and
- reviewing the adequacy of the audit committee charter.

In 2012, the Audit Committee was composed of David C. Rader, Committee Chairman, and members Carl W. Forsythe and P. Stan Keith. The Board has determined that Mr. Rader meets the definition of audit committee financial expert as defined by the SEC. The Audit Committee held 10 meetings during 2012.

Compensation Committee. The Compensation Committee is responsible for assisting the Board in fulfilling its responsibilities related to the compensation and benefits provided the Company's executive management and the Board. The duties and responsibilities of the Compensation Committee include, among other things:

- establishing, reviewing and modifying from time to time, as appropriate, the compensation philosophy of the Company;
- annually reviewing the compensation levels of our President and Chief Executive Officer;
- reviewing, evaluating and recommending goals relevant to executive compensation of other executive management, with input from our President and Chief Executive Officer, the compensation to be paid to directors of the Company or its affiliates;
- establishing the fee level of directors of the Company and the Bank and recommending compensation and fee changes to the full Board; and
- administering any stock or other equity plans of the Company.

The Compensation Committee intends that executive compensation be structured so as to attract, develop and retain talented executive officers and directors who are capable of maximizing our performance for the benefit of our stockholders. The Compensation Committee also seeks to set compensation and fee levels that are competitive in the markets in which we operate. We also encourage directors, officers and employees to own shares of our Common Stock, as their means permit, and, although we do not currently have any stock ownership guidelines for our executive officers or directors, the Compensation Committee considers the use of equity compensation when determining the amount of compensation and the Company's compensation mix.

The Compensation Committee has the authority to retain a compensation consultant to be used to assist in the evaluation of officer and director compensation. During 2012, the Compensation Committee retained Pearl Meyer & Partners (PM&P), to serve as our independent outside compensation consultant. PM&P was asked to conduct a review of our existing salary structures, evaluate potential pay increases for our management team, assist in development of our 2012 Short Term Incentive Plan, and assist with the implementation of our 2012 Equity Incentive Plan. The Compensation Committee has used the information provided by PM&P to educate its members, as opposed to directing the Compensation Committee's decisions and to assist it in determining its approach for our compensation programs. While the Compensation Committee considers information provided by compensation consultants, its decisions are ultimately made on its own assessment of the information provided to it in the context of the totality of the company's circumstances at any given point in time.

In 2012, the Compensation Committee was composed of Lora J. Villarreal, Committee Chairman, and members Christopher C. Cozby, David L. Stephens and Jeffrey B. Williams. The Compensation Committee held 10 meetings during 2012.

Nominating and Corporate Governance Committee. The Nominating Committee identifies candidates to be nominated for election as directors of the Company. The functions of the Nominating Committee include, among other things, the following:

- leading the search for individuals qualified to become members of the Board and to select director nominees to be presented for stockholder approval;
- reviewing and monitoring compliance with the requirements for Board independence;
- reviewing the committee structure and making recommendations to the Board regarding committee membership;
- developing and recommending to the Board for its approval a set of corporate governance guidelines; and
- developing and recommending to the Board for its approval a self-evaluation process for the Board and its committees.

The Nominating Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with the new perspectives that a newly elected member might provide. If any member of the Board does not wish to continue in service, or if the Nominating Committee or the Board decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Nominating Committee would solicit suggestions for director candidates from all Board members. In addition, the Nominating Committee might engage a third-party to assist in the identification of director nominees, as authorized under its charter. The Nominating Committee would seek to identify a candidate who at a minimum satisfies the following criteria:

- has the highest personal and professional ethics and integrity;
- has had experiences and achievements that have given him or her the ability to exercise and develop good business judgment;
- is willing to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;
- is familiar with the communities in which we operate and/or is actively engaged in community activities;
- is involved in other activities or interests that do not create a conflict with his or her responsibilities to the us and our stockholders; and
- has the capacity and desire to represent the balanced, best interests of our stockholders as a group, and not primarily a special interest group or constituency.

In addition, the Nominating Committee would determine whether a candidate satisfies the qualification requirements of our Bylaws.

Finally, the Nominating Committee would take into account whether a candidate satisfies the criteria for independence under the Nasdaq Stock Market Rules, and if a nominee is sought for service on the Audit Committee, the financial and accounting expertise of such candidate, including whether the individual qualifies as independent under Rule 10A-3 of the Exchange Act or might qualify as an audit committee financial expert under applicable regulations of the SEC.

In 2012, the Nominating Committee was composed of Jeffrey B. Williams, Committee Chairman, and members P. Stan Keith and Lora J. Villarreal. The Nominating Committee held two meetings during 2012.

Procedures for the Nomination of Directors by Stockholders. Our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board. Stockholders can submit names of candidates for director by writing to our Corporate Secretary at 5224 W. Plano Parkway, Plano, Texas 75093 and satisfying the notice and other information requirements set forth in our Bylaws. The Corporate Secretary must receive a submission not less than eighty (80) days nor more than ninety (90) days prior to any such meeting for a candidate to be considered and the submission must include the following information:

- a statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating Committee;
- the qualifications of the candidate and why the candidate is being proposed;
- the name and address of the stockholder as they appear on our books, and number of shares of our Common Stock that are owned beneficially by such stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership will be required);
- the name, address and contact information for the candidate, and the number of shares of our Common Stock that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the stockholder's ownership will be required);
- a statement of the candidate's business and educational experience;
- such other information regarding the candidate as would be required to be included in the proxy statement pursuant to Regulation 14A of the Exchange Act;
- a statement detailing any relationship between the candidate and us;
- a statement detailing any relationship between the candidate and any of our customers, suppliers or competitors;
- detailed information about any relationship or understanding between the proposing stockholder and the candidate; and
- a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Submissions that are received and meet the criteria outlined above are forwarded to the Nominating Committee Chairman for further review and consideration. A nomination submitted by a stockholder for presentation by the stockholder at an annual meeting of stockholders must comply with the timing, procedural and informational requirements described herein. We also encourage you to review the section entitled "Advance Notice Procedures" below for the requirements for inclusion in our proxy materials. We did not receive any outside submissions for Board nominees for the Annual Meeting.

Stockholder Communications with the Board. Any of our stockholders who wish to communicate with the Board or with any individual director may write to our Corporate Secretary at 5224 W. Plano Parkway, Plano, Texas 75093, Attention: Board Administration. The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, management will:

- forward the communication to the director or directors to whom it is addressed;
- attempt to handle the inquiry directly, for example where it is a request for information about us or a stock-related matter; or

not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, management will present a summary of all communications received since the last meeting that were not forwarded and make those communications available to the directors.

Audit Committee Report

Management has the primary responsibility for implementing our internal controls and financial reporting processes. Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

As part of its ongoing activities, the Audit Committee has:

reviewed and discussed with management and the independent registered public accounting firm our audited consolidated financial statements for the fiscal year ended December 31, 2012;
discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and
received the written disclosures and the letter from our independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accountant its independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 and be filed with the SEC.

This Audit Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and this Audit Committee Report shall not otherwise be deemed soliciting material or filed with the SEC subject to Regulation 14A of the Exchange Act or subject to the liabilities of Section 18 of the Exchange Act.

2012 Incentive Compensation Plan. The Bank sponsored the 2012 Short-term Incentive Plan (the 2012 STIP) which was administered by the Compensation Committee of the Board. The Compensation Committee had the authority to select employees who would be eligible to participate in the 2012 STIP, determine the terms and conditions of the awards and interpret the provisions of the 2012 STIP. The Compensation Committee also had the authority to increase, reduce or eliminate the final award determinations, based upon objective or subjective criteria it deemed appropriate.

For 2012, the Compensation Committee set the 2012 bonus pool at approximately 14.8% of pre-tax, pre-bonus net income. Under the 2012 STIP, each participant was eligible for a bonus of up to 10% and 30% of such participant's base salary, depending on his or her position with the Company. The bonus amount payable under the 2012 STIP was determined based upon the achievement of both Bank-wide and individual performance goals established by the Compensation Committee. The achievement of the Bank-wide goals accounted for up to 75% of each participant's bonus, whereas the achievement of individual performance goals determined up to 25% of each participant's bonus, based upon a scorecard model.

The Bank-wide goals were set to reflect overall performance of the Bank, and participants were entitled to a bonus based upon whether certain performance targets (including earnings per share, deposit growth, and non-performing assets) met or exceeded certain thresholds established by the Compensation Committee. The individual performance goals, on the other hand, were tailored to the specific position of each participant with the Company, with each participant being assigned three to four individual performance goals to be achieved during the 2012 fiscal year.

If performance levels did not reach 80% of the individual category targets, no bonuses would be paid for that category. Additionally, if the average of the Bank-wide goals had been less than 80% of established thresholds, then the 2012 STIP would not have been funded for 2012. Furthermore, to the extent that the Bank-wide goals and the individual performance goals exceeded the established thresholds, the maximum available bonus would be capped at 200% of each individual's targeted payout (or between 20% and 60% of base salary).

For Mr. Weaver, the individual position-specific goals included, among other things, enhancing overall profitability, improving customer experience and continuing to improve shareholder value. For Ms. Rowland, individual position-specific goals included, among other things, producing \$73 million in mortgage and consumer loans, assuming new responsibilities in sales and service and improving professionalism of the branch offices and overall customer experience. For Ms. Salls, the individual position-specific goals included ensuring compliance with public company filing obligations, coordinating the migration to reporting under the Board of Governors of the Federal Reserve System, improving loan servicing and continuing to improve shareholder value.

We experienced pre-tax, pre-bonus net income of \$2.497 million and accrued for a bonus of approximately \$370,000 (including taxes). In March 2013, based on the achievement of company and individual targets, we paid bonuses of \$339,806. The amounts paid pursuant to the 2012 STIP are subject to claw-back in the event that the Bank's financial statements must be amended due to error, omission or fraud (as determined by the members of the Board). Amounts paid pursuant to the 2012 STIP are reflected as non-equity incentive compensation in the Summary Compensation Table above.

2011 Incentive Compensation Plan. In 2011, the Bank sponsored the 2011 Annual Incentive Plan for Executives (2011 AIP), which was administered by the Compensation Committee. Under the 2011 AIP, the Compensation Committee set the bonus pool at approximately 13.66% of pre-tax net income, net of the bonus accrual. For 2011, if pre-tax, pre-bonus net income equaled or exceeded \$2.33 million, the maximum available bonus of each participant, as a percentage of such persons' base salary, was determined to be between 10% and 30%, depending on each participant's position with the Bank. Participants achieved a bonus for the 2011 fiscal year based on satisfaction of both Bank-wide and individual performance goals, using a scorecard model. Achievement of the Bank-wide goals determined 70% of each participant's bonus and achievement of individual goals determined up to 30% of such participant's bonus.

The Bank-specific goal was set as achievement of the pre-tax net income target. The individual goals, on the other hand, were tailored to each participant's position within the Bank. For Mr. Weaver, the individual position-specific goals included, among other things, completing an update of the three year strategic plan, rollout of mortgage warehouse lending, management of non-performing assets, succession planning and development, and personal development goals. For Ms. Rowland, individual position-specific goals included, among other things, producing \$68 million in mortgage and consumer loans, maintaining quality throughout the retail lending

function, team development, and working with management to establish an ongoing program of community support and involvement within the defined Community Reinvestment Act assessment areas. For Ms. Salls, the individual position-specific goals included public company compliance including the first year Sarbanes-Oxley certification and implementation of XBRL, preparation to bring mortgage servicing in house with the addition of the ability to service for investors, and improving the efficiency of the bank holding company reporting processes.

During 2011, we forecasted a pre-tax, pre-bonus net income of \$1.57 million and accrued for a bonus of approximately \$230,000 (including taxes). In March 2012, based on the understanding that we had achieved this forecasted pre-tax, pre-bonus net income, we paid bonuses of \$223,000. Subsequent to the payment of the 2011 bonus pool in March of 2012, but prior to the filing of our Annual Report on Form 10-K for the 2011 fiscal year, a \$200,000 adjustment was made to our net income. As a result, actual pre-tax, pre-bonus net income for 2011 was \$1.37 million, which would have generated a bonus pool of only \$187,000, approximately 19% less than the size of the original bonus pool. The Compensation Committee considered the impact of this adjustment on the bonus pool, but determined not to reduce or claw-back the bonuses already paid for 2011. Accordingly, because approximately 19% of the bonus pool was based on a discretionary determination by the Compensation Committee, we have reflected 19% of the amount paid to each of our NEOs pursuant to the 2011 AIP as a bonus rather than non-equity incentive compensation in the Summary Compensation Table above.

2008 Nonqualified Deferred Compensation Plan. The Bank adopted the 2008 Nonqualified Deferred Compensation Plan to provide selected executive employees with nonqualified deferred compensation, subject to vesting. The committee administering the plan selects the executive employees eligible to participate in the plan. At this time, the only participant in the plan is Jeffrey L. Weaver, our President and Chief Executive Officer. A participant's benefit under the plan consists solely of the net amount credited to his or her account. The participant's account will be credited periodically with any interest or other investment earnings credited under the annuity contract or other investment alternative identified in the plan. Mr. Weaver's account accrues interest measured under an annuity contract identified in a schedule to the plan. The amount credited to his account is also subject to a vesting schedule that vests Mr. Weaver at the rate of 20% per year, starting on the first anniversary of his initial participation date. Mr. Weaver's account will also become 100% vested upon his death, disability or upon a change in control. In the event of his termination for cause, Mr. Weaver will forfeit his benefit. Payment of the plan's benefit will be made in a single cash payment within 90 days of the earlier of the date on which his account becomes 100% vested or the date of the participant's separation from service other than for cause. In the event of his death, payment will be made to the participant's beneficiary.

Tax Qualified Plans

401(k) Plan. The Bank provides its employees with tax-qualified retirement benefits through the 401(k) Plan. All employees who meet the age and service requirements may participate in the 401(k) Plan. Participants may contribute up to 100% of their annual compensation to the plan on a pre-tax basis, subject to any limits prescribed by law. The Bank provides a 401(k) match equal to at least 5% of the participant's salary. Employer contributions are subject to a six-year graded vesting schedule such that 20% of a participant's discretionary contributions vest after two years of service and an additional 20% vest after each following year of credited service so that a participant is 100% vested in his or her discretionary contributions after six years of credited service. Participants in the 401(k) Plan have the opportunity to purchase shares of Common Stock in their 401(k) Plan accounts. Upon termination of employment, participants may elect to receive payments of their benefits in a lump sum or in installments.

Employee Stock Ownership Plan. The Bank has adopted an ESOP for eligible employees who have attained age 21 and are employed for one year in which they complete 1,000 hours of service. The employee stock ownership plan funded its initial stock purchase with a loan from the Company equal to the aggregate purchase price of the Common Stock. The loan is expected to be repaid principally through the Bank's contribution to the ESOP and dividends payable on Common Stock held by the ESOP over the anticipated 20-year term of the loan.

The trustee holds the shares purchased by the ESOP in an unallocated suspense account, and shares are released from the suspense account on a pro-rata basis as the loan is repaid. A participant becomes vested in his or her account balance at the rate of 20% per year, starting on the first anniversary of the date of allocation.

For January 2012, we paid a monthly retainer of \$600 to each director (\$750 for our Chairman of the Board), \$450 to each director that attended the January 2012 Board meeting and \$450 to each director that attended a strategic planning meeting held in January 2012. We also paid \$450 to each director that attended our 2012 annual meeting of stockholders. Additionally, for each month during the 2012 fiscal year, other than January 2012, the chairman of each of our Audit Committee, Compensation Committee, and Credit Policy Committee received an additional \$300 monthly retainer, and the chairman of our Nominating Committee received an additional \$200 monthly retainer. Each of our directors, other than Mr. Weaver, also received 2,000 shares of restricted stock and options exercisable to purchase 2,500 at an exercise price of \$15.25 per share for their service as a director during the 2012 fiscal year. Transactions with Certain Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits corporations from making loans to their executive officers and directors, but it contains a specific exemption from such prohibition for federally insured depository institutions, such as the Bank, provided any such loans are made to executive officers and directors in compliance with federal banking regulations. At December 31, 2012, all of our loans to directors and executive officers were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans to persons not affiliated with the Bank, and did not involve more than the normal risk of collectability or present other unfavorable features.

In addition, loans made to a director or executive officer must be approved in advance by a majority of the disinterested members of the Board if the loan amount is greater than 5% of the Bank's capital, up to a maximum

of \$500,000. The aggregate amount of our loans to our executive officers and directors and their related entities was \$5.4 million at December 31, 2012. As of December 31, 2012, these loans were performing according to their original terms and were made in compliance with federal banking regulations.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own greater than 10% of our Common Stock (10% beneficial owners) to file reports on Forms 3, 4, and 5 with the SEC disclosing such beneficial ownership and any changes in beneficial ownership of our Common Stock. SEC rules require that we disclose in our Proxy Statement or Annual Report on Form 10-K the failure by any executive officer, director, or 10% beneficial owner of our Common Stock to file a required Form 3, 4, or 5 on a timely basis.

To our knowledge, based solely on a review of copies of such reports furnished to us and written representations that no other reports were required, each of our executive officers, directors and 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them for the fiscal year ended December 31, 2012.

PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF CROWE HORWATH LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE YEAR ENDING DECEMBER 31, 2013

McGladrey LLP served as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2012. On March 8, 2013, the Audit Committee approved the selection of Crowe Horwath LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013, subject to Crowe Horwath LLP's completion of its client acceptance process. On March 17, 2013, Crowe Horwath LLP formally informed the Company that Crowe Horwath LLP had completed this process.

As a result, effective March 14, 2013, we dismissed McGladrey LLP as our independent registered accounting firm, upon recommendation and approval of the Audit Committee. The audit reports issued by McGladrey LLP for the fiscal years ended December 31, 2011 and 2012 did not contain any adverse opinion or disclaimer of opinion, nor were the reports qualified or modified as to uncertainty, audit scope or accounting principle. During the fiscal years ended December 31, 2011 and 2012, and the subsequent interim period through March 14, 2013, there were (i) no disagreements (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) between the Company and McGladrey LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of McGladrey LLP, would have caused McGladrey LLP to make reference thereto in its report on our financial statements for such years; and (ii) no reportable events (as described in Item 304(a)(1)(v) of Regulation S-K). McGladrey LLP furnished a letter addressed to the SEC, dated March 19, 2013, stating that it agreed with the above statements.

During the fiscal years ended December 31, 2011 and 2012, and the subsequent interim period through March 14, 2013, we did not consult Crowe Horwath LLP with respect to either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements and neither a written report nor oral advice was provided to us that Crowe Horwath LLP concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulations S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

At the Annual Meeting, the stockholders will consider and vote to ratify the appointment of Crowe Horwath, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. A representative of McGladrey LLP and Crowe Horwath LLP is expected to attend the Annual Meeting and be available to respond to appropriate questions and make a statement, if desired.

Stockholder ratification of the selection of Crowe Horwath, LLP is not required by our Articles of Incorporation, Bylaws or otherwise. However, the Board is submitting the selection of the independent registered public accounting firm to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of Crowe Horwath LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change is in the best interests of our stockholders.

Fees Paid to McGladrey LLP

Set forth below is certain information concerning aggregate fees billed for professional services rendered by McGladrey LLP during 2012 and 2011, respectively:

	2012	2011
Audit fees ⁽¹⁾	\$ 194,000	\$ 130,000
Audit related fees ⁽²⁾	4,875	45,000
Tax fees ⁽³⁾	21,350	24,950
All other fees ⁽⁴⁾	-	-
	\$ 220,225	\$ 199,950

- (1) Audit fees consist of fees incurred in connection with the audit of our annual financial statements and the review of the interim financial statements included in our quarterly reports filed with the Securities and Exchange Commission, as well as work generally only the independent auditor can reasonably be expected to provide, such as statutory audits, consents and assistance with and review of documents filed with the SEC.
- (2) Audit-related fees for 2012 and 2011 consist of technical accounting services that are reasonably related to the performance of the audit and review of the financial statements and that are not already reported in Audit Fees, above.
- (3) Tax fees are for professional services rendered for tax compliance, tax advice and corporate tax planning.
- (4) There were no other fees billed to us by McGladrey LLP that are not described above during the fiscal years ended December 31, 2012 and 2011.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining McGladrey LLP's independence. The Audit Committee concluded that performing such services does not affect McGladrey LLP's independence in performing its function as our auditor, and, as a result, all such fees were approved by the Audit Committee.

McGladrey LLP did not use the services of any persons other than its full-time permanent employees on its audit of our 2012 consolidated financial statements.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee's policy is to pre-approve all audit and non-audit services in excess of \$5,000 provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to its Chairman when expedition of services is necessary. The independent auditors and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. For 2012, all services were pre-approved by the Audit Committee.

Required Vote and Recommendation of the Board

Pursuant to our Articles of Incorporation and Bylaws, assuming the presence of a quorum, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of Crowe Horwath LLP as the Company's independent registered public

accounting firm for the fiscal year ending December 31, 2013. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not be counted towards the tabulation of votes cast on Proposal 2 and will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE RATIFICATION OF THE APPOINTMENT OF CROWE HORWATH LLP AS OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING
DECEMBER 31, 2013.

PROPOSAL 3 ADVISORY VOTE ON
NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act enabled our stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in the Proxy Statement in accordance with SEC rules. This is the first year that we have been required under Regulation 14A of the Exchange Act to include this type of proposal, which is commonly referred to as a say-on-pay vote. This proposal gives our stockholders the opportunity to express their views on the Company's executive compensation.

The objectives of the Company's executive compensation program are to:

Fairly compensate our executive officers;
facilitate the attraction of top-caliber talent;
align the short and long-term interests of our executives with those of stockholders; and
offer competitive base salaries, employee benefits coupled with variable incentives dependent on achieving financial performance goals.

Within the objectives listed above, the Compensation Committee generally believes that best practices call for the performance metrics by which variable compensation is determined to be:

primarily formulaic;
designed to compensate based on a combination of individual and Company performance goals; and
established and communicated early in the performance period in order to align individual performance with Company goals.

We are asking our stockholders to indicate their support for our named executive officer compensation program and the practices described in this Proxy Statement, by voting FOR Proposal 3 at the Annual Meeting approving the following resolution:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion contained in this Proxy Statement.

Edgar Filing: SP Bancorp, Inc. - Form DEF 14A

Because this is an advisory vote, the results of this Proposal 3 will not be binding upon the Company or our Board. However, we value the opinions expressed by stockholders in their vote on this Proposal 3. To the extent that there is any significant vote against the compensation of our named executive officers as disclosed in this Proxy Statement, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, will consider the voting results as appropriate when making future decisions regarding executive compensation.

Required Vote and Recommendation of the Board

Pursuant to our Articles of Incorporation and Bylaws, assuming the presence of a quorum, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve the advisory proposal on named executive officer compensation. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not be counted towards the tabulation of votes cast on Proposal 3 and will have no effect on the outcome of the vote.

THE BOARD RECOMMENDS A VOTE FOR THE FOREGOING RESOLUTION APPROVING, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 4 ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act requires companies to conduct a stockholder vote on the frequency of holding future advisory votes on the compensation of our named executive officers. Such future non-binding, advisory votes on the compensation of our named executive officers would be similar to Proposal 3 in this Proxy Statement. This proposal is also known as say on frequency vote.

Pursuant to Regulation 14A of the Exchange Act, we are asking stockholders to vote, on an advisory, non-binding basis, for their preference as to whether future votes on named executive officer compensation should be held every one, two or three-years. Stockholders also may, if they wish, abstain from voting on this Proposal 4. Because your vote is advisory, it will not be binding on our Board and may not be construed as overruling any decision by the Board or creating or implying any additional fiduciary duty on the Board. However, the Board may, in its sole discretion, take into account the outcome of the vote in determining the frequency with which it will submit the resolution on executive compensation to shareholders.

Accordingly, stockholders are being given the opportunity to indicate their preference at the Annual Meeting on the frequency of holding future advisory votes on named executive officer compensation.

After careful consideration of this Proposal 4, our Board has determined that it is appropriate and in the best interests of the Company and our stockholders for the stockholders to recommend a frequency of **THREE YEARS** for holding future votes on the compensation of our named executive officers.

Required Vote and Recommendation of the Board

The frequency (every one year, two years or three years, respectively) that receives the highest number of votes cast by stockholders will be considered by the Board and the Compensation Committee as the stockholders' recommendation as to the frequency of holding future votes on named executive officer compensation, even if the number of votes represents less than a majority of the votes cast. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not be counted towards the tabulation of votes cast on the proposal and will have no effect on the outcome of the vote. Regardless of the stockholders' recommendation, the Board may decide that it is in the best interests of the Company and our stockholders to hold say-on-pay votes more or less frequently than the option approved by our stockholders.

THE BOARD RECOMMENDS THAT YOU CHOOSE A FREQUENCY OF THREE YEARS FOR HOLDING FUTURE ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION.

OTHER BUSINESS

The Board is not aware of any business to come before the Annual Meeting other than the matters described above in this Proxy Statement. However, if any matters should properly come before the Annual Meeting, it is intended that holders of the proxies will act as directed by a majority of the Board, except for matters related to the conduct of the Annual Meeting, as to which they shall act in accordance with their best judgment. The Board intends to exercise its discretionary authority to the fullest extent permitted under the Exchange Act.

STOCKHOLDERS SHARING A HOUSEHOLD

With respect to stockholders who share a single address, we are sending only one Proxy Statement to that address unless we received instructions to the contrary from any stockholder at that address. Requests should be directed to our Corporate Secretary at the address or phone number set forth above.

MISCELLANEOUS

The Company will bear the cost of the proxies solicited hereby. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of our Common Stock. In addition to solicitations by mail, directors, officers, and our regular employees may solicit proxies personally, by telephone or by other forms of communication without additional compensation. We have retained Phoenix Advisory Partners, LLC to assist us in soliciting proxies, and have agreed to pay Phoenix Advisory Partners, LLC a fee of \$5,000 plus reasonable expenses for these services.

SEC rules permit companies to send you a notice that proxy information is available on the Internet, instead of mailing you a complete set of materials. In the future, we may choose to distribute proxy information in this manner.
