OPERATING AND FINANCIAL REVIEW AND PROSPECTS AS OF MARCH 31, 2013

Services revenues amounted to \$5,519 (+18% vs. 1Q12) and represented 91% of consolidated revenues (similar to 1Q12). Equipment revenues increased 27%, amounting to \$545 and represented 9% of consolidated revenues (similar to 1Q12).

Fixed services

During 1Q13, services revenues generated by this segment amounted to \$1,602, +\$199 or 14% vs. 1Q12, where Internet revenues have grown the most (+\$117 or 26% vs. 1Q12), followed by data transmission (+\$50 or 31% vs. 1Q12) and voice retail services (+\$22 or 4% vs. 1Q12).

Voice

Voice retail revenues amounted to \$629 in 1Q13 (+4% vs. 1Q12). The results of this line of business are still affected by frozen tariffs of regulated services. Revenues from regulated services reached approximately 34% of the segment revenues in 1Q13 (vs. 39% in 1Q12).

Monthly Charges and Supplementary Services increased \$17 or 7% vs. 1Q12, to \$269, as a consequence of an increase in supplementary services (not regulated), mainly due to an increase of their prices and of the subscriber base.

Revenues generated by measured services (Local Measured Service, Domestic Long Distance and International Long Distance services) amounted to \$329, (+\$13 or 4% vs. 1Q12), mainly due to the increase of domestic plans and the positive effect of the flat rate packs sales. In relative terms, revenues from local measured service increased the most with 7% vs. 1Q12 and followed by DLD revenues (+5% vs. 1Q12).

Voice wholesale revenues (including fixed and mobile interconnection revenues, together with the revenues generated by the subsidiary Telecom USA amounting to \$15) amounted to \$185 in 1Q13 (+6% vs. 1Q12). Interconnection fixed and mobile revenues amounted to \$113 (a slightly increase vs. 1Q12 as a result of an increase in the domestic traffic). The other wholesale revenues amounted to \$72 in 1Q13 (+18% vs. 1Q12).

Internet

Internet revenues amounted to \$575 (+\$117 or 26% vs. 1Q12) mainly due to the expansion of the Broadband service (+4% of customers vs. 1Q12) and an increase in average prices resulting in an improvement in the Average Monthly Revenue per User (ARPU), that amounted to \$114.9 pesos in 1Q13 vs. \$95.6 pesos in 1Q12). As of March 31, 2013, Telecom Argentina reached approximately 1,626,000 ADSL customers. These connections represent approximately 40% of Telecom Argentina s fixed lines in service (vs. 38% in 1Q12).

Internet revenues represent 10% of consolidated revenues (similar to 1Q12) and 36% of fixed services segment revenues (vs. 33% in 1Q12).

Data

Data transmission revenues amounted to \$213 (+\$50 vs. 1Q12), where the focus was to strengthen Telecom Argentina s position as an integrated TICs provider (Datacenter, VPN, among others) for wholesale and government segments. The increase was mainly due to the growth of Integra and VPN IP services (private data networks services that replaces the point to point services).

Personal Mobile Services

During 1Q13, total services revenues amounted to \$3,668, +567 or 18% vs. 1Q12, being the principal business segment in revenues terms (60% of consolidated revenues in 1Q13 and 1Q12). Personal reached 19.1 million subscribers in Argentina (+3% vs. 1Q12) thus improving its market position related to subscriber s base and maintaining the leadership in revenues in the mobile industry. Approximately 67% of the subscriber base

is prepaid subscribers and 33% is postpaid subscribers (including Cuentas Claras plans and Mobile Internet dongles).

Voice

Voice retail revenues amounted to \$1,214 in 1Q13 (+13% vs. 1Q12). The increase was mainly due to the increase in the lines billed, the increase in the average price of different plans and an increase in the subscriber base, specially Cuentas Claras subscribers.

Voice wholesale revenues amounted to \$448 in 1Q13 (+5% vs. 1Q12). The increase was mainly due to higher traffic in SMS and GPRS roaming in the national segment and an increase in the GPRS traffic in the international segment.

OPERATING AND FINANCIAL REVIEW AND PROSPECTS AS OF MARCH 31, 2013

II

Internet

Internet revenues amounted to \$391 (+\$115 or 42% vs. 1Q12), mainly fueled by the increase in the offer of services, plans and packs (including VAS) launched by Personal. This growth was fueled by new subscribers and the migration of existing ones to higher value plans.

Data

Mobile data services revenues amounted to \$1,615 (+292 or 22% vs. 1Q12). This increase was mainly due to the constant SMS sales increase as a result of several campaigns launched by Personal and the growth of the offers of SMS consumption, which represented an inter-annual increase of \$252 vs. 1Q12. This increase was reflected both in prepaid or postpaid customers and is mainly due to the increase in the subscribers base.

As a consequence of the voice traffic increase and the VAS use (Internet and data), ARPU increased to \$62.1 pesos in 1Q13 (vs. \$54.9 pesos or +13% in 1Q12).

VAS revenues (data and Internet) amounted to \$2,006 (+28% vs. 1Q12) and represented 55% of Mobile Services Personal services revenues (vs. 52% in 1Q12).

Núcleo Mobile Services

This segment generated revenues equivalent to \$249 during 1Q13 (+\$56 or 29% vs. 1Q12) mainly due to the increase in the subscriber base (+6%), the appreciation of the Guaraní respect to the argentine peso (+20% inter-annual) generating an effect in revenues conversion and the increase of Mobile Internet revenues (+138% vs. 1Q12) related to the increase in the subscriber base. As of March 31, 2013, Núcleo s subscriber base reached 2.3 million customers. Prepaid and postpaid subscribers (including Plan Control subscribers and mobile Internet subscribers) represented 81% and 19%, respectively in 1Q13.

VAS revenues (data and Internet) amounted to \$140 (+57% vs. 1Q12) and represented 56% of Núcleo Mobile Services segment services revenues (vs. 46% in 1Q12).

Equipment

Revenues from equipment amounted to \$545, +\$116 or 27% vs. 1Q12. This increase is mainly related to the Personal Mobile services segment with an increase of \$113 vs. 1Q12. The increase was mainly due to lower handsets sold (-25% vs. 1Q12) and an increase in their average prices (+68% vs. 1Q12). This situation was mainly due to a reduction of subsidy policy, the increase in average prices related to higher-value handsets demand and the business strategy to attract high-value subscribers. In the Núcleo Mobile Services segment the increase was mainly due to a higher number of handsets sold as a result of the launch of targeted promotions to capture new subscribers and retaining existing ones, associated to the effect of the appreciation of the Guaraní respect to the argentine peso.

Operating costs

Consolidated operating costs including depreciation, amortization and gain on disposal of PP&E amounted to \$4,958 in 1Q13, which represented an increase of \$861 or +21% vs. 1Q12. The increase in costs is mainly a consequence of a higher revenues, higher expenses related to competition in mobile and Internet businesses, higher direct and indirect labor costs on the cost structure of the Group in Argentina, the increase in the average rates of the turnover tax and the effect of the appreciation of the Guaraní (+20% inter-annual) respect to the argentine peso, affecting the operations in Paraguay.

OPERATING AND FINANCIAL REVIEW AND PROSPECTS AS OF MARCH 31, 2013

The costs breakdown is as follows:

Employee benefit expenses and severance payments

Employee benefit expenses and severance payments amounted to \$868 (+\$191 or 28% vs. 1Q12). The increase was mainly due to an increase in the headcount and increases in salaries agreed by Telecom Argentina with several trade unions for the unionized employees and also to non-unionized employees, together with related social security charges. With a total headcount of 16,752 by the end of 1Q13 (+164 vs. 1Q12 including temporary employees), lines in service per employee reached 371 in the Fixed Services segment (slightly lower than 1Q12), subscribers per employee reached 3,642 in the Personal Mobile Services segment (-2% vs. 1Q12) and subscribers per employee reached 5.354 (+5% vs. 1Q12) in the Núcleo Mobile Services segment.

Interconnection costs and other telecommunication charges

Interconnection costs and other telecommunication charges (including charges for TLRD, Roaming, Interconnection costs, cost of international outbound calls and lease of circuits) amounted to \$484 (+\$76 or 19% vs. 1Q12) mainly due to higher traffic volume.

Fees for services, maintenance, materials and supplies

Fees for services, maintenance, materials and supplies amounted to \$556 (+\$79 or 17% vs. 1Q12), mainly due to higher maintenance costs of radio bases and systems in the mobile services segments as a result of an increase of system licenses and higher costs of technical assistance of radio bases. There were also increases in other maintenance costs and fees for services, mainly due to higher costs recognized to suppliers in all segments.

Taxes and fees with the Regulatory Authority

Taxes and fees with the Regulatory Authority (including turnover tax, IDC, municipal and other taxes) amounted to \$602 (+30% vs. 1Q12), influenced mainly by the increase in revenues of fixed and mobile services, higher equipment sales and higher turnover taxes in Autonomous City of Buenos Aires, Córdoba, Chaco, Jujuy and Mendoza.

Commissions

Commissions (including Agent, distribution of prepaid cards and other commissions) amounted to \$605 (+\$80 or 15% vs. 1Q12), mainly due to the increase in commercial agents—commissions (associated to higher revenues) as a result of higher customer—s acquisition and retention, higher cards sales, and prepaid recharges and the increase in collections.

In the other hand, agent commissions capitalized as SAC amounted to \$103, +\$27 or 36% vs. 1Q12 and is directly related to the increase in the postpaid subscribers—base in the Personal Mobile Services segment and the increase in the commissions prices.

Cost of equipment and handsets

Cost of equipments and handsets amounted to \$661 (+\$118 or 22% vs. 1Q12) mainly due to an increase in the average unit cost of sales (+58% vs. 1Q12) and to a decrease in the handsets sold (-25% vs. 1Q12) in the Personal Mobile Services segment.

In the other hand, SAC deferred costs from handsets sold to postpaid and Cuentas Claras subscribers amounted to \$103, -\$3 or -3% vs. 1Q12.

Advertising

Advertising amounted to \$154 (-\$10 or -6% vs. 1Q12), mainly due to a reduction in the commercial campaigns of Personal as compared to 1Q12.

Cost of VAS

Cost of VAS amounted to \$131 (+\$71 vs. 1Q12), mainly due to the increase of VAS sales in the Personal Mobile Services segment (mainly the SMS service) as a consequence of several campaigns launched by Personal and a higher offer oriented towards SMS usage.

Provisions

Provisions totaled \$40, both in 1Q13 and 1Q12.

Bad debt expenses

Bad debt expenses amounted to \$93 (+\$24 vs. 1Q12), representing approximately 1.5% and 1.3% of the consolidated revenues in 1Q13 and 1Q12, respectively. The increase is observed mainly in the Personal Mobile Services segment as a consequence of higher aging of the accounts receivables.

OPERATING AND FINANCIAL REVIEW AND PROSPECTS AS OF MARCH 31, 2013

IV

Other operating costs

Other operating costs amounted to \$286 (+\$46 vs. 1Q12). The increase was mainly due to higher prices on related services, especially in transportation, freight and travel expenses, among others, in the operations in Argentina; and the increase of rent prices, as a result of new agreements and the renegotiation of some of the existing ones.

Operating income before depreciation and amortization

Operating income before depreciation and amortization amounted to \$1,799 (+\$152 or 9% vs. 1Q12), representing 30% of consolidated revenues in 1Q13 vs. 32% in 1Q12. This growth was mainly fueled by the Mobile business in Argentina and Paraguay (+\$117 or 10% vs. 1Q12).

Depreciation and amortization

Depreciation and amortization amounted to \$691 (+\$76 or 12% vs. 1Q12). The increase in PP&E depreciation amounted to \$41, in amortization of SAC and service connection costs \$36 and a reduction in amortization of other intangible assets of \$1.

Gain on disposal of PP&E

The gain amounted to \$7, +\$6 vs. 1Q12 and was mainly due to the sale of vehicles in the Fixed Services segment.

Operating income

Operating income amounted to \$1,115 in 1Q13 (+\$82 or +8% vs. 1Q12). The margin over consolidated revenues represented 18% in 1Q13 (vs. 20% in 1Q12). Personal Mobile Services segment shows the higher increase (+\$60 vs. 1Q12).

Financial results, net

Financial results, net resulted in a net gain of \$135, representing an improvement of \$74 vs. 1Q12. This was mainly due to higher financial interest on cash equivalents and investments (+\$30 vs. 1Q12) and a lower financial cost for provisions (\$15 vs. 1Q12).

Net income

Telecom Argentina reached a net income of \$813 in 1Q13, +\$105 or +15% when compared to 1Q12. Net income attributable to Telecom Argentina amounted to \$802 in 1Q13, +\$104 or +15% as compared to 1Q12.

Net financial assets

As of March 31, 2013, Net financial assets (Cash and Cash Equivalents plus financial investments minus Financial debt) amounted to \$4,020, showing an increase of \$1,038 as compared to March 31, 2012 (amounting to \$2,982), mainly due to an increase in the generation of cash from operating activities of the Telecom Group that was partially offset by the cash dividends paid to Telecom Argentina s shareholders in May 2012 (amounting to \$807). The Fixed Services segment has net financial assets of \$999, the Personal Mobile Services segment has net financial assets

of \$3,118 and the Núcleo Mobile Services segment has net financial debt of \$97.

Capital expenditures (CAPEX)

CAPEX composition for 1Q13 and 1Q12 is as follows:

	In milli	ons of \$	% of parti	cipation	Variation	
	1Q13	1Q12	1Q13	1Q12	\$	%
Fixed Servicies	284	298	38%	43%	(14)	(5)

Núcleo Mobile Services	64	43	9%	6%	21	49
Total CAPEX	741	690	100%	100%	51	7

PP&E CAPEX amounted to \$519 and intangible assets CAPEX amounted to \$222 in 1Q13, while in 1Q12 amounted to \$492 and \$198, respectively.

In relative terms, CAPEX represented 12% of consolidated revenues in 1Q13 (13% in 1Q12), and were intended mainly for the External wiring and network access equipment, Transmission and Switching equipment, Computer equipment and SAC.

OPERATING AND FINANCIAL REVIEW AND PROSPECTS AS OF MARCH 31, 2013

V

PP&E and intangible assets additions (CAPEX plus materials additions) for 1Q13 and 1Q12 are as follows:

	In millions of \$		% of participation		Varia	tion
	1Q13	1Q12	1Q13	1Q12	\$	%
Fixed Services	313	355	39%	48%	(42)	(12)

7. Outlook

In this fiscal year the growth prospects for fixed line services are expected to continue in line with the evolution experienced in recent years as a result of the market maturity. Arnet Broadband business got well-positioned to continue to capture market opportunities.

The mobile business is expected to continue expanding its subscriber base, although at more moderate rates than those of recent years. Mobile Internet is expected to continue to gain further presence among our customer base. Value Added Services are expected to continue to be one of the key sources of revenues growth. Personal is expected to continue to work on expanding the mobile Internet experience, considering the access restriction to additional spectrum faced by the mobile operators in the national market. Coverage expansion and speed access improvement to 3G and HSDPA+ networks, and the more complete portfolio of advanced mobile devices will be the drivers to success in its operation in the Argentine market.

The strategy implemented by the Company s Management sets forth the basic standards that will enable the Telecom Group to reach its objectives of improving quality of service, strengthening its market position and increasing operating efficiency to meet the growing demands of the dynamic telecommunication market in which it operates. The Telecom Group s investment plans are based on this future vision and on its commitment to its country and people.

NOTE 1 BASIS OF PREPARATION OF THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation and significant accounting policies

These consolidated financial statements have been prepared in accordance with RT 26 as adopted by the CPCECABA, and as required by the CNV.

For the preparation of these consolidated financial statements, the Company has elected to make use of the option provided by IAS 34, so, these consolidated financial statements do not include all the information required in an annual financial statement, and must be read jointly with the 2012 annual consolidated financial statements which can be consulted at the Company s website (www.telecom.com.ar/inversores).

For the preparation of these consolidated financial statements, the Company followed the same accounting policies applied in its most recent annual consolidated financial statements with the exception of the valuation of Pension benefits included in Other non-current liabilities .

In connection with these pension benefits granted to Telecom Argentina s unionized employees, the Company has applied IAS 19 revised (Employee Benefits), issued by the IASB in June 2011, which introduced modifications related to the recognition of actuarial gains and losses, the presentation of changes in assets and liabilities arising from defined benefit plans (which should be presented within OCI), as well as greater disclosure requirements for defined benefit plans. IAS 19 revised is mandatory for periods beginning on or after 1 January 2013. The adoption of this standard would generate a reduction of \$0.2 in Retained Earnings at the beginning of year 2013 with charge to OCI. Based on materiality grounds, the opening balance of Retained Earnings has not been changed and the provisions of the new standard have been applied in the determination of fiscal year 2013 results of operations.

The preparation of these consolidated financial statements in conformity with IFRS requires the Company s Management to use certain critical accounting estimates. Actual results could differ from those estimates.

These consolidated financial statements (except for cash flow information) are prepared on an accrual basis of accounting. Under this basis, the effects of transactions and other events are recognized when they occur. Therefore income and expenses are recognized at fair value on an accrual basis regardless of when they are perceived or paid. When significant, the difference between the fair value and the nominal amount of income and expenses is recognized as finance income or expense using the effective interest method over the relevant period.

These consolidated financial statements have also been prepared on a going concern basis, as there is a reasonable expectation that Telecom Argentina and its subsidiaries will continue its operational activities in the foreseeable future (and in any event with a time horizon of more than twelve months).

Publication of these consolidated financial statements for the period ended March 31, 2013 was approved by resolution of the Board of Directors meeting held on April 29, 2013.

b) Financial statement formats

The financial statement formats adopted are consistent with IAS 1, In particular:

the consolidated statements of financial position have been prepared by classifying assets and liabilities according to current and non-current criterion. Current assets and liabilities are those that are expected to be realized/settled within twelve months after the period-end;

the consolidated income statements have been prepared by classifying operating expenses by nature of expense as this form of presentation is considered more appropriate and representative of the specific business of the Group as evaluated by the Management, and are in line with the industrial sector of telecommunications;

the consolidated statements of comprehensive income include the profit or (loss) for the period as shown in the consolidated income statement and all components of other comprehensive income;

the consolidated statements of changes in equity have been prepared showing separately (i) profit (loss) for the period, (ii) other comprehensive income (loss) for the period, and (iii) transactions with owners in their capacity as owners (controlling and non-controlling);

the consolidated statements of cash flows have been prepared by presenting cash flows from operating activities according to the indirect method, as permitted by IAS 7.

These consolidated financial statements contain all material disclosures required under IAS 34. Some additional disclosures required by the Argentine Corporations Law and/or by the CNV have been also included.

c) Segment reporting

An operating segment is defined as a component of an entity that engages in business activities from which it may earn revenues and incur expenses, and whose financial information is available, held separately, and evaluated regularly by the Chief Executive Officer (CEO).

Operating segments are reported in a consistent manner with the internal reporting provided to the CEO, who is responsible for allocating resources and assessing performance of the operating segments at the net income (loss) level and under the accounting principles effective (IFRS) at each time for reporting to the Regulatory Bodies. The accounting policies applied for segment information are the same for all operating segments.

Information regarding segment reporting is included in Note 4.

d) Net income per share

The Company computes net income per common share by dividing net income for the period attributable to Telecom Argentina (Controlling Company) by the weighted average number of common shares outstanding during the period. Diluted net income per share is computed by dividing the net income for the period by the weighted average number of common and dilutive potential common shares then outstanding during the period. Since the Company has no dilutive potential common stock outstanding, there are no dilutive earnings per share amounts.

For the three-month periods ended March 31, 2013 and 2012, the weighted average of shares outstanding totaled 984,380,978 shares.

Salaries (*)	7	5
Variable compensation (*)	4	5
Social security contributions	2	2
	13	12

(*) Gross compensation. Social security and income tax retentions are in charge of the employee. As of March 31, 2013 and 2012, an amount of \$5 and \$6 remained unpaid, respectively,

As of March 31, 2013 and 2012, the Telecom Group has recorded a \$2 provision for the fees of the Telecom Argentina s Board of Directors members. The members and alternate members of the Board of Directors do not hold executive positions in the Company or Company s subsidiaries.

NOTE 6 COMMITMENTS AND CONTINGENCIES OF THE TELECOM GROUP

a) Purchase commitments

The Company has entered into various purchase orders amounting in the aggregate to approximately \$2,970 as of March 31, 2013 (of which \$811 corresponds to PP&E commitments), primarily related to the supply of switching equipment, external wiring, infrastructure agreements, inventory and other service agreements.

b) Contingencies

The Telecom Group is a party to several civil, tax, commercial, labor and regulatory proceedings and claims that have arisen in the ordinary course of business. In order to determine the proper level of provisions, Management of the Company, based on the opinion of its internal and external legal counsel, assesses the likelihood of any adverse judgments or outcomes related to these matters as well as the range of probable losses that may result from the potential outcomes. A determination of the amount of provisions required, if any, is determined after an analysis of each individual case.

The determination of the required provisions may change in the future due to new developments or unknown facts at the time of the evaluation of the claims or changes as a matter of law or legal interpretation. Consequently, as of March 31, 2013, the Telecom Group has recorded provisions in an aggregate amount of \$1,153 to cover potential losses under these claims (\$85 for regulatory contingencies deducted from assets and \$1,068 included under provisions) and certain amounts deposited in the Company s bank accounts have been restricted as to their use due to some judicial proceedings. As of March 31, 2013, these restricted funds totaled \$36 (included under Other receivables item line in the consolidated statement of financial position).

Provisions consist of the following:

(*) Additional information is given in the consolidated statements of changes in equity.

Telecom Argentina s capital stock amounts to \$984.380.978, and is represented by an equal number of ordinary shares, \$1 argentine peso of nominal value and entitled to one vote per share. As of March 31, all the shares are fully paid.

The Company s shares are authorized by the CNV, the Buenos Aires Stock Exchange (the BCBA) and the New York Stock Exchange (the NYSE) for public trading. Only Class B shares are traded since Nortel owns all of the outstanding Class A shares and Class C shares are dedicated to the employee stock ownership program.

Each ADS represents 5 Class B shares and are traded on the NYSE under the ticker symbol TEO.

NOTE 8 RESTRICTIONS ON DISTRIBUTION OF PROFITS

The Company is subject to certain restrictions on the distribution of profits. Under the Argentine Corporations Law, the by-laws of the Company and rules and regulations of the CNV, a minimum of 5% of net income for the year in accordance with the statutory books, plus/less previous years adjustments and accumulated losses, if any, must be appropriated by resolution of the shareholders to a legal reserve until such reserve reaches 20% of the outstanding capital (common stock plus inflation adjustment of common stock).

As provided by RG No. 609/12 of the CNV, positive retained earnings generated by the adoption of IFRS since fiscal year 2012, amounting to \$370, must be reassigned to a Special Reserve that can only be unaffected for its capitalization or to absorb negative retained earnings. The constitution of the Special Reserve will be considered by the Ordinary Annual Shareholders Meeting to be held on May 21, 2013.

Administrative complaints in connection with Personal s service cuts

On March 11, 2013, the CNC notified Personal of the administrative complaint related to a network incident that took place on March 8, 2013, affecting only the 3G services in the Autonomous City of Buenos Aires and certain clients of a few localities in the North Region of Argentina. The incident lasted only around two and a half hours.

Personal filed its defenses against such penalty procedures, alleging its illegality. However, on April 5, 2013, the CNC notified Personal a Resolution which, among other issues, applies a sanction of \$6, together with the obligation to pay a compensation amount of \$30 pesos to each affected customer.

As of the date of these financial statements, Personal s Management, with the advice of its legal counsels, understands that there are solid arguments to file defenses against such penalty, and is currently assessing which legal defenses should be filed against the above mentioned CNC s Resolution. However, Personal cannot assure that it will have a favorable result in the administrative stage.

Resolutions of the Annual Shareholders Meeting of Núcleo

Núcleo s shareholders, at their meeting held on March 22, 2013, approved, among other items, the following distribution of cash dividends:

Month of dividends payment	Dividends corresponding to Personal	Dividends corresponding to non-controlling shareholders	Total
May, 2013	34.0	16.5	50.5
October, 2013	34.0	16.5	50.5
Total	68.0	33.0	101.0

NOTE 11 SUBSEQUENT EVENTS AS OF MARCH 31, 2013

1. Administrative Complaints in connection with Personal s Service Cuts

On April 4, 2013, the CNC notified Personal of an administrative complaint related to a network incident that took place on April 2, 2013, affecting the provision of services in the City of La Plata, due to the floods resulting from the devastating storm that occurred in such city.

As of the date of these financial statements, Personal s Management is assessing its legal defenses against the above mentioned penalty procedure.

2. Resolution SC No. 1/13

On April 8, 2013, SC Resolution No. 1/13 was published in the Official Bulletin, establishing that all mobile operators should guarantee the service provision, even in emergencies or catastrophe situations, in which case the normal service provision must be restored in a maximum period of one hour. Mobile operators must, in all cases, prioritize the access to emergency services in the affected areas.

In addition, Resolution No. 1/13 requires that mobile operators present within 45 days a contingency plan for emergency situations, for purposes of guaranteeing the continuity of services in such circumstances.

As of the date of these financial statements, Personal s Management is analyzing the effects that this new Resolution could have on its operations and its financial situation, as well as the actions that should be taken.

3. Resolutions of the Annual and Extraordinary Shareholders Meeting of Personal

Personal s shareholders, at their meeting held on April 10, 2013, approved, among other items, the Annual Report and financial statements as of December 31, 2012 and the allocation of Retained Earnings as of December 31, 2012 as follows: (i) the constitution of a Special Reserve for implementation of IFRS by \$405, (ii) the constitution of a voluntary reserve for the finance of working capital and capital expenditures in Argentina by \$233 and (iii) the allocation of \$1,950 to the reserve for future cash dividends. The shareholders also approved the delegation of authority in Personal s Board of Directors to determine the amount, time, terms and conditions to allocate the reserve for future cash dividends and the reserve for the finance of working capital and capital expenditures in Argentina.

4. Resolutions of the Annual General Shareholders Meeting of Telecom Argentina

Telecom Argentina s shareholders, at their meeting held on April 23, 2013, resolved, among other items: (a) the approval of Telecom Argentina s Annual Report and financial statements as of December 31, 2012; (b) to adjourn the session until May 21, 2013 to consider the allocation of Telecom Argentina s Retained Earnings as of December 31, 2012; (c) to set at eleven the number of regular and alternate directors of Telecom Argentina for a three year term, and to set at five the number of regular and alternate members of the Supervisory Committee of Telecom Argentina for a one year term, and to appoint the persons who will occupy those positions.

- 1. We have reviewed the accompanying condensed interim consolidated financial statements of Telecom Argentina S.A. (Telecom), and its subsidiaries, including the consolidated statement of financial position at March 31, 2013, the consolidated statements of income, comprehensive income, changes in equity and of cash flows for the three-month period ended March 31, 2013, and the selected explanatory notes. The balances and other information for the year 2012 and for the interim periods are an integral part of these financial statements and, therefore, they should be considered in relation to those statements.
- 2. The Company s Board of Directors is responsible for the preparation and presentation of these financial statements in accordance with International Financial Reporting Standards, adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) as professional accounting standards and added by the National Securities Commission (CNV) to its regulations, as approved by the International Accounting Standard Board (IASB). Therefore, they are responsible for the preparation and presentation of the condensed interim consolidated financial statements mentioned in paragraph 1., in accordance with International Accounting Standard No. 34 Interim Financial Reporting (IAS 34). Our responsibility is to express a conclusion based on the review that we have performed with the scope detailed in paragraph 3.
- 3. Our review was limited to the application of the procedures established by Technical Pronouncement No. 7 of the Argentine Federation of Professional Councils in Economic Sciences for limited reviews of financial statements for interim periods which consist, mainly, of the application of analytical procedures on the amounts disclosed in the condensed interim consolidated financial statements and of inquiries of the Company staff responsible for the preparation of the information included in the condensed interim consolidated financial statements and its subsequent analysis. This review is substantially less in scope than an audit, the objective of which is to express an opinion on the financial statements under examination. Accordingly, we do not express an opinion on the Company s consolidated financial position, consolidated statement of comprehensive income and consolidated cash flows.

- 4. Based on our review, nothing has come to our attention that causes us to believe that the condensed interim consolidated financial statements mentioned in paragraph 1. have not been prepared, in all material respects, in accordance with International Accounting Standard No. 34.
- 5. In accordance with current regulations, in connection with Telecom, we report that:
 - a) the condensed interim consolidated financial statements of Telecom are transcribed into the Inventory and Balance Sheet book and as regards those matters that are within our competence, they are in compliance with the provisions of the Commercial Companies Law and pertinent resolutions of the National Securities Commission;
 - b) the condensed interim separate financial statements of Telecom arises from accounting records kept in all formal respects in conformity with legal regulations;
 - c) we have read the Operating and financial review and prospects, on which, as regards those matters that are within our competence, we have no observations to make;
- d) at March 31, 2013, the debt corresponding to withholdings and contributions to the Argentine Integrated Social Security System according to the Company s accounting records amounted to \$52,568,687.01, none of which was due at that date.
