ONE YEAR on the frequency of future advisory votes on executive compensation; and

FOR the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm to serve until the 2014 annual meeting of shareholders.

Appointment and Revocation of Proxies

The persons named in the enclosed proxy form are officers of the Company. A shareholder may appoint a person to represent him or her at the meeting, other than the persons already named in the enclosed proxy form, by inserting the name of such other person in the blank space provided in the proxy form or by completing another proper form of proxy. Such person need not be a shareholder. The completed proxy form must be deposited with the Company at its principal executive offices at 125 Middlesex Turnpike, Bedford, Massachusetts 01730, USA, or with Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario, Canada, M5J 2Y1, in either case no later than 2:00 p.m. (EDT) on Monday, May 13, 2013, or, if the meeting is postponed, continued or adjourned, prior to 2:00 p.m. (ET) on the last business day prior to the date fixed for the postponed, continued or adjourned meeting.

The shareholder executing the proxy form may revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy: (a) by delivering another properly executed proxy form bearing a later date and depositing it in the manner described above; (b) by delivering an instrument in writing revoking the proxy, executed by the shareholder or by the shareholder's attorney authorized in writing: (i) at the registered office of the Company, at any time up to and including the last business day preceding the date of the meeting, or at any reconvened meeting following its postponement, continuation or adjournment, or (ii) with the chairman of the meeting on the day of the meeting, or at any reconvened meeting following its postponement, continuation or adjournment; or (c) in any other manner permitted by law.

Table of Contents

Voting of Proxies

The officers named in the proxy form enclosed with this management proxy circular will vote or withhold from voting the common shares of the Company in respect of which they are appointed proxy in accordance with the directions of the shareholder appointing them and, if a shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such direction, the shares will be voted:

FOR the election of each of the nominees for director named in this management proxy circular;

FOR the proposal regarding an advisory vote on the Company's executive compensation;

ONE YEAR on the frequency of future advisory votes on executive compensation; and

FOR the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm to serve until the 2014 annual meeting of shareholders.

Voting and Ownership of Shares

At the close of business on the record date, the Company had 33,935,566 common shares outstanding and entitled to vote. Each share is entitled to one vote. The failure of any shareholder to receive a notice of meeting of shareholders does not deprive the shareholder of a vote at the meeting.

The following votes are required to approve each of the proposals at the meeting.

Election of Directors. The vote for the election of the nominees for director named in this management proxy circular is cumulative and is described in more detail below.

Other Proposals. The proposals regarding the advisory vote on the Company's executive compensation, the advisory vote on the frequency of future advisory votes on executive compensation, and the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm each requires the approval of a majority of the common shares represented and cast in respect of such matter. With respect to the advisory vote on the frequency of future advisory votes on executive compensation, if no frequency receives the approval of a majority of the common shares represented and cast with respect to the proposal, then the frequency that receives a plurality of the votes cast will be considered the frequency recommended by the shareholders.

No votes may be taken at the meeting, other than a vote to adjourn, unless a quorum has been constituted consisting of the representation of at least thirty-three and one-third percent (33 1/3%) of the outstanding shares as of the record date. Votes will be tabulated by the Company's transfer agent, Computershare Investor Services Inc., which is also serving as the inspectors of election for the meeting.

The enclosed form of proxy confers discretionary authority on the persons named therein with respect to amendments to or variations of matters identified in the notice of meeting and such other matters that may properly come before the meeting or any postponement, continuation or adjournment thereof. As of the date of this management proxy circular, the management of the Company knows of no such amendments, variations or other matters to be presented at the meeting.

Table of Contents

Voting for the Election of Directors

Section 65(1) of the *Business Corporations Act* (New Brunswick) provides for cumulative voting for the election of directors so that each shareholder entitled to vote at an election of directors has the right to cast an aggregate number of votes equal to the number of votes attached to the shares held by such shareholder multiplied by the number of directors to be elected, and may cast all such votes in favor of a single candidate or distribute them among the candidates in any manner the shareholder decides. The statute further provides, in section 65(2), that a separate vote of shareholders shall be taken with respect to each candidate nominated for director unless a resolution of the shareholders is passed unanimously permitting two or more persons to be elected by a single resolution. Where a shareholder has voted for more than one candidate without specifying the distribution of votes among such candidates, the shareholder shall be deemed to have divided the votes equally among the candidates for whom such shareholder voted. If a shareholder desires to distribute votes otherwise than equally among the nominees for whom such shareholder has directed the persons in the enclosed form of proxy to vote, such shareholder must do so personally at the meeting or by another form of proxy. **On any ballot for the election of directors, the persons named in the proxy will be deemed to have cast their votes equally among all the proposed nominees, unless: (a) any nominee is excluded by the shareholder in their proxy; or (b) the shareholder has directed that the shares be withheld from voting for the election of directors.**

Counting of Votes

For purposes of determining the presence or absence of a quorum, abstentions and broker non-votes will be counted as present. With respect to the approval of any particular proposal, abstentions and broker non-votes will not be counted in determining the number of votes cast. A broker non-vote occurs when a broker submits a proxy form with respect to common shares held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Brokers will return your proxy as a broker non-vote if the broker does not receive voting instructions from you and if, under applicable stock exchange or other rules, the broker does not have the discretion to vote those shares on one or more of the matters that come before the meeting.

Table of Contents**ITEM 1 ELECTION OF DIRECTORS**

The Articles of the Company provide that our Board is to be comprised of a minimum of five (5) and a maximum of fifteen (15) directors, as determined from time to time by resolution of the Board. The Board has resolved that the entire Board shall consist of seven (7) directors.

Each nominee presented below, if elected, will serve as a director until the next annual meeting of shareholders, until his successor is elected or appointed, or until his earlier death, resignation or removal. All of the nominees listed below have given their consent to be named as nominees for election and have indicated their intention to serve if they are elected. The Board does not anticipate that any of the nominees will be unable to serve as a director, but in the event that a nominee is unable to serve, the Board may either propose an alternate nominee, in which case the proxies will be voted for the alternative nominee unless directed to withhold from voting, or elect to reduce the size of the Board.

**ITEM 2 ADVISORY VOTE ON THE
COMPANY'S EXECUTIVE COMPENSATION**

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the *Dodd-Frank Act*) provides our shareholders with the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers (which consist of our Chief Executive Officer, Chief Financial Officer, our next three highest paid current executives and one former executive whose compensation is required to be disclosed in this management proxy circular), as disclosed in this management proxy circular in accordance with the SEC's rules. Because the Company was a smaller reporting company as of January 21, 2011, the Company was not required to conduct shareholder advisory votes on executive compensation until the first annual meeting of shareholders on or after January 21, 2013. Thus, this is the Company's first advisory vote on the Company's executive compensation.

Summary

In accordance with Section 14A of the Securities and Exchange Act of 1934, as amended, we are asking our shareholders to provide advisory approval of the compensation of our named executive officers as such compensation is described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this management proxy circular, beginning on page 22.

Our executive compensation programs are designed to provide a compensation package that incentivizes and retains a highly qualified executive team and rewards both short-term and long-term sustainable performance as measured against established goals. Our executive compensation program seeks to promote this philosophy primarily through a combination of the following types of compensation: base salary, cash bonus incentive awards and long-term equity-based incentive awards in the form of service-based restricted stock units. The following is a summary of some of the key points of our executive compensation program. We urge our shareholders to review the Compensation Discussion and Analysis section of this management proxy circular and the tabular disclosure following such section for more information.

Pay-for Performance. We aim to align our executive compensation with both annual and long-term performance goals. Our Senior Management Incentive Plan (SMIP) provides cash bonus incentive awards based on several different performance metrics, depending on the named executive officer. Each named executive officer's annual bonus is based partly on Company adjusted EBITDA and partly on individual non-financial objectives, and the annual bonus for named executive officers responsible for key segments is also based partly on reportable segment adjusted EBITDA. In addition, the annual bonus for certain named executive officers for the second half of 2012 was also based on certain objectives related to discontinued operations. The respective adjusted EBITDA target levels of performance are correlated with the Company's annual sales and income growth objectives. The individual non-financial performance objectives target strategic, operational and organizational goals and objectives within the Company, which are aligned to the Company's overall strategic and financial success. The discontinued operations objectives relate to the successful sale of Semiconductor Systems and Laser Systems within certain time frames and for predetermined purchase prices and the operating performance of these businesses. The Company's performance did not meet or exceed the target performance for either of the EBITDA-based objectives in either the first or the second half of 2012 and the Company did not meet or exceed the target performance for the Discontinued Operations Objectives in the second half of 2012. The table on page 31 of the Compensation Discussion and Analysis section shows how these results translated into payouts under the SMIP.

Table of Contents

Long-Term Compensation. Grants of restricted stock units that vest over three years are intended to align the interests of executives with those of our shareholders, encourage retention and focus the executives on long-term growth.

Prudent Corporate Governance. We are committed to maintaining a prudent corporate governance model and to continually improving our compensation practices and policies. Key practices in this regard include annual review of the Company's compensation program by the Compensation Committee and maintenance of a Compensation Committee composed entirely of independent, non-employee directors who satisfy applicable independence requirements.

Independent Compensation Consultation. The Compensation Committee uses an independent global executive compensation consulting firm, Towers Watson, to advise the committee on matters related to executive compensation.

The Compensation Committee believes that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving the Company's goals and that the compensation of the Company's named executive officers reported in this management proxy circular reflects and supports these compensation policies and objectives. We encourage shareholders to review the Compensation Discussion and Analysis beginning on page 22 of this management proxy circular.

Recommendation

Our Board of Directors believes that the information provided above and within the Compensation Discussion and Analysis section of this management proxy circular demonstrates that our executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with our shareholders' interests to support long-term value creation.

The following resolution will be submitted for a shareholder vote at the 2013 Annual Meeting:

RESOLVED, that the shareholders of GSI Group, Inc. approve, on an advisory basis, the compensation of GSI Group, Inc.'s named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in this management proxy circular.

This vote on our executive compensation is advisory, and therefore not binding on the Company, the Compensation Committee or the Board of Directors. However, the Compensation Committee will consider the outcome of the vote when making future compensation decisions for the named executive officers.

Required Vote

The affirmative vote of a majority of the common shares represented and cast in respect of this matter at the 2013 Annual Meeting is required to approve, on an advisory (non-binding) basis, the compensation of our named executive officers. Abstentions and broker non-votes will not be counted in determining the number of votes cast, and thus will not affect the voting results of this proposal.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ADOPTION OF THE RESOLUTION APPROVING THE COMPANY'S EXECUTIVE COMPENSATION.

Table of Contents

**ITEM 3 ADVISORY VOTE ON THE FREQUENCY
OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Background

The Dodd-Frank Act also enables our shareholders to indicate how frequently they believe we should seek an advisory vote on our executive compensation. We are seeking an advisory, non-binding, vote from our shareholders as to the frequency with which shareholders would have an opportunity to provide an advisory approval of our executive compensation program. Shareholders have the opportunity to choose among four options: holding the vote every one, two or three years, or abstain from voting. Because the Company was a smaller reporting company as of January 21, 2011, the Company was not required to conduct shareholder advisory votes on the frequency of advisory votes on executive compensation until the first annual meeting of shareholders on or after January 21, 2013. Thus, this is the first shareholder advisory vote on the frequency of the Company's future advisory votes on executive compensation.

Recommendation

The Board currently plans to seek an advisory vote on executive compensation every year, with the next opportunity occurring in connection with the Company's annual meeting in 2014. We will periodically reassess our view on the frequency of the advisory vote on compensation and may provide for such a vote on a less frequent basis if we believe that such a change would be appropriate based on any change in circumstances.

Because shareholders have the opportunity to choose among four voting options, they will not be voting to approve or disapprove the recommendation of the Board.

Due to the non-binding nature of this vote, the Board may decide that it is in the best interests of the Company to hold a non-binding, advisory vote on the compensation of our named executive officers more or less frequently than the option preferred by our shareholders.

Required Vote

This advisory vote requires the affirmative vote of a majority of the common shares represented and cast in respect of this matter at the 2013 Annual Meeting. If no frequency receives the approval of such a majority, then the frequency that receives the plurality of the votes cast will be considered the frequency recommended by the shareholders. Abstentions and broker non-votes will not be considered as votes cast, and thus will not affect the voting results of this proposal.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR ONE YEAR AS THE RECOMMENDED FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPANY'S EXECUTIVE COMPENSATION.

ITEM 4 APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

At the 2013 Annual Meeting, the shareholders will be asked to approve the appointment of PricewaterhouseCoopers LLP (PricewaterhouseCoopers) as the Company's independent registered public accounting firm to serve until the 2014 annual meeting of shareholders, or until such firm's earlier resignation or removal. Ernst & Young LLP (Ernst & Young) served as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2012.

The Audit Committee of the Board completed a competitive process to recommend the engagement of the Company's independent registered public accounting firm for the year ending December 31, 2013. As a result of this process, and in order that PricewaterhouseCoopers could assume office immediately and to comply with the requirements of the Business Corporations Act (New Brunswick), on April 12, 2013, the Board, upon the recommendation of the Audit Committee, requested that Ernst & Young resign as the Company's independent registered public accounting firm. Effective as of April 18, 2013, the Board approved the engagement of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

Ernst & Young's reports on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2012 and December 31, 2011 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of Ernst & Young on the effectiveness of internal control over financial reporting as of December 31, 2012 and 2011 did not contain any adverse opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During the fiscal years ended December 31, 2012 and December 31, 2011, and the subsequent interim period through April 12, 2013, there were no disagreements as that term is defined in Item 304(a)(1)(iv) of Regulation S-K, between the Company and Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, any of which that, if not resolved to the satisfaction of Ernst & Young, would have caused Ernst & Young to make reference to the subject matter of the disagreement in their reports on the financial statements for such years. During the fiscal years ended December 31, 2012 and December 31, 2011, and the subsequent interim period through April 12, 2013, there were no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K, except that, as reported in Item 9A of the Company's Annual Report on Form 10-K for the year ended December 31, 2011, the Company reported a material weakness in its internal control over financial reporting during such fiscal year, which was remediated as of December 31, 2011.

The Company provided Ernst & Young with a copy of the disclosures included in its Current Report on Form 8-K filed on April 18, 2013 (the Current Report). The Company requested that Ernst & Young furnish a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the statements made in the Current Report. A copy of Ernst & Young's letter dated April 16, 2013 was attached as Exhibit 16.1 to the Current Report.

During the fiscal years ended December 31, 2012 and December 31, 2011, and the subsequent interim period through April 17, 2013, neither the Company nor anyone acting on its behalf has consulted with PricewaterhouseCoopers with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided to the Company that PricewaterhouseCoopers concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue or (ii) any matter that was either the subject of a disagreement or reportable event as those terms are defined in Item 304(a)(1) of Regulation S-K.

We expect a representative of PricewaterhouseCoopers to be present at the meeting to answer appropriate questions and to have an opportunity to make a statement if desired. A representative of Ernst & Young will not be present at the meeting.

Table of Contents*Required Vote*

The affirmative vote of a majority of the common shares represented and cast in respect of this matter at the 2013 Annual Meeting is required to approve the appointment of PricewaterhouseCoopers as the Company's independent registered public accounting firm to serve until the 2014 annual meeting of shareholders. Abstentions will not be counted in determining the number of votes cast, and thus will not affect the voting results of this proposal. Because brokers have discretionary authority to vote on the appointment of PricewaterhouseCoopers, we do not expect any broker non-votes in connection with this proposal.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE **FOR** THIS APPOINTMENT.

Independent Registered Public Accounting Firm Fees and Services

The following table sets forth the fees for professional audit services rendered by Ernst & Young for the audit of the Company's consolidated annual financial statements for the years ended December 31, 2012 and 2011, and fees for other services rendered by Ernst & Young during those periods.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent registered public accounting firm. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit or non-audit services unless the Audit Committee specifically approves the service in advance, or the engagement is entered into pursuant to the pre-approval procedure described below.

Pursuant to the Audit Committee Charter, the Audit Committee may delegate pre-approval authority to an individual member of the Audit Committee, provided that the decisions of any individual Audit Committee member to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting. The prior approval of the Audit Committee or the pre-approval of the designated member of the Audit Committee was obtained for all services provided by Ernst & Young in fiscal 2012.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors' oversight of the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company.

Table of Contents

In addition to fulfilling its responsibilities as set forth in its charter and further described below in Corporate Governance Board Committees and Meetings The Audit Committee, the Audit Committee has reviewed the Company's audited financial statements for fiscal year 2012. Discussions about the Company's audited financial statements included its independent registered public accounting firm's judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates used in its financial statements, as well as other matters, as required by the statement on Auditing Standards No. 16, as adopted by the Public Company Accounting Oversight Board (AS 16) and by our Audit Committee Charter. In conjunction with the specific activities performed by the Audit Committee in its oversight role, it issued the following report:

1. The Audit Committee has reviewed and discussed the audited financial statements as of and for the year ended December 31, 2012 with the Company's management.
2. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by AS 16.
3. The Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm their independence from the Company.

Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the SEC.

Mr. Ira J. Lamel (Chairperson)

Mr. Dominic A. Romeo

Mr. Thomas N. Secor

The foregoing Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

CORPORATE GOVERNANCE

The Board of Directors

The Board is elected annually and each of our directors stands for election every year. Presently, the Board is comprised of seven directors, and all except Mr. Roush have been determined by the Board to be independent under the rules of The NASDAQ Stock Market LLC, or NASDAQ. In making this determination, the Board has affirmed that each of the independent directors meets the objective requirements for independence set forth by NASDAQ. The independent directors are Stephen W. Bershad, Harry L. Bosco, Dennis J. Fortino, Ira J. Lamel, Dominic A. Romeo and Thomas N. Secor. Mr. Roush is not independent because he is the Company's Chief Executive Officer.

In evaluating and determining the independence of the directors, the Board considered that in the ordinary course of business, transactions may occur between the Company and its subsidiaries and entities with which some of the directors are or have been affiliated and that the Company may have other relationships with its directors. The Board considered that Mr. Bershad is a significant shareholder of the Company. The Board determined that this relationship did not impair Mr. Bershad's independence. The Board also considered that Mr. Bosco serves as a director of a company with which the Company engages in ordinary course business transactions. The Board considered the dollar amounts of these transactions and other factors and determined that they were not required to be disclosed as a related party transaction under the Securities and Exchange Commission (SEC) rules and did not otherwise impair Mr. Bosco's independence under NASDAQ rules.

Please see the biography of each director under the section entitled "Item 1 Election of Directors" above for the public company boards on which each director serves.

Board Leadership Structure and Role in Risk Oversight

The Board is responsible for the overall stewardship of the Company. The Board discharges this responsibility directly and through delegation of specific responsibilities to its committees, the Chairman of the Board and officers of the Company. The Board has established three standing committees to assist with its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee has a charter defining its responsibilities. The Board of Directors does not have an executive committee.

The Company's By-Laws require the Chairman of the Board to be a director and provide the Board with the ability to appoint the Chief Executive Officer of the Company as the Chairman of the Board. This approach gives the Board the necessary flexibility to determine whether these positions should be held by the same person or by separate persons based on the leadership needs of the Company at any particular time. We recognize that different board leadership structures may be appropriate for companies in different situations.

Based on the Company's present circumstances, the Board believes that the Company and its shareholders are best served by having Mr. Bershad serve as its Chairman of the Board and Mr. Roush serve as its Chief Executive Officer. Our current leadership structure permits Mr. Roush to focus his attention on managing our Company and permits Mr. Bershad to manage the Board. Accordingly, we believe our current leadership structure is the optimal structure for us at this time.

The Board recognizes the importance of appropriate oversight of potential business risks in running a successful operation and meeting its fiduciary obligations to our business and our shareholders. While our senior executives, including the Chief Executive Officer and Chief Financial Officer, have responsibility for the day-to-day assessment and management of business risks, the Board maintains responsibility for creating an appropriate culture of risk management and setting a proper tone at the top. In this role, the Board, directly and through its committees, takes an active role in overseeing our aggregate risk potential and in assisting our executives with

Table of Contents

addressing specific risks, including competitive, legal, regulatory, operational and financial risks. The Board does not believe that its role in the oversight of the Company's risks affects the Board's leadership structure.

Compensation Risk

The Company has reviewed its compensation policies and practices and has determined that it has no policies or practices that are reasonably likely to have a material adverse effect on the Company.

Board Committees and Meetings

The Board maintains three standing committees whose functions are described below. All members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent directors. The following table sets forth the membership of the Board's standing committees:

Name	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Stephen W. Bershad		CHAIR	X
Harry L. Bosco			X
Dennis J. Fortino		X	CHAIR
Ira J. Lamel	CHAIR	X	
Dominic A. Romeo	X		
John A. Roush			
Thomas N. Secor	X		X

Each standing committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed and updated periodically as legislative and regulatory developments and business circumstances warrant. The committee charters are available in their entirety on our website at <http://www.gsig.com> in the Investors Relations section, under the Corporate Governance tab.

Meetings

The Board and standing committees met as follows during the year ended December 31, 2012:

Name	Number of Meetings
Board of Directors	6
Audit Committee	6
Compensation Committee	4
Nominating and Corporate Governance Committee	1

The independent directors also meet routinely in executive session in connection with regular meetings of the Board. Mr. Bershad presides over all executive sessions at which he is present.

Currently, we do not maintain a formal policy regarding director attendance at the annual meeting; however, it is expected that absent compelling circumstances directors will attend. In 2012, five of six directors then in office attended the annual meeting of shareholders. In addition, two of the three director nominees attended the meeting.

Edgar Filing: GSI GROUP INC - Form DEF 14A

During 2012, each director attended all Board meetings and all meetings of committees on which the director served, during the period in which he served as a director, except that one director attended 83% of such meetings and one director attended 89% of such meetings.

Table of Contents

The Audit Committee

The Audit Committee consists of Mr. Lamel, Mr. Romeo and Mr. Secor, with Mr. Lamel serving as Chairman. All members of the Audit Committee meet the membership requirements of NASDAQ, including the requirements regarding financial literacy and financial sophistication, and the Board has determined that each member of the Audit Committee is independent under the listing standards of NASDAQ and the rules of the SEC regarding audit committee membership. The Board has further determined that Mr. Lamel is an audit committee financial expert as defined by the SEC.

The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm, and is responsible for reviewing and discussing with management and the independent registered public accounting firm our audited consolidated financial statements included in our Annual Report on Form 10-K and our interim financial statements. The Audit Committee also reviews the independence and quality control procedures of the independent registered public accounting firm, reviews management's assessment of the effectiveness of internal controls, and discusses with management the Company's policies with respect to risk assessment and risk management.

The Compensation Committee

The Compensation Committee consists of Mr. Bershad, Mr. Fortino and Mr. Lamel, with Mr. Bershad serving as Chairman. All members of the Compensation Committee meet the membership requirements of NASDAQ.

The Compensation Committee is responsible for assisting our Board in fulfilling its fiduciary duties with respect to the oversight of the Company's compensation plans, policies and programs, including assessing our overall compensation structure, reviewing all executive compensation programs, incentive compensation plans and equity-based plans and determining executive compensation.

For a discussion of the Compensation Committee's processes and procedures for considering and determining compensation for our officers, please see the Compensation Discussion and Analysis section below.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (the NCG Committee) consists of Mr. Fortino, Mr. Bershad, Mr. Bosco and Mr. Secor, with Mr. Fortino serving as Chairman. All members of the NCG Committee meet the membership requirements of NASDAQ.

The NCG Committee is responsible for: (a) identifying individuals qualified to become Board members and recommending such individuals to the Board as director nominees; (b) developing and recommending to the Board a set of corporate governance principles applicable to the Company; (c) reviewing the qualifications of directors eligible to become members of the different committees of the Board and recommending to the Board director nominees for each committee; (d) overseeing periodic performance reviews of the Board; and (e) evaluating and making recommendations to our Board regarding director compensation.

Selection and Evaluation of Director Candidates

In searching for qualified director candidates for election to the Board and to fill vacancies on the Board, the NCG Committee solicits current directors for the names of potentially qualified candidates and may ask directors to pursue their own business contacts for the names of potentially qualified candidates. The NCG Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates, and in the event there is or is expected to be a vacancy on the Board, will consider suggestions from

Table of Contents

shareholders for nominees for election as directors and evaluate such suggested nominees on the same terms as candidates identified by directors, officers, outside advisors or search firms selected by the NCG Committee.

The criteria that the NCG Committee has established regarding the minimum qualifications for nominees are available on the Company's website at <http://www.gsig.com>, in the Investor Relations section, under the Corporate Governance tab, with the title of New Director Selection Process. The criteria center on finding candidates who have the highest level of integrity, are financially literate, have motivation and sufficient time to devote themselves to Company matters and who have skills that complement the skills and knowledge of the current directors. The Board and NCG Committee have not established a formal policy on the consideration of diversity in director candidates.

Once potential candidates are identified, the NCG Committee reviews the backgrounds of those candidates, conducts interviews of candidates and establishes a list of final candidates. To the extent practicable, final candidates are then interviewed by each member of the NCG Committee, the Chairman of the Board and the Chief Executive Officer. Reasonable efforts are made to have all remaining directors interview final candidates.

The NCG Committee and the Board have not established a formal policy with regard to the consideration of director candidates recommended by shareholders. This is due to the following factors: (i) the limited number of such recommendations, (ii) the need to evaluate such recommendations on a case-by-case basis, and (iii) the expectation that recommendations from shareholders would be considered in the same manner as recommendations by directors, officers, outside advisors or search firms in the event there is or is expected to be a vacancy on the Board.

Any shareholder who intends to recommend a candidate to the NCG Committee for nomination as a director should deliver written notice to the Company with the following information: (a) the suggested candidate's biographical data (including business experience, service on other boards, and academic credentials), (b) all transactions and relationships, if any, between the recommending shareholder or such candidate, on the one hand, and the Company or its management, on the other hand, as well as any relationships or arrangements, if any, between the recommending shareholder and the candidate and any other transactions or relationships of which the Board should be aware in order to evaluate such candidate's potential independence as a director, (c) details of whether the candidate or the recommending shareholder is involved in any on-going litigation adverse to the Company or is associated with an entity which is engaged in such litigation and (d) whether the candidate or any company for which the candidate serves or has served as an officer or director is, or has been, the subject of any bankruptcy, SEC or criminal proceedings or investigations, any civil proceedings or investigations related to fraud, accounting or financial misconduct, or any other material civil proceedings or investigations. The notice must also contain a written consent confirming the candidate's (a) consent to be nominated and named in the Company's management proxy circular and, if elected, to serve as a director of the Company and (b) agreement to be interviewed by the NCG Committee and submit additional information if requested to do so. Any such notice should be delivered to the Company sufficiently in advance of the Company's annual meeting to permit the NCG Committee, in the event there is or is expected to be a vacancy on the Board, to complete its review in a timely fashion.

Under the Company's Articles, a shareholder may propose a director candidate for inclusion in the Company's notice of meeting if the proposal is signed by one or more holders of shares representing in the aggregate not less than 5% of the common shares of the Company entitled to vote at the shareholders' meeting at which the nomination is to be presented. Any shareholder, as described in the preceding sentence, wishing to propose a director candidate for inclusion in the Company's notice of meeting must provide notice to the Company by February 14, 2014 and include the information about such nominee as discussed above with respect to director candidates recommended by shareholders.

Communications with the Board

The Board has not established a formal process for shareholders to send communications to the Board and/or individual directors due to the limited number of such communications historically. However, the names of all directors are available to shareholders in this management proxy circular and on the Company website. If the Company receives any shareholder communication intended for the full Board or any individual director, the Company will forward all such communications to the full Board or such individual director, unless the communication is clearly of a marketing nature or is unduly hostile, threatening, illegal or similarly inappropriate. Any shareholder communications should be sent to: GSI Group Inc., 125 Middlesex Turnpike, Bedford, Massachusetts 01730, Attention: Investor Relations.

Code of Ethics and Business Conduct

All of the Company's directors, officers and employees must act in accordance with the Code of Ethics and Business Conduct, which has been adopted by the Company's Board of Directors. A copy of the Code of Ethics and Business Conduct is available on the Company's website at <http://www.gsig.com> in the About GSI Group section. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding disclosure of an amendment to, or waiver from, a provision of this Code of Ethics and Business Conduct with respect to its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on the Company's website discussed above, unless a Form 8-K is otherwise required by law or applicable listing rules.

Orientation and Continuing Education

The Company's Corporate Governance Guidelines provide that directors are expected to participate in an orientation program within six months of the annual meeting at which new directors are elected or the date on which new directors are appointed. Mr. Bosco and Mr. Secor participated in the new director orientation program provided by the Company after their election at the 2012 Annual Meeting. In addition, the Company may periodically make available to its directors continuing educational opportunities designed to assist them in performing their Board and committee functions.

Assessments

The NCG Committee is responsible for annually overseeing a review of the performance of the Board, and each of the NCG Committee, Audit Committee and Compensation Committee is responsible for annually reviewing such committee's own performance. In January 2013, the NCG Committee adopted a comprehensive self-evaluation questionnaire for the Board and each of the Board's standing committees. Each director completed a questionnaire evaluating the performance of the Board as a whole and each committee on which such director served, and a summary of the results of these self-evaluations was discussed by the Board at its March 8, 2013 meeting.

Executive Summary

Compensation Philosophy

The Compensation Committee evaluates and sets executive compensation consistent with the Company's philosophy to provide a compensation package that incentivizes and retains a highly qualified executive team and rewards both short-term and long-term sustainable performance as measured against established goals. Our executive compensation structure seeks to promote this philosophy through a combination of the following types of awards: base salary, cash bonus incentive awards and long-term equity-based incentive awards in the form of service-based restricted stock units. The key elements of our stated philosophy are as follows:

Pay-for-Performance. The Compensation Committee reviews the overall design of our executive compensation program on an annual basis to ensure that our executive compensation is aligned with both annual and long-term performance goals.

Edgar Filing: GSI GROUP INC - Form DEF 14A

Compensation mix with a larger percentage of at-risk compensation. Through the adoption of a compensation structure offering cash based incentives and equity-based incentives, the Compensation Committee has increased the percentage of at-risk compensation for named executive officers. The Compensation Committee may also consider further increasing the emphasis on at-risk elements of compensation in the future by reducing or maintaining base salaries and increasing short-term and/or long-term incentive potentials.

Highlights of our 2012 Executive Compensation Program

When we emerged from bankruptcy and consummated our reorganization in 2010, we began rebuilding our executive team and implementing new executive compensation practices to reinforce our compensation philosophy. The rebuilding of our executive team was completed in 2012 with the hiring of Mr. Glastra as the Vice President and Group President of Laser Products on October 15, 2012.

The compensation practices and arrangements implemented in 2011 were continued in 2012. A summary of the compensation practices are set forth below:

Continuation of the Senior Management Incentive Plan (SMIP), a pay-for- performance compensation structure for senior executives, which seeks to balance the percentage of compensation provided in the forms of base salary, cash bonus incentive awards and long-term equity-based awards. The SMIP provides a competitive market-based compensation structure with direct alignment to shareholder interests that enables the Company to attract and retain key management talent.

Equity incentive awards were granted pursuant to the SMIP to align executive compensation with the long-term goal of enhancing shareholder value and to promote executive retention with the Company by granting awards that vest over several years.

The cash bonus incentive awards pursuant to the SMIP are determined based on several performance metrics, based on the Board's belief that the Company's growth and future success are dependent upon the achievement of both financial results and key business goals that are not necessarily financial in nature. The metrics are: (1) Business Group adjusted EBITDA target, (2) Company adjusted EBITDA target, (3) individual non-financial objectives, and (4) with respect to the SMIP for the second half of 2012, certain objectives related to discontinued operations. The Company currently defines adjusted EBITDA as earnings before deducting interest expense (net of interest income), income taxes, depreciation, amortization, non-cash stock-based compensation and other non-recurring or non-operating charges. The respective adjusted EBITDA target levels of performance are correlated with the Company's annual sales and income growth objectives. The individual, non-financial performance objectives target strategic, operational and organizational goals and objectives within the Company, which are aligned to the Company's overall strategic and financial success. The discontinued operations objectives are tied to the adjusted EBITDA targets and successfully entering into a definitive agreement to sell the Semiconductor Systems business unit and the Laser Systems business unit, in each case within a certain time frame and for a predetermined purchase price. See the Executive Compensation Program Elements section below for additional information about the performance metrics applicable to the 2012 cash bonus incentive awards.

In addition to the compensation practices described above, the Company has agreed to certain compensation terms and conditions that are set forth in employment or severance agreements or letters with the named executive officers. For a description of the employment and severance agreements and letters, see Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table and Potential Payments upon Termination or Change of Control.

Compensation Committee Members and Independence

The Compensation Committee is comprised of Messrs. Bershad, Fortino and Lamel. None of the current members were, at any time, officers or employees of the Company or its subsidiaries and the Board has determined that each member of the Compensation Committee is an independent director under the applicable rules of NASDAQ.

Role of the Compensation Committee

The Compensation Committee is responsible for designing, implementing and evaluating the Company's executive compensation plans and policies. Among its responsibilities, the Compensation Committee establishes our compensation philosophy and the framework for determining the compensation of our named executive officers and reviews, evaluates and approves base salaries, cash based incentives, long-term equity-based incentives and all other forms of compensation for these individuals.

The Compensation Committee receives advice and input, as applicable, from the Board of Directors, the Chief Executive Officer of the Company (the CEO), members of management, outside consultants, human resources representatives and the Company's outside legal counsel on compensation issues and regarding general compensation policies, including the appropriate level and mix of compensation for executive officers.

The Compensation Committee operates pursuant to a written charter (the Charter). The Charter sets forth the Compensation Committee's purpose, composition, authority, responsibilities, and procedures. The Compensation Committee reviews the Charter and recommends any proposed changes to the Board. The Charter is available at the Investor Relations page of the Company's website (<http://gsig.investorroom.com/charters>). In summary, the Compensation Committee has been established by the Board to determine the appropriate compensation of the Company's senior management. The Compensation Committee meets as often as the chair of the Compensation Committee deems necessary or advisable to fulfill its responsibilities. The Compensation Committee reports its actions and recommendations to the full Board of Directors at each quarterly meeting of the Board of Directors. The Compensation Committee meets in executive session and, where appropriate, with members of management, including the CEO, outside consultants, human resources representatives and the Company's outside legal counsel.

The Compensation Committee establishes all elements of compensation paid to the CEO, including the establishment of goals and objectives for the CEO, evaluation of the performance of the CEO in light of those goals and objectives and determination and approval of the compensation payable to the CEO based on such evaluation. The Compensation Committee has sole authority to determine the CEO's compensation and the CEO may not be present during voting or deliberations concerning his compensation.

The CEO is authorized by the Compensation Committee to evaluate the performance of the other named executive officers annually, or semi-annually with respect to cash-based incentives, and reports his findings to the Compensation Committee, together with his recommendations for compensation adjustments. The Compensation Committee meets with the CEO to discuss his evaluations and recommendations and retains the ultimate responsibility and authority for all compensation decisions made with respect to each of the named executive officers. Additionally, the Compensation Committee reviews and approves the establishment of the performance objectives, including the target financial objectives for the cash based incentives, applicable to each of the named executive officers.

Table of Contents

In its review of compensation to the named executive officers, the Compensation Committee assesses whether the Company's financial performance for the preceding year justifies adjustments to base salaries and granting of equity-based compensation. With regard to the cash bonus incentives, which are payable based on semi-annual performance targets, the Compensation Committee reviews (and, if necessary, certifies) performance against all objectives to confirm the appropriate level of payout. In addition, from time to time, the Compensation Committee may consider discretionary bonuses for performance exceeding expectations. The Compensation Committee then recommends its compensation proposal to the full Board for its approval.

Pursuant to the Charter, the Compensation Committee may form and delegate authority to subcommittees of the Compensation Committee, to the extent consistent with the Company's Articles of Association, Bylaws, Corporate Governance Guidelines, applicable law and NASDAQ rules, except that it may not delegate its responsibilities for any matters that involve executive compensation or any matters where it has determined such compensation is intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), by virtue of being approved by a committee of "outside directors" or is intended to be exempt from Section 16(b) under the Securities Exchange Act of 1934 pursuant to Rule 16b-3 by virtue of being approved by a committee of "non-employee directors."

Executive Compensation Philosophy

The Company's compensation policy seeks to build long-term sustainable shareholder value by tying compensation to financial performance and important Company goals, and by incentivizing and retaining a highly qualified executive team in an extremely competitive market for talent. Accordingly, the Compensation Committee believes executive compensation packages provided by the Company to its named executive officers should include both cash and equity-based compensation that reward performance as measured against established goals.

The following principles guide the Company's executive compensation program:

provide competitive compensation to attract and retain executive talent with the capability to lead within a global company;

emphasize variable pay to align executive compensation with the achievement of results that drive the Company's business strategy;

use equity-based incentive plans to tie a significant portion of compensation to the Company's long-term results, to align the executive's financial interests with those of our shareholders and to facilitate an ownership culture among executives;

design executive compensation programs that are affordable for the Company, including their impact on earnings and cash flow, that do not promote inappropriate or excessive risk-taking and that are flexible to respond to the changing needs of the business; and

provide transparency so that both executives and other stakeholders understand the executive compensation program and the objectives it seeks to achieve.

Executive Compensation and Comparable Company Data

Generally, each year, the Compensation Committee reviews each named executive officer's total compensation and, in connection therewith, considers market data for similar positions at other public companies and other relevant sources. The Compensation Committee works directly with the Company's human resources organization, which evaluates and presents the Compensation Committee with information gathered from public sources for officers at other public companies in order to help the Compensation Committee assess whether the total compensation paid to the named executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to the named executive officers are similar to those provided to executive officers at other public companies.

Table of Contents

The Compensation Committee does not believe it is appropriate to set executive compensation levels based exclusively on compensation surveys and comparable company data. Rather, the Compensation Committee uses these surveys and comparable company data as tools for internally assessing whether the Company's executive compensation program is, in the aggregate, reasonable in scope, market-competitive, and consistent from year to year. The surveys referenced by the Compensation Committee in 2012 include the Towers Watson CDB General Industry Executive Compensation Survey for 2012, Towers Watson's Top Management Compensation Survey for 2012, and the Mercer Executive Compensation Survey for 2012. When making its determinations, the Compensation Committee was not aware of the constituent companies used in such surveys or any other surveys described herein. Other important factors that drive compensation decisions include individual qualifications and expertise, responsibility, particular industry and market conditions of a business segment, complexity of position and specific market factors in the locations in which our named executive officers are employed. The Compensation Committee also considers the performance of the Company's named executive officers on an individual basis before determining the compensation arrangement for each of them.

The Compensation Committee may retain the services of advisors and it has the budgetary authority to hire such advisors as it deems necessary. Towers Watson, a leading global professional services company well known for its executive compensation practice, was engaged in prior years and in 2012, at the request of the Compensation Committee, to provide independent guidance regarding current market-based compensation structures, pay practices and rates of compensation for positions identified as named executive officer positions. The Company has assessed the independence of Towers Watson and its representatives and has determined that no conflicts of interest exist.

In addition to reviewing the general publicly-available survey data described above, the Compensation Committee also develops a list of competitor companies for consideration as the Company's peer group based on relevant factors including, industry, fiscal year and trailing twelve months revenue, market capitalization, total shareholder return and EBITDA. The peer group list is reviewed, amended and approved on an annual basis by the Compensation Committee. The external advisor, Towers Watson, is asked to develop a compensation report that identifies market-based compensation structures, pay practices and rates of compensation for targeted positions as compared to the Company's peer group. The peer group used in the 2012 Executive Market Review report prepared by Towers Watson dated March 6, 2012 was comprised of the following companies:

Analogic Corp.

Coherent Inc.

Newport Corp.

Rofin-Sinar Technologies Inc.

II-VI Inc.

Cymer Inc.

IPG Photonics Corporation

Electro Scientific Industries Inc.

Zygo Corp.

The source data for the analysis is a blend of peer group proxy data and standard Executive Compensation Survey report data. The Towers Watson reports are provided to the Compensation Committee to be used as a reference point when considering compensation packages for new hire named executive officers and are also generally requested on an annual basis for the Chief Executive Officer and Chief Financial Officer positions. The consultant fees for these services have not been significant.

In summary, in order to determine the competitiveness of the Company's overall compensation for executive officers, the Company reviews data provided by its external advisor, including compensation for comparable positions within its industry, the historical compensation levels of the executive officers and the individual performance of the executive officers evaluated against their individual objectives established for the

Table of Contents

preceding year, as applicable. These factors were considered in the compensation decisions made in 2012, including the compensation packages developed for the named executive officer hired in 2012 and the compensation adjustments made for other named executive officers.

Shareholder Say-On-Pay Vote

The Company was a smaller reporting company as of January 21, 2011 and therefore is not required to conduct shareholder advisory votes on (i) executive compensation or (ii) the frequency of advisory votes on executive compensation until the first annual or other meeting of shareholders on or after January 21, 2013. Thus, the votes described in this proxy statement are the first such votes being conducted by the Company.

Executive Compensation Program Elements

Executive compensation at the Company includes base salary, short-term cash bonus incentives, long-term equity-based incentives, employee benefits and, in certain situations, severance and other compensation. These elements were selected because the Compensation Committee believes they are necessary to help us attract and retain executive talent which is fundamental to our success. The elements of compensation may vary among executives based on the Compensation Committee's determination as to what is appropriate under the policies set forth above. Below is a summary of the current executive compensation programs as they relate to our named executive officers.

The following graphs depict the average target pay mix of base salary, short-term cash bonus incentives and long-term equity-based incentives, for our Chief Executive Officer and Chief Financial Officer and for our other named executive officers (other than Mr. Clarke).

- (1) Based on: annual base salary, annual target bonus and annual equity grant per their 2012 compensation agreements.
- (2) Based on: annual base salary, annual target bonus and annual equity grant per their 2012 compensation packages for Mr. Bader and Ms. Mulryan. Mr. Glastra's annual 2012 base salary, annual target bonus and 2012 annual equity grant is per his respective employment letter. Excludes one-time sign-on equity grant to Mr. Glastra for purposes of demonstrating target average annual pay mix.

Table of Contents**Base Salary**

Base salary is intended to be a fixed level of competitive income and is compensation for services rendered in the job that the named executive officer was hired to perform. In setting base salary, the Compensation Committee considers qualifications and experience, prior employment (including historical compensation), industry knowledge, scope and complexity of responsibilities (including potential growth in responsibilities), individual performance, quality of leadership, internal pay equity, survey data, and tax deductibility. No specific weighting is applied to the factors. Salaries are set once per year as part of the compensation review process. Annual increases to salaries, when approved and implemented, are based on individual performance, peer group data and cost of living adjustments. The annual base salaries for 2012 for each of our named executive officers are listed below:

	Annual Base Salary
Mr. Roush	\$ 525,000
Mr. Buckley	\$ 340,000
Mr. Bader	\$ 309,000
Mr. Glastra	\$ 380,000 (1)
Mr. Clarke	\$ 260,000 (2)
Ms. Mulryan	\$ 250,000

(1) Employment commenced on October 15, 2012.

(2) Employment terminated on September 28, 2012.

Cash Bonus Incentives

In 2011, the Compensation Committee implemented the SMIP for key management team members, including our named executive officers. The SMIP includes cash bonus incentives that are intended to motivate and reward the Company's key management team members for driving short-term performance within their respective organizations and across the Company, with the ultimate goal of creating shareholder value. The cash bonus incentives pursuant to the SMIP are earned semi-annually. The cash bonus incentives earned during the first half of 2012 were based upon the following performance metrics: (1) for some named executive officers, group adjusted EBITDA target (the Group Financial Objective), (2) Company adjusted EBITDA target (the Company Financial Objective and, together with the Group Financial Objective, the Financial Objectives), and (3) individual non-financial objectives (the Non-Financial Objectives). The cash bonus incentives earned during the second half of 2012 were based upon the following performance metrics: (1) for some named executive officers, the Group Financial Objective, (2) the Company Financial Objective, (3) the Non-Financial Objectives and (4) for some named executive officers, Company achievement of objectives related to discontinued operations (the Discontinued Operations Objectives). The Discontinued Operations Objectives were intended to incentivize the applicable named executive officers in their efforts to successfully enter into a definitive agreement to sell the Semiconductor Systems business unit and Laser Systems business unit and were also based on the operating performance of these business units.

For purposes of payment of Cash Bonus Incentives, adjusted EBITDA is defined as earnings before deducting interest expense (net of interest income), income taxes, depreciation, amortization, non-cash stock-based compensation and other non-recurring or non-operating charges. The target level of the Financial Objectives (provided below) is correlated with the Company's annual growth objectives. Although the target financial metrics of the SMIP are intended to be achievable, a maximum bonus would require very high levels of performance. Actual performance against the Financial Objectives must be within an established range of the target to result in any payout for the respective Financial Objectives, as described in more detail below. The Non-Financial Objectives were also designed to be challenging and spanned across strategic, operational and organizational areas.

Table of Contents

Each of our current named executive officers has an established bonus incentive target, which is based on a percentage of his or her current annual base salary. Pursuant to the SMIP, the target bonus would be payable upon 100% achievement of each of the applicable Financial Objectives, 100% achievement of the Non-Financial Objectives and 100% achievement of the Discontinued Operations Objectives. The table below describes the cash bonus incentive for each named executive officer under the SMIP, including the annual target as a percentage of base salary and the annual target in dollars. Refer to the Grants of Plan-Based Awards table for the maximum potential payouts of cash bonus incentives to each of the named executive officers pursuant to the SMIP.

	Cash Bonus Incentive Annual Target (% of base)	Cash Bonus Incentive Annual Target (\$)
Mr. Roush	100%	525,000
Mr. Buckley	70%	238,000
Mr. Bader	30%	92,700
Mr. Glastra	50% (1)	190,000 (1)
Mr. Clarke	50% (2)	130,000 (2)
Ms. Mulryan	35%	87,500

- (1) Mr. Glastra was hired in the latter half of 2012 and was eligible for a prorated three-month bonus for the second half of the SMIP; as such, for 2012 his respective target was 12.5% of base salary (\$47,500), or one-quarter of the annual 50% target.
- (2) Mr. Clarke terminated on September 28, 2012 and per the terms of his Separation Agreement will be paid, as severance, 100% of the portions of his target bonus that were based on the Company Financial Objective and the Group Financial Objective for the second half of 2012 and 100% of the portion based on his Non-Financial Objectives for 2012 (as well as 100% of his 2013 first half target bonus). The general parameters of the cash bonus incentives pursuant to the SMIP, as it relates to the named executive officers, are as follows:

In setting cash bonus incentive targets, the Compensation Committee considers the Company's strategic plan, scope of individual responsibilities, internal total cash compensation equity, external competitive market data, and other relevant factors.

Cash bonus payments are calculated as a percentage of the participant's base salary and are payable based on achievement of the Group Financial Objective (if applicable), the Company Financial Objective, the Non-Financial Objectives and the Discontinued Operations Objectives (if applicable), unless otherwise determined by the CEO and Board of Directors.

For Messrs. Roush, Buckley, Bader and Clarke and Ms. Mulryan, cash bonus incentives are earned in six-month cycles, subject to availability of consolidated financial statements for the respective six-month cycle. Payouts for all named executive officers are calculated for each cycle as the achievement against the respective Financial Objectives multiplied by the target bonus percentages and the base salary for the applicable period for each participant. Performance against the Non-Financial Objectives is assessed annually and such amounts earned are payable annually with the second half Financial Objectives. The target date for the first-half payout is August 15 of the then-current year and the target date for the second-half payout is March 15 of the following year. For Mr. Glastra, 2012 cash bonus incentives were earned in a three-month cycle for the second half of 2012.

Amounts earned based on the Financial Objectives will vary depending upon the level of achievement of the assigned Financial Objectives, and are calculated on payout curves. The threshold, target and maximum payouts pursuant to the respective Financial Objectives are presented below:

	Performance against	Payout for respective
	Financial Objectives	Financial Objectives
Threshold First Half 2012	Less than 75% of performance target	0% of target payout
Threshold Second Half 2012	50% or less of performance target	0% of target payout
Target	100% of performance target	100% of target payout
Maximum	150%+ of performance target	200% of target payout

The targets that would have resulted in a 100% payout of the respective Financial Objectives, as applicable, to each of the named executive officers in 2012, are as follows: first half financial targets: Company Financial Objective adjusted EBITDA of \$29.2 million, Laser Products Group Financial Objective adjusted EBITDA of \$9.4 and Precision Motion and Technologies Group Financial Objective adjusted EBITDA of \$25.8 million; second half financial targets: Company Financial Objective adjusted EBITDA of \$34.0 million, Laser Products Group Financial Objective adjusted EBITDA of \$11.1 million and Precision Motion and Technologies Group Financial Objective adjusted EBITDA of \$32.6 million.

The goals of the CEO specifically included: stabilizing the Company, building the organization, delivering financial results and implementing a growth strategy for the business. Each of the other named executive officers was assigned objectives with similar areas of focus. Actual performance against these goals is ultimately determined by the Compensation Committee and in no instance will exceed 100% of the target.

The targets that would have resulted in a 100% payout of the Discontinued Operations Objectives during the second half of the year are based on the following: (1) Semiconductor Systems adjusted EBITDA of \$5.0 million, (2) Laser Systems adjusted EBITDA of \$1.7 million, (3) successfully entering into a definitive agreement to sell the Semiconductor Systems business unit for a pre-determined purchase price and (4) successfully entering into a definitive agreement to sell the Laser Systems business unit for a pre-determined purchase price.

Equity-Based Compensation

The Company uses equity-based compensation to align executive compensation with long-term goals that enhance shareholder value and to promote executive retention with the Company by extending vesting periods over several years. Accordingly, the Company intends to make equity-based compensation a significant portion of compensation for the named executive officers, as demonstrated by the significant grants made to named executive officers in 2012.

Our annual grants of equity-based compensation are currently in the form of service-based restricted stock units that generally vest in one-third increments over three years based on continued service. The named executive officers' employment agreements or letters mandate the minimum values of their annual equity grants.

It is the Company's practice to make an initial equity-based grant in the form of restricted stock units to all executives at the time they commence employment in an amount that is consistent with those granted to executive officers within the Company and in the industry at similar levels of seniority using information obtained from sources such as the comparable company data provided by Towers Watson and the Mercer Executive Compensation Survey. The initial equity-based grants awarded to new hires, such as that awarded to Mr. Glastra, may also be in part intended to compensate them for equity awards which they forfeited as a result of their terminations of employment with their prior employer. We believe that these "make-whole" awards helped us attract recently hired named executive officers to the Company.

The restricted stock unit awards granted to each of the named executive officers vest in certain change of control situations. Additionally, certain restricted stock unit awards granted to Mr. Roush and Mr. Buckley provide for vesting upon certain terminations of employment, including termination without cause or for good reason, because these awards are intended to mirror the terms of equity awards and other compensation which each forfeited as a result of terminating employment with their prior employer. In the future, the Company will determine whether equity awards will vest upon any terminations of employment on a case-by-case basis. Further discussion of accelerated vesting of restricted stock units is described in "Potential Payments Upon Termination or Change of Control" below.

Table of Contents

The following table presents the equity grants awarded to the Company's named executive officers in 2012, including equity awards granted upon commencement of employment and annual equity awards granted, as applicable:

	Restricted Stock Units (#)(1)	Value of Restricted Stock Units \$(2)
Mr. Roush	91,304 (3)	1,049,996
Mr. Buckley	44,348 (3)	510,002
Mr. Bader	16,957 (3)	195,006
Mr. Glastra	75,000 (4)	597,000
Ms. Mulryan	10,217 (3)	117,496
Mr. Clarke	10,000 (3)	204,100

- (1) Our annual grants of restricted stock units vest over a three-year period and are subject to accelerated vesting in certain situations as described more fully in the "Potential Payments Upon Termination or Change of Control" section below.
- (2) Based on the stock price on the respective date of grant.
- (3) 2012 annual equity grant. The number of restricted stock units are granted pursuant to the terms and conditions of the officer's employment agreement.
- (4) 2012 equity grant pursuant to the employment letter entered into on August 24, 2012. Mr. Glastra's restricted stock units cliff vest on October 30, 2015 and are subject to accelerated vesting in certain situations as described more fully in the "Potential Payments Upon Termination or Change of Control" section below.

Other Factors Influencing Compensation

When making compensation decisions, the Compensation Committee takes many other factors into account, including the individual's performance in his or her role and against individual goals (particularly over the past year), the individual's expected future contributions to the Company's success, the financial and operational results of our business groups and the Company as a whole, the individual's historical compensation and any retention concerns, and the Chief Executive Officer's recommendations (in the case of named executive officers other than the Chief Executive Officer). In looking at historical compensation, the Compensation Committee looks at the progression of salary increases over time, and also looks at the unvested and vested value of outstanding equity awards. The Compensation Committee uses the same factors in evaluating the Chief Executive Officer's performance and compensation that it uses for the other named executive officers.

Employee Benefits and Other Compensation

In addition to the elements of compensation discussed above, the Company offers the named executive officers contributions towards health, dental, life, accidental death and dismemberment, and disability insurance premiums consistent with the Company's contribution levels offered to all other employees of the Company. The Company does not offer a deferred compensation program, nor does it offer retirement benefits other than a 401(k) defined contribution plan. This plan provides for Company matching contributions of 50% of the first six percent of compensation up to the maximum amount allowed under the Internal Revenue Code.

Messrs. Roush and Buckley are provided with life insurance benefits in excess of those available to all other employees, to comply with the terms of their respective employment agreements that stipulate that the Company will provide life insurance benefits in the face amount equal to no less than 400% of their respective annual base salaries. The life insurance benefits were negotiated in connection with our hiring of Messrs. Roush

Table of Contents

and Buckley to assist in their recruitment and retention. The cost of such supplemental life insurance benefits for Messrs. Roush and Buckley in 2012 equaled \$1,245 and \$540, respectively. The Company does not intend to offer life insurance benefits in excess of the maximum allowed under its Group Life Insurance policy to its other named executive officers.

Severance and Change of Control Benefits

The Company has certain obligations to its named executive officers in specified circumstances, including termination of employment or a change of control of GSI Group Inc., pursuant to the terms of individualized employment and severance agreements and letters. See Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table for a description of the employment agreements and letters and Potential Payments Upon Termination or Change of Control for a description of the severance and change in control obligations in such agreements and letters.

As described under Potential Payments Upon Termination or Change of Control, on September 7, 2012, the Company entered into a letter agreement with Mr. Clarke (the Clarke Letter Agreement) in which the terms and conditions related to his resignation from employment effective September 28, 2012 were specified. The letter agreement provides for 12 months of salary and benefits continuation as severance. In addition, the letter agreement provides for a cash payment in an aggregate amount equal to \$130,000, based on his target amounts under the SMIP, as described above, payable in two installments of \$78,000 and \$52,000, respectively. Finally, the letter agreement provides for the accelerated vesting of certain restricted stock unit awards. Mr. Clarke was required to execute a release of claims in favor of the Company and to agree to comply with certain restrictive covenants in exchange for these severance benefits.

The respective employment agreements with Messrs. Roush and Buckley contain a Section 280G tax gross-up provision, which provides for a payment to Messrs. Roush and Buckley if they should become subject to parachute payment excise taxes imposed in connection with any change of control of the Company. These provisions were negotiated in connection with our hiring of Messrs. Roush and Buckley. Although the Company determined that such provisions were appropriate for Messrs. Roush and Buckley in order to assist in their recruitment and retention and in order to help ensure a stable senior management team in the event of any future change of control transaction, the Company does not currently plan to implement similar tax gross-ups for other executives in the future.

Tax and Accounting Implications

In 2012, the Company's compensation programs were affected by each of the following:

Accounting for Stock-Based Compensation: The Company accounts for stock-based compensation in accordance with the requirements of Accounting Standards Codification (ASC) 718, Stock Compensation. The Company also takes into consideration ASC 718 and other generally accepted accounting principles in determining changes to policies and practices for its stock-based compensation programs.

Section 162(m) of the Internal Revenue Code: This section generally limits the deductibility, for U.S. corporate income tax purposes, of compensation for a public company's chief executive officer and its four other most highly compensated officers unless the compensation is less than \$1 million during any fiscal year or is performance-based under Section 162(m). The Company periodically reviews the potential consequences of Section 162(m), and it generally intends to structure the performance-based portion of executive compensation, where feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to the Company. The Compensation Committee in its judgment may, however, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such compensation is appropriate and in the best interests of the shareholders after taking various factors into consideration, including business conditions and the performance of such executive officer.

Edgar Filing: GSI GROUP INC - Form DEF 14A

Amount shown for Mr. Glastra in 2012 represents a \$115,000 sign-on bonus pursuant to his employment agreement and an additional \$6,829 sign-on bonus that the Compensation Committee later decided to award him because of his forfeiture of certain compensation from his previous employer, both payable in March 2013. Amounts shown for Messrs. Roush and Buckley in 2011 represent a portion of their cash bonus under the SMIP that was guaranteed pursuant to their respective employment agreements. However, the amount of the SMIP bonuses actually paid to Messrs. Roush and Buckley with respect to 2011 based on actual Company and individual performance exceeded the guaranteed amounts and thus the guarantee was not applicable. Amount shown for Mr. Roush in 2010 represents a sign-on bonus pursuant to his employment agreement.

- (2) Amounts shown do not reflect compensation actually received. Rather, amounts shown represent the aggregate grant date fair value of these awards determined in accordance with ASC 718 (disregarding any reduction in such value due to any estimate of forfeitures related to service-based vesting conditions). Under

Table of Contents

ASC 718, compensation expense with respect to stock awards is generally recognized over the vesting periods applicable to the awards. For further discussion regarding the assumptions used in the estimation of the fair value of the 2012 awards and details regarding the associated calculation of compensation cost related thereto, refer to Note 11 to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

- (3) Amounts shown consist of awards earned during the period based on performance under the applicable annual cash bonus incentive plan. There was no cash bonus incentive plan applicable to the NEOs in 2010. Amounts shown in 2012 and 2011 relate to the SMIP, which is applicable to each of the NEOs. Amounts earned under the SMIP are generally payable semi-annually, subject to continued employment through the date of payment. The amounts earned in the first half of the year for Financial Objectives are payable by August 15 of the current year. The amounts earned in the second half for Financial Objectives and Discontinued Operations Objectives and the amounts earned for Non-Financial Objectives are payable by March 15 of the following year.
- (4) Amounts in 2012 include the following:

	Mr. Roush	Mr. Buckley	Mr. Bader	Mr. Glastra	Ms. Mulryan	Mr. Clarke
	(\$)	(\$)	(\$)	(\$)	(\$)	(\$)
Defined Contribution Plan Match	6,606	5,550	5,362	2,192	5,746	7,297
Group Term Life Insurance	360	216	552	48	1,032	210
Supplemental Life Insurance	1,245	540				
Severance: Salary Continuation					-	55,000 ¹
Severance: Bonus						78,000 ²
Vacation Payout					-	42,283 ³
	8,211	6,306	5,914	2,240	6,778	182,790

¹ Amount represents salary continuation payments received by Mr. Clarke in 2012 in accordance with Mr. Clarke's Letter Agreement. Mr. Clarke is entitled to salary continuation payments for 12 months after termination of employment. The aggregate value of all salary continuation payments expected to be paid equals \$260,000.

² Amount represents bonus in respect to the second half of 2012, in accordance with Mr. Clarke's Letter Agreement. In addition, Mr. Clarke will be paid a \$52,000 bonus related to the first half of 2013, which is expected to be paid in August 2013.

³ Amount represents payment for earned and accrued unused vacation time through the date of employment termination (September 28, 2012), in accordance with Mr. Clarke's Letter Agreement.

- (5) Mr. Clarke was granted 10,000 restricted stock units on March 31, 2011 and 10,000 restricted stock units on March 8, 2012 in connection with his 2011 and 2012 annual equity grants. On the date of termination (September 28, 2012), 16,667 restricted stock units remained unvested. Pursuant to the terms of the Clarke Letter Agreement, 10,000 of these restricted stock units were subject to immediate vesting and the remaining 6,667 restricted stock units were forfeited. Therefore, the amount shown represents the aggregate grant date fair value of Mr. Clarke's 2012 equity award based on the stock price on March 8, 2012, plus the aggregate incremental fair value of the accelerated awards based on the stock price on the date of modification (September 28, 2012) computed in accordance with ASC 718.

(1) Amounts in these columns reflect aggregate threshold, target and maximum payout levels under the SMIP. Pursuant to the SMIP, each NEO has an established target bonus which is based on a percentage of the respective NEO's base salary. A target payout assumes a 100% payout of the target bonus based on 100% achievement of each of the respective components of the SMIP. A threshold payout assumes 0% payout for failure to attain each of the respective components of the SMIP. A maximum payout assumes a 200% payout for achievement of 150% or more of the Company Financial Objective, a 200% payout for achievement of 150% or more of the respective Group Financial Objective, as applicable, and a 100% payout for full achievement of the Non-Financial Objectives. See the section entitled "Compensation Discussion and Analysis" for the weightings of each of the performance metrics for each NEO. The target and maximum payout amounts for Mr. Glastra reflect participation only in three months of the second half of the SMIP plan, based on his offer letter, or 12.5% of the established annual target and maximum bonus potential. Further information regarding amounts earned is provided in the section entitled "Compensation Discussion and Analysis". The actual amount earned is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

Employment and Severance Agreements and Letters

Employment Agreement with Mr. Roush

On November 16, 2010, the Company and Mr. Roush entered into an employment agreement (as defined above, the CEO Employment Agreement). The initial term of the CEO Employment Agreement is a period of three years from December 13, 2010 through December 13, 2013, unless earlier terminated. The initial term will

Table of Contents

automatically renew for successive one year periods, unless either party gives notice of non-extension no later than 90 days prior to expiration of the then-applicable term. Pursuant to the terms of the CEO Employment Agreement, there are certain obligations of the Company that become due in the event of termination or change of control.

Upon termination of Mr. Roush's employment for any reason, Mr. Roush or Mr. Roush's estate is entitled to receive: (i) any portion of Mr. Roush's annual base salary through the date of termination not theretofore paid, (ii) any business expenses owed to Mr. Roush, (iii) any accrued, but unused vacation pay owed to Mr. Roush and (iv) any amount arising from Mr. Roush's participation in, or benefits under, any employee benefit plans, programs or arrangements (together referred to as "CEO Accrued Amounts").

If Mr. Roush's employment is terminated by the Company without Cause (as defined in the CEO Employment Agreement) or by Mr. Roush for Good Reason (as defined in the CEO Employment Agreement and which generally consists of (a) a material diminution in Mr. Roush's responsibilities, duties or authority or a material diminution in his title, (b) failure of the Company to make any material payment or provide any material benefit under the CEO Employment Agreement, (c) the Company's material breach of the CEO Employment Agreement or (d) a material relocation of Mr. Roush's place of employment), then in addition to the payment of the CEO Accrued Amounts, the Company will: (i) continue to pay Mr. Roush's annual base salary for 18 months in accordance with the Company's regular payroll practices; provided that if such termination occurs within 12 months after a Change in Control (as defined in the CEO Employment Agreement), then, in lieu of the foregoing annual base salary payments, the Company will pay Mr. Roush a lump sum equal to 200% of his annual base salary, (ii) pay Mr. Roush a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company and (iii) cause any unvested RSUs granted in connection with Mr. Roush's commencement of employment (the "CEO Sign-On RSUs") to become fully vested, a pro rata portion of the equity awards granted to Mr. Roush in 2011 and 2012 (the "CEO 2011 and 2012 RSUs") and a pro rata portion of any annual equity awards granted to Mr. Roush (the "CEO Annual Equity Awards") subject to service-based vesting to become vested, and a pro rata portion of any CEO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance; provided that if such termination occurs (x) while Mr. Roush is unable to engage in substantial gainful activity that may reasonably be expected to result in Disability (as defined in the CEO Employment Agreement), then the Company will cause the CEO Sign-On RSUs, the CEO 2011 and 2012 RSUs, and all CEO Annual Equity Awards subject to service-based vesting to be fully vested and all CEO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance, and (y) within 12 months after a Change in Control, then the Company will cause all unvested equity awards held by Mr. Roush to become vested, deeming that the Company will attain "target" performance levels for purposes of awards subject to performance-based vesting.

If Mr. Roush's employment is terminated due to death or by the Company due to Disability, then in addition to the payment of the CEO Accrued Amounts, the Company will: (i) pay Mr. Roush a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company, (ii) cause any unvested CEO Sign-On RSUs, CEO 2011 and 2012 RSUs and CEO Annual Equity Awards subject to service-based vesting to become fully vested, and (iii) cause all CEO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance.

Mr. Roush is also entitled to a tax gross-up in the event that any payments due to him pursuant to the CEO Employment Agreement or otherwise would be subject to an excise tax imposed by Sections 280G and 4999 of the Internal Revenue Code. The gross-up is intended to be of an amount necessary to place Mr. Roush in the same after-tax position as if no payments to him were subject to an excise tax under Sections 280G and 4999 of the Internal Revenue Code.

Table of Contents

The severance payments and benefits provided for in the CEO Employment Agreement are subject to Mr. Roush's compliance with a non-competition and non-solicitation covenant through the date that is 18 months following termination and an indefinite confidentiality covenant, and no severance payments will be made or acceleration of vesting will occur following the date of any violation of any such covenants, unless Mr. Roush cures such violation within 30 days of written notice thereof.

The initial term of Mr. Buckley's employment (the Initial CFO Term) expires on February 22, 2014, unless earlier terminated. The initial term will automatically renew for successive one year periods, unless either party gives notice of non-extension no later than 90 days prior to expiration of the then-applicable term. Pursuant to the terms of the CFO Employment Agreement, there are certain obligations of the Company that become due in the event of termination or change of control.

Upon termination of Mr. Buckley's employment for any reason, Mr. Buckley or Mr. Buckley's estate is entitled to receive: (i) any portion of Mr. Buckley's annual base salary through the date of termination not theretofore paid, (ii) any business expenses owed to Mr. Buckley, (iii) any accrued, but unused vacation pay owed to Mr. Buckley and (iv) any amount arising from Mr. Buckley's participation in, or benefits under, any employee benefit plans, programs or arrangements (together referred to as CFO Accrued Amounts).

If Mr. Buckley's employment is terminated by the Company without Cause (as defined in the CFO Employment Agreement) or by Mr. Buckley for Good Reason (as defined in the CFO Employment Agreement and as described above for the CEO), then in addition to the payment of the CFO Accrued Amounts, the Company will: (i) continue to pay the annual base salary for 18 months in accordance with the Company's regular payroll practices; provided that if such termination occurs within 12 months after a Change in Control (as defined in the CFO Employment Agreement), then, in lieu of the foregoing annual base salary payments, the Company will pay Mr. Buckley a lump sum equal to 200% of his annual base salary, (ii) pay Mr. Buckley a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company and (iii) cause any unvested RSUs granted in connection with Mr. Buckley's commencement of employment (the CFO Sign-On RSUs) to become fully vested, the pro rata portion of the RSUs granted to Mr. Buckley in 2011 and 2012 (the CFO 2011 and 2012 RSUs) and a pro rata portion of any annual equity awards granted to Mr. Buckley (the CFO Annual Equity Awards) subject to service-based vesting to become vested, and the pro rata portion of any CFO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance; provided that if such termination occurs while Mr. Buckley is unable to engage in substantial gainful activity that may reasonably be expected to result in Disability (as defined in the CFO Employment Agreement), then the Company will cause the CFO Sign-On RSUs, the CFO 2011 and 2012 RSUs, and all CFO Annual Equity Awards subject to service-based vesting to be fully vested and all CFO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance.

If Mr. Buckley's employment is terminated due to death or by the Company due to Disability, then in addition to the payment of the CFO Accrued Amounts, the Company will: (i) pay Mr. Buckley a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company, (ii) cause any unvested CFO Sign-On RSUs, CFO 2011 and 2012 RSUs and CFO Annual Equity Awards subject to service-based vesting to become fully vested, and (iii) cause all CFO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance.

Mr. Buckley is also entitled to a tax gross-up in the event that any payments due to him pursuant to the CFO Employment Agreement or otherwise would be subject to an excise tax imposed by Sections 280G and 4999 of the Internal Revenue Code. The gross-up is intended to be of an amount necessary to place Mr. Buckley in the same after-tax position as if no payments to him were subject to an excise tax under Sections 280G and 4999 of the Internal Revenue Code.

The severance payments and benefits provided for in the CFO Employment Agreement are subject to Mr. Buckley's compliance with a non-competition and non-solicitation covenant through the date that is 18 months following termination and an indefinite confidentiality covenant, and no severance payments will be made or acceleration of vesting will occur following the date of any violation of any such covenants, unless Mr. Buckley cures such violation within 30 days of written notice thereof.

The Bader Severance Agreement provides that, to the extent Mr. Bader's payments would otherwise be subject to the excise tax imposed by Sections 280G and 4999 of the Internal Revenue Code, his payments will be reduced to an amount one dollar less than the minimum amount that, when combined with any other of his benefits considered parachute payments, would subject him to the excise tax. The severance payments and benefits are also subject to Mr. Bader's execution of a release of claims against the Company.

In general, the Company uses a combination of cash and equity-based compensation to attract and retain candidates to serve on the Company's Board of Directors. The Company does not compensate directors who are also employees for their service on the Board of Directors. Accordingly, during the year ended December 31, 2012, Mr. Roush, who served as the Company's Chief Executive Officer, did not receive any compensation for his service on the Board of Directors. The Board of Director compensation is overseen by the Nominating and Corporate Governance Committee rather than the Compensation Committee, which focuses on employee compensation. The Nominating and Corporate Governance Committee periodically reviews its cash and equity-based compensation for non-employee directors and makes recommendations to the Board of Directors for any adjustments.

The Board of Directors approved the following compensation for non-employee directors:

Each non-employee member of the Board of Directors will receive an annual retainer in the amount of \$125,000.

The Chairperson of the Audit Committee will receive an additional annual retainer in the amount of \$15,000.

The Chairpersons of the Compensation Committee and the Nominating and Corporate Governance Committee will each receive an additional annual retainer in the amount of \$10,000 (unless any such Chairperson is also serving as non-executive Chairperson of the Board of Directors).

The non-executive Chairperson of the Board of Directors will receive an additional annual retainer in the amount of \$125,000. Fifty percent of the foregoing non-employee director compensation will be paid in the form of cash and the remaining fifty percent of such compensation will be payable in the form of deferred stock units, which will be convertible into shares of the Company's common stock upon a holder's termination of directorship with the Company.

As of the end of the Company's fiscal year ended December 31, 2012, each director was also a party to an indemnification agreement with the Company. Such indemnification agreements generally provide, among other things, that each director shall be indemnified to the fullest extent permitted by applicable law against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such director in connection with any proceeding by reason of his or her relationship with the Company. In addition, such indemnification agreements provide for the advancement of expenses incurred by such director in connection with any proceeding covered by such indemnification agreements, subject to the conditions set forth therein and to the extent such advancement is not prohibited by law.

Thomas N. Secor	34,168	34,591	68,759

- (1) All fees earned by the Company's Board of Directors during the year ended December 31, 2012 were paid in full prior to December 31, 2012.
- (2) Amounts shown do not reflect compensation actually received. Rather, amounts shown represent the aggregate grant date fair value of these awards determined in accordance with ASC 718. The deferred stock units granted by the Company were fully vested on the grant date and the associated expense was recognized in full on the grant date in accordance with ASC 718. For further discussion regarding the assumptions used in the estimation of the fair value of the awards and details regarding the associated calculation of compensation cost related thereto, refer to Note 11 to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.
- (3) All awards were granted at the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. The amounts represent the aggregate grant date fair value associated with the respective annual deferred stock unit award granted to each director on January 1, 2012 and July 2, 2012 of \$10.79 and \$11.60, respectively, per share. However, in accordance with the compensation arrangement with the Board of Directors, the number of deferred stock units granted on January 1, 2012 was determined based on the closing price of the Company's common stock as of the last day of the preceding fiscal year, December 31, 2011, \$10.23 per share. The number of deferred stock units granted on July 2, 2012 was determined based on the closing price of the Company's common stock as of June 29, 2012, \$11.46 per share. Because the stock price on the date of grant is greater than the stock price on the date the number of shares to be granted was determined, the value of the stock awards granted in 2012 is greater than 50% of the respective total compensation.

CERTAIN RELATIONSHIPS

The Company's written Code of Ethics and Business Conduct sets forth the general principle that the Company's directors, officers and employees must act in the best interests of the Company and must refrain from engaging in any activity that presents a conflict of interest or having a personal interest that presents a conflict of interest. The Code of Ethics and Business Conduct generally provides that a conflict of interest occurs when an individual's personal interest interferes, or appears to interfere, with those of the Company. There may be times when a commercial relationship involving the Company's directors, officers or employees or their family members is beneficial to the Company and is not likely to raise material conflict of interest issues, but those situations should be disclosed to the Company for further review. The Company's policy is to review periodically, but not less than annually, all related party transactions for potential conflict of interest situations. The Company's corporate staff is primarily responsible for monitoring and obtaining information from the directors and officers with respect to related party transactions and for then determining, based on the facts and circumstances, whether the Company or a related party has a direct or indirect material interest in the transaction. If deemed necessary, the Audit Committee of the Board of Directors may review certain related party transactions to determine if any transaction creates a conflict of interest.

David Clarke was an executive officer and vice president of the Company and served as Vice President, Group President of Laser Products business group from May 9, 2011 until September 28, 2012. Mr. Clarke also served as the President of Synrad, Inc., a subsidiary of the Company. Mr. Clarke is related by marriage to Jenifer Bunis, who served as Vice President and General Manager of Synrad prior to October 19, 2012, when she terminated her employment with Synrad. Ms. Bunis reported to Mr. Clarke in her role at Synrad. During the year ended December 31, 2012, Ms. Bunis earned approximately \$172,000 in compensation from the Company, including base salary of approximately \$146,000, non-equity incentive plan compensation of approximately \$22,000, defined contribution plan match of approximately \$4,000 time-based restricted stock units with an aggregate grant date value determined in accordance with ASC 718 of approximately \$59,800, which were forfeited due to Ms. Bunis' termination.

As previously reported on the Company's Current Report on Form 8-K, filed with the SEC on July 23, 2010, the Company entered into a Registration Rights Agreement (the "Registration Rights Agreement") with certain holders of the Company's prepetition notes. One of the Company's shareholder's that formerly beneficially owned over 5% of the Company's common shares, Liberty Harbor Master Fund I, LP., is party to the Registration Rights Agreement. The Registration Rights Agreement provides that, from the time the Company became current in its reporting obligations under the Securities Exchange Act of 1934 (the "Exchange Act") and for as long as it remains a public company with shares registered under the Exchange Act, the parties to the Registration Rights Agreement that collectively own at least 30% of the registrable securities have a right to twice demand the registration of their registrable securities on a registration statement. The registration may be a shelf registration, filed with the SEC on an underwritten or non-underwritten basis. In addition, the parties to the Registration Rights Agreement have unlimited piggyback registration rights.
